POLICY ON HIGHER EDUCATION

351.001 Legislative finding. The Legislative Assembly finds that:

(1) For its political well-being, Oregon needs wise and effective leadership and an informed citizenry.

(2) For its economic well-being, Oregon needs able and imaginative men and women for the direction and operation of all its institutions, for the production of goods and services and for the management of its fiscal affairs. Oregon also needs alert and informed consumers.

(3) For its cultural advancement, Oregon needs creative talent as well as appreciative and discriminating readers, viewers and listeners. Oregon also needs people who understand the diverse patterns of behavior, communication and belief that make up the common cultures of the various communities in which we all must function.

(4) For its survival, Oregon needs citizens who understand the interdependence of human beings and our shared dependence on the resources provided by our natural environment.

(5) Oregon needs people who, in the roles of parents and teachers and in other capacities, are able to transmit the state's and the nation's ideals and heritage to future generations.

(6) For their personal well-being, individual Oregonians need to cultivate an advanced literacy essential to leading productive and rewarding lives. This includes the capacity to think logically and critically; to internalize and exemplify humane values; to write, speak and figure clearly and accurately; to understand, in some depth, a variety of psychological, historical, cultural, aesthetic and scientific concepts and theories; and to master a range of occupational, professional, avocational, social and personal skills. [1993 c.240 s.1]

351.003 Further findings. The Legislative Assembly further finds that:

(1) To meet the societal and individual needs described under ORS 351.001, Oregonians have created and sustained, from territorial days to the present, many and diverse institutions of higher education, both independent and state-assisted.

(2) These institutions have developed the intellectual capacity of Oregonians and have prepared thousands of them for productive and fulfilling careers.

(3) These institutions provide educational access to all segments of Oregon's diverse population, including many students for whom higher education creates the first opportunity for their entry into the mainstream of society.

(4) These institutions provide research, both basic and applied, that generates new knowledge and applies it to the development of new products and processes essential for Oregon's economic growth.

(5) These institutions provide public service activities that engage the professional expertise of their faculties to solve social problems.

(6) These institutions share with our communities many cultural activities and services of immense importance to the quality of life enjoyed by Oregonians. [1993 c.240 s.2]

351.005 Higher education an important public purpose. Giving due consideration to the historical and continuing interest of the people of the State of Oregon in encouraging deserving and qualified citizens to realize their aspirations for higher education, the Legislative Assembly declares that higher education for residents of Oregon who desire it and are qualified to benefit from it is critical to the welfare and security of this state and this nation and consequently is an important public purpose. [1993 c.240 s.3]

351.007 Intent to promote and enhance higher education. The Legislative Assembly declares its intent to

promote and enhance higher education in a manner that:

- (1) Enables citizens of all ages, backgrounds and levels of income to participate in the search for knowledge and individual development.
- (2) Stresses undergraduate teaching as a high priority.
- (3) Provides for selected graduate and professional programs that address state, national and global needs.
- (4) Encourages high quality research and scholarship, both basic and applied, by its faculty and students.
- (5) Fosters diversity of educational opportunity.
- (6) Promotes service to the public.
- (7) Makes effective and efficient use of human, physical and financial resources.
- (8) Encourages cooperation with other educational institutions. [1993 c.240 s.4]

351.009 Mission of higher education. The Legislative Assembly declares that the mission of all higher education in Oregon is to:

- (1) Enable students to extend prior educational experiences in order to reach their full potential as participating and contributing citizens by helping them develop scientific, professional and technological expertise, together with heightened intellectual, cultural and humane sensitivities and a sense of purpose.
- (2) Create, collect, evaluate, store and pass on the body of knowledge necessary to educate future generations.
- (3) Provide appropriate instructional, research and public service programs to enrich the cultural life of Oregon and to support and maintain a healthy state economy. [1993 c.240 s.5]

(2) Rules adopted under subsection (1) of this section shall require that personnel records be subjected to restrictions on access unless upon a finding by the institutional executive that the public interest in maintaining individual rights to privacy in an adequate educational environment would not suffer by disclosure of such records. Access to such records may be limited to designated classes of information or persons, or to stated times and conditions, or to both, but cannot be limited for records more than 25 years old.

