until at least one public hearing has been held within the state. If an emergency exists and postponement of the effective date would result in serious prejudice to the public interest, or the interest, health or economy of the parties directly or indirectly affected thereby, the quarantine may be made effective immediately as authorized by ORS 183.355 (2)(b). [Amended by 1961 c.118 §1; 1971 c.734 §27; 2005 c.22 §383]

(3) It shall be the duty of the county clerk immediately to post one each of such copies in a conspicuous place in the county courthouse and to file one each of such copies in the county records. 561.560 Emergency quarantine; publication of notice; powers of Governor; duration. (1)

Notwithstanding ORS chapter 183, whenever the Director of Agriculture determines the fact that a dangerous plant, animal, fowl or bee disease or insect infestation new to, or not theretofore widely prevalent or distributed within and throughout the state, exists in any state, territory, country or locality outside of this state, or in any locality within this state, which disease or infestation is of such nature that it will be impossible to follow the procedure provided for in ORS 561.510 to 561.530 without serious danger of the wide spread within the state of such disease or infestation during the time required by such procedure, the director is authorized and directed to declare, by written order, a quarantine against the movement into or within the state from such state, territory, country or locality, of any plants, animals, fowls, bees or articles which are liable to spread such disease or infestation. A written order may be amended as the director determines is necessary. A written order and any subsequent amendments thereto shall be signed by the director.

(2) The director shall file all quarantine orders and any amendments thereto with the Secretary of State and shall publish a notice of such quarantine and of any amendments to a quarantine order in a newspaper of general circulation throughout the state. The director shall take such other action as the director considers reasonable to insure that persons affected by a quarantine have knowledge thereof. From and after the filing of a quarantine order, or amendment thereto, with the Secretary of State it shall be unlawful for any person, firm or corporation to carry, move or transport any plants, animals, fowls, bees or articles specified in a quarantine order, or amendment thereto, from the quarantined area into or through any part of the state, except as provided in the order, or

(2) The Director of Agriculture shall suggest to the Governor, from time to time, any changes in the laws of this state or any additional laws which will tend to unify the quarantine laws of the United States and this and other states of the United States.

If the person in possession of the products is not the owner, the department shall make a reasonable effort to notify the owner. (2) The hearing shall not be held sooner than 10 days after the request for a hearing has been received by the department. If it appears that all or part of such products may be reconditioned or relabeled or segregated in such a way as to comply with state laws, the owner or person in possession may cause them to be reconditioned, relabeled or segregated at the owner's or person's own expense, after which the department shall release them. If it appears that all or a part of the products may not be reconditioned, relabeled or segregated in such a way as to comply with state laws, that portion of the products which may not be so treated shall be destroyed, unless the owner or person in possession executes and delivers to the department a good and sufficient bond to the effect that the products shall not be sold, disposed of or used contrary to the laws of Oregon and the rules, regulations or orders thereunder promulgated. reconditioning, relabeling or segregating or perfect an appeal to the circuit court, the department may summarily destroy or otherwise dispose of the subject matter of the action.

(2) If it appears to the department that there is a reasonable possibility that a product is capable of salvage and the owner or person in possession does not seek to regain custody within the time and in the manner provided in ORS 561.605 to 561.620, the department may dispose of the product so as to obtain such salvage. Any salvage so recovered shall, after paying the costs of sale or disposition and including storage, if any, be remitted to the true owner, if known, or if not known, then to the person in possession. A sale or disposition for salvage shall be upon such conditions as to labeling, reconditioning or segregation as the department deems necessary to comply with the law relating to such product. Nothing in ORS 561.605 to 561.630, 616.225, 632.485 and 633.670 shall be construed as requiring that a hearing be held in connection with the seizure or embargoing of illegal or suspected products or as prohibiting the release, destruction or other disposition of such products by agreement between the State Department of Agriculture and the owner or person in possession of such products.
