(d) Exeditiously placing program participants in subsidized and unsubsidized employment.

(2) The JOBS Plus Program is created as a program in which residents of the State of Oregon shall, in lieu of receiving benefits in the Supplemental Nutrition Assistance Program and payments from the temporary assistance for needy families program, be provided jobs and paid in a way that promotes self-sufficiency and encourages unemployed Oregonians to improve their positions in the workforce. In consultation with the participant, the department shall try to match the profile of each participant with the needs of an employer when assigning a participant to work with the employer.

the participant to cooperate with the requirements of the JOBS Plus Program may result in the participant's removal, in accordance with rules adopted by the Department of Human Services, from the JOBS Plus Program and suspension of the participant's temporary assistance for needy families grant and supplemental nutrition assistance. A temporary assistance for needy families and supplemental nutrition assistance recipient who has been removed from the program for failing to cooperate shall be eligible to reapply to participate in the program and shall have eligibility for program services determined without regard to the length of time the person was not participating following removal.

(6)(a) Employers shall pay all participating individuals at least the hourly rate of the Oregon minimum wage.

(b) Sick leave, holiday and vacation absences shall conform to the individual employer's rules for temporary employees.

(c) Group health insurance benefits shall be provided by the employer to program participants if, and to the extent that, state or federal law requires the employer to provide such benefits.

(d) All persons participating in the JOBS Plus Program shall be considered to be temporary employees of the individual employer providing the work and shall be entitled only to benefits required by state or federal law.

(e) Employers shall provide workers' compensation coverage for each JOBS Plus Program participant.

(7) In the event that the net monthly full-time wage paid to a participant would be less than the level of income from the temporary assistance for needy families program and the supplemental nutrition assistance amount equivalent that the participant would otherwise receive, the Department of Human Services shall determine and pay a supplemental payment as necessary to provide the participant with that level of net income. The department shall determine and pay in advance supplemental payments to participants on a monthly basis as necessary to ensure equivalent net program wages. Participants shall be compensated only for time worked.

(8) In addition to and not in lieu of the payments provided for under subsections (6) and (7) of this section, participants shall be entitled to retain the full child support payments collected by the Department of Justice.

(d) Recruit volunteer mentors from among their regular employees to assist the participants in becoming oriented to work and the workplace; and

(e) Sign an agreement to abide by all requirements of the program, including the requirement that the program not supplant existing jobs. All agreements shall include provisions noting the employer's responsibility to repay reimbursements in the event the employer violates program rules. When a professional placement service, professional employment organization or temporary employment agency is acting as an employer pursuant to subsection (13) of this section, agreements under this paragraph shall require a three-party agreement between the professional placement service, professional employment organization or temporary employment agency, the organization where the participant has been placed to perform services and the State of Oregon. The three-party agreement shall include provisions requiring that all JOBS Plus reimbursements received by the professional placement service, professional employment organization or temporary employment agency be credited to the organization where the participant has been placed to perform services.

(11) Program participant wages shall be subject to federal and state income taxes, Social Security taxes and unemployment insurance tax or reimbursement as applicable under ORS chapter 657, which shall be withheld and paid in accordance with state and federal law. Supplemental payments made pursuant to subsection (7) of this section shall not be subject to state income taxes under ORS chapter 316 and, to the extent allowed by federal law, shall not be subject to federal income taxes and Social Security taxes.

(12)(a) The Department of Human Services shall reimburse employers for the employers' share of Social Security, unemployment insurance and workers' compensation premiums paid on behalf of program

participants referred to the employer by the Department of Human Services, as well as the minimum wage earnings paid by the employer to program participants referred to the employer by the Department of Human Services.

(b) If the Department of Human Services finds that an employer has violated any of the rules of the JOBS Plus Program, the department:

PUBLIC ASSISTANCE AND MEDICAL ASSISTANCE ACCESSIBILITY

411.965 Policy on program accessibility. The Legislative Assembly finds:

(1) That many persons eligible for public assistance or medical assistance programs, especially those with the lowest incomes and the greatest need for assistance, are precluded from receiving benefits because of program inaccessibility;

(2) That program inaccessibility stems from barriers that arise in learning of the availability of benefits, in applying for benefits and in maintaining eligibility once eligibility is established;

(3) That a gap often exists between the reading and literacy skills possessed by potential applicants to programs and the skills demanded for completion of agency application forms and procedures. Most persons eligible for public assistance and medical assistance programs read at below the eighth-grade level and most public assistance and medical assistance forms require more than an eighth-grade reading level;

(4) That simplifying program rules and rewriting forms and brochures to close the "literacy gap" would contribute to decreasing the program error rate and saving program costs; and

(5) That the Department of Human Services and the Oregon Health Authority would better serve the people of the State of Oregon by making public assistance and medical assistance programs accessible to those low-income persons legally entitled to assistance. [1987 c.3 §2; 2013 c.688 §62]

411.967 Forms and notices to be in plain language. Every form, notice, brochure or other written material of the Department of Human Services or the Oregon Health Authority intended for use by persons inquiring about, applicants for or recipients of public assistance or medical assistance shall be written in plain language. A form, notice, or brochure is written in plain language if it substantially complies with all of the following tests:

- (1) Uses short sentences and paragraphs;
- (2) Uses everyday words readable at an eighth-grade level of reading ability;
- (3) Uses simple and active verb forms;
- (4) Uses type of readable size;
- (5) Uses uppercase and lowercase letters;
- (6) Heads sections and other subdivisions with captions which fairly reflect the content

of the section or subdivision and which are in boldfaced type or otherwise stand out significantly from the text;

(7) Uses layout and spacing which separate the paragraphs and sections of the document from each other and from the borders of the paper;

(8) Is written and organized in a clear and coherent manner;

(9) Is designed to facilitate ease of reading and comprehension; and

(10) Is readable at the sixth-grade level of reading ability except for vocabulary referred to in subsection (2) of this section. [1987 c.3 §3(1); 2013 c.688 §63]

411.969 Informational materials for applicants. (1) The Department of Human Services and the Oregon Health Authority shall publish, make available and publicize to all persons inquiring about, applicants for and recipients of public assistance or medical assistance the following informational materials:

(a) Brochures enumerating and explaining the public assistance and medical assistance programs administered by the department and the authority; and

(b) Publications explaining how public assistance and medical assistance programs function, including but not limited to how grants are calculated, how overpayments are calculated, how child support is handled, the effect of earnings on grants and benefits, hearing rights and the right of the recipient to see the recipient's file.

(2) All notices of overpayments shall show the calculation of the overpayment and contain an explanation of the calculation. [1987 c.3 §4; 2013 c.688 §64]

411.970 When bilingual services required. (1) As used in this section:

(a) "Non-English-speaking household" means a household that does not have an adult member who is fluent in English.

(b) "Written materials" includes all forms, notices and other documents that the

Department of Human Services or the Oregon Health Authority provides to any English-speaking client for the establishment, maintenance and explanation of eligibility for public assistance or medical assistance.

(2) If a Department of Human Services local office has a caseload that consists of 35 or more non-English-speaking households that share the same language, the department shall provide at the local office written materials in that language and access to a bilingual assistance worker or caseworker who is fluent in both that language and English.

(3) The Personnel Division of the Oregon Department of Administrative Services shall recruit qualified individuals and shall maintain lists of such individuals for purposes of meeting the requirements of this section. [Formerly 411.062; 2013 c.688 §65]
