none of which rights and remedies is intended to be exclusive of any other, and each is cumulative and in addition to every other right and remedy. [Formerly 285.390; 1999 c.509 §39]

The state, acting through the Oregon Business Development Commission, may loan the proceeds of the bonds authorized by ORS 285B.320 to 285B.371 for eligible projects without the necessity of the state having any ownership or leasehold interest in the eligible projects. 285B.413 Legislative findings; purpose; use of moneys; rules. (1) The Legislative Assembly finds that:

(a) The improvement, expansion and new construction of the state's infrastructure systems provide the basic framework for continuing and expanding economic activity in this state, thereby improving the quality of life and economic opportunity for the people of Oregon.

(b) It is essential to maintain usable and developable industrial and commercial lands in Oregon.

(2) Because municipalities in this state often suffer from a lack of available financing and technical capacity for these projects, it is the purpose of ORS 285B.410 to 285B.482 to provide financial or other assistance to enable municipalities to construct, improve and repair those facilities that are essential for supporting continuing and expanded economic activity. It is the intent of the Legislative Assembly, by providing that assistance, to stimulate industrial growth and commercial enterprise and to promote employment opportunities in Oregon.

(3) Moneys in the Special Public Works Fund shall be used primarily to provide loans to municipalities for development and planning projects. Grants shall be given only when loans are not feasible due to the financial need of the municipality or under circumstances that the Oregon Business Development Department specifies by administrative rule. The Oregon Infrastructure Finance Authority is authorized to determine the level of grant or loan funding, if any, on a case-by-case basis. (3) The authority may commit moneys in the Special Public Works Fund or reserve future income to the fund for disbursement in future years under ORS 285B.440. The authority shall commit or reserve moneys under this subsection only after:

(a) Allowing for contingencies;

(b) Finding that there will be sufficient unobligated net income to the fund to make the future payments, consistent with the financial requirements of subsections (2) and (3) of this section; and

(c) Providing in any contract for the commitment that the liability of the state to make the annual payments shall be contingent on the availability of moneys in the Special Public Works Fund.

(3) Levee projects that receive financial assistance under this section are subject to the provisions and requirements of ORS 285B.410 to 285B.482, if applicable. [2015 c.667 §3]

(a) Projects that primarily focus on relocating business or economic activity from one part of the state to another, except in cases where the business or economic activity would otherwise locate outside of Oregon; or

(b) Ongoing operations or maintenance expenses. [1997 c.800 §12; 1999 c.509 §44; 2001 c.883 §30; 2003 c.773 §31; 2005 c.835 §6; 2009 c.11 §33; 2009 c.830 §96]

(b) If any portion of the assistance is in the form of a loan or the purchase of a bond of a municipality, a provision granting the authority a lien on or a security interest in the collateral as determined by the authority to be necessary to secure repayment of the loan or bond; and

(c) Other provisions as the authority considers necessary or appropriate to implement the assistance.

(2) When the authority approves financial assistance under ORS 285B.410 to 285B.482 for a project, the authority shall pay moneys for the project from the Special Public Works Fund in accordance with the terms of the contract.

(1)(a) The moneys in the Special Public Works Fund shall be used primarily to provide loans to municipalities for projects as defined in ORS 285B.410 to 285B.482. The Oregon Infrastructure Finance Authority may determine the level of grant or loan funding, if any, on a case-by-case basis.

(b) If the authority approves funding, the authority shall determine a maximum amount of the loan based upon a reasonable and prudent expectation of the ability of the municipality to repay the loan.

(c) The initial loan term may not exceed the usable life of the project or 30 years from the year of project completion, whichever is less. The term of a renegotiated loan may not exceed the remaining usable life of the project or 30 years, whichever is less.

(d) Assistance from the fund for a marine facility project otherwise funded under ORS 777.267 shall be limited to a loan. The loan may not exceed the amount of the required local matching funds.

