(2) The examining physician shall make a written report to the judge, in duplicate on blanks furnished as provided in ORS 444.240, within the time fixed by the judge. The report shall answer the questions and set forth the information required on the blanks, giving such history of the case as will be likely to aid the surgical or medical treatment of the condition or disease or injury and describing it, all in detail, and stating whether or not, in the opinion of the physician, it can probably be remedied. The duplicate of the report shall be sent to the Oregon Health and Science University with the patient, together with a certified copy of the order of the judge made pursuant to ORS 444.120.

(3) The judge may also appoint some suitable person to investigate the other matters charged in the complaint. [Amended by 1967 c.534 §24; 1989 c.224 §108; 1993 c.33 §351]
