The purpose of the Oregon Public Service Retirement Plan is to provide career public employees with a secure and fair retirement income at an affordable, stable and predictable cost to the taxpayers. The Oregon Public Service Retirement Plan is composed of a pension program and an individual account program. The pension program and the individual account program are separate accounts for purposes of federal income tax qualification, and the assets of each program must be held as part of the trust established by ORS 238.660 for the exclusive benefit of the participants and beneficiaries. It is the intent of the Legislative Assembly that pursuant to section 414(k) of the Internal Revenue Code the individual account program be established and maintained as a tax-qualified defined contribution governmental plan for the purposes of sections 72(d) and 415 of the Internal Revenue Code. The Public Employees Retirement Board may create separate accounts within the Public Employees Retirement Fund for the pension program and the individual account program.

(2) Notwithstanding any provision of ORS chapter 238, any person who is employed by a participating public employer on or after August 29, 2003, and who has not established membership in the Public Employees Retirement System before August 29, 2003, is entitled to receive only the benefits provided under the Oregon Public Service Retirement Plan for periods of service with participating public employers on and after August 29, 2003, and has no right or claim to any benefit under ORS chapter 238 except as specifically provided by this chapter.

(a) The person is a member of the system, or a judge member of the system, on August 28, 2003; or

The Public Employees Retirement Board shall adopt rules for the administration of this limitation, including adjustments in the annual dollar limitation to reflect cost-of-living adjustments authorized by the Internal Revenue Service.

(3) The board shall make no actuarial adjustment in a member's pension calculated under this section by reason of the member's retirement after normal retirement age. [2003 c.733 §9; 2009 c.5 §2; 2009 c.909 §2]

**238A.130 Final average salary; rules.**

Before July 1 each year, the board shall adjust every pension payable under ORS 238A.180, 238A.185 and 238A.190, every disability benefit under ORS 238A.235 and every death benefit payable under ORS 238A.230 by multiplying the monthly payment by the percentage figure determined by the board. The adjustment shall be made for the payments payable on August 1 and thereafter.

(2) An increase or decrease in the benefit payments under this section may not exceed two percent in any year. A pension or death benefit may not be adjusted to an amount that is less than the amount that would have been payable if no cost-of-living adjustment had been made since the pension or death benefit first became payable. The surviving spouse or other person entitled to the death benefit may elect to delay payment of the death benefit, but payment must commence no later than December 31 of the calendar year in which the member would have reached 70-1/2 years of age.

(4) Notwithstanding any other provision of ORS 238A.100 to 238A.245, distributions of death benefits under the pension program must comply with the minimum distribution requirements of 26 U.S.C. 401(a)(9) and the regulations implementing that section, as in effect on May 1, 2009. The board shall adopt rules implementing those minimum distrib-

**238A.335 Employer payment of employee contribution.** (1)

A participating public employer may agree, by a written employment policy or by a collective bargaining agreement, to pay the employee contribution required under ORS 238A.330. The policy or agreement need not include all members of the individual account program employed by the employer.

(2) An agreement under this section to pay the required employee contribution may provide that:

(a) Employee compensation be reduced to generate the funds needed to make the employee contributions; or

(b) Additional amounts be paid by the employer for the purpose of making the employee contributions, and employee compensation not be reduced for the purpose of generating the funds needed to make the employee contributions.

(3) A participating public employer must give written notice to the Public Employees Retirement Board at the time that a written employment policy or collective bargaining agreement described in subsection (1) of this section is adopted or changed. The notice must specifically indicate whether the agreement is as described in subsection (2)(a) or (b) of this section. Any change in the manner in which employee contributions are to be paid applies only to employee contributions made on and after the date the notice is received by the board. [2003 c.733 §34]

#### (Employer Contributions)

##### **238A.340 Employer contributions.** (1)

A participating public employer may agree, by a written employment policy or agreement, to make employer contributions for members of the individual account program employed by the employer. The percentage of salary paid as employer contributions may not be less than one percent of salary or more than six percent of salary, and must be a whole number. A participating public employer may make an agreement under this section for specific groups of employees employed by the public employer.

