In all prosecutions requiring proof as to the issuance or nonissuance of a license by the State Fish and Wildlife Director under any of the laws of this state, the certificate of the director as to the issuance or nonissuance of the license by the director shall be sufficient proof on that question to establish the fact. This certificate shall be admitted in evidence as to the issuance or nonissuance of the license in any such prosecution.

The department of fisheries of each state or the officials who have charge of issuing licenses shall furnish to each other the names of licensees and the number of the licenses, without cost or expense to either state.

508.465 Licenses nontransferable. Licenses may not be transferred from one licensee to another.

508.470 When licenses expire; renewal. 508.475 Failure to renew license for fixed fishing gear constitutes abandonment; exception for Armed Forces. The failure to renew the license, or make application therefor, for any location for a fixed fishing gear in any of the waters of this state, on January 1 of any year, constitutes abandonment of the location. However, any licensee entering the Armed Forces of the United States during any period which would qualify the licensee under the laws of this state as a war veteran is not deemed to have abandoned such location or gear so licensed, either by reason of absence from the location during such service or by failure to renew the license as required. Such licensee may file application for renewal of the license at any time following the date of release from the Armed Forces of the United States, until January 1 of the following year, and shall have preference over other persons therefor. commission or the State Fish and Wildlife Director, and in its discretion may refuse the issuance of any license issued under the authority of the commission or director during any period not to exceed one year from the date of the license revocation order:

- (1) Upon conviction within this state of any person of violation of any of the commercial fishing laws or rules;
- (2) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense which was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and which if committed in this state would be grounds for license revocation pursuant to subsection (1) of this section;
- (3) Upon conviction within this state of any person for violation of ORS 498.022, or any rule promulgated pursuant thereto, involving game fish, through the use of a license issued pursuant to the commercial fishing laws; or
- (4) Upon conviction within this state of a person for violation of ORS 164.043 to 164.065 when the subject of the theft is commercial fishing crab rings or crab pots, or the crabs taken therefrom. [Amended by 1965 c.570 §74; 1971 c.569 §1; 1977 c.350 §6; 1987 c.213 §4; 1997 c.252 §1; 1999 c.1051 §276]

- (1) Upon conviction within this state of any person of violation of any of the commercial fishing laws or rules after such person has once been convicted and penalized under ORS 508.485; or
- (2) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense which was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and which if committed in this state would be grounds for refusal to issue a license pursuant to subsection (1) of this section. [Amended by 1965 c.570 §75; 1977 c.350 §7; 1987 c.213 §5]

508.495 Certificate in lieu of lost or destroyed license; fee. Upon the receipt of a fee of \$2 and the filing of an affidavit that a license issued under authority of ORS 508.406 has been lost or destroyed, the State Fish and Wildlife Director or the authorized agent of the director shall issue a certificate that such license has been issued and has been lost or destroyed. Except as provided in ORS 508.260, the certificate may be used in lieu of the lost or destroyed license. [1957 c.140 §1; 1965 c.570 §76; 1973 c.768 §18]

508.500 Alteration, false application and multiple possession of licenses prohibited. No person shall:

- (1) Alter, borrow or loan to any other person any license or permit issued by the department.
- (2) In applying for a license or permit issued by the State Department of Fish and Wildlife knowingly make any false statement of any information required by the application regarding the person in whose name the license or permit is to be issued.
- (3) Possess any license or permit that has been altered, borrowed or loaned or for which any false statements were knowingly made in applying therefor. [1981 c.365 §20]

CATCH FEES

508.505 Additional fees based on value of fish at time of landing; exceptions. (1) Additional fees shall be collected by the State Fish and Wildlife Director in the amount prescribed by this section, except as provided in ORS 508.510. Every person operating within the state as a canner, buyer, bait dealer or wholesaler of any food fish or shellfish shall pay, in addition to all other licenses or fees provided by law, a fee equal to the value of the food fish at the point of landing multiplied by the following rates:

- (a) All salmon and steelhead, 3.15 percent.
 - (b) All other food fish and shellfish, 1.09 percent for the period beginning January 1, 1992, and ending December 31, 1992. Thereafter the State Fish and Wildlife Commission may increase the rate to not more than 1.25 percent to the extent that the commission determines upon review that revenues received are inadequate to maintain the legislatively adopted program level. The commission shall report its revenue review and any proposed rate increase to the Emergency Board prior to the time the rate increase is implemented.
- (2) Only fresh or frozen in the round or dressed food fish or shellfish are subject to the fees provided in this

section. "Dressed" includes but is not limited to beheaded, gutted, filleted, loined or shucked. However, frozen food fish or frozen shellfish received in a wrapped package to which a legible label is stamped or printed showing the name, address, brand or trade name of the original processor or wholesale distributor under which the package is marketed and the kind of frozen food fish or frozen shellfish contained therein, for distribution and ultimate sale in the original package are not subject to the fees provided in this section. [Formerly 508.305; 1969 c.172 §4; 1971 c.243 §1; 1973 c.768 §15; 1979 c.378 §1; 1989 c.166 §1; 1991 c.701 §2]

