283.076 Oregon Department of Administrative Services Operating Fund. (1) There is established the Oregon Department of Administrative Services Operating Fund in the State Treasury, separate and distinct from the General Fund. The moneys in the Oregon Department of Administrative Services Operating Fund may be invested as provided in ORS 293.701 to 293.857. Interest earnings on the fund assets shall be credited to the fund.

(2) Amounts in the fund are continuously appropriated for and shall be used for the purposes authorized by law. It is the legislative intent that, except as otherwise provided by law, all activities using the Oregon Department of Administrative Services Operating Fund shall be self-supporting and the Oregon Department of Administrative Services shall keep the necessary records to show the status of each activity.

(3) Unless otherwise provided by law, the cost to the Oregon Department of Administrative Services of providing services, including labor, facilities and materials to any state agency, including itself, the cost of which is to be charged, in part or whole, to the agency served, may be advanced out of the Oregon Department of Administrative Services Operating Fund. The costs advanced from the fund shall be reimbursed to the fund from the charges paid to the department by the agency served.

(4) The department may estimate in advance the expenses that it will incur during the biennium for activities which operate out of the fund. Such expenses include necessary working capital and depreciation as determined by the department. The department may render to each agency an invoice for its share of such expenses for periods within the biennium. Each agency shall pay to the credit of the Oregon Department of Administrative Services Operating Fund such invoice as an administrative expense from funds or appropriations available to it in the same manner as other claims against the state are paid. If the estimated expenses for any agency are more or less than actual expenses, including working capital and depreciation requirements, for the period covered by the invoice, the difference shall be reflected in the next following estimate of expenses.

(5) Notwithstanding subsection (4) of this section, all moneys collected by the department as depreciation reserves for the properties identified in ORS 276.004 shall be deposited to the Capital Projects Fund, and are continuously appropriated for the purposes set out in ORS 276.005 (1). [1989 c.84 §5 (enacted in lieu of 283.075); 1993 c.500 §37]

The amount drawn shall be credited to a special revolving fund which shall be carried with the State Treasurer and shall be used by the department when it is necessary or desirable to make immediate payments.

(2) The Oregon Department of Administrative Services shall file at least once each month a verified voucher covering current disbursements from the special revolving fund. The voucher shall be accompanied by an itemized statement showing the names of the persons, firms or corporations to whom and the purposes for which the disbursements were made.

(3) Upon receipt of the voucher, the Oregon Department of Administrative Services shall draw a warrant on the State Treasurer in favor of the Oregon Department of Administrative Services payable out of the Oregon Department of Administrative Services Operating Fund. The amount drawn shall be deposited in the special revolving fund and

(b) To finance infrastructure, including but not limited to telecommunications systems, systems for water, sewage, electricity, steam or natural gas and other equipment or improvements that are necessary or appropriate to support a facility that is, or will be, owned or operated by the state;

(c) To finance infrastructure components that are, or will be, owned or operated by a local government agency of this state if the Director of the Oregon Department of Administrative Services determines that financing the infrastructure facilitates the

construction or operation of an adult or juvenile corrections facility or a public safety training facility owned or operated by the state or any of its agencies;

(d) To finance all or a portion of the state's pension liabilities for retirement, health care or disability benefits, in an amount that produces net proceeds that do not exceed the State Treasurer's estimate of those liabilities based on information provided to the State Treasurer by the Public Employees Retirement System; or

283.087 Financing agreements; limitations. (1) The Director of the Oregon Department of Administrative Services may enter into financing agreements in accordance with ORS 283.085 to 283.092.

(2) Financing agreements entered into under ORS 283.085 to 283.092 are subject to the following limitations:

(a) Neither the director nor any other agency of the state may pay amounts due under a financing agreement from any source other than available funds. If there are insufficient available funds to pay amounts due under a financing agreement, the lender may

exercise any property rights which the state has granted to it in the financing agreement, against the property which was purchased with the proceeds of the financing agreement, and apply the amounts so received toward payments scheduled to be made by the state under the financing agreement.

