VEHICLE REGISTRATION FEES

267.001 Authority of certain mass transit and transportation districts to impose vehicle registration fees. Subject to ORS 801.040, 801.041, 801.042, 801.237 and 803.445, for the purpose of exercising any power the district, as defined in ORS 801.237, is authorized to exercise, the district may impose registration fees on vehicles under ORS 803.445. [1989 c.864 §11]

**MASS TRANSIT DISTRICTS
(Generally)**

267.010 Definitions for ORS 267.010 to 267.390. As used in ORS 267.010 to 267.390, unless the context requires otherwise:

(1) "District" means a mass transit district established under ORS 267.010 to 267.390.

(2) "District board" or "board" means the board of directors of a district.

(3) "Mass transit system" or "transit system" means the property, equipment and improvements of whatever nature owned, used, constructed, maintained, controlled or operated to provide mass transportation for passengers or to provide for the movement of people, including park-and-ride stations, transfer stations, parking lots, malls, and skyways, provided that nothing contained herein shall limit the power of a city to exercise its general powers over or provide such stations, lots, malls, or skyways.

(4) "Standard metropolitan statistical area" means an area designated and published by the United States Bureau of the Budget as a standard metropolitan statistical area. [1969 c.643 §1; 1973 c.116 §1]

267.020 Transfer of transit system to metropolitan service district; effect of transfer order. When a metropolitan service district organized under ORS chapter 268 functions in a mass transit district organized under ORS 267.010 to 267.390, the governing body of the metropolitan district may at any time order transfer of the transit system of the transit district to the metropolitan district, whereupon:

(1) The governing body of the transit district shall transfer title to, and possession of, the transit system and of all books, records, files, documents, and other property of the transit district to the metropolitan district.

(2) The metropolitan district shall be responsible for all the liabilities and obligations imposed upon or assumed by the transit district.

(3) For purposes of mass transit the metropolitan district shall have all the rights, powers, privileges and immunities, and be

subject to all the duties and obligations, of a mass transit district under ORS 267.010 to 267.390, insofar as they are consistent with ORS chapter 268.

(4) The boundaries of the metropolitan district shall, for purposes of mass transit, be extended to encompass all the territory of the transit district.

(5) The transit district shall be dissolved and the offices of its directors terminated. [1969 c.643 §40; 1997 c.833 §26]

267.030 Use of alternative fuels for certain district vehicles; exceptions; annual report; application to all district vehicles. (1) To the maximum extent possible, motor vehicles subject to the control of a district shall use alternative fuel for operation.

(2) To the extent that it is economically and technologically possible, all motor vehicles purchased or leased by the board of the district shall be capable of using alternative fuel. However, this subsection does not apply if the vehicle will be primarily used in an area that does not have and cannot reasonably be expected to establish an alternative fuel refueling station or if the district is unable to secure financing sufficient to cover additional costs resulting from the requirement of this subsection.

(3) Prior to July 1 of each year, the board of the district shall submit an annual report to the Department of Environmental Quality and the State Department of Energy. The report shall contain at a minimum:

(a) The number of purchases and leases of vehicles capable of using alternative fuel;

(b) The number of conversions of vehicles from the use of gasoline or diesel fuel to the use of alternative fuel;

(c) The quantity of each type of alternative fuel used; and

(d) Any other information required by the Department of Environmental Quality and the State Department of Energy to carry out their functions under subsection (4) of this section.

(4) If the Department of Environmental Quality and State Department of Energy determine that the use of alternative fuel required by this section has been effective in reducing total annual motor vehicle emissions in the district, the motor vehicles subject to the control of the board of the district shall be capable of using alternative fuel, to the maximum extent possible.

(5) The board of the district shall comply with all safety standards established by the United States Department of Transportation in the conversion, operation and maintenance of vehicles using alternative fuel.

(6) As used in this section, “alternative fuel” means any fuel determined by the Department of Environmental Quality to be less polluting than conventional gasoline, including but not necessarily limited to reformulated gasoline, low sulfur diesel fuel, natural gas, liquefied petroleum gas, methanol, ethanol, any fuel mixture containing at least 85 percent methanol or ethanol and electricity. Except as otherwise provided in ORS 267.107 (2)(c), the territorial jurisdiction of the district may include all territory within the geographic boundaries of every Oregon county in that standard metropolitan statistical area. [Formerly 267.100]

(1) In addition to and not in lieu of other actions authorized for the initiation of proceedings to form a mass transit district, the governing body of the most populous city in a standard metropolitan statistical area may by resolution propose formation of a mass transit district, if that city has a local transit system and if the governing body finds that area-wide mass transit needs cannot be met by local transit operation. The resolution of the governing body shall be addressed to and filed with the county board of the principal county and proceedings conducted as provided by ORS 198.705 to 198.955.

(2) A certified copy of the order forming a mass transit district shall be filed with the Governor. [Formerly 267.105]

267.090 Directors; appointment; term; vacancies; Governor to fix time of first meeting. Except as provided in ORS 267.112:

(1) Board members of a mass transit district may not be elected at the time of formation, but if a district is formed, the Governor shall, within 60 days after receiving a certified copy of the formation order, appoint from subdistricts the members of the first board of directors of the district, designate one member as the temporary chairperson and fix the time and place of the organizational meeting.

