HOUSING IN DISTRESSED URBAN AREAS

458.005 Definitions for ORS 458.005 to 458.065. As used in ORS 458.005 and 458.015 to 458.065, unless the context requires otherwise:

(1) “Distressed area” means a primarily residential area of a city designated by a city under ORS 458.015 which, by reason of deterioration, inadequate or improper facilities, the existence of unsafe or abandoned structures, including but not limited to a significant number of vacant or abandoned single or multifamily residential units, or any combination of these or similar factors, is detrimental to the safety, health and welfare of the community. Each city that adopts, by resolution or ordinance, ORS 308.450 to 308.481, shall adopt rules specifying the process for determining the boundaries of a distressed area and for distressed area boundary changes. At no time shall the cumulative land area within the boundaries of distressed areas within a city, determined for purposes of ORS 458.005 and 458.015 to 458.065, exceed 20 percent of the total land area of the city.

(2) “Governing body” means the city legislative body having jurisdiction over the property for which an exemption may be applied for under ORS 458.005 and 458.015 to 458.065.

(3) “Single-unit housing unit” means a newly constructed structure having only one dwelling unit that:

(a) Is, or will be, at the time that construction is completed, in conformance with all local plans and planning regulations, including special or district-wide plans developed and adopted pursuant to ORS chapters 195, 196, 197 and 227.

(b) Is constructed on or after January 1, 1990, and is completed within two years after application for exemption is approved under ORS 458.040 or before July 1, 2003, whichever is earlier.

(c) Upon completion, is designed for habitation by one person or one family.

(d) Upon completion, has a market value (land and improvements) of no more than 120 percent, or a lesser percent as adopted by the governing body by resolution, of the median sales price of single family homes located within the city. Prior to January 1 of each year, the governing body shall adopt by resolution the median sales price to be used for purposes of this paragraph during the next calendar year. In determining median sales price the governing body, assisted by the county assessor, shall use the sales data collected under ORS 309.200 in the county in which the greater portion of the taxable assessed value of the city is located for the period ending the prior November 30 relative to single family homes. In addition, the governing body may use data made available by the real estate and construction or other appropriate industry.

(e)(A) Is not a manufactured structure as defined in ORS 801.333, or a floating home, as defined in ORS 830.700.

(B) Notwithstanding subparagraph (A) of this paragraph, a “single-unit housing unit” includes a “manufactured home” as described under ORS 197.307 (5)(a) to (f).

(4) “Structure” does not include the land, nor any site development to the land, as both are defined under ORS 307.010. [1989 c.1051 §15; 1993 c.696 §17; 1995 c.377 §1]

458.010 Legislative findings. (1) The Legislative Assembly finds it to be in the public interest to stimulate the construction of new single family residences in distressed urban areas in this state in order to improve in those areas the general life quality, to promote residential infill development on vacant or underutilized lots, to encourage homeownership and to reverse declining property values.

(2) The Legislative Assembly further finds and declares that the cities of this state be able to establish and design programs to stimulate the construction of new single family residences in distressed urban areas by means of a limited property tax exemption, as provided under ORS 458.005 and 458.015 to 458.065. [1989 c.1051 §14]

458.015 Application of law; designation of distressed areas; standards and guidelines. (1) ORS 458.005 and 458.015 to 458.065 apply to single-unit housing units located within the jurisdiction of a governing body which adopts, by resolution or ordinance, ORS 458.005 and 458.015 to 458.065. Except as provided in subsection (2) of this section, the exemption provided by ORS 458.005 and 458.015 to 458.065 applies only to the tax levy of a governing body which adopts ORS 458.005 and 458.015 to 458.065.

(2) The tax exemption provided under ORS 458.005 and 458.015 to 458.065 shall apply to the tax levy of all taxing units when upon request of the city that has adopted ORS 458.005 and 458.015 to 458.065, the rates of taxation of taxing units whose governing bodies agree by resolution to the policy of providing tax exemptions for single-unit housing units as described in ORS 458.005 and 458.015 to 458.065, when combined with the rate of taxation of the city, equal 51 percent or more of the total combined rate of taxation levied on the property which is tax exempt under ORS 458.005 and 458.015 to 458.065.

(3) The city shall designate one or more distressed areas, located within the territorial boundaries of the city, within which the city proposes to allow exemptions under ORS 458.005 and 458.015 to 458.065.

