427.007 Policy; Department of Human Services to plan and facilitate community services. (1) The Legislative Assembly finds and declares that a significant number of persons with intellectual disabilities or other developmental disabilities currently reside in state-operated hospitals and training centers or lack needed services simply because appropriate community-based services, including residential facilities, day programs, home care and other support, care and training programs, do not exist. The Legislative Assembly further finds that families are the major providers of support, care, training and other services to their members with intellectual disabilities or other developmental disabilities who live at home, and many of these families experience exceptionally high financial outlays and extraordinary physical and emotional challenges due to the unavailability of appropriate family support services. Such services pertain to the needs of the person with a disability, the needs of other family members related to their care-giving and nurturing capacity, and specialized needs for environmental accommodation to reduce dependency of the family member with an intellectual disability or another developmental disability. Therefore, the Department of Human Services is directed to facilitate the development of appropriate community-based services, including family support, residential facilities, day programs,

home care and other necessary support, care and training programs, in an orderly and systematic manner. The role of state-operated hospitals and training centers in Oregon shall be as specialized back-up facilities to a primary system of community-based services for persons with intellectual disabilities or other developmental disabilities.

(2) In carrying out the directive in subsection (1) of this section, the department shall develop a biennial plan in conjunction with the budgeting process for review by each Legislative Assembly. In developing this plan, the department shall meet with and consider the input of representatives from the following constituencies: Consumer organizations, parent-family organizations, advocacy organizations, unions representing workers in state-operated hospitals and training centers, community provider organizations, state and local education officials and community mental health departments or programs. Such plans shall include, where appropriate:

(a) Proposals for the decrease in the number of persons with intellectual disabilities or other developmental disabilities to be served in state-operated hospitals and training centers at a steady and planned rate until such time that the Legislative Assembly shall determine that each person served in programs or facilities operated or supported by the department is being served according to the best contemporary professional practices in the least restrictive environment, with preference given to the community-based setting over the institutional. However, no person shall be moved from any facility until a comprehensive assessment of the person's medical, treatment, training and support service needs has been completed, the move determined to be in the person's best interest and appropriate service alternatives procured.

(b) Proposals for the orderly development of community-based services, including family support, residential facilities, day programs, home care and other necessary support, care and training programs, to accommodate persons coming out of state-operated hospitals and training centers and to serve persons already in the community waiting for services. The proposals shall include services developed for persons in the community waiting for services that are at least equal in number to those services developed for those coming out of state-operated hospitals and training centers, and shall include services for all persons who are leaving the public education system, in order to further prevent unnecessary institutionalization of persons with intellectual disabilities or other developmental disabilities.

Funding for these services shall be commensurate with individual need. These proposals may include provisions for an array of both publicly and privately operated services and shall include specific implementation plans requiring that new services developed are designed to significantly increase the independence, productivity and integration into the community of persons with intellectual disabilities or other developmental disabilities.

(c) Proposals for the location of community-based services for persons with intellectual disabilities or other developmental disabilities in proximity to family, friends, supportive services and home communities whenever possible.

(3) In further carrying out the directive in subsection (1) of this section, the department shall develop monitoring and evaluation systems which ensure competent management, program quality and cost-effectiveness of community-based services. Such systems shall include, where appropriate:

(a) A comprehensive system of case management which assures an orderly movement of persons with intellectual disabilities or other developmental disabilities from state-operated hospitals and training centers to community-based services, and between community-based service alternatives, and assures an effective system of service delivery to persons with intellectual disabilities or other developmental disabilities living in the community, based on individualized planning and close cooperation with consumers, families and guardians.

(b) An annual progress assessment of every person with an intellectual disability or another developmental disability served in programs or facilities operated or supported by the department. This assessment shall measure the degree to which a family with a member with an intellectual disability or another developmental disability demonstrates enhanced care-giving and nurturing capacities, and the degree to which the independence, productivity and integration into the community of each person with an intellectual disability or another developmental disability has been increased as a result of receiving such services. The overall results of these assessments shall annually be aggregated and analyzed for each program or facility operated or supported by the department, and shall be made available for public inspection and review by the Legislative Assembly.

(c) The development of specific standards for each component within the array of services, for persons with intellectual disabili-

ties or other developmental disabilities, either operated or supported by the department and assure the competent management, program quality and cost-effectiveness of such services.

(4) Subject to available funds, the department shall ensure that each family with a member with an intellectual disability or another developmental disability has access to family support services, and that each person with an intellectual disability or another developmental disability living in the community, including those leaving the public education system, has access to community-based services necessary to enable the person to strive to achieve independence, productivity and integration. Specific services proposed for the person shall be identified in an individual habilitation plan or in a family support service plan.