(2) The Oregon Business Development Department shall by rule adopt standards for awarding grants from the Special Public Works Fund. The standards may include the award of grants as a financial incentive to accomplish the goals of the Special Public Works Fund, to address special circumstances of a project or to address the financial need of the applicant.

(3) The authority may make grants to a municipality not to exceed \$1 million per project or 85 percent of the allowable project costs, whichever is less. For purposes of this subsection, allowable project costs do not include capitalized interest, if any.

(1) If a municipality fails to comply with a contract entered into under ORS 285B.410 to 285B.482, the Oregon Business Development Department may seek appropriate legal remedies to secure any repayment due the Special Public Works Fund. If any municipality defaults on payments due to the Special Public Works Fund under ORS 285B.410 to 285B.482, the State of Oregon may withhold any amounts otherwise due to the municipality to apply to the indebtedness. The department may waive this right to withhold.

(Temporary provisions relating to solar incentivization program)

Note: Sections 1 to 3, chapter 63, Oregon Laws 2016, provide:

Sec. 1. (1) As used in this section:

(a) "Investor-owned utility" means an investor-owned utility, as defined in ORS 469.631, that distributes electricity.

(b) "Nameplate capacity" means the maximum rated output of a generator, inverter or other electric power production equipment measured in alternating current under specific conditions designated by the manufacturer of the equipment.

(c) "Publicly owned utility" has the meaning given that term in ORS 469.649.

(d) "Solar photovoltaic energy system" means equipment and devices that have the primary purpose of collecting solar energy and generating electricity by photovoltaic effect.

(2) The Oregon Business Development Department shall establish a program to incentivize the generation of electricity derived from solar energy. In establishing the program, the department shall:

(a) Prescribe the form and manner by which the owner or operator of a solar photovoltaic energy system may apply to participate in the program;

(b) Require an owner or operator of a solar photovoltaic energy system applying to participate in the program to submit a plan to complete construction of the solar photovoltaic energy system and begin to generate electricity within one year after being enrolled in the program;

(c) Enroll in the program applicants that own or operate solar photovoltaic energy systems qualified to be included in the program;

(d) Limit the cumulative nameplate capacity of solar photovoltaic energy systems included in the program that are owned or operated by a single program enrollee, and any business affiliated with the program enrollee, to 35 megawatts; and

(e) Close the program to new applicants on the earlier of the following dates:

(A) The date on which all solar photovoltaic energy systems included in the program have a cumulative nameplate capacity of 150 megawatts; or

(B) January 2, 2017.

(3)(a) To participate in the program, an owner or operator of a solar photovoltaic energy system must demonstrate to the satisfaction of the department that the solar photovoltaic energy system is qualified to be included in the program. A solar photovoltaic energy system is qualified to be included in the program if the solar photovoltaic energy system:

(A) Is located in this state;

(B) Has a nameplate capacity of at least two megawatts;

(C) Has a nameplate capacity of no more than 10 megawatts;

(D) Has a commercial operations date, as specified in a power purchase agreement, of January 1, 2016, or later;

(E) Is either directly connected to the electrical system of an investor-owned utility or publicly owned utility, or is indirectly connected to the electrical sys-

tem of an investor-owned utility or publicly owned utility in a manner that the department determines is acceptable for program enrollees;

(F) Has a meter or other device that monitors and measures the quantity of energy generated by the solar photovoltaic energy system; and

(G) Meets any other siting, design, interconnection, installation and electric output standards required by the laws of this state.

(b) An investor-owned utility or a publicly owned utility that owns a qualified solar photovoltaic energy system is eligible to participate in the program.

(4)(a) Subject to paragraphs (b) and (c) of this subsection, for the purpose of incentivizing the generation of electricity derived from solar energy, the department shall make a monthly payment to a program enrollee for a solar photovoltaic energy system that generates electricity for an amount that equals one-half cent per kilowatt hour of electricity generated by the solar photovoltaic energy system during the preceding month. Payments shall continue for five years after the date on which the department makes the initial payment to the program enrollee for energy generated by the solar photovoltaic energy system.