(4) The city shall adopt standards and guidelines to be utilized in considering applications and making the determinations required under ORS 458.005 and 458.015 to 458.065, including but not limited to:

(a) Standards and guidelines for designating a distressed area, including but not limited to the probability of revitalization in the area without the assistance of the property tax exemption provided under ORS 458.005 and 458.015 to 458.065.

(b) Design elements for construction of the single-unit housing proposed to be exempt.

(c) Extensions of public benefits from the construction of the single-unit housing beyond the period of exemption. [1989 c.1051 §16]

458.020 Property tax exemption; limitations. A single-unit housing unit which qualifies for exemption under ORS 458.005 and 458.015 to 458.065 shall be exempt from ad valorem taxation for no more than 10 successive years beginning January 1 of the assessment year in which the application is approved under ORS 458.040, as determined under rules adopted by the Department of Revenue. The exemption provided by this section shall be in addition to any other exemption provided by law for the property. However, the amount of assessed value exempted under this section shall not exceed the real market value of the structure determined as of the date that the property is inspected for purposes of making a determination under ORS 458.040. [1989 c.1051 §17; 1991 c.459 §410; 1997 c.541 §436]

458.025 Application; procedures. (1) Any owner desiring an exemption under ORS 458.005 and 458.015 to 458.065 shall first apply to the city on forms supplied by the city.

(2) The application shall describe the property for which an exemption is requested, set forth the grounds for the exemption and be verified by oath or affirmation of the applicant.

(3) Application shall be made on or before September 1 of the calendar year immediately preceding the first year for which exemption is requested, and shall be accompanied by the application fee required under ORS 458.040.

(4) The city may permit the applicant to revise an application made under this section prior to final action by the city. [1989 c.1051 §18; 1991 c.459 §411; 1997 c.541 §437]

458.035 Approval criteria. The city may approve an application made under ORS 458.025 if it finds that:

(1) The proposed construction will be located in a distressed area.

(2) The proposed construction will result in a structure that meets the definition of single-unit housing unit.

(3) The owner has agreed to include in the construction as a part of the single unit the design elements developed under ORS 458.015 (4).

(4) The construction will result in public benefits beyond the period of exemption. [1989 c.1051 §19]

458.040 Application, approval and denial procedures; filing with assessor; fee. (1) The city shall approve or deny an application filed under ORS 458.025 within 180 days after receipt of the application. An application not acted upon within 180 days shall be deemed approved.

(2) Final action upon an application by the city shall be in the form of an ordinance or resolution that shall contain the owner's name and address, a description of the subject single-unit housing unit, either the legal description of the property or the assessor's property account number and the specific conditions upon which the approval of the application is based.

(3) On or before April 1 following approval, the city shall file with the county assessor and send to the owner at the last-known address of the owner a copy of the ordinance or resolution approving or disapproving the application. The copy shall contain or be accompanied by a notice explaining the grounds for possible termination of the exemption prior to the end of the exemption period or thereafter, and the effects of termination. In addition, the city shall file with the county assessor on or before April 1 a document listing the same information otherwise required to be in an ordinance or resolution under subsection (2) of this section, as to each application deemed approved under subsection (1) of this section.

(4) If the application is denied, the city shall state in writing the reasons for denial and send notice of denial to the applicant at the last-known address of the applicant within 10 days after the denial. The notice shall inform the applicant of the right to appeal under ORS 458.060.

(5) The city, after consultation with the county assessor, shall establish an application fee in an amount sufficient to cover the cost to be incurred by the city and the assessor in administering ORS 458.005 and 458.015 to 458.065. The application fee shall be paid to the city at the time the application for exemption is filed. If the application is approved, the city shall pay the application fee to the county assessor for deposit in the county general fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the city shall retain that portion of the application fee attributable to its own administrative costs and shall refund the balance to the applicant. [1989 c.1051 §20]

458.045 Exemption termination for failure to meet requirements; procedures. (1) Except as provided in ORS 458.050, if, after an application has been approved under ORS 458.040, the city finds that construction of a single-unit housing unit was not completed within two years after the date the application was approved or on or before January 1, 2003, whichever is earlier, or that any provision of ORS 458.005 and 458.015 to 458.065 is not being complied with, or any provision required by the city pursuant to ORS 458.005 and 458.015 and 458.065 is not being complied with, the city shall give notice to the owner, mailed to the owner's last-known address, of the proposed termination of the exemption. The notice shall state the reasons for the proposed termination and shall require the owner to appear at a specified time, not less than 20 days after mailing the notice, to show cause, if any, why the exemption should not be terminated.

