Requires the Home Care Commission to establish and administer the Private Pay Consumer program to enable private individuals to purchase in-home care services from the Commission through the Home Care Registry. The bill directs the Home Care Commission to create a subcommittee of the commission to define and establish new classifications of in-home care workers. Ensures that the state incurs no liability for the cost of home care services purchased by private payers through the program by specifying that if revenue generated by private pay consumer payments are insufficient to pay the costs of home care services, the commission may modify the payment rate. In addition, if the modifying the payment rates will not generate sufficient revenue, the commission may suspend the program following 30 days advance written notice to private payers and home care workers participating in the program. The bill requires the private pay program to be implemented by July 1, 2015; and operational by January 1, 2016. The bill contains an emergency clause, and is effective on passage.
