[Amended by 1965 c.100 §43; 1965 c.491 §1; 1967 c.107 §1; 1971 c.294 §4; 1989 c.579 §2; 1997 c.821 §19; 2003 c.226 §6]

On the first Monday in December the executive officer of the administrative office for the county shall apportion the county school fund among the several districts in the county, in proportion to the resident average daily membership for the preceding fiscal year in each district as reported by the district to the administrative office of the county. In the case of a joint school district, the resident average daily membership reported to the administrative office of the counties comprising the district shall be prorated between the counties as the resident enrollment of the district is prorated between the counties. Any balance accruing to the fund after the December apportionment shall be apportioned in the same manner at such other times during the year as the executive officer of the administrative office may consider advisable. [Amended by 1965 c.100 §45; 1971 c.294 §5; 1975 c.770 §5]

The county treasurer shall pay any partial apportionment made under this section. [Amended by 1963 c.544 §19; 1965 c.100 §48]

(1) The district school board shall ascertain and levy annually, in addition to all other taxes, a direct ad valorem tax on all the taxable property in the school district, sufficient to pay the maturing interest and principal of all serial school district bonds promptly when and as such payments become due. The amount of the tax may be increased by an amount sufficient to retire any bonds that may be callable. The board shall in each year include the taxes in the school district budget for such year. The taxes shall in each year be certified, extended upon the tax rolls and collected by the same officers in the same manner and at the same time as the taxes for general county purposes.

(2) The funds derived from the tax levies may be retained by the county treasurer or county fiscal officer without being paid to the school district or may be held in trust by an insured institution or trust company, as defined in ORS 706.008, designated by the district to hold the funds. The funds shall be kept in a separate fund to be known as and designated "School District No. ____ Bond Interest and Sinking Fund," which shall be irrevocably pledged to and used solely for the payment of the interest accruing on and the principal of the bonds when due, so long as any of the bonds or the coupons thereto appertaining remain outstanding and unpaid. The interest earnings of the fund shall be credited thereto and become a part thereof. For failure to retain and account for such funds, as provided in this section, the county treasurer, county fiscal officer or insured institution or trust company designated by the district shall be liable upon the official bond of the treasurer, other officer or institution, respectively.

(3) The fund shall not be diverted or used for any other purpose; but if a surplus remains after all interest and principal have been paid on all serial school district bonds then outstanding and unpaid, the surplus may be transferred to such other fund as the district school board may direct. [Amended by 1955 c.467 §1; 1965 c.100 §57a; 1981 c.441 §2; 1985 c.762 §184; 1997 c.631 §461]

328.265 School district bond tax levied by county. (1) The district school board of each school district having an outstanding bond issue shall file annually with the county treasurer or county fiscal officer a copy of the school district budget and tax levy.

(2)(a) If the tax required by ORS 328.260 is not levied by the district school board, the county treasurer shall certify the amount necessary to the governing body of the

county which shall then levy a tax on all taxable property in the appropriate school district sufficient to raise the required amount.

(b) If the school district has established tax zones pursuant to ORS 328.570 to 328.579, a levy imposed under this subsection shall be apportioned among the tax zones of the school district consistently, with the percentages set forth in the resolution adopted under ORS 328.576.

(3) The county assessor shall extend the tax so levied upon the county tax rolls for such school district. The tax collector shall collect the tax and pay the sums collected into the county treasury to the credit of the fund established by ORS 328.260. [Amended by 1965 c.100 §58; 1973 c.305 §14; 2001 c.246 §6]

(1) The county treasurer or county fiscal officer must cause to be paid out of any money in the hands of the county treasurer or county fiscal officer belonging to the school district, the interest on or principal of, as the case may be, any bond issued by the district promptly when and as the same becomes due at the place of payment designated in such coupons or bonds. All coupons or bonds so paid must be immediately reported to the district school board.