(2) If the owner fails to show cause why the exemption should not be terminated, the city shall adopt an ordinance or resolution stating its findings terminating the exemption. A copy of the ordinance or resolution shall be filed with the county assessor and a copy sent to the owner at the owner's last-known address within 10 days after its adoption. [1989 c.1051 §21; 1991 c.459 §412; 1995 c.377 §2; 1997 c.541 §438]

458.050 Immediate termination; criteria; procedures; additional tax. (1) If, after application has been approved under ORS 458.040, a declaration defined in ORS 100.005 with respect to the property is presented to the county assessor or tax collector for approval under ORS 100.110, or if the county assessor discovers that the single-unit housing unit or a portion of the single-unit housing unit is changed to a use that is other than single-unit housing:

(a) The exemption granted the single-unit housing or portion under ORS 458.005 and 458.015 to 458.065 shall terminate immediately, without right of notice or appeal;

(b) The property or portion shall be assessed and taxed as other property similarly situated is assessed and taxed; and

(c) Notwithstanding ORS 311.235, there shall be added to the general property tax roll for the tax year next following the presentation or discovery, to be collected and distributed in the same manner as other real property tax, an amount equal to the difference between the amount of tax due on the property and the amount of the tax that would have been due on the property had it not been exempt under ORS 458.005 and 458.015 to 458.065 for each of the years, not to exceed the last 10 years, during which the property was exempt from taxation under ORS 458.005 and 458.015 to 458.065.

(2) If, at the time of presentation or discovery, the property is no longer exempt, additional taxes shall be imposed as provided in this section, but the number of years that would otherwise be used to compute the additional taxes shall be reduced by one year for each year that has elapsed since the year the property was last granted exemption.

(3) The assessment and tax rolls shall show potential additional tax liability for each property granted exemption under ORS 458.005 and 458.015 to 458.065.

(4) Additional taxes collected under this section shall be deemed to have been imposed in the year to which the additional taxes relate. [1989 c.1051 §22; 1991 c.459 §413]

458.060 Review of denial of application; termination; correction of tax roll; additional tax. (1) Review of a denial of an application under ORS 458.040 shall be as provided by ORS 34.010 to 34.100.

(2) Upon termination of an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under ORS 311.216 to 311.232 to provide for the assessment and taxation of any property for which exemption was terminated by the city or by a court, in accordance with the finding of the city or the court as to the year in which the exemption is first to be terminated. The county assessor shall make such valuation of the property as shall be necessary to permit such correction of the rolls. The owner may appeal any such valuation in the same manner as provided for appeals under ORS 311.216 to 311.232.

(3) Where there has been a failure to comply with ORS 458.045, the property shall become taxable beginning January 1 of the assessment year in which the noncompliance first occurred. Any additional taxes becoming due shall be payable without interest if paid in the period prior to the 16th day of the month next following the month of correction. If not paid within such period, the additional taxes shall be delinquent on the date they would normally have become delinquent if timely extended on the roll or rolls in the year or years for which the correction was made. [1989 c.1051 §23; 1991 c.459 §414; 1997 c.541 §439]

458.065 Extension of construction period; destruction of property. Notwithstanding any provision of ORS 458.005 and 458.015 to 458.065:

(1) If the city finds that construction of the single-unit housing unit was not completed by January 1, 2003, due to circumstances beyond the control of the owner, and that the owner had been acting and could reasonably be expected to act in good faith and with due diligence, the city may extend the deadline for completion of construction for a period not to exceed 12 consecutive months.

(2) If property granted exemption under ORS 458.005 and 458.015 to 458.065 is destroyed by fire or act of God, or is otherwise no longer capable of occupancy due to circumstances beyond the control of the owner, the exemption shall cease but no additional taxes or penalty shall be imposed under ORS 458.005 and 458.015 to 458.065 upon the property. [1989 c.1051 §24; 1991 c.459 §415; 1995 c.377 §3; 1997 c.541 §440]

HOUSING REVITALIZATION PROGRAM

458.305 Legislative findings. The Legislative Assembly finds that:

(1) A critical shortage exists of suitable, affordable housing for households with an income below the median income. This shortage is particularly acute with respect to rental housing.

