341.009 Policy. The Legislative Assembly finds that:

(1) The community college is an educational institution that is intended to fill the institutional gap in education by offering broad, comprehensive programs in academic subjects and in career and technical education subjects. It is primarily designed to provide associate or certificate degree programs

for some, serve a transitional purpose for others who will continue baccalaureate or other college work, provide the ability to enter the workforce immediately and serve to determine future educational needs for other students. It can provide means for continuation of academic education, career and technical education or the attainment of entirely new skills as demands for old skills and old occupations are supplanted by new technologies. It may also provide the means to coordinate courses and programs with high schools to accommodate successful transition to college degree programs.

(2) Each community college should be so located as to be within commuting time of a substantial majority of its students. As an economical method of providing education close to the student's home, the community college should remain a commuting institution.

(3) The community college should establish its organizational patterns to maintain a unique quality of flexibility and the ability to change to meet changing needs.

(4) The community college is a post-high-school institution. It should not be a "starter" institution intended to evolve into a four-year baccalaureate institution. It should be concerned with programs terminating before reaching the baccalaureate degree.

(5) The community college should continue to be prohibited by law from becoming a baccalaureate degree granting institution.

(6) Admission to the community college should be open to high school graduates or to persons who have not graduated from high school who can profit from the instruction offered.

(7) There should be close cooperation between those directing the community college program and those responsible for public universities listed in ORS 352.002, so that lower-division college transfer programs of the community college will provide adequate preparation for entering baccalaureate degree granting programs, and so that students will be able to transfer with a minimum of difficulty.

(8) The community college should offer as comprehensive a program as the needs and resources of the area that it serves dictate. Cost to student and quality of instruction in established private institutions should be among the factors in determining necessary duplication of effort.

(9) It should be the policy of the community college to open its facilities and make available its resources to the high schools of its area on a sound contractual basis, for appropriate secondary or transitional

courses, either academic or as part of career and technical education, when it is within its ability to provide facilities and it is determined that the high school cannot or does not offer them.

(10) Programs designed to meet the needs of the area served should be based on the actual educational and service needs of the district. Specific career and technical education courses should be related not only to the employment opportunities of the area but of the state and nation as well. Such determination should be made in consultation with representatives of labor, business, industry, agriculture and other interested groups.

(11) The initiative for the establishment of new community colleges should come from the localities to be served, as a response to demonstrated educational needs of an area. However, these localities must not only be willing to assume the responsibility for the institutions but must be able to provide resources needed for an adequate educational and service program.

(12) The governing board of the community college should be charged with the policy-making function. With respect to educational programming, the governing board shall:

(a) Identify educational needs of the district; and

(b) Bring together the resources necessary to meet the needs.

(14) The state should maintain a policy of substantial state participation in community college building costs and the maintenance of an adequate level of state support for operation. However, no state funds should be appropriated for buildings such as dormitories or athletic facilities for spectator sports. The district should provide a substantial portion of the funds for capital improvement as well as for operation of a community college.

(15) State appropriations for community colleges shall be made separately from those for other segments of education.

(16) The formula for the distribution of funds for operating costs should reflect the heavier operating costs and capital outlay for certain career and technical education courses. Federal funds received for career and technical education, adult basic education, workforce development or other federal initiatives should be used for those purposes only and be distributed separately from funds appropriated by the state and should be exempted from the computations of the present distribution formula for operating costs.

(17) The cost of education to the individual should be sufficiently low to permit students of low-income families to attend. This

is particularly true of tuition costs. However, students should pay an amount sufficient to provide an incentive to profit from the instructional program offered.

(18) Any eligible Oregon resident should have the right to attend a community college even though not residing in a district operating one, subject to the right of the governing board to limit the size of classes and to give preference to students residing in the district. Local school districts and education service districts should have the authority to negotiate the terms and conditions with the governing boards for the enrollment of students residing in such areas. [1971 c.513 §97; 1993 c.45 §130; 1995 c.67 §2; 2007 c.858 §36; 2009 c.94 §12; 2011 c.637 §122; 2013 c.747 §44]

Note: The amendments to 341.009 by section 44, chapter 747 Oregon Laws 2013, become operative July 1, 2014. See section 204, chapter 747, Oregon Laws 2013. The text that is operative until July 1, 2014, is set forth for the user's convenience.

