  - (c) The operation of communications systems and information resources that respond to the management information needs of agencies and programs; and
  - (d) Consideration of the impact of information resources management activities on the development and vitality of telecommunications infrastructure available to the public.

(b) The Oregon Department of Administrative Services shall, when procuring telecommunications network services, consider the achievement of the economic development and quality of life outcomes contained in the Oregon benchmarks.

(5)(a) The Oregon Department of Administrative Services, upon request, may furnish and deliver statewide integrated video conferencing and statewide on-line access service to any public or private entity that primarily conducts its activities for the direct good or benefit of the public or community-at-large in providing educational, economic development, health care, human services, public safety, library or other public services. The department shall adopt rules with respect to furnishing the service.

(b) The department shall establish the statewide integrated video conferencing and statewide on-line access user fees, services, delivery, rates and long range plans in consultation with the Stakeholders Advisory Committee created pursuant to this section. The rates shall reflect the department's cost in providing the service.

(c) The department by rule shall restrict its furnishing or delivery of Internet access service to private entities when the service would directly compete with two or more local established providers of such services within the local exchange telecommunications service area.

(d) The rates and services established and provided under this section shall not be subject to the regulation or authority of the Public Utility Commission.

(6)(a) There is created the Stakeholders Advisory Committee, consisting of a minimum of nine members appointed by the Director of the Oregon Department of Administrative Services. The application shall be in such form and shall contain such information regarding the governmental affiliation relationship, the tax exempt status of each organization and the public benefit services to be provided as the department may prescribe. The department shall establish an application review and appeal process to ensure that designation of those organizations as a community of interest for the purposes of including the organization in telecommunications contracts under ORS 283.520 will result in providing educational, medical, library or other services for public benefit.

(2) The Attorney General shall approve for legal sufficiency all public contracts not subject to subsection (1) of this section that are entered into by a state agency and that provide for payment in excess of \$100,000 before any such contract becomes binding on the State of Oregon and before any service may be performed or payment may be made under the contract.

(3) The Attorney General shall impose by rule requirements necessary to carry out the provisions of this section. The Attorney General may condition an authorization on a finding by the Director of the Oregon Department of Administrative Services, or a designee of the director, and by any other agency with a role in approving such contracts that the contract administration practices of the requesting agency are adequate to manage the proposed contract and that the mission of the agency will be significantly impaired without such authorization. ## FINANCIAL MANAGEMENT DUTIES

**291.100 Financial management; duties of Oregon Department of Administrative Services; duties of state agencies.** (1) It is the intent of the Legislative Assembly, in funding the development and implementation of a new statewide financial management system, that statewide financial management systems and policies support program-driven budget planning and execution, based on timely and accurate statewide managerial cost accounting information and that such systems support legislative program evaluation and performance auditing of statewide programs and services.

(2) The Oregon Department of Administrative Services shall devise and supervise statewide financial management systems for all state agencies by preparing policies and procedures for implementing and operating financial management systems for all agencies in state government and measuring implementation. In order to assure that the state's investment in a modern and complete statewide financial management system is fully implemented, every agency and unit of state government shall:

(a) Cooperate and comply fully with policies and procedures and deadlines prepared by the Oregon Department of Administrative Services for establishing a database for the financial management system.

(b) Comply fully with policies and procedures prepared by the Oregon Department of Administrative Services for operation of the financial management system.

(3) The Oregon Department of Administrative Services shall report to the Legislative Assembly no later than December 1 of even-numbered years:

(4) After a review of the Oregon Department of Administrative Services report by the Legislative Fiscal Officer, the Joint Legislative Audit Committee may schedule a hearing for any agency or unit of state government to review compliance with this section and policies and procedures of the Oregon Department of Administrative Services, prior to any appropriation approval by the Legislative Assembly, as provided in ORS 171.585 (1). [1993 c.724 s.22; 1995 c.452 s.23]

(e) Facilitate the development of performance measures in those instances where benchmarks involve more than one state agency.

(f) Prior to budget development, consult with the legislative review agency, as defined in ORS 291.371, or other appropriate legislative committee, as determined by the President of the Senate and the Speaker of the House of Representatives, prior to the formal adoption of a performance measurement system.

(2) State agencies shall be responsible for developing measurable performance measures consistent with and aimed at achieving Oregon benchmarks. To that end, each state agency shall:

(a) Identify the mission, goals and objectives of the agency and any applicable benchmarks to which the goals are directed.

(b) Develop written defined performance measures that quantify desired organization outputs, responsibilities, results, products and services, and, where possible, develop unit cost measures for evaluating the program efficiency.

