(a) Determine each activity or program of the board that shall participate in the equipment pool, and in so doing, cause the transfer of moneys from the account representing such activity or program in an amount determined advisable for equipment pool purposes. However, in each instance the transfer of moneys must be based on the proportionate use of the equipment pool, or the proposed use thereof, by the activity or program.

(b) Transfer equipment to the equipment pool, which items of transfer are owned by the State of Oregon and under the jurisdiction of the board or forester. In such event the records shall reveal the cash value of the transferred items as of the date of the transfer.

Such determination shall take into consideration climate, topography, elevation, rainfall, soil conditions, roads, extent of fire hazards, recreation needs, scenic values, and other physical, economic and social factors and conditions relating to the land involved. [Amended by 1965 c.253 s.35; 1967 c.429 s.31]

(c) Class 3, agricultural class, includes all forestland primarily suitable for grazing or other agricultural use.

(2) The committee first shall adopt a preliminary classification and upon its completion shall cause notice thereof to be published once a week for two consecutive weeks in a newspaper of general circulation in the county and to be posted in three public places within the county. The notice shall state the time and place for hearing or receiving objections, remonstrances or suggestions as to the proposed classification and the place where a statement of the preliminary classification may be inspected. 526.328 Hearing; final classification; reclassification. (1) The committee shall hold a public hearing at the time and place stated in the notice published under ORS 526.324 (2), or at such other time and place as the hearing may then be adjourned to, to receive from any interested persons objections, remonstrances or suggestions relating to the proposed classification. Following the hearing the committee may make such changes in the preliminary classification as it finds to be proper, and thereafter shall make its final classification.

(2) All action by the committee in classifying or reclassifying forestland shall be by formal written order which must include a statement of findings of fact on the basis of which the order is made, and must include a map showing the classifications or reclassifications made. The original of the order shall be filed immediately with the county clerk of the county, who shall maintain it available for public inspection. (2) Classifications by the State Forester have the same force and effect as though made by a committee for that county. However, classifications made by the State Forester cease to be effective if replaced by classifications made pursuant to ORS 526.328 by the appropriate committee. Any contract by the State Board of Forestry or the State Forester with any forest protective association or agency for the care of any such forestland shall provide that the care shall be in accord with the provisions of this section relating to that land.

(2) It shall be the policy of the board and the forester as to all forestland classified in:

(d) Promoting the establishment of new forest crops on cutover, denuded or underproductive lands;

(e) Implementing pest prevention and suppression activities, as provided in ORS 527.310 to 527.370; or

(f) Promoting improvements to forest health, including improvements to fish and wildlife habitat.

(2) Upon request of the owner or the agent of the owner of any forestland classified pursuant to ORS 526.328 or 526.340, the forester may perform or supervise burning operations thereon for any of the purposes stated in subsection (1) of this section. The owner or the agent of the owner shall supply such personnel and equipment and shall perform such fire control actions and activities as the forester may require while there is danger of the fire spreading. The forester may refuse to perform or supervise burning or to issue any burning permit when, in the judgment of the forester, conditions so warrant.

(3) To accomplish the purposes set forth in subsection (1) of this section, the State Board of Forestry may establish by rule a Certified Burn Manager program. The rules shall include:

(a) Certification standards, requirements and procedures;

(b) Standards, requirements and procedures to revoke certification;

(c) Actions and activities that a Certified Burn Manager must perform;

(d) Actions and activities that a Certified Burn Manager may not allow or perform;

(e) Limitations on the use of a Certified Burn Manager; and

(f) Any other standard, requirement or procedure that the board considers necessary for the safe and effective administration of the program.

(4) When any burning for any of the purposes stated in subsection (1) of this section on forestland classified pursuant to ORS 526.328 or 526.340 is started under the supervision of and supervised by the forester or a Certified Burn Manager, no person shall be liable for property damage resulting from that burning unless the damage is caused by the negligence of the person. [Amended by 1965 c.253 s.42; 1967 c.429 s.33; 1999 c.101 s.2]

526.370 Seeding agreements as condition of supervision of burning on forestlands; seeding at owner's expense on breach; lien; foreclosure. (1) The forester may, as a condition precedent to supervising of any burning as provided in ORS 526.360, require the owner or the agent of the owner in control of the land involved to agree in writing to seed properly the land over which the burning operation is to be conducted, with such seed or seed mixtures as may be suitable for that area.

(2) In the event of failure by the owner or agent of the owner to seed the property in accordance with such agreement, the governing body of that county may cause the seeding to be done and the cost thereof may be recovered by the governing body from the owner or the agent of the owner by legal action. The cost shall constitute a lien upon the land seeded. The governing body shall cause a written statement and notice of such lien, describing the land and stating the amount of the cost, to be certified under oath and filed in the office of the county clerk within 90 days following the completion of reseeded. The lien may be foreclosed, within six months after such filing, by suit, in the manner provided by law for foreclosure of liens for labor and material. [Amended by 1965 c.253 s.43; 1999 c.101 s.3]

Upon request of the owner and payment of any applicable fee, the county clerk in the county wherein the parcel is located shall record the certificate as specified under ORS 205.130.