(2) No county treasurer, county fiscal officer or district school board shall pay to the purchaser of any bond issued by a school district, or to any agency representing such purchaser, any commission whatsoever for the collection of the interest on or principal of any such bond. The county treasurer or county fiscal officer shall not be required to remit to the purchaser of any bonds or coupons the amount necessary to redeem them until the day such bonds or coupons are due. [Amended by 1965 c.100 §58a]

328.275 Redemption and payment of bonds. (1) Whenever the sinking fund mentioned in ORS 328.260 is sufficient to permit the redemption of any bond then subject to redemption at the option of the school district, the county treasurer or fiscal officer of the county having custody of such fund, when authorized by the district school board, shall call such bond for redemption in accordance with the terms of the bond. If any holder of such bond fails to present it at the time mentioned in the published notice of redemption, the interest thereon shall cease, and the treasurer shall thereafter pay only the amount of such bond and the interest accrued thereon up to the date of redemption.

(2) When any bonds are so redeemed, the county treasurer or county fiscal officer shall cause the same to be canceled and write

across or stamp upon the face thereof "Redeemed" and the date of redemption, and shall deliver them to the district school board of such school district and take its receipt therefor.

(3) Each county treasurer or county fiscal officer and the sureties on the official bond of the county treasurer or fiscal officer as such, shall be liable to any school district in the county for any funds placed in the hands of such treasurer or county fiscal officer in connection with the school district's bond issues. [Amended by 1965 c.100 §59; 1973 c.57 §2; 1983 c.347 §23]

(a) Issue and exchange, for any such indebtedness, its bonds bearing interest at a rate determined by the district school board; or

(b) Issue and sell such bonds and apply the proceeds of such sale in payment of the indebtedness for the payment of which the refunding bonds are proposed to be issued.

(2) Refunding bonds issued under subsection (1) of this section shall in all respects conform to, and be governed, as to their issue, by the provisions of ORS chapter 287A.

(3) The debt limitations imposed by law shall not affect the right of any school district to issue refunding bonds under authority of this section. The validity of any bonds so issued, or of the indebtedness thereby refunded, shall not thereafter be open to contest by the school district or by any person for any reason. [Amended by 1965 c.100 §60; 1965 c.315 §1; 1981 c.94 §28; 1983 c.347 §24; 2007 c.783 §129]

Note: See note under 328.321.

328.345 [Repealed by 1957 c.53 §3]

328.346 Recovery from school districts of payments on school bonds by State Treasurer. (1)(a) If one or more payments on school bonds are made by the State Treasurer as provided in ORS 328.341, the State Treasurer shall pursue recovery from the school district of all moneys necessary to reimburse the state for all amounts paid by the treasurer to the paying agent, as well as interest, penalties and any additional costs incurred by the treasurer as described in this section. In seeking recovery, the State Treasurer may:

(A) Intercept any payments from the General Fund, the State School Fund, the income of the Common School Fund and any other source of operating moneys provided by or through the state to the school district that issued the school bonds that would otherwise be paid to the school district by the state; and

(B) Apply any intercepted payments to reimburse the state for payments made pursuant to the state guaranty until all obligations of the school district to the state arising from those payments, including interest and penalties, and any additional costs incurred by the treasurer as described in this section are paid in full.

(b) The state has no obligation to the school district or to any person or entity to replace any moneys intercepted under authority of this section.

(c) The authority of the State Treasurer to intercept payments under this subsection has priority over all claims against money provided by the state to a school district, including a claim that is based on a funds diversion agreement under ORS 238.698. A funds diversion agreement under ORS 238.698 has priority over all other claims against money provided by the state to a school district.

(2) The school district that issued school bonds for which the state has made all or part of a debt service payment shall:

(a) Reimburse all moneys drawn or paid by the State Treasurer on its behalf;

(b) Pay interest to the state on all moneys paid by the state from the date the moneys were drawn to the date they are repaid at a rate to be determined by the State Treasurer, in the State Treasurer's discretion, to be sufficient to cover the costs of funds to the state plus the costs of administration of the state guaranty obligation and of collection of reimbursement; and

(c) Pay any applicable penalties as described in subsection (3) of this section.

(3)(a) The State Treasurer shall establish the reimbursement interest rate after considering the circumstances of any prior draws by the school district on the state, market interest and penalty rates and the cost of funds, if any, that were required to be used or borrowed by the state to make payment on the school bonds. The State Treasurer shall have authority to establish, by negotiations with the school district or otherwise, any plan of reimbursement by the school district that will result in full and complete reimbursement to the state. Subject to the requirement for full and complete reimbursement, the State Treasurer may consider incorporating into the reimbursement plan the means and methods to allow the school district to continue its operations during the time the reimbursement plan is in effect.

