INTERSTATE COMPACT ON JUVENILES

417.010 "Juvenile" defined for ORS 417.010 to 417.080. As used in ORS 417.010 to 417.080, "juvenile" includes any person who is within the jurisdiction of the juvenile court. [1959 c.434 §8]

417.020 Declaration of public policy. (1) It hereby is found and declared that:

(a) Juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others; and

(b) The cooperation of this state with other states is necessary to provide for the welfare and protection of juveniles and of the people of this state.

(2) It is therefore the policy of this state, in adopting the Interstate Compact on Juveniles, to cooperate fully with other states in returning juveniles to such other states whenever their return is sought, to accept the return of juveniles whenever a juvenile residing in this state is found or apprehended in another state and to take all measures to initiate proceedings for the return of such juveniles. [1959 c.434 §1]

417.030 Interstate Compact on Juveniles. The Governor hereby is authorized and directed to execute for, on behalf of and in the name of the State of Oregon, a compact with any state or states legally joining therein in the form substantially as follows:

The contracting states solemnly agree:

ARTICLE I FINDINGS AND PURPOSES

That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The cooperation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to (1) cooperative supervision of delinquent juveniles on probation or parole; (2) the return, from one state to another, of delinquent juveniles who have escaped or absconded; (3) the return, from one state to another, of nondelinquent juveniles who have run away from home; and (4) additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake cooperatively. In carrying out the provisions of this compact the party states shall be guided by the noncriminal, reformatory and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the policy of the states party to this compact to cooperate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

ARTICLE II EXISTING RIGHTS AND REMEDIES

That all remedies and procedures provided in this compact shall be in addition to and not in substitution for other rights, remedies and procedures and shall not be in derogation of parental rights and responsibilities.

ARTICLE III DEFINITIONS

That, for the purposes of this compact, "delinquent juvenile" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional release of juveniles authorized under the laws of the states party hereto; "court" means any court having jurisdiction over delinquent, neglected or dependent children; "state" means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.

ARTICLE IV RETURN OF RUNAWAYS

(a) That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged

delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for the return of the juvenile. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile's custody, the circumstances of the running away of the juvenile, location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering the welfare of the juvenile or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letter of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not the juvenile is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel a return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, the judge shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to legal custody, and that it is in the best interest and for the protection of such juvenile that the juvenile be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing the person to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding shall have appointed to receive the juvenile, unless the juvenile shall first be taken forthwith before a judge of a court in the state, who shall inform the juvenile of the demand made for the return of the juvenile, and who may appoint counsel or guardian ad litem for the juvenile. If the judge of such court shall find that the requisition is in order, the judge shall deliver such juvenile over to the officer whom the court demanding shall have appointed to receive the juvenile. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of the parent, guardian, person or agency entitled to legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for the person's own protection and welfare, for such a time not exceeding 30 days as will enable the return to another state party to this compact pursuant to a requisition for the return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein the juvenile is found any criminal charge, or any proceeding to have the juvenile adjudicated a delinquent juvenile for an act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon the return to the state from which the juvenile ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a juvenile is returned under this Article shall be responsible for payment of the transportation costs of such return.

(c) That "juvenile" as used in the Article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V
RETURN OF ESCAPEES AND ABSCONDERS

(a) That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody the juvenile has escaped shall present to the appropriate court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of adjudication as a delinquent juvenile, the circumstances of the breach of the terms of probation or parole or of escape from an institution or agency vested with legal custody or supervision, and the location of such delinquent juvenile, if known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing the person to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding shall have appointed to receive the juvenile, unless the juvenile shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform the juvenile of the demand made for the return and who may appoint counsel or guardian ad litem. If the judge of such court shall find that the requisition is in order, the judge shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding the juvenile shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, the juvenile must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding 90 days, as will enable detention under a detention order issued on a requisition pursuant to this Article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with legal custody or supervision, there is pending in the state wherein the juvenile is detained any criminal charge or any proceeding to have the juvenile adjudicated a delinquent juvenile for an act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon the return to the state from which the juvenile escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

(b) That the state to which a delinquent juvenile is returned under this Article shall be responsible for payment of the transportation costs of such return.