(2) The board of directors of a mass transit district shall consist of seven members. One director shall be appointed from each of seven subdistricts. The Governor shall appoint as one of the directors a person

The subdistricts shall be as nearly equal in population as possible based on the latest federal census and shall be designed to ensure representation of the most populous city, other cities and unincorporated territory in the proposed district proportionate to their respective populations provided that if less than the entire district is taxed by the district, the subdistricts shall be wholly within the taxed area. The district or, if the taxed area is less than the entire district, the taxed area shall be divided into subdistricts initially, and after each succeeding federal census, by the Secretary of State.

(3) The term of office of a director is four years, but each director shall serve at the pleasure of the Governor. Before the expiration of the term of a director, the director’s successor shall be appointed. A director is eligible for reappointment. In case of a vacancy for any cause, the Governor shall appoint a person to serve for the unexpired term. A director whose term has expired shall continue to serve until the appointment of a successor unless discharged by the Governor.

(4) All appointments of members of the board by the Governor are subject to confirmation by the Senate pursuant to section 4, Article III of the Oregon Constitution. [Formerly 267.110; 2007 c.71 §80]

267.095 Terms of directors first appointed. Except as provided in ORS 267.112:

Before appointing a director to the board of a district situated in a standard metropolitan statistical area with a population exceeding 400,000, the Governor shall solicit from each city and county located wholly or partly within the subdistrict for which the appointment will be made recommendations of qualified individuals for the position. [1985 c.678 §2]

(3) Upon receipt of the resolution under subsection (2) of this section the county governing body shall commence district formation proceedings as provided in ORS 198.705 to 198.955 and 267.108. [1977 c.347 §2; 1979 c.585 §1; 1999 c.454 §3]

A director shall reside in the subdistrict from which the director is nominated and elected.

(2) The board of directors of the district shall consist of the seven directors elected from subdistricts under subsection (1) of this section.

(3) After the initial formation of a district, the Secretary of State, after each decennial federal census, shall modify the boundaries of the subdistricts so that the subdistricts remain as nearly equal in population as possible based on the latest federal census.

(4) The term of office of a director shall be four years, provided, however, that three of the first elected directors shall initially have a term of office expiring June 30 of the next odd-numbered year following district formation and four of the first elected directors shall initially have a term of office expiring June 30 of the next odd-numbered year not less than two years following district formation. The first elected directors of the district, upon taking office, shall by lot, supervised by the board, determine which three directors shall have the shorter initial terms and which four shall have the longer initial terms. When a vacancy occurs in the office of a director, the remaining members of the board shall appoint a resident of the affected subdistrict to serve until June 30 of the next odd-numbered year, in which year a director shall be elected to serve the remainder of the unexpired term. A director

whose term has expired shall continue to serve until the election of a successor.

(5) Directors shall not be entitled to compensation for their services but shall be entitled to reimbursement for actual and necessary expenses incurred or paid in the performance of their duties as members of the board. [1975 c.632 §2; 1977 c.347 §4; 1977 c.728 §2a; 1979 c.585 §2; 1985 c.678 §5]

(1) A mass transit district may enter into transactions with persons or entities for the supply or delivery of electricity or diesel fuel on an economic, dependable and cost-effective basis, including transactions involving financial products contracts and agreements for exchange of fixed and variable pricing agreements and other service contracts that reduce the risk of economic losses in transactions for the supply or delivery of electricity or diesel fuel.

When the board determines during such planning process for any fiscal year that it will not provide transit service during that fiscal year to an area presently within the district, the board shall by ordinance withdraw from that area on the date specified in the ordinance, and that area shall no longer be part of the district. The board shall by ordinance set forth the criteria to be used in making the determinations described in this subsection.

(5) The alteration of the boundaries of a district under this section is not subject to the jurisdiction or review of a local government boundary commission. [1979 c.877 §5; 1981 c.907 §1; 1983 c.83 §45; 1993 c.741 §22; 2007 c.239 §13]

(3) For the purposes of ORS 308.225 only, the effective date of an alteration of district boundaries shall be the date on which the board adopts the ordinance altering the boundaries or, if such an ordinance is initiated or referred, the date on which the ordinance is approved by the electors as provided in ORS 267.207.

(4) For purposes of ad valorem taxation, a boundary change must be filed in final approved form with the county assessor and the Department of Revenue as provided in ORS

308.225. [1985 c.808 §77; 1987 c.799 §9; 1989 c.923 §26; 1995 c.712 §100; 2001 c.138 §11]

267.210 Preparation of general plan for mass transit system; content; revision.

(1) A district shall, within a reasonable time after formation, prepare a broad, general plan for a mass transit system for the district. The plan shall be prepared in cooperation with the Department of Transportation and cities and counties located within and adjacent to the district.

(2) The plan shall show existing and proposed transit systems of the district and of other public and private agencies relating to mass transit. It shall demonstrate a basis for the coordination and planning of future construction, improvement and equipment acquisition of the district, governmental agencies and private interests to assure maximum efficiency and use of mass transit in the district. The plans shall be based on the needs of the district and take into consideration the plans and programs, if any, developed by the Department of Transportation and cities and counties located within the district. The district may have access to all information, statistics, plans and data in the possession of or available to any state agency or public corporation which is pertinent to the preparation of the plan and may reimburse the agency or corporation for any expense incurred in cooperating with the board.

