285B.053 Borrowing money from Oregon Business Development Fund for projects. (1) Any county, municipality, person or any combination of counties, municipalities and persons may file with the Oregon Economic and Community Development Commission an application to borrow money from the Oregon Business Development Fund for a business development project as provided in ORS 285B.050 to 285B.098. The application shall be filed in such a manner and contain or be accompanied by such information as the commission may prescribe.

(2) Any applicant receiving a loan from the Oregon Business Development Fund shall annually report to the Economic and Community Development Department the estimated number of jobs created as a result of the business development project financed under ORS 285B.050 to 285B.098. The reporting requirement under this section shall continue for five years following the receipt of the loan proceeds or for the life of the loan, whichever period is longer. Agreement to comply with the requirements of this section shall be a condition for obtaining a loan from the Oregon Business Development Fund. [Formerly 285.405]

285B.056 Evaluation of project; fee. (1) Upon receipt of an application under ORS 285B.053, the Oregon Economic and Community Development Commission shall determine whether the plans and specifications for the proposed business development project set forth in or accompanying the application are satisfactory. If the commission determines that the plans and specifications are not satisfactory, it shall:

(a) Reject the application with a written statement of the reason for that rejection; or

(b) Require the applicant to submit additional information of the plans and specifications as may be necessary.

(2) The commission shall charge and collect from the applicant, at the time the application is filed, a fee not to exceed \$100. Moneys referred to in this subsection shall be paid into the Oregon Business Development Fund. [Formerly 285.410]

285B.059 Conditions for commission approval of project; preferences; limits. (1) The Oregon Economic and Community Development Commission may approve a business development project proposed in an application filed under ORS 285B.050 to 285B.098 if, after investigation, it finds that:

(a) The proposed business development project is feasible and a reasonable risk from practical and economic standpoints, and the loan has reasonable prospect of repayment.

(b) The applicant can provide good and sufficient collateral for the loan.

(c) Moneys in the Oregon Business Development Fund are or will be available for the proposed business development project.

(d) There is a need for the proposed business development project, and the applicant's financial resources are adequate to assure success of the project.

(e) If the proposed project is to be located in an incorporated city, the governing body of that city has executed a resolution recommending the proposed project.

(f) If the proposed project is to be located outside any incorporated city, the governing body of the county in which the project is to be located has executed a resolution recommending the proposed project.

(g) The Housing and Community Services Department received notification of the proposed project and any related workforce increase at the time the application was received by the commission.

(h) The applicant has not received or entered into a contract or contracts exceeding \$500,000 with the commission, under authority of ORS 285B.050 to 285B.098, for the previous 365 days, nor is there an amount equal to 20 percent of the total value of the fund in outstanding loans with the commission at any one time for business development projects located in the same county as the proposed project. However, nothing in this paragraph prevents the commission from making a loan to an emerging small business, as provided in subsection (6) of this section, or making a loan of less than \$100,000, as provided in ORS 285B.080.

(2) Preference shall be given to a business development project which has a high ratio of employment to the amount of money sought to be borrowed from the Oregon Business Development Fund, which benefits businesses with fewer than 50 employees or which is located within a rural area of the state. Consideration also shall be given to the extent of participation by local development groups, and the availability and cost of money to the applicant from, or through, commercial lending or financial institutions, or other financial sources, inasmuch as the Oregon Business Development Fund is intended to complement, not supplant, other sources of money for economic development.

(3) The total amount of moneys loaned from the fund for any business development project shall not exceed 50

percent of the cost of the project. Working capital equity contributed by the applicant or a related party shall not be included in the calculation of total project costs.

(4) Except in cases where the applicant is a county or municipality, no money shall be loaned from the fund for any business development project unless there exists a commitment from a commercial or private lender, or a local development group, to participate in the financing of the project.

(5) To encourage private sector and local development group participation in the financing of business development projects, the commission may subordinate the security position of the fund to that of other lenders.

(6) In each fiscal year of a biennium, not less than 15 percent of all moneys available for lending from the Oregon Business Development Fund are reserved for loans to certified emerging small business enterprises which are located in or draw their workforces from within distressed communities as determined by the Economic and Community Development Department in cooperation with the Employment Department of this state. Any amounts reserved for loans to such businesses that are not loaned in one fiscal year shall be added to the amount reserved for loans to such businesses in the subsequent fiscal year. If the Economic and Community Development Department is unable to obtain a sufficient number of approvable applications to meet the requirements of this subsection, it may, notwithstanding the limitations imposed by ORS 285B.050 (1)(g)(B), make loans to service and retail businesses operated by certified emerging small business enterprises.

(7) In the operation of the Oregon Business Development Fund, the commission and the department shall, to the maximum extent feasible and consistent with constitutional limitations, seek to assure that an amount equal to that specified in subsection (6) of this section be loaned to businesses owned and operated by women and minorities. [Formerly 285.413; 1999 c.509 s.27]

285B.062 Agreement for project loan; required provisions; interest rate; discount for early repayment. If the Oregon Economic and Community Development Commission approves the business development project, the commission, on behalf of the state, and the applicant may enter into a loan contract of not more than \$500,000, secured by good and sufficient collateral, which shall set forth, among other matters:

(1) A plan for repayment by the applicant to the Oregon Business Development Fund moneys borrowed from the fund used for the business development project with interest charged on those moneys at the rate of not less than one percentage point more than the prevailing interest rate on United States Treasury bills, notes or bonds of a comparable term, as determined by the commission. However, the commission may make such loans to emerging small businesses, as defined in ORS 200.005, at a rate of not less than one percentage point less than such prevailing interest rate. The repayment plan, among other matters:

(a) Shall provide for commencement of repayment by the applicant of moneys used for the business development project and interest thereon no later than one year after the date of the loan contract or at such other time as the commission may provide.

(b) May provide for reasonable extension of the time for making any repayment in emergency or hardship circumstances if approved by the commission.

(c) Shall provide for such evidence of debt assurance of, and security for, repayment by the applicant as is considered necessary by the commission.

(d) Shall set forth a schedule of payments and the period of loan which shall not exceed the usable life of the contracted project or 20 years from the date of the contract, whichever is less, and shall also set forth the manner of determining when loan payments are delinquent. The payment schedule shall include repayment of interest which accrues during any period of delay in repayment authorized by paragraph (a) of this subsection, and the payment schedule may require payments of varying amounts for collection of accrued interest.

(e) Shall set forth a procedure for formal declaration of default of payment by the commission, including formal notification of all relevant federal, state and local agencies; and further, a procedure for notification of all relevant federal, state and local agencies that declaration of default has been rescinded when appropriate.

(f) May offer a discount not to exceed 10 percent of the outstanding principal for the early repayment of the entire outstanding principal of any loan. The commission by rule shall adopt policies that provide for greater discounts for earlier repayments and that provide for greater discounts for firms that have created at least one job per each \$15,000 loaned to the firm from the Oregon Business Development Fund.

(2) Provisions satisfactory to the commission for field engineering and inspection, the commission to be the final judge of completion of the contract.

(3) That the liability of the state under the contract is contingent upon the availability of moneys in the Oregon Business Development Fund for use in the business development project.

(4) Such further provisions as the commission considers necessary to insure expenditure of the funds for the purposes set forth in the approved application.

(5) That the commission may institute appropriate action or suit to prevent use of the facilities of a business development project financed by the Oregon Business Development Fund if the applicant is delinquent in the repayment of any moneys due the fund. [Formerly 285.415]

285B.065 Loans in distressed areas exempt from requirements of ORS 285B.059 and 285B.062. The Economic and Community Development Department may make loans in distressed areas, as defined by the department, without regard to the requirements for security and collateral under ORS 285B.059 and 285B.062 that are otherwise applicable. [Formerly 285.416]

285B.068 Payment of moneys for project; applicant to pay percentage of loan principal to Oregon Business Development Fund. (2) Immediately upon receiving the loan proceeds, the applicant shall pay to the commission one and one-half percent of the principal amount of the loan, to be paid back to the Oregon Business Development Fund. A maximum of three percent of the principal amount of the loan may be paid from the fund to local development groups for the purposes set forth in ORS 285B.092 (1)(a). [Formerly 285.417]

Any county or municipality that enters into a contract with the Oregon Economic and Community Development Commission for a business development project and repayment as provided in ORS 285B.062 may obtain moneys for repayment to the Oregon Business Development Fund under the contract in the same manner as other moneys are obtained for purposes of the county or municipality or other moneys available to the developer. 285B.083 Use of refinancing and other financial assistance. Except as provided in ORS 285B.086, if any business development project is refinanced or financial assistance is obtained from other sources after the execution of the loan from the state, those shall be first used to repay the state, unless provided otherwise by the committee, if the refinancing or financial assistance applies only to the business development project authorized and does not include any subsequent addition, expansion, improvement or further development. (2) Any application for a loan under this section shall be in such form as the commission prescribes and shall furnish such proof of federal, state or local approval as appropriate for funding of the business development project.

285B.203 Legislative findings; purpose. (1) The Legislative Assembly finds that:

(a) Small and medium sized businesses in general, and firms that produce value-added agricultural products in particular, are adversely affected by the current credit crisis.

(b) Small companies have historically had a difficult time obtaining credit, especially on terms that allow them to grow and to create jobs.

(c) The limited availability of credit for export transactions limits the ability of small and medium sized businesses in Oregon to compete in international markets.

(d) The challenge for the public economic sector is to design programs, in conjunction with lending institutions in the private economic sector, that fill the gaps in credit availability and export finance.

(e) Without substantial financial assistance to promote redevelopment, properties containing brownfields, as defined in ORS 285A.185, often remain abandoned or underutilized because of the uncertainty concerning environmental contamination at the sites and the cost of reducing or eliminating the contamination.

(2) The Legislative Assembly declares that it is the purpose of the Credit Enhancement Fund established under ORS 285B.215 (1) and (2) to:

(a) Create incentives and assistance to increase the flow of private capital to the value-added agriculture industries.

(b) Promote industrial modernization and technology adoption.

(c) Encourage the retention and creation of family wage jobs.

(d) Encourage the export of goods and services by Oregon businesses in international markets.

(e) Encourage and promote the redevelopment of brownfields, as defined in ORS 285A.185, by providing assistance to perform environmental evaluations of brownfield sites. [Formerly 285.468]

(4) When the department approves a loan or credit guarantee, the department shall enter into a loan or credit guarantee agreement with the financial institution. The agreement shall specify:

[Formerly 285.340; 1999 c.509 s.35]

(a) The State Treasurer may authorize and issue in the name of the State of Oregon bonds secured by revenues

from eligible economic development projects or from other financing sources, and where applicable, secured as provided in ORS 285B.374 and 285B.377, to finance or refinance in whole or part the cost of acquisition, construction, reconstruction, improvement or extension of projects. 285B.359 Validity of bonds. The validity of bonds issued under ORS 285B.320 to 285B.377 shall not be dependent on nor be affected by the validity or regularity of any proceeding relating to the acquisition, purchase, construction, installation, reconstruction, improvement, betterment or extension of the eligible project for which the bonds are issued. The official action authorizing such bonds may provide that the bonds shall contain a recital that they are issued pursuant to ORS 285B.320 to 285B.377 and such recital shall be conclusive evidence of their validity and of the regularity of their issuance. [Formerly 285.375]

- (16) The subordination of the security of any bonds issued under ORS 285B.320 to 285B.377 and the payment of principal and interest thereof, to the extent deemed feasible and desirable by the state, to other bonds or obligations of the state issued to finance the eligible project or that may be outstanding when the bonds thus subordinated are issued and delivered. [Formerly 285.380; 1999 c.509 s.38]

285B.365 Limitations of bonds; recitals. (1) Revenue bonds issued under ORS 285B.320 to 285B.377:

No holder or holders of such bonds shall ever have the right to compel any exercise of the taxing power of the state to pay any such bonds or the interest thereon, nor to enforce payment thereof against any property of the state except those projects or portions thereof, mortgaged or otherwise encumbered under the provisions and for the purposes of ORS 285B.320 to 285B.377.

(b) Shall not constitute a charge, lien or encumbrance, legal or equitable, upon any property of the state, except those eligible projects, or portions thereof, mortgaged or otherwise encumbered, under the provisions and for the purposes of ORS 285B.320 to 285B.377 and except as provided in ORS 285B.374 and 285B.377.

(2) Each bond issued under ORS 285B.320 to 285B.377 shall recite in substance that the bond, including interest thereon, is payable solely from the revenue pledged to the payment thereof and as provided in ORS 285B.374 and 285B.377. No such bond shall constitute a debt of the state or a lending of the credit of the state within the meaning of any constitutional or statutory limitation. However, nothing in ORS 285B.320 to 285B.377 is intended to impair the rights of holders of bonds to enforce covenants made for the security thereof as provided in ORS 285B.368. [Formerly 285.385]

285B.368 Powers and rights of bondholders. Subject to any contractual limitation binding upon the holders of any issue of bonds, or any escrow agent, vendor, lender, other financing party or trustee therefor, including but not limited to the restriction of the exercise of any remedy to a specified proportion or percentage of such holders, any holder of bonds, or any trustee therefor, for the equal benefit and protection of all bondholders similarly situated, may:

- (1) By action or proceeding for legal or equitable remedies, enforce their rights against the state and any of its officers, agents and employees, and may require and compel the state or any such officers, agents or employees to perform and carry out its and their duties and obligations under ORS 285B.320 to 285B.377 and its and their covenants and agreements with bondholders;
- (2) By action require the state to account as if it was the trustee of an express trust;

The state, acting through the State Treasurer and the Oregon Economic and Community Development Commission, or either of them, may loan the proceeds of the bonds authorized by ORS 285B.320 to 285B.377 for eligible projects without the necessity of the state having any ownership or leasehold interest in the eligible projects. Loans made pursuant to this section shall be secured, if at all, to the extent deemed necessary or desirable by the State Treasurer and the Oregon Economic and Community Development Commission. [Formerly 285.393; 1999 c.509 s.40]

Such arrangements may include, but are not limited to, establishment of a debt service reserve, creation of a self-insurance program, the purchase of insurance or other similar devices ensuring the payment of the principal of, and interest on, the bonds issued pursuant to this section.

(5) Within 30 days following the closing of each fiscal quarter, the commission shall report on its operations to the Governor, State Treasurer and the Legislative Assembly. The report shall include a summary of the activities of the commission relating to bonds issued under this section.

285B.383 Determination of projects for financing; first-source hiring agreements; invested cost of project.

(1) If an eligible project directly benefits a traded sector industry, as defined in ORS 285B.280 (3), and if the total cost of the eligible project exceeds \$100 million, the State of Oregon, acting through the Oregon Economic and Community Development Commission, may determine that the real and personal property constituting the eligible project is eligible for the tax exemption provided in ORS 307.123, and the State of Oregon, acting through the State Treasurer, may authorize and issue revenue bonds in accordance with ORS 285B.320 to 285B.377 to finance the costs of the eligible project.

(2) Nothing in this section authorizes the Oregon Economic and Community Development Commission to determine that an existing eligible project is eligible for the tax exemption provided in ORS 307.123.

(3) A business firm that will be benefited by an eligible project shall enter into a first-source hiring agreement with a publicly funded job training provider that will remain in effect until the end of the tax exemption period.

(4) If an eligible project is leased or subleased to any person, the lessee shall be required to pay property taxes levied upon or with respect to the leased premises only in accordance with ORS 307.123.

(3) For purposes of this section, for projects located on a federally recognized Oregon Indian reservation, the governing body of a county shall be considered to be the governing body of the federally recognized Oregon Indian tribe.

(4) The county shall not request an eligible project to be determined to be eligible for a tax exemption under ORS 307.123 unless, after a public hearing:

(a) The county and, if the proposed eligible project will be located within a city, the city have approved the special provisions related to the property tax exemption.