ARTICLE Va
INTERSTATE RENDITION OF JUVENILES ALLEGED TO BE DELINQUENT

(a) This amendment shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

(b) All provisions and procedures of Articles V and VI of the Interstate Compact on Juveniles shall be construed to apply to any juvenile charged with being a delinquent by reason of a violation of any criminal law. Any juvenile, charged with being a delinquent by reason of violating any criminal law, shall be returned to the requesting state upon a requisition to the state where the juvenile may be found. A petition in such case shall be filed in a court of

competent jurisdiction in the requesting state where the violation of criminal law is alleged to have been committed. The petition may be filed regardless of whether the juvenile has left the state before or after the filing of the petition. The requisition described in Article V of the Compact shall be forwarded by the judge of the court in which the petition has been filed.

ARTICLE VI VOLUNTARY RETURN PROCEDURE

That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with legal custody or supervision in any state party to this compact, and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provisions of Article IV (a) or of Article V (a) of this compact, may consent to the immediate return to the state from which the juvenile absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and counsel or guardian ad litem if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and counsel or guardian ad litem, if any, consent to the return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of the rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver the juvenile to the duly accredited officer or officers of the state demanding the return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned order the juvenile to return unaccompanied to such state and shall provide the juvenile with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which such juvenile or delinquent juvenile is ordered to return.

ARTICLE VII COOPERATIVE SUPERVISION OF PROBATIONERS AND PAROLEES

(a) That the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

(b) That each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

(c) That, after consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against the juvenile within the receiving state any criminal charge or any proceeding to have the juvenile adjudicated a delinquent juvenile for any act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of the receiving state

until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.

(d) That the sending state shall be responsible under this Article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.

ARTICLE VIII RESPONSIBILITY FOR COSTS

(a) That the provisions of Articles IV (b), V (b) and VII (d) of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(b) That nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to Articles IV (b), V (b) or VII (d) of this compact.

ARTICLE IX DETENTION PRACTICES

That, to every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

ARTICLE X SUPPLEMENTARY AGREEMENTS

That the duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the cooperative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall (1) provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished; (2) provide that the delinquent juvenile shall be given a court hearing prior to the juvenile being sent to another state for care, treatment and custody; (3) provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile; (4) provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state; (5) provide for reasonable inspection of such institutions by the sending state; (6) provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to the juvenile being sent to another state; and (7) make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.

ARTICLE XI ACCEPTANCE OF FEDERAL AND OTHER AID

That any state party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

ARTICLE XII COMPACT ADMINISTRATORS

That the governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XIII EXECUTION OF COMPACT

That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

ARTICLE XIV RENUNCIATION

That this compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under Article VII of this compact shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under Article X of this compact shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the six months' renunciation notice of this Article.

ARTICLE XV SEVERABILITY

That the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

[1959 c.434 §2; 1979 c.288 §4]

417.040 Juvenile Compact Administrator and staff; rules. (1) The office of Juvenile Compact Administrator hereby is created. The Director of Human Services shall be ex officio Juvenile Compact Administrator, with no additional compensation. The administrator shall act jointly with like officers of other party states in promulgating rules and regulations to carry out more effectively the terms of the compact. The administrator shall cooperate with all departments, agencies and officers of the government of this state and its subdivisions in facilitating the proper administration of the compact or of any supplementary agreement or agreements entered into by this state thereunder.