(3) The district board shall revise the plan as necessary for the proper control, utilization, development and improvement of the district transit system. [1969 c.643 §20; 1973 c.116 §4]

267.215 [1969 c.643 §§9,21; repealed by 1975 c.771 §33]

267.218 Feasibility reports and public bidding not required for construction and improvement projects costing less than \$50,000.

A district may plan and let contracts for and carry through to completion construction and improvement projects costing less than \$50,000 without feasibility reports, publication of notice, public hearings, public inspection of plans, advertisement for bids or public bidding, if the district board has approved the expenditure after obtaining plans, cost estimates and bids as it may deem necessary. [1975 c.141 §2]

267.220 [1969 c.643 §22; repealed by 1975 c.771 §33]

267.225 Intergovernmental agreements; condemnation of authority; joint occupancy.

(1) A mass transit district may cooperate with or enter into agreements with any city, county, port or state agency having jurisdiction or control over any right of way that is available for public travel for the joint use of such right of way. A city, county, port or state agency may cooperate with or enter agreements with a district for the joint

use of any right of way open to public travel located within the district.

(2) For the purpose of providing a mass transit system, a district may commence a condemnation proceeding to acquire land or an interest in land for right of way for the system over any public right of way already located, condemned or occupied or that may be located, condemned or occupied by some other public agency for the purpose of travel by the public. The proceeding shall be conducted as provided by the laws of this state for the condemnation of land or an interest in land for right of way for highway purposes. At the time of rendering judgment for compensation or damages, the court shall enter a judgment authorizing the district to occupy and use the right of way, if necessary, in common with the public agency already occupying or owning the right of way, and defining the terms and conditions upon which the right of way shall be so occupied and used in common. [1969 c.643 §12; 2003 c.576 §410; 2003 c.802 §93]

267.227 Relationship with Oregon Mass Transportation Financing Authority. A mass transit district may enter into contracts, leases, subleases and agreements with the Oregon Mass Transportation Financing Authority. The obligation of a district to pay rentals to the Oregon Mass Transportation Financing Authority shall not be considered to be the incurring of bonded indebtedness by a district. A district shall reimburse the Oregon Mass Transportation Financing Authority for all expenses incurred by the authority in connection with any application by such district for financial assistance under the Oregon Mass Transportation Financing Act. [1977 c.662 §18]

267.230 Exemption from public utility or railroad regulation. (1) Except as provided in ORS 824.045 and subsection (2) of this section, a transit system operated by a district, including the rates and charges made by a district and the equipment operated by a district, shall not be subject to state laws or ordinances of any political subdivision regulating public utilities or railroads, including those laws administered by the Department of Transportation.

(2) ORS 824.200 to 824.256 apply to the transit system operated by a district except for control and regulation of any crossing at which the light rail transit vehicles of a district's transit system cross a highway at separated grades or any grade crossing at which the light rail transit vehicles operate within and parallel to the right of way of a highway and where all conflicting vehicle movements are controlled by standard highway traffic devices. However, upon written request from the district and the public au-

thority with jurisdiction over the highway at such a grade crossing, the department shall adjudicate any dispute that arises between the district and the public authority with regard to the grade crossing. [1969 c.643 §11; 1973 c.116 §5; 1977 c.420 §1; 1985 c.678 §7; 1995 c.733 §92; 2001 c.522 §10]

Note: Section 1, chapter 396, Oregon Laws 2007, provides:

Sec. 1. The Tri-County Metropolitan Transportation District of Oregon shall commission a study by an independent person with expertise in light rail system safety to review a representative sample of the pedestrian crossings of the district's light rail system and make findings and recommendations to the district regarding the safety of the pedestrian crossings. [2007 c.396 §1]

267.235 Protection of employees' rights when an operating transportation system is acquired. When the district acquires an operating public transportation system, it shall make fair and equitable arrangements to protect the interests of employees and retired employees of the system. Such protective arrangements shall include, but shall not be limited to:

(1) Preservation of rights, privileges and benefits, including continuation of pension rights and payment of benefits, existing under collective bargaining agreements, or otherwise;

(2) Continuation of collective bargaining rights;

(3) Protection of individual employees against a worsening of their positions with respect to their employment; and

(4) Assurance of employment to persons employed by the mass transportation system acquired and priority of reemployment to persons previously employed. [1969 c.643 §10]

267.237 Criminal records check; fitness determinations; rules regarding dissemination. (1) As used in this section:

(a) "District" means a mass transit district organized under ORS 267.010 to 267.390 or a transportation district organized under ORS 267.510 to 267.650.

(b) "Qualified entity" means an individual or business or organization, whether public, private, for-profit, nonprofit or voluntary, that, under contract with a district, provides individuals to operate motor vehicles for the transportation of passengers in the public transportation system of the district.

(c) "Subject individual" means a person subject to a criminal records check as specified by resolution of a mass transit district or a transportation district.

