Oregon COVID-19 SITUATIONAL STATUS REPORT

Summary as of: 3/26/2020 at 0930

Current Oregon Public Health Emergency Response Activation Level:
Level 1 for COVID-19

1 The highest level of response reserved for critical emergencies and includes full AOC/ECC activation. The Oregon Public Health Division assigns the largest number of staff possible to work on the response. Incident leadership decides when a lower level of response is needed.

Operation Center	Status	Comment
State Emergency Coordination Center (ECC)	Activated	Activated at 1200 on 03/02/2020
State ESF-8 PHD-AOC	2020-0178 PHD Incident Management Team	Activated on 1/21/2020
State ESF 8 Liaison Desk in ECC	Staffed as of 1200 on 3/2/2020	Activated on 03/01/2020 for 2020-0178

Brief Update of Overall Situation in Oregon

Health & Medical Lifeline Summary

Component			
Medical Care	**ESF8 Hospital Task Force** **ESF8 Long-term Care Task Force** – Dialysis – Pharmacies – Long-term Care Task Force – VA Health System – Veterinary Services – Home Care	**Status**	ANTICIPATED INSTABILITY
		Impact	- Projected patient influx to Oregon hospitals in the coming week if infection rates continue will cause significant surge and personal protective equipment (PPE) shortage throughout the region
		Actions	- Finalized survey for Ambulatory Surgery Centers to assess number of vents for possible repurpose to critical care settings - **Responding to requests for emergency temporary licensure and information from providers** - **Planning to assist critical access hospitals with isolation** - **Completed initial training of COVID public health nurse consultant call team** - Drafting Temporary rules to allow out of state EMS providers an emergency provisional license - Completed set up of Oregon Medical Station 3/20, safety inspection of the OMS completed - Providing communications to LPHAs regarding admission of new residents to LTFCs where there has been a positive or pending positive COVID-19 test result (last report) - Provided guidance to licensed Birthing Centers to expand services by permitting Ob-Gyns to deliver babies there instead of in hospitals (last report)
		Limiting Factors	- PPE stock is strained in the state and across the nation - Forecasted blood supply shortage due to reduced donation
Patient Movement	**ESF8 EMS Task Force** – Behavioral Health – Emergency Medical Services	**Status**	STABLE
		Impact	– No Impact
		Actions	- Coordinating with Oregon State Fire Marshal's office related to EMS and fire PPE needs
		Limiting Factors	
	– Epidemiological	**Status**	UNSTABLE

	Surveillance – Laboratory – Clinical Guidance – Assessment/ Interventions/ Treatments – Human Services – Behavioral Health	**Impact**	– Case investigation for COVID-19 is a strain on statewide public health resources

		Actions	- **Held community partner calls for:**
			  - **EMS, fire, and law enforcement;**
			  - **migrant and seasonal farm workers**
			- Continuing to ensure local public health authorities (LPHAs) and Tribes have the most current information on allocation of PPE, what type of PPE is recommended and provide clear messaging to respond to inquiries on homemade PPE
			- Collaborating with Oregon Department of Education and Department of Human Services on guidance for continuity of mental health services per Governor's Executive Order; **meeting on Friday 3/27/2020**
			- **Developing guidance for parents and families on mental and behavioral health resources**
			- Implementing a substance use disorder workgroup with the first call being held on 3/26/2020
			- Begin operationalizing the specimen collection module and plan with local public health and other partners

		Limiting Factors	- Public Health staffing at the local, Tribal and state level are strained - Alignment and coordination to prevent duplicate efforts and streamline information for state, local and community partners - Ensure that all guidance documents are up-to-date on OHA website
	- Blood/Blood Products - Manufacturing - Distribution - Critical Clinical Research - Sterilization - Raw Materials	**Status**	**ANTICIPATED INSTABILITY**
		Impact	
		Actions	- **Oregon Health Authority's ESF-8 PPE supply distribution was transitioned to centralized processing through the Emergency Coordination Center (ECC) in Salem** - **Mass Care Operations Team has finalized assessment team planning for four locations throughout the state to assist OHA with medical surge capabilities** - **Work continues to develop at the Wilsonville distribution center to be operational Monday 3/30**
		Limiting Factors	
		Status	**STABLE**

Fatality Management	Mortuary and post mortuary services	**Impact**	- Deaths due to COVID-19 currently do not exceed statewide mortuary capacity
		Actions	- Continuing to monitor - Meeting with Oregon State Medical Examiner for mass fatality planning on 3/27/2020
		Limiting Factors

Food, Water & Shelter Lifeline Summary

Component			
Food	**ESF 6 Task Force: Feeding Vulnerable Populations** **ESF 6 Task Force: Unemployment** – Commercial food distribution – Commercial food supply chain – Food Distribution Programs	**Status**	ANTICIPATED INSTABILITY
		Impacts	– Food security and food distribution concerns for families reliant on school food nutrition plans, seniors, individuals with access and functional needs, the homeless and other vulnerable populations
		Actions	- Ensure PPE for critical non-medical professionals are included on the State Distribution Plan for social service operations - Ensure stability of volunteer workforce - The Oregon Department of Education and continues to work with schools to provide meals for children in their districts Through our partnerships with Business Oregon and OEM's Public and Private Partnerships Coordinator, utilize existing food providers, restaurants, in-store deli and food services, campus food service and other established food preparation systems in order to support Oregon's local economy - Monitor food and feeding activities, anticipate future vulnerabilities and remains focused on solutions to lessen the economic impact to the restaurant industry
		Limiting Factors	-National impacts of COVID-19 and statewide Stay Home, Save Lives guidance may impact food supplies and distribution chains
Component			
Water	**ESF 6** – Drinking Water – Utilities – Wastewater systems – Commercial Water Supply	**Status**	STABLE
		Impacts	
		Actions	
		Limiting Factors	– None identified at this time
Component			

Shelter	– Homeless Populations Task Force – Childcare Task Force – Abuse and Neglect Working Group – Alternative Facilities for Step-Down Patient care/Support OHP IMT – Housing (e.g. homes, shelters) – Commercial Facilities (e.g. hotels) – Unemployment	**Status**	ANTICIPATED INSTABILITY
		Impacts	– Ensuring whole community safety, security and wellbeing
		Actions	- Coordinate with local jurisdictions to ensure they receive the support and assets necessary to keep children and families safe as they implement the Stay Home, Save Lives guidance - Finalize planning operation for shuttered long term care facility retroactively - Work within a structure of multiple task forces and work groups to implement a whole community approach to solutions and long term planning
		Limiting Factors	- Community and social norms are significantly impacted by the spread of COVID-19 and Stay Home, Save Lives guidance
Component			
Agriculture	Animals and Agriculture	**Status**	STABLE
		Impacts	
		Actions	
		Limiting Factors	None identified at this time