(2) The Juvenile Compact Administrator shall appoint a Deputy Juvenile Compact Administrator to serve at the pleasure of the administrator. The deputy shall be appointed on the basis of personal qualifications in accordance with standards fixed by the Department of Human Services. The department shall fix the salary of the deputy. Subject to the approval of the department, and at salaries fixed by it, the administrator may employ such other personnel as may be necessary to accomplish the purposes of ORS 417.010 to 417.080. The administrator shall prescribe the duties of the deputy and such other personnel, and they shall be subject to the control and under the immediate supervision of the administrator. Personnel other than the administrator and the deputy shall be subject to any applicable provision of the State Personnel Relations Law. Subject to the approval of the department, the administrator may also provide necessary offices, supplies and equipment. [1959 c.434 §3; 1971 c.401 §11]

417.050 Supplementary agreements. The Juvenile Compact Administrator may enter into supplementary agreements with appropriate officials of other states under the compact. In the event that a supplementary agreement

requires or contemplates the use of any institution or facility of this state or requires or contemplates the providing of any service by this state, the supplementary agreement shall have no force or effect until approved by the head of the department or agency under whose jurisdiction the institution or facility is operated or whose department or agency will be charged with the providing of the service. [1959 c.434 §4]

417.060 Proceedings for recovery of expenses in enforcing compact and agreements. The Juvenile Compact Administrator may recover from parents or guardians any moneys expended by this state or any of its subdivisions in returning a delinquent or nondelinquent juvenile to this state, for care pending the return of the juvenile to this state or for care provided pursuant to any supplementary agreement. Proceedings to recover such moneys shall be brought before the juvenile court, which shall, upon the parent, parents or guardian being duly summoned or voluntarily appearing, enter such order or decree as is equitable in the premises. The order or decree may be enforced by execution or in any manner in which a court of equity may enforce its orders or decrees. No property belonging to persons subject to the order or decree shall be exempt from levy and sale under execution. [1959 c.434 §5]

417.080 Enforcement of compact. The courts, departments, agencies and officers of this state and its subdivisions shall enforce this compact and shall do all things appropriate to the effectuation of its purposes and intent which may be within their respective jurisdictions. [1959 c.434 §6]

(b) Establish procedures for efficient interstate delivery of adoption assistance and related services and benefits that will protect the interests of adopted children who move from one state to another.

(2) When the department enters into an interstate compact under this section, the compact has the force and effect of law for as long as it remains in effect. [1999 c.859 §2]

INTERSTATE COMPACT ON PLACEMENT OF CHILDREN

417.200 Interstate Compact on Placement of Children. The Interstate Compact on the Placement of Children is enacted into law and entered into on behalf of this state with all other jurisdictions legally joining therein in form substantially as follows:

INTERSTATE COMPACT ON
THE PLACEMENT OF CHILDREN
ARTICLE I
PURPOSE AND POLICY

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis on which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II DEFINITIONS

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

(b) "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally defective or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

ARTICLE III CONDITIONS FOR PLACEMENT

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) The name, date and place of birth of the child.

(2) The identity and address or addresses of the parents or legal guardian.

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring, or place the child.

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV
PENALTY FOR ILLEGAL PLACEMENT

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

ARTICLE V
RETENTION OF JURISDICTION

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

ARTICLE VI
INSTITUTIONAL CARE
OF DELINQUENT CHILDREN

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to being sent to such other party jurisdiction for institutional care and the court finds that:

- (1) Equivalent facilities for the child are not available in the sending agency's jurisdiction; and
- (2) Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII
COMPACT ADMINISTRATOR

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in the jurisdiction of the officer and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII
LIMITATIONS

This compact shall not apply to:

(a) The sending or bringing of a child into a receiving state by a parent, step-parent, grandparent, adult brother or sister, adult uncle or aunt, or guardian and leaving the child with any such relative or nonagency guardian in the receiving state.

(b) Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX ENACTMENT AND WITHDRAWAL

This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, Commonwealth of Puerto Rico, and, with the consent of Congress, the Government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

[1975 c.482 §1]

417.210 Financial responsibility for placed children. (1) Financial responsibility for any child placed pursuant to the provisions of the Interstate Compact on the Placement of Children shall be determined in accordance with the provisions of Article V thereof in the first instance. However, in the event of partial or complete default of performance thereunder, the provisions of ORS chapter 110 and any other applicable laws also may be invoked.