(2) A mass transit district or a transportation district shall request the Department of State Police to conduct criminal records checks of subject individuals if the checks

are required in order to protect vulnerable Oregonians:

(a) To implement a federal or state statute, executive order or rule that expressly refers to criminal conduct and contains requirements or exclusions expressly based on such conduct;

(b) For district employment purposes when hiring individuals to operate motor vehicles of the district; or

(c) For the purposes of employment decisions made by a district for qualified entities that, under contracts with the district, employ individuals to operate motor vehicles for the transportation of passengers in the public transportation system of the district.

(3) A mass transit district that has a population of more than 500,000 may request the Department of State Police to conduct a criminal records check of a subject individual who is:

(a) Seeking employment by the district in a position that provides the individual with access to critical infrastructure or security sensitive facilities or information; or

(b) Seeking to provide services to the district that will result in the individual's having access to critical infrastructure or security sensitive facilities or information.

(4) In order to determine the suitability of the subject individual, a district shall require the subject individual to furnish to the district a full set of fingerprints to enable a criminal records check to be conducted. The district shall submit the completed fingerprint cards to the Department of State Police along with the applicable Oregon and Federal Bureau of Investigation processing fees. If no disqualifying record is identified at the state level, the Department of State Police shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal records check.

(5) The Federal Bureau of Investigation shall either return or destroy the fingerprint cards used to conduct the criminal records check and shall not keep any record of the fingerprints. However, if the federal bureau policy authorizing return or destruction of the fingerprint cards is changed, a district shall cease to cause the cards to be sent to the federal bureau but shall continue to process the information through other available resources.

(6) If the Federal Bureau of Investigation returns the fingerprint cards to the Department of State Police, the department shall destroy the fingerprint cards and shall retain no facsimiles or other material from which a fingerprint can be reproduced.

(7) If only a state criminal records check is conducted, the Department of State Police shall destroy the fingerprint cards after the criminal records check is completed and the results of the criminal records check provided to the district and shall retain no facsimiles or other material from which a fingerprint can be reproduced.

(8) The district and the Department of State Police shall permit a subject individual to inspect the individual's own Oregon and Federal Bureau of Investigation criminal offender records after positive fingerprint identification has been made.

(9)(a) A district, using guidelines established by a resolution of the district, shall determine under this section whether a subject individual is fit to operate motor vehicles for the transportation of passengers in the public transportation system of the district or to hold a position or provide services that provide the individual with access to critical infrastructure or security sensitive facilities or information, based on the criminal records check obtained pursuant to this section, any false statements made by the individual regarding the criminal history of the individual and any refusal to submit or consent to a criminal records check including fingerprint identification. If a subject individual is determined to be unfit, then that person shall not be allowed to operate motor vehicles for the transportation of passengers in the public transportation system of the district or to hold the position or provide services that provide the individual with access to critical infrastructure or security sensitive facilities or information.

(b) In making the fitness determination, the district shall consider:

(A) The nature of the crime;

(B) The facts that support the conviction or pending indictment or indicate the making of the false statement;

(C) The relevancy, if any, of the crime or the false statement to the specific requirements of the subject individual's present or proposed position or employment; and

(D) Intervening circumstances relevant to the responsibilities and circumstances of the position or employment. Intervening circumstances include but are not limited to the passage of time since the commission of the crime, the age of the person at the time of the crime, the likelihood of a repetition of offenses, the subsequent commission of another relevant crime and a recommendation of an employer.

(c) A district and an employee of the district are immune from any civil liability that might otherwise be incurred or imposed for actions taken in determining pursuant to this

subsection that a subject individual is fit or not fit to hold a position or be employed. A district, an employee of the district and an employer or employer's agent who in good faith comply with this section and the decision of the district or employee of the district are not liable for the failure to hire a prospective employee or the decision to discharge an employee on the basis of the district's or employee's decision. A district and an employee of the district are immune from any civil liability for the lawful dissemination of information obtained under this section when the disclosure is:

(A) For the purpose of providing notice to the subject individual or the employer of the subject individual of a determination of fitness under this section;

(B) Required by law; or

(C) Necessary to support a claim or defense related to denying employment to the subject individual.

(10) A district shall establish by resolution a process by which a subject individual may appeal the determination that the subject individual is disqualified for a position or employment pursuant to this section. Challenges to the accuracy or completeness of information provided by the Department of State Police, the Federal Bureau of Investigation and agencies reporting information to the department or bureau must be made through the department, bureau or agency and not through the appeal process required by this subsection.

(11) A district shall develop a system that maintains information regarding criminal records checks in order to minimize the administrative burden that criminal records check requirements impose upon subject individuals and providers. Records maintained under this subsection for subject individuals are confidential and may not be disseminated except for the purposes of this section and in accordance with the relevant resolutions of the district. Nothing in this subsection permits a district to retain fingerprint cards of subject individuals.