(b) The State Treasurer may, after considering the circumstances giving rise to the failure of the school district to make payment on its school bonds in a timely manner, impose on the school district a penalty of not more than five percent of the amount paid by the state pursuant to the state guaranty for each instance in which a payment by the state is made.

(4)(a) If the State Treasurer determines that amounts obtained under this section will not reimburse the state in full within the time determined by the State Treasurer or incorporated in the reimbursement plan from the state's payment of a school district's debt service payment, the State Treasurer shall pursue any legal action, including but not limited to mandamus, against the school district or school district board to compel the school district to:

(A) Levy and provide property tax revenues to pay debt service on its school bonds and other obligations when due; and

(B) Meet its repayment obligations to the state.

(b) With respect to any school bonds for which the State Treasurer has made payment under the state guaranty, and in addition to any other rights or remedies available at law or in equity, the state shall have the same

substantive and procedural rights as would a holder of the school bonds of a school district.

(c) The Attorney General shall assist the State Treasurer in the discharge of the duties under this section.

(d) The school district shall pay the attorney fees, expenses and costs of the State Treasurer and the Attorney General.

(5)(a) Except as provided in paragraph (c) of this subsection, any school district whose funds were intercepted under this section may replace those funds from other school district moneys or from ad valorem property taxes, subject to the limitations provided in this subsection.

(b) A school district may use ad valorem property taxes or other moneys to replace intercepted funds only if the ad valorem property taxes or other moneys were derived from:

(A) Taxes originally levied to make the payment, but which were not timely received by the school district;

(B) Taxes from a special levy imposed to make up the missed payment or to replace the intercepted moneys;

(C) Moneys transferred from any lawfully available funds of the school district or the undistributed reserves, if any, of the school district; or

(D) Any other source of moneys on hand and legally available.

(c) Notwithstanding paragraphs (a) and (b) of this subsection, a school district may not replace operating funds intercepted by the state with moneys collected and held to make payments on school bonds if that replacement would divert moneys from the payment of future debt service on the school bonds and increase the risk that the state guaranty would be called upon a second time. [1997 c.614 §7; 1999 c.251 §6; 2007 c.783 §40]

Note: See note under 328.321.

328.350 [Repealed by 1957 c.53 §3]

(1) If, at the time the state is required to make a debt service payment under the state guaranty on behalf of a school district, sufficient moneys of the state are not on hand and available for that purpose, the State Treasurer may, singly or in any combination:

(a) Obtain from the Common School Fund or from any other state funds that qualify to make a loan under ORS 293.205 to 293.225, if the loan would satisfy the requirements of ORS 293.205 to 293.225, a loan sufficient to make the required payment.

(b) Borrow money, if economical and convenient, as provided in ORS 286A.045.

(c) Issue state bonds as provided in subsection (2) of this section.

(d) With the approval of the Legislative Assembly, or the Emergency Board if emergency funds are lawfully available for making the required payment in the interim between sessions of the Legislative Assembly, pay moneys from the General Fund or any other funds lawfully available for the purpose or from emergency funds amounts sufficient to make the required payment.

(2) The State Treasurer may issue state bonds to meet the state guaranty obligations under ORS 328.321 to 328.356, pursuant to Article XI-K of the Oregon Constitution. The issuance of state bonds is at the determination of the State Treasurer and is exempt from ORS 286A.035.

(3) Before issuing or selling any state bonds, the State Treasurer shall prepare a written plan of financing that shall provide for:

(a) The terms and conditions under which the state bonds will be issued, sold and delivered, in accordance with any applicable provisions of ORS chapter 286A;

(b) The taxes or revenues to be anticipated;

(c) The maximum amount of state bonds that may be outstanding at any one time under the plan of financing;

(d) The sources of payment of the state bonds;

(e) The rate or rates of interest, if any, on the state bonds or a method, formula or index under which the interest rate or rates on the state bonds may be determined during the time the state bonds are outstanding; and

(f) Any other details relating to the issuance, sale and delivery of the state bonds, as may be required by the applicable provisions of ORS chapter 286A. For purposes of ORS chapter 286A, the office of the State Treasurer is the related agency authorizing the issuance of bonds and for whose benefit the bonds are issued.

