BORROWING AND BONDS OF COUNTIES, CITIES AND DISTRICTS GENERALLY

287.003 Authority of cities to issue authorized obligations; “authorized obligations” defined. (1)

Notwithstanding any other provision of law, including the city charter, a city with a population of 85,000 or more according to the most recent federal decennial census may:

(a) Issue authorized obligations, the interest on which is taxable under the income tax laws of the United States, if such obligations are nonqualified private purpose obligations as defined by the federal Internal Revenue Code of 1986 or if the governing body of the city expressly authorizes issuance on a taxable basis of obligations which are not nonqualified private purpose obligations.

(b) Issue and sell authorized taxable obligations in foreign markets, provided that such obligations shall not be payable in whole or in part in any foreign currency unless the issuer has made prior provision, through forward contracts or otherwise, to establish a complete hedge against foreign currency risk with respect to payment of principal, interest and redemption premium, if any, on such obligations.

(c) Enter into agreements to pay authorized obligations at any place outside the United States through any agent selected by the city, to pay authorized obligations in United States currency and to otherwise conform the terms of any authorized obligation to any established foreign market in which the authorized obligations will be traded.

(d) Enter into agreements to pay authorized obligations at any place within the United States through any agent selected by the city and to conform the terms of any authorized obligation to any established domestic market in which the authorized obligations will be traded.

(e) Negotiate the sale of authorized obligations described in paragraph (a) of this subsection and authorized obligations that are sold in foreign markets or are payable outside the United States.

(f) Enter into any contracts or agreements necessary or desirable to implement the powers granted by this section.

(2) For purposes of this section, “authorized obligations” means any bonds, notes, warrants or other obligations which a city is authorized to issue under any provision of law other than this section. [1987 c.827 §2; 1989 c.335 §1]

287.004 Limitation on amount of bonds issuable by cities. (1) Unless the city charter expressly provides to the contrary, the governing body of any city may, without a charter amendment, issue bonds upon approval of the electors of the city by a majority of those voting upon the question of issuance. Nothing in this section shall be deemed to require such approval if not required by the charter of the city or if not required by statute.

(2) Unless a lesser limitation upon the issuance of bonds has otherwise been provided by law or charter, no city shall issue or have outstanding at any one time bonds in excess of three percent of the real market value of all taxable property within its boundaries, computed in accordance with ORS 308.207, after deducting from outstanding bonds such cash funds and sinking funds as are applicable to the payment of the principal thereof.

(3) Where a lesser limitation upon the issuance of bonds is provided by law or charter, that limitation applies.

(4) The limitations on amounts of this section do not apply to bonds issued for water, sanitary or storm sewers, sewage disposal plants, hospitals, infirmaries, gas, power or lighting purposes, or the acquisition, establishment, construction or reconstruction of any off-street motor vehicle parking facility, nor to bonds issued pursuant to applications to pay assessments for improvements in installments under statutory or charter authority.

[Amended by 1959 c.653 §11; 1963 c.9 §13; 1965 c.282 §1; 1973 c.65 §1; 1991 c.459 §373]

287.006 Tax levy to pay interest and principal on bonds of cities; bond sinking or debt service fund. (1) Each city and town shall annually cause to be levied upon the taxable property within its boundaries a sum sufficient, with such other revenues as are available, to pay the maturing interest and principal of all general obligation bonds and to provide a sinking or debt service fund to pay the interest and principal of all other bonds issued after June 3, 1929, by such city or town at or before the maturity date or dates thereof. If any such other bonds are not callable or subject to retirement by purchase or otherwise before the ultimate maturity dates specified in such bonds, the surplus of the sinking or debt service fund over and above current requirements to pay interest and principal shall be invested in the classes of securities specified in ORS 294.035 and 294.040.

(2) The earnings of the sinking or debt service fund shall be added to and become a part thereof for the purpose of paying interest and principal of the bonds for which the fund was created.

(3) The fund shall not be diverted or used for any other purpose; but if a surplus remains after all interest and principal of a given issue have been paid, the surplus may be transferred to such other fund as the governing body of the particular city may designate. However, funds of municipal utilities shall not be diverted or transferred to other funds.

(4) Annual sinking or debt service fund installments to pay the principal of municipal utility bonds issued after June 3, 1929, to defray costs of construction, extension and betterments may be deferred, if necessary, for a period not to exceed five years from the issuing date or dates of such bonds.