(2) The “appropriate public authorities” as used in Article III of the Interstate Compact on the Placement of Children shall, with reference to this state, mean the Department of Human Services and the department shall receive and act with reference to notices required by Article III thereof.

(3) As used in paragraph (a) of Article V of the Interstate Compact on the Placement of Children, the phrase “appropriate authority in the receiving state” with reference to this state shall mean the Department of Human Services. [1975 c.482 §2; 1995 c.608 §39; 1999 c.59 §109; 2001 c.900 §250]

417.220 Agreements with other states; effect of financial provisions. The officers and agencies of this state and its subdivisions having authority to place children are authorized to enter into agreements with appropriate officers or agencies of or in other party states pursuant to paragraph (b) of Article V of the Interstate Compact on the Placement of Children. Any such agreement which contains a financial commitment or imposes a financial obligation on this state or subdivision or agency thereof shall not be binding unless it has the approval in writing of the State Treasurer in the case of the state and of the chief local fiscal officer in the case of a subdivision of the state. [1975 c.482 §3]

417.230 Compliance with visitation, inspection or supervision requirements. Any requirements for visitation, inspection or supervision of children, homes, institutions or other agencies in another party state which may apply under ORS 418.250, 418.255 and 418.260 shall be considered to be met if performed pursuant to an agreement entered into by appropriate officers or agencies of this state or a subdivision thereof as contemplated by paragraph (b) of

Article V of the Interstate Compact on the Placement of Children. [1975 c.482 §4]

417.240 Placement of children in institutions in other states. Any court having jurisdiction pursuant to ORS 419B.100 or 419C.005 to place children may place a child in an institution in another state pursuant to Article VI of the Interstate Compact on the Placement of Children and shall retain jurisdiction as provided in Article V thereof. [1975 c.482 §5; 1993 c.33 §324]

417.250 “Executive head” defined. As used in Article VII of the Interstate Compact on the Placement of Children, the term “executive head” means the Governor. The Governor is authorized to appoint a compact administrator in accordance with the terms of said Article VII. [1975 c.482 §6]

417.260 ORS 418.290 inapplicable to children placed pursuant to compact. The provisions of ORS 418.290 do not apply to a child placed or proposed to be placed in Oregon pursuant to the Interstate Compact on the Placement of Children. Application of the requirement contained in paragraph (d) of Article III of the Interstate Compact on the Placement of Children shall be in lieu of the requirements of ORS 418.290. [1975 c.482 §7]

POLICIES ON PROVIDING SERVICES TO CHILDREN AND FAMILIES

417.270 Policy on equal access; documentation of expenditure for males and females; identification of disparities; equal access plan. (1) The Legislative Assembly hereby acknowledges that females under 18 years of age often lack equal access, both individually and as a group, when compared with males under 18 years of age, to the facilities, services and treatment available through human services and juvenile corrections programs provided by or funded by the State of Oregon.

(2) The Legislative Assembly therefore declares that, as a matter of statewide concern, it is in the best interests of the people of this state that equal access for both males and females under 18 years of age to appropriate facilities, services and treatment be available through all state agencies providing or funding human services and juvenile corrections programs for children and adolescents.

(3) Recognizing this concern, the Legislative Assembly further declares that:

(a) Any state administrative agency that regularly provides services to minors shall, when the agency submits its annual budget to the Legislative Assembly, specify the percentages of moneys allocated to, and expended for, the two separate groups, males under 18 years of age and females under 18 years of age;

(b) All state agencies providing human services and juvenile corrections programs shall identify existing disparities in the allocations of moneys and services to, and expended for, the two groups, males under 18 years of age and females under 18 years of age, and shall document such disparities, if any, for the purpose of reporting the information to the next session of the Legislative Assembly; and

(c) The state agencies described in subsection (1) of this section shall:

(A) Develop a plan to implement equal access to appropriate services and treatment, based on presenting behaviors, for both males under 18 years of age and females under 18 years of age, by January 1, 1995; and

(B) Monitor the implementation and results of newly enacted legislation intended to improve services for females under 18 years of age.