(b) As consideration for the county requesting determination that the eligible project is eligible for a property tax exemption under ORS 307.123, the business firm that will be benefited by the eligible project enters into an agreement with the county for payment to the county of an annual fee for community services support in an amount equal to 25 percent of the property taxes exempted in each assessment year, but not exceeding \$2 million in any year. The fee shall be paid annually during the tax exemption period. For purposes of this paragraph, the property tax exempted in a year shall be calculated as the effective tax rate after any constitutional limits on the taxable portion of the value of the project multiplied by the assessed value of the exempt portion of the project.

(c) The applicant has reached agreement with the county on any other requirements related to the project. The agreement shall include provisions for the date of payment of the fee required under paragraph (b) of this subsection, for refunding or crediting overpayments, for interest on late payments or underpayments and for the manner in which an appeal of the assessed value of the property included in the project will affect the payment of the fee.

(5) The fee collected under subsection (4)(b) of this section shall be distributed by the county based on an agreement entered into at the time of application between the county and the city, if any, in which the eligible project is located. [Formerly 285.400]

(2) The fees described in subsection (1) of this section are as follows:

(b) \$50,000 when the eligible project is determined by the commission to be eligible for the tax exemption provided in ORS 307.123. The commission shall pay 50 percent of this fee to the Department of Revenue for the purpose of administration of ORS 307.123.

285B.413 Legislative findings. (1) The Legislative Assembly finds that:

(a) The improvement, expansion and new construction of the state's sewage treatment works, water supply works, roads and public transportation provides the basic framework for continuing and expanding economic activity in this state, thereby providing jobs and economic opportunity for the people of Oregon.

(b) It is essential to maintain usable and developable industrial and commercial lands in Oregon.

(2) Since municipalities in this state often suffer from a lack of available financing for such projects, it is the purpose of ORS 285B.410 to 285B.479 to provide financial assistance in order that they may construct, improve and repair those facilities that are essential for supporting continuing and expanded economic activity. It is the intent of the Legislative Assembly, by providing that assistance, to stimulate industrial growth and commercial enterprise and to promote employment opportunities in Oregon.

(3) The money in the Special Public Works Fund shall be used primarily to provide loans to municipalities for infrastructure projects. Grants shall be given only when loans are not feasible due to the economic need of the applicant municipality and special circumstances of the project. The Director of the Economic and Community Development Department is authorized to determine the level of grant or loan funding, if any, on a case-by-case basis.

[Formerly 285.703]

285B.416 Allowable project costs. (1) For purposes of ORS 285B.410 to 285B.479, the total project costs of an infrastructure project may include costs for preliminary planning or legal, fiscal and economic investigations, reports and studies to determine the economic and engineering feasibility of the project. Such planning costs may be paid for with a loan or grant from the Special Public Works Fund, by technical assistance grants or loans awarded to eligible municipalities, or by a municipality itself.

(2) The engineering and architectural reports, studies, surveys, designs, plans, working drawings and specifications necessary in the construction of the infrastructure project shall be eligible for financial assistance under ORS 285B.410 to 285B.479. Proposals for technical assistance grants shall be processed under ORS 285B.419, 285B.428 (2)(a), 285B.437 (2) and 285B.440 (2) in the same manner as other project proposals. [Formerly 285.705]

285B.419 Criteria for project priority; administration by department. (1) The Economic and Community Development Department shall adopt rules and policies for the administration of the Special Public Works Fund. Insofar as practicable, the department's rules shall provide that infrastructure projects that meet the following criteria receive priority for financial assistance:

- (a) Provide for the establishment or enlargement of economically viable industries, with reasonable long term growth prospects, including opportunities for innovative new industries or for continuance of existing basic industries.
- (b) Result in a net benefit to the state in the long term and not require continuing state subsidies.
- (c) Utilize existing public and private assets, including infrastructure, human resources and plant and equipment.
- (d) Improve the conditions of the economically disadvantaged and increase the number of jobs that increase average incomes.
- (e) Support the development of businesses owned by women and members of minority groups.
- (f) Harness Oregon's comparative advantage with emphasis on the growth and development of existing, in-state businesses, especially small businesses.
- (g) Direct assistance to projects that assist businesses selling goods and services in markets for which national or international competition exists and prohibit assistance to infrastructure projects that primarily focus on relocating business or economic activity from one part of the state to another.
- (h) Result in the economic revitalization of communities.
- (i) Are funded and otherwise supported to the maximum extent possible by private resources.
- (j) Result in business growth or expansion which would not occur in Oregon without an investment from the Special Public Works Fund.

(2)(a) The Economic and Community Development Department shall manage the Special Public Works Fund and any expenditures from its accounts and transfers between its accounts so that the fund value shall be equal to at least 50 percent of lottery revenues actually transferred to the fund plus interest on such amounts compounded annually at five percent. The fund value shall be determined by summing the cash reserves and the outstanding principal amount of loans to municipalities. Any principal amounts of loans forgiven shall be subtracted from the value of the fund. The value of the fund shall include moneys in the fund that are pledged to the repayment of state bonds.

- (b) The department shall quarterly certify the value of the fund to the State Treasurer.
- (c) If necessary to insure repayment of bonds issued under ORS 285B.410 to 285B.479, the Economic and Community Development Department is authorized to reduce the value of the fund to less than the limit provided in paragraph (a) of this subsection if the department:

- (A) Finds that without such a reduction in fund value, bonds secured by the fund are likely to be in default; and
 - (B) Imposes a moratorium on grants until the requirements of paragraph (a) of this subsection are met.
- (3) Not more than 100 percent of the total cost of any infrastructure project shall be financed from the Special Public Works Fund.

(4) The department may commit moneys in the Special Public Works Fund or reserve future income to the fund for disbursement in future years under ORS 285B.440 (4). The department shall commit or reserve moneys under this subsection only after:

- (a) Allowing for contingencies;
- (b) Finding that there will be sufficient unobligated net income to the fund to make such future payments. Such a finding shall be based on financial plans which are consistent with the financial requirements of subsections (2) and (4) of this section; and
- (c) Providing in any contract for such commitment that the liability of the state to make such annual payments shall

be contingent on the availability of moneys in the Special Public Works Fund.

(5) In assisting local governments with infrastructure projects, the department shall cooperate to the maximum extent possible with other state agencies financing infrastructure projects, including but not limited to the Department of Environmental Quality, the Water Resources Department and the Department of Transportation.

(6) The department shall notify the Housing and Community Services Department of any proposed Special Public Works Fund project with a related workforce increase at the time the department receives the completed application for the project. [Formerly 285.707; 1999 c.509 s.22]

(Community Facilities Projects)

285B.422 Funding of community facilities projects; criteria for project funding; source of assistance limited; application of other laws. (1) The Economic and Community Development Department may provide financial assistance to municipalities for infrastructure projects that are community facilities projects as described in ORS 285B.410 (2)(d).

(2) Before providing financial assistance for a community facilities project, the Economic and Community Development Department must find that:

(a) The municipality has demonstrated that the community facilities project will provide long term benefits to the municipality;

(b) The community facilities project will benefit a broad cross-section of the municipality;

(c) There is a substantial local commitment to the community facilities to be financed; and

(d) There is a need for the proposed community facilities project, and the municipality's financial resources are adequate to provide the working capital needed to ensure success of the project.

(3) Notwithstanding any other provision of ORS 285B.410 to 285B.479, community facilities projects shall be eligible only for loans made with moneys derived from the sale of revenue bonds issued under ORS 285B.467 or for loans made from the Special Public Works Fund. No grants shall be made from the Special Public Works Fund for the costs of a community facilities project. Loans or grants from the Special Public Works Fund and loans from the proceeds of revenue bonds issued under ORS 285B.467 may be used to pay issuance costs and for the funding of any debt service reserve for any revenue bonds issued under ORS 285B.467 to finance community facilities.

(4) ORS 285B.413 (1) and (2), 285B.419 (1), 285B.434 (2), (4) and (5), 285B.464 and 285B.467 (2) and (8) do not apply to a municipality applying for financial assistance for a community facilities project. [1997 c.800 s.12; 1999 c.509 s.44]

Note: 285B.422 and 285B.425 were added to and made a part of 285B.410 to 285B.479 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

[1997 c.800 s.13]

Note: See note under 285B.422.

(Financial Assistance for Projects)

285B.428 Application for funds. (1) Any municipality may file an application with the Economic and Community Development Department to obtain financial assistance from the Special Public Works Fund. The application shall be filed in such manner and contain or be accompanied by such information as the department may require.

(2) In addition to other requirements prescribed by the department, an application filed under this section shall:

(a) Describe the nature and purposes of the proposed infrastructure project, including the need for the project and the reasons why the project is in the public interest.

(b) Set forth or be accompanied by a feasibility study of the proposed infrastructure project and an estimate of the costs of construction.

(c) State whether any moneys other than those in the Special Public Works Fund are proposed to be used for the infrastructure project and whether any other moneys are available or have been sought for the project. [Formerly 285.710]

285B.431 Review of feasibility study. Upon receipt of an application filed as provided in ORS 285B.428, the Economic and Community Development Department shall determine whether the feasibility study set forth in or accompanying the application is satisfactory, and if the department determines that it is not satisfactory it may:

(1) Reject the application;

(2) Require the municipality to submit additional information as may be necessary; or

(3) Make, with the agreement of the municipality, such revisions of the feasibility study as it considers necessary to make the plans for the proposed project satisfactory. [Formerly 285.713]

285B.434 Application approval. The Economic and Community Development Department shall not approve financial assistance from the Special Public Works Fund for an infrastructure project proposed in an application filed under ORS 285B.428 unless, after investigation, the department finds that:

(1) The proposed infrastructure project is feasible, and the municipality has certified to the department that there will be adequate funds available to repay any loans made to the municipality under ORS 285B.410 to 285B.479;

(2) The proposed infrastructure project is situated in an area in which economic development is prevented or substantially restricted by a lack of adequate sewage treatment works, solid waste disposal sites, water supply works, roads, public transportation or other facilities that comprise the physical foundation for industrial and commercial activity;

(3) The proposed infrastructure project is situated in a city or county with a comprehensive land use plan that allows industrial and commercial development of a type and scale that is sufficient to repay the costs of the project;

(4) A high probability exists for industrial or commercial development, or both, of the properties served by the infrastructure project;

(5) The municipality has provided as part of the security for repayment of loans or bonds made available through ORS 285B.410 to 285B.479, provisions for payments from any owners of property specially benefited by the infrastructure project which are sufficient when considered with other security to assure repayment of bonds and loans made available through ORS 285B.410 to 285B.479;

(6) Moneys in the appropriate accounts of the Special Public Works Fund are or will be available for the infrastructure project;

(7) The municipality is willing and able to enter into a contract with the department for repayment as provided in ORS 285B.437 (1)(a) to (e); and

(8) The proposed infrastructure project is consistent with rules adopted under ORS 285B.419. [Formerly 285.715]

285B.437 Contract with municipality. (1) If the Economic and Community Development Department approves financial assistance from the Special Public Works Fund for an infrastructure project, the department, on behalf of the state, and the municipality may enter into a contract, which shall set forth, among other matters:

(a) An estimate of the reasonable cost of the infrastructure project.

(b) An agreement by the municipality to proceed expeditiously with, and complete, the project in accordance with plans reviewed and approved by the department.

(c) None of the financial assistance provided by the state shall be used for administrative purposes by the municipality.

(d) A statement that the liability of the state under the contract is contingent upon the availability of moneys in the Special Public Works Fund for use in the infrastructure project.

(e) Such other provisions as the department considers necessary to insure expenditure of the moneys for the purposes set forth in the approved application.

(2) When the department approves financial assistance under ORS 285B.410 to 285B.479 for an infrastructure project, the department shall pay moneys for the project from the Special Public Works Fund in accordance with the terms of the contract.

(3) The department shall determine and approve a maximum amount of a loan for an infrastructure project under ORS 285B.410 to 285B.479 based upon a reasonable and prudent expectation of the municipality's ability to repay any amount borrowed. [Formerly 285.717]

285B.440 Maximum amounts of grants; standards. (1) The maximum amount of any grant to a municipality made from the Special Public Works Fund under ORS 285B.419 shall not exceed \$1 million.

(2) No grant to a municipality shall be made for a project in an amount that exceeds 85 percent of total project costs.

(3) The Economic and Community Development Department shall develop standards for determining the maximum proportion of any project which can be funded by grants. Such standards shall at a minimum provide grants equaling a larger percentage of total project costs for projects with greatest economic need.

(4) A grant contract under ORS 285B.437 (1)(a) to (e) and this section may provide for grants on behalf of the municipality on an annual basis in the form of partial repayment to bondholders of amounts owed them. In such cases, the contract shall provide that moneys are or will be available in the Special Public Works Fund for such annual payments. [Formerly 285.720]

285B.443 Conditions for loans or purchase of municipal bonds. (1) Any contract under ORS 285B.437 (1)(a) to (e) that includes provisions for a loan of state moneys to a municipality or the purchase of a bond of a municipality by the state shall include a plan for repayment by the municipality of moneys borrowed from the Special Public Works Fund for an infrastructure project and interest on those moneys at a rate specified in the contract. The repayment plan:

(a) Shall provide for such evidence of debt assurance of, and security for, repayment by the municipality as is considered necessary by the Economic and Community Development Department.

(b) Shall set forth the allocation of special assessments or contractual responsibility among the owners of benefited properties for repayment to the municipality of the amount of the loan.

(c) Shall provide for repayment during a period which shall not exceed the usable life of the proposed project or 25 years, whichever is less.

(2) Notwithstanding any other provision of law, or any restriction on indebtedness contained in a charter, a municipality may borrow from the Special Public Works Fund by entering into a loan contract with the Economic and Community Development Department. The contract may be payable:

(a) From the revenues of any infrastructure project, including special assessment revenues;

(b) From amounts withheld under ORS 285B.449 (1);

(c) From the general fund of the municipality;

(d) From any combination of paragraph (a), (b) or (c) of this subsection; or

(e) From any other sources.

(3) The loan contracts under subsection (2) of this section shall be authorized by an ordinance which is adopted with not less than 14 days' prior notice. Notice shall be published at least once in a newspaper of general circulation within the municipality. [Formerly 285.723]

285B.446 Guaranty of municipal obligations; status of guaranty. (1) The Economic and Community Development Department may enter into contracts to guaranty all or any portion of the obligations of a municipality which are issued to finance an infrastructure project and are not sold to the State of Oregon.

(2) Notwithstanding subsection (1) of this section, guaranty contracts shall be payable solely from money in the Special Public Works Fund, and shall not constitute a debt or obligation of the State of Oregon. The department may, on behalf of the state, establish a special account in the fund, and commit to deposit into the account, specified portions of existing and future allocations to the fund. Such commitments shall be made by rule of the department and shall constitute covenants of the state for the benefit of the owners of obligations guaranteed by the state pursuant to this section. [Formerly 285.725]

285B.449 Effect of failure to comply or default. (1) If a municipality fails to comply with a contract entered into

under ORS 285B.410 to 285B.479, the Economic and Community Development Department may seek appropriate legal remedies to secure any repayment due the Special Public Works Fund. If any municipality defaults on payments due to the Special Public Works Fund under ORS 285B.410 to 285B.479, the State of Oregon may withhold any amounts otherwise due to the municipality to apply to the indebtedness. The department may waive this right to withhold.

(2) Moneys withheld under subsection (1) of this section shall be deposited in the Special Public Works Fund and shall be used to repay any account in the fund from which funds were expended to pay obligations upon which the municipality defaulted. [Formerly 285.727]

285B.452 Other forms of financial assistance. In addition to making loans to municipalities for infrastructure projects and purchasing debt obligations issued to finance an infrastructure project, the Economic and Community Development Department may provide any other form of financial assistance that the department may consider appropriate for the financing of infrastructure projects. [Formerly 285.730]

285B.455 Special Public Works Fund; uses. (1) There is created the Special Public Works Fund, separate and distinct from the General Fund. All moneys credited to the Special Public Works Fund are appropriated continuously and shall be used for the purposes outlined in ORS 285B.410 to 285B.479. There shall be credited to the Special Public Works Fund, money appropriated to the fund by the Legislative Assembly, earnings on the fund, repayment of financial assistance and bond proceeds as authorized under ORS 285B.410 to 285B.479.