With the advice of the Higher Education Coordinating Commission, the State Board of Education should prepare estimates and make the requests for legislative appropriations for a reasonable and consistent basis of support and establish standards for the distribution of that support.

(12) The initiative for the establishment of new community colleges should come from the localities to be served, as a response to demonstrated educational needs of an area. (1) Notwithstanding any provision of ORS chapter 238 or 238A, the Department of Community Colleges and Workforce Development may establish and administer an optional retirement plan for administrative employees of community college districts who are eligible for membership in the Public Employees Retirement System. Any community college district may participate in the plan by giving written notice to the department.

(2) An administrative employee may make an election to participate in the optional retirement plan if the community college district that employs the employee is participating in the plan. The election must be made in the following manner:

(a) An administrative employee who is an active member of the Public Employees Retirement System may make an election to participate in the plan within 180 days after the community college district commences participation in the plan, effective on the first day of the month following the election.

(b) An administrative employee who is hired after the community college district commences participation in the plan may make an election to participate in the plan within the first six months of employment, effective on the first day of the month following six full months of employment.

(3) An administrative employee who does not elect to participate in the optional retirement plan remains or becomes a member of the Public Employees Retirement System in accordance with ORS chapters 238 and 238A.

(4) An administrative employee may elect to participate in the optional retirement plan only if at the time the election becomes effective the employee is not concurrently employed in a position with any participating public employer other than the community college district in a position that entitles the employee to membership in the Public Employees Retirement System. Except as provided in subsection (9) of this section, employees who elect to participate in the optional retirement plan are ineligible for

active membership in the Public Employees Retirement System for as long as those employees are employed by a community college district that participates in the plan, whether by reason of employment by the district or any other participating public employer.

(5)(a) An administrative employee who elects to participate in the optional retirement plan, who has creditable service under ORS chapter 238 as defined by ORS 238.005 and who is not vested shall be considered by the Public Employees Retirement Board to be a terminated member under the provisions of ORS 238.095 as of the effective date of the election, and the amount credited to the member account of the member shall be transferred directly to the optional retirement plan by the Public Employees Retirement Board in the manner provided by subsection (6) of this section.

A request for a transfer must be made at the time the member elects to participate in the optional retirement plan. Upon receiving the request, the Public Employees Retirement Board shall transfer all amounts credited to the member account of the member directly to the optional retirement plan and shall terminate all rights, privileges and options of the employee under ORS chapter 238.

(c) An administrative employee who elects to participate in the optional retirement plan and who is not a vested member of the pension program of the Oregon Public Service Retirement Plan as described in ORS 238A.115 on the date that the election becomes effective shall be considered to be a terminated member of the pension program by the Public Employees Retirement Board as of the effective date of the election.

(d) An administrative employee who elects to participate in the optional retirement plan and who is a vested member of the pension program of the Oregon Public Service Retirement Plan as described in ORS 238A.115 on the date that the election becomes effective shall be considered an inactive member of the pension program by the Public Employees Retirement Board as of the effective date of the election. An employee who is subject to the provisions of this para-

graph retains all the rights, privileges and options of an inactive member of the pension program. If the actuarial equivalent of the employee's benefit under the pension program at the time that the election becomes effective is \$5,000 or less, the employee may make a written request to the Public Employees Retirement Board for a transfer of the employee's interest under the pension program to the optional retirement plan. The request must be made at the time the member elects to participate in the optional retirement plan. Upon receiving the request, the Public Employees Retirement Board shall transfer the amount determined to be the actuarial equivalent of the employee's benefit under the pension program directly to the optional retirement plan and shall terminate the membership of the employee in the pension program.

(e) An administrative employee who elects to participate in the optional retirement plan and who is a vested member of the individual account program of the Oregon Public Service Retirement Plan as described in ORS 238A.320 on the date that the election becomes effective shall be considered an inactive member of the individual account program by the Public Employees Retirement Board as of the effective date of the election. An employee who is subject to the provisions of this paragraph retains all the rights, privileges and options of an inactive member of the individual account program. An administrative employee who elects to participate in the optional retirement plan and who is a member of the individual account program of the Oregon Public Service Retirement Plan may make a written request to the Public Employees Retirement Board that all amounts in the member's employee account, rollover account and employer account, to the extent the member is vested in those accounts under ORS 238A.320, be transferred to the optional retirement plan. The request must be made at the time the member elects to participate in the optional retirement plan. Upon receiving the request, the Public Employees Retirement Board shall transfer the amounts directly to the optional retirement plan and shall terminate the membership of the employee in the individual account program.