(4) As used in subsection (3)(b) of this section, disparities include, but are not limited to, disparities in:

(a) The nature, extent and effectiveness of services offered for females under 18 years of age within the areas of teen pregnancy, physical and sexual abuse, alcohol and drug abuse, services offered for runaway and homeless females under 18 years of age and services offered for females under 18 years of age who are involved in gangs or other delinquent activity; and

(b) The equity of services offered to at-risk children and youth with respect to gender within the areas of physical and sexual abuse, alcohol and drug abuse and services offered to runaway and homeless children and youth. [1993 c.461 §1]

417.300 Purpose of ORS 417.305. The purpose of ORS 417.305 is to establish a state policy for serving Oregon’s children and families, in recognition that addressing the needs, strengths and assets of children necessarily requires addressing the needs, strengths and assets of families and communities, and to direct state agencies to work in partnership with local communities to plan, coordinate and provide programs accordingly. [1989 c.834 §2; 1999 c.1053 §1]

417.342 Family support services; principles. (1) Family support services are based on the belief that all people, regardless of disability, chronic illness or special need, have the right to a permanent and stable familial relationship in the community. However, nothing in ORS 417.340 to 417.348 or 417.349 is intended to keep a family member with a disability or chronic illness in the family home or to require any person with a disability or chronic illness to live in the family home.

(2) Family support services can provide the support necessary to enable the family to meet the needs of caring for a family member with a disability or chronic illness at home and, subject to available funds, shall be based on the following principles:

(a) Family support services may use private and volunteer resources, publicly funded services and other flexible dollars to provide a family with the services needed to care for the family member with a disability or chronic illness.

(b) Family support services must be sensitive to the unique needs, strengths and multicultural values of an individual and the family rather than fitting the individual and family into existing services.

(c) Family support services must be built on a relationship of respect and trust that recognizes that families are better able to determine their own needs than have their needs determined by the state or a public agency.

(d) Family support services shall be provided in a manner that develops comprehensive, responsive and flexible support to families in their role as primary caregivers for family members with disabilities or chronic illnesses.

(e) Family support services shall focus on the entire family and be responsive to the needs of the individual and the family.

(f) Family support services may be needed throughout the lifespan of the individual family member living at home who has a disability or chronic illness.

(g) Family support services shall be available to families before they are in crisis.

(h) Family support services may be a service option offered to families, but not imposed on them.

(i) Family support services shall encourage maximum use of existing social networks and natural sources of support and should encourage community integration.

(j) Family support services shall not be confined to a single program or set of services but shall be a philosophy that permeates all programs and services. [1991 c.122 §2; 2001 c.900 §252]

417.344 Types of services included. Family support services may include but are not limited to:

(1) Family support consultation;

(2) Information and referral;

- (3) Develop a biennial cooperative plan for assuring a statewide interagency system of family support services.

- (5) Make a biennial report to the Legislative Assembly on the state of the family support system, including strengths, deficiencies, cost savings and recommendations. This report shall include a comprehensive statement of the efforts of the Department of Human Services to carry out the policies and principles set forth in this legislation. The report shall include but not be limited to a list of family support services, a summary of costs and the number of clients served.
- (6) Establish a Family Support Advisory Council whose purpose is to review and comment on plans and services provided or contracted for family support by state agencies and advise the director on the state plans for coordinated family support services.
 - (a) The council shall meet a minimum of four times per year.
 - (b) The membership of the council shall be 51 percent consumers of family support services.
 - (c) The remaining membership shall be composed of representatives of agencies providing family support services and representatives of advocacy groups. One member shall be a representative of the Department of Education. [1991 c.122 §4; 2001 c.900 §109]

- (1) The family has a family member requiring long term care due to disability or chronic illness whom the family desires to keep at home or return to the home from an institution or other out-of-home placement.
- (2) The family desires to care for the dependent family member at home if financial, physical or other barriers are reduced or eliminated and adequate community based support services are provided.
- (3) The family is caring for a family member who is waiting for residential or vocational services.