(2) During the past half decade, the supply of rental housing that is affordable to households at or below the median income level has not kept pace with the demand.

(3) The lack of suitable, affordable housing is a barrier to Oregon’s development.

(4) It is in the economic and social interest of the state to encourage public agencies and private parties to efficiently expand the supply of housing in Oregon for households at or below the median income level.

(5) The quantity of public resources available to support the expansion and rehabilitation of low and moderate income housing stock is limited. Consequently, it is the policy of this state to attempt to target the use of these resources so that a maximum amount of usable housing product is delivered to Oregon citizens at the minimum cost required for prudent program administration. [1989 c.1016 §1]

458.310 Housing revitalization program; criteria; rules. (1) The State Housing Council shall adopt rules to develop and administer a housing revitalization program for low and moderate income housing.

(a) Applicants for revitalization program funds shall be:

(A) A unit of local government;

(B) A housing authority;

(C) A nonprofit corporation; or

(D) An applicant eligible under subparagraph (A), (B) or (C) of this paragraph, who contracts with another entity, including a private for-profit corporation.

(b) Housing revitalization projects shall bring into use vacant and abandoned property or rehabilitate substandard property, or both. Eligible project activities include, but are not limited to:

(A) Purchase of property;

(B) Rehabilitation of housing units;

(C) New construction to replace units for which rehabilitation is infeasible;

(D) Mortgage interest subsidies or reduction of principal loan amounts; or

(E) Other activities that have the effect of making properties available to and occupied by persons of lower income, such as loan guarantees.

(c) Projects funded by the housing revitalization program shall be rental or owner-occupied single or multifamily housing.

(d) The housing rehabilitation program shall create affordable housing in which rent levels are no higher than 30 percent of 80 percent of median income levels.

(2) Priority shall be given to projects applied for under subsection (1) of this section that provide opportunities for low and moderate income persons to own their housing units.

(3) Priority among rental housing projects shall be given to projects applied for under subsection (1) of this section that:

(a) Have rent levels no higher than 30 percent of 50 percent of the median income level, or less;

(b) Are owned and operated by a nonprofit or a governmental unit; and

(c) Demonstrate a coordinated local effort to integrate housing, job placement and social services.

(4) In implementing this section and ORS 458.305, the State Housing Council shall work to assure a reasonable geographic distribution of funds among different regions of the state and shall place special emphasis on assuring that funds are available to projects in rural areas. [1989 c.1016 §2; 1995 c.79 §269]

458.350 Low Income Rental Housing Fund established. 458.420 Conveyance of certain state real property for low-income housing. Whenever the state or any state agency possesses or controls real property that might be used to further the public use of providing housing options for low-income individuals and families that is unused for any other public purpose and in which no long-term policy exists to use it for another public purpose, then the state or its agency may sell, convey or lease for a period not to exceed 99 years, all or any part of its interest in the property to a nonprofit organization involved with providing low-income housing options or to a housing authority. The consideration for the transfer may be cash or real property, or both. [1989 c.440 §4]

458.430 Authority of state to lease property not owned by state. (1) The authority to lease property granted by ORS 458.420 includes authority to lease property not owned or controlled by the state at the time of entering the lease. Such lease shall be conditioned upon the subsequent acquisition of the interest covered by the lease.

[1989 c.440 §8]

458.450 Approval required by governing body where property located. Before the transfer of any state-owned real property under the provisions of ORS 458.405 to 458.460 to a housing authority or a nonprofit organization involved with providing low-income housing to individuals and families in this state, the state or its agency, board or commission shall obtain approval of the governing body in which such property is located. (2) Shall seek to reduce the number of homeless people in this state. [1991 c.736 §1]

458.605 Findings. The Legislative Assembly finds that:

(1) The number of people who are homeless is on the rise in this state, as across the nation.

(2) Homeless people can be found in every county and city in this state.

(3) Family members, including children, represent the majority of the increase in the homeless population.

(4) Facilitating housing for families with children reduces the need for other state services such as foster care and child abuse treatment.

(5) Facilitating shelter so that homeless people do not have to live outdoors or in cars reduces weather-related illness, thereby reducing health care costs and services required for this population.