(f) Notwithstanding paragraphs (b), (d) and (e) of this subsection, the Public Employees Retirement Board shall not treat any employee as an inactive member under the provisions of this subsection for the purpose of receiving any benefit under ORS chapter 238 or 238A that requires that the employee be separated from all service with participating public employers and with employers who are treated as part of a participating public employer's controlled group under the

federal laws and rules governing the status of the Public Employees Retirement System and the Public Employees Retirement Fund as a qualified governmental retirement plan and trust.

(6) Any amounts transferred from the Public Employees Retirement Fund under subsection (5) of this section shall be transferred directly to the optional retirement plan by the Public Employees Retirement Board and shall not be made available to the employee.

(7) An employee participating in the optional retirement plan shall contribute monthly an amount equal to the percentage of the employee's salary that the employee would otherwise have contributed as an employee contribution to the Public Employees Retirement System if the employee had not elected to participate in the optional retirement plan.

(8) A participating community college district shall contribute monthly to the optional retirement plan the percentage of salary for each employee participating in the plan that is equal to the percentage of salary that is required to be made as the employer contribution under ORS 238A.220, less any contributions made by reason of unfunded liabilities. The district may make contributions under this subsection only during periods of time in which the employee would be eligible for membership in the Public Employees Retirement System if the employee had not elected to participate in the optional retirement plan.

(9) An administrative employee who elects to participate in the optional retirement plan may make an election to withdraw from the plan. An employee may make an election under this subsection only once. Upon withdrawing from the plan:

(a) All contributions made to the plan before the effective date of the withdrawal remain credited to the employee;

(b) The employee becomes a member of the Public Employees Retirement System under ORS chapter 238A if the member meets all requirements for membership under ORS chapter 238A; and

(c) The employee is barred from ever again electing to participate in the optional retirement plan.

(10) For the purposes of this section, "administrative employee" means a president, vice president or dean, or a person holding a position that is the equivalent of a president, vice president or dean. [2005 c.728 §2]

(2) In case of failure to agree within 20 days from the time of such change, the matter shall be decided by a board of arbitrators. The board of arbitrators shall consist of one member appointed by each of the boards of the affected districts and an additional member appointed by the other appointees.

Liabilities include all debts for which the respective districts in their corporate capacities are liable at the time of division. In determining the assets, property shall be estimated at its fair value. (f) The four-year terms of office pertaining to the five numbered zones of the original territory shall continue until the regularly scheduled June 30 termination date of each expires. A board member shall be nominated and elected in the same numbered zone in the new territory at the regular district election immediately preceding the June 30 date, and the director from that zone shall

(3) When the bonds have been so executed, registered and delivered, their legality shall not be open to contest by the community college district, or by any person for or on its behalf, for any reason whatever. [1971 c.513 §44; 1995 c.67 §32; 2007 c.783 §136]

341.690 Tax levy to meet annual bonded indebtedness; bond sinking fund.

(1) The board of the district shall ascertain and levy annually, in addition to all other taxes, a direct ad valorem tax on all the taxable property in the district, sufficient to pay the maturing interest and principal of all community college district bonds outstanding promptly when and as such payments become due. The amount of the tax may be increased by an amount sufficient to retire any bonds which may be callable. The board shall annually file a copy of its budget and levies with the paying agent and registrar. The board shall in each year include such taxes in the district budget for such year. Such taxes shall in each year be certified, extended upon the tax rolls and collected by the same officers in the same manner and at the same time as the taxes for general district purposes.