(12) A district, in consultation with the Department of State Police and affected provider groups, shall adopt resolutions to implement this section and other statutes relating to criminal offender information. The resolutions shall include but need not be limited to:

(a) Specifying which employees are authorized to make criminal record inquiries;

(b) Specifying categories of subject individuals who are subject to criminal records checks;

(c) Specifying the information, including fingerprints, that may be required from a

subject individual to permit a criminal records check;

(d) Specifying which services or qualified entities are subject to this section;

(e) Specifying which crimes may be considered in reviewing criminal offender information for a subject individual;

(f) Specifying when a nationwide criminal records check shall be conducted on a subject individual through the Department of State Police. The additional cost of obtaining a nationwide criminal records check and the risk to vulnerable Oregonians should be taken into consideration when enacting resolutions under this subsection;

(g) Specifying when a district, in lieu of conducting a completely new criminal records check, may proceed to make a fitness determination under this section using the information maintained by the district under subsection (11) of this section; and

(h) Determining when a subject individual may be hired on a probationary basis pending a criminal records check. At a minimum, if there is any indication of criminal behavior by the subject individual, the resolution must require that, if the individual is hired, the individual can be hired only on a probationary basis and must be actively supervised at all times when the individual is in contact with children, the elderly or persons with disabilities.

(13) Criminal offender information is confidential. The Department of State Police shall adopt rules to restrict dissemination of information received under this section to persons with a demonstrated and legitimate need to know the information. Any district receiving information pursuant to this section is bound by the rules of disclosure adopted by the department.

(14) If a subject individual refuses to consent to the criminal records check or refuses to be fingerprinted, the district or qualified entity shall deny or terminate the employment of the individual, or revoke or deny any applicable position, authority to provide services or employment.

(15) A district shall define by resolution the conditions under which subject individuals may participate in training, orientation and work activities pending completion of a criminal records check through the Law Enforcement Data System or nationwide criminal records check. At a minimum, subject individuals shall be actively supervised at all times that they are in contact with children, the elderly and persons with disabilities during such periods of training, orientation and work. Subject individuals may continue probationary employment while awaiting the nationwide criminal records check as long as

the individual's criminal records check through the Law Enforcement Data System did not result in disqualification and there are no other indications of criminal behavior.

(16) If a district or a qualified entity requires a criminal records check of employees or other persons, the application forms of the district or qualified entity must contain a notice that employment is subject to fingerprinting and a criminal records check as required by this section. [1999 c.1057 §3; 2005 c.730 §65]

Note: 267.237 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 267 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

267.240 Accessibility of facilities and equipment to elderly and persons who have disabilities. (1) In carrying out its duties under ORS 267.200, the district shall provide, for persons who are elderly or have disabilities, a program of transportation that:

(a) Is devised in consultation with and after solicitation of the views of persons representative of the communities for which such transportation shall be provided; and

(b) Gives due regard to parity of service.

(2) In carrying out its duties under ORS 267.200 (4), the district shall cause its future facilities and new equipment to be of such types as to make such facilities and equipment accessible to, and usable by, persons who are elderly or have disabilities. However, contracts for equipment are exempt from this requirement until such equipment:

(a) Is available from not less than two manufacturers in mass producible quantities; and

(b) Conforms to designs approved by the Federal Transit Administration of the United States Department of Transportation as providing access to and being usable by persons who are elderly or have disabilities.

(3) Notwithstanding subsection (2) of this section or any other provision of the law of this state, a program for transportation of persons who are elderly or have disabilities shall be deemed to be in compliance with the laws of this state and rules promulgated thereunder if the program satisfies subsection (1) of this section and the federal regulations relating to transportation for persons who are elderly or have disabilities promulgated by the Federal Transit Administration of the United States Department of Transportation. [1974 c.50 §2; 1981 c.621 §1; 1989 c.224 §37; 1993 c.741 §23; 2007 c.70 §59]

267.245 District exempt from right of way fencing requirements. The provisions of ORS 608.310 shall not apply in respect to property operated by a mass transit district

as part of a mass transit system. [1977 c.420 §2]

Note: 267.245 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 267 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

A district board may hold a single public hearing with respect to two or more petitions.

(2) The district board shall schedule the public hearing for a date which is not earlier than the 20th day after the date on which the study of the affected area required under ORS 267.257 is completed, but which is not later than the 90th day after the board receives certification from the county clerk under subsection (1) of this section.

The date of final disposition of the petition that appears in the notice may be subsequently changed to a later date by the district board without publishing another notice as required by this section.

(4) The hearing required under this section may be conducted by a hearings officer appointed by the district board. [1987 c.799 §4]

(e) The number of previous petitions filed under ORS 267.253 with respect to the affected area or portions thereof; and

(f) The effect of withdrawal of the affected area on the district, including the extent to which taxes imposed by the district in the remaining portions of the district will be increased under ORS 267.260 as a result of the withdrawal of the affected area.

(2) After completion of the study conducted under subsection (1) of this section and the public hearing required under ORS 267.255, but not later than the December 31 next following the date on which the petition was filed with the district board, the district board shall adopt an ordinance withdrawing the affected area from the district or shall adopt a resolution denying the petition for withdrawal.