(6) Developing affordable housing in Oregon is necessary to maintain the quality of life, create jobs and to further economic development. [1991 c.736 §2; subsection (6) enacted as 1991 c.740 §1]

For purposes of this section and ORS 458.630, "account" means the Housing Development and Guarantee Account. The State Housing Council shall have a policy of distributing account investment revenue statewide while concentrating account investment revenue in those areas of the state with the greatest need, as determined by the council, for low and very low income housing.

(a) Provide the greatest number of low and very low income housing units constructed, acquired or rehabilitated for the amount of account investment revenue expended by matching account investment revenue with other grant, loan or eligible in-kind contributions;

(b) Ensure the longest use for the units as low or very low income housing units; or

(1)(a) The principal that is credited to the Housing Development and Guarantee Account under ORS 458.620 (3) shall be held and used by the Housing and Community Services Department as the Guarantee Fund. The fund shall be used to guarantee repayment of loans made to finance the construction, development, acquisition or rehabilitation of low income housing. Loans that are guaranteed by the fund shall be reviewed by the State Housing Council to assure that they meet prudent underwriting standards.

(b) A guarantee shall not be prepared or construed in such a manner as to violate the provisions of section 7, Article XI of the Oregon Constitution.

(2) The department shall not issue any loan guarantee under this section that guarantees the repayment of more than 25 percent of the original principal balance of any loan.

(3) At no time shall the aggregate dollar total of all loan guarantees issued by the department under this section exceed two times the total amount then in the Guarantee Fund established under subsection (1) of this section. Whenever the fund principal reaches a five percent loss, the interest on the fund shall be deposited only to the principal account until the full amount of the fund principal is realized.

(4) In developing policy for loan guarantees under this section, the council shall give preference to loans for the construction, development, acquisition or rehabilitation of low income housing that would:

(a) Provide the greatest number of low income housing units constructed, acquired, developed or rehabilitated for the amount of guarantee allowed;

(b) Insure the longest possible use for the units as low income housing units. Pursuant to this end, the State Housing Council may adopt a formula which optimizes the interests of the lender and the developer and the working life of the low income units; or

(c) Include a program of services for the occupants of the proposed housing including, but not limited to, programs that address home health care, mental health services, alcohol and drug treatment and post-treatment care, child care and case management.

(b) Transitional housing services designed to assist persons to make the transition from homelessness to permanent housing and economic independence;

(c) Supportive housing services to enable persons to continue living in their own homes or to provide in-home services for such persons for whom suitable programs do not exist in their geographic area;

(d) Programs that provide emergency payment of home payments, rents or utilities; or

(e) Some or all of the needs described in paragraphs (a) to (d) of this subsection.

(3)(a) The council shall require as a condition of awarding a grant that the organization demonstrate to the satisfaction of the council that the organization has the capacity to deliver any service proposed by the organization.

(b) Any funds granted under this section shall not be used to replace existing funds. Funds granted under this section may be used to supplement existing funds. An organization may use funds to support existing programs or to establish new programs.

(c) The council, by policy, shall give preference in granting funds to those organizations that coordinate services with those programs established under ORS 458.625.

(4) The department may expend for administration of the account no more than five percent of the account appropriation. [1991 c.740 §7]

The State Housing Council shall have a policy of distributing funds statewide while concentrating funds in those areas of the state with the greatest need, as determined by the council, for low and very low income homeownership housing. However, the council’s policy of distributing funds may differ from the distribution policy for the Housing Development and Guarantee Account.

(2) Funds in the Home Ownership Assistance Account shall be granted to organizations, as defined in ORS 458.610 (5), that both sponsor and manage low income homeownership programs, including lease-to-own programs, for the construction of new homeownership housing or for the acquisition or rehabilitation of existing structures for homeownership housing for persons of low or very low income, or both.

(3) The council shall develop a policy for disbursing grants for any or all of the following purposes:

(a) To aid low income homeownership programs, including program administration, in purchasing land, providing assistance with down payment costs, or providing homeownership training and qualification services or any combination thereof. No Home Ownership Assistance Account funds shall be used by an organization for its general

operations or for a substantial portion of construction or rehabilitation costs;

(b) To match public and private moneys available from other sources for purposes of the provision of low or very low income homeownership housing; or

(c) To administer the Home Ownership Assistance Account, not to exceed five percent of the revenue.