417.349 Department of Human Services to provide family support services. In accordance with ORS 417.342 and 417.344, the Department of Human Services shall provide family support services throughout the department. Notwithstanding ORS 430.640, the department may contract directly with community organizations for the provision of family support services. [2001 c.900 §6]

417.350 Family support services as social benefits. Funds, goods and services provided to families under ORS 417.340 to 417.348 are social benefits for the promotion of general welfare. The benefits may not be used to replace or reduce other state or federal benefits provided the families under Oregon law. [1993 c.241 §1]

417.355 Principles of family law system. The Sixty-eighth Legislative Assembly accepts the recommendations of the Task Force on Family Law and recognizes that a comprehensive family law system must reflect the following principles:

- (1) The welfare of children shall be paramount in the resolution of family conflicts.

- (2) Children must learn to develop healthy relationships and to resolve conflicts in peaceful ways.
- (3) Whenever possible and appropriate, children shall continue to have both parents in their lives and parents shall be encouraged to work out agreements between themselves regarding their children.
- (4) The safety and economic well-being of family members shall be given priority.
- (5) Family members in conflict must have appropriate forums in which to grieve and accept change.
- (6) All families deserve respect and the support of social policy. [1995 c.800 §1]

FAMILY- OR CLIENT-CENTERED SERVICE SYSTEM

417.360 Findings and policy. (1) The Legislative Assembly finds that:

- (a) The current delivery system for human services is fragmented and uncoordinated, producing service duplication and inappropriate or inadequate responses to individuals and to families;
- (b) Clients with multiple needs must interact with a variety of agencies and frequently feel powerless to negotiate the complicated array of services;
- (c) The system is too often perceived as victimizing the persons it is intended to serve;
- (d) Dedicated direct service workers become the target of disillusionment by clients even though the workers are equally frustrated by their lack of control over bureaucratic requirements; and
- (e) The state needs to rethink and restructure traditional methods of delivering human services. Organizations that have traditionally not viewed themselves as partners, such as social services and education, must be strongly encouraged to integrate their programs.

(2) It shall be the policy of this state to foster a family-or client-centered service delivery system at the community level with the goal of providing more efficient and responsive services, driven by the needs of the individuals and families served and not by funding tied to traditional, categorical programs. Family services available through community level delivery systems should include, but need not be limited to, education, information and referral services. [1991 c.359 §1; 1995 c.800 §1a]

417.362 System requirements. A family- or client-centered service system must be a system that:

- (1) Insures active participation of clients in service planning, decision making and service delivery;
- (2) Empowers direct service workers to gain access to a broad continuum of services and flexible funding to meet the needs of individuals and families served;
- (3) Pools funds of multiple service delivery agencies;
- (4) Generates policies for program planning and implementation at the community level rather than mandating policies at the state level; and

FAMILY DECISION-MAKING MEETING

417.365 “Family decision-making meeting” defined for ORS 417.365 to 417.375. As used in ORS 417.365 to 417.375, “family decision-making meeting” means a family-focused intervention facilitated by professional staff that is designed to build and strengthen the natural caregiving system for the child. Family decision-making meetings may include family group conferences, family unity meetings, family mediation or other professionally recognized interventions that include extended family and rely upon the family to make decisions about planning for its children. The purpose of the family decision-making meeting is to establish a plan that provides for the safety, attachment and permanency needs of the child. [1997 c.799 §1]

417.368 Consideration of meeting required for certain cases. (1) The Department of Human Services shall consider the use of a family decision-making meeting in each case in which a child is placed in substitute care for more than 30 days.