(b) Beginning one year after a program enrollee is enrolled in the program, for each month that the program enrollee's solar photovoltaic energy system does not generate electricity, the department shall reduce by one month the number of monthly payments otherwise required to be paid to the program enrollee under paragraph (a) of this subsection for that solar photovoltaic energy system.

(c) If by two years after a program enrollee is enrolled in the program the program enrollee's solar photovoltaic energy system has not generated electricity, the department shall remove the solar photovoltaic energy system from the program established under this section and the program enrollee may not receive any payments otherwise required to be paid to the program enrollee under paragraph (a) of this subsection for that solar photovoltaic energy system.

(5) Before enrolling an applicant as described in subsection (2)(c) of this section, the Oregon Business Development Department shall:

(a) Consult with the State Department of Energy to ensure that:

(A) A proposed solar photovoltaic energy system is qualified as described in subsection (3) of this section; and

(B) The solar photovoltaic energy system, if not generating electricity on the date of application, is likely to begin generating electricity no later than one year after the date on which the owner or operator of the solar photovoltaic energy system applies to be included in the program; and

(b) If applicable, consult with the Public Utility Commission to ensure that the costs associated with a solar photovoltaic energy system will be recoverable pursuant to a schedule submitted to and approved by the commission in accordance with ORS 757.205 and 757.210 or pursuant to other applicable provisions of law providing for the recovery of costs borne by investor-owned utilities.

(6) The owner of a solar photovoltaic energy system included in the program established under this section:

(a) Also owns all renewable energy certificates established under ORS 469A.130 that are associated with the generation of electricity by the solar photovoltaic energy system; and

(b) Is not eligible to receive funds under ORS 757.612 (3)(b)(B) unless the funds are received pursuant

to an agreement entered into before the effective date of this 2016 Act [March 16, 2016].

(7) The Oregon Business Development Department may adopt rules to implement this section.

(8) The department shall submit a report on implementing this section in the manner provided by ORS 192.245 to an interim committee of the Legislative Assembly related to energy no later than September 15 of each odd-numbered year. [2016 c.63 §1]

Sec. 2. (1) There is established the Solar Incentivization Fund, separate and distinct from the General Fund. Interest earned by the Solar Incentivization Fund shall be credited to the fund.

(2) Moneys in the fund are continuously appropriated to the Oregon Business Development Department for the purposes of the program described in section 1 of this 2016 Act.

(3) The department may accept from any source any grant, donation or gift of moneys for deposit in the fund. [2016 c.63 §2]

Sec. 3. (1) Sections 1 and 2 of this 2016 Act are repealed on January 2, 2023.

(2) Any moneys remaining in the Solar Incentivization Fund on the date of the repeal of section 2 of this 2016 Act must be transferred from the Solar Incentivization Fund to the General Fund to be available for general governmental purposes. [2016 c.63 §3]

INFRASTRUCTURE PROJECTS FOR SOUTHERN OREGON

285B.500 Purpose of ORS 285B.500 to 285B.512; legislative findings. (1) The Legislative Assembly finds that:

(a) It is a matter of statewide importance to increase the infrastructure capacity of Coos, Jackson and Josephine Counties and the rest of southern Oregon.

(b) The absence of such infrastructure capacity, the lack of inexpensive industrial fuel and inadequate transportation facilities restrict national and international trade and otherwise hinder the economic development of the region.

(c) State financial assistance to specified local projects in southern Oregon will sustain and increase jobs, foster national and international trade, allow industrial and commercial expansion and eliminate other negative effects caused by infrastructure that is inadequate to support a vibrant and expanding economy.

(d) It is desirable to make a present commitment of lottery revenues that are expected to be received in the 1999-2001 and 2001-2003 biennia. A clear and prompt financial commitment from the State of Oregon will allow the project sponsors, in reliance on that commitment, to make prompt commitments to pay their share. Prompt commitment by the project sponsors will enhance the likelihood that other private or federal funds will be received for the projects.