(2) Moneys in the Special Public Works Fund, with the approval of the State Treasurer, may be invested as provided by ORS 293.701 to 293.820 and the earnings from such investments shall be credited to the account in the Special Public Works Fund designated by the Economic and Community Development Department.

(3) The Economic and Community Development Department shall be the agency for the State of Oregon for the administration of the Special Public Works Fund.

(4) The department may establish such other accounts within the Special Public Works Fund for the payment of project costs, reserves, debt service payments, credit enhancement, administration and operation expenses or any other purpose necessary to carry out ORS 285B.410 to 285B.479.

(5) Out of moneys in the Special Public Works Fund, the department may make technical assistance grants and loans to municipalities of less than 5,000 residents. A technical assistance grant shall not exceed \$10,000. A technical assistance loan shall not exceed \$20,000. No more than \$250,000 or one percent of the value of the fund, whichever is less, shall be expended on technical assistance grants and loans in any biennium. [Formerly 285.733]

285B.458 Funding of urban and nonurban infrastructure projects. Not less than 33 percent of the funds disbursed from the fund shall be used to provide financial assistance to nonurban infrastructure projects and not less than 33 percent shall be used to provide financial assistance to urban infrastructure projects. [Formerly 285.735]

285B.461 Limit on use of moneys in fund for administrative expenses. Out of the moneys in the Special Public Works Fund the Economic and Community Development Department may expend funds for the purposes of administering ORS 285B.410 to 285B.479. Administrative expenses of the department, that are paid from the Special Public Works Fund, shall not exceed four percent of the moneys allocated to the fund in any biennium. As used in this section, "administrative expenses" includes the department's costs for investigating, approving and monitoring municipalities that apply for funding of infrastructure projects and servicing and collecting outstanding loans and grants made to municipalities. [Formerly 285.737]

285B.464 Certain administrative expenses chargeable to Special Public Works Fund. Notwithstanding any other provision of ORS 285B.410 to 285B.479, the costs of administering infrastructure and community development projects that are related to the purpose of the community development block grant program may be charged to the Special Public Works Fund and used as a match for federal funds available for the administration of community development block grant funds. [Formerly 285.753]

Note: 285B.464 was added to and made a part of ORS chapter 285B by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

(Revenue Bond Financing)

285B.467 Standards for eligibility for revenue bond financing. (1) The Economic and Community Development Department shall adopt by rule standards by which to determine the eligibility for revenue bond financing under ORS 285B.467 to 285B.479 of infrastructure projects that have qualified under ORS 285B.419 to 285B.437 and 285B.449.

(2) In adopting rules establishing guidelines or criteria for awarding loans or grants for drinking water projects, the department shall coordinate the department's rulemaking process with the Water Resources Department and the Health Division of the Department of Human Services in order to assure that rules adopted under this subsection are consistent with rules adopted under ORS 431.120 and 541.845. The rules adopted under this subsection shall:

(a) Require the installation of meters on all new service connections to any distribution lines funded under ORS 285B.410, 285B.461, 285B.560 to 285B.599, 431.120, 541.700, 541.705, 541.755, 541.765, 541.830, 541.845 and this section; and

(3) Upon determining an infrastructure project eligible for revenue bond financing under ORS 285B.467 to 285B.479, the department shall forward the application to the State Treasurer, who shall determine whether to issue revenue bonds.

(4) Notwithstanding ORS 285B.410 (2)(a) and 285B.416 (1), when an infrastructure project is determined to be eligible for revenue bond financing under ORS 285B.467 to 285B.479, the costs for preliminary planning or legal, fiscal and economic investigations, reports and studies to determine the economic and engineering feasibility of the project are included within the total project costs of the project and may be paid from bond proceeds.

(5) Administrative expenses of the department in processing applications and investigating proposed infrastructure projects and bond sales shall not be derived from bond proceeds.

(6) The department may pledge all or any portion of the existing or future assets and receipts of the Special Public Works Fund to pay debt service on bonds issued pursuant to ORS 285B.410 to 285B.479. Such pledge shall take effect immediately, without delivery of the pledged funds to third parties, and the lien of the pledge shall be superior to all other liens of any nature.

(7) The department is authorized to establish separate accounts within the fund for separate bond issues.

(8) As used in this section, "service connection" does not include fire hydrants, fire sprinkler system connections, line blow-offs and drains, stand-by emergency interties, valve controlled drinking fountains and other similar intermittently used connections. [Formerly 285.740]

(1) The State Treasurer may authorize and issue in the name of the State of Oregon revenue bonds secured by moneys paid to the Special Public Works Fund pledged therefor to finance or refinance in whole or part the cost of acquisition, construction, reconstruction, improvement or extension of infrastructure projects. The bonds shall be issued in the manner prescribed by ORS chapter 286, and refunding bonds may be issued to refinance such revenue bonds.

(2) The State Treasurer shall designate the underwriter, trustee and bond counsel and enter into appropriate agreements with each to carry out the provisions of ORS 285B.467 to 285B.479. [Formerly 285.745]

(2) The proceeds of revenue bonds issued and sold under ORS 285B.467 to 285B.479 shall be deposited in the Special Public Works Fund and used for the payment of a loan to a municipality for an infrastructure project and costs of issuing the revenue bonds.

(3) A loan made with money derived from the sale of revenue bonds under this section shall be made as other loans under ORS 285B.419 to 285B.437, 285B.443 and 285B.449 are made, except that the loan contract shall set forth a schedule of payments which shall not exceed the usable life of the contracted infrastructure project. [Formerly 285.747]

285B.479 Terms of revenue bonds. (1) Revenue bonds issued under ORS 285B.467 to 285B.479:

(a) Shall not be payable from nor charged upon any funds other than the revenue pledged to the payment thereof, except as provided in this section, nor shall the state be subject to any liability thereon. No holder or holders of such bonds shall ever have the right to compel any exercise of the taxing power of the state to pay any such bonds or the interest thereon, nor to enforce payment thereof against any property of the state except those moneys pledged therefor in the Special Public Works Fund, under the provisions of ORS 285B.467 to 285B.479.

(b) Shall not constitute a charge, lien or encumbrance, legal or equitable, upon any property of the state, except those moneys paid to the Special Public Works Fund.

(c) Shall not exceed, for all bonds outstanding, a total principal amount of \$200 million.

(2) No bond shall constitute a debt of the state or a lending of the credit of the state within the meaning of any constitutional or statutory limitation. [Formerly 285.750]

[1997 c.800 s.14]

Note: 285B.482 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 285B or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

INFRASTRUCTURE PROJECTS FOR SOUTHERN OREGON

285B.500 Policy; legislative findings. (1) The Legislative Assembly finds that:

(a) It is a matter of statewide importance to increase the infrastructure capacity of Coos, Jackson and Josephine Counties and the rest of southern Oregon.

(b) The absence of such infrastructure capacity, the lack of inexpensive industrial fuel and inadequate

transportation facilities restrict national and international trade and otherwise hinder the economic development of the region.

(c) State financial assistance to specified local projects in southern Oregon will sustain and increase jobs, foster national and international trade, allow industrial and commercial expansion and eliminate other negative effects caused by infrastructure that is inadequate to support a vibrant and expanding economy.

(d) It is desirable to make a present commitment of lottery revenues that are expected to be received in the 1999-2001 and 2001-2003 biennia. A clear and prompt financial commitment from the State of Oregon will allow the project sponsors, in reliance on that commitment, to make prompt commitments to pay their share. Prompt commitment by the project sponsors will enhance the likelihood that other private or federal funds will be received for the projects.

(2) The Legislative Assembly declares that the purpose of ORS 285B.500 to 285B.512 and section 9, chapter 644, Oregon Laws 1997, is to obligate the State of Oregon to pay the amounts specified in ORS 285B.500 to 285B.512 and section 9, chapter 644, Oregon Laws 1997, from future lottery revenues. The obligation of the state to pay the amounts specified in section 9, chapter 644, Oregon Laws, 1997, and in grant agreements authorized by ORS 285B.506 is limited to, and conditioned solely on, the availability of unobligated net lottery proceeds and any other moneys lawfully credited to the Oregon Unified International Trade Fund. Neither the faith and credit nor any of the taxing power of the State of Oregon are pledged or otherwise committed by ORS 285B.500 to 285B.515 and 777.277 to 777.289 and section 9, chapter 644, Oregon Laws 1997, and the commitments of the State of Oregon under ORS 285B.500 to 285B.515 and 777.277 to 777.289 and section 9, chapter 644, Oregon Laws 1997, and any grant agreement shall not constitute a debt or liability of the state within the meaning of section 7, Article XI of the Oregon Constitution. [1997 c.644 s.7]

Note: 285B.500 to 285B.515 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 285B by legislative action. See Preface to Oregon Revised Statutes for further explanation.

285B.503 Oregon Unified International Trade Fund; purposes; sources. (1) There is established in the State Treasury, separate and distinct from the General Fund, the Oregon Unified International Trade Fund. The moneys in the fund are continuously appropriated to the Economic and Community Development Department for:

(a) Paying all or a portion of the costs of:

(A) A project for the extension and improvement of Jackson County Airport runway.

(B) A project for the extension of a natural gas pipeline to the Coos Bay and North Bend area from a location near Roseburg.

(C) A project for improvements to the Klamath Falls International Airport maintained by the City of Klamath Falls.

(b) Transfer to the Oregon Port Revolving Fund created by ORS 285A.708.

(2) A separate account within the Oregon Unified International Trade Fund shall be established for each project listed in subsection (1) of this section.

(3) The Oregon Unified International Trade Fund shall consist of moneys allocated to the fund under section 9, chapter 644, Oregon Laws 1997, and such other moneys as may be appropriated to the fund by the Legislative Assembly, including interest on such moneys. [1997 c.644 s.8]

Note: See note under 285B.500.

Note: Section 9, chapter 644, Oregon Laws 1997, provides:

Sec. 9. (1) Commencing with the fifth fiscal quarter of the 1999-2001 biennium and continuing each quarter through the end of the 2001-2003 biennium, the state shall allocate and deposit in the Oregon Unified International Trade Fund not less than \$1.25 million each fiscal quarter until \$15 million has been deposited into that fund. The deposits shall be made from the first available unobligated net lottery proceeds.

(2) The moneys deposited in the Oregon Unified International Trade Fund under subsection (1) of this section shall be allocated as follows:

(a) To the account for the Jackson County Airport runway project, 53.3 percent.

(b) To the account for the Coos County pipeline project, 26.7 percent.

(c) To the account for the Klamath Falls International Airport improvement project, 13.3 percent.

(d) To the Oregon Community Development Fund created by chapter 620, Oregon Laws 1997 [285A.227], 6.7 percent.

(3) Any earnings on amounts in an account listed in subsection (2) of this section shall be credited to that account. All moneys on deposit from time to time in any account, including investment earnings thereon, and all amounts required by this section to be deposited in any account shall be allocated and are hereby appropriated continuously to the Economic and Community Development Department and shall be transferred by the department to the project sponsor pursuant to a grant agreement under section 10 of this Act [285B.506] for costs of the appropriate project. [1997 c.644 s.9]

Note: Section 2, chapter 702, Oregon Laws 1999, provides:

Sec. 2. (1) Pursuant to sections 1 to 9, chapter 44, Oregon Laws 1999 [286.560 to 286.580 and 348.716], lottery bonds may be issued for the purpose of providing grant moneys to Coos County to be applied by Coos County to the payment of a portion of the costs of designing, acquiring and constructing a natural gas pipeline extending from the existing natural gas pipeline near Roseburg to the Coos Bay and North Bend area, including but not limited to the costs of acquiring all rights of way and interests in real property, machinery, equipment and structures needed for the pipeline.

(2) The use of lottery bond proceeds is authorized based on the following findings:

(a) The economy of Coos County has been depressed in recent years as a result of unfavorable developments in the timber and fishing industries.

(b) The economy of Coos County will benefit from the construction of a natural gas pipeline extending from the existing natural gas pipeline near Roseburg to the Coos Bay and North Bend area because the pipeline will enable Coos County to attract significant industries to locate in the area, thereby increasing opportunities for employment and additional economic activities that will be generated as a result of such industries.

(c) The construction of such a pipeline will therefore promote economic development within this state, and thus the use of net proceeds derived from the operation of the Oregon State Lottery to pay debt service on lottery bonds issued under this section to finance a portion of the costs of such a pipeline is an authorized use of state lottery funds under section 4, Article XV of the Oregon Constitution, and ORS 461.510.

(3) The aggregate principal amount of lottery bonds issued pursuant to subsection (1) of this section shall not exceed the sum of \$20 million and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. No lottery bonds authorized by this section shall be issued until the date upon which the presiding officer of the Board of County Commissioners of Coos County certifies in writing to the Director of the Economic and Community Development Department and the State Treasurer that the conditions set forth in subsection (5) of this section have been satisfied.

(4) Subject to subsection (3) of this section, the lottery bonds authorized by this section shall be issued in the amounts requested by the presiding officer of the Board of County Commissioners of Coos County and as soon as reasonably practicable after the presiding officer requests issuance of the lottery bonds. All requests for the issuance of lottery bonds authorized by this section shall be in writing and sent to the Director of the Economic and Community Development Department and the State Treasurer.

(5) The lottery bonds authorized by this section may not be issued until the electors of Coos County, in accordance with applicable law, authorize Coos County to issue general obligation bonds in an amount which, when added to the maximum amount of the grant to Coos County under this section and any other funds available to Coos County for such purposes, will be sufficient to pay the estimated costs of designing, acquiring and constructing the pipeline.

(6) The net proceeds from the sale of the lottery bonds authorized by this section shall be deposited in the Oregon Unified International Trade Fund. The moneys so deposited in the Oregon Unified International Trade Fund, including investment earnings thereon, are continuously appropriated to the Economic and Community Development Department for the purpose of making a grant to Coos County in accordance with subsection (7) of this section in an amount not to exceed \$20 million.

(7) Prior to the issuance of the lottery bonds authorized by this section, the Economic and Community Development Department shall enter into a grant agreement with Coos County. The grant agreement shall:

(a) Provide that, promptly after issuance of lottery bonds authorized by this section and receipt of the net proceeds thereof, the Economic and Community Development Department shall pay to Coos County the net proceeds of the lottery bonds so issued;

(b) Limit aggregate payments to Coos County under the grant agreement to \$20 million;

(c) Provide that Coos County hold the moneys received under the grant agreement, and the investment earnings thereon, until necessary to pay a portion of the costs of designing, acquiring and constructing the pipeline described in subsection (1) of this section;

(d) Authorize Coos County to expend the moneys received under the grant agreement from time to time for the purpose of paying a portion of the costs of designing, acquiring and constructing the pipeline described in subsection (1) of this section;

(e) Set forth procedures under which Coos County will account to the Economic and Community Development Department for the purpose of documenting that the moneys received under the grant agreement and investment earnings thereon have been expended by Coos County for the purpose authorized by this section; and

(f) Contain all additional terms, conditions and provisions that the Economic and Community Development Department considers necessary or desirable to carry out the purposes of this section. [1999 c.702 s.2]

285B.506 Grant agreements; maximum grant amount; terms of agreement; assignment of right to receive grant moneys; agreement not to constitute state debt. (1) After July 25, 1997, the Director of the Economic and Community Development Department shall enter into a grant agreement with the primary sponsor of a project listed in ORS 285B.503 that commits the State of Oregon to make the deposits specified in section 9, chapter 644, Oregon Laws 1997, and commits the Economic and Community Development Department to pay those deposits, plus earnings, to the primary sponsor as soon as funds are available in the appropriate account of the Oregon Unified International Trade Fund and are required by the primary sponsor for payment of project costs. Notwithstanding any other law, the commitment of the State of Oregon and the department under this section shall be conditioned solely on receipt by this state of unobligated net lottery proceeds sufficient to make the deposits specified in section 9, chapter 644, Oregon Laws 1997.