(b) Neither the director nor any other agency of the state may grant property rights in property unless the property is being acquired, substantially improved or refinanced with proceeds of a financing agreement entered into under ORS 283.085 to 283.092 or the property is land on which improvements financed, in whole or in part, under ORS 283.085 to 283.092 are located.

(3) The expenditure of funds used to finance previously executed financing agreements or to pay costs incurred to issue a financing agreement must be recorded using administrative budget limitations.

(4) For purposes of this section, the principal amount of a financing agreement, other than a financing agreement to refinance a financing agreement, exceeds \$100,000 if the principal amount, when combined with the principal amount of a financing agreement, other than a financing agreement to refinance a financing agreement, previously issued for the same project exceeds \$100,000.

(5) Upon the request and with the approval of the Chief Justice of the Supreme Court or the State Court Administrator, the Director of the Oregon Department of Administrative Services may enter into financing agreements in accordance with ORS 283.085 to 283.092 on behalf of the Judicial Department. [1989 c.1032 §2; 1991 c.642 §4; 1991 c.790 §20; 1993 c.500 §40; 1993 c.635 §3; 2003 c.746 §10; 2007 c.783 §95; 2013 c.767 §4]

Note: See note under 283.085.

283.089 Authority of Director of Oregon Department of Administrative Services regarding financing agreements. (1) The Director of the Oregon Department of Administrative Services may:

(a) Enter into agreements with trustees to hold financing agreement proceeds, payments and reserves as security for lenders, and to issue certificates of participation in the right to receive payments due from the state under a financing agreement. The trustee shall invest amounts held by the trustee at the direction of the State Treasurer. Interest earned on any investments held by a

trustee as security for a financing agreement, at the option of the director, may be credited to the accounts held by the trustee and applied in payment of sums due under a financing agreement.

(b) Enter into credit enhancement agreements for financing agreements or certificates of participation, provided that amounts due under credit enhancement agreements are payable solely from available funds and amounts received from the exercise of property rights granted under the financing agreements.

(c) Use the gross proceeds of financing agreements for the purposes described in ORS 283.085 (3) and to pay the costs of reserves, credit enhancements and other costs associated with issuing, administering and maintaining the financing.

(d) Use a single financing agreement to finance property to be used by multiple state agencies.

(e) Subject to ORS 283.087 (2)(b), grant leases of real property with a trustee or lender. The leases may be for a term that ends on the date on which all amounts due under a financing agreement have been paid or provision for payment has been made, or 10 years after the last scheduled payment under a financing agreement, whichever is later. The leases may grant the trustee or lender the right to evict the state and exclude it from possession of the real property for the term of the lease if the state fails to pay when due the amounts scheduled to be paid under a financing agreement or otherwise defaults under a financing agreement. Upon default, the trustee or lender may sublease the real property to third parties and apply any rentals toward payments scheduled to be made under a financing agreement.

(f) Subject to ORS 283.087 (2)(b), grant security interests in personal property to trustees or lenders. The security interests attach and are perfected on the date the state takes possession of the personal property, or the date the lender advances money under a financing agreement, whichever is later. A security interest authorized by this section has priority over all other liens and claims. Upon default, the secured party has the rights and remedies available to a secured party under ORS chapter 79 for a first, perfected security interest in goods and fixtures. Within 10 days after a security interest authorized by this section attaches, the state shall cause a financing statement for the security interest to be filed with the Secretary of State in the same manner as financing statements are filed for goods. However, failure to file the statement does not affect the perfection of the security interest.

(g) Pledge for the benefit of trustees and lenders any amounts that are deposited with a trustee in accordance with a financing agreement. The pledge is valid and binding from the time it is made. Amounts pledged are subject to the lien of the pledge immediately without filing, physical delivery or other act. The lien of the pledge is superior to all other claims and liens of any kind whatsoever.

(h) Bill any state agency that benefits from a financing agreement for an appropriate share of the financing costs on a monthly or other periodic basis, and deposit payments received in connection with the billings with a trustee as security for a financing agreement. Any state agency receiving such a bill shall pay the amounts billed from the first amounts legally available to it. The director shall allocate in appropriate shares the financing costs of a financing agreement entered into for the purpose described in ORS 283.085 (3)(d) among all state agencies based on their payroll costs.