(4) In identifying the taxes or revenues to be anticipated and the sources of payment of the state bonds in the financing plan, the State Treasurer may include:

(a) The intercepted revenues authorized by ORS 328.346; or

(b) Any other source of repayment or lawfully available funds and any combination of this paragraph and paragraph (a) of this subsection.

(5) The State Treasurer may include in the plan of financing the terms and condi-

tions of arrangements entered into by the State Treasurer on behalf of the state with financial and other institutions for letters of credit, standby letters of credit, reimbursement agreements and remarketing, indexing and tender agent agreements to secure the state bonds, including payment from any legally available source of fees, charges or other amounts coming due under the agreements entered into by the State Treasurer.

(6)(a) When issuing the state bonds, the State Treasurer may exercise the powers granted by ORS chapter 286A.

(b) Each state bond shall recite that it is a valid obligation of the state and that the full faith, credit and resources of the state are pledged for the payment of the principal of and interest on the state bond from the taxes or revenues identified in accordance with its terms and the Oregon Constitution and other laws of this state.

(7) Upon the completion of any sale of the state bonds, the State Treasurer shall credit the proceeds of the sale, other than accrued interest and amounts required to pay costs of issuance of the state bonds, to the fund or account established by the State Treasurer to be applied to the purpose for which the state bonds were issued. School district funds in the county treasurer's or county fiscal officer's custody shall be disbursed only upon warrants drawn on the county treasurer or county fiscal officer by the district school board in the manner provided by law.

(4) The proceeds of the sale of school district bonds or warrants shall be used solely for the purpose for which the bonds or warrants were issued, including reduction of existing bond or warrant indebtedness. 328.450 School warrant procedure. (1) As used in this section, "school district obligation" includes salaries of district employees and other regularly contracted services.

(2) Except as provided in ORS 328.445 (2), warrants in payment of school district obligations shall be issued only when there are insufficient funds to pay the warrant and shall be indorsed "not paid for want of funds". Warrants may be issued at the end

of each school month, if necessary. School warrants shall not be issued without a vote of the district school board. They must be signed by the chairperson of the board and countersigned by the district clerk. If the chairperson is absent or unable to execute the warrants, the board may authorize any member of the board to act as chairperson in executing the warrants.

(3) Unless the district school board has designated a lower rate of interest, which rate must appear on the face of the warrants, warrants indorsed "not paid for want of funds" shall draw the legal rate of interest from date of indorsement until paid.

(4) Funds becoming available for payment of warrants indorsed "not paid for want of funds" shall be applied in payment in the order in which the warrants were so indorsed. [Amended by 1965 c.100 §68]

328.460 Cancellation of school warrants not presented for payment within seven years. (1) At the last regular district school board meeting preceding July 1 in each year, the district clerk shall certify to the board a list of all school district warrants which were called for payment more than seven years prior to July 1 next following the meeting, and which have not been paid. The certification shall state the amount of each of such warrants, to whom issued, and date of issuance. The district school board shall cause notice to be published. Publication shall be in some newspaper published in the district and having a general circulation therein, or if no newspaper is published in the district, then in some paper published in the county in which the school district is located having a general circulation in the district. The notice shall contain a statement that if such warrants are not presented for payment within 60 days from July 1, they will be canceled, and payment thereof will be refused.

(2) At the first regular meeting of the district school board in each school district after the expiration of 60 days from July 1 in each year, the board shall make an order that all such warrants which have not been so presented for payment, describing them, shall be canceled. The board shall cancel all such warrants which were called for payment more than seven years prior to July 1 of that year.

(3) This section shall not prohibit the district school board, in its discretion, from paying, upon any claim arising from the canceling of any such warrant, the principal of the warrant when presented without interest if not indorsed for want of funds and, if indorsed for want of funds, with interest

to the date such warrant was called. [Amended by 1965 c.100 §69]

328.465 Annual audit procedure. (1) All common and union high school district boards shall cause to have prepared an annual audit of the books and accounts of the district in the manner set forth in subsection (2) or (3) of this section. The audit statements must be filed with the administrative office for the county on or before November 1 of the year in which the audit is conducted.