(2) The Legislative Assembly declares that the purpose of ORS 285B.500 to 285B.512 and section 9, chapter 644, Oregon Laws 1997, is to obligate the State of Oregon to pay the amounts specified in ORS 285B.500 to 285B.512 and section 9, chapter 644, Oregon Laws 1997, from future lottery revenues. The obligation of the state to pay the amounts specified in section 9, chapter 644, Oregon Laws, 1997, and in grant agreements authorized by ORS 285B.506 is limited to, and conditioned solely on, the availability of unobligated net lottery proceeds and any other moneys lawfully credited to the Oregon Unified International Trade Fund. Neither the faith and credit nor any of the taxing power of the State of Oregon are pledged or otherwise committed by ORS 285B.500 to 285B.515 and 777.277 to 777.287 and section 9, chapter 644, Oregon Laws 1997, and the commitments of the State of Oregon under ORS 285B.500 to 285B.515 and 777.277 to 777.287 and section 9, chapter 644, Oregon Laws 1997, and any grant agreement shall not constitute a debt or liability of the state within the meaning of section 7, Article XI of the Oregon Constitution. [1997 c.644 §7]

Note: 285B.500 to 285B.515 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 285B by legislative action. See Preface to Oregon Revised Statutes for further explanation.

285B.503 Oregon Unified International Trade Fund; uses. (1) There is established in the State Treasury, separate and distinct from the General Fund, the Oregon Unified International Trade Fund. Interest earned by the Oregon Unified International Trade Fund shall be credited to the fund. The moneys in the fund are continuously appropriated to the Oregon Business Development Department for the Oregon Infrastructure Finance Authority for:

(a) Paying all or a portion of the costs of:

(A) A project for the extension and improvement of Jackson County Airport runway.

(B) A project for the extension of a natural gas pipeline to the Coos Bay and North Bend area from a location near Roseburg.

(C) A project for improvements to the Klamath Falls International Airport maintained by the City of Klamath Falls.

(b) Transfer to the Oregon Port Revolving Fund created by ORS 285A.708.

(2) A separate account within the Oregon Unified International Trade Fund shall be established for each project listed in subsection (1) of this section.

(3) The Oregon Unified International Trade Fund shall consist of moneys allocated

to the fund under section 9, chapter 644, Oregon Laws 1997, and such other moneys as may be appropriated to the fund by the Legislative Assembly, including interest on such moneys. [1997 c.644 §8; 2009 c.830 §110]

Note: See note under 285B.500.

285B.506 Grant agreements; maximum grant amount; required provisions; assignment of right to receive grant moneys; agreement not to constitute state debt or liability. (1) The administrator of the Oregon Infrastructure Finance Authority shall enter into a grant agreement with the primary sponsor of a project listed in ORS 285B.503 that commits the State of Oregon to make the deposits specified in section 9, chapter 644, Oregon Laws 1997, and commits the Oregon Infrastructure Finance Authority to pay those deposits, plus earnings, to the primary sponsor as soon as funds are available in the appropriate account of the Oregon Unified International Trade Fund and are required by the primary sponsor for payment of project costs. Notwithstanding any other law, the commitment of the State of Oregon and the authority under this section shall be conditioned solely on receipt by this state of unobligated net lottery proceeds sufficient to make the deposits specified in section 9, chapter 644, Oregon Laws 1997.

(2) The total amount paid to the primary sponsor under the grant agreement shall not exceed the amount deposited in the appropriate account for the sponsor's project in the Oregon Unified International Trade Fund, plus any interest earnings on the amounts in the account. The grant agreement shall:

(a) Pledge the unobligated net lottery proceeds to pay the amounts due to the primary sponsor under the grant agreement;

(b) Specify the administrative procedures for making payments to the primary sponsor;

(c) Provide for notification to the administrator if the primary sponsor determines that it is unable to undertake the project;

(d) Allow assignment of the right to receive amounts payable under the grant agreement to third parties;

(e) Obligate the primary sponsor to remit any unexpended grant funds and any earnings thereon to the State of Oregon after the sponsor's project is complete and all its costs have been paid; and

(f) Contain other terms and conditions that are necessary or appropriate, as determined by the administrator, to implement ORS 285B.500 to 285B.512 and section 9, chapter 644, Oregon Laws 1997, to protect the interests and investments of the State of Oregon in the projects specified in ORS 285B.503.