(i) Purchase fire and extended coverage or other casualty insurance for property acquired or refinanced with proceeds of a financing agreement, assign the proceeds of the insurance to a lender or trustee to the extent of their interest and covenant to maintain the insurance while the financing agreement is unpaid, so long as available funds are sufficient to purchase the insurance.

(2) As used in this section, "state agency" has the meaning given that term in ORS 286A.730. [1989 c.1032 §3; 2001 c.445 §170; 2003 c.746 §11; 2007 c.783 §95a; 2013 c.767 §5]

Note: See note under 283.085.

283.091 Governor's budget to include amount needed to pay amounts due on unpaid financing agreements. The Oregon Department of Administrative Services shall include in the Governor's budget request to the Legislative Assembly for each fiscal period amounts sufficient to permit the payment of all amounts which will be due on unpaid financing agreements during that fiscal period. [1989 c.1032 §4]

Note: See note under 283.085.

283.092 Effect of financing agreement on tax status. A lease or financing agreement authorized by ORS 283.085 to 283.092 shall not cause property to be subject to property taxation and shall be disregarded in determining whether property is exempt from taxation under ORS chapter 307. [1989 c.1032 §5; 2007 c.783 §96]

Note: See note under 283.085.

283.095 Authority for state agency to enter into financing agreement. (1) As used in this section:

(a) "Financing agreement" has the meaning given that term in ORS 283.085.

(b) "State agency" has the meaning given that term in ORS 283.089.

(2) If authorized by a provision of law other than ORS 283.085 to 283.092, a state agency may enter into a financing agreement with a principal amount of \$100,000 or less.

(3) Notwithstanding any authority in a provision of law other than ORS 283.085 to 283.092, a state agency may not enter into a financing agreement in an amount that exceeds \$100,000. [2013 c.767 §2; 2015 c.767 §83; 2015 c.828 §24]

Note: 283.095 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 283 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

283.310 Control and regulation of state-owned motor vehicles; rules; statement of use. (1) The Oregon Department of Administrative Services shall control and regulate the acquisition, operation, use, maintenance and disposal of and access to motor vehicles used for:

(a) State business by state agencies of this state; or

(b) Official public business by a unit of local government or a state agency of another state, by an agency created by an interstate compact between this state and another state or states, by a United States governmental agency, or by an American Indian tribe or an agency of an American Indian tribe, pursuant to an intergovernmental agreement between the agency or agencies and the department, entered into in accordance with ORS chapter 190, for the provision of motor pool vehicles, supplies and services, or any of them.

(2) The state agency on whose behalf a motor vehicle is used must state in writing in advance of such use that the particular activity for which the vehicle is to be used advances the lawful policies of the agency. [Formerly 291.704; 1993 c.335 §2; 2011 c.637 §90; 2015 c.767 §85]

283.312 Provision of state-owned vehicle to authorized agency driver; mileage limits requirements; exceptions; penalty for noncompliance. (1) A state agency or institution shall provide a state-owned standard passenger vehicle to each authorized driver of the state agency or institution who is required to drive a standard passenger vehicle on official state business a number of miles per month averaged over a six-month period that equals or exceeds the mileage limit defined in rules adopted under ORS 283.313.

(2) If a state-owned standard passenger vehicle is not available to an authorized

driver of a state agency or institution who is required to drive a standard passenger vehicle on official state business:

(a) The authorized driver shall use the authorized driver's own motor vehicle, or other privately owned motor vehicle, and shall be reimbursed as provided in rules adopted under ORS 283.345; or

(b) If a suitable privately owned motor vehicle is not available to the authorized driver, the state agency or institution shall rent a standard passenger vehicle for the use of the authorized driver on the days the authorized driver is required to drive on official state business.

(3) Except as provided in subsections (4) and (5) of this section, a state agency or institution may not own or be assigned a standard passenger vehicle that is driven a number of miles per month averaged over a six-month period that is less than the mileage limit defined in rules adopted under ORS 283.313.

(4) Subsection (3) of this section does not apply to a standard passenger vehicle that is furnished with equipment not installed on a standard passenger vehicle.