- (2) When the department determines that the use of a family decision-making meeting is appropriate, the meeting shall be held, whenever possible, before the child has been in substitute care for 60 days.
- (3) If the department elects not to conduct a family decision-making meeting, the reasons for that decision shall be

clearly documented in the written service plan of the child developed by the department. [1997 c.799 §2]

417.371 Notice to family members of meeting; definitions. (1) If the Department of Human Services determines that the use of a family decision-making meeting is appropriate, the department shall conduct and document reasonable inquiries to promptly locate and notify the parents, grandparents and any other family member who has had significant, direct contact with the child in the year prior to the substitute care placement.

(2) All family members notified by the department may attend the meeting unless the department determines that the safety of any attendee will be compromised by the attendance of any family member.

(3) Any family member the department deems a safety risk may provide written statements that address the subject of any family decision-making meeting, including the determination of placement of the child or components of a service plan for the child and family members.

(4) As used in this section:

(a) “Family member” means any person related to the child by blood, marriage or adoption, including but not limited to parents, grandparents, stepparents, aunts, uncles, sisters, brothers, cousins or great-grandparents. “Family member” also includes a child 12 years of age or older, or a child younger than 12 years of age when appropriate.

(b) “Reasonable inquiries” means efforts that involve reviewing the case file for relevant information, contacting the parents or guardians and contacting additional sources of information that may lead to ascertaining the whereabouts of family members, if necessary. [1997 c.799 §3]

417.375 Development of family plan; contents. (1) If the Department of Human Services conducts a family decision-making meeting under ORS 417.365 to 417.375, the meeting shall result in the development of a written family plan that may include a primary permanent plan, concurrent permanent plan, placement recommendations and service recommendations. The family plan or service agreement shall also include:

(a) The expectations of the parents of the child and other family members;

(b) Services the department will provide;

(c) Timelines for implementation of the plan;

(d) The benefits of compliance with the plan;

(e) The consequences of noncompliance with the plan; and

(f) A schedule of subsequent meetings, if appropriate.

(2) Any family member participating in a family decision-making meeting shall sign a written acknowledgment of the content of the family plan developed at the family decision-making meeting and their attendance at the meeting.

(3) The department shall incorporate the family plan developed at the family decision-making meeting into the department’s service plan for the child to the extent that the family plan protects the child, builds on family strengths and is focused on achieving permanency for the child within a reasonable time.

(4) If the family plan is not incorporated in the department’s service plan for the child, the department shall document the reasons in the service plan.

(5) The department shall send a copy of the family plan to the family participants, including those family members who participated in writing pursuant to ORS 417.371 (3), no later than 21 days after the conclusion of the family decision-making meeting. [1997 c.799 §4; 2001 c.686 §18]

[Formerly 417.755]

417.708 Legislative findings relating to young children. The Legislative Assembly finds:

- (1) The first three years of life are a crucial period in a child’s life, and during this period a child is sensitive to the

protective mechanisms of parental and family support.

(2) Brain development that takes place during the first year of life is rapid and extensive and has implications for lifelong physical, social-emotional and cognitive well-being. [2001 c.831 §2]

417.710 Statement of purpose. Subject to the availability of funds therefor and the specific provisions of ORS 417.705 to 417.797 and 419A.170, it is the purpose of ORS 417.705 to 417.797 and 419A.170 to:

(1) Authorize the State Commission on Children and Families to set statewide guidelines for the planning, coordination and delivery of services for children and families in conjunction with other state agencies and other planning bodies;

(2) Vest in local commissions on children and families the authority to distribute state and federal funds allocated to the local commissions to supervise services or to purchase services for children and families in the local area and to supervise the development of the local coordinated comprehensive plan for services;

(3) Provide a process for comprehensive local planning for services for children and families to provide local services that are consistent with statewide guidelines;

(4) Retain in the state the responsibility for funding of services for children and families through a combination of local, state and federal funding, including the leveraging of public and private funds available under ORS 417.705 to 417.797 and 419A.170; and

(5) Retain state supervision of child protection and other services that should be uniform throughout the state and that are necessarily the state's responsibility. [1993 c.676 §1; 1999 c.1053 §4]

417.715 Policy; service system values and goals. (1) It is the intent of the Legislative Assembly to enable families and communities to protect, nurture and realize the full physical, social, emotional, cognitive and cultural developmental potential of children in Oregon. Toward this end, the Legislative Assembly shall develop and implement a statewide system of services that is preventive, integrated in local communities and accessible to children and families and that focuses on promoting the wellness of Oregon's children.