(3) The grant agreement, when executed by the administrator and accepted by the primary sponsor, shall be a valid, binding and irrevocable contractual obligation of the State of Oregon in accordance with its terms. However, amounts due under the grant agreement shall be payable solely from the unobligated net lottery proceeds required by section 9, chapter 644, Oregon Laws 1997, to be deposited in the appropriate account in the Oregon Unified International Trade Fund.

(4) The primary sponsor may pledge or assign its right to receive amounts due under the grant agreement as security for any contractual obligation the primary sponsor undertakes to pay or finance costs of the project. Any pledge or assignment authorized by ORS 285B.500 to 285B.515 and 777.277 to 777.287 and section 9, chapter 644, Oregon Laws 1997, shall be valid and binding upon the primary sponsor, the authority, the State of Oregon and all other persons from the date it is made. The unobligated net lottery proceeds so pledged shall be immediately subject to the lien of the pledge without physical delivery, filing or other act, and the lien of the pledge shall be superior to all other claims and liens of any kind whatsoever. Upon notice from the primary sponsor that it has pledged the unobligated net lottery proceeds or assigned the right to receive amounts due under the grant agreement, the authority shall fully cooperate with the primary sponsor and the pledgee or assignee to give effect to the pledge or assignment, including but not limited to acknowledging in writing to the primary sponsor and the pledgee or assignee the existence and validity of the pledge or assignment and agreeing that amounts due under the grant agreement shall be paid to the pledgee or assignee or into the custodial accounts established for the benefit of the pledgee or assignee.

(5) The grant agreement shall not contain provisions or be construed or enforced in any manner that may cause the grant agreement to constitute a debt or liability of the state that violates section 7, Article XI of the Oregon Constitution. [1997 c.644 §10; 2009 c.830 §111]

Note: See note under 285B.500.

285B.509 Agreements between primary sponsor and United States. The primary sponsors of projects listed in ORS 285B.503 are authorized to enter into agreements with agencies of the United States for the project and, notwithstanding any other provision of law, may each agree to be bound by any requirement imposed by an Act of the United States Congress as a condition of federal participation in the project. [1997 c.644 §11]

Note: See note under 285B.500.

285B.512 End of lottery allocations upon certification by administrator of authority. (1) The deposit of unobligated net lottery proceeds to an account in the Oregon Unified International Trade Fund shall cease if and when the administrator of the Oregon Infrastructure Finance Authority certifies in writing that deposits are no longer required because:

(a) Sufficient funds are on hand in the account to pay all amounts required to be paid under the grant agreement;

(b) All amounts required to be paid under the grant agreement have been paid; or

(c) The primary sponsor has notified the administrator pursuant to the grant agreement that the primary sponsor is unable to undertake the project.

(2) Upon receipt of the administrator's written certification pursuant to subsection (1) of this section, the State Treasurer shall thereafter credit any amounts remaining in the account that are not required to pay amounts due under the grant agreement, and any lottery revenues that otherwise would have been deposited in the account under section 9, chapter 644, Oregon Laws 1997, to the Administrative Services Economic Development Fund. In addition, any unexpended grant funds and earnings which are remitted to the State of Oregon pursuant to the grant agreement shall be credited to the Administrative Services Economic Development Fund. [1997 c.644 §12; 2009 c.830 §112]

Note: See note under 285B.500.