(5) Subsection (3) of this section does not apply to a standard passenger vehicle if the Director of the Oregon Department of Administrative Services finds under rules adopted under ORS 283.313 that, notwithstanding the number of miles per month the vehicle is driven, use of a state-owned standard passenger vehicle is necessary to the activities conducted by the state agency or institution.

(6) If a state agency or institution is not in compliance with subsection (3) of this section, the state agency or institution shall sell and not replace a standard passenger vehicle for each vehicle that fails to comply with subsection (3) of this section. The state agency or institution may reassign vehicles owned by or assigned to the state agency or institution, respectively, if necessary to meet the requirements of subsection (3) of this section. Proceeds from a sale under this subsection and interest on the proceeds shall be retained by the agency or institution and not expended until a sale proceed utilization plan is approved by the Legislative Assembly. [1997 c.848 §3]

283.313 Adoption of mileage limits for use and replacement of state-owned vehicles; procedure for approving exceptions to requirement for provision of state-owned vehicle; rules. (1) The Oregon Department of Administrative Services shall adopt by rule a formula to determine the mileage limit for purposes of ORS 283.312. The formula shall define a mileage limit that

is the mileage at which use of a state-owned standard passenger vehicle is more economical than use of a privately owned motor vehicle for official state business. For purposes of this subsection, the department shall adopt the formula in Secretary of State, Audit No. 97-36, State of Oregon Opportunities to Reduce State Employee Travel Costs, p. 29, app. A, exhibit 1 (April 17, 1997), or an equivalent formula.

(2) The department shall adopt by rule a replacement mileage standard for purposes of ORS 283.314. The replacement mileage standard is the mileage at which replacement of a standard passenger vehicle is more economical than retaining the vehicle.

(3) The department shall adopt by rule a procedure to approve exceptions under ORS 283.312 (5) to the requirements of ORS 283.312 (3). The procedure adopted must conform to the following:

(a) The Director of the Oregon Department of Administrative Services shall approve each exception.

(b) The director may appoint a committee to advise the director on the merits of each request for an exception.

(c) An application by a state agency or institution for an exception must be in writing. The application must include, but not be limited to:

(A) A statement of the reasons ownership or assignment of a state-owned standard passenger vehicle is necessary to the activities conducted by the state agency or institution, notwithstanding the number of miles per month the vehicle is driven; and

(B) A statement of reasons why rental of a standard passenger vehicle, use of a vehicle owned by an authorized driver or borrowing a vehicle from another state agency or institution is not a satisfactory alternative to ownership or assignment of a standard passenger vehicle. [1997 c.848 §5]

283.314 Replacement of state-owned vehicle when replacement mileage standard is exceeded. A standard passenger vehicle owned or assigned to the state agency or institution must be replaced after the number of miles the vehicle has been driven exceeds the replacement mileage standard defined under rules adopted under ORS 283.313. [1997 c.848 §4]

283.315 Establishing motor pools. (1) The Oregon Department of Administrative Services shall establish a motor pool for the common use of state agencies and public agencies that have entered into intergovernmental agreements with the department in accordance with ORS chapter 190 for the purpose of establishing a motor pool for

common use. The motor pool shall consist of vehicles, supplies, services, facilities and equipment necessary to enable the department, other state agencies and public agencies to meet the department's and the agencies' transportation and related needs. Subject to the requirements set forth in subsection (2) of this section, the department may also establish in the state such subsidiary motor pools under the direct control or under the supervision of a state agency as are necessary.

(2) The department shall establish policies, methods and means by which the department, other state agencies and public agencies described in subsection (1) of this section can acquire, share, maintain, use, repair and dispose of motor pool resources cost-effectively and efficiently, with particular attention to avoiding overuse or underuse of motor pool resources. The department shall establish one or more programs with other public agencies in which the department evaluates the effectiveness of different alternatives before adopting a particular policy, method or means for meeting the requirements of this section. The department shall specifically consider such methods as consolidating vehicle storage and maintenance services and increasing ridesharing opportunities among agencies for persons who use motor pool resources.

(3) After consulting and coordinating with a public agency with which the department has an intergovernmental agreement under ORS chapter 190 for establishing and using a motor pool, the department may amend the intergovernmental agreement to reflect the policies, methods and means the department establishes under subsection (2) of this section.