(4) The council, in developing policy under subsection (3) of this section, shall give preference in making grants to those entities that propose to:

(a) Provide the greatest number of low and very low income homeownership housing units constructed, acquired or rehabilitated for the amount of account money expended by matching account funds with other grant, loan or eligible in-kind contributions;

(b) Ensure the longest use for the units as low or very low income homeownership housing units, such as by including some form of equity recapture, as determined by the council; and

INDIVIDUAL DEVELOPMENT ACCOUNTS

458.670 Definitions for ORS 458.670 to 458.700. As used in this section and ORS 458.675 to 458.700, unless the context requires otherwise:

(1) "Account holder" means a member of a lower income household who is the named depositor of an individual development account.

(2) "Fiduciary organization" means:

(a) A nonprofit, fund raising organization that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code as amended and in effect on January 1, 1999; or

(b) A federally recognized Indian tribe or band.

(3) "Financial institution" means:

(a) An organization regulated under ORS chapters 706 to 716, 722 or 723; or

(b) In the case of individual development accounts established for the purpose described in ORS 458.685 (1)(c), a financial institution as defined in ORS 348.841.

(4) "Individual development account" means a contract between an account holder and a fiduciary organization, for the deposit of funds into a financial institution by the account holder, and the deposit of matching funds into the financial institution by the fiduciary organization, to allow the account holder to accumulate assets for use toward achieving a specific purpose approved by the fiduciary organization.

(5) "Lower income household" means a household having an income equal to or less than 80 percent of the median household income for the area as determined by the Housing and Community Services Department. In making the determination, the department shall give consideration to any data on area household income published by the United States Department of Housing and Urban Development. [1999 c.1000 §1; 2001 c.648 §3]

Note: 458.670 to 458.700 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 458 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

458.675 Legislative findings. The Legislative Assembly finds that:

(1) The problem of poverty will not be solved solely by government programs and income subsidies.

(2) Family economic well-being does not come solely from income, spending or consumption, but instead requires savings, investment and the accumulation of assets.

(3) It is appropriate for the state to institute an asset-based antipoverty strategy.

(4) The state has an opportunity to take advantage of private and federal resources by making the transition to an asset-based antipoverty strategy. Those resources include, but are not limited to, the Assets for Independence Act (42 U.S.C. 604) and the Workforce Investment Act (P.L. 105-220).

(5) Investment through an individual development account system will help lower income households obtain the assets they need to succeed. Communities and this state will experience resultant economic and social benefits accruing from the promotion of job training and higher education, home ownership and small business development.

(6) It is desirable for this state to enact legislation that enables an authorized fiduciary organization sufficient flexibility to receive private, state and federal moneys for individual development accounts. The Legislative Assembly should periodically review the provisions of ORS 458.675 to 458.700 to ensure that this state maximizes the receipt of available federal moneys for individual development accounts. [1999 c.1000 §2]

Note: See note under 458.670.

458.680 Persons qualifying as account holders. (1) A person who qualifies to become an account holder may enter into an agreement with a fiduciary organization for the establishment of an individual development account.

(2) A person qualifies to become an account holder if the person is a member of a lower income household that has a net worth of less than \$20,000. As used in this subsection, “net worth” means the value of all assets owned in whole or part by household members, other than equity in a residence, minus the total debts and obligations of household members, all as measured at the time that the person applies to establish the account.

(3) A person applying to establish an account must enroll in a personal development plan developed by the person and the fiduciary organization. The plan must provide the person with appropriate financial counseling, career or business planning and other services designed to increase the independence of the person and the person’s household through achievement of the account’s approved purpose.

(4) Notwithstanding subsection (1) of this section, a fiduciary organization may refuse to allow a qualified person to establish an account if establishment of the account would result in the members of a lower income household having more than one account. Notwithstanding subsection (1) of this section, a fiduciary organization shall refuse to allow a qualified person to establish an account if establishment of the account would result in the members of a lower income household having more than two accounts. [1999 c.1000 §3]

Note: See note under 458.670.

458.685 Approved purpose of account; emergency withdrawal; removal of account holder from program. (1) A person may establish an individual development account only for a purpose approved by a fiduciary organization. Purposes that the fiduciary organization may approve are:

(a) The acquisition of post-secondary education or job training.

(b) If the account holder has established the account for the benefit of a household member who is under the age of 18 years, the payment of extracurricular nontuition expenses designed to prepare the member for post-secondary education or job training.