(2) The total amount paid to the primary sponsor under the grant agreement shall not exceed the amount deposited in the appropriate account for the sponsor's project in the Oregon Unified International Trade Fund, plus any interest earnings on the amounts in the account. The grant agreement shall:

(a) Pledge the unobligated net lottery proceeds to pay the amounts due to the primary sponsor under the grant agreement;

(b) Specify the administrative procedures for making payments to the primary sponsor;

(c) Provide for notification to the director if the primary sponsor determines that it is unable to undertake the project;

(d) Allow assignment of the right to receive amounts payable under the grant agreement to third parties;

(e) Obligate the primary sponsor to remit any unexpended grant funds and any earnings thereon to the State of Oregon after the sponsor's project is complete and all its costs have been paid; and

(f) Contain other terms and conditions that are necessary or appropriate, as determined by the Director of the Economic and Community Development Department, to implement ORS 285B.500 to 285B.512 and section 9, chapter 644, Oregon Laws 1997, to protect the interests and investments of the State of Oregon in the projects specified in ORS 285B.503.

(3) The grant agreement, when executed by the director and accepted by the primary sponsor shall be a valid, binding and irrevocable contractual obligation of the State of Oregon in accordance with its terms. However, amounts due under the grant agreement shall be payable solely from the unobligated net lottery proceeds required by section 9, chapter 644, Oregon Laws 1997, to be deposited in the appropriate account in the Oregon Unified International Trade Fund.

(4) The primary sponsor may pledge or assign its right to receive amounts due under the grant agreement as security for any contractual obligation the primary sponsor undertakes to pay or finance costs of the project. Any pledge or assignment authorized by ORS 285B.500 to 285B.515 and 777.277 to 777.289 and section 9, chapter 644, Oregon Laws 1997, shall be valid and binding upon the primary sponsor, the Economic and Community Development Department, the State of Oregon and all other persons from the date it is made. The unobligated net lottery proceeds so pledged shall be immediately subject to the lien of the pledge without physical delivery, filing or other act, and the lien of the pledge shall be superior to all other claims and liens of any kind whatsoever. Upon notice from the primary sponsor that it has pledged the unobligated net lottery proceeds or assigned the right to receive amounts due under the grant agreement, the department shall fully cooperate with the primary sponsor and the pledgee or assignee to give effect to the pledge or assignment, including but not limited to acknowledging in writing to the primary sponsor and the pledgee or assignee the existence and validity of the pledge or assignment and agreeing that amounts due under the grant agreement shall be paid to the pledgee or assignee or into the custodial accounts established for the benefit of the

pledgee or assignee.

(5) The grant agreement shall not contain provisions or be construed or enforced in any manner that may cause the grant agreement to constitute a debt or liability of the state that violates section 7, Article XI of the Oregon Constitution. [1997 c.644 s.10]

Note: See note under 285B.500.

285B.509 Agreements between primary sponsor and United States. The primary sponsors of projects listed in ORS 285B.503 are authorized to enter into agreements with agencies of the United States for the project and, notwithstanding any other provision of law, may each agree to be bound by any requirement imposed by an Act of the United States Congress as a condition of federal participation in the project. [1997 c.644 s.11]

Note: See note under 285B.500.

285B.512 End of lottery allocations upon certification by Director of Economic and Community Development Department. (1) The deposit of unobligated net lottery proceeds to an account in the Oregon Unified International Trade Fund shall cease if and when the Director of the Economic and Community Development Department certifies in writing that deposits are no longer required because:

- (a) Sufficient funds are on hand in the account to pay all amounts required to be paid under the grant agreement;
- (b) All amounts required to be paid under the grant agreement have been paid; or
- (c) The primary sponsor has notified the director pursuant to the grant agreement that the primary sponsor is unable to undertake the project.

(2) Upon receipt of the director's written certification pursuant to subsection (1) of this section, the State Treasurer shall thereafter credit any amounts remaining in the account that are not required to pay amounts due under the grant agreement, and any lottery revenues that otherwise would have been deposited in the account under section 9, chapter 644, Oregon Laws 1997, to the Administrative Services Economic Development Fund. In addition, any unexpended grant funds and earnings which are remitted to the State of Oregon pursuant to the grant agreement shall be credited to the Administrative Services Economic Development Fund. [1997 c.644 s.12]

Note: See note under 285B.500.

285B.515 “Primary sponsor” defined for ORS 285B.500 to 285B.512. [1997 c.644 s.13]

- (1) “Infrastructure lottery bonds” means the bonds authorized to be issued under ORS 285B.533 for the purpose of financing infrastructure projects.
- (2) “Infrastructure projects” includes:
 - (a) A water project defined in ORS 285B.560; and

and Community Development Department. Infrastructure lottery bonds may be issued in an amount sufficient to provide no more than \$6 million of net proceeds to pay costs of infrastructure projects, plus the amounts required to pay bond-related costs.

(2) The net proceeds from the sale of the infrastructure lottery bonds shall be allocated to the Economic and Community Development Department for the State of Oregon's match of federal moneys under the Safe Drinking Water Act.

(3) The net proceeds from the sale of the infrastructure lottery bonds that are available to pay costs of infrastructure projects shall be credited to the Water Fund created by ORS 285B.563. All such net proceeds are appropriated continuously to the Economic and Community Development Department only for payment of costs of infrastructure projects described in subsection (2) of this section and for payment of bond-related costs that are allocable to infrastructure lottery bonds.

(4) The Economic and Community Development Department and any municipality receiving proceeds of infrastructure lottery bonds shall, if so directed by the Oregon Department of Administrative Services, take any action specified by the Oregon Department of Administrative Services that is necessary to maintain the excludability of lottery bond interest from gross income under the United States Internal Revenue Code. [1997 c.800 s.17; 1999 c.44 s.25]

(1) Notwithstanding ORS 286.505 to 286.545, infrastructure lottery bonds may be issued during the 1997-1999 biennium in an aggregate principal amount that produces net proceeds for infrastructure projects that shall not exceed \$6 million, plus an amount that the State Treasurer estimates will be required to pay bond-related costs.

(2) In future biennial periods, the amount of infrastructure lottery bonds that may be issued shall be authorized under ORS 286.505 to 286.545. [1997 c.800 s.22]

Note: See note under 285B.530.

285B.551 Issuance of additional lottery bonds; amount; use of bond proceeds; Economic Infrastructure Project Fund. (1) Pursuant to ORS 286.560 to 286.580 and 348.716, lottery bonds may be issued:

(a) To provide financial and other assistance, including but not limited to loans and grants, to municipalities, ports and other persons and entities in accordance with the laws governing use of moneys in the Special Public Works Fund created by ORS 285B.455, the Water Fund created by ORS 285B.563, the Safe Drinking Water Revolving Loan Fund created by ORS 285A.213, the Oregon Port Revolving Fund created by ORS 285A.708, the Brownfields Redevelopment Loan Fund created by ORS 285A.188 and the Marine Navigation Improvement Fund created by ORS 777.267.

(b) To fund Oregon's share of the costs of the Columbia River channel deepening project.

(2) The use of lottery bond proceeds is authorized based on the following findings:

(a) The financial and other assistance to municipalities, ports and other persons and entities will assist in the construction, improvement and expansion of infrastructure, community and port facilities and other facilities that comprise the physical foundation for industrial and commercial activity and provide the basic framework for continued and expanded economic opportunities and quality communities throughout Oregon.

(b) The Columbia River channel deepening project is necessary to allow newer, larger steamships access to Oregon and Washington deep draft ports. A deeper shipping channel will allow the Columbia River to continue as a world leader in agricultural exports and as a key trade corridor for farms and businesses throughout Oregon and the region.

(c) Such financial and other assistance to municipalities, ports and other persons and entities and the deepening of

the Columbia River channel will therefore promote economic development within this state, and thus the use of net proceeds derived from the operation of the Oregon State Lottery to pay debt service on lottery bonds issued under this section to provide such financial and other assistance to municipalities, ports and other persons and entities and to pay a portion of the costs of deepening the Columbia River channel is an authorized use of state lottery funds under section 4, Article XV of the Oregon Constitution, and ORS 461.510.

(3) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(a) of this section for financial and other assistance to municipalities, ports and other persons and entities shall not exceed the sum of \$45 million and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(b) of this section for the Columbia River channel deepening project shall not exceed the sum of \$17.7 million and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. Lottery bonds issued pursuant to this section shall be issued only at the request of the Director of the Economic and Community Development Department. The director shall not request the issuance of lottery bonds pursuant to subsection (1)(b) of this section until a final environmental impact statement has been issued and a record of decisions has been submitted to Congress by the United States Army Corps of Engineers, Congress has authorized the Columbia River channel deepening project, and the Washington sponsors' shares of the costs of the Columbia River channel deepening project have been committed.

(4) The net proceeds of lottery bonds issued pursuant to this section shall be deposited in the Economic Infrastructure Project Fund, which is hereby established in the State Treasury separate and distinct from the General Fund. All moneys in the Economic Infrastructure Project Fund are continuously appropriated to the Economic and Community Development Department for any purpose for which moneys in the Special Public Works Fund created by ORS 285B.455 may be used, any purpose for which moneys in the Water Fund created by ORS 285B.563 may be used, any purpose for which moneys in the Safe Drinking Water Revolving Loan Fund created by ORS 285A.213 may be used, any purpose for which moneys in the Oregon Port Revolving Fund created by ORS 285A.708 may be used, any purpose for which moneys in the Brownfields Redevelopment Loan Fund created by ORS 285A.188 may be used and any purpose for which moneys in the Marine Navigation Improvement Fund created by ORS 777.267 may be used. The Director of the Economic and Community Development Department shall allocate the moneys deposited in the Economic Infrastructure Project Fund for the purposes described in this subsection in accordance with the policies developed by the Oregon Economic and Community Development Commission in accordance with ORS 285A.045. However, the director shall transfer from the Economic Infrastructure Project Fund to the Marine Navigation Improvement Fund the proceeds of any lottery bonds sold to finance a portion of the costs of the Columbia River channel deepening project. Upon determining the relative allocation of moneys deposited in the Economic Infrastructure Project Fund among the purposes described in this subsection, the director shall transfer from the Economic Infrastructure Project Fund, and deposit into each of the other funds described in this subsection, the amounts so allocated. Notwithstanding any other provision of law governing the funds described in this subsection, the funds described in this subsection may be credited with moneys transferred from the Economic Infrastructure Project Fund by the director in accordance with this subsection.

(5) The proceeds of lottery bonds issued pursuant to this section shall be used only for the purposes set forth in subsection (4) of this section and for bond-related costs. [1999 c.702 s.1]

Note: 285B.551 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 285B or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

Note: Sections 6 and 8 (2), chapter 702, Oregon Laws 1999, provide:

Sec. 6. (1) Pursuant to sections 1 to 9, chapter 44, Oregon Laws 1999 [286.560 to 286.580 and 348.716], lottery bonds may be issued to fund projects for the development and improvement of systems, facilities and equipment of the Oregon Garden in Silverton.

(2) The use of lottery bond proceeds is authorized based on the following findings:

(a) The activities of the Oregon Garden promote Oregon's horticultural industry and its products;

(b) The promotion of horticultural products expands markets, which in turn creates jobs and stimulates economic development of the industry; and

(c) The Oregon Garden will attract tourists from throughout the nation and world and thereby generate substantial economic activity for Marion County.

(3) The aggregate principal amount of lottery bonds issued pursuant to this section shall not exceed the sum of \$1 million and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. Lottery bonds issued pursuant to this section shall be issued only at the request of the Director of the Economic and Community Development Department.

(4) The net proceeds of lottery bonds issued pursuant to this section shall be deposited in the Economic Infrastructure Project Fund established under section 1 of this 1999 Act [285B.551].

(5) The proceeds of lottery bonds issued pursuant to this section shall be used only for the purposes set forth in subsection (1) of this section and for bond-related costs. [1999 c.702 s.6]

Sec. 8. (2) The Economic and Community Development Department shall pay amounts required for debt service on lottery bonds issued during the 1999-2001 biennium under sections 1 [285B.551], 2, 3 [458.720] and 6 of this 1999 Act from moneys allocated to the department from the Administrative Services Economic Development Fund. [1999 c.702 s.8(2)]

(8)(a) The Economic and Community Development Department shall manage the Water Fund and any expenditures from accounts in the fund and transfers between accounts so that the fund value shall be equal to at least 50 percent of lottery revenues actually transferred to the fund plus interest on such amounts compounded annually at five percent. The fund value shall be determined by adding the cash reserves and the outstanding principal amount of loans to municipalities. Any amount of loan principal that is forgiven shall be subtracted from the value of the fund. The value of the fund shall include moneys in the fund that are pledged to the repayment of state bonds.

(b) The department shall certify to the State Treasurer in each quarter the value of the fund.

(B) Imposes a moratorium on grants until the requirements of paragraph (a) of this subsection are satisfied.

(9)(a) The department may charge administrative costs to the fund, but not to moneys segregated in the account created by subsection (11) of this section, to pay for administrative expenses incurred by the department for processing applications, investigating water projects, monitoring recipients of financing for water projects and servicing and collecting outstanding financial awards made for water projects.

285B.665 Legislative findings. The Legislative Assembly finds and declares that the health, safety and welfare of the people of this state are dependent upon the continued encouragement, development, growth and expansion of employment, business, industry and commerce throughout all regions of the state, but especially in those communities at the center of or outside major metropolitan areas for which geography may act as an economic hindrance. The Legislative Assembly further declares that there are areas in the state that need the particular attention of government to help attract private business investment into these areas and to help resident businesses to reinvest and grow and that many local governments wish to have tax incentives and other assistance available to stimulate sound business investments that support and improve the quality of life. Therefore, it is declared to be the purpose of ORS 285B.650 to 285B.728 to stimulate and protect economic success in such areas of the state by providing tax incentives for

employment, business, industry and commerce and by providing adequate levels of complementary assistance to community strategies for such interrelated goals as environmental protection, growth management and efficient infrastructure. [Formerly 285.573; 1999 c.460 s.6]

(B) Where road access exists or will be provided, water is or will be available on-site, sewage disposal is or will be provided on-site and necessary utility services are or will be provided;

(b) Continue to include any precertified or qualified business firms within the enterprise zone;

(c) Add residential areas only if the level of economic hardship therein is at least as severe as the original enterprise zone;

(d) Retain at least 50 percent of the lands in the original enterprise zone;

(e) Consist of a total area of not more than 12 square miles in size. The area of the zone shall be calculated by excluding that portion of the zone which lies below the ordinary high water mark of a navigable body of water, and

any road, railroad, electric transmission line or pipeline rights of way that connect otherwise unconnected areas of an enterprise zone. Such areas shall not be more than five miles apart; and

(f) Have 12 miles or less as the greatest distance between any two points within a zone amended under this section.

(3) A request under subsection (1) of this section may include a proposal to:

(a) Remove residential areas or land not zoned or available for use by eligible business firms; or

(b) Change the name of the enterprise zone.

(4) The boundary of an urban enterprise zone shall not be modified to include land located outside a regional or metropolitan urban growth boundary.

(5) A request to modify the boundary of a nonurban enterprise zone to include land located outside an urban growth boundary shall satisfy the requirements of subsections (1) and (2) of this section and shall include such other criteria as the department may adopt by rule.

(6) If an area to be added to an enterprise zone is under the jurisdiction of a city or county that is not a sponsor of the enterprise zone, the governing body of that city or county shall submit a resolution requesting the change and that it become a sponsor. The resolution may include a binding proposal for enhanced local public services, local incentives or local regulatory flexibility to be effective within the portion of the enterprise zone to be under the jurisdiction of that city or county.

(7) The department shall review the request for a boundary change. If the request is incomplete or does not satisfy the requirements of this section, the department shall seek additional information as necessary or shall return the request to the sponsor. If the request is returned, the sponsor may submit a revised request at any time. If the request is complete and does satisfy the requirements of this section, the Director of the Economic and Community Development Department shall order a change in the boundary of an enterprise zone based on the request of the sponsor and specify the effective date of the boundary change, which shall not be earlier than the receipt of a completed request.