Note: Section 8, chapter 512, Oregon Laws 1989, provides:

Sec. 8. Additional fee through 2003. In addition to the ad valorem fee prescribed by law, during the period beginning January 1, 1998, and ending December 31, 2003, there shall be paid for each fish species referred to in ORS 508.505 (1)(a), an additional fee of five cents per pound. The ad valorem fee referred to in this section is subject to ORS 508.505 to 508.540. [1989 c.512 §8; 1991 c.184 §3; 1997 c.8 §11]

508.507 [1971 c.540 §10; repealed by 1991 c.701 §3]

508.510 Place where fish caught is immaterial; exceptions; special fee. (1) The fee provided for in ORS 508.505 shall be paid irrespective of where the fish were caught. However, the fees shall not be paid on any food fish or shellfish brought into this state after having been landed:

(a) In another state, territory or possession of the United States, and upon or in regard to which a tax or fee has been levied and collected in the other state, territory or possession; or

(b) In another country.

(2) Notwithstanding ORS 508.505, there shall be paid a fee of one percent of the value of all food fish or shellfish brought into this state after having been landed in another state, territory or possession of the United States, and upon or in regard to which a tax or fee has not been levied and collected in the other state, territory or possession. [Formerly 508.320; 1991 c.701 §4]

508.515 Time of paying fees; report; interest on overdue fees; waiver or extension of payment. (1) The fee required by ORS 508.505 shall be paid to the State Fish and Wildlife Director on or before the 20th day of each calendar month for the preceding calendar month.

(2) The fee shall be accompanied by a report showing the total number of pounds of all varieties of food fish, stated separately upon blanks furnished by the director, and the value at the point of landing.

(3) In the event that such fee is not paid within the time for payment provided in subsection (1) of this section, there shall be added as a late payment charge a sum equal to five percent of the unpaid fees or \$5, whichever is greater, and there shall be charged an interest rate of one percent per month until the principal and interest is paid.

(4) Notwithstanding subsection (1), (2) or (3) of this section, the State Fish and Wildlife Commission may waive or extend payment of any fees required by ORS 508.505 amounting to less than \$10 during any calendar year. [Formerly 508.310; 1971 c.243 §2; 1981 c.646 §5; 1991 c.701 §5]

508.520 Determination of disputes. It is the intention that only one fee based on the value of the fish at the point of landing shall be collected for each fish purchased or received, and in order that this end may be accomplished the State Fish and Wildlife Commission and the State Fish and Wildlife Director may determine finally any dispute arising out of the operation and enforcement of ORS 508.505. [Formerly 508.325; 1991 c.701 §6]

508.525 Lien for unpaid fee; foreclosure; jurisdiction of courts. The fee required by ORS 508.505 constitutes a first lien upon the cannery, packing plant, scow, boat and its equipment used in the canning, receiving or transporting of the fish. This lien may be foreclosed by the State Fish and Wildlife Commission in the name of the state by a suit in equity in the circuit court of the county in which the property upon which a lien is given by this section is situated. If situated in two or more counties the court first acquiring jurisdiction of a part of the property shall have jurisdiction of all the property described in such foreclosure suit. [Formerly 508.330; 1991 c.701 §7]

508.530 Rules; reports; violation or falsification. (1) The State Fish and Wildlife Commission may make such rules and require such reports to be made as, in its judgment, are necessary to insure the collection and payment of the fee required by ORS 508.505.

(2) It is unlawful for any person to falsify any of the reports or to violate any of the rules made or required by the

commission. [Formerly 508.335; 1991 c.701 §8]

508.535 Keeping record of food fish received and bought; inspection. (1) Every fish canner, fish buyer, retail fish dealer, fish bait dealer or wholesale fish dealer shall keep a record, of all food fish received and bought, in accordance with rules promulgated by the State Fish and Wildlife Commission. Such information may be required as is necessary to enable the commission to carry out its duties of conservation, protection, administration or enforcement under the commercial fishing laws without imposing undue hardship on the licensees.