(2) If a participating public employer makes employer contributions under this section and the member for which the contributions are made fails to vest in the employer account under the provisions of ORS 238A.320, the Public Employees Retirement Board shall apply the contributions in the employer account against other obligations of the employer under the Oregon Public Service Retirement Plan. [2003 c.733 §36]

#### (Individual Accounts)

**238A.350 Individual accounts established.** (1) Upon any contributions being made to the individual account program by or on behalf of a member of the program, the Public Employees Retirement Board shall create the account or accounts described in this section. Each account shall be adjusted at least annually in accordance with rules adopted by the board to reflect any net

earnings or losses on those contributions and to pay the reasonable administrative costs of maintaining the program to the extent the earnings on the assets of the program are insufficient to pay those costs. The adjustments described in this subsection shall continue until the account is distributed to the member or forfeited.

(2) The board shall establish an employee account, which shall consist of the employee contributions made by or on behalf of the member as adjusted under subsection (1) of this section.

(3) If the public employer agrees to make employer contributions under ORS 238A.340, the board shall establish an employer account, which shall consist of the employer contributions made on behalf of the member as adjusted under subsection (1) of this section.

(4) If the board accepts rollover contributions on behalf of the member, the board shall establish a rollover account, which shall consist of the rollover contributions made by the member as adjusted under subsection (1) of this section. Contributions and the earnings attributable to the contributions must be accounted for separately.

(5) The board shall provide an annual statement to each active and inactive member of the program that reflects the amount credited to the accounts established under this section. The statement shall reflect whether the member is vested in the employer account under the provisions of ORS 238A.320. [2003 c.733 §37]

#### (Rollover Contributions)

##### **238A.360 Rollover contributions; rules.**

(1) The Public Employees Retirement Board may accept rollover contributions from a member of the individual account program or from an eligible retirement plan from which the member is entitled to an eligible rollover distribution. The board may accept rollover contributions under this section only if the amounts contributed qualify as eligible rollover distributions under the federal income tax laws governing tax-qualified retirement plans and, if the rollover contribution is made by the member, the contribution is paid to the individual account program within the time limits established by the federal income tax laws governing tax-qualified retirement plans.

(2) The board shall adopt rules and establish procedures for determining whether to accept a rollover contribution under this section and shall require such documentation as may be necessary to ensure that the receipt of a rollover contribution does not jeopardize the status of the individual ac-

count program as a tax-qualified governmental plan. [2003 c.733 §38]

#### (Limitation on Contributions)

**238A.370 Limitation on contributions; rules.** Notwithstanding any other provision of ORS 238A.300 to 238A.415, the annual addition to the employee and employer accounts of a member of the individual account program for a calendar year, together with the annual additions to the accounts of the member under any other defined contribution plan maintained by the participating public employer for a calendar year, may not exceed the lesser of \$40,000, or 100 percent of the member's compensation for that calendar year. For purposes of this section, "annual addition" has the meaning given that term in 26 U.S.C. 415(c)(2), as in effect on May 1, 2009, and "compensation" has the meaning given the term "participant's compensation" in 26 U.S.C. 415(c)(3), as in effect on May 1, 2009. The Public Employees Retirement Board shall adopt rules for the administration of this limitation, including adjustments in the annual dollar limitation to reflect cost-of-living adjustments authorized by the Internal Revenue Service. [2003 c.733 §39; 2009 c.5 §6; 2009 c.909 §6]

#### (Withdrawal by Inactive Member)

**238A.375 Distribution of accounts to inactive member.** (1) An inactive member of the individual account program may elect to receive a distribution of the amounts in the member's employee account, rollover account and employer account to the extent the member is vested in those accounts under ORS 238A.320 if the inactive member has separated from all service with participating public employers and with employers who are treated as part of a participating public employer's controlled group under the federal laws and rules governing the status of the system and the fund as a qualified governmental retirement plan and trust.

(2) If an inactive member of the individual account program who is not vested in the employer account receives a distribution under subsection (1) of this section, the employer account of the member is permanently forfeited as of the date of the distribution.

(3) A member may not make an election under this section for less than all of the member's individual accounts described in ORS 238A.350 in which the member is vested.

(4) A member who is vested in the pension program established under this chapter and who is eligible to withdraw from the pension program under ORS 238A.120 may make an election under this section only if

the member also withdraws from the pension program. A member who has a member account established under ORS chapter 238 may make an election under this section only if the member also withdraws that member account in the manner provided by ORS 238.265. A member who has an account established under ORS 238.440 may make an election under this section only if the member also withdraws the account established under ORS 238.440.