(c) Involve agency managers, supervisors and employees in the development of statements of mission, goals, objectives and performance measures as provided in paragraphs (a) and (b) of this subsection and establish teams composed of agency managers, supervisors and employees to implement agency goals, objectives and performance measures. Where bargaining unit employees are affected, they shall have the right to select those employees of the agency, through their labor organization, to serve on any joint committees established to develop performance measures.

(d) Use performance measures to work toward achievement of identified missions, goals, objectives and any applicable benchmarks.

(e) Review agency performance measures with the appropriate legislative committee, as determined by the President of the Senate and the Speaker of the House of Representatives, during the regular legislative session. [1993 c.724 s.7]

**291.120 Distribution of agency savings; agency use.** (1) Pursuant to ORS 291.252, if the Oregon Department of Administrative Services certifies agency savings due to agency actions rather than changes in service demands and such actions do not materially reduce legislatively authorized programs, 50 percent of the savings shall be credited to the General Fund or, if the agency's funds originated as dedicated funds or federal funds, to the fund or account of the agency to be used for purposes of the fund or account.

(2) The remaining 50 percent shall be continuously appropriated to the agency for enhancing professional development, including employee training projects related to productivity, technology enhancement and related expenditures that have a long term benefit. A productivity improvement project may be for research and development intended to lead to improved productivity. [1993 c.724 s.2]

## STATE BUDGET; BUDGET AND TAX EXPENDITURE REPORTS

**291.190 Short title.** ORS 291.195, 291.201 and 291.203 may be cited as the Budget Accountability Act. [1995 c.746 s.61]

**Note:** 291.190 and 291.195 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 291 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**291.195 Policy for financial expenditure planning.** (1) The Legislative Assembly hereby declares that the ability to make fiscally sound and effective spending decisions has been enhanced by requiring agencies and programs to develop performance measures and to evaluate all General Fund, State Lottery Fund and other expenditures in accordance with these performance measures. Fiscal pressure on this state requires even greater accountability and necessitates a review of the fairness and efficiency of all tax deductions, tax exclusions, tax subtractions, tax exemptions, tax deferrals, preferential tax rates and tax credits. These types of tax expenditures are similar to direct government expenditures because they provide special benefits to favored individuals or businesses, and thus result in higher tax rates for all individuals.

(2) The Legislative Assembly further finds that 76 percent of property in this state is exempt from property taxation and that income tax expenditures total billions of dollars per biennium. An accurate and accountable state budget should reflect the true costs of tax expenditures and should fund only those tax expenditures that are effective and efficient uses of limited tax dollars.

(3) The Legislative Assembly declares that it is in the best interest of this state to have prepared a biennial report of tax expenditures that will allow the public and policy makers to identify and analyze tax expenditures and to periodically make criteria-based decisions on whether the expenditures should be continued. The tax expenditure report will allow tax expenditures to be debated in conjunction with on-line budgets and will result in the elimination of inefficient and inappropriate tax expenditures, resulting in greater accountability by state government and a lowering of the tax burden on all taxpayers. [1995 c.746 s.62]

**Note:** See note under 291.190.

**291.200 Budget policy.** (1) It is the intent of the Legislative Assembly to require the Governor, in the preparation of the biennial budget, to state as precisely as possible what programs the Governor recommends be approved for

funding under estimated revenues under ORS 291.342. If estimated revenues are inadequate, the Legislative Assembly intends that it be advised by the Governor as precisely as possible how the Legislative Assembly might proceed to raise the additional funds. It is also the intent of the Legislative Assembly, in the event that the additional funding is not possible, to be informed by the Governor precisely what programs or portions thereof the Governor recommends be reduced accordingly. Finally, if the Governor chooses to recommend additional new programs or program enhancements, the Legislative Assembly intends that the Governor specify how the additional funding might be achieved. The Legislative Assembly believes that the state government must allocate its resources for effective and efficient delivery of public services by:

- (a) Clearly identifying desired results;
- (b) Setting priorities;
- (c) Assigning accountability; and
- (d) Measuring, reporting and evaluating outcomes to determine future allocation.

(2) To achieve the intentions of subsection (1) of this section, it is the budget policy of this state to create and administer programs and services designed to attain societal outcomes such as the Oregon benchmarks and to promote the efficient and measured use of resources.

(3) To effect the policy stated in subsection (2) of this section, state government shall:

- (a) Allocate resources to achieve desired outcomes;
- (b) Express program outcomes in measurable terms;
- (c) Measure progress toward desired outcomes;
- (d) Encourage savings;
- (e) Promote investments that reduce or avoid future costs;
- (f) Plan for the short term and long term using consistent assumptions for major demographic and other trends; and
- (g) Require accountability at all levels for meeting program outcomes. [1985 c.270 s.1; 1993 c.724 s.8]

**Note:** 291.200 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 291 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**291.201 “Tax expenditure” defined.** As used in ORS 291.201 to 291.222, “tax expenditure” means any law of the federal government or this state that exempts, in whole or in part, certain persons, income, goods, services or property from the impact of established taxes, including but not limited to tax deductions, tax exclusions, tax subtractions, tax exemptions, tax deferrals, preferential tax rates and tax credits. [1995 c.746 s.63]

**291.202 Budget and tax expenditure reports of Governor; department to assist in preparation.** (1) Except as otherwise provided in ORS 291.222, the Governor shall prepare in each even-numbered year for the biennium beginning July 1 of the following year:

- (a) A budget report; and
- (b) A tax expenditure report.

(2) The Oregon Department of Administrative Services shall advise and assist the Governor in the preparation of the budget report and tax expenditure report and shall perform such duties in connection therewith as the Governor requires.

(3) The Department of Revenue shall advise and assist the Governor in the preparation of the tax expenditure report. [Amended by 1969 c.464 s.2; 1995 c.746 s.64]

**291.203 Tax expenditure report by Governor.** (1) Not later than November 10 of each even-numbered year, the Governor shall cause the tax expenditure report to be compiled and prepared for printing.

(2) In the tax expenditure report, the Governor shall:

- (a) List each tax expenditure;
- (b) Identify the statutory authority for each tax expenditure;
- (c) Describe the purpose of each tax expenditure;
- (d) Estimate the amount of revenue loss caused by each tax expenditure for the coming biennium;
- (e) List the actual amount of revenue loss in the preceding biennium for each tax expenditure or an estimate if the actual amount cannot be determined;

(f) Determine whether each tax expenditure is the most fiscally effective means of achieving each purpose of the tax expenditure;

(g) Determine whether each tax expenditure has successfully achieved the purpose for which the tax expenditure was enacted and currently serves, including an analysis of the persons that are benefited by the expenditure; and

(h) Categorize each tax expenditure according to the programs or functions each tax expenditure supports. [1995 c.746 s.65]

**291.204 Prescribing forms for submitting budget estimates and requests for appropriations; furnishing budget forms to agencies.** The Oregon Department of Administrative Services, by July 1 of each even-numbered year, shall furnish every state agency with a sufficient number of forms for its use in preparing for submission to the Governor the information required by the Governor in the preparation of the budget report of the Governor. The Governor shall prescribe the forms to be used by the agencies in submitting their budget estimates and requests for appropriations as required by ORS 291.208.

**291.206 Guidance of agencies in completing budget forms.** (1) The Governor shall prescribe such rules and regulations as the Governor deems necessary for the guidance of agencies in the preparation of the budget estimates and requests. The Governor, with the approval of the Secretary of State, shall prepare and prescribe classifications of expenditures and revenue for the purpose of budget-making and accounting.

(2) In so far as practicable, agency budget estimates and requests and appropriation measures shall be prepared in a manner that reflects state governmental organization and state agency duties, functions and powers under the law in effect on January 1 of the following year. The Oregon Department of Administrative Services shall maintain agency budget estimates and requests in the form in which they are submitted. [Amended by 1969 c.173 s.1]

**291.208 Filing budget forms with department; preparing requests for agencies failing to file.** Each state agency shall file with the Oregon Department of Administrative Services, before September 1 in each even-numbered year, on the form and in the manner required, its budget forms containing the information required. The department shall prepare budget estimates and requests for appropriations for all agencies that fail to file requests.

**291.210 Preparing tentative budget plan and tax expenditure report.** (1) The Oregon Department of Administrative Services, in connection with its direct studies of the operations, plans and needs of state agencies and of the existing and prospective sources of income, shall prepare a tentative budget plan and tentative tax expenditure report for the two fiscal years for which a budget report and tax expenditure report are required to be prepared.

(2) The Department of Revenue shall advise and assist in the preparation of the tentative tax expenditure report. [Amended by 1995 c.746 s.66]

**291.224 Capital construction program to be included in budget report; recommendation of Capitol Planning Commission.** (1) A capital construction program containing estimated capital construction needs, irrespective of how financed, shall be included with the budget report required by ORS 291.216. The capital construction program shall contain the estimated physical construction requirements for each biennium of a period to be determined by the Governor, which period shall not be less than six years. The Oregon Department of Administrative Services shall assist the Governor in the preparation of the capital construction program.

(2) Except as otherwise provided in subsection (3) of this section and in accordance with regulations prescribed by the department, state agencies shall submit to the department their anticipated capital construction requirements for the period specified by the Governor. The department shall prescribe the basic assumptions relating to population changes, economic trends and other factors which might generally affect capital construction requirements and these basic assumptions shall be used by the state agencies in preparing their anticipated capital construction requirements. Each state agency is responsible for the basic assumptions which affect only its own program. The department shall prepare estimated capital construction requirements for any necessary capital construction not covered by the capital construction requirements submitted by the state agencies under this section.

(3) Each state agency, including the department, required under subsection (2) of this section to submit or prepare anticipated or estimated capital construction requirements, shall submit a copy of such requirements that relate to construction or improvements within the areas described in ORS 276.028 to the Capitol Planning Commission at a time specified by the Capitol Planning Commission, but not later than August 1 of each even-numbered year. [1963 c.617 s.3]

## ALLOTMENTS

**291.232 Declaration of policy.** It is declared to be the policy and intent of the Legislative Assembly that the total appropriations made by it, or the total of any budget approved by it, for any state agency, shall be deemed to be the maximum amount necessary to meet the requirements of such agency for the biennium, excepting as may otherwise be provided by law, and that the Governor and the Oregon Department of Administrative Services are given the powers granted by ORS 291.201 to 291.222 and 291.232 to 291.260 in order that savings may be effected by careful supervision throughout each biennium, with due regard to changing conditions, and by promoting more economic and efficient management of state agencies.

**291.234 Department to make allotments to state officers and agencies of appropriations and funds; allotment period; exemptions.** (1) The Oregon Department of Administrative Services shall make allotments to state officers and agencies of appropriations and funds pursuant to the allotment system provided for in ORS 291.234 to 291.260.

(2) For the purposes of the allotment system, each fiscal year shall be divided into four quarterly allotment periods, beginning, respectively, on the first days of July, October, January and April. The department may prescribe a different period suited to the circumstances or may exempt agencies that have demonstrated to the department's satisfaction that the appropriate fiscal controls are in place. [Amended by 1993 c.724 s.4]

**291.236 Allotment system applicable to all appropriations; controlling expenditures and encumbering of emergency, contingent, revolving and trust funds.** (1) The provisions of ORS 291.234 to 291.260 relating to the allotment system shall apply to all appropriations for state officers and agencies. For this purpose "appropriation" includes standing, continuing and annual appropriations, and dedicated funds. In those cases where periodical allotments are impracticable, the Oregon Department of Administrative Services may dispense therewith and prescribe such regulations as will insure proper application and encumbering of funds.

(2) Subject to ORS 291.238, emergency or contingent funds, revolving funds and trust funds shall be subject to such regulations as the department may prescribe for controlling the expenditures and encumbering of such funds.

**291.238 Expenditures without allotment prohibited; expenditures from dedicated, revolving and trust funds.** (1) Except as expressly authorized in this section or ORS 291.236, no person shall incur, or order or vote to incur, any obligation against the state in excess of, or make or order or vote to make any expenditure not authorized by, an allotment. Any such obligation so incurred shall not be binding against the state, but where the obligation violates this section only for having been made in excess of an allotment, the Oregon Department of Administrative Services may authorize payment thereof from unallotted funds.

(2) Excepting as to administrative expenditures from dedicated, revolving and trust funds and to revolving funds established to provide services rendered by any state agency to other state agencies or to any body politic of the State of Oregon, expenditures from dedicated funds, revolving funds and trust funds may be made by any state agency without appropriation or allotment.

(3) No person shall make or order or vote to make any expenditure from or chargeable to a revolving fund or trust fund in excess of the amount standing to the credit of such fund or for any purpose for which such fund may not lawfully be expended.

**291.240** [Repealed by 1953 c.168 s.4]

**291.242 Allotment required before expenditure of appropriation; submitting estimates.** No appropriation to which the allotment system is applicable shall become available to any state agency for expenditure thereby during any allotment period until:

(1) The agency submits to the Oregon Department of Administrative Services an estimate, in such form as the department prescribes, for such allotment period, of the amount required for each activity to be carried on during that

period; and

(2) The estimate is approved, increased or decreased by the department and funds allotted therefor.

**291.244 Department action on estimates.** The Oregon Department of Administrative Services shall act promptly upon all estimates required by ORS 291.242. If the estimate is within the terms of the appropriation as to amount and purposes, having due regard for the probable further needs of the agency for the remainder of the term for which the appropriation was made, and if the department determines that there is a need for the estimated amount for the allotment period, the department shall approve the estimate and allot the estimated amount for expenditures. Otherwise the department shall modify the estimate so as to conform with the terms of the appropriation and the prospective needs of the agency, and shall reduce the amount allotted accordingly.

**291.246 Allotments to be made for purpose or classification of expenditure prescribed in appropriation measure.** Allotments shall be made according to purpose and classification of expenditures prescribed in the appropriation measure as enacted by the Legislative Assembly; provided, however, that the Oregon Department of Administrative Services may make allotments for agencies by purposes or by other classification of expenditures of amounts appropriated or authorized to be expended in appropriation measures enacted by the Legislative Assembly, whether or not such measures establish classification of expenditures. In making allotments, the department shall not authorize the expenditure of moneys for any purpose not authorized by the Act appropriating the money or authorizing it to be expended, and the funds allotted for each purpose or classification of expenditure shall be used for no other purpose or classification of expenditure. [Amended by 1963 c.182 s.7]

**291.248 Notice of allotment.** Upon the granting of any allotment, the Oregon Department of Administrative Services shall transmit a notice of the allotment to the agency concerned.

**291.250 Claims and encumbrances limited by amount and purpose of allotment.** The agency shall not create any claim or encumbrance for the future disbursement of appropriated moneys unless the proposed expenditure as estimated, together with expenses theretofore paid from or encumbered against such allotment, is within the total amount and for the purposes specified in the notice of allotment transmitted to such agency.

**291.252 Modifying allotment previously made.** The Oregon Department of Administrative Services may at any time modify or amend any allotment previously made by it, upon application of, or upon notice to, the agency concerned, but no such modification or amendment shall reduce an allotment below the amount required to meet valid obligations or commitments previously incurred against the allotted funds.

**291.254 Reducing allotment to prevent deficit.** If the Oregon Department of Administrative Services determines at any time that the probable receipts from taxes or any other sources for any appropriation will be less than was anticipated, and that consequently the amount available for the remainder of the term of the appropriation or for any allotment period will be less than the amount estimated or allotted therefor, the department shall, with the approval of the Governor, and after notice to the agency or agencies concerned, reduce the amount allotted or to be allotted so as to prevent a deficit.

**291.256** [Repealed by 1959 c.608 s.1]

**291.258 Approval of department required for establishment of new personnel position or classification.** A new personnel position or classification, not provided in the budget of an agency upon which appropriations have been based, shall not be established without prior approval of the Oregon Department of Administrative Services.

**291.260 Approving, modifying or disapproving requests and budgets to be submitted to the federal government.** Every state agency, when making requests or preparing budgets to be submitted to the federal government for funds, equipment, materials or services, other than for highway purposes, and purposes for which the state was legally committed on August 2, 1951, shall, upon completion of such request or budget, first submit it to the Oregon Department of Administrative Services. The department shall have authority to approve, disapprove, modify or amend any such request or budget before it is submitted to the proper federal authority.

(2) In the case of a state agency that collects or receives moneys for fees, fines, licenses or taxes not by law made a part of the General Fund available for general governmental purposes, if moneys available to such state agency are not sufficient to permit the transfer under subsection (1) of this section, the department shall notify the state agency of the amount certified with respect to the state agency under ORS 291.274 and 291.276, less any amount transferred out of moneys appropriated to such state agency under subsection (1) of this section. Thereafter, until such balance has been paid into the General Fund, 10 percent of all moneys collected or received by the state agency for fees, fines, licenses or taxes not by law made a part of the General Fund available for general governmental purposes shall be:

(a) Transferred by the department to and made a part of the General Fund available for general governmental purposes if such moneys are paid to the State Treasurer by the state agency; or

(3) If a vacancy occurs in the board, either the Speaker, if the legislator previously filling the position was a member of the House, or the President, if the legislator previously filling the position was a member of the Senate, shall fill such vacancy by an appointment for the unexpired term. All claims for those expenses and cost shall be approved by the chairman or other person authorized to approve claims, and warrants shall be drawn on the State Treasurer for the payment thereof in the same manner as other expenses are paid. **291.342 Annual estimation of state revenues; apportionment among counties of any state property tax levy necessary to make up deficiency; quarterly estimates.** (1) By August 15 of each year, but not earlier than 90 days from the end of the regular session, if any, of the Legislative Assembly held in that calendar year, the Oregon Department of Administrative Services, with the assistance of the Department of Revenue, shall:

(a) Ascertain by computation and estimate the total amount of revenue available for state purposes for the current fiscal year; and

(b) Apportion the state tax levy on property, if any, among the several counties in the manner provided in ORS 291.445.

(2) In addition to the requirement in subsection (1) of this section, the Oregon Department of Administrative Services with the assistance of the Department of Revenue shall for each calendar quarter of the year ascertain by computation and estimate the total amount of revenue available for state purposes for the current fiscal year, as well as the amount of revenue received quarterly, cumulated throughout the biennium, and report its estimate to the Legislative Revenue Officer and to the Emergency Board, or if the Legislative Assembly is in session, to the Joint Committee on Ways and Means.

(3) In carrying out its duties under subsection (2) of this section, the Oregon Department of Administrative Services shall issue quarterly a statement setting forth the methodology and assumptions used in making the revenue estimate. Nothing in this subsection requires the statement to set forth procedures used or methods used to determine either the methodology or the assumptions. [Formerly 309.510; 1971 s.s. c.5 s.3; 1975 c.789 s.10; 1980 c.11 s.1]

**291.344** [Formerly 309.520; 1967 c.454 s.97; 1981 c.804 s.83; 1991 c.220 s.1; renumbered 291.445 in 1991]

**291.348 Biennial estimate of General Fund and State Lottery Fund revenues; certification to Secretary of State.** (1) The Oregon Department of Administrative Services, with the assistance of the Secretary of State, as soon as possible after June 30, 1966, and each even-numbered year thereafter, shall ascertain the total of General Fund revenues obtained from all sources during the preceding fiscal year, so far as is practicable.

(2) The Director of the Oregon Department of Administrative Services shall certify to the total of General Fund and State Lottery Fund revenues during the preceding fiscal year as determined under subsection (1) of this section.

(3) As used in this section:

(a) "General Fund revenues" means all payments of money credited to the State Treasury that are placed or to be placed by the State Treasurer to the credit of the General Fund of the State of Oregon for general governmental purposes.

(b) "State Lottery Fund revenues" means the net proceeds of the state lottery authorized by section 4, Article XV of the Oregon Constitution. [1965 c.615 s.12; 1967 c.454 s.98; 1985 c.828 s.18]

**291.349 Revenue estimate; disposition of revenue in excess of estimate.** (1) As soon as practicable after adjournment sine die of the regular session of the Legislative Assembly, the Oregon Department of Administrative Services shall report to the Emergency Board the estimate as of July 1 of the first year of the biennium of General Fund and State Lottery Fund revenues that will be received by the state during that biennium. The Oregon Department of Administrative Services shall base its estimate on the last forecast given to the Legislative Assembly before adjournment sine die of the regular session on which the printed, adopted budget prepared in the Oregon Department of Administrative Services is based, adjusted only insofar as necessary to reflect changes in laws adopted at that session. The report shall contain the estimated revenues from corporate income and excise taxes separately from the estimated revenues from other General Fund sources. The Oregon Department of Administrative Services may revise the estimate if necessary following adjournment sine die of any special or emergency session of the Legislative Assembly but any revision does not affect the basis of the computation described in subsection (3) or (4) of this section.

(2) As soon as practicable after the end of the biennium, the Oregon Department of Administrative Services shall report to the Emergency Board, or the Legislative Assembly if it is in session, the amount of General Fund revenues collected as of the last June 30 of the preceding biennium. The report shall contain the collections from corporate income and excise taxes separately from collections from other sources.

(3) If the revenues received from the corporate income and excise taxes during the biennium exceed the amounts estimated to be received from such taxes for the biennium, as estimated after adjournment sine die of the regular session, by two percent or more, the total amount of that excess shall be credited to corporate income and excise taxpayers in a percentage amount of corporate excise and income tax liability as determined under subsection (5) of this section. However, no credit shall be allowed against tax liability imposed by ORS 317.090.

(4) If the revenues received from General Fund revenue sources, exclusive of those described in subsection (3) of this section, during the biennium exceed the amounts estimated to be received from such sources for the biennium, as estimated after adjournment sine die of the regular session, by two percent or more, there shall be refunded from

personal income tax revenues an amount equal to the total amount of that excess, reduced by the cost certified by the Department of Revenue under ORS 291.351 as being allocable to payments described under this subsection. The excess amount to be refunded shall be paid to personal income taxpayers in a percentage amount of prior year personal income tax liability as determined under subsection (6) of this section.

(5) If there is an excess to be credited under subsection (3) of this section, on or before October 1, following the end of each biennium, the Oregon Department of Administrative Services shall determine and certify to the Department of Revenue the percentage amount of credit for purposes of subsection (3) of this section. The percentage amount determined shall be a percentage amount to the nearest one-tenth of a percent that will distribute the excess to be credited to corporate excise and income taxpayers for taxable years beginning in the calendar year during which the excess is determined. The credit shall be computed after the allowance of any other credit or offset against tax liability allowed or allowable under any provision of law of this state, and before the application of estimated tax payments, withholding or other advance tax payments.

(6)(a) If there is an excess to be refunded under subsection (4) of this section, on or before September 15, following the end of each biennium, the Oregon Department of Administrative Services shall determine and certify to the Department of Revenue the percentage amount of refund payment for purposes of subsection (4) of this section. The percentage amount so determined shall be a percentage amount to the nearest one-hundredth of a percent that will distribute the excess to be refunded to personal income taxpayers under subsection (4) of this section. The percentage amount shall equal the amount distributed under subsection (4) of this section divided by the estimated total personal income tax liability for all personal income taxpayers for tax years beginning in the calendar year immediately preceding the calendar year in which the excess is determined.

(b) The Department of Revenue shall multiply the percentage amount determined under paragraph (a) of this subsection by the total amount of a personal income taxpayer's tax liability for the tax year beginning in the calendar year immediately preceding the calendar year in which the excess is determined in order to calculate the amount of the refund to be made to the taxpayer.

(c) The refund described under this subsection shall be subject to the rules allowing setoff of refunds or sums due debtors of this state under ORS 293.250.

(d) The refund described under this subsection shall be mailed by the Department of Revenue to personal income taxpayers eligible for the payment on or before December 1 following the end of the biennium for which the payment described under this subsection is being made.

(e) Notwithstanding paragraph (d) of this subsection, the Department of Revenue shall mail the refund at the earliest date of practicable convenience in the case of a return:

(A) For a tax year beginning in the calendar year immediately preceding the calendar year in which the excess is determined for which refund is being made; and

(B) That is first filed on or after August 15 after the end of the biennium.

(7) No refund shall be made to a taxpayer if, after making the calculation described under subsection (6) of this section, the amount calculated is less than \$1. [1979 c.241 s.30; 1981 c.885 s.1; 1985 c.828 s.19; 1995 c.815 s.2; 1997 c.99 s.1; 1997 c.654 s.4; 1999 c.23 s.1; 1999 c.73 s.5]

**291.350** [1965 c.615 s.13; repealed by 1971 c.544 s.7]

**291.351 Certification of refund costs.** If, based on the report made under ORS 291.349 (2), refund will be made under ORS 291.349 (4), the Department of Revenue shall certify the costs that are incurred in calculating and making the refunds under ORS 291.349 (4). Costs shall be certified by the department within 15 days of the date the report under ORS 291.349 (2) is made. As used in this section, "costs" means and is limited to those costs that, absent the requirement of making a refund under ORS 291.349 (4), would not be incurred by the department. [1995 c.815 s.4; 1999 c.23 s.2]

All moneys in the account are appropriated continuously to the Department of Revenue for the purpose of carrying out the provisions of ORS 291.349. [1995 c.815 s.5]

The rate of growth shall be computed based on the U.S. Department of Commerce reports for the two preceding calendar years.

(2) For the 1979-1981 biennium, the base to which the rate of growth applies shall equal state governmental appropriations for general governmental purposes in the 1977-1979 biennium plus expenditures from non-General Fund sources that are to be funded in 1979-1981 out of the General Fund and less any General Fund expenditures in 1977-1979 that are to be funded in 1979-1981 from non-General Fund sources.

(3) In bienniums subsequent to the 1979-1981 biennium, the base shall be adjusted as necessary to reflect transfer of funding sources between General Fund sources and non-General Fund sources in order to maintain a base used for general governmental purposes.

(3) Notwithstanding subsection (1) of this section, the Joint Committee on Ways and Means and the Emergency Board may exempt any state agency from the requirements of this section. Project grants for departmental research, organized activities related to instruction, sponsored research or other sponsored programs carried on within the Department of Higher Education, for which no biennial expenditure limitations have been established, are exempt from the requirements of this section.

(4) The review required by this section is in addition to and not in lieu of the requirements of ORS 293.550. [1973 c.44 s.1]

- (b) Determine which subject agencies have employees within each district who are performing the subject services;
- (c) Determine the amount of wages paid to the agency employees for performing the subject services within each district; and
- (d) Establish a rate of assessment of not more than six-tenths of one percent of the total amount of the wages determined under this subsection.

(4) When determining under subsection (3)(c) of this section the total amount of wages paid to agency employees for performing subject services within each district, the Oregon Department of Administrative Services shall include wages that are paid from federal funds only to the extent the assessment on those wages is authorized to be paid under federal regulations.

(5) Notwithstanding any other provision of this section, the Oregon Department of Administrative Services shall not establish rates or impose assessments under this section that exceed the following:

(a) The Oregon Department of Administrative Services shall not assess more from an agency than the Legislative Assembly provides the agency for purposes of this section, either directly or indirectly through its approval of budgets or through the Emergency Board, if the agency budget is approved by the Legislative Assembly from General Fund moneys.

(b) If an agency is an agency other than one described in paragraph (a) of this subsection, the Oregon Department of Administrative Services shall not assess moneys from the agency at a greater rate than the rate applicable to an agency described in paragraph (a) of this subsection.

- (a) Redetermine any factors necessary to perform its duties under this section; or
- (b) Vary the rate under this section within the limits established under this section.

Assessments under this section are administrative expenses of an agency, as defined in ORS 291.305.

The moneys in the account are continuously appropriated to the Oregon Department of Administrative Services to be used as provided in this section.

(2) The Oregon Department of Administrative Services shall distribute moneys from the account established under this section to districts described in ORS 291.405 on the last day of each calendar quarter. Subject to the limitations in this section, the amount distributed to each district shall be equal to the total assessments received by the department during the immediate preceding three months under ORS 291.405 from agencies with employees performing subject services within that district.

(3) Distributions under this section are subject to the following limitations:

(a) Except for newly formed districts, the Oregon Department of Administrative Services shall not distribute to a district during a calendar year an amount that exceeds the amount received by the district under the district's own taxes during the immediate preceding fiscal year of the district.

(b) The Oregon Department of Administrative Services shall not distribute to a newly formed district during a calendar year an amount that exceeds the amount the budget approved by the district board proposes as revenue for the district from the district's own taxes during the current fiscal year of the district. If the district does not collect the proposed amount, the department shall make adjustments in the distributions during subsequent years to recover any amount paid under this section that is over the amount the district actually received under the district's own taxes.

(4) The limitations imposed under this section that are based on amounts received by a district under its own taxes do not include amounts received by the district from farebox revenues, federal moneys, state moneys, gifts, investments, bonds or similar moneys received by the district.

(5) The Department of Transportation shall provide the Oregon Department of Administrative Services with any information concerning a mass transit district or transportation district that the Oregon Department of Administrative Services determines necessary for the performance of its duties under this section and ORS 291.405. The Department of Transportation shall provide the information in the form and at times determined by the Oregon Department of Administrative Services.

(6) In exchange for payments authorized under this section to transit districts, the State of Oregon and its agencies shall be exempt from any parking code requirements for existing state-owned buildings, construction of new state buildings or the renovation of existing state buildings, which have been or may be established by any political subdivision within the boundaries of a transit district receiving such payments. The request shall be made by letter to the agency.

(2) Each state agency authorized to issue general obligation bonds that are ordinarily to be repaid from other than General Fund appropriations shall, on or before August 15 of each fiscal year:

(a) Certify to the Director of the Oregon Department of Administrative Services that the amounts available or that will become available during the current year to the bond program debt service fund to pay bond principal and interest that has accrued or will accrue during the current year are sufficient and will be sufficient to pay bond program principal and interest scheduled for payment during the current year; or

(b) Certify to the Director of the Oregon Department of Administrative Services that the amounts available or that will become available during the current year to the bond program debt service fund will not be sufficient to pay bond program principal and interest scheduled for payment during the current year. A certificate issued under this paragraph shall specify the amount of the anticipated current year deficit. The Director of the Oregon Department of Administrative Services shall review and confirm the correctness of each certification made under this paragraph.

(3) On or before August 15 of each fiscal year, the Accounting Division of the Oregon Department of Administrative Services, for each general obligation bond program in which the bond principal and interest is ordinarily to be repaid from General Fund appropriations shall:

(a) Certify to the Director of the Oregon Department of Administrative Services that the amounts available or that will become available during the current year from General Fund appropriations to defray program bond principal and interest that has accrued or will accrue during the current year are sufficient and will be sufficient to pay program bond principal and interest scheduled for payment during the current year; or

(b) Certify to the Director of the Oregon Department of Administrative Services that the amounts available or that will become available during the current year from General Fund appropriations will not be sufficient to pay program bond principal and interest scheduled for payment during the current year. A certificate issued under this paragraph shall specify the amount of the anticipated current year deficit.

(4)(a) If a deficit in funds available to pay principal and interest in any general obligation bond program is certified and confirmed under subsection (2) or certified under subsection (3) of this section, the amount of the deficit, together with any deficit that is certified for any other general obligation bond program shall upon certification constitute a state tax levy on property that shall be apportioned among and charged to the several counties in that proportion which the total assessed value of all the taxable property in each county bears to the total assessed value of all the taxable property of the state as equalized.

(b) If any agency fails to make the certification under subsection (2) or (3) of this section with respect to any general obligation bond fund program, the Oregon Department of Administrative Services shall determine the amount of revenue and other funds that are available and the amount of taxes, if any, that should be levied in addition to the revenues and funds, to pay bond principal and interest under the program for the fiscal year in question. The additional amount so determined shall thereupon constitute a state tax levy on property that shall be apportioned, certified,

collected and distributed as if determined and certified as a deficit by the agency. The Oregon Department of Administrative Services shall charge the agency for cost recovery for time spent on that agency's behalf.

(5) Immediately after the department has determined the amount of a state tax levy on property in accordance with subsection (4) of this section, a certificate of levy, signed by the director of the department, shall be filed in the office of the department. If no state levy is required for the fiscal or tax year, a certificate so stating and signed by the director shall be filed in the office of the department.

(6) If, for any reason, after the close of any regular biennial session of the Legislative Assembly, it becomes necessary to reduce General Fund appropriations, General Fund appropriations for a debt service fund of a general obligation bond program described under subsection (3) of this section shall not be reduced.