(8) A change in the boundary of an enterprise zone under this section shall not change the termination date of the enterprise zone under ORS 285B.686 (3). [Formerly 285.585]

Note: See note under 285B.650.

285B.683 Change in boundaries of nonurban enterprise zone. (1) Notwithstanding ORS 285B.656 (3) and 285B.680 (2)(e) and (f), a nonurban enterprise zone may be designated under ORS 285B.659 or 285B.689 or have its zone boundary changed under ORS 285B.680 so that:

(a) A separate area of the zone may be as far as 15 miles from another area of the zone, when the separate area is entirely contained within a sparsely populated county;

(b) The zone may have 20 or fewer miles as the greatest distance between any two points within the zone, when only a portion of the zone is contained within a sparsely populated county; or

(c) The zone may have 25 or fewer miles as the greatest distance between any two points within the zone, when the zone is entirely contained within a sparsely populated county or within two or more sparsely populated counties.

(2) If the population density of a county increases to more than 100 persons per square mile, any existing enterprise zone located wholly or partly within that county that was designated or that had its zone boundary changed under subsection (1) of this section shall continue to exist with that zone boundary until terminated or until a subsequent boundary change under ORS 285B.680. However, any subsequent boundary change under ORS 285B.680 shall not add an area to the zone that:

(a) Is a separate area farther than five miles from the nearest point on the existing boundary;

(b) Increases the distance between the two points in the zone that are the farthest apart; or

(c) Creates a new line of distance to the farthestmost opposite point in the zone that is longer than the greatest distance between any two existing points in the zone.

(3) Subsection (2) of this section does not limit the maximum distance within an enterprise zone to less than what is otherwise specifically allowed under subsection (1) of this section or ORS 285B.677 or 285B.680.

(4) Nothing in this section allows an enterprise zone to be more than 12 square miles in total area except as provided under ORS 285B.677.

(5) As used in this section, “sparsely populated county” means a county with a density of 100 or fewer persons per square mile, based on the most recently available population figure for the county from the Portland State University Center for Population Research and Census. [1997 c.835 s.2]

Note: See note under 285B.650.

285B.686 Zone termination. (1) Enterprise zones designated under ORS 284.110 to 284.260 (1987 Replacement Part) by order of the Governor before October 3, 1989, are declared valid and shall continue to exist until terminated under this section.

(2) When the termination of an enterprise zone occurs under this section:

(a) The termination of the enterprise zone shall not affect the continuation of a qualified business firm's property tax exemption for which the firm qualified before the effective date of the termination of the enterprise zone.

(b) Notwithstanding ORS 285B.698 (5)(e) and 285B.719 (6), a business firm that is currently precertified or qualified in the enterprise zone shall be allowed until 10 years after the effective date of the termination of the enterprise zone to apply for precertification under ORS 285B.719 and subsequently for property tax exemptions under ORS 285B.722 for any qualified property that is located inside the former enterprise zone boundaries at the time of termination and entirely outside of the boundaries of any current enterprise zone. Construction, modification or installment of qualified property must commence prior to the end of an exemption of the precertified or qualified business firm under ORS 285B.698 or 285B.710 and be completed in accordance with ORS 285B.719 (5)(b) and (c). The precertified or qualified business firm must comply with the requirements under ORS 285B.692 to 285B.728 in effect at the time of the termination of the enterprise zone.

(c) Disqualification under ORS 285B.728 of an entire property tax exemption after the date of the termination of the enterprise zone shall prohibit and terminate all precertifications and qualifying property tax exemptions that would not otherwise be allowed except for paragraph (b) of this subsection. Such termination shall not result in repayment of property taxes exempted before the tax year in which the disqualification takes effect.

(3) An enterprise zone previously designated by order of the Governor or designated by the Director of the Economic and Community Development Department under ORS 285B.653, 285B.677 or 285B.689 shall terminate when 10 years plus that number of days necessary to delay the date of termination to the June 30 next following have elapsed since the enterprise zone was originally designated by order of the Governor or the director.

(4) An enterprise zone shall terminate prior to the time specified in subsection (3) of this section only as provided in subsection (5) or (6) of this section.

(5) The governing body of the sponsor may submit a resolution requesting termination of the enterprise zone to the Economic and Community Development Department. The sponsor shall provide copies of the resolution to the county assessor and the Department of Revenue. After receipt of the request, the director shall order termination of the enterprise zone and shall specify the effective date of such termination.

(6) If a sponsor is unable or unwilling to carry out its responsibilities under ORS 285B.671, the director shall order termination of the enterprise zone and shall specify the effective date of such termination. However, in the case of failure to provide enhanced local public services, local incentives or local regulatory flexibility included in the application for designation as an enterprise zone or in the resolution under ORS 285B.680 (6), termination is not required if the sponsor provides new enhanced local public services, local incentives or local regulatory flexibility that have similar value, as determined by the department, to precertified or qualified business firms. A sponsor may reduce the time within which it will provide enhanced local public services, local incentives and local regulatory flexibility to a time period equal to the amount of time allowed for an exemption under ORS 285B.698 or 285B.710, without causing termination under this section. [Formerly 285.587]

Note: Section 4, chapter 1104, Oregon Laws 1999, provides:

Sec. 4. Notwithstanding ORS 285B.686 (2)(b), sections 2 [285B.723] and 3c of this 1999 Act and the amendments to ORS 285B.701 and 285B.704 by sections 3 and 3a of this 1999 Act are effective for any exemption granted under ORS 285B.650 to 285B.728. [1999 c.1104 s.4]

Note: See note under 285B.650.

285B.689 Designation of new zones after termination. (1) Within a reasonable period of time prior to the termination of enterprise zones under ORS 285B.686 (3), the Director of the Economic and Community Development Department shall competitively designate the same number of enterprise zones effective immediately after termination of the previous enterprise zones. The determination by the director as to the areas designated as enterprise zones shall be final.

(2) When an enterprise zone is terminated under ORS 285B.686 (5) or (6), the director may competitively

designate a new enterprise zone. The sponsor of the enterprise zone terminated under ORS 285B.686 (5) or (6) is not eligible to apply for a new enterprise zone, except for a county government when the terminated zone was also jointly sponsored by one or more cities.

(3) Sponsors of existing enterprise zones are eligible to reapply for designation under subsection (1) of this section.

(4) Any city or county may apply to the director for designation of an enterprise zone in accordance with the criteria set forth in ORS 285B.656 and 285B.662. In addition, the Economic and Community Development Department by rule shall determine the minimum level of economic hardship in any area to be included within an enterprise zone, any other criteria necessary to evaluate the need for the enterprise zone and the potential for accomplishing the purposes of ORS 285B.650 to 285B.728.

(5) All enterprise zones designated under this section shall terminate in accordance with ORS 285B.686 (3).

(6) When the director designates enterprise zones under this section, there is no limit on the relative number of urban or nonurban enterprise zones designated.

(7) The director may determine when to accept applications for any enterprise zone that terminates under subsection (2) of this section or is not designated under subsection (1) of this section for lack of qualified applicants. [Formerly 285.588]

Note: See note under 285B.650.

(Tax Exemptions)

Note: Sections 3c and 4a, chapter 1104, Oregon Laws 1999, provide:

Sec. 3c. (1) If an eligible business firm completes an investment of \$25 million or more in the enterprise zone in qualified property confined entirely within an established operating division of the firm that would be an eligible business firm if it were separately incorporated, the firm may elect to have the division treated as a separate eligible business firm for purposes of applicable requirements under ORS 285B.692 to 285B.728. The election described in this subsection may only be made with respect to an application for the exemption of qualified property under ORS 285B.722 that was filed on or before January 1, 1999.

(2) For purposes of ORS 285B.704 (2) or (3), if the eligible business firm makes a total investment in the enterprise zone of \$50 million or more in qualified property that initially qualifies for not more than three consecutive years, the governing body of the sponsor may also provide for one or more of the following as documented in the resolution under ORS 285B.704:

(a) That, notwithstanding ORS 285B.701 (3) or 285B.719 (1), this subsection and the application for precertification includes qualified property in the zone, for which construction, modification or installation commenced prior to the application, if the firm is precertified prior to use or occupancy of the qualified property;

(b) That the exemption shall be granted without regard to the cost of any portion of the investment that initially qualifies in any single year; or

(c) That the firm is not bound by any election under subsection (1) of this section or ORS 285B.707 (5) in effect at the time at which the zone terminated, in the case of a precertification and exemption that is otherwise allowed under ORS 285B.686 (2). [1999 c.1104 s.3c]

Sec. 4a. Section 3c of this 1999 Act is repealed on December 31, 2005. [1999 c.1104 s.4a]

Note: Sections 36 to 40 and 42 to 44, chapter 835, Oregon Laws 1997, provide:

Sec. 36. As used in sections 36 to 40, chapter 835, Oregon Laws 1997:

(1) "County with chronically low income or chronic unemployment" means, based on the most recently revised annual average unemployment rate or annual per capita income levels available, a county in which:

(a) The median ratio of the per capita personal income of the county to the equivalent annual personal income figure of the entire United States for each year, as reported by the Bureau of Economic Analysis of the United States Department of Commerce, is equal to or less than 0.75 over the last 10 years;

(b) Both of the following criteria are satisfied:

(A) The median ratio of the unemployment rate of the county to the equivalent rate of the entire United States for each year is at least 1.3 over the last 20 years or over the last 10 years; and

(B) The current unemployment rate of the county is at least one percentage point higher than the unemployment rate of the county for the immediately prior year or at least 50 percent higher than the current unemployment rate of this state; or

(c) The population of the county has experienced a negative net migration, irrespective of natural population change, since the most recent federal decennial census occurring three or more years prior to the current estimated population figure for the county, based on available population statistics.

(2) "Nonurban enterprise zone" has the meaning given that term in ORS 285B.650.

(3) "Taxing unit" means the State of Oregon or any county, city, municipal corporation, district or other government unit that has the power to tax. [1997 c.835 s.36; 1999 c.1104 s.10]

Sec. 37. (1) Any business firm proposing to apply for the tax exemption provided under section 38 (1), chapter 835, Oregon Laws 1997, shall, before the commencement of construction or installation of property or improvements at a facility in a nonurban enterprise zone and before the hiring of employees, apply for certification with the sponsor of the zone and with the county assessor of the county or counties in which the zone is located. The application shall be made on a form prescribed by the Department of Revenue.

(2) The application shall contain the following information:

(a) A description of the firm's business operations and facility in the nonurban enterprise zone;

(b) A description and estimated cost or value of the property or improvements to be constructed or installed at the facility in the nonurban enterprise zone;

(c) An estimate of the number of employees at the facility that will be hired by the firm;

(d) A commitment to meet all requirements of subsection (8) of this section;

(e) A commitment to satisfy all additional conditions for certification that are imposed by the nonurban enterprise zone sponsor under subsection (3)(c) of this section; and

(f) Any other information considered necessary by the Department of Revenue.

(3) The sponsor and the county assessor shall certify the business firm by approving the application if the sponsor and the county assessor determine that:

(a) The governing body of the county and city in which the facility is located has adopted a resolution approving the property tax exemption for the facility;

(b) The business firm has committed to meet the requirements of subsection (8) of this section;

(c) The business firm has entered into a written agreement with the sponsor of the nonurban enterprise zone that may include any additional requirements that the sponsor may reasonably request, including but not limited to contributions for local services or infrastructure benefiting the facility; and

(d) The facility is located in a county with chronically low income or chronic unemployment, based on the most recently revised annual data available when the written agreement with the zone sponsor is entered into.

(4) The approval of an application by both the sponsor and the county assessor under subsection (3) of this section shall be prima facie evidence that the business firm will be qualified for the property tax exemption under section 38 (1) and (2), chapter 835, Oregon Laws 1997.

(5) The sponsor or the county assessor shall not be liable in any way if it is determined that the certified business firm has not satisfied the requirements of subsection (8) of this section.

(6) The sponsor and the county assessor shall provide copies of an approved application to the applicant, the Department of Revenue and the Economic and Community Development Department.

(7) If the sponsor or the county assessor fails or refuses to certify the business firm, the business firm may appeal to the Oregon Tax Court under ORS 305.404 to 305.560. The business firm shall provide copies of the firm's appeal to the sponsor, the county assessor, the Economic and Community Development Department and the Department of Revenue.

(8) A business firm shall receive a property tax exemption from the county assessor under section 38 (1), chapter 835, Oregon Laws 1997, for property and improvements at a facility in a nonurban enterprise zone if, except as allowed under section 15 (1), (2) or (3) or section 17 (1) of this 1999 Act, all of the following conditions are met:

(a) By the end of the calendar year in which the facility is placed in service, the total costs of property and improvements at the facility after certification are or will be more than the lesser of:

(A) \$50 million; or

(B) A figure equal to one percent of the value of all nonexempt taxable property in the county in which the facility is located, as reported by the Department of Revenue as net real market value at the time that the business firm is certified, and rounded to the nearest \$10 million of such value.

(b) The business firm hires or will hire at least 75 full-time employees at the facility by the end of the fifth calendar year following the year in which the facility is placed in service. Unless the decrease in the number of employees is caused by circumstances beyond the taxpayer's control, including force majeure, or is due to a temporary adverse business cycle, after the number of employees required by this paragraph are hired, the number of employees shall not fall below 75.

(c) The annual average compensation for employees, based on payroll, at the business firm's facility is at least 150 percent of the average wage in the county in which the facility is located. This one-time requirement may be met in any year during the first five years after the year in which operation of the facility begins. Unless the decrease in the average compensation is caused by circumstances beyond the taxpayer's control, including force majeure, the average compensation at the taxpayer's facility shall not decrease to less than 150 percent of the average wage in the county in which the taxpayer's facility is located, as determined for the year in which the one-time requirement was met.

(9) Upon meeting the requirements set forth in subsection (8) of this section, the business firm shall notify the county assessor in writing that the requirements of subsection (8) of this section have been met.

(10) The county assessor, for each tax year that the property at the facility is exempt from taxation under section 38 (1) or (2), chapter 835, Oregon Laws 1997, shall:

(a) Enter on the assessment roll, as a notation, the real market value and assessed value of the property as if it were not exempt under section 38 (1) or (2), chapter 835, Oregon Laws 1997.

(b) Enter on the assessment and the tax roll, as a notation, the amount of taxes that would be due if the property were not exempt.

(c) Indicate on the assessment and tax roll that the property is exempt and is subject to potential additional taxes as provided in section 39, chapter 835, Oregon Laws 1997, by adding the notation "enterprise zone exemption (potential additional tax)." [1997 c.835 s.37; 1999 c.1104 s.11]

Sec. 38. (1) All of the property and improvements at the facility of a certified business firm shall be exempt from ad valorem taxation if the facility satisfies the requirements of section 37 (8), chapter 835, Oregon Laws 1997. The exemption allowed under this subsection shall first apply to the ad valorem tax year immediately following the tax year in which the business firm's facility is placed in service.

(2) Prior to the ad valorem tax year specified in subsection (1) of this section, no ad valorem taxes shall be imposed by a taxing unit on or with respect to the facility site and any property thereon owned or leased by the taxpayer, beginning in the tax year that begins in the first calendar year after which the business firm is certified or after which construction or reconstruction of the facility commences, whichever event occurs later.

(3) Any exemption allowed under subsection (1) or (2) of this section shall be 100 percent of the assessed value of the property and improvements at the facility in each of the tax years for which the exemption is available.

(4) The exemption allowed under subsection (1) of this section is available for a period of at least 7 but not more than 15 consecutive tax years, as determined in the written agreement between the business firm and the enterprise zone sponsor under section 37 (3)(c), chapter 835, Oregon Laws 1997.

