624.073 Revocation, suspension or refusal of license; closure; sanitation score; inspection schedule; fees. (1) If the Director of the Oregon Health Authority determines that a critical violation of ORS 624.010 to 624.121, or any rule promulgated pursuant thereto, exists in a restaurant or bed and breakfast facility and the critical violation constitutes a potential danger to the public health, the director may revoke, suspend or refuse to issue the license required by ORS 624.020 if, after a reasonable time has been given for correction of the violation, but not longer than 14 days, the violation continues to exist. The director shall reinstate a license that has been revoked or suspended if the director determines that the violation has been corrected.

(2) Notwithstanding ORS 624.020, if the director determines that a critical violation of ORS 624.010 to 624.121, or any rule promulgated pursuant thereto, exists in a restaurant or bed and breakfast facility and the critical violation constitutes an imminent or present danger to the public health, the director may order immediate correction, use

of an approved alternative procedure or closure of the restaurant or bed and breakfast facility by written notice thereof to the operator. The inspection report carrying a statement ordering closure and specifying the reasons therefor signed by the director and delivered to the operator may serve as the written notice of the closure. The director shall use inspection forms that clearly display notice that procedures are available to the licensee under ORS chapter 183 for appeal of the closure order. A copy of the notice shall be filed with the records of the Oregon Health Authority. The closure order shall have the effect of an immediate revocation of the operator's license. If requested, the director shall provide a prompt hearing after the closure in accordance with ORS chapter 183.

(3) If the director determines that closure of the restaurant or bed and breakfast facility is necessary because failure to correct a critical violation or implement an approved alternative procedure constitutes a potential danger to the public health, or failure to correct a critical violation or implement an approved alternative procedure constitutes an imminent or present danger to the public health, the director shall:

(a) Notify the owner or person in charge of the restaurant or bed and breakfast facility that such restaurant or bed and breakfast facility shall not be used for food service purposes until the critical violations specified in the inspection report have been corrected; and

(b) Post a notice of closure upon the restaurant or bed and breakfast facility at the customary entrance to the restaurant or bed and breakfast facility in public view to the effect that the restaurant or bed and breakfast facility is closed for operation because a critical violation exists.

(4)(a) No person shall remove a notice of closure from a restaurant or bed and breakfast facility until the violation which caused the notice to be posted has been corrected.

(b) No person shall operate a restaurant or bed and breakfast facility upon which a notice of closure has been posted until the violation which caused the notice to be posted has been corrected and the notice has been removed.

(5) The director shall define clearly the criteria and rules for conformance to acceptable food service practices used to determine the restaurant or bed and breakfast facility sanitation score to insure statewide uniformity in the inspection and licensing processes. Critical violations which constitute a potential danger to the public health and critical violations which constitute an imminent or present danger to the public health shall be

clearly defined. Minimum acceptable food service standard procedures shall be clearly defined by setting a minimum acceptable sanitation score for a licensed restaurant or bed and breakfast facility.

(6) If a restaurant or bed and breakfast facility obtains a sanitation score of less than the minimum acceptable standard, the restaurant or bed and breakfast facility operator or person in charge of the restaurant or bed and breakfast facility shall be notified of impending closure if, after reinspection within 30 days, the sanitation score does not meet minimum acceptable food service standards. If closure action is taken after reinspection, the restaurant or bed and breakfast facility may not be operated until the restaurant or bed and breakfast facility operator submits a plan for correction of the violations that receives the approval of the director and a subsequent inspection of the restaurant or bed and breakfast facility produces a sanitation score that meets minimum acceptable food service standards.

(7) The authority may establish a more frequent inspection schedule for a restaurant licensed under ORS 624.020 that fails to meet specific minimum standards established by the authority. The authority may charge a fee for costs associated with the performance of additional inspections.

(8) As used in this section, "imminent" means impending or likely to develop without delay. [Formerly 624.085; 2009 c.595 §1007]

624.075 [1957 c.672 §10(3); 1973 c.825 §9; renumbered 624.096 in 2007]

The Oregon Health Authority shall make such rating surveys as are necessary to obtain uniform enforcement of ORS 624.010 to 624.121 throughout the state, and shall prepare and disseminate information pertaining to educational programs for the purpose of encouraging compliance with ORS 624.010 to 624.121 on the part of owners, managers and employees of eating and drinking establishments. [Formerly 624.110; 2009 c.595 §1008]

(2) A person who is affected with a communicable disease described in subsection (1) of this section or is a carrier of such disease

may not work in any restaurant, bed and breakfast facility, intermittent temporary restaurant, seasonal temporary restaurant or single-event temporary restaurant. A restaurant, bed and breakfast facility, intermittent temporary restaurant, seasonal temporary restaurant or single-event temporary restaurant may not employ a person who is affected with, carries or is suspected of being affected with or carrying any communicable disease. If the restaurant, bed and breakfast facility, intermittent temporary restaurant, seasonal temporary restaurant or single-event temporary restaurant manager suspects that any employee has contracted any disease in a communicable form or has become a carrier of such disease, the manager shall notify the Director of the Oregon Health Authority immediately. A placard containing this subsection shall be posted in all toilet rooms.