(3) Notwithstanding ORS 267.207 (3)(b), the district board shall approve withdrawal if:

(a) The district board finds that the use of the mass transit system of the district by residents of the affected area is less than or equal to 30 percent of the system-wide average weekday boarding rides per vehicle hour;

(b) The district board determines that direct service to the affected area is not planned for at least five years;

(c) The residents and businesses within the affected area have demonstrated that district fees and taxes have adversely af-

affected employment, population or commercial activity within the affected area; and

(d) The district board has not received a petition signed by not less than 15 percent of the electors within the affected area seeking continuation of the district's jurisdiction over the affected area.

(4) Notwithstanding ORS 267.207 (3)(b), the district board may withdraw the affected area from the district when the conditions of subsection (3) of this section are not satisfied if the board considers such withdrawal to be in the best interests of the district and the affected area.

(5) Any decision of the district board relating to withdrawal of an affected area under ORS 267.250 to 267.263 may be reviewed by a circuit court under ORS 34.010 to 34.100. [1987 c.799 §5]

267.260 Withdrawal ordinance; effective date; adjustment in district tax rate as result of withdrawal. (1) As used in this section, "withdrawal date" means the effective date of an ordinance approving withdrawal of an affected area under ORS 267.250 to 267.263.

(2) An ordinance approving the withdrawal of an affected area under ORS 267.250 to 267.263 shall take effect on the first day of January next following the date which is 30 days after the adoption of the ordinance.

(3) Commencing immediately upon the withdrawal date and notwithstanding any other provision of law, the rate of each tax imposed by the district shall automatically be increased to a rate equal to the rate determined by dividing the rate at which such tax was levied immediately prior to the withdrawal date by a fraction, not more than one, which is equal to the total revenue derived from such tax by the district for the calendar year preceding the year in which the withdrawal ordinance is adopted attributable to the area of the district other than the withdrawn affected area divided by the total revenue derived from such tax by the district for the same period.

(4) If the tax rates required under subsection (3) of this section do not produce tax revenues sufficient to enable the district to make the annual or semiannual payments, when due, and otherwise satisfy the requirements of the bonded or other indebtedness of the district incurred prior to the withdrawal, the district may increase the rate of each tax to a rate that produces revenues sufficient to enable the district to make the annual or semiannual payments, when due, and otherwise satisfy the requirements of such indebtedness.

(5) The district board shall determine rates in accordance with the formula pre-

scribed by subsection (3) of this section and adopt the rates as part of the ordinance approving the withdrawal of the affected area. Any such determination and adoption shall be final and conclusive unless it is shown to be arbitrary and capricious.

(6) If a district adopts an ordinance that increases the rate of an excise tax described in ORS 267.385, the increase shall be adjusted as prescribed in subsection (3) of this section to take into account the withdrawal of an affected area that occurred or occurs at any time after the date the district first imposed any taxes pursuant to ORS 267.385. [1987 c.799 §6; 2003 c.739 §10]

267.263 Withdrawal of territory not subject to boundary commission review. The alteration of the boundaries of a district under ORS 267.250 to 267.263 is not subject to the jurisdiction or review of a local government boundary commission. [1987 c.799 §7; 2007 c.239 §14]

Note: The amendments to 267.263 by section 14, chapter 239, Oregon Laws 2007, become operative July 1, 2008. See section 16, chapter 239, Oregon Laws 2007. The text that is operative until July 1, 2008, is set forth for the user's convenience.

267.263. Notwithstanding ORS 199.425, the alteration of the boundaries of a district under ORS 267.250 to 267.263 is not subject to the jurisdiction or review of a local government boundary commission.

267.265 Use of moneys derived from withdrawal of territory from district. The savings derived from the cessation of service under an ordinance adopted under ORS 267.257 shall be used to improve service in the remaining portions of the district. Nothing in this section shall prevent the district from exercising its normal budgetary authority to adjust service levels. [1987 c.799 §8]

Note: 267.265 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 267 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

However, only those funds raised or received by the district that are restricted by the Oregon Constitution for the purpose of financing the construction, reconstruction, operation and use of public highways, roads, streets and roadside rest areas may be expended by the district for the secondary transit supportive system. As used in this subsection:

(a) "Transit supportive system" means those facilities in any county in which a district operates that constitute the surface transportation system in the county, including highways, roads, streets, roadside rest areas, park-and-ride stations, transfer stations, parking lots, malls and skyways.

(b) "Primary transit supportive system" means those facilities upon which or adjacent to which the district physically operates.

(c) "Secondary transit supportive system" means the remainder of those facilities that constitute the surface transportation system, but over which the district's operation or facilities are not physically present. [1969 c.643 §23; 1975 c.752 §1; 1983 c.323 §1; 1983 c.749 §1; 1987 c.825 §1; 1989 c.869 §1]

267.302 Restrictions on financing for districts formed under ORS 267.107. If a mass transit district was initiated by a resolution pursuant to ORS 267.107, the district shall not use any method of financing under ORS 267.300 other than a method of financing authorized to be used under ORS 267.300 (1)(b), (h) to (j) without first obtaining authorization at a properly called election held for that purpose. [1975 c.632 §2a; 1979 c.585 §3; 1983 c.323 §2; 1983 c.749 §2; 1987 c.825 §2]

267.305 Levy, collection, enforcement of ad valorem taxes. (1) A district may assess, levy and collect taxes each year on the assessed value of all taxable property within the limits of the district or the service area of the district. The proceeds of the tax shall be applied in carrying out the purposes of ORS 267.010 to 267.390.