(5) This section does not apply to or affect bonds issued pursuant to applications to pay assessments for improvements in installments under statutory or charter authority. [Amended by 1983 c.347 §8]

287.007 Tax levy to pay interest and principal on bonds of cities, counties and districts. Notwithstanding any other law, the governing body of each city, county and district shall ascertain and levy annually, in addition to all other taxes, a direct ad valorem tax on all the taxable property within the city, county or district in an amount that, when added to other amounts available for such purpose and after taking into account expected discounts and delinquencies in the payment of such tax, will be sufficient to pay when due the principal of and interest on all outstanding general obligation bonds issued by such city, county or district. [1999 c.632 §27]

Note: 287.007 was added to and made a part of ORS chapter 287 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

REFINANCING OF OBLIGATIONS OF LOCAL GOVERNMENTS

287.140 Cooperation by State Treasurer with subdivisions in refinancing or refunding indebtedness; recommendations. Upon the request of any civil subdivision, the State Treasurer, in the discretion thereof, may cooperate with the subdivision in refinancing or refunding the indebtedness of the subdivision. The State Treasurer may make recommendations to such subdivisions as to investments of their sinking funds and as to the refunding of their indebtedness for the purpose of enabling them to liquidate their obligations over a period of time and of reducing their tax levies. [Amended by 1989 c.182 §4]

287.142 Deposit of defaulted bonds with State Treasurer; exchange of refunding bonds; expenses of

exchange. (1) The State Treasurer may:

(a) Accept deposits of defaulted bonds of municipal corporations in Oregon.

(b) Exchange for such bonds with the respective bondholders, refunding bonds of such municipal corporations to be delivered pursuant to agreements made with the respective bondholders.

(2) All postage, insurance, safekeeping and clerical expense incurred by the State Treasurer in the exchange of such bonds shall be borne by the holders of such bonds and by the municipal corporation whose bonds are to be exchanged. [Amended by 1989 c.182 §5]

287.144 State Treasurer may act as intermediary and assist in funding and refunding of bonds. The State Treasurer may:

(1) Act as intermediary between the municipal corporations referred to in ORS 287.142 and the holders of their bonds.

(2) Effect compromises or adjustments between such corporations and the holders of their bonds.

(3) Assist such municipal corporations in the funding or refunding of their matured bonded obligations.

287.146 Omission of certain prior statutes concerning funding and refunding of city and school district obligations not intended as repeal. The omission from the Oregon Revised Statutes of O.C.L.A. 97-201 to 97-207 is not intended as a repeal of the omitted statutes in so far as they apply to funding and refunding bonds issued pursuant thereto.

COUNTY REFUNDING BONDS

287.202 Definitions for ORS 287.202 to 287.220. As used in ORS 287.202 to 287.220, “court or board” means the county court or the board of county commissioners.

287.204 County authorized to issue and sell or exchange refunding bonds. The court or board in any county may issue and sell or exchange county refunding bonds for the purpose of paying, redeeming or retiring any or all outstanding lawfully issued bonds of such county when:

(1) The bonds have matured but have not been paid and canceled; or

(2) The bonds are about to mature and become payable; or

(3) The bonds are redeemable at the option of the county; or

(4) The holders of all or any part of any issue of the bonds of the county are willing to surrender such bonds in exchange for refunding bonds, whether or not the bonds to be surrendered have matured or are about to mature or become payable.

287.206 Notice of intended redemption. Notice of intended redemption of callable or optional bonds prior to the redeeming and the refunding thereof under authority of ORS 287.204 shall be given in the manner specified in the bonds, as provided in ORS 288.520. Newspaper publication of notice of redemption is not required for bonds that are in registered form. [Amended by 1997 c.171 §10]

287.208 Limitation on amount of bonds issued. Refunding bonds issued under authority of ORS 287.204 shall not exceed in the aggregate the par amount of the bonds to be paid, redeemed or replaced thereby, after deducting sinking funds or other funds applicable to the payment of the principal thereof. If the deduction of the sinking fund produces an uneven sum which, if offset exactly by refunding bonds, would necessitate the issuance of odd bonds in denominations of less than \$100, the total issue of the refunding bonds shall be in such next larger sum as will permit issuance of bonds in denominations of \$100 each or multiples thereof exactly and the balance thereupon remaining in the sinking fund shall be transferred to the sinking fund for the refunding issue.

287.210 Designation, class and character of bonds; charge on revenues. The bonds issued under authority of ORS 287.204 shall be designated refunding bonds and shall be of the same class and character as the bonds refunded thereby and shall constitute a charge upon the same kinds of revenues or funds as were applicable to the payment of the principal of and the interest on the bonds so refunded.

287.212 Providing funds to pay interest and installments of principal. The court or board shall levy an annual

tax or provide for setting aside annually other funds with which to pay the interest and to meet the serial installments of the principal of the refunding bonds as they become due and payable.