(2) The service system shall be based on promoting the wellness of Oregon's children and families. The following values shall guide the design and implementation of this system:

(a) A commitment to children that ranks them as Oregon's first priority;

(b) A commitment to reducing the number of Oregon's children and families living in poverty;

(c) A commitment to equitable treatment of gender in both services and funding;

(d) A view that strengthening families is of paramount concern, but that child safety must come first if a conflict between the well-being of a child and the well-being of a family arises;

(e) A recognition of the central role of families as the best place for children to develop;

(f) A realization that good parenting skills are fundamental to a healthy society;

(g) A sensitivity to diversity that requires culturally competent services respectful of genders, cultures, orientations and disabilities;

(h) An offering of opportunities for children to develop self-worth and concern for others, and to reach their full potential;

(i) A fundamental assumption that children should be provided the means to attain safety and good health; and

(j) A commitment to early detection and treatment of families at risk for child abuse and neglect.

(3) The service system shall emphasize:

(a) Services designed to identify risks and nurture potential at the earliest time in a child's life;

(b) Services designed to respond to and reduce risks at the earliest possible point of detection;

(c) A comprehensive continuum of services such as prevention, early intervention and treatment for children in all age groups;

(d) The realization that funding one age group or gender of children at the expense of another is destructive of the wellness of children; and

(e) That maintenance and enhancement of treatment services and augmentation of preventive services are paramount to the effective delivery of services to children and families.

(4) The service system must begin at the local level, through cooperation and integration of all local and state providers, treat the whole person and be built on the strengths and natural supports of neighborhoods and communities. [1993 c.676 §1a]

417.720 Characteristics of service system. The characteristics of the service system developed and implemented

under ORS 417.705 to 417.797 and 419A.170 are that the system:

- (1) Is nonstigmatizing;
- (2) Is available and accessible when needed and is based on the perspective of children and families and, whenever possible, allows families to design their own service programs, based on assessment of their needs and their solutions and resources for change;
- (3) Is outcome-oriented;
- (4) Is integrated;
- (5) Recognizes the contributions of the system's workers;
- (6) Promotes in the community a sense of responsibility for self and others and is committed to the well-being of children as well as support for families;
- (7) Emphasizes local planning for children and families and integrates local needs with statewide goals;
- (8) Provides services locally in a process that encourages partnerships, alliances and efficient use of resources; and
- (9) Provides local service delivery systems that build on the unique strengths of the county or community. [1993 c.676 §2]

417.725 Key elements of system; family resource and service centers. (1) Key elements of the service system developed and implemented under ORS 417.705 to 417.797 and 419A.170 are:

- (a) A two-to-seven-year incremental implementation process with measurable outcomes;
- (b) An implementation process resulting in a voluntary system based on nurturing human development; and
- (c) A service continuum based on promoting wellness for the children of Oregon whose parents have given their express written consent. Family resource centers and family service centers are a viable, but not the exclusive, structure for delivering a service continuum.

(2) If a system of family resource centers and family service centers is selected by a local commission on children and families established pursuant to ORS 417.760, the family resource centers:

- (a) May serve as the prevention arm of the voluntary delivery system and may be integrated into neighborhood-based services with the intent that services be available to all families who have given their express written consent to promote their children's wellness;
- (b) May serve as the treatment arm of the voluntary delivery system;
- (c) Shall involve parents in the care and education of their children;
- (d) Shall involve the local community in developing and overseeing family resource center programs; and
- (e) Shall be consistent with the local coordinated comprehensive plan. [1993 c.676 §3; 2001 c.831 §10]