(2) The district may annually also assess, levy and collect a tax without limitation upon all such property in an amount sufficient to pay the yearly interest on bonds theretofore issued by the district and then outstanding, together with any portion of the principal of the bonds maturing within the year. The tax shall be applied only in payment of interest and principal of bonds issued by the district, but the district may apply any funds it may have toward payment of principal and interest of bonds.

(3) Any taxes needed shall be levied in each year and returned to the county officer, whose duty it is to extend the tax roll, by the time required by law for city taxes to be levied and returned.

(4) All taxes levied by a district shall become payable at the same time and be collected by the same officer who collects county taxes, and shall be turned over to the district according to law. The county officer whose duty it is to extend the county levy shall extend the levy of the district in the same manner as city taxes are extended.

(5) Property shall be subject to sale for nonpayment of taxes levied by a district in like manner and with like effect as in the case of county and state taxes. [1969 c.643 §25; 1981 c.804 §77]

267.310 Revolving fund; authority to levy ad valorem taxes for fund. For the purpose of establishing a revolving fund to provide money to finance the planning and construction, acquisition, purchase or lease of a mass transit system, a district board may levy an ad valorem tax of not to exceed in any one year three-twentieth of one percent (0.0015) of real market value of all taxable property within the district. The revenue derived from such taxes shall be credited to a revolving fund, and shall be disbursed by the district board and used only for the purpose for which levied. [1969 c.643 §27; 1991 c.459 §364]

267.320 User charges, fees and tolls; persons over 65. (1) Except as otherwise provided in this section, to carry out the powers granted by ORS 267.010 to 267.390, the district board may by ordinance impose and may collect user charges, fees and tolls from those who are served by or use the transit system and other facilities and services of the district.

(2) The district shall not charge a person over 65 years of age a fee of more than 50 percent of the regular fee for transportation provided by the district. The maximum fee established by this subsection does not apply on any weekday, Monday through Friday, between the hours of 5 a.m. and 9 a.m. or between the hours of 3 p.m. and 7 p.m. [1969 c.643 §26; 1973 c.474 §1; 1975 c.124 §1; 1975 c.169 §1; 1981 c.634 §1; 2003 c.14 §131]

267.325 Lease purchase agreements.

For the purpose of financing the design, engineering, acquisition, construction and installation of any mass transit system, a district may enter into lease purchase agreements for such term of years as the board may determine. The lease purchase payments payable by a district under any such lease purchase agreement may be payable out of any funds of the district, including without limitation any operating revenues, tax revenues or grants. [1989 c.899 §2]

267.330 General obligation bonds; conditions; interest rate; payment of principal and interest; pledge of net revenue.

(1) To carry out any of the powers granted by ORS 267.010 to 267.390, a district, when authorized at any properly called election held for the purpose, may borrow money, and sell and dispose of general obligation bonds. Outstanding bonds shall never exceed in the aggregate two and one-half percent of the real market value of all taxable property within the district.

(2) The bonds shall be issued from time to time by the district board in behalf of the district as authorized by the electors thereof. The bonds shall mature serially within not to exceed 30 years from issue date. However, for an indebtedness to the federal government or this state, the district may issue one or more bonds of the denominations agreed upon. Bonds shall bear interest at a rate, payable semiannually, as the board shall determine. The bonds shall be so conditioned that the district shall promise and agree therein to pay to the bearer at a place named therein, the principal sum, with interest at the rate named therein, payable semiannually, in accordance with the tenor and terms of the interest coupons attached.

(3) For the purpose of additionally securing the payment of the principal and interest on general obligation bonds issued under this section, the district may by resolution of the board, which resolution shall constitute part of the contract with the holders of the bonds, pledge all or any part of the net revenue of the district. The district board may adopt such a resolution without submitting the question of the pledge to the electors of the district. [1969 c.643 §28; 1983 c.347 §19; 1991 c.459 §365]

267.334 Electoral approval for issuance of general obligation bonds by Tri-Met to fund extension of light rail.

(1) If the line extending Tri-Met's regional light rail system north from Clackamas County, Oregon, is not part of a phased project that will serve both the Portland metropolitan region and Clark County, Washington, then prior to the issuance by Tri-Met of any general obligation bonds to fund its share of the line extending Tri-Met's regional light rail system north from Clackamas County, Oregon, Tri-Met shall submit to its electors the question of the issuance of such general obligation bonds.

Note: 267.334 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 267 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

267.335 Authority to issue revenue bonds; interest-bearing warrants.

(1) In addition to the authority to issue general obligation bonds, after a vote of the people, a district may issue and sell revenue bonds and pledge as security therefor all or any part of the unobligated net revenue of the district. Revenue bonds shall be issued in the same manner and form as are general obligation bonds of the district but they shall not be subject to the percentage limitation provided by ORS 267.330 applicable to issuance of general obligation bonds and shall not be a lien upon any property within the limits of the district. Such bonds shall be payable, both as to principal and interest, solely from the net revenues of the district remaining after payment of obligations having a priority and payment of all expenses of operation and maintenance of the district, including any taxes levied thereafter against the district. All revenue bonds shall contain a clause reciting that both the principal and interest are payable solely from net revenues of the district remaining after paying such obligations and expenses.