(5) Subject to available funds, the department shall determine the content of individual habilitation plans and family support service plans, and the process whereby such plans are developed and updated.

(6) The department shall establish grievance procedures for mediation of disputes concerning eligibility for or appropriateness of services in individual cases. [1981 c.287 §1; 1985 c.463 §2; 1987 c.353 §1; 1987 c.609 §1; 1989 c.505 §1; 2001 c.900 §127; 2007 c.70 §216; 2011 c.658 §5]

427.210 [1959 c.331 §1; 1965 c.339 §13; 1973 c.827 §44; repealed by 1979 c.683 §37]

INVOLUNTARY COMMITMENTS OF PERSONS WITH INTELLECTUAL DISABILITIES

427.215 Need for commitment. For the purposes of ORS 427.061 and 427.235 to 427.290, a person with an intellectual disability is in need of commitment for residential care, treatment and training if the person is either:

(1) Dangerous to self or others; or

(2) Unable to provide for the person's basic personal needs and not receiving care as is necessary for the health, safety or habilitation of the person. [1979 c.683 §16; 2001 c.104 §153; 2011 c.658 §12]

427.220 [1959 c.331 §2; 1961 c.661 §17; 1965 c.339 §14; 1973 c.277 §1; 1979 c.683 §7; renumbered 427.175]

427.225 [1961 c.661 §19; 1965 c.339 §15; 1973 c.277 §2; 1979 c.683 §9; renumbered 427.185]

427.230 [1959 c.331 §6; 1965 c.339 §16; 1973 c.277 §3; repealed by 1979 c.683 §37]

427.235 Notice to court of need for commitment; investigation; report and recommendation. (1) Any two persons may notify the court having probate jurisdiction for the county or the circuit court, if it is not the probate court but its jurisdiction has been extended to include commitment of a person with an intellectual disability under ORS 3.275, that a person within the county has an intellectual disability and is in need of commitment for residential care, treatment and training. Such notice shall be in writing and sworn to before an officer qualified to administer an oath and shall set forth the facts sufficient to show the need for investigation. The circuit court shall forward notice to the community developmental disabilities program director in the county if it finds the notice sufficient to show the need for investigation. The director or the designee of the director shall immediately investigate to determine whether the person has an intellectual disability and is in need of commitment for residential care, treatment and training. However, if the petition for commitment is from a state training center, the duties of the community developmental disabilities program director under ORS 427.235 to 427.290 shall be the responsibility of the superintendent of the state training center or the designee of the superintendent.

(2) Any person who acts in good faith shall not be held civilly liable for making of the notification under subsection (1) of this section.

(3) Any investigation conducted by the community developmental disabilities program director or the designee of the director under subsection (1) of this section shall commence with an interview or examination of the person alleged to have an intellectual disability, where possible, in the home of the person or other place familiar to the person. Further investigation if warranted shall include a diagnostic evaluation as defined in ORS 427.105 and may also include interviews with the person's relatives, neighbors, teachers and physician. The investigation shall also determine if any alternatives to commitment are available. The investigator shall also determine and recommend to the court whether the person is incapacitated and in need of a guardian or conservator.

(4) The investigation report shall be submitted to the court within 30 days of receipt of notice from the court. A copy of the investigation report and diagnostic evaluation, if any, shall also be made available to the Developmental Disability Diagnosis and

Evaluation Service and to the person alleged to have an intellectual disability and, if the person is a minor or incapacitated, to the parents or guardian of the person as soon as possible after its completion but in any case prior to a hearing held under ORS 427.245.

(5) Any person conducting an evaluation or investigation under this section shall in no way be held civilly liable for conducting the investigation or performing the diagnostic evaluation.

(6) If requested by a person conducting an investigation under this section, a physician who has examined the person alleged to have an intellectual disability may, with patient authorization or in response to a court order, provide any relevant information the physician has regarding the person alleged to have an intellectual disability. [1979 c.683 §17; 2003 c.89 §4; 2009 c.595 §442; 2011 c.658 §13]

427.240 [1959 c.331 §3; 1965 c.339 §17; 1969 c.391 §10; 1973 c.277 §4; repealed by 1979 c.683 §37]

427.245 Hearing; citation to appear; notice; right to legal counsel. (1) If the court, following receipt of an investigation report under ORS 427.235, concludes that there is probable cause to believe that the subject of the investigation has an intellectual disability and is in need of commitment for residential care, treatment and training, it shall, through the issuance of a citation as provided in subsection (2) of this section, cause the person to be brought before it at such time and place as it may direct for a hearing to determine whether the person has an intellectual disability and is in need of commitment for residential care, treatment and training. The person shall be given the opportunity to appear at the hearing. If the person is detained pursuant to ORS 427.255, the court shall hold the hearing within seven judicial days.