285B.515 "Primary sponsor" and "project sponsor" defined. As used in ORS 285B.500 to 285B.512 and section 9, chapter 644, Oregon Laws 1997, "primary sponsor" or "project sponsor" means a city, county, agency or person who acts as a financial contributor to a project listed in ORS 285B.503, as determined by the Oregon Infrastructure Finance Authority in a grant agreement under ORS 285B.506. [1997 c.644 §13; 2009 c.830 §113]

Note: See note under 285B.500.

(c) To fund Oregon's share of the costs of studies and ecosystem restoration projects in the lower Columbia River estuary designed to improve habitat for listed endangered or threatened species of Columbia River anadromous salmonids.

(2) The use of lottery bond proceeds is authorized based on the following findings:

(a) The financial and other assistance to municipalities, ports and other persons and entities will assist in the establishment and expansion of businesses in Oregon and in the construction, improvement and expansion of infrastructure, community and port facilities and other facilities that comprise the physical foundation for industrial and commercial activity and provide the basic framework for continued and expanded economic opportunities and quality communities throughout Oregon.

(b) The Columbia River channel deepening project is necessary to allow newer, larger steamships access to Oregon and Washington deep draft ports. A deeper shipping channel will allow the Columbia River to continue as a world leader in agricultural exports and as a key trade corridor for farms and businesses throughout Oregon and the region.

(c) Such financial and other assistance to municipalities, ports and other persons and entities and the deepening of the Columbia River channel will therefore promote economic development within this state, and thus the use of net proceeds derived from the

operation of the Oregon State Lottery to pay debt service on lottery bonds issued under this section to provide such financial and other assistance to municipalities, ports and other persons and entities and to pay a portion of the costs of deepening the Columbia River channel is an authorized use of state lottery funds under section 4, Article XV of the Oregon Constitution, and ORS 461.510.

(d) The current lower Columbia River estuary habitat for listed endangered or threatened species of Columbia River anadromous salmonids could be improved through ecosystem restoration projects. The use of the Oregon State Lottery to pay debt service on lottery bonds issued under this section to pay for studying how the estuary could be improved and to pay for ecosystem restoration projects are authorized uses of state lottery funds.

(3)(a) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(a) of this section for financial and other assistance to municipalities, ports and other persons and entities may not exceed the sum of \$336,226,252 and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(b) of this section for the Columbia River channel deepening project may not exceed the sum of \$17.7 million and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs.

(b) The Oregon Department of Administrative Services may not request the issuance of lottery bonds under subsection (1)(b) of this section until the Director of the Oregon Business Development Department determines that a final environmental impact statement has been issued and a record of decisions has been submitted to Congress by the United States Army Corps of Engineers, Congress has authorized the Columbia River channel deepening project, and the Washington sponsors' shares of the costs of the Columbia River channel deepening project have been committed.

(4) The net proceeds of lottery bonds issued pursuant to subsection (1)(a) and (b) of this section shall be deposited in the Economic Infrastructure Project Fund, which is hereby established in the State Treasury separate and distinct from the General Fund. Interest earned by the Economic Infrastructure Project Fund shall be credited to the fund. All moneys in the Economic Infrastructure Project Fund are continuously appropriated to the Oregon Business Development Department for any purpose for which moneys in the Special Public Works Fund created by ORS 285B.455 may be used,

any purpose for which moneys in the Water Fund created by ORS 285B.563 may be used, any purpose for which moneys in the Safe Drinking Water Revolving Loan Fund created by ORS 285A.213 may be used, any purpose for which moneys in the Oregon Port Revolving Fund created by ORS 285A.708 may be used, any purpose for which moneys in the Brownfields Redevelopment Fund created by ORS 285A.188 may be used, any purpose for which moneys in the Oregon Business Development Fund created by ORS 285B.092 may be used and any purpose for which moneys in the Marine Navigation Improvement Fund created by ORS 777.267 may be used. The Director of the Oregon Business Development Department shall allocate the moneys deposited in the Economic Infrastructure Project Fund for the purposes described in this subsection in accordance with the priorities developed by the Oregon Business Development Commission in accordance with ORS 285A.020. However, the director shall transfer from the Economic Infrastructure Project Fund and deposit into the Channel Deepening Account of the Marine Navigation Improvement Fund the proceeds of any lottery bonds sold to finance a portion of the costs of the Columbia River channel deepening project. Upon determining the relative allocation of moneys deposited in the Economic Infrastructure Project Fund among the purposes described in this subsection, the director shall transfer from the Economic Infrastructure Project Fund, and deposit into each of the other funds described in this subsection, the amounts so allocated. Notwithstanding any other provision of law governing the funds described in this subsection, the funds described in this subsection may be credited with moneys transferred from the Economic Infrastructure Project Fund by the director in accordance with this subsection.