(5) An exemption allowed under subsection (1) or (2) of this section shall not be allowed for real or personal property that has received a property tax exemption under ORS 285B.698. [1997 c.835 s.38; 1999 c.1104 s.12]

Sec. 39. If a business firm that is certified under section 37, chapter 835, Oregon Laws 1997, does not begin operations or is not reasonably expected to begin operations, as determined by the county assessor consistent with criteria established by rule of the Department of Revenue, or fails to meet the minimum requirements set forth in section 37 (8), chapter 835, Oregon Laws 1997, while receiving an exemption under section 38 (1) or (2), chapter 835, Oregon Laws 1997, the exemption shall terminate on July 1 following the then current tax year and there shall be added to the tax extended against the property on the next general property tax roll, to be collected and distributed in the same manner as the remainder of ad valorem property taxes, an amount equal to the difference between the taxes assessed against the property and improvements and the taxes that would otherwise have been assessed against the property and improvements for each of the consecutive tax years referred to in section 38 (4), chapter 835, Oregon Laws 1997, (or a lesser number of applicable years) and for any tax years under section 38 (2), chapter 835, Oregon Laws 1997, prior to the termination of the exemption under this section. [1997 c.835 s.39; 1999 c.1104 s.13]

Sec. 40. (1) Notwithstanding any law under which a taxing unit may levy or impose any ad valorem taxes on or with respect to a taxpayer located in a nonurban enterprise zone, a taxpayer that is a subchapter C corporation for federal income tax purposes and that owns or leases and is operating a facility in a nonurban enterprise zone that is

exempt from ad valorem property taxes under section 38 (1), chapter 835, Oregon Laws 1997, is entitled to tax credits for each tax year that are equal to 62.5 percent of the taxpayer's payroll and employee benefit costs, including but not limited to workers' compensation insurance and payroll taxes, of the facility for a period of at least 5 but not more than 15 consecutive tax years, as set forth and approved in writing by the Governor.

(2) The 5- to 15-year period referred to in subsection (1) of this section may begin in any tax year designated by the taxpayer in writing to the Department of Revenue, but shall not begin later than the third calendar year after the year in which the taxpayer begins operation of the facility. The entitlement of the taxpayer to the tax credits allowed under this section is not jeopardized solely because the 5- to 15-year period extends beyond the conclusion of the exemption period under section 38 (4), chapter 835, Oregon Laws 1997, if the requirements of section 37 (8), chapter 835, Oregon Laws 1997, continue to be satisfied.

(3) The tax credits authorized by this section may be used in each year during the 5- to 15-year period referred to in subsection (1) of this section to offset any corporate excise taxes, corporate income taxes, gross receipts taxes, sales and use taxes, except vehicle and vehicular fuel taxes, or any other similar taxes levied or imposed by the State of Oregon relating to the facility.

(4) Unless the facility is disqualified under section 39, chapter 835, Oregon Laws 1997, any tax credits allowable under this section during the 5- to 15-year period referred to in subsection (1) of this section that are not used by the taxpayer in a particular tax year during such 5- to 15-year period may be carried forward and used by the taxpayer for a period of five years after the end of the 5- to 15-year period referred to in subsection (1) of this section.

(5) Notwithstanding subsections (3) and (4) of this section:

(a) Tax credits allowable under this section may not be used to offset the first \$1 million, or a lesser amount that is allowed under section 15 (4) of this 1999 Act, of corporate excise or income taxes paid by the corporation to this state in any taxable year. The first \$1 million paid or any lesser amount that is allowed and paid includes taxes generally attributable to operations of the taxpayer throughout this state.

(b) The Department of Revenue shall distribute annually 30 percent of the taxpayer's annual tax payment of corporate or income taxes to the enterprise zone sponsor and other taxing districts, beginning in the first year for which a tax credit allowable under this section is claimed, and continuing either until the end of the period of five years under subsection (4) of this section, or until no unused tax credit is claimed in a year during that period.

(c) Following distribution to the enterprise zone sponsor and other taxing districts of 30 percent of the first \$1 million or any lesser amount that is allowed of corporate income or excise taxes paid, further distribution under paragraph (b) of this subsection shall be limited to 30 percent of the corporation's annual payment of income or excise taxes relating to the facility, if any, that remain following exhaustion of any tax credit allowable and claimed under this section.

(d) The 30 percent of annual tax payment to be distributed under this subsection shall not be considered a part of the budget of the General Fund and shall be held separate and apart from the general tax collections of this state in a suspense account established under ORS 293.445 pending the actual distribution to the zone sponsor and other taxing districts.

(e) For purposes of this subsection, tax credits, other than those allowable under this section:

(A) Are not considered payments; and

(B) May not be used to offset the first \$1 million or any lesser amount that is allowed of the corporation's income or excise taxes paid, or any such taxes paid relating to the facility, in any taxable year in which tax credits allowable under this section are claimed.

(6) Notwithstanding subsections (1) to (5) of this section, a taxing unit shall not levy or impose any taxes described in subsection (3) of this section on or with respect to a facility of the taxpayer, or the production therefrom, until the taxable year after the tax year in which the taxpayer's facility is placed into service.

(7) The tax credits allowed under this section are not in lieu of any deductions for depreciation or amortization, for payment of wages or other employee costs or for any other costs or expenses to which the corporation is entitled.

(8) The tax credits allowed under this section may not be transferred to another taxpayer.

(9)(a) For the purposes of calculating corporate income or excise taxes for the tax credits allowed under this section, "income or excise taxes relating to the facility" means income or excise taxes directly attributable to the qualifying facility and its operations at the facility site without regard to the existence of other operations or facilities of the taxpayer, whether within or outside this state.

(b) If the qualifying facility is the only property or operation of the taxpayer within this state, all Oregon income or excise taxes of the taxpayer are income or excise taxes relating to the facility.

(c) If the taxpayer maintains other Oregon property or operations in addition to the qualifying facility, income or

excise taxes relating to the facility are determined by multiplying the total Oregon income or excise taxes by a fraction, the numerator of which is the income of the facility, as determined in accordance with generally accepted accounting principles and reviewed by an independent public accountant in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants, and the denominator of which is the total Oregon income, as determined in accordance with generally accepted accounting principles and reviewed by an independent public accountant in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. If no such data are prepared in accordance with generally accepted accounting principles and reviewed by an independent public accountant in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants, income or excise taxes are apportioned to the qualifying facility by multiplying the total Oregon income or excise taxes by a fraction, the numerator of which is the sum of the intrastate payroll factor plus the intrastate property factor and the denominator of which is two.

(d) The intrastate payroll factor is a fraction, the numerator of which is the total amount paid for compensation at the qualifying facility during the tax period and the denominator of which is the total amount of compensation paid in Oregon during the tax period.

(e) The intrastate property factor is a fraction, the numerator of which is the average net book value of the real and tangible personal property owned or rented and located at the qualifying facility during the tax period and the denominator of which is the average net book value of the real and tangible personal property owned or rented by the taxpayer in Oregon during the tax period. The average net book value of real and tangible personal property shall be determined using generally accepted accounting principles.

(10)(a) The annual distribution to the enterprise zone sponsor and other taxing districts under subsection (5) of this section of 30 percent of corporate income or excise taxes paid by the corporation to this state shall be distributed by the Department of Revenue to each county treasurer in a single payment for each facility.

(b) If the facility is situated in more than one code area, the county treasurer shall allocate payments to each code area based on the ratio of the real market value of the facility in each code area over the total real market value of the facility in all of the code areas.

(c) The county treasurer shall distribute the moneys allocated to each code area to the taxing districts located within the code area based on the ratio of the operating tax billing rate that each taxing district bears to the total operating tax billing rate of the taxing districts located in the code area as calculated on the most recent tax roll certified under ORS 311.105. However, the distribution to any taxing district under this paragraph may not exceed the amount of property taxes that the district had forgone in the current ad valorem tax year as a result of an exemption on the facility under section 38 (1), chapter 835, Oregon Laws 1997.

(d) If the distribution to taxing districts under paragraph (c) of this subsection is less than the total amount distributed by the Department of Revenue in the current year under paragraph (a) of this subsection, the remainder shall be distributed by the county treasurer to the zone sponsor.

(e) The county treasurer shall distribute moneys under this subsection to taxing districts in a separate distribution within 90 days of receipt or completion of the applicable assessment and tax roll under section 37 (10), chapter 835, Oregon Laws 1997, whichever occurs later.

(f) For purposes of this subsection, a school district, an education service district or a community college district shall not be considered a taxing district. [1997 c.835 s.40; 1999 c.1104 s.14]

Sec. 42. Sections 36, 37, 38, 39 and 40 of this Act are repealed on December 31, 2002. [1997 c.835 s.42]

Sec. 43. Notwithstanding section 42 of this Act, any taxpayer that qualifies for the tax exemptions and tax credits provided for in sections 36 to 40 of this Act prior to December 31, 2002, may continue to receive and use the tax exemptions and tax credits allowed under sections 36 to 40 of this Act after that date as if sections 36 to 40 of this Act had not been repealed. [1997 c.835 s.43]

Sec. 44. (1) Notwithstanding ORS 285B.698 (3) and (5)(c) and 285B.722 (1), if a business firm does not qualify under ORS 285B.704 for a property tax exemption on qualified property solely because the business firm failed to file the application for exemption prior to April 1 of the assessment year for which the exemption is first sought, the business firm may submit an application for tax exemption for the qualified property to the county assessor on or before December 31 of the same assessment year. If the business firm meets the applicable requirements of ORS 285B.698, 285B.701, 285B.704, 285B.707, 285B.710, 285B.713, 285B.716, 285B.719, 285B.722 and 285B.728:

(a) The business firm shall qualify for the remainder of the exemption period that was otherwise available under ORS 285B.698 or 285B.710; and

(b) The county assessor shall take action under ORS 285B.722 (4) that is necessary to allow the qualified property to be exempted from property taxation for the remaining tax years that were otherwise available for exemption under ORS 285B.698 or 285B.710 after the first tax year, regardless of the prior entry of the qualified property on the county assessment roll.

(2) Nothing in this section exempts from ad valorem taxation:

(a) The qualified property in tax years other than those specified in subsection (1)(b) of this section;

(b) Any property that does not meet the requirements of subsection (1) of this section; or

(c) Any qualified property that was in use or occupancy within the enterprise zone for more than 12 months by December 31 preceding the assessment year in which the application for exemption is submitted under subsection (1) of this section.

(3) If the qualified property is leased by the business firm, the owner of the qualified property leased by the business firm shall also join in the application submitted under subsection (1) of this section.

(4) An application may be submitted under subsection (1) of this section regardless of there being grounds for hardship as required for late filing under ORS 307.475. [1997 c.835 s.44; 1999 c.1104 s.19]

Note: Sections 15 to 18, 20, 23, 26 and 27, chapter 1104, Oregon Laws 1999, provide:

Sec. 20. Section 44, chapter 835, Oregon Laws 1997, operates in lieu of section 34, chapter 835, Oregon Laws 1997, for assessment years beginning on or after January 1, 1998. [1999 c.1104 s.20]

Sec. 26. Section 44, chapter 835, Oregon Laws 1997, is repealed on June 30, 2009. [1999 c.1104 s.26]

Sec. 15. (1) Notwithstanding section 37 (8)(b), chapter 835, Oregon Laws 1997, or subsection (2)(b) of this section, the facility of a certified business firm that otherwise meets the requirements of sections 36 to 40, chapter 835, Oregon Laws 1997, shall receive the exemption under section 38 (1), chapter 835, Oregon Laws 1997, if:

(a) The business firm hires or will hire at least 10 full-time employees at the facility by the end of the third calendar year following the year in which the facility is placed in service, and at the time that the business firm is certified, the location of the facility is in a county with a currently estimated population of 10,000 or less; or

(b) The business firm hires or will hire at least 35 full-time employees at the facility by the end of the third calendar year following the year in which the facility is placed in service, and at the time that the business firm is certified, the location of the facility is in a county with a currently estimated population of 40,000 or less.

(2) Notwithstanding section 37 (8)(a) or (b), chapter 835, Oregon Laws 1997, the facility of a certified business firm that otherwise meets the requirements of sections 36 to 40, chapter 835, Oregon Laws 1997, shall receive the exemption under section 38 (1), chapter 835, Oregon Laws 1997, if:

(a) By the end of the calendar year in which the facility is placed in service, the total costs of improvements and property at the facility are or will be equal to more than one-half of one percent of the value of all nonexempt taxable property in the county in which the facility is located, as reported by the Department of Revenue as net real market value at the time that the business firm is certified and rounded to the nearest \$10 million of such value;

(b) The business firm hires or will hire at least 50 full-time employees at the facility by the end of the third calendar year following the year in which the facility is placed in service; and

(c) At the time that the business firm is certified, the location of the facility is 10 or more miles from Interstate Highway 5, as measured between the two closest points between the facility site and anywhere along that interstate highway.

(3) Unless the decrease in the number of employees is caused by circumstances beyond the control of the business firm, including force majeure, or is due to a temporary adverse business cycle, after the number of employees required by subsection (1)(a) or (b) or (2)(b) of this section are hired, the number of employees at the facility shall not fall below the required level, for purposes of section 39, chapter 835, Oregon Laws 1997.

(4) A taxpayer that is a subchapter C corporation for federal income tax purposes and that owns or leases and is operating a facility in a nonurban enterprise zone that is exempt from ad valorem taxation under section 38 (1), chapter 835, Oregon Laws 1997, pursuant to subsection (1), (2) or (3) of this section, is entitled to the tax credits in accordance with the provisions of section 40, chapter 835, Oregon Laws 1997, except that for purposes of section 40 (5), chapter 835, Oregon Laws 1997, the minimum of corporate excise or income taxes paid by the corporation to this

state that may not be offset by the tax credits shall be the lesser of the first \$1 million or one of the following products, whichever is applicable:

(a) \$10,000 multiplied by the number of full-time employees hired at the facility as initially verified by the business firm or by the number of such employees as subsequently verified, if necessary, for purposes of subsection (3) of this section, for a facility receiving the exemption as provided under subsection (1)(a) of this section;

(b) \$12,500 multiplied by the number of full-time employees hired at the facility as initially verified by the business firm or by the number of such employees as subsequently verified, if necessary, for purposes of subsection (3) of this section, for a facility receiving the exemption as provided under subsection (1)(b) of this section; or

(c) \$15,000 multiplied by the number of full-time employees hired at the facility as initially verified by the business firm or by the number of such employees as subsequently verified, if necessary, for purposes of subsection (3) of this section, for a facility receiving the exemption as provided under subsection (2) of this section.

(5) For purposes of subsection (4) of this section, the business firm may not begin to use the tax credits in accordance with section 40 (2), chapter 835, Oregon Laws 1997, until the firm has initially verified the number of employees hired at the facility to the satisfaction of the county assessor and the Department of Revenue, and any change in the relevant product shall apply to each tax year beginning after the subsequent verification. [1999 c.1104 s.15]

Sec. 16. Section 15 of this 1999 Act is applicable to any business firm certified under section 37, chapter 835, Oregon Laws 1997, after the effective date of this 1999 Act [October 23, 1999]. A business firm or facility that satisfies the applicable requirements of section 15 of this 1999 Act shall be considered to have satisfied the corresponding requirements of section 37 (8), chapter 835, Oregon Laws 1997, as modified under section 15 (1), (2) or (3) of this 1999 Act. [1999 c.1104 s.16]

Sec. 17. (1) Notwithstanding section 37 (8)(a) and (b), chapter 835, Oregon Laws 1997, the facility of a certified business firm that otherwise meets the requirements of sections 36 to 40, chapter 835, Oregon Laws 1997, shall receive the exemption under section 38 (1), chapter 835, Oregon Laws 1997, if:

(a) Within three years either before or after the ad valorem tax year in which the facility is placed in service, the business firm places one or more other facilities in the same or another enterprise zone for which the business firm is certified and otherwise meets the requirements of sections 36 to 40, chapter 835, Oregon Laws 1997;

(b) The total cost of improvements and property at all such facilities are or will be more than \$50 million by the end of the calendar year in which the last such facility is placed in service;

(c) The requirement of section 37 (8)(c), chapter 835, Oregon Laws 1997, is satisfied independently by each facility; and

(d) The business firm hires or will hire at least 100 full-time employees at all such facilities by the end of the fifth calendar year following the year in which the first such facility is placed in service. After 100 or more full-time employees are hired as required under this paragraph, the number of employees shall not fall below 100 unless the decrease in the number of employees is caused by circumstances beyond the control of the business firm, including force majeure, or is due to a temporary adverse business cycle.