(2) Upon a determination under subsection (1) of this section that probable cause exists to believe that the person has an intellectual disability and is in need of commitment for residential care, treatment and training, the court shall cause a citation to issue to the person or, if the person is a minor or incapacitated, to the parent or legal guardian of the person. The citation shall state the specific reasons the person is believed to be in need of commitment for residential care, treatment and training. The citation shall also contain a notice of the time and place of the commitment hearing, the right to legal counsel, the right to have legal counsel appointed if the person is unable to afford legal counsel, the right to have legal counsel appointed immediately if so requested, the right to subpoena witnesses in behalf of the person to testify at the hearing, the right to cross-examine all witnesses and

such other information as the court may direct. The citation shall be served on the person by the community developmental disabilities program director or the designee of the director delivering a duly certified copy of the original to the person prior to the hearing. The person, the parents of the person or the legal guardian of the person shall have the opportunity to consult with legal counsel prior to being brought before the court. The community developmental disabilities program director or the designee of the director shall advise the person of the purpose of the citation and the possible consequences of the proceeding. [1979 c.683 §18; 1989 c.242 §1; 2009 c.595 §443; 2011 c.658 §14]

427.250 [1959 c.331 §4; 1965 c.339 §18; 1969 c.391 §11; repealed by 1979 c.683 §37]

427.255 Detention prior to investigation or hearing; care and maintenance while under custody. (1) If the court finds that there is probable cause to believe that the failure to take into custody pending an investigation or hearing a person alleged to have an intellectual disability and be in need of commitment for residential care, treatment and training would pose an imminent and serious danger to the person or to others, the court may issue a warrant of detention to either the community developmental disabilities program director or the sheriff of the county directing that the director, the sheriff or the designee of the director or sheriff take the person into custody and produce the person at the time and place stated in the warrant. At the time the person is taken into custody, the custodian shall advise the person or, if the person is incapacitated or a minor, the parents or guardian of the person of the person's right to counsel, to have legal counsel appointed if the person is unable to afford legal counsel, and, if requested, to have legal counsel appointed immediately.

(2) A person taken into custody under subsection (1) of this section shall be provided all care, custody, evaluation and treatment required for the mental and physical health and safety of the person and the director of the facility retaining custody shall report any care, custody, evaluation or treatment provided the person to the court as required by ORS 427.280. Any diagnostic evaluation performed on such person shall be consistent with Department of Human Services rules and ORS 427.105. Any prescription or administration of drugs shall be the sole responsibility of the treating physician. The person shall have the right to the least hazardous treatment procedures while in custody, and the treating physician shall be notified immediately of the use of any

mechanical restraints on the person. A note of each use of mechanical restraint and the reasons therefor shall be made a part of the person's clinical record over the signature of the treating physician. [1979 c.683 §19; 2009 c.595 §444; 2011 c.658 §15]

427.260 [1959 c.331 §5; 1965 c.339 §19; 1973 c.277 §5; repealed by 1979 c.683 §37]

427.265 Court to advise person of nature of proceeding and rights; appointment of legal counsel. (1) At the time that a person who is alleged to have an intellectual disability and to be in need of commitment for residential care, treatment and training is brought before the court, the court shall advise the person of the reason for being brought before the court, the nature of the proceedings and the possible results of the proceedings. The court shall also advise the person of the right to subpoena witnesses and to suitable legal counsel possessing skills and experience commensurate with the nature of the allegations and complexity of the case during the proceedings, and that if the person does not have funds with which to retain suitable legal counsel, the court shall appoint such legal counsel to represent the person. If the person does not request legal counsel, the legal guardian, relative or friend may request the assistance of legal counsel on behalf of the person.

(2) If no request for legal counsel is made, the court shall appoint suitable legal counsel.

(3) If the person is unable to afford legal counsel, the court, if the matter is before a county or justice court, or the public defense services executive director, if the matter is before the circuit court, shall determine and allow, as provided in ORS 135.055, the reasonable expenses of the person and compensation for legal counsel. The expenses and compensation so allowed by a county court shall be paid by the county of residence of the person. The expenses and compensation determined by the public defense services executive director shall be paid by the public defense services executive director from funds available for the purpose. In all cases legal counsel shall be present at the hearing and may examine all witnesses offering testimony, and otherwise represent the person.