(c) If the account holder has established a qualified tuition savings program account under ORS 348.841 to 348.873 on behalf of a designated beneficiary, the establishment of an additional qualified tuition savings program account on behalf of the same designated beneficiary.

(d) The purchase of a primary residence. In addition to payment on the purchase price of the residence, account moneys may be used to pay any usual or reasonable settlement, financing or other closing costs. The account holder must not have owned or held any interest in a residence during the three years prior to making the purchase. However, this three-year period shall not apply to displaced homemakers or other individuals who have lost home ownership as a result of divorce.

(e) The capitalization of a small business. Account moneys may be used for capital, plant, equipment and inventory expenses or for working capital pursuant to a business plan. The business plan must have been developed by a financial institution, nonprofit microenterprise program or other qualified agent demonstrating business expertise and have been approved by the fiduciary organization. The business plan must include a description of the services or goods to be sold, a marketing plan and projected financial statements.

(2)(a) If an emergency occurs, an account holder may withdraw all or part of the account holder’s deposits to an individual development account for a purpose not described in subsection (1) of this section. As used in this paragraph,

an emergency includes making payments for necessary medical expenses, to avoid eviction of the account holder from the account holder's residence and for necessary living expenses following a loss of employment.

(b) The account holder must reimburse the account for the amount withdrawn under this subsection within 12 months after the date of the withdrawal. Failure of an account holder to make a timely reimbursement to the account is grounds for removing the account holder from the individual development account program. Until the reimbursement has been made in full, an account holder may not withdraw any matching deposits or accrued interest on matching deposits from the account.

(3) If an account holder withdraws moneys from an individual development account for other than an approved purpose, the fiduciary organization may remove the account holder from the program.

(4) If an account holder moves from the area where the program is conducted or is otherwise unable to continue in the program, the fiduciary organization may remove the account holder from the program.

(5) If an account holder is removed from the program under subsection (2), (3) or (4) of this section, all matching deposits in the account and all interest earned on matching deposits shall revert to the fiduciary organization. The fiduciary organization shall use the reverted funds as a source of matching deposits for other accounts. [1999 c.1000 §4; 2001 c.648 §4]

Note: See note under 458.670.

458.690 Required account features. (1) Notwithstanding ORS 315.271, a fiduciary organization selected under ORS 458.695 may qualify as the recipient of account contributions that qualify the contributor for a tax credit under ORS 315.271 only if the fiduciary organization structures the accounts to have the following features:

(a) The fiduciary organization matches amounts deposited by the account holder according to a formula established by the fiduciary organization. The fiduciary organization shall deposit not less than \$1 nor more than \$5 into the account for each \$1 deposited by the account holder.

(b) The matching deposits by the fiduciary organization to the individual development account are placed in:

(A) A savings account jointly held by the account holder and the fiduciary organization and requiring the signatures of both for withdrawals;

(B) A savings account that is controlled by the fiduciary organization and is separate from the savings account of the account holder; or

(C) In the case of an account established for the purpose described in ORS 458.685 (1)(c), a qualified tuition savings program account under ORS 348.841 to 348.873, in which the fiduciary organization is the account owner as defined in ORS 348.841.

(2) Deposits by a fiduciary organization to an account may not exceed \$2,000 in any 12-month period. A fiduciary organization may designate a lower amount as a limit on annual matching deposits to an account.

(3) The total amount paid into an individual development account during its existence, including amounts from deposits, matching deposits and interest or investment earnings, may not exceed \$20,000. [1999 c.1000 §5; 2001 c.648 §5]

Note: See note under 458.670.

458.695 Selection of fiduciary organizations. The Housing and Community Services Department may select fiduciary organizations to administer moneys directed by the state to individual development account purposes. In making the selections, the department shall consider factors including, but not limited to:

(1) The ability of the fiduciary organization to implement and administer the individual development account program, including the ability to verify account holder eligibility, certify that matching deposits are used only for approved purposes and exercise general fiscal accountability;

(2) The capacity of the fiduciary organization to provide or raise matching funds for the deposits of account holders;

(3) The capacity of the fiduciary organization to provide financial counseling and other related services to account holders; and

(4) The links that the fiduciary organization has to other activities and programs designed to increase the independence of this state's lower income households through education and training, home ownership and small business development. [1999 c.1000 §6]

Note: See note under 458.670.