287.214 Calling refunding bonds with optional dates. The court or board may call refunding bonds issued with optional dates under the authority of ORS 287.218 either for the purpose of retiring the bonds or of redeeming them with new serial refunding bonds of the class and character authorized by ORS 287.202 to 287.220, which refunding bonds shall bear interest at a rate not to exceed the rate paid on the bonds to be refunded.

287.216 Limitation of bonded indebtedness. The refunding bonds issued pursuant to ORS 287.202 to 287.220 shall not be considered to be within any limitation of bonded indebtedness imposed by law or by the Constitution of this state until:

- (1) The refunding bonds have been exchanged for the bonds they were issued to refund; or
- (2) The proceeds of sale of the refunding bonds have been applied in payment of the refunded bonds.

287.218 Form of bonds; maturities; option to call; interest rate; installment payments. (1) All refunding bonds issued by a county pursuant to ORS 287.202 to 287.220 shall be in serial form with definite maturity dates and shall mature in annual or semiannual installments, but may be issued with the option to call or redeem the bonds in numerical order on a prior date or dates, pursuant to publication of notice in one issue of a newspaper printed and published in such county.

(2) The refunding bonds shall bear interest at a rate determined by the governing body of the county, payable semiannually. The first installment of principal of each issue of the bonds shall become due and payable not later than two years, and the last installment thereof not later than 20 years, from the date of issue of the bonds. The installments or principal of the bonds shall either be equal or substantially equal in amount, or the combined installments of principal and interest due in any year shall be, as nearly as practicable, in such sums as will permit of a substantially uniform annual tax levy for the retirement of the principal of and the payment of the interest on the bonds as they respectively become due. [Amended by 1981 c.94 §21]

287.220 Sale or exchange of bonds. (1) The bonds issued under ORS 287.202 to 287.220 shall be advertised and sold in the manner prescribed in ORS 287.014 to 287.022.

(2) If no bids for the bonds are received or the bids therefor are unsatisfactory, the court or board may exchange the refunding bonds for the outstanding bonds, pursuant to agreements entered into by the court or board and the holders of the outstanding bonds. The refunding bonds shall bear interest at a rate determined by the court or board and mature serially, as provided in ORS 287.218, on such dates as shall be agreed upon between the court or board and the holders of the bonds to be refunded. [Amended by 1975 c.642 §20; 1981 c.94 §22]

CITY REFUNDING BONDS

287.252 Cities authorized to issue and sell or exchange refunding bonds; limitation on amount; soliciting bids. (1) The governing body of any incorporated city may issue and sell or exchange refunding bonds for the purpose of paying, redeeming or retiring any or all outstanding lawfully issued bonds of such city, including bonds issued pursuant to applications to pay assessments in installments, when:

- (a) The bonds have matured but have not been paid or canceled; or
- (b) The bonds are about to mature and become payable; or
- (c) The bonds are redeemable at the option of the city; or
- (d) The holders of all or any part of any issue of bonds of the city are willing to surrender such bonds, whether or not the bonds to be surrendered have matured or are about to mature or become payable.

(2) Refunding bonds issued under authority of subsection (1) of this section shall not exceed in the aggregate the par amount of the bonds to be called, paid, redeemed or replaced, less the amount in the sinking fund, if any, applicable thereto.

(3) Refunding bonds shall not be exchanged for outstanding bonds under authority of subsection (1) of this section until bids for the refunding bonds have been solicited in the manner prescribed by ORS 287.014 to 287.022.

287.254 Notice of intended redemption. Notice of intended redemption of callable or optional bonds prior to the redeeming and the refunding thereof under authority of ORS 287.252 shall be given in the manner specified in the

bonds, as provided in ORS 288.520. Newspaper publication of notice of redemption is not required for bonds that are in registered form. [Amended by 1997 c.171 §11]

287.256 Form and maturities of bonds; redemption prior to maturity; interest; payment of installments of principal and interest; issuing long-term bonds; debt limitations not applicable. (1) Subject to subsections (4) and (5) of this section, each issue of refunding bonds issued under authority of ORS 287.252 shall be in serial form with definite maturities and shall mature in annual or semiannual installments, but may be issued with the option to call or redeem the bonds in numerical order on a prior date or dates indicated therein, pursuant to notice given in the manner specified in the bonds.

(2) The refunding bonds interest rate shall be determined by the governing body of the city, payable semiannually.