(4) The court may, for good cause, postpone the hearing for not more than 72 hours to allow preparation for the hearing and order the continuation of detention authorized under ORS 427.255 during a postponement, if requested by the person, the legal counsel, parent or guardian of the person, an examiner or on the court's own motion. [1979 c.683 §20; 1979 c.867 §13; 1981 s.s. c.3 §135; 2001 c.962 §71; 2011 c.658 §16]

427.270 Report of diagnostic evaluation; recommendations of examining facility; appointment of persons to conduct additional examination. (1) The examining facility conducting the diagnostic evaluation shall make its report in writing to the court. Where components of the diagnostic evaluation have been performed within the previous year according to Department of Human Services rules and ORS 427.105, and the records of the evaluation are available to the examining facility pursuant to ORS 179.505 and department rules, the results of such evaluation may be introduced in court in lieu of repetition of those components by the examining facility. If the facility finds, and shows by its report, that the person examined has an intellectual disability and is in need of commitment for residential care, treatment and training, the report shall include a recommendation as to the type of treatment or training facility most suitable for the person. The report shall also advise the court whether in the opinion of the examining facility the person and, if the person is a minor or incapacitated, the parents or legal guardian of the person would cooperate with voluntary treatment or training and whether the person would benefit either from voluntary treatment or training or from appointment of a legal guardian or conservator.

(2) Upon request by the person or the parent, legal guardian or legal counsel of the person, the court shall appoint an additional physician or psychologist, or both, to examine the person and make separate reports in writing to the court. However, the court shall not appoint more than one additional physician and one additional psychologist to examine the person. [1979 c.683 §21; 2011 c.658 §17]

427.275 Fees of persons appointed by court to perform diagnostic evaluations; payment by counties; witnesses; fees; costs. (1) Any physician or psychologist employed by the court to make a diagnostic evaluation of a person alleged to have an intellectual disability and to be in need of commitment for residential care, treatment and training, shall be allowed a fee as the court in its discretion determines reasonable for the evaluation. The costs of the evaluation shall be paid by the county of residence of the person or, if the person has no residence within the state, by the county in which the person is taken into custody. The county shall not be held responsible for the costs of prior examinations or tests reported to the court, or of diagnostic evaluations performed or arranged by the community developmental disabilities program or Department of Human Services.

(2) Witnesses subpoenaed to give testimony shall receive the same fees as are paid

in criminal cases and are subject to compulsory attendance in the same manner as provided in ORS 136.567 to 136.603. The attendance of out-of-state witnesses may be secured in the same manner as provided in ORS 136.623 to 136.637. The party who subpoenas the witness or requests the court to subpoena the witness is responsible for payment of the cost of the subpoena and payment for the attendance of the witness at a hearing. When the witness has been subpoenaed on behalf of a person who is represented by appointed counsel, the fees and costs allowed for that witness shall be paid pursuant to ORS 135.055. [1979 c.683 §31; 1987 c.606 §10; 2001 c.962 §72; 2009 c.595 §445; 2011 c.658 §18]

427.280 Treatment given after citation issued; notice to court. The community developmental disabilities program director or, if a person has been detained under ORS 427.255, the director of the facility retaining custody of a person alleged to be in need of commitment for residential care, treatment and training shall fully advise the court of all treatment known to have been administered to the person after a citation has been issued to the person. [1979 c.683 §22; 2009 c.595 §446; 2011 c.658 §19]

427.285 Witnesses required at hearing; cross-examination. The investigator and other appropriate persons or professionals as necessary shall appear at the hearing and present the evidence. The person alleged to have an intellectual disability and to be in need of commitment for residential care, treatment and training shall have the right to cross-examine all witnesses, the investigator and the representative. [1979 c.683 §23; 2011 c.658 §20]

427.290 Determination by court of need for commitment; discharge; conditional release; commitment; appointment of guardian or conservator. After hearing all of the evidence, and reviewing the findings of the investigation and other examiners, the court shall determine whether the person has an intellectual disability and because of the intellectual disability is either dangerous to self or others or is unable to provide for the personal needs of the person and is not receiving care as is necessary for the health, safety or habilitation of the person. If in the opinion of the court the person is not in need of commitment for residential care, treatment and training, the person shall be discharged. If in the opinion of the court the person has, by clear and convincing evidence, an intellectual disability and is in need of commitment for residential care, treatment and training, the court may order as follows:

(1) If the person can give informed consent and is willing and able to participate in

treatment and training on a voluntary basis, and the court finds that the person will do so, the court shall order release of the person and dismiss the case.

