OPTOMETRISTS

(Generally)

683.010 Definitions for ORS 683.010 to 683.310. As used in ORS 683.010 to 683.310, unless the context requires otherwise:

(1) “Board” means the Oregon Board of Optometry.

(2) “Practice of optometry” means the employment of any means other than the use of drugs, except topically applied pharmaceutical agents for diagnosis and treatment in the human eye, for the measurement or assistance of the powers or range of human vision or the determination of the accommodative and refractive states of the human eye or the scope of its functions in general or the adaptation of lenses or frames for the aid thereof, subject to the limitations of ORS 683.040.

(3) “Trial frames” or “test lenses” means any frame or lens used in testing the eye which is not sold and not for sale. [Amended by 1971 c.102 s.1; 1975 c.175 s.1; 1989 c.443 s.1; 1991 c.904 s.4; 1991 c.967 s.1]

683.020 License required to practice optometry. No person shall engage in the practice of optometry or purport in any way to be an optometrist or an expert in the field of optometry without having first obtained a license from the Oregon Board of Optometry as provided for in ORS 683.010 to 683.335. In any prosecution for the violation of this section, the use of test cards, test lenses or of trial frames is prima facie evidence of the practice of optometry. [Amended by 1971 c.102 s.2; 1987 c.443 s.1]

683.030 Persons and practices not affected. ORS 683.010 to 683.335 shall not be construed:

(1) To prevent any person duly licensed to practice medicine and surgery from treating or fitting glasses to the human eye;

(2) To prohibit the sale of complete ready-to-wear eye glasses as merchandise from a permanent place of business in good faith and not in evasion of ORS 683.010 to 683.335 by any person not purporting to be competent to examine

and prescribe for the human eye;

(3) To prohibit vision or eye care practices by persons working under the direct supervision of an optometrist authorized to practice in this state; or

(4) To prohibit vision screening by employees of a school or of the Department of Transportation. [Amended by 1999 c.490 s.1]

683.035 Discrimination against optometrists prohibited. No official, board, commission or other agency of the state or of any of its political subdivisions or municipalities shall discriminate between duly licensed optometrists and any other person authorized by law to render professional services which a duly licensed optometrist may render, when such services are required. Such services shall be paid for in the same manner and under the same standards as similar professional services. [1963 c.121 s.1]

(Licensing)

683.040 Qualifications of applicants. (1) Every person desiring to commence the practice of optometry in this state must show satisfactory evidence of graduation from a school of optometry that is approved by the Oregon Board of Optometry and that maintains a standard of four school years of at least nine months each.

(2) Every person desiring to commence the practice of optometry or employ the use of pharmaceutical agents shall in addition to the requirements of subsection (1) of this section have satisfactorily completed a course in pharmacology, as it applies to optometry, by an institution accredited by a regional or professional accreditation organization that is approved by the board with particular emphasis on the topical application of pharmaceutical agents to the eye for the purpose of diagnosis and treatment in the human eye, approved by the board. [Amended by 1971 c.102 s.3; 1975 c.175 s.2; 1985 c.103 s.3; 1991 c.967 s.2; 1993 c.27 s.1]

(1) Any person who has signified to the Oregon Board of Optometry a desire to be examined by it and who has filed proof that the person is qualified under ORS 683.010 to 683.335 and the rules of the board to take the examination shall pay a fee to be determined by the board. The applicant shall be examined in the anatomy of the eye, in the use of pharmaceutical agents as used topically in optometry, in normal and abnormal refractive and accommodative and muscular conditions and coordination of the eye, in subjective and objective optometry, including the fitting of glasses, the principles of lens grinding and frame adjusting, and in such other subjects as pertain to the science and practice of optometry, such subjects to be enumerated in a publication by the board.

(2) The board may, in its discretion, require the certificate of successful examination of the National Board of Examiners in Optometry in one or more areas of the examination in lieu of its examination in such areas.

(3) If an applicant fails to pass a second examination, the board may permit additional examinations upon compliance by the applicant with the law and the rules of the board.

(4) Any person who petitions the board to prescribe and administer pharmaceutical agents who has not previously been examined by the board on such use shall pass an examination on the use and potential side effect of such agents as used in optometry. [Amended by 1955 c.120 s.1; 1971 c.102 s.4; 1975 c.175 s.3; 1977 c.243 s.1; 1991 c.967 s.3; 1993 c.28 s.1; 1997 c.643 s.27]

683.070 Issuance of certificates of licensure; fee. Each applicant, without discrimination, who meets the requirements for examination and licensure and who pays the fee shall be issued a certificate of licensure. 683.080 Validity of certificates issued under former law. Any person holding an unrevoked certificate issued under chapter 139, Oregon Laws 1905, as amended, shall be entitled to continue the practice of optometry as though it were issued under ORS 683.010 to 683.335 and such certificate shall be subject to renewal, revocation and suspension the same as though it has been issued under ORS 683.010 to 683.335.

683.090 [Repealed by 1971 c.102 s.11]

683.100 Notice to board of place of practice; advertisements regarding services; notice, how given by board.

(1) Before engaging in the practice of optometry each optometrist shall notify the Oregon Board of Optometry in writing of the address of the place or places where the optometrist is to engage or intends to engage in the practice of optometry and the optometrist also shall notify the board of any change in place of practice. Each optometrist is responsible for any advertisement regarding services rendered at such location.

(2) The board shall keep a record showing the registered address of each optometrist.

(3) Any notice required to be given by the board to any optometrist may be given by mailing it to the optometrist at the last registered address of the optometrist through the United States mail postpaid. [Amended by 1987 c.443 s.3]

Any optometrist who temporarily practices optometry outside or away from the regular registered place of business shall deliver to each customer or person there fitted or supplied with glasses a receipt which shall contain the signature and show the permanent registered place of business and the number of the license of the optometrist, together with a specification of the lenses furnished and amount charged therefor. [Amended by 1987 c.443 s.4]

683.120 License fee; effect of failure to renew license. (1) Each optometrist who practices in this state shall on the date established by the Oregon Board of Optometry pay a license fee, as determined by the board, for a renewal of the license of the optometrist and shall have such license conspicuously posted in the office of the optometrist or place of business at all times. Each optometrist who is retired, disabled or a nonresident of the State of Oregon and who is not practicing optometry within this state shall on the date established by the board pay a license fee, as determined by the board, for a renewal of the license of the optometrist.

(2) A person who is no more than 30 days delinquent in renewing the license may renew the license upon payment to the board of the required fee plus a delinquent fee. If a person is more than 30 days delinquent in renewing the license, the license is automatically suspended by the board upon 30-day notice given to the licensee. A certified letter addressed to the last-known address of the licensee failing to comply with the requirements is sufficient notice.

(3) A person who is more than 60 days delinquent in renewing the license may be required to take an examination and pay the examination fee as required in ORS 683.060 before a license is issued. The board may, upon application, waive the examination requirement.