(3) No rule or order promulgated pursuant to this section shall deny to a faculty member full access to the member's personnel file or records kept by the board or its institutions, schools or departments, except as provided in paragraphs (d) and (e) of this subsection.

Only the names of the contributors and the excised portions of the documents may be kept in a file other than the three prescribed by paragraph (a) of this subsection.

(e) Confidential letters and other information submitted to or solicited after July 1, 1975, by the board or its institutions, schools or departments prior to the employment of a prospective faculty member are exempt from the provisions of this section. If authorization or receipt of such compensation creates a potential conflict of interest, the potential conflict shall be reported in writing in accordance with rules of the state board. The disclosure is a public record subject to public inspection.

(4) The state board shall adopt by rule standards governing employee outside employment and activities, including potential conflict of interest, as defined by state board rule and consistent with ORS 244.020, and the public disclosure thereof, and procedures for reporting and hearing potential or actual conflict of interest complaints. 351.460 Higher Education Bond Sinking Fund. (1) The State Board of Higher Education shall maintain with the State Treasurer, a Higher Education Bond Sinking Fund, separate and distinct from the General Fund. The Higher Education Bond Sinking Fund shall comprise three separate subfunds to provide for the payment of the principal of and the interest upon the bonds issued under authority of Article XI-F(1) of the Oregon Constitution and ORS 351.350, under authority of Article XI-G of the Oregon Constitution and ORS 351.345, and revenue bonds issued under authority of ORS 288.855. The moneys in said sinking fund hereby are appropriated for such purposes. The said fund may be invested by the State Treasurer, and the earnings from such investments shall be credited to the appropriate subfunds of such fund.

(2) The Higher Education Bond Sinking Fund shall consist of all moneys received from ad valorem taxes levied pursuant to ORS 291.445, all moneys that the Legislative Assembly may provide in lieu of such taxes, all of the net revenues received from the projects or undertakings for the financing of which the bonds were issued, including gifts, grants and building fees, such unpledged revenues of buildings and projects of like character as shall be allocated by the board, all moneys received as accrued interest upon bonds sold, all earnings from investments of said fund and the proceeds of the sale of refunding bonds. Moneys credited to the Higher Education Bond Sinking Fund shall be credited to the appropriate subfunds of such fund.

(3) The board may credit the Higher Education Bond Sinking Fund with moneys received from either a sale or

interfund transfer of land, buildings and facilities. Where such land, buildings or facilities are sold, or the use thereof is rededicated so that a transfer from one subfund to the other is appropriate, the moneys received shall be credited to the appropriate subfund.

(4) The board shall apply student building fees, revenues, gifts and grants for the payment of the principal of and the interest upon the bonds issued under authority of Article XI-F(1) of the Oregon Constitution and ORS 351.350 and under authority of ORS 288.855 until such time as the proper subfund of said sinking fund and investments thereof, as supplemented by expected future income will, in the judgment of the board, be sufficient to meet in full the principal of and the interest upon all such outstanding bonds. Except for student building fees, income not thus required for the sinking fund shall be transferred to such other fund and account as the board shall designate. Student building fees for buildings constructed from the proceeds of bonds issued under Article XI-F(1) of the Oregon Constitution or ORS 288.855 shall be applied only to those projects authorized under Article XI-F(1) of the Oregon Constitution or ORS 288.855.

(5) The said sinking fund shall not be used for any purpose other than those for which the fund was created; but should a balance remain therein from sources other than student building fees for buildings constructed from the proceeds of bonds issued under Article XI-F(1) of the Oregon Constitution after the purposes for which the fund was created have been fulfilled or after a reserve sufficient to meet all existing and future obligations and liabilities of the fund has been set aside, the surplus remaining may be transferred to such other fund as the board may designate. WESTERN REGIONAL HIGHER EDUCATION COMPACT

351.770 Western Regional Higher Education Compact ratified. The Western Regional Higher Education Compact is ratified and approved and the adherence of this state to its provisions, upon ratification and approval by any five or more of the states or territories therein named, is declared.

