In addition, the bill transfers the Department of Community Colleges and Workforce Development (CCWD) to the HECC, establishes a task force to develop recommendations for integrating CCWD into HECC, and changes the schedule by which Eastern Oregon University, Southern Oregon University, Western Oregon University and the Oregon Institute of Technology may convert to local governing boards. HB 4020 B-Eng WM dpa PE 03/05/2014 Harker, Huffman

Transfers responsibility for analyzing biennial performance reviews prepared by the Engineering and Technology Industry Council (ETIC) from the Oregon University System (OUS) to the Chief Education Officer and the Oregon Education Investment Board (OEIB). Responsibility for ETIC is transferred to the Higher Education Coordinating Commission (HECC) on March 15, 2016, when OEIB is scheduled to sunset. Staff and the funding for the staff overseeing the expenditure of ETIC funds will be retained by OUS/Chancellor's Office through the end of the 2013-15 biennium. OEIB will have to enter into an agreement with OUS/Chancellor's Office to establish authority over these positions. The bill was amended to provide a one-time appropriation of $14.8 million General Fund to OEIB from funds originally appropriated to OUS for ETIC. Information provided to the committee indicated that OEIB and HECC are not necessarily the long term home for the ETIC mission, but they are considered the best temporary home for the program as all options are explored for the next biennium. (Committee vote: 14-0)