(2) The funds derived from such tax levies shall be retained by the paying agent and registrar without being paid to the district or to any officer thereof, and shall be kept by the paying agent and registrar in a separate fund to be known as and designated "_____ Community College District Bond Interest and Sinking Fund," which shall be irrevocably pledged to and used solely for the payment of the interest accruing on and the principal of the bonds when due, so long as any of the bonds or the coupons thereto appertaining remain outstanding and unpaid. The interest earnings of such fund shall be credited thereto and become a part thereof. For failure to retain and account for such funds, as provided in this section, the paying agent and registrar shall be liable upon the official bond of the paying agent and registrar.

(3) The fund shall not be diverted or used for any other purpose; but if a surplus remains after all interest and principal have been paid on all community college district bonds then outstanding and unpaid, the surplus may be transferred to such other fund as the board of the district may direct.

(4) If the tax required by subsection (1) of this section is not levied by the board of

the district, the paying agent and registrar shall certify the county share, based on the proportion of the assessed valuation of the community college district located in the county, to the governing body of each county in which territory of the district is located which shall then levy a tax on all taxable property within the county that is in the district sufficient to raise the required amount.

(5) The county assessors shall extend the tax so levied upon the county tax rolls for such district. The county sheriffs shall collect this tax and pay the sums collected into the fund kept by the paying agent and registrar pursuant to subsection (2) of this section. [1971 c.513 §45; 1995 c.67 §33]

All coupons or bonds so paid must be immediately reported to the board of the district.

(1) Whenever the sinking fund mentioned in ORS 341.690 equals the amount, principal and interest, of any bond then due or subject at the option of the district to be paid or redeemed when authorized by the board of the district, the paying agent and registrar shall notify the holder of such bond and publish a notice in the newspaper published in the district in compliance with ORS 193.010 to 193.100. The notice shall state that the paying agent and registrar will, within 30 days from the date of the notice, redeem and pay any such bond then redeemable and payable, giving priority according to the date of issuance numerically. Upon presentation of any such bond at the place of payment specified therein, the paying agent and registrar shall cause the bond to be paid. If any holder of such bond fails to present it at the time mentioned in the notice, the interest thereon shall cease, and the paying agent and registrar shall thereafter pay only the amount of such bond and the interest accrued thereon up to the last day of the time of redemption mentioned in the notice.

(2) When any bonds are so redeemed or paid, the paying agent and registrar shall cause the same to be canceled and write

across the face thereof "redeemed" and the date of redemption, and shall deliver it to the board of the district, taking its receipt therefor. [1971 c.513 §47; 1995 c.67 §35]

(3) The refunding of indebtedness and issuing of bonds for such purpose shall not require an election, but may be done by resolution of the board of the district at any legally called board meeting. The debt limitations imposed by law shall not affect the right of any district to issue refunding bonds under authority of this section. The validity of any bonds so issued, or of the indebtedness thereby refunded, shall not thereafter be open to contest by the district or by any person for any reason whatever. [1971 c.513 §48; 1981 c.94 §30; 1983 c.347 §26; 1993 c.45 §146; 2007 c.783 §137]

Warrants may be issued at the end of each month, if necessary. Warrants shall not be issued without a vote of the board of the district. They must be signed by the chairperson of the board and countersigned by the district clerk. If the chairperson is absent or unable to execute the warrants, the board may authorize any member of the board to act as chairperson in executing the warrants.

(3) Unless the board of the district has designated a lower rate of interest, which rate must appear on the face of the warrants, warrants indorsed "not paid for want of funds" shall draw interest at a rate not to exceed seven percent (0.07) from date of indorsement until called.

(4) Funds becoming available for payment of warrants indorsed "not paid for want of funds" shall be applied in payment in the order in which the warrants were so indorsed.

The certification shall state the amount of each of such warrants, to whom issued, and date of issuance. The board of the district shall cause notice to be published in some newspaper having a general circulation in the district. The notice shall contain a statement that if such warrants are not presented for payment within 60 days from July 1, they will be canceled, and payment thereof will be refused.

(6) At the first regular meeting of the board in each district after the expiration of 60 days from July 1 in each year, the board shall make an order that all such warrants which have not been so presented for payment, describing them, shall be canceled and the board shall so cancel.

(7) Nothing in this section prohibits a board from paying, upon any claim arising from the canceling of any such warrant, the principal of the warrant when presented without interest if not indorsed for want of funds and, if indorsed for want of funds, with interest to the date such warrant was called.