(4) The department shall submit a report that describes the department's actions and evaluates the costs, benefits and effectiveness of the actions at least once each biennium to the committees of the Legislative Assembly that the Speaker of the House of Representatives and the President of the Senate designate.

(5) This section does not apply to the department's, a state agency's or another public agency's procuring and equipping a motor vehicle that is used for emergency services, as defined in ORS 401.025. [Formerly 291.706; 1993 c.335 §2a; 2011 c.453 §1]

283.320 Transfer to pool or sale of vehicles; reimbursement. (1) The Oregon Department of Administrative Services shall study and ascertain the present needs for motor vehicles and shall authorize transfer to the pool or the sale of vehicles found not to be required by state agencies.

(2) Where any motor vehicle so transferred from any agency was purchased by the agency from a dedicated fund or trust fund, as defined in ORS 291.002, an amount equal to the depreciated value of the vehicle shall be paid to the agency within 10 years after the vehicle's acquisition by the department, or, at the option of the department, shall be entered upon the accounts of the Oregon Department of Administrative Services Operating Fund as a credit in favor of the agency from which the vehicle was transferred, and any charges thereafter made to such agency, pursuant to ORS 283.350, for transportation furnished to the agency, shall be offset against such credit until the entire amount of the credit has been utilized. [Formerly 291.708; 1993 c.335 §3]

283.325 Acquisition of motor vehicles by department; assignment to state agencies. Subject to ORS 283.327, the Oregon Department of Administrative Services may acquire motor vehicles by purchase or transfer. All motor vehicles transferred to or purchased for the department shall become a motor pool from which, upon requisition and proper showing to the department of need and use for official state business only by a state agency, or on evidence that a specific intergovernmental agreement allows a public agency to be provided with motor pool vehicles, supplies and services, there may be assigned suitable transportation, either on a temporary or permanent basis. [Formerly 291.710; 1991 c.399 §5; 1993 c.335 §4]

283.327 Use of alternative fuel; acquisition of vehicles using such fuel; safety standards. (1) To the maximum extent economically possible, state-owned motor vehicles shall use alternative fuel for operation.

(2) State agencies shall acquire only motor vehicles capable of using alternative fuel, except that acquired vehicles assigned to areas unable economically to dispense alternative fuel need not be so configured.

(3) Each agency owning motor vehicles shall comply with all safety standards established by the United States Department of Transportation in the conversion, operation and maintenance of vehicles using alternative fuel.

(4) To the maximum extent economically possible, state-owned structures shall use biofuel, or direct-application electricity generated from biofuel, where diesel is currently utilized for stationary or back-up generation. [1991 c.399 §2; 1993 c.335 §5; 2005 c.22 §201; 2007 c.739 §25]

(b) The department has approved in writing the operation of the particular vehicle without being marked as required by subsection (1) of this section.

(3) Notwithstanding subsection (1) of this section, the department shall, upon request of any state law enforcement agency or state parole or probation agency for which the department obtains vehicles, obtain for the agencies vehicles that are not marked as required by subsection (1) of this section and that have registration described in ORS 805.060. (3) It is the goal of the Legislative Assembly to assure that state facilities are safely maintained and operated. It is, therefore, the policy of the Legislative Assembly that:

(a) A Master Asbestos Management Plan be developed that will assure orderly well-reasoned asbestos control and abatement.

(b) As any conditions of immediate hazard to health become known, they be acted on promptly in accordance with the Master Asbestos Management Plan.

(c) The plan include standards for employee awareness and training.

(d) The Oregon Department of Administrative Services be the agency to develop and centrally manage the plan for this state.

(e) Each agency cooperate fully in carrying out the plan.

(2) An establishment of priorities of facilities for abatement in order of the nature or extent of asbestos exposure they present.

(3) Specifications and standards for acceptable asbestos abatement practices, projects and materials management.

(4) A checklist to guide and advise agency investigation, planning and implementation of asbestos abatement.

(5) Standard bid specifications, criteria for awarding bids and contract language for asbestos related contracts.

(3) Contracting for or performing any necessary abatement in accordance with department standards, plans and procedures for abatement.