(2) In lieu of issuing bonds secured by unobligated net revenue under subsection (1) of this section, the treasurer, when authorized by the board, may execute and issue interest-bearing warrants drawn against

funds created by and for operation and maintenance of the mass transit system in excess of current cash on hand, but not in an amount exceeding one-half of the estimated annual gross revenue for operation of the mass transit system for the next ensuing year. [1969 c.643 §29]

267.340 Refunding bonds. Refunding bonds of the same character and tenor as those replaced thereby may be issued pursuant to a resolution adopted by the district board without submitting to the electors the question of authorizing the issuance of the bonds. [1969 c.643 §30]

267.345 Issuance of bonds. All general obligation and revenue bonds, including refunding bonds, issued under ORS 267.330 to 267.345 shall be issued as prescribed in ORS chapter 287A. [1969 c.643 §31; 2007 c.783 §84]

To carry out any of the powers granted by ORS 267.010 to 267.390, a district may by ordinance raise revenue by licensing and imposing a fee on any business, trade, occupation and profession carried on or practiced in the district. This section does not empower a district to require licenses of or impose fees on companies that are licensed by the state under ORS 731.358 or 731.362 to transact insurance, as defined in ORS 731.146, or to require licenses of or impose fees upon the representatives of such companies who are not residents of the district. [1969 c.643 §32]

(b) On or measured by the net income of a mercantile, manufacturing, business, financial, centrally assessed, investment, insurance or other corporation or entity taxable as a corporation doing business, located, or having a place of business or office within or having income derived from sources within the district which income is subject to tax under ORS chapter 317 or 318.

(2) The rate of the tax imposed by ordinance adopted under authority of subsection (1) of this section shall not exceed one percent. The tax may be imposed and collected as a surtax upon the state income or excise tax.

(3) Any ordinance adopted pursuant to subsection (1) of this section shall require a nonresident, corporation or other entity taxable as a corporation having income from activity both within and without the district taxable by the State of Oregon to allocate and apportion such net income to the district in the manner required for allocation and apportionment of income under ORS 314.280 and 314.605 to 314.675.

(4) The district shall allow a credit against the tax imposed pursuant to this section, in an amount equal to the employer's payroll tax paid to the district by the taxpayer.

(5) If a district adopts an ordinance under this section, the ordinance shall be consistent with any state law relating to the same subject, and with rules and regulations of the Department of Revenue prescribed under ORS 305.620.

(6) An ordinance adopted under this section shall not declare an emergency. [1969 c.643 §33; 1971 c.600 §1; 1975 c.752 §2]

(e) If issued in anticipation of grants from the state or federal government, shall

not be issued in an amount greater than 80 percent of the amount of such grants.

(4) Except as this section otherwise specifically provides, obligations authorized by this section may be in any form and contain any terms, including provisions for the varying of interest rates in accordance with any index, bankers' loan rate or other standard. A district may issue and sell as part of a single offering obligations in anticipation of two or more grants from the state or federal government, in which event the obligations constituting a part of the offering shall be issued as separate series with one series corresponding to each grant in anticipation of which the obligations are issued. A district may only pledge as primary security for a series of obligations constituting part of a single offering the grant in anticipation of which such series is issued. For purposes of subsection (3) of this section, each series of obligations constituting part of a single offering shall be a separate issue of obligations.

(5) When the taxes or other revenues, including grants from the state or federal government, in anticipation of which the obligations authorized by this section are issued are not received by the district at such time or in such amounts as will enable the district to pay the obligations at maturity, the district shall, to the extent available, first apply to the payment of the obligations the taxes or other revenues in anticipation of which such obligations were issued, and the district may pay the balance owing under such obligations out of any other taxes or revenues available for such purpose.

(6) The district may contract with third parties to serve as issuing, paying and authenticating agents for any obligations authorized by this section.

(7) Obligations authorized by this section shall be issued as prescribed in ORS chapter 287A.

(8) Any pledge made pursuant to subsection (2) of this section shall be valid and binding from and after the date of issue of the obligations secured by such pledge and the taxes or other revenues pledged shall be immediately subject to the lien of such pledge without the physical delivery thereof, the filing of any notice or any further act. The lien of any pledge made pursuant to subsection (2) of this section shall be valid and binding against all persons having claims of any kind against the district whether in tort, contract or otherwise, irrespective of whether such persons have notice thereof.

(9) The district shall deposit, when received, a portion of the taxes or other revenues in anticipation of which the obligations authorized by this section are is-

sued in a separate account. Deposits to the account shall be made according to a schedule which requires that not less than 100 percent of such taxes or other revenues received by the district after the estimated date of the district's maximum cumulative cash flow deficit be placed in the account until sufficient amounts are in the account to pay principal and interest due on the obligations at maturity. The schedule shall be established by the district in its proceedings to issue the obligations. Moneys in the account shall be used only to pay principal and interest on the obligations, and may be pledged by the district for such purpose. [1983 c.323 §4; 1985 c.433 §1; 2007 c.783 §85]

One	20
Two	40
