(1) Aircraft owned by any person, firm or corporation and certificated by the appropriate federal agency for domestic or foreign scheduled air commerce;

(2) Military aircraft of the United States of America;

(3) Aircraft licensed by a foreign country with which the United States has reciprocal relations exempting aircraft registered by the United States, or any political subdivision thereof, from registration within such foreign country; or

(4) Classes of aircraft designated as exempt by rules adopted by the State Aviation Board. [Formerly 493.010; 2005 c.22 §520; 2005 c.75 §1]

837.010 Federal pilot certificate required. No person shall fly aircraft in this state unless holding a pilot certificate of competency issued by the appropriate federal agency. [Formerly 493.020]

837.015 Registration of aircraft. Unless exempted by ORS 837.005, no person shall fail to register any aircraft when required by ORS 837.040 to 837.070. [Formerly 493.030]

837.020 Registration of pilots; renewal. (1) In the interest of public safety and the safety of those people traveling by air or receiving aviation instruction, every pilot operating within this state shall register with the Oregon Department of Aviation within 60 days of issuance of any appropriate effective federal certificate, permit, rating or license relating to competency as a pilot except that student pilots shall register prior to their first solo flight. A nonresident pilot of a scheduled or nonscheduled airline, certificated by the appropriate federal agency, is not required to register under the provisions of this section unless the nonresident pilot engages in the piloting of aircraft other than such certificated operation. Nonresidents operating within this state, other than in a commercial operation, shall register with the department within 60 days of the date of arrival within the state. Pilots operating commercially shall register prior to any commercial operation.

(2) Every registered pilot shall renew the first registration on the anniversary of the first registration date. After the first renewal, each pilot shall renew registration on the anniversary of the first registration date in the first year of each two-year period in which the pilot is active as a pilot.

(3) Every registered pilot shall notify the department in writing within 30 days of a change of address or name. The notification

shall contain the old and new residence address or name and the pilot registration number. [Formerly 493.040; 1991 c.186 §1; 2007 c.768 §57]

837.025 Requirements for pilot registration; fees; certificates. (1) Possession of the appropriate effective federal certificate, permit, rating or license relating to competency of the pilot and payment of a fee of \$8 for initial registration and \$16 for each renewal of registration shall be the requisite for registration of the pilot under ORS 837.020. A filing of a written statement containing the information reasonably required by the Oregon Department of Aviation is sufficient to effect a registration. No originals or copies of federal certificates, permits, ratings or licenses shall be required of the applicant. Duplicate certificates of pilot registration may be obtained upon proof of loss or destruction of the original by application therefor to the department and the payment of \$5 for each additional certificate.

(2) The department may issue certificates of registration and may prescribe requirements for possession and exhibition of such certificates.

(3) Information submitted in any application for registration is a public record and is open to public inspection during normal office hours. [Formerly 493.050; 1991 c.206 §1; 1997 c.585 §3]

837.030 Exhibition of certificate on demand. Every pilot operating within this state shall present a federal certificate of competency and state certificate of registration on demand. The certificate of registration shall be kept in the personal possession of the licensee when operating aircraft within this state and must be presented for inspection upon demand of any passenger, peace officer, official manager in charge of any airport, other aircraft operator or federal or state agent. [Formerly 493.060]

837.035 Disposition of moneys received for registration of pilot licenses; Aviation Search and Rescue Account. All moneys received by the Oregon Department of Aviation for the registration of pilot licenses as prescribed in ORS 837.020 shall be paid by the department to the State Treasurer, who shall deposit it in the General Fund to a special account to be known as the Aviation Search and Rescue Account. The money in the account established under this section shall be used by the Office of Emergency Management only for the following purposes or as otherwise provided by law:

(1) Such amount as may be necessary shall be used for the payment of all expenses incurred by the Office of Emergency Management in conducting activities authorized under ORS 401.555 to search for lost planes

and lost persons, the rescue of lost persons, pilot survival education and training and all other expenses directly attributable to the search and rescue program and for the payment of expenses of the Oregon Department of Aviation relating to the registration of pilot licenses. The Oregon Department of Administrative Services, after approval of claims for the expenses referred to in this subsection, shall draw warrants on the State Treasurer for the payment thereof, payable out of the Aviation Search and Rescue Account.

(2) The Office of Emergency Management may use moneys from the Aviation Search and Rescue Account to provide insurance to compensate any member of a volunteer air search and rescue organization for injuries or loss of life sustained in the scope of performing air search and rescue operations while under the direction of the office. The insurance may be obtained from a public or private insurer. The scope, coverage and benefits provided under the insurance shall not exceed those provided for persons under ORS chapter 656. If the insurance is provided, the coverage provided by the insurer:

(a) Shall include all volunteer members accepted by the Office of Emergency Management.

(b) Regardless of negligence, is the exclusive remedy of a member of the Office of Emergency Management air search and rescue organization against the State of Oregon, the office or any other person acting under the authority or direction of the office for those injuries or losses resulting from the air search and rescue activities. [Formerly 493.070; 1993 c.741 §94; 1997 c.263 §3; 1999 c.935 §38; 2007 c.740 §41]

(b) The department may impose a late fee on a person who fails to register an aircraft within the time required by this subsection. The board may determine by rule the amount of late fees that may be imposed under this paragraph. The board may adopt a graduated schedule of late fees, but the maximum amount of a late fee may not be more than the amount of the registration fee.