(5) If an inactive member receives a distribution under subsection (1) of this section and is subsequently reemployed by a participating public employer, any service performed before the date the member became an inactive member may not be used toward the period of service required for vesting in the employer account under ORS 238A.320. [2003 c.733 §40; 2005 c.152 §3; 2007 c.52 §3]

#### (Defined Contribution Benefit)

**238A.400 Payment of accounts at retirement; rules.** (1) Upon retirement on or after the earliest retirement date, as described in ORS 238A.165, a member of the individual account program shall receive in a lump sum the amounts in the member's employee account, rollover account and employer account to the extent the member is vested in those accounts under ORS 238A.320.

(2) In lieu of a lump sum payment under subsection (1) of this section, a member of the individual account program may elect to receive the amounts in the member's employee account and employer account, to the extent the member is vested in those accounts under ORS 238A.320, in substantially equal installments paid over a period of 5, 10, 15 or 20 years, or over a period that is equal to the anticipated life span of the member as actuarially determined by the Public Employees Retirement Board. Installments may be made on a monthly, quarterly or annual basis. In no event may the period selected by the member exceed the time allowed by the minimum distribution requirements described in subsection (5) of this section. The board shall by rule establish the manner in which installments will be adjusted to reflect investment gains and losses on the unpaid balance during the payout period elected by the member under this subsection. The board by rule may establish minimum monthly amounts payable under this subsection. The board may require that a lump sum payment, or an installment schedule different than the schedules provided for in this subsection, be used to pay the vested amounts in the member's accounts if those amounts are not adequate to generate the minimum monthly amounts specified by the rule.

(3) A member of the individual account program electing to receive installments under subsection (2) of this section must designate a beneficiary or beneficiaries. In the event the member dies before all amounts in the employee and vested employer accounts are paid, all remaining installment payments shall be made to the beneficiary or beneficiaries designated by the member. A beneficiary may elect to receive a lump sum distribution of the remaining amounts.

(4) A member who is entitled to receive retirement benefits under ORS chapter 238 may receive vested amounts in the member's employee account, rollover account and employer account in the manner provided by this section when the member retires for service under the provisions of ORS chapter 238.

(5) Notwithstanding any other provision of ORS 238A.300 to 238A.415, the entire interest of a member of the individual account program must be distributed over a time period commencing no later than the latest retirement date set forth in ORS 238A.170, and must be distributed in a manner that satisfies all other minimum distribution requirements of 26 U.S.C. 401(a)(9) and regulations implementing that section, as in effect on May 1, 2009. The board shall adopt rules implementing those minimum distribution requirements. [2003 c.733 §41; 2005 c.152 §10; 2007 c.71 §75; 2007 c.412 §1; 2009 c.5 §7; 2009 c.909 §7]

**238A.410 Death benefits; rules.** (1) If a member of the individual account program dies before retirement, the amounts in the member's employee account, rollover account and employer account, to the extent the member is vested in those accounts under ORS 238A.320, shall be paid in a lump sum to the beneficiary or beneficiaries designated by the member for the purposes of this section.

(2) If a member of the individual account program is married at the time of death, or there exists at the time of death any other person who is constitutionally required to be treated in the same manner as a spouse for the purpose of retirement benefits, the spouse or other person shall be the beneficiary for purposes of the death benefit payable under this section unless the spouse or other person consents to the designation of a different beneficiary or beneficiaries before the designation has been made and the consent has not been revoked by the spouse or other person as of the time of the member's death. Consent and revocation of consent must be in writing, acknowledged by a notary public, and submitted to the Public Employees Retirement Board in accordance with rules adopted by the board. If the member's spouse is designated as the member's beneficiary

and the marriage of the member and spouse is subsequently dissolved, the former spouse shall be treated as predeceasing the member for purposes of this section, unless the member expressly designates the former spouse as beneficiary after the effective date of the dissolution or the former spouse is required to be designated as a beneficiary under the provisions of ORS 238.465.

(3) For purposes of this section and ORS 238A.400 (3), if a member fails to designate a beneficiary, or if the person or persons designated do not survive the member, the death benefit provided for in this section shall be paid to the following person or persons, in the following order of priority:

(a) The member's surviving spouse or other person who is constitutionally required to be treated in the same manner as a spouse;

(b) The member's surviving children, in equal shares; or

(c) The member's estate.