(3) When suspicion arises as to the possibility of transmission of infection from any restaurant, bed and breakfast facility, intermittent temporary restaurant, seasonal temporary restaurant or single-event temporary restaurant employee, the director may require any or all of the following measures:

(a) The immediate exclusion of the employee from all restaurants, bed and breakfast facilities, intermittent temporary restaurants, seasonal temporary restaurants and single-event temporary restaurants; and

(b) Adequate medical examinations of the employee and associates of the employee, with such laboratory examinations as may be indicated. [Amended by 1957 c.672 §5; 1973 c.825 §10; 1987 c.226 §6; 1999 c.59 §184; 2009 c.595 §1009; 2011 c.664 §7]

The intermittent temporary restaurant license shall be posted in a conspicuous place on the premises of the licensee.

(2) Application for an intermittent temporary restaurant license shall be in writing in the form prescribed by the authority and shall contain the name and address of the applicant, the specific location of the intermittent temporary restaurant, a description of the public gatherings, entertainment events, food product promotions or other events to be served by the intermittent temporary restaurant, an operating plan and any other information the authority may require. Except as provided in ORS 624.106, an applicant for an intermittent temporary restaurant license or renewal of an intermittent temporary restaurant license shall pay to the authority the appropriate license fee under ORS 624.490.

(3) An intermittent temporary restaurant license shall expire 30 days after issuance. However, the license shall terminate immediately if:

(b) The location of the intermittent temporary restaurant changes; or

(c) The menu is substantially altered as defined by authority rules.

(4) The Director of the Oregon Health Authority may suspend, deny or revoke an intermittent temporary restaurant license if it appears, after a reasonable time has been given for correction of a sanitation violation, that the applicant does not meet applicable minimum sanitation standards as described in ORS 624.010 to 624.121 or in a rule adopted under ORS 624.010 to 624.121. Any suspension, denial or revocation action shall be taken in accordance with ORS chapter 183. [2011 c.664 §2]

624.084 Seasonal temporary restaurants. (1) A person may not operate a seasonal temporary restaurant without first procuring a license to do so from the Oregon Health Authority. The seasonal temporary restaurant license shall be posted in a conspicuous place on the premises of the licensee.

(2) Application for a seasonal temporary restaurant license shall be in writing in the form prescribed by the authority and shall contain the name and address of the applicant, the specific location of the seasonal temporary restaurant, the name of the oversight organization arranging the public gatherings, entertainment events, food product promotions or other events to be served by the seasonal temporary restaurant, an operating plan and any other information the authority may require. Except as provided in ORS 624.106, an applicant for a seasonal temporary restaurant license or renewal of a seasonal temporary restaurant license shall pay to the authority the appropriate license fee under ORS 624.490.

(3) A seasonal temporary restaurant license shall expire 90 days after issuance. However, a license shall terminate immediately if:

624.495 Foodborne illness prevention program; rules. (1) The Oregon Health Authority shall adopt rules establishing a

foodborne illness prevention program for the purpose of protecting the public health. Unless an agreement entered into under ORS 624.530 provides otherwise, the program may include, but need not be limited to, provisions for preventing the spread of communicable disease through food service facilities that are subject to licensing by the authority under this chapter and for effective and rapid response to terrorism events related to those facilities.

(2) A program established by the Oregon Health Authority under this section must provide for a local public health authority that enters into an intergovernmental agreement under ORS 624.510 to undertake primary responsibility for the delivery of program services within the jurisdiction of the local public health authority. A program must also provide for extensive monitoring and review by the Oregon Health Authority of local public health authority performance of program services under an intergovernmental agreement.