(2) The district school board may contract for its audit with the administrative office for the county in which the administrative office of the school district is located. The administrative office for the county shall secure the services of accountants who shall audit the books and accounts of the districts and file with the administrative office for the county a statement setting forth the financial condition of each district. A copy of the audit report of the district shall be sent to the appropriate district board. Each district, upon receipt of billing from the administrative office for the county, shall pay its share of the audit costs.

(3) The district board may employ accountants to audit the books and accounts of the district.

(4) Accountants employed under subsection (2) or (3) of this section must be selected from the roster of authorized municipal accountants maintained by the Oregon Board of Accountancy under ORS 297.670.

(5) The audit required by this section shall include an audit of those factors that are used to compute the State School Fund distribution under ORS 327.013. [1965 c.100 §64; 1975 c.770 §7; 1997 c.821 §22; 2003 c.226 §9]

(A) Followed generally accepted accounting principles in reporting the district's financial condition and operations; and

(B) Substantially complied with legal requirements in conducting the district's financial affairs.

(b) The determination shall be included in the report as required by ORS 297.465.

(2) Upon receipt of the audit report, the school district board shall determine the measures the board considers necessary to correct any deficiencies disclosed in the audit report. The board shall adopt a resolution setting forth any corrective measures the board proposes and the period of time estimated to complete the measures.

(3) Within 60 days after a school district files a copy of its audit report with the Secretary of State or the Department of Education, a copy of the resolution prepared under subsection (2) of this section shall also be filed. Upon receipt of the audit report and the resolution, the Secretary of State and the Department of Education shall either acknowledge the school district board's plans to correct deficiencies cited in the audit report or notify the school district board of those deficiencies that, if not corrected, could result in the withholding of funds under this section. At the request of the school district board, the Secretary of State or the Department of Education shall make suggestions for correcting those deficiencies. If the school district board does not agree with the notification by the Secretary of State or the Department of Education, the board shall be granted an opportunity for a conference regarding the notification, audit determinations or corrective measures to be taken.

(4) If the Secretary of State or the Department of Education concurs with the determination made under subsection (1) of this section in two successive audits of the same school district and determines that the school district board has not taken adequate action to correct the deficiencies cited in the notifications given under subsection (3) of this section, the Secretary of State or the Department of Education may certify those facts to the Superintendent of Public Instruction. The certificate of the Secretary of State or the Department of Education shall be issued only after notice, opportunity to be heard and hearing pursuant to the provisions of ORS chapter 183 governing contested cases. The hearing shall be held within the jurisdiction of the school district.

(5)(a) Upon receipt of a certificate from the Secretary of State or the Department of Education under subsection (4) of this section, the Superintendent of Public Instruction shall withhold from distribution to the school district 10 percent of the payments from the State School Fund otherwise to be distributed to the school district under ORS 327.008.

(b) The moneys withheld shall be disbursed to the school district after the Superintendent of Public Instruction has received notice from the Secretary of State or the Department of Education that the school district board:

(A) Has taken action to ensure that the school district will follow generally accepted accounting principles in reporting the district's financial condition and operations; and

(B) Will ensure that the school district substantially complies with legal requirements in conducting the district's financial affairs.

(6) The Secretary of State or the Department of Education may not issue a certificate under subsection (4) of this section for failure to follow generally accepted accounting principles if a school district has followed accounting practices authorized by state law.

(7) As used in this section, "generally accepted accounting principles" means those accounting principles sanctioned by recognized authoritative bodies such as the Governmental Accounting Standards Board, the Financial Accounting Standards Board or their successors. [2007 c.522 §1]

Notwithstanding ORS 280.040 to 280.145 and any other provision of law, any school district board by resolution may provide for the replacement or acquisition of automotive equipment by making transfers from the district's general fund to a fund established for that purpose. Transfers to the fund shall be included in the school district budget prepared and published in accordance with ORS 294.305 to 294.565. If at any time conditions arise which dispense with the necessity for further transfers to or expenditures from a fund established pursuant to this section, the district school board shall so declare by resolution. The resolution shall order the balance remaining in such fund to be transferred to the general fund of the district and shall declare the fund closed. [1969 c.375 §2]