(2) A taxpayer that is a subchapter C corporation for federal income tax purposes and that owns or leases and operates in a nonurban enterprise zone any facility that is exempt from ad valorem taxation under subsection (1) of this section is entitled to the tax credits under section 40, chapter 835, Oregon Laws 1997, insofar as the Governor's approval specifies the facility and the time period for which the tax credits apply. The tax credit for each tax year for each specified facility:

(a) Shall be calculated based on the taxpayer's total annual payroll and employee benefit costs at that facility; and

(b) May be used to offset only those taxes, as described in section 40 (3), chapter 835, Oregon Laws 1997, relating to that facility, consistent with section 40 (9), chapter 835, Oregon Laws 1997.

(3) If a taxpayer claims or may claim tax credits allowable under section 40, chapter 835, Oregon Laws 1997, for two or more facilities located in more than one nonurban enterprise zone, then the annual distribution to the enterprise zone sponsors and other taxing districts of 30 percent of the first \$1 million of corporate income or excise taxes paid by the corporation to this state, under section 40 (5), chapter 835, Oregon Laws 1997, shall be distributed to each zone sponsor and other taxing districts in proportion to the relative size of the intrastate property factor among the facilities for that year under section 40 (9)(e), chapter 835, Oregon Laws 1997. [1999 c.1104 s.17]

Sec. 18. Section 17 of this 1999 Act applies to any business firm certified under section 37, chapter 835, Oregon

Laws 1997, during or after the 1999 assessment year. [1999 c.1104 s.18]

Sec. 27. Section 17 of this 1999 Act is repealed on December 31, 2002. [1999 c.1104 s.27]

Sec. 23. (1) Nothing in the amendments to sections 36, 37, 38, 39 and 40, chapter 835, Oregon Laws 1997, by sections 10, 11, 12, 13 and 14 of this 1999 Act affects the provisions of sections 42 and 43, chapter 835, Oregon Laws 1997.

(2) The amendments to sections 36, 37, 38, 39 and 40, chapter 835, Oregon Laws 1997, by sections 10, 11, 12, 13 and 14 of this 1999 Act apply to any tax exemptions or tax credits under sections 36 to 40, chapter 835, Oregon Laws 1997, except that the normal period for the exemption from ad valorem taxation under section 38 (1), chapter 835, Oregon Laws 1997, or for the tax credits allowed under section 40, chapter 835, Oregon Laws 1997, shall not be less than 15 years for a taxpayer that applied for certification under section 37 (1), chapter 835, Oregon Laws 1997, prior to the effective date of this 1999 Act [October 23, 1999]. [1999 c.1104 s.23]

285B.692 Duties of Department of Revenue. In addition to any other powers granted by law, for the purposes of ORS 285B.692 to 285B.728, the Department of Revenue shall:

(1) Adopt any rules the Department of Revenue considers necessary to implement ORS 285B.692, 285B.695, 285B.698, 285B.713, 285B.719, 285B.722, 285B.725 and 285B.728.

(2) Assist the Economic and Community Development Department, county assessors and the sponsors of enterprise zones in their efforts to precertify or qualify eligible business firms.

(3) Assist an eligible business firm doing business within an enterprise zone to obtain the benefits of applicable tax incentive or inducement programs administered or supervised by the Department of Revenue.

(4) Issue and print forms and worksheets to be used by eligible business firms applying for precertification or by precertified business firms applying for a property tax exemption under ORS 285B.719 or 285B.722.

(5) Submit a written report to the Economic and Community Development Department on or before January 15 in each year. The report shall include the number of jobs created and the value of investments in qualified property made by qualified business firms in the current tax year, and other information considered necessary by the Department of Revenue or required by the Economic and Community Development Department. [Formerly 285.593]

Note: See note under 285B.650.

285B.695 Duties of county assessor. The assessor of a county within which an enterprise zone is located shall:

(1) Assist the local zone manager and eligible or precertified business firms in determining whether property will qualify for a property tax exemption under ORS 285B.698 and 285B.713.

(2) Review and approve or deny applications from eligible business firms for precertification under ORS 285B.719.

(3) Process applications from precertified business firms for property tax exemptions under ORS 285B.722.

(4) Take action necessary under ORS 285B.728 if a business firm or property is no longer qualified for the property tax exemption.

(5) Submit a written report to the Department of Revenue on or before December 1 in each year. The report shall include the number of jobs created and the value of investments in qualified property made by qualified business firms in the current tax year, and other information considered necessary by the assessor or required by the Department of Revenue. The assessor shall provide copies of the report to the sponsors of enterprise zones located within the county and as directed by the Department of Revenue. [Formerly 285.595]

Note: See note under 285B.650.

285B.698 Property tax exemption. (1) Upon compliance with ORS 285B.722, qualified property of a qualified business firm shall be exempt from ad valorem property taxation, if:

(a) The qualified property was constructed, added to, modified or installed in furtherance of the production of income;

(b) The property or portion of the property for which exemption is sought was in use or occupancy no later than April 1 of the assessment year for which exemption is sought;

(c) The total cost of all of the qualified property for which application for exemption is made was at least \$25,000;

and

(d) The property satisfies the requirements of ORS 285B.713.

(2) The exemption allowed under this section shall be allowed only for property that is owned or leased by a qualified business firm that satisfies the requirements of ORS 285B.704. If the property is leased by a qualified business firm, the qualified business firm must be required by the terms of the lease to pay or compensate the owner for the entire amount of property taxes assessed against the leased property during the lease term.

(3)(a) The exemption allowed under this section shall first apply to the assessment year immediately following completion of the construction, addition, modification or installation of the property. The exemption shall continue for the two succeeding assessment years if the property continues to be owned or leased by the qualified business firm and located in the enterprise zone.

(b) If qualified property of a qualified business firm is sold or leased to an eligible business firm in the enterprise zone during the period of abatement, the purchasing or leasing firm is eligible to continue the exemption of the selling or leasing firm for the balance of the abatement period, but only if any effects on employment within the zone that result from the sale or lease do not constitute substantial curtailment under ORS 285B.728 (3).

(4) The exemption allowed under this section shall be 100 percent of the assessed value of the qualified property in each of the tax years for which the exemption is available. If the qualified property is an addition to or modification of an existing building or structure, the exemption shall be measured by the increase in value, if any, attributable to the addition or modification.

(5)(a) No exemption shall be granted for property assessed for property tax purposes in the county in which the zone is located on or before the effective date of the:

(A) Designation of the zone; or

(B) Approval of a boundary change for the zone if the property is located in an area added to the zone.

(b) No exemption shall be granted for property constructed, added to, modified or installed in the zone or in the process of construction, addition, modification or installation in the zone on or before the effective date of the:

(A) Designation of the zone; or

(B) Approval of a boundary change for the zone if the property is located in an area added to the zone.

(c) No exemption shall be granted for any qualified property that was in use or occupancy within the zone for more than 12 months by December 31 preceding the first assessment year for which an application for exemption is made.

(d) No exemption shall be granted for any qualified property unless the property was in use or occupancy in the assessment year immediately following completion of construction, addition, modification or installation.

(e) Except as provided in ORS 285B.719 (6), no exemption shall be granted for qualified property constructed, modified or installed after termination of an enterprise zone.

(6) A qualified business firm may apply for a tax exemption for additional qualified property initially occupied or used during or after the first year in which a tax exemption for the firm's initial investment in qualified property was approved if the firm meets the applicable requirements of this section and ORS 285B.701, 285B.704, 285B.707, 285B.710, 285B.713, 285B.716, 285B.719 and 285B.722. [Formerly 285.597]

Note: See note under 285B.650.

285B.701 Exemption allowed for property constructed or modified for lease or sale to precertified business firm. (1) The Legislative Assembly finds that the standard procedure for precertification in an enterprise zone inappropriately deters development or redevelopment of qualified buildings on speculation for subsequent sale or lease to eligible business firms.

(2) Notwithstanding ORS 285B.719 (1), a new building or structure or an addition to or modification of an existing building or structure may qualify for the exemption allowed under ORS 285B.698 or 285B.710 if the qualified property is leased or sold by an unrelated party to one or more precertified business firms after commencement of the construction, addition or modification but prior to use or occupancy of the qualified property.

(3) For purposes of ORS 285B.722, a business firm shall not be considered precertified and is not qualified for the exemption allowed under ORS 285B.698 or 285B.710 if the county assessor discovers prior to initially granting the exemption that the application for precertification was not submitted by the business firm in a timely manner in accordance with ORS 285B.719 (1), except as allowed under subsection (2) of this section or ORS 285B.719 (8).

(4) Records, communications or information submitted to a public body by a business firm for purposes of ORS 285B.650 to 285B.728 that identify a particular qualified property, that reveal investment plans prior to precertification, that are described in ORS 192.502 (16) or that are submitted under ORS 285B.728 are exempt from

disclosure under ORS 192.410 to 192.505 and, as appropriate, shall be shared among the county assessor, the zone sponsor, the Department of Revenue and the Economic and Community Development Department. [Formerly 285.598; 1999 c.1104 s.3]

Note: See note under 285B.650.

285B.704 Qualifications for exemption. (1) A business firm is qualified to receive a property tax exemption under ORS 285B.698 for its qualified property only if:

- (a) The firm is an eligible business firm described in ORS 285B.707;
- (b) The firm has business operations located inside the enterprise zone;
- (c) The firm owns or leases qualified property located inside the enterprise zone;
- (d) The employment of the firm, no later than April 1 following the assessment year in which the investment in qualified property was completed, is not less than 110 percent of the average annual employment of the firm, calculated over the 12 months preceding the date of application for precertification;
- (e) The firm hired at least one new employee to work within the enterprise zone, under paragraph (d) of this subsection, after precertification and no later than April 1 following the assessment year in which the investment in qualified property was completed;
- (f) The firm satisfies the hiring requirements of ORS 285B.710 (1);
- (g) The firm did not diminish employment outside the enterprise zone under subsection (4) of this section;
- (h) The firm did not substantially curtail employment within the enterprise zone as described in ORS 285B.728;
- (i) The firm complies in all material respects with local, Oregon and federal laws applicable to the firm's operations inside the enterprise zone since the application for precertification and throughout the period of exemption, as prescribed by rule; and
- (j) The firm complies with all additional conditions for precertification imposed by an enterprise zone sponsor under ORS 285B.671 (4).

(2)(a) Notwithstanding subsection (1)(d), (e) or (h) of this section, an eligible business firm is a qualified business firm if it completes an investment of \$25 million or more in qualified property, on or before December 31 preceding the first assessment year for which the exemption is being sought, with less than a 10 percent increase in employment of the firm but without loss of employment of the firm.

(b) Approval to extend the property tax benefit to the eligible business firm under this subsection shall be documented by resolution of the governing body of the sponsor. The resolution shall specify the minimum percentage increase in employment that the eligible business firm must maintain to be a qualified business firm throughout the exemption period. The resolution may include other conditions for the firm to be a qualified business firm. At the request of the eligible business firm, the sponsor may modify the resolution prior to the initial filing by the firm for the property tax exemption. A copy of the resolution shall be attached to the final applications for precertification and for the property tax exemption.

(3)(a) Notwithstanding subsection (1)(d), (e) or (h) of this section, with the approval of the sponsor of the enterprise zone, an eligible business firm is a qualified business firm if it completes an investment of \$25 million or more in qualified property, on or before December 31 preceding the first assessment year for which the exemption is being sought, with a loss of employment of the firm.

(b) Approval to extend the property tax benefit to the eligible business firm under this subsection shall be documented by resolution of the governing body of the sponsor. The resolution shall specify the minimum number of employees that the firm must retain for the eligible business firm to be a qualified business firm throughout the exemption period. The resolution may include other conditions for the firm to be a qualified business firm. At the request of the eligible business firm, the sponsor may modify the resolution prior to the firm's initial filing for the property tax exemption. A copy of the resolution shall be attached to the firm's applications for precertification and for the property tax exemption.

(4) Notwithstanding subsections (1) to (3) of this section, a business firm is not qualified to receive a property tax exemption if the firm or any other firm under common control closes or permanently curtails operations in another part of the state more than 30 miles from the nearest boundary of the enterprise zone in which the firm seeks a property tax exemption. This subsection applies to the transfer of any of the business firm's operations to an enterprise zone from another part of the state, if the closure or permanent curtailment in the other part of the state diminished employment in the county and more local labor markets after precertification and before the initial application for the exemption.

(5) An eligible business firm that moves any of its employees from a site or sites within 30 miles from the nearest

boundary of the enterprise zone after precertification and before the initial application for the exemption may qualify to receive a property tax exemption only if the employment of the firm has been increased within the zone and at the site or sites from which the employees were transferred, no later than April 1 following the assessment year in which the investment in qualified property was completed, to not less than 110 percent of the average annual employment of the firm within the zone and the site or sites from which the employees were transferred, calculated over the 12 months preceding the date of application for precertification.

(6) As used in this section and except as provided in subsection (5) of this section, “employment of the firm” means the number of employees working for the firm a majority of their time in eligible operations at locations within the enterprise zone. [Formerly 285.600; 1999 c.1104 s.3a]

Note: See note under 285B.650.

285B.705 Effect on exemption of noncompliance with applicable laws; determination of noncompliance; rules. For purposes of ORS 285B.704 (1)(i), the Economic and Community Development Department shall adopt rules that, notwithstanding ORS 311.205, define the effect of noncompliance on an eligible business firm's continuing exemption in an enterprise zone and that indicate what is necessary to establish such noncompliance in terms of the materiality of the relevant violation, the finality of applicable legal or regulatory proceedings and judgments involving the firm, the failure by the firm to perform or submit to remedial or curative actions and similar factors. [1999 c.1104 s.4b]

Note: 285B.705 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 285B or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

285B.707 Eligibility. (1) Except as provided in subsections (3) and (4) of this section, to be an eligible business firm, a business firm must be engaged in the business of providing goods, products or services to other businesses, and not to the general public for personal or household use or consumption, through activities including, but not limited to, manufacturing, assembly, fabrication, processing, shipping or storage.

(2) Businesses significantly engaged in business activities within the enterprise zone such as retail sales or services, child care, housing, retail food service, health care, tourism, entertainment, financial services, professional services, leasing space to others, property management, construction or other similar activities are not eligible business firms.

(3) Notwithstanding subsection (1) or (2) of this section, a business firm that operates a hotel, motel or destination resort is an eligible business firm regardless of the sale of services for personal consumption, if allowed in the enterprise zone under ORS 285B.716.

(4) Notwithstanding any other provision of this section, if a business firm described in subsection (2) of this section engages in an activity described in subsection (1) of this section, the business firm is an eligible business firm if the activity is performed at a location that is separate from the activity of the firm that is described in subsection (2) of this section. For purposes of determining whether a business firm described in this subsection satisfies the requirements of ORS 285B.704, only the operations of the firm that are described in subsection (1) of this section and employees working a majority of their time in those operations shall be considered.

(5) Two or more business firms that otherwise meet the requirements of this section may elect to be treated as one eligible business firm if 100 percent of the equity interest in the business firms is owned by the same person or persons, or if one of the business firms owns 100 percent of the equity interest of the other or others.

(6) Notwithstanding subsection (1) or (2) of this section, a business firm engaged in the activity of providing a retail or financial service is an eligible business firm if:

(a) The activity serves customers by responding to orders or requests received only by telephone, computer, the Internet or similar means of telecommunications; and

(b) Not less than 90 percent of the customers or orders are located and originate in an area from which long distance telephone charges, in the absence of a toll-free number, would apply if the order were placed by telephone.