(5) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(c) of this section for the costs of studies and ecosystem restoration projects in the lower Columbia River estuary may not exceed the sum of \$750,000 and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. The net proceeds of lottery bonds issued pursuant to subsection (1)(c) of this section shall be deposited in the Oregon Business, Innovation and Trade Fund created by ORS 285A.227 and may be used only for the Oregon non-federal share of United States Army Corps of Engineers Columbia River estuary projects authorized by Congress prior to August 9, 2001. The director may not request the issuance of lottery bonds under subsection (1)(c) of this section until Congress and Washington have authorized their respective shares of the costs of the studies and ecosystem

restoration projects in the lower Columbia River estuary.

(6) The proceeds of lottery bonds issued pursuant to this section may be used only for the purposes set forth in this section and for bond-related costs. OREGON INDUSTRIAL SITE READINESS PROGRAM

285B.625 Legislative findings. The Legislative Assembly finds that:

(1) Traded sector industries are the foundation of state and regional economic development strategies for long-term prosperity and job creation. Because traded sector jobs typically pay higher than average wages and generate higher than average income tax revenues, such jobs play an important role in supporting critical state services.

(2) Industrial development that provides new traded sector jobs reinforces the economies of local and regional communities and contributes to the economic recovery of the State of Oregon.

(3) There is a shortage of market-ready regional industrial sites in this state. Project sponsors have limited financial tools to facilitate development of significant and complex industrial sites that are appropriate for traded sector industrial use.

(4) Public assistance is necessary to overcome development-related constraints and to incentivize industrial site development in this state.

(5) The State of Oregon has a significant interest in the success of regional economic development strategies and is the primary beneficiary of such economic development through increased income tax revenues. These revenues should be shared and in-

vested in facilitating significant site development for traded sector industrial use in this state. [2013 c.763 §1; 2017 c.561 §1]

Note: 285B.625 to 285B.632 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 285B or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

285B.740 Legislative intent; delegation of loan program responsibilities; powers of department; loan fees. It is the intent of the Legislative Assembly that in the administration of ORS 285B.740 to 285B.758, the Oregon Business Development Department work closely with regional economic development organizations, community development corporations, small business develop-

ment centers and organizations that promote and assist minority-owned businesses, woman-owned businesses, businesses that service-disabled veterans own and emerging small businesses, as those terms are defined in ORS 200.005, and utilize policies, priorities and practices that further entrepreneurial and small business development in rural communities. The department, to the maximum extent feasible and consistent with prudent financial controls, may delegate the administration and operation of the loan program created by ORS 285B.740 to 285B.758 to local and community-based entities. (1) The department may contract with any nonprofit corporation or agency with experience and expertise in business finance to administer all or any part of the loan program created by ORS 285B.740 to 285B.758.

(2) When entering into an agreement for the administration of the loan program by any nonprofit corporation or agency, the department may agree to waive any claims it may have against such corporation or agency for losses arising out of the normal course of business, as long as the corporation or agency does not act negligently or fraudulently in providing loans under ORS 285B.740 to 285B.758.

(3) When entering into an agreement to have a nonprofit corporation or agency administer the loan program created by ORS 285B.740 to 285B.758, the department may pay loan origination and loan servicing fees to the corporation or agency. The amount of such fees may be determined in the agreement between the department and the administering corporation or agency.