OREGON FOREST RESOURCES INSTITUTE

(Generally)

526.600 Definitions for ORS 526.600 to 526.685. As used in ORS 526.600 to 526.685, unless the context requires otherwise:

- (1) “Institute” means the Oregon Forest Resources Institute.
- (2) “Producer” means a producer of forest products and includes any person, partnership, association, corporation, cooperative or other business entity involved in the growing, harvesting or producing of timber or timber products. “Producer” does not include landowners who meet the requirement of ORS 526.610 (2)(b). [1991 c.949 s.2; 1995

526.605 Findings. The State of Oregon recognizes that the forest products industry is the largest industry in the state. It provides monetary returns to labor, forestland owners, mill owners and operators, public timber purchasers, timber harvesters, investors and others. It is a source of local and state taxes. It is a major supporter of many secondary businesses that supply goods and services in our communities. The welfare of the state is therefore largely dependent on the health and vigor of the forest products industry. [1991 c.949 s.3]

526.610 Oregon Forest Resources Institute; board of directors; eligibility; election; ex officio members. (1) There hereby is created the Oregon Forest Resources Institute. The institute shall be governed by a board of directors formed as provided in this section. The board shall consist of seven elected members plus nonelected members as provided in subsections (5) and (6) of this section. Six elected members shall represent three producer classes with two representatives each elected statewide from small, medium and large producer classes. Elected members representing producer classes shall be elected by producers as provided in subsections (2) to (4) of this section. The term of office of an elected member is three years.

(2)(a) The State Forester shall solicit nominations and conduct an election for elected members of the board. The six elected producer class members shall meet producer class qualifications at the time of the election. The board by rule shall determine producer class qualifications that retain eligibility for the broadest array of producers and shall require a three-fourths majority vote of the board in establishing producer class qualifications.

(b) One member also shall be elected statewide who owns between 100 and 2,000 acres of forestland and who has no direct financial interest in any forest products processing activity.

(3) Eligible voters for the elected members described in subsection (2) of this section shall be only those persons who are of that described class.

(4) The cost of the nomination and election process shall be paid by the institute.

(5) In addition to the membership described in subsection (2) of this section, the voting members shall appoint the following members who shall serve for terms of three years:

(a) One member who is an hourly wage employee of a producer or a person who represents such employees. The member appointed under this paragraph need not comply with the requirements of ORS 526.615 (3) to (6).

(b) Three members representing Oregon's diverse producer and forest landowner classes and geographic regions.

(6)(a) In addition to the voting members elected and appointed under subsections (1) to (5) of this section, the following persons shall serve as nonvoting members:

(A) The Dean of the College of Forestry at Oregon State University shall serve ex officio.

(B) An individual jointly appointed by the President of the Senate and the Speaker of the House of Representatives to represent the public. (5) Derive a substantial proportion of income from the production of forest products.

(6) Have demonstrated, through membership in producers' organizations or organizations representing landowners who meet the requirement of ORS 526.610 (2)(b), a profound interest in the development of Oregon's forest products industry. [1991 c.949 s.6; 1995 c.225 s.4; 1999 c.40 s.2]

526.620 Terms of members; vacancies. Each elected member of the board of directors shall be elected for a term ending three years from the date of the expiration of the term for which the member's predecessor was elected. If there

is a vacancy on the board of the elected member, other than a vacancy caused by expiration of a term, the board shall fill the vacancy by appointment for the remainder of the unexpired term with a person who represents the same size class as the member whose term was vacated. If the forest product is severed and delivered to a purchaser or mill, the lien continues against the forest product and the lien also attaches to accounts receivable evidencing indebtedness of the purchaser or mill. (3) Within 10 days after the State Forester files the notice of lien under this section, the State Forester shall send a copy of the notice to each of the following persons whose interest in the forestland referred to in subsection (2)(a) of this section is of record as of the date the State Forester files the notice of lien with the county recording officer:

526.760 Priority; lien survives land foreclosure proceedings. (1) The lien on forest products and accounts receivable created by ORS 526.740 is valid and shall have priority over all other liens, security interests and encumbrances on the forest products and accounts receivable covered by the lien even though it does not create a lien on the land on which the forest products are growing, except that ad valorem taxes and duly perfected liens, security interests and encumbrances which were perfected prior to the filing of the notice of lien under ORS 526.745 shall have priority over a lien created under ORS 526.740.

(2) Notwithstanding subsection (1) of this section, the lien upon forest products and accounts receivable created by ORS 526.740 shall survive the foreclosure of any land sale contract, mortgage, trust deed or other lien or encumbrance upon or security interest in the forest products or the forestland described in the notice of lien filed under ORS 526.745, and shall remain in full force and effect until released, fully satisfied or foreclosed. Notice shall be made in the same manner as notice provided under ORS 527.670 (6).

(2) The notification shall specify where and when the harvest or removal of forest products will take place, the nature of the harvest or removal of forest products and where and to whom the forest products will be sold or delivered and shall include maps or other information as required by the State Forester. Upon receipt of notification pursuant to subsection (1) of this section, the State Forester shall notify the landowner, and any person to whom the forest products will be sold or delivered, of the repayment obligation specified in any contract between the forest landowner and the State Forester. The landowner shall make payment to the State Forester. Such payment shall be deposited in the Forest Resource Trust Fund. If payment is not made within 60 days of harvest or removal of forest products, the lien shall be delinquent and may be foreclosed in the manner described in ORS 526.755. [1995 c.207 s.9]

526.775 Execution of judgment against other property when forest products and accounts not subject to lien. Notwithstanding ORS 526.735 to 526.775, if the forest landowner and the State Forester entered into a contract as provided in ORS 526.715 and the contract is terminated or breached, and there are no forest products or accounts receivable subject to the lien created under ORS 526.740, any judgment entered against the landowner for breach or termination of the contract may be executed on any property of the landowner.