(7) Notwithstanding subsection (1) or (2) of this section, a business firm that makes an investment in qualified property at a facility that serves statewide, regional, national or global operations of the firm through administrative, design, financial, management, marketing or other activities is an eligible business firm, without regard to the relationship of such activities to any otherwise eligible activities within the enterprise zone if:

(a) In approving the application for precertification, the zone sponsor includes with the application a formal finding

that the facility complies with the requirements of this subsection and that the size of the proposed investment, the employment at the facility or the nature of the activities at the facility will significantly enhance the local economy, in relation to the overall purpose and employment of the zone;

(b) The actual investment and facility of the firm are consistent with the descriptions presented in the precertification application; and

(c) For purposes of ORS 285B.704, all employees at the facility constitute employment of the firm, as defined in ORS 285B.704. [Formerly 285.603; 1999 c.1104 s.5]

Note: See note under 285B.650.

285B.710 First-source hiring agreement; hiring requirements in urban zones; extended period of tax abatement. (1) A precertified business firm shall enter into a first-source hiring agreement with a publicly funded job training provider for the period of property tax exemption.

(4) Notwithstanding ORS 285B.698 (3)(a), if an urban enterprise zone is located inside a metropolitan statistical area with more than 400,000 residents, the sponsor may set a longer period of abatement that does not exceed five consecutive assessment years if the qualified business firm agrees with the sponsor, in writing at the time of precertification, to meet any additional requirements that the zone sponsor may reasonably request.

(b) An addition to or modification of an existing building or structure. (g) Any property otherwise described in this section that is owned or leased and operated by a business firm described in ORS 285B.707 (4), to the extent that the property is used exclusively in an activity described in ORS 285B.707 (1).

(1) Qualified property owned or leased and operated by a business firm as a hotel, motel or destination resort, including property described in ORS 285B.713 (2)(f), may not receive an exemption under ORS 285B.722, unless:

(a) The business firm that operates the hotel, motel or destination resort is precertified by the sponsor on or before June 30, 1996, under ORS 285B.719 and the sponsor notified the Department of Revenue on or before December 1, 1989, of the sponsor's desire to exempt hotel, motel and destination resort property;

(b) The business firm that operates the hotel, motel or destination resort is precertified by the sponsor after June 30, 1996, under ORS 285B.719, and the sponsor notifies the Economic and Community Development Department and the Department of Revenue in writing on or before June 1, 1996, of the sponsor's desire to exempt hotel, motel and destination resort property; or

(2) Only if a zone sponsor exercises its option pursuant to the notification procedures set forth in subsection (1) of this section or ORS 285B.656 (9) to exempt qualified hotel, motel and destination resort property located within the zone may such property of applicable precertified business firms be eligible for an exemption under ORS 285B.722 within that zone.

(3) For purposes of subsection (1)(a) of this section, notifications to the Department of Revenue on or before December 1, 1989, that exercise a sponsor's option of exempting hotel, motel or destination resort property are void on and after September 15, 1997. [Formerly 285.610]

Note: See note under 285B.650.

285B.719 Precertification for exemption. (1) Any eligible business firm proposing to apply for the tax exemption provided under ORS 285B.698 shall, before the commencement of construction, modification or installation of qualified property in an enterprise zone, and before the hiring of eligible employees, apply for precertification with the sponsor of the zone and with the county assessor of the county or counties in which the zone is located. The application shall be made on a form prescribed by the Department of Revenue and the Economic and Community

Development Department.

(2) The application shall contain the following information:

(a) A description of the nature of the firm's business operations in the enterprise zone;

(b) A description and estimated cost or value of the qualified property to be constructed, modified or installed in the enterprise zone;

(c) An estimate of the number of employees that will be hired by the firm;

(d) A commitment to meet all requirements of ORS 285B.704;

(e) A commitment to satisfy all additional conditions for precertification that are imposed by the enterprise zone sponsor under ORS 285B.671 (4); and

(f) Any other information considered necessary by the Department of Revenue and the Economic and Community Development Department.

(3) If the sponsor and county assessor determine that the business firm is eligible under ORS 285B.707 and that the firm has committed to meet the requirements of ORS 285B.704, the sponsor and county assessor shall precertify the business firm by approving the application. The approval of both the sponsor and the county assessor shall be prima facie evidence that the eligible business firm will be qualified for the property tax exemption under ORS 285B.698. Neither the sponsor nor the county assessor shall be liable in any way if the Department of Revenue later determines that a precertified business firm is not qualified for a property tax exemption or if either the county assessor or the Department of Revenue determines that the precertified business firm has not satisfied the requirements of ORS 285B.704. In approving the application, the sponsor and county assessor shall provide proof of approval as directed by the Economic and Community Development Department.

(4) If the sponsor or county assessor fails or refuses to precertify the business firm, the business firm may appeal to the Oregon Tax Court under ORS 305.404 to 305.560. The business firm shall provide copies of the firm's appeal to the sponsor, county assessor, the Department of Revenue and the Economic and Community Development Department.

(5) Notwithstanding the fact that an enterprise zone has terminated under ORS 285B.686 or that a zone boundary has been changed, an eligible business firm that has obtained precertification under this section shall be entitled to a property tax exemption under ORS 285B.698, if, as determined by the Economic and Community Development Department:

(a) The firm's application for precertification has not been withdrawn by the firm or has not expired;

(b) The firm completes construction, modification or installation of the qualified property within a reasonable time and without interruption of construction or installation activity; and

(c) The firm satisfies all other requirements of ORS 285B.704 and the precertification.

(6) If an enterprise zone is terminated under ORS 285B.686, the exemption under ORS 285B.698 shall be granted only if the sponsor and county assessor approve the application for precertification, such that the sponsor, county assessor or both formally granted such approval on or before the effective date of the termination of the zone, and the business firm satisfies subsection (5) of this section. If the sponsor or county assessor refuses or fails to precertify the firm under this subsection, the firm may appeal under subsection (4) of this section and may be granted the exemption.

(7) Precertification under this section shall not ensure that property constructed, modified or installed by the precertified business firm will receive property tax exemption under ORS 285B.698.

(8) Notwithstanding any other provision of this section, if a business firm satisfies the requirements of ORS 285B.704 and has constructed, modified or installed qualified property eligible for exemption under ORS 285B.698, the precertification requirement of subsection (1) of this section or ORS 285B.722 may be waived as specifically provided by rule or for good cause by the Department of Revenue. [Formerly 285.613]

Note: See note under 285B.650.

285B.722 Application for exemption upon completion of construction or modification; effect of exemption.

(1) After January 1 and no later than April 1 of the assessment year immediately following completion of construction or modification or the installation of qualified property, a precertified business firm may apply for the exemption allowed under ORS 285B.698. The application shall be made on a form prescribed by the Department of Revenue and shall be filed with the county assessor. If the property for which exemption is sought is leased by the business firm, the application shall be made by both the owner and the lessee of the property.

(2) An application filed under this section shall contain:

(a) A statement that:

(A) The business firm satisfies the requirements of ORS 285B.704 as a qualified business firm; and
(B) The business firm has been precertified by the enterprise zone sponsor and the county assessor.
(b) Any other information required by the Department of Revenue.
(3) The business firm shall be prepared to verify the dates on which its application for precertification was submitted and approved. The statement made pursuant to subsection (2)(a) of this section shall be prima facie evidence that the firm is a qualified business firm.

(4) If the assessor determines the property for which exemption is sought satisfies the requirements of ORS 285B.698, the assessor shall grant the exemption. Thereafter, for each assessment year that the property is exempt from taxation, the assessor shall:

(a) Enter on the assessment roll, as a notation, the assessed value of the property as if it were not exempt under ORS 285B.698.

(b) Enter on the assessment and the tax roll, as a notation, the amount of additional taxes that would be due if the property were not exempt.

(c) Indicate on the assessment and tax roll that the property is exempt and is subject to potential additional taxes as provided in ORS 285B.728, by adding the notation "enterprise zone exemption (potential additional tax)."

(5) If the assessor denies an exemption applied for under this section, the business firm may appeal the denial to the Oregon Tax Court under ORS 305.404 to 305.560.

(6) The assessor shall provide copies of each exemption application filed under this section to the enterprise zone sponsor and as directed by the Department of Revenue.

(7) If an application required by subsection (1) of this section relates to principal or secondary industrial property as defined by ORS 306.126 and is filed with the Department of Revenue within the time required by subsection (1) of this section, the application shall be deemed timely filed with the assessor. [Formerly 285.615]

Note: See note under 285B.650.

285B.723 First-source hiring agreement necessary for exemption; waiver; rules. (1) Except as provided in subsection (3) of this section, the county assessor may not approve an application or grant the exemption under ORS 285B.722 (4) unless a first-source hiring agreement under ORS 285B.710 (1) is in effect and a copy of the agreement is included with the application.

(2) The exemption that a qualified business firm is receiving or has received may not be disqualified retroactively or terminated for failure to meet the requirements of subsection (1) of this section or ORS 285B.710 (1).

(3) In accordance with rules adopted by the Economic and Community Development Department, the Director of the Economic and Community Development Department may waive the requirements of subsection (1) of this section or ORS 285B.710 (1) for a precertified business firm. The rules adopted by the department shall provide for a waiver under this subsection when the director finds that:

(a) The business firm is unable to employ persons referred under the agreement; or

(b) The waiver will further the goals and purposes of applicable state policies. [1999 c.1104 s.2]

Note: See note under 285B.650.

285B.725 Late application for exemption; filing fee. (1) Notwithstanding ORS 285B.722 (1), an application for exemption under ORS 285B.722 may be filed under this section at any time on or before June 1 of the assessment year for which exemption is first sought. However, any application filed after the time for filing specified in ORS 285B.722 (1) must be accompanied by a late filing fee in the greater of the amounts of \$200 or one-tenth of one percent of the real market value of the property, determined as of January 1 of the assessment year to which the application pertains, by the assessor for this purpose. If the application is not accompanied by the late filing fee or if the late filing fee is not otherwise paid, no exemption shall be allowed based upon an application filed pursuant to this section.

(2) An application may be filed under this section whether or not there are grounds for hardship as required for late filing under ORS 307.475.

(3) The value of the property used to determine the late filing fee under this section is appealable in the same manner as other acts of the county assessor.

(4) Any filing fee collected under this section shall be deposited to the county general fund. [Formerly 285.616; 1999 c.1104 s.7]

Note: See note under 285B.650.

285B.728 Notice to assessor and sponsor if property or business becomes unqualified for exemption. (1) The county assessor of any county in which an enterprise zone is situated and the sponsor shall be notified in writing by the qualified business firm or by the owner of the qualified property leased by the qualified business firm not later than July 1 following the assessment year for which the exemption is claimed but in which one of the following events occurs:

- (a) Property granted exemption from taxation under ORS 285B.722 is sold, exchanged, transported or otherwise disposed of for use outside the enterprise zone or for use by an ineligible business firm;
- (b) A qualified business firm closes or substantially curtails the operation of the trade or business in which property granted exemption from taxation under ORS 285B.722 is used, except as allowed by the zone sponsor under ORS 285B.704 (2) or (3);
- (c) A qualified business firm fails to meet any of the requirements of ORS 285B.704 (2)(b) or (3)(b);

- (f) A qualified business firm or the applicable activity or operation of the firm fails to meet any of the requirements of ORS 285B.707 or 285B.713 (2)(f) or (g) after it has received a property tax exemption for its qualified property.

(2)(a) When an assessor receives written notice under subsection (1) of this section, the assessor shall disqualify the property for the assessment year following the disqualifying event and 100 percent of the additional taxes calculated under ORS 285B.722 shall be assessed against the property for each year for which the property had been granted exemption.

(b) Notwithstanding paragraph (a) of this subsection, if a qualified business firm fails to meet any of the requirements in ORS 285B.710 (3), (4) or (6) during the exemption, but meets the requirements of ORS 285B.698 during the first three years of the exemption, the qualified business firm is entitled to receive the property tax exemption allowed under ORS 285B.698 (3).

(c) The additional taxes assessed under this subsection shall be reduced by the amount, if any, paid by the qualified business firm to the sponsor under subsection (6) of this section for the same property.

(3) For the purposes of ORS 285B.704 and this section, operation of a business firm shall be considered to be substantially curtailed when:

(a) The number of employees within the enterprise zone is reduced at the end of an assessment year by more than 85 percent from the highest number of such employees at the end of any assessment year during which the business firm received a property tax exemption under ORS 285B.698 or 285B.710;

(b) The number of employees within the enterprise zone at the end of an assessment year has been reduced for a period longer than one year by more than 50 percent from the highest number of such employees at the end of any assessment year during which the firm was receiving a property tax exemption under ORS 285B.698 or 285B.710; or

(c) The average annual number of employees within the enterprise zone is reduced at the end of the first assessment year of exemption and any subsequent qualifying years below 110 percent of the average annual number of employees at facilities of the firm located within the enterprise zone on the date of application for precertification.

(4) If the qualified business firm or owner fails to give the notice on time or at all as required by subsection (1) of this section, upon discovering the property no longer qualifies for the exemption due to a circumstance described in subsections (1) and (3) of this section, the assessor shall:

(a) Compute the amount of taxes described in subsection (2) of this section as though notice had been given, and shall add to that amount an additional penalty equal to 20 percent of the total amount so computed; and

(b) Add the property to the assessment and tax roll without the exemption as if the notice had been given.

(5) The amount determined to be due under subsections (2) and (4) of this section:

(a) May be paid to the tax collector before completion of the next general property tax roll pursuant to ORS 311.370; and

(b) Shall be added to the tax extended against the property on the next general property tax roll to be collected and distributed in the same manner as the remainder of the property taxes.

(6)(a) Notwithstanding subsections (2) and (5) of this section, when an assessor and sponsor receive notice under subsection (1)(b), (c), (d) or (e) of this section and the qualified business firm has not closed its operations, the qualified business firm shall pay the sponsor an amount equal to the property taxes for the qualified property in the assessment year for which the exemption is claimed.

(b) Moneys collected under paragraph (a) of this subsection shall be used by the sponsor to benefit the residents of

the enterprise zone and for the development of jobs, skills and training for residents of the enterprise zone and the zone's immediate vicinity.

(c) This subsection applies only to the first notice under subsection (1)(b), (c), (d) or (e) of this section or for the second notice under subsection (1)(b), (c), (d) or (e) of this section in the case of the final year of an exemption lasting a total of five consecutive years under ORS 285B.710.

(d) If the sponsor does not receive the full amount to be paid by the qualified business firm under paragraph (a) of this subsection, the assessor shall disqualify the property under subsections (2) and (5) of this section.

(7) The assessor is at all times authorized to demand by registered or certified mail reports from owners or lessees concerning the use of the qualified property and the employment status of the qualified business firm for purposes of this section. If the owner or lessee fails after 60 days' notice in writing by certified mail to comply with such demand, the assessor may disqualify the exemption in accordance with subsection (2) of this section, giving written notice of the disqualification to the Department of Revenue and the owners or lessees of the qualified property.

(8) The assessor is under no obligation to verify compliance by qualified business firms with requirements imposed under ORS 285B.710 (2), (3)(b), (4), (5) or (6)(b).

(9) The sponsor of an enterprise zone may initiate procedures in order to verify compliance by qualified business firms with requirements imposed under ORS 285B.692 to 285B.728. (10) An assessor may not impose the property taxes and penalties specified in subsection (4) of this section for failure by a qualified business firm or an owner of qualified property leased by the qualified business firm to notify the assessor or the enterprise zone sponsor that the qualified business firm does not meet requirements under ORS 285B.710 (2), (3)(b), (4), (5) or (6)(b), without having received written communication from the zone sponsor that demonstrates that the qualified business firm does not meet such requirements.

(11) Additional taxes collected under this section shall be deemed to have been imposed in the year to which the additional taxes relate. [Formerly 285.617; 1999 c.1104 s.8]