351.780 Compact provisions. The terms and provisions of the compact referred to in ORS 351.770 are as follows:

ARTICLE I

Whereas the future of this nation and of the western states is dependent upon the quality of the education of its youth; and

Whereas many of the western states individually do not have sufficient numbers of potential students to warrant the establishment and maintenance within their borders of adequate facilities in all of the essential fields of technical, professional and graduate training, nor do all of the states have the financial ability to furnish within their borders institutions capable of providing acceptable standards of training in all of the fields mentioned above; and

Whereas it is believed that the western states, or groups of such states within the region, cooperatively can provide acceptable and efficient educational facilities to meet the needs of the region and of the students thereof:

Now, therefore, the states of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming and the territories of Alaska and Hawaii do hereby covenant and agree as follows:

ARTICLE II

Each of the compacting states and territories pledges to each of the other compacting states and territories faithful cooperation in carrying out all the purposes of this compact.

ARTICLE III

The compacting states and territories hereby create the Western Interstate Commission for Higher Education, hereinafter called the commission. Said commission shall be a body corporate of each compacting state and territory and an agency thereof. The commission shall have all the powers and duties set forth herein, including the power to sue and be sued, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states and territories.

ARTICLE IV

The commission shall consist of three resident members from each compacting state or territory. At all times one commissioner from each compacting state or territory shall be an educator engaged in the field of higher education in

the state or territory from which he is appointed.

The commissioners from each state and territory shall be appointed by the Governor thereof as provided by law in such state or territory. Any commissioner may be removed or suspended from office as provided by the law of the state or territory from which he shall have been appointed.

The terms of each commissioner shall be four years; provided, however, that the first three commissioners shall be appointed as follows: One for two years, one for three years, and one for four years. Each commissioner shall hold office until his successor shall be appointed and qualified. If any office becomes vacant for any reason, the Governor shall appoint a commissioner to fill the office for the remainder of the unexpired term.

ARTICLE V

Any business transacted at any meeting of the commission must be by affirmative vote of a majority of the whole number of compacting states and territories.

One or more commissioners from a majority of the compacting states and territories shall constitute a quorum for the transaction of business.

Each compacting state and territory represented at any meeting of the commission is entitled to one vote.

ARTICLE VI

The commission shall elect from its number a chairman and a vice chairman, and may appoint, and at its pleasure dismiss or remove, such officers, agents and employees as may be required to carry out the purpose of this compact; and shall fix and determine their duties, qualifications and compensation, having due regard for the importance of the responsibilities involved.

The commissioners shall serve without compensation, but shall be reimbursed for their actual and necessary expenses from the funds of the commission.

ARTICLE VII

The commission shall adopt a seal and bylaws and shall adopt and promulgate rules and regulations for its management and control.

The commission may elect such committees as it deems necessary for the carrying out of its functions.

The commission shall establish and maintain an office within one of the compacting states for the transaction of its business and may meet at any time, but in any event must meet at least once a year. The chairman may call upon such additional meetings and upon the request of a majority of the commissioners of three or more compacting states or territories shall call additional meetings.

The commission shall submit a budget to the Governor of each compacting state and territory at such time and for such period as may be required.

The commission shall, after negotiations with interested institutions, determine the cost of providing the facilities for graduate and professional education for use in its contractual agreements throughout the region.

On or before the fifteenth day of January of each year the commission shall submit to the governors and legislatures of the compacting states and territories a report of its activities for the preceding calendar year.

The commission shall keep accurate books of account, showing in full its receipts and disbursements, and said books of account shall be open at any reasonable time for inspection by the Governor of any compacting state or territory or his designated representative. The commission shall not be subject to the audit and accounting procedure of any of the compacting states or territories. The commission shall provide for an independent annual audit.