(2) If a relative, a friend or legal guardian of the person requests that the relative, friend or legal guardian be allowed to care for the person for a period of one year in a place satisfactory to the court and shows that the relative, friend or legal guardian is able to care for the person and that there are adequate financial resources available for the care of the person, the court may commit the person and order that the person be conditionally released and placed in the care and custody of the relative, friend or legal guardian. The order may be revoked and the person committed to the Department of Human Services for the balance of the year whenever, in the opinion of the court, it is in the best interest of the person.

(3) If in the opinion of the court voluntary treatment and training or conditional release is not in the best interest of the person, the court may order the commitment of the person to the department for care, treatment or training. The commitment shall be for a period not to exceed one year with provisions for continuing commitment pursuant to ORS 427.020.

(4) If in the opinion of the court the person may be incapacitated, the court may appoint a legal guardian or conservator pursuant to ORS chapter 125. The appointment of a guardian or conservator shall be a separate order from the order of commitment. [1979 c.683 §24; 1995 c.664 §97; 2011 c.658 §21]

427.293 Disclosure of record of proceeding. (1) In any proceeding conducted under ORS 427.235 to 427.290, the court may not disclose any part of the record, including any report submitted to the court under ORS 427.270 to any person except:

(a) The court shall, pursuant to rules adopted by the Department of State Police, transmit the minimum information necessary, as defined in ORS 181.740, to the Department of State Police for persons described in ORS 181.740 (1)(c) to enable the department to maintain the information and transmit the information to the federal government as required under federal law;

(b) On request of the person subject to the proceeding;

(c) On request of the person's legal representative or the attorney for the person or the state; or

(d) Pursuant to court order.

(2) In any proceeding described in subsection (1) of this section that is before the Supreme Court or the Court of Appeals, the

limitations on disclosure imposed by this section apply to the appellate court record and to the trial court record while it is in the appellate court's custody. The appellate court may disclose information from the trial or appellate court record in a decision, as defined in ORS 19.450, provided that the court uses initials, an alias or some other convention for protecting against public disclosure the identity of the person who is alleged to have mental retardation. [1999 c.82 §2; 2009 c.826 §3; 2011 c.332 §§3,6b; 2011 c.547 §46]

427.295 Appeal of commitment order; appointment of legal counsel; costs. If a person appeals a commitment order issued under ORS 427.290, the court, upon request of the person or upon its own motion and upon finding that the person is financially eligible for appointed counsel at state expense, shall appoint suitable legal counsel to represent the person. The compensation for legal counsel and costs and expenses necessary to the appeal shall be determined and paid by the public defense services executive director as provided in ORS 135.055 if the circuit court is the appellate court or as provided in ORS 138.500 if the Court of Appeals or Supreme Court is the appellate court. The compensation, costs and expenses so allowed shall be paid as provided in ORS 138.500. [1979 c.867 §15; 1981 s.s. c.3 §136; 1985 c.502 §26; 2001 c.962 §73; 2011 c.658 §22]

427.300 Assignment to appropriate facility; notice of transfer or discharge; appeal; hearing. (1) The Department of Human Services may, at its discretion, direct any person with an intellectual disability who has been committed under ORS 427.290 to the facility best able to treat and train the person. The authority of the department on such matters shall be final.

(2) At any time, for good cause and in the best interest of the person, the department may decide to transfer a resident from one facility to another or discharge a resident as no longer in need of residential care, treatment or training in a state training center. Fifteen days prior to department action, the department shall notify the resident and the parent, guardian or person entitled to custody of the resident by certified mail of its decision. The notice shall indicate the right of the aforementioned parties to appeal this decision to the State Training Center Review Board in writing within 10 days after receipt of notice. Within 30 days from the date the appeal is received by the department, the State Training Center Review Board shall hold a hearing at which the department and the person having filed the appeal shall present their case and shall communicate its recommendation to the Director of Human Services pursuant to ORS 427.205 (4)(b); and the director shall communicate the decision

of the director by certified mail to the appealing party.

(3) The department, pursuant to its rules, may delegate to a community developmental disabilities program director the responsibility for assignment of persons with intellectual disabilities to suitable facilities or transfer between such facilities under conditions which the department may define. Any voluntary client or resident shall be released from the treating or training facility within 15 business days of the request of the client or resident for release, unless commitment procedures are initiated under ORS 427.235. [1979 c.683 §25; 2009 c.595 §447; 2011 c.658 §23]

427.305 [1973 c.585 §2; 1979 c.683 §33; renumbered 427.051]

427.306 Confinement of committed persons with intellectual disabilities in least restrictive setting; attendants required. (1) A person, not incarcerated upon a criminal charge, who has been alleged or adjudged to have an intellectual disability and to be in need of commitment for residential care, treatment and training, may not be confined in any prison, jail or other enclosure where those charged with a crime or a violation of a municipal ordinance are incarcerated.