(3) The Oregon Health Authority shall consult with groups representing local health officials within the state and statewide restaurant associations in the development of rules adopted under this section and prior to preparing an intergovernmental agreement delegating administration and enforcement of all or part of the foodborne illness prevention program to a local public health authority. [2003 c.309 §3; 2007 c.123 §1; 2009 c.595 §1029]

624.500 [1971 c.661 §3; repealed by 1973 c.825 §23]

624.510 Intergovernmental agreements with local public health authorities; fee collection and remittance; rules. (1) The Director of the Oregon Health Authority shall enter into an intergovernmental agreement with each local public health authority, delegating to the local public health authority the administration and enforcement within the jurisdiction of the local public health authority of the powers, duties and functions of the director under ORS 624.010 to 624.121, 624.310 to 624.430, 624.650 and 624.992. The intergovernmental agreement must describe the powers, duties and functions of the local public health authority relating to fee collection, licensing, inspections, enforcement, civil penalties and issuance and revocation of permits and certificates, standards for enforcement by the local public health authority and the monitoring to be performed by the Oregon Health Authority. The Oregon Health Authority shall review the performance of the local public health authority under any expiring intergovernmental agreement. The review shall include criteria to determine if provisions of ORS 624.073 are uniformly applied to all licensees within the jurisdiction of the

local public health authority. In accordance with ORS chapter 183, the director may suspend or rescind an intergovernmental agreement under this subsection. If the Oregon Health Authority suspends or rescinds an intergovernmental agreement, the unexpended portion of the fees collected under subsection (2) of this section shall be available to the Oregon Health Authority for carrying out the powers, duties and functions under this section.

(2) A local public health authority shall collect fees on behalf of the Oregon Health Authority that are adequate to cover the administration and enforcement costs incurred by the local public health authority under this section and the cost of oversight by the Oregon Health Authority. If the fee collected by a local public health authority for a license or service is more than 20 percent above or below the fee for that license or service charged by the Oregon Health Authority, the Oregon Health Authority shall analyze the local public health authority fee process and determine whether the local public health authority used the proper cost elements in determining the fee and whether the amount of the fee is justified. Cost elements may include, but need not be limited to, expenses related to administration, program costs, salaries, travel expenses and Oregon Health Authority consultation fees. If the Oregon Health Authority determines that the local public health authority did not use the proper cost elements in determining the fee or that the amount of the fee is not justified, the Oregon Health Authority may order the local public health authority to reduce any fee to a level supported by the Oregon Health Authority's analysis of the fee process.

(3) The Oregon Health Authority, after consultation with groups representing local health officials in the state, shall by rule assess a remittance from each local public health authority to which health enforcement powers, duties or functions have been delegated under subsection (1) of this section. The amount of the remittance must be specified in the intergovernmental agreement. The remittance shall supplement existing funds for consultation services and development and maintenance of the statewide food service program. The Oregon Health Authority shall consult with groups representing local health officials in the state and statewide restaurant associations in developing the statewide food service program.

(4) In any action, suit or proceeding arising out of local public health authority administration of functions pursuant to subsection (1) of this section and involving the validity of a rule adopted by the Oregon

Health Authority, the Oregon Health Authority shall be made a party to the action, suit or proceeding. [1973 c.825 §22a; 1975 c.790 §3; 1975 c.792 §4; 1981 c.650 §5; 1983 c.370 §1; 1983 c.533 §4; 1995 c.578 §7; 2001 c.975 §8; 2003 c.309 §14; 2005 c.22 §440; 2009 c.595 §1030; 2013 c.640 §10; 2015 c.736 §107]

624.530 Agreement to ensure only one agency inspects facilities; rules. Notwithstanding any provision of ORS 624.010 to 624.121 or 624.310 to 624.430 or statutes administered by the State Department of Agriculture, the Director of the Oregon Health Authority and the Director of Agriculture jointly shall adopt rules and enter into interagency agreements necessary to ensure that only one of the agencies inspects and licenses any facility that is subject to regulation by both agencies. [1981 c.112 §1; 2003 c.14 §376; 2003 c.309 §16; 2009 c.595 §1031]

624.550 Local public health authority food service advisory committee. An intergovernmental agreement described in ORS 624.510 must encourage and authorize a local public health authority to which health enforcement powers, duties or functions have been delegated pursuant to ORS 624.510 to appoint a food service advisory committee consisting of volunteer representatives from a cross section of the food service industry and the general public. A committee established by a local public health authority may:

(1) Make recommendations to the local public health authority regarding the administration and enforcement by the local authority of powers, duties and functions under an existing or proposed intergovernmental agreement; and

(2) Review and provide to the Oregon Health Authority an evaluation of the effectiveness of this chapter and any foodborne illness prevention program adopted by the Oregon Health Authority by rule under ORS 624.495. [1983 c.533 §8; 1985 c.519 §5; 2003 c.309 §17; 2009 c.595 §1032]