458.700 Authority of fiduciary organizations; rules. (1) Subject to Housing and Community Services Department rules, a fiduciary organization has sole authority over, and responsibility for, the administration of individual development accounts. The responsibility of the fiduciary organization extends to all aspects of the account program, including marketing to participants, soliciting matching contributions, counseling account holders, providing financial literacy education, and conducting required verification and compliances activities. The fiduciary organization may establish program provisions as the organization believes necessary to ensure account holder compliance with the provisions of ORS 458.680 and 458.685. Notwithstanding ORS 458.670 (5) and 458.680 (2), a fiduciary organization may establish income and net worth limitations for account holders that are lower than the income and net worth limitations established by ORS 458.670 (5) and 458.680 (2).

(2) A fiduciary organization may act in partnership with other entities, including businesses, government agencies, nonprofit organizations, community development corporations, community action programs, housing authorities and congregations to assist in the fulfillment of fiduciary organization responsibilities under this section and ORS 458.685, 458.690 and 458.695.

(3) A fiduciary organization may use a reasonable portion of moneys allocated to the individual development account program for administration, operation and evaluation purposes.

(4) A fiduciary organization selected to administer moneys directed by the state to individual development account purposes or receiving tax deductible contributions shall provide the Housing and Community Services Department with an annual report of the fiduciary organization's individual development account program activity. The report shall be filed no later than 90 days after the end of the fiscal year of the fiduciary organization. The report shall include, but is not limited to:

- (a) The number of individual development accounts administered by the fiduciary organization;
- (b) The amount of deposits and matching deposits for each account;
- (c) The purpose of each account;
- (d) The number of withdrawals made; and
- (e) Any other information the department may require for the purpose of making a return on investment analysis.

(5) A fiduciary organization that is the account owner of a qualified tuition savings program account:

(a) May make a qualified withdrawal only at the direction of the designated beneficiary and only after the qualified tuition savings program account of the account holder that was established for the designated beneficiary has been reduced to a balance of zero exclusively through qualified withdrawals by the designated beneficiary; and

(b) May make nonqualified withdrawals only if the qualified tuition savings program account of the account holder that was established for the designated beneficiary has a balance of less than \$100 or if the account holder or designated beneficiary has granted permission to make the withdrawal. Moneys received by a fiduciary organization from a nonqualified withdrawal made under this paragraph must be used for individual development account purposes.

(6) The department may make all reasonable and necessary rules to ensure fiduciary organization compliance with this section and ORS 458.685, 458.690 and 458.695. [1999 c.1000 §7; 2001 c.648 §6]

Note: See note under 458.670.

COMMUNITY DEVELOPMENT PROJECTS

458.705 Legislative findings. The Legislative Assembly finds that:

(1) The population of the state is growing and is expected to continue growing well into the 21st century. That population growth is uneven, resulting in some places struggling to manage new people, jobs and building, and other places being eager to attract a share of growth and economic development. A community's pattern of development can accommodate a growing population and help rebuild rural and distressed economies while maintaining the state's quality of life. Downtown areas need to be revitalized to accommodate more business and civic activity. Affordable housing must be developed near job centers. Rural and distressed communities need to be rebuilt to allow all sectors of the state to share in economic prosperity.

(2) Numerous barriers exist to achieving vibrant downtown areas and community centers, ample affordable housing and thriving rural economies. Overcoming those barriers will require the state to work in partnership with local communities, the private sector and community-based groups to provide livability. Regulations must be balanced with incentives. Private sector financing must be better leveraged. Local planning and zoning codes must allow the

redevelopment of strategic infill sites. The needs of working families for housing, transportation and services that are affordable and accessible must be addressed by the entire community.

(3) A critical element in the creation of effective partnerships is a flexible funding source that can serve as an incentive to achieving quality development. Careful targeting of financial incentives can provide the needed impetus for revitalization of downtown areas throughout the state, the creation of affordable housing in the proper places and new job centers in places working to attract new growth.

(4) State government, in tandem with local and federal governments, nonprofit organizations and the business sector, provides a variety of tools to help build strong Oregon communities. Targeted financial incentives will complement existing tools and allow state government and its partners to enhance livability and make cost-effective use of public infrastructure. The resulting communities will be economically viable and will have housing that is affordable to community residents. [1999 c.956 §1]

Note: 458.705 to 458.740 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 458 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

(2) The use of lottery bond proceeds is authorized based on the following findings:
