- (A) Of the issuance or nonissuance of a warrant under this section; or
- (B) Of the court's determination under ORS 426.130 (1); and

A judge may only issue a warrant under this subsection if the court finds that there is probable cause to believe that failure to take the person into custody would pose serious harm or danger to the person or to others.

(B) To cause the custody of a person under this paragraph, the judge must issue a warrant of detention to the community mental health and developmental disabilities program director or designee, the sheriff of the county or designee, directing that person to take the allegedly mentally ill person into custody and produce the person at the time and place stated in the warrant.

(3) The Mental Health and Developmental Disability Services Division shall adopt rules necessary to carry out this section, including rules regarding the content of the medical record compiled during the current period of custody. [1987 c.903 s.9; 1993 c.484 s.13; 1997 c.531 s.1]

(b) No later than three judicial days after initiation of a prehearing period of detention as provided in ORS 426.070, 426.140, 426.232 or 426.233, certify the detained person for a 14-day period of intensive treatment if:

(A) The community mental health and developmental disabilities program director and a psychiatrist, as defined by rule by the Mental Health and Developmental Disability Services Division, have probable cause to believe the person is a mentally ill person;

(B) The community mental health and developmental disabilities program director in the county where the person resides verbally approves the arrangements for payment for the services at the hospital or nonhospital facility; and

(C) The community mental health and developmental disabilities program director locates a hospital or nonhospital facility that:

(i) Is approved by the Mental Health and Developmental Disability Services Division and the community mental health and developmental disabilities program director in the county where the person resides; and

(ii) Can, in the opinion of the community mental health and developmental disabilities program director and the psychiatrist, provide intensive care or treatment for mental illness necessary and sufficient to meet the emergency psychiatric needs of the person.

(c) Recommend, in an investigation report as provided in ORS 426.074, that the circuit court hold a hearing under ORS 426.070 to 426.130 if the community mental health and developmental disabilities program director has probable cause to believe the person is a mentally ill person.

(2)(a) If the circuit court adopts the recommendation of the community mental health and developmental disabilities program director under subsection (1)(a) of this section, the circuit court shall enter an order releasing the person and dismissing the case. Unless the person agrees to voluntary treatment, if the person is being detained in a:

(A) Nonhospital facility, the director shall make discharge plans and insure the discharge of the person.

(B) Hospital, the treating physician shall make discharge plans and discharge the person.

(b) Upon release of the person, the community mental health and developmental disabilities program director shall attempt to notify the person's next of kin if the person consents to the notification.

(3)(a) If the detained person is certified for treatment under subsection (1)(b) of this section, the community mental

health and developmental disabilities program director shall:

(A) Deliver immediately a certificate to the court having jurisdiction under ORS 426.060; and

(B) Except when the person expressly refuses treatment, the treating physician shall treat the person within the scope of the treatment plan provided the person under paragraph (b) of this subsection. If, however, in the opinion of the treating physician, the person's condition requires the person to receive medical care or treatment, the physician shall retain the person in the hospital.

(e) If the person is in a hospital, the treating physician may discharge the person at any time during the 14-day period. The treating physician shall confer with the community mental health and developmental disabilities program director and the person's next of kin, if the person consents to the consultation, prior to discharging the person.

Immediately upon discharge of the person, the treating physician shall notify the court in the county in which the certificate was filed initially.

(f) If the person is in a nonhospital facility, the community mental health and developmental disabilities program director may discharge the person at any time during the 14-day period. The community mental health and developmental disabilities program director shall consult with the treating physician and the person's next of kin, if the

person consents to the consultation, prior to discharging the person. Immediately upon discharge of the person, the community mental health and developmental disabilities program director shall notify the court in the county in which the certificate was filed initially.

When a person agrees to voluntary treatment under this paragraph, the community mental health and developmental disabilities program director immediately shall notify the court in the county in which the certificate was filed initially.

(h) A person consenting to 14 days of treatment under subsection (3)(c) of this section shall not be held longer than 14 days from the time of consenting without a hearing as provided in ORS 426.070 to 426.130.

The county is responsible for the cost when state funds available therefor are exhausted. The hospital or other facility shall charge to and collect from the person, third party payers or other persons or agencies otherwise legally responsible therefor, the costs of the emergency care, custody and treatment, as it would for any other patient, and any funds received shall be applied as an offset to the cost of the services provided under this section.

(5)(a) The Mental Health and Developmental Disability Services Division may deny payment for part or all of the emergency psychiatric services provided by a hospital or nonhospital facility under ORS 426.232, 426.233 or 426.237 when the division finds, upon review, that the allegedly mentally ill person's condition did not meet the admission criteria in ORS 426.232 (1), 426.233 (1) or 426.237 (1)(b)(A). The payer responsible under this section shall make a request for denial of payment for emergency psychiatric services provided under ORS 426.232, 426.233 or 426.237 in writing to the Mental Health and Developmental Disability Services Division.

The division shall only grant a trial visit under this section if the trial visit is agreed to by the community mental health and developmental disabilities program director, or the designee of the director, for the county in which the person would reside.

(2) When in the opinion of the division, the committed person can be appropriately served by outpatient care during the period of commitment, the outpatient care may be required as a condition for trial visit for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If outpatient care is required as a condition for a trial visit, the conditions shall include a designation of a facility, service or other provider to provide care or treatment.

(3) A copy of the conditions for trial visit shall be given to all of the persons listed in ORS 426.278.

The person shall have the same rights with respect to notice, detention stay, hearing and counsel as for a hearing held under ORS 426.095. (3) Pursuant to the determination of the court upon hearing under this section, a person on placement shall either continue the placement on the same or modified conditions or shall be returned to the Mental Health and Developmental Disability Services Division for involuntary care and treatment on an inpatient basis subject to discharge at the end of the commitment period or as otherwise provided under this chapter and ORS 430.397 to 430.401.

(4) If the person on placement is living in a county other than the county of the court that established the current period of commitment under ORS 426.130 during which the trial visit, conditional release or outpatient commitment takes place, the court establishing the current period of commitment shall transfer jurisdiction to the appropriate court of the county in which the person is living while on the placement and the court receiving the transfer shall accept

(1) At the end of the 180-day period of commitment, any person whose status has not been changed to voluntary shall be released unless the Mental Health and Developmental Disability Services Division certifies to the court in the county where the treating facility is located that the person is still mentally ill and in need of further treatment. The division, pursuant to its rules, may delegate to the director of the treating facility the responsibility for making the certification. The director of the treating facility shall consult with the community mental health and developmental disabilities program director of the county of residence prior to making the certification. If the certification is made, the person will not be released, but the director of the treating facility shall immediately issue a copy of the certification to the person and to the community mental health and developmental disabilities program director of the county of residence.

(2) The certification shall be served upon the person by the director of the facility wherein the person is confined or the designee of the director. The director of the facility shall inform the court in writing that service has been made and the date thereof.

(3) The certification shall advise the person of all the following:

(f) That the person may subpoena witnesses and offer evidence on behalf of the person at the hearing.

(g) That if the person is without funds to retain legal counsel or an examining physician or qualified person as recommended by the division, the court will appoint legal counsel, a physician or other qualified person at no cost to the person.

(4) Nothing in subsection (3) of this section requires the giving of the warning under ORS 426.123.

(5) The person serving the certification shall read and deliver the certification to the person and ask whether the person protests a further period of commitment. The person may protest further commitment either orally or by signing a simple protest form to be given to the person with the certification. If the person does not protest a further period of commitment within 14 days of service of the certification, the division or facility shall so notify the court and the court shall, without further hearing, order the commitment of the person for an additional indefinite period of time up to 180 days. 426.303 Effect of protest of further commitment. When the person protests a further period of commitment the Mental Health and Developmental Disability Services Division or facility designated in accordance with ORS 426.301 shall immediately notify the court and the court shall have the person brought before it and shall again advise the

person that the division or facility has requested that commitment be continued for an additional period of time and that if the person does not protest this commitment the commitment will be continued for an indefinite period of time up to 180 days. The person shall also be informed of the rights set forth in ORS 426.301. [1973 c.838 s.16; 1975 c.690 s.20]

426.307 Hearing; continuance; attorney; examination; order of further commitment. If the person requests a hearing under ORS 426.301 or if the court proceeds under ORS 426.275 (5), the following provisions apply as described:

(1) The hearing shall be conducted as promptly as possible and at a time and place as the court may direct.

(2) If the person requests a continuance in order to prepare for the hearing or to obtain legal counsel to represent the person, the court may grant postponement and detention during postponement as provided under ORS 426.095.

(4) If the person requests an examination by a physician or other qualified person as recommended by the Mental Health and Developmental Disability Services Division and is without funds to retain a physician or other qualified person for purposes of the examination, the court shall appoint a physician or other qualified person, other than a member of the staff from the facility where the person is confined, to examine the person at no expense to the person and to report to the court the results of the examination.

(5) The provisions of ORS 40.230, 40.235, 40.240 and 40.250 do not apply to the use of medical records from the current period of commitment or to testimony related to such records or period of commitment in connection with hearings under this section. The court may consider as evidence such reports and testimony.

(6) The court shall then conduct a hearing and after hearing the evidence and reviewing the recommendations of the treating and examining physicians or other qualified persons, the court shall determine whether the person is still a mentally ill person and in need of further treatment. If in the opinion of the court the individual is still a mentally ill person by clear and convincing evidence and in need of further treatment, the court may order commitment to the division for an additional indefinite period of time up to 180 days.

(7) At the end of the 180-day period, the person shall be released unless the division or facility again certifies to the committing court that the person is still a mentally ill person and in need of further treatment, in which event the procedures set forth in ORS 426.301 to 426.307 shall be followed. [1973 c.838 s.17; 1975 c.690 s.21; 1979 c.408 s.5; 1987 c.803 s.24; 1987 c.903 ss.33,33a; 1989 c.171 s.53; 1993 c.484 s.24; 1997 c.649 s.4]