(4) The entire amount of a deceased member's vested accounts must be distributed by December 31 of the fifth calendar year after the year in which the member died. Notwithstanding any other provision of this chapter, distributions of death benefits under the individual account program must comply with the minimum distribution requirements of 26 U.S.C. 401(a)(9) and the regulations implementing that section, as in effect on May 1, 2009. The Public Employees Retirement Board shall adopt rules implementing those minimum distribution requirements. [2003 c.733 §42; 2009 c.5 §8; 2009 c.909 §8]

**238A.415 Credit for service in uniformed services; rules.** (1) Notwithstanding any other provision of ORS 238A.300 to 238A.415, an eligible employee who leaves a qualifying position for the purpose of performing service in the uniformed services, and who subsequently returns to employment with a participating public employer with reemployment rights under federal law, is entitled to credit toward the probationary period required by ORS 238A.300, credit toward the vesting requirements of ORS 238A.320 and contributions under rules adopted by the Public Employees Retirement Board pursuant to subsection (2) of this section.

(2) The board shall adopt rules establishing contributions and service credit for any period of service in the uniformed services by an employee described in subsection (1) of this section. For the purpose of adopting rules under this subsection, the board shall consider and take into account all federal law relating to benefits and service credit for any period of service in the uniformed ser-

vices, including 26 U.S.C. 414(u), as in effect on May 1, 2009. Contributions and service credit under rules adopted by the board pursuant to this subsection may not exceed contributions and service credit required under federal law for periods of service in the uniformed services. [2003 c.733 §43; 2009 c.5 §9; 2009 c.909 §9]

(b) A distribution that is one of a series of substantially equal periodic payments made at least annually for a specified period of 10 years or more; and

(c) A distribution to the extent that the distribution is required under 26 U.S.C. 401(a)(9).

(3) The provisions of subsection (1) of this section apply to any portion of a distribution of benefits under the pension program or the individual account program even though the portion consists of after-tax employee contributions that are not includable in gross income. Any portion of a distribution that consists of after-tax employee contributions that are not includable in gross income may be transferred only to an individual retirement account or annuity described in 26 U.S.C. 408(a) or (b), or to a qualified defined contribution or defined benefit plan described in 26 U.S.C. 401(a) or 403(b) that agrees to account separately for amounts transferred, including accounting separately for the portion of the distribution that is includable in gross income and the portion of the distribution that is not includable in gross income. The amount transferred shall be treated as consisting first of the portion of the distribution that is includable in gross income, determined without regard to 26 U.S.C. 402(c)(1).

(4) The board shall adopt rules implementing the direct rollover requirements of 26 U.S.C. 401(a)(31) and the regulations implementing that section, and may adopt administrative exceptions to the direct rollover requirements to the extent permitted by 26 U.S.C. 401(a)(31) and the regulations implementing that section.

(5) All references in this section to federal laws and regulations are to the laws and regulations in effect on May 1, 2009.

(6) For purposes of this section:

(b) "Eligible retirement plan" means:

(A) An individual retirement account described in 26 U.S.C. 408(a);

(B) An individual retirement annuity described in 26 U.S.C. 408(b), other than an endowment contract;

**238A.435 Distribution of death benefit as rollover distribution.** (1) If a benefit is payable under this chapter to a beneficiary by reason of the death of a member of the system, the beneficiary may elect to have all or part of the distribution of the death benefit paid in an eligible rollover distribution to an individual retirement plan described in 26 U.S.C. 408(a), or an individual retirement annuity, other than an endowment contract, described in 26 U.S.C. 408(b), if the plan or annuity is established for the purpose of receiving the eligible rollover distribution on behalf of the designated beneficiary.

(2) Subsection (1) of this section applies to an eligible rollover distribution of death benefits to a beneficiary who is not treated as the spouse of the decedent for federal tax purposes and who is the decedent's designated beneficiary for the purposes of the minimum required distribution requirements of 26 U.S.C. 401(a)(9). To the extent provided by rules of the Public Employees Retirement Board, a trust maintained for the benefit of

(3) As used in this section, “eligible rollover distribution” has the meaning given that term in 26 U.S.C. 402(c)(4), as in effect on January 1, 2008. [2007 c.628 §6]

[2003 c.733 §44b]

**238A.475 Application of legislative changes to legislators.** Any law enacted after January 1, 2004, that has the effect of increasing the total liability for benefits under this chapter that is in excess of one-tenth of one percent does not apply to service by members of the Legislative Assembly that entitles those members to benefits under the Oregon Public Service Retirement Plan.