(3) Subject to subsection (5) of this section, the first installment of principal shall become due and payable not later than five years, and the last installment thereof not later than 20 years, from the date of issue of the bonds. The installments of principal shall either be equal or substantially equal in amount, or the combined installments of principal and interest due in any year shall be as nearly as practicable in such sums as will permit of an equal annual tax levy for retirement of the principal of and payment of the interest on the bonds.

(4) The governing body of any incorporated city having a population in excess of 100,000 may, at its election, issue the refunding bonds with definite or straight maturities, not exceeding 20 years, but callable on or after three years from the date of the issuance thereof, if the governing body so elects.

(5) With written approval of the State Treasurer, cities in default in payment of either principal of or interest on their bonds, or both, and cities having bonded and warrant indebtedness exceeding 6-1/4 percent of the real market value of their taxable property, may issue long-term refunding bonds with maturities, either serial or straight, not exceeding 40 years, without deduction of sinking funds applicable to the bonds to be refunded, if the holders thereof so agree. The refunding bonds, the issuance of which is so approved, may contain optional dates of redemption if the governing body of the city so elects.

(6) The debt limitations imposed by law or charter shall not affect the right of any city to issue refunding bonds pursuant to ORS 287.252. [Amended by 1967 c.293 §30; 1981 c.94 §23; 1991 c.459 §377; 1997 c.171 §12]

287.258 Class and character of bonds; charge on assets. Refunding bonds issued under authority of ORS 287.252 shall be of the same class and character as the bonds refunded thereby and shall constitute a charge upon the same character of revenues, assessments, liens or other assets that were applicable to the payment of the bonds so refunded.

287.260 Bonds to be issued pursuant to ordinance; providing annual tax levy or other revenues. All bonds issued by any city under authority of ORS 287.252 shall be issued pursuant to an ordinance duly adopted by the governing body of the city. The ordinance shall be adopted and take effect in the same manner as other ordinances of the city take effect. The ordinance shall set forth the date, purpose of issue, interest rate, maturity date or dates, and the amount of the bonds to be refunded after application of such sinking or other funds to the payment thereof as appertain thereto. The ordinance shall also set forth the date, interest rate, and the maturity dates of the refunding issue, and shall provide for an annual tax levy or other revenues with which to pay the interest on and the principal of the refunding bonds as they become due and payable.

287.262 Application of statute to utility certificates. The word "bonds" as used in ORS 287.252 to 287.264 includes utility certificates. Such certificates may be refunded in the like manner as bonds are refunded under authority of ORS 287.252, except that the ordinance providing for refunding utility certificates need not provide for an annual tax levy to pay the interest on and the principal of such certificates.

287.264 Charter provisions or vote not required; rules and regulations. The power granted by ORS 287.252 to 287.264 is self-operating in each incorporated city without the further necessity of enacting charter provisions incorporating the terms of ORS 287.252 to 287.264 or of submitting the question of refunding at an election of the electors of the city. Each incorporated city shall have authority, by and through its council, to provide by ordinance such rules and regulations as may be needed for carrying out the terms of ORS 287.252 to 287.264.

(2) “Master warrant” means a warrant or order issued and drawn pursuant to ORS 287.486. [1955 c.321 §1; 1983 c.310 §16]

287.484 Master warrant procedure authorized if warrants would be not paid. Whenever the county fiscal officer audits and approves a claim and issues a warrant therefor and at the same time or subsequently ascertains that the county treasurer has not sufficient moneys in the particular fund of the county from which the claim so approved and allowed is payable and that the warrant as issued against that fund for the payment of the claim would be indorsed “Not Paid for Want of Funds,” the county fiscal officer may, with approval by resolution of the county court or the board of county commissioners, issue a master warrant to any person for the purpose of obtaining money to pay such claim. The money shall be obtained only in the manner provided in ORS 287.486. [1955 c.321 §2]

287.486 Procedure. (1) The county fiscal officer shall draw a master warrant in the amount of one or more claims referred to in ORS 287.484, payable to any person who is willing to accept the master warrant, and such person shall, upon delivery of the master warrant duly indorsed “Not Paid for Want of Funds,” pay to the county treasurer the full amount for which the master warrant is drawn.

(2) The amount paid under subsection (1) of this section shall constitute a special fund to be used toward the payment of warrants issued under ORS 287.484 by the county fiscal officer in payment of claims audited and approved and included in the amount of any master warrant issued to the person advancing such moneys. [1955 c.321 §3]

287.488 Taxes must be levied for payment of claims included in master warrant. No master warrant shall be issued under ORS 287.482 to 287.488 unless taxes have been levied for the payment of all claims included in the master warrant and such taxes are in the process of being collected at the time of the issuance of the master warrant.