ARTICLE VIII

It shall be the duty of the commission to enter into such contractual agreements with any institutions in the region offering graduate or professional education and with any of the compacting states or territories as may be required in the judgment of the commission to provide adequate services and facilities of graduate and professional education for the citizens of the respective compacting states or territories. The commission shall first endeavor to provide adequate services and facilities in the fields of dentistry, medicine, public health and veterinary medicine, and may undertake similar activities in other professional and graduate fields.

For this purpose the commission may enter into contractual agreements:

(a) With the governing authority of any educational institution in the region, or with any compacting state or territory, to provide such graduate or professional educational services upon terms and conditions to be agreed upon between contracting parties, and

(b) With the governing authority of any educational institution in the region or with any compacting state or territory to assist in the placement of graduate or professional students in educational institutions in the region providing the desired services and facilities, upon such terms and conditions as the commission may prescribe.

It shall be the duty of the commission to undertake studies of needs for professional and graduate educational facilities in the region, the resources for meeting such needs, and the long-range effects of the compact on higher education; and from time to time prepare comprehensive reports on such research for presentation to the Western Governors' Conference and to the legislatures of the compacting states and territories. In conducting such studies, the commission may confer with any national or regional planning body which may be established. The commission shall draft and recommend to the Governors of the various compacting states and territories uniform legislation dealing with problems of higher education in the region.

For the purposes of this compact the word "region" shall be construed to mean the geographical limits of the several compacting states and territories.

ARTICLE IX

The operating costs of the commission shall be apportioned equally among the compacting states and territories.

ARTICLE X

This compact shall become operative and binding immediately as to those states and territories adopting it whenever five or more of the states or territories of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming, Alaska and Hawaii have duly adopted it prior to July 1, 1953. This compact shall become effective as to any additional states or territories adopting thereafter at the time of such adoption.

ARTICLE XI

This compact may be terminated at any time by consent of a majority of the compacting states or territories. Consent shall be manifested by passage and signature in the usual manner of legislation expressing such consent by the legislature and Governor of such terminating state. Any state or territory may at any time withdraw from this compact by means of appropriate legislation to that end. Such withdrawal shall not become effective until two years after written notice thereof by the Governor of the withdrawing state or territory, accompanied by a certified copy of the requisite legislative action, is received by the commission. Such withdrawal shall not relieve the withdrawing state or territory from its obligations hereunder accruing prior to the effective date of withdrawal. The withdrawing state or territory may rescind its action of withdrawal at any time within the two-year period. Thereafter, the withdrawing state or territory may be reinstated by application to and the approval by a majority vote of the commission.

ARTICLE XII

If any compacting state or territory shall at any time default in the performance of any of its obligations assumed or imposed in accordance with the provisions of this compact, all rights, privileges and benefits conferred by this compact or agreements hereunder, shall be suspended from the effective date of such default as fixed by the commission.

Unless such default shall be remedied within a period of two years following the effective date of such default, this compact may be terminated with respect to such defaulting state or territory by affirmative vote of three-fourths of the other member states or territories.

Any such defaulting state may be reinstated by: (a) performing all acts and obligations upon which it has heretofore defaulted, and (b) application to and the approval by a majority vote of the commission.

351.790 Effective time of compact. Upon ratification and approval of the Western Regional Higher Education Compact by any five or more of the specified states or territories, the Governor of this state shall execute the compact on behalf of this state and perform any other acts which may be deemed requisite to its formal ratification and promulgation.

351.800 Commission members; appointment and removal. (1) The Governor shall appoint the Oregon members of the Western Interstate Commission for Higher Education.

(2) The qualifications and terms of office of the members of the commission for this state shall conform with the

(1) Prior to June 1 of each even-numbered year the Oregon members of the Western Interstate Commission for Higher Education shall determine the quotas of Oregon students for whom various kinds of educational service should be purchased in out-of-state institutions during the next biennium and shall recommend to the State Board of Higher Education and the Oregon Health Sciences University Board of Directors the amount to be included in its biennial budget to cover the cost of such educational service for students enrolled in their respective institutions.

(3) The State Board of Higher Education may also contract with higher education institutions, or others, which are not members of the Western Interstate Commission for Higher Education, to furnish educational services to students who are residents of the State of Oregon in those areas of higher education where the educational institutions of the State of Oregon are unable to provide the desired professional educational opportunities. [1953 c.205 ss.2,3; 1969 c.277 s.1; 1995 c.162 s.72]

(1) Any Oregon resident desiring to take advantage of the Western Regional Higher Education Compact may make application to the State Board of Higher Education for out-of-state educational service. From such applicants the board shall select students to fill the quotas determined under ORS 351.820.

(2) The board and the Oregon members of the Western Interstate Commission for Higher Education shall jointly establish criteria to be observed by the board in making such selections.

RESEARCH POLICY

351.865 Definition for ORS 351.865 to 351.890. As used in ORS 351.865 to 351.890, “basic research” is defined as scholarly investigation conducted to obtain new knowledge for its own sake. [1983 c.429 s.2]

351.870 Findings and policy for ORS 351.865 to 351.890. (1) The Legislative Assembly finds and declares that basic research is fundamental to the continuation and expansion of applied research and is thus a necessary ingredient

in economic growth. The Legislative Assembly further finds that basic research is itself an important activity which should be promoted.

(2) It is the policy of this state that basic research is an appropriate and necessary activity of our public universities. Further, the State of Oregon has an obligation with other states and the federal government to encourage and finance basic research if the state and nation are to be active participants in a future which will require ever increasing levels of knowledge and understanding.

(3) The Legislative Assembly acknowledges that a characteristic of basic research is that no defined result can be guaranteed and asserts that only through scholarly investigation can knowledge be advanced to be later developed and applied.

(4) The Legislative Assembly believes that moneys for basic research should be regularly appropriated and that such moneys should be used for support of qualified investigators and funding of research projects.

(5) The Legislative Assembly intends that in implementing the policy on basic research or any other research policy, the State Board of Higher Education, in keeping with the principle of academic freedom, shall insure open and free inquiry and publication in all institutions under its jurisdiction. [1983 c.429 ss.3,4,5,6; 1987 c.731 s.1]

351.875 Basic Research Fund; uses. (1) There is hereby created within the State Treasury a fund, separate and distinct from the General Fund, to be known as the Basic Research Fund. Moneys may be credited to the fund from any public or private source. Interest earnings of the fund from whatever source shall be credited to the fund.

(2) The fund shall be administered by the State Board of Higher Education according to policies and procedures adopted pursuant to ORS 351.880 and 351.885.

(3) Expenditures from the fund shall take the form of grants for a time certain and may extend beyond the biennium in which the expenditure is made. Grants may not be used for capital construction. [1983 c.429 s.7]

351.880 Council for Research Policy Recommendations. For the purpose of recommending policies and procedures for the administration of the fund, the board shall establish a Council for Research Policy Recommendations. [1983 c.429 s.8]

351.885 Administration of fund. (1) With the advice and recommendations of the council, the board shall adopt policies and procedures for the administration of the fund.

(2) The policies and procedures shall give consideration to:

(a) The promotion of basic research of the highest caliber within our public universities;

(b) The identification of areas of inquiry which should be supported so as to recognize both the intrinsic value and extrinsic economic value of basic research;

(c) The capacity of each university to decide where basic research moneys could best be spent within that university;

(d) Administrative and accounting requirements which place upon the university receiving moneys from the fund a minimum burden sufficient to guarantee an appropriate degree of public accountability; and

(e) Methods of assuring nondiscriminatory access to the fund. [1983 c.429 s.9]

351.890 Short title. ORS 351.865 to 351.890 shall be known and cited as the "Research Policy Act of 1983." [1983 c.429 s.1]