(2) At least one copy of this record shall be kept:

(a) On each boat, vessel, scow, pickup boat or other craft, truck, automobile, motor vehicle or other vehicle of any kind whatsoever used in buying, receiving or transporting the fish.

(b) By the canner, buyer, retailer, fish bait dealer or wholesaler.

(3) This record is subject to inspection by the commissioners, the State Fish and Wildlife Director, the authorized agent of the director, or any duly authorized police officer. This record shall be transmitted to the office of the director at such times and in such manner as the commission directs.

(4) Every person shall always keep open to inspection by the commission or its agent any books, records, papers or memoranda which are pertinent to the administration of ORS 508.505 to 508.540. For the purpose of ascertaining the correctness of any fee record or report or the number of pounds or value of fish upon which the additional fee is based or such other information as may be necessary to the administration of ORS 508.505 to 508.540, the commission or its agent may inspect such books, records, papers or memoranda.

(5) Restaurants licensed under ORS 624.020 shall keep a record of all fresh or frozen fish received or bought while such fish are in the restaurant's possession. This record shall be subject to inspection by the commissioners, the director, the authorized agent of the director, or any duly authorized police officer. An invoice or receipt shall be adequate for the purposes of this subsection. [Formerly 508.340; 1969 c.172 §5; 1971 c.540 §11; 1973 c.437 §1; 1977 c.242 §5; 1991 c.701 §9]

508.540 Failure to keep or submit records or to pay fee. (1) In addition to the penalty prescribed by ORS 506.991, failure on the part of any person to keep the record required by ORS 508.535 or failure of such person to submit the books, records, papers or memoranda of the person for inspection, pursuant to ORS 508.535 (4), to any member of the State Fish and Wildlife Commission or any of its representatives presenting written authority from the commission is good and sufficient reason for the commission to order the State Fish and Wildlife Director to suspend or revoke the license granted to such person.

(2) Any person failing to pay the fee required by ORS 508.505 shall be denied a renewal of such license or the issuance of any other license which may be issued by the director. [Formerly 508.345; 1991 c.701 §10]

508.545 [Formerly 508.350; repealed by 1973 c.794 §34]

508.550 Sale of fish from license holder's boat; permit; fee; reports; payment of fees. Notwithstanding any other provision of this chapter, a person who holds a valid Oregon commercial fishing license may sell any species of food fish taken in lawful commercial fishing activity directly from the license holder's boat, subject to the following conditions:

(1) The person must first obtain from the State Fish and Wildlife Commission an annual limited fish seller permit for such sales, the fee for which is \$20. The commission by rule may limit the number of permits available for any species of food fish.

(2) Prior to making any sale pursuant to this section, the person must notify the commission, in such manner as the commission prescribes, of the estimated number of food fish on board the boat and of the location where the sale is to take place.

(3) Within seven days of making any sale pursuant to this section, the person shall submit to the commission a report thereof, in such form as the commission may prescribe. The person must pay the fees required as prescribed in ORS 508.505 to 508.540, or in such other manner as the commission by rule may prescribe.

(4) The person may sell food fish from any port and dock location in this state.

(5) If a person fails to comply with subsection (3) of this section, the commission may revoke and thereafter refuse to issue another limited fish seller permit. [1985 c.533 §2; 1987 c.802 §1; 1991 c.701 §11; 1999 c.585 §1]

SALMON HATCHERY PERMITS

508.700 Permits for salmon hatcheries; fees. (1) The State Fish and Wildlife Commission may issue a permit, subject to such restrictions and regulations as the commission deems desirable, to any person to construct and operate a hatchery for:

- (a) Chinook salmon, also known as *Oncorhynchus tshawytscha*; or
- (b) Chum salmon, also known as *Oncorhynchus keta* or dog salmon; or
- (c) Silver salmon, also known as *Oncorhynchus kisutch* or coho salmon; or
- (d) Pink salmon, also known as *Oncorhynchus gorbuscha* or humpback salmon.

(2) The application for a permit to construct and operate a chum salmon, chinook salmon, silver salmon, or pink salmon hatchery shall include an application fee of \$100. [1971 c.203 §1; 1973 c.356 §1; 1979 c.556 §1]

508.705 Hearing for permits. (1) Prior to issuance of any permit by the State Fish and Wildlife Commission, a public hearing shall be held. Notice of the hearing shall be published at least once and at least 10 days prior to the hearing in a newspaper of general circulation in each of the counties in which the hearing is to be held, or if no such newspaper is published in that county or counties, then such a newspaper in an adjoining county.

(2) The hearing shall be conducted by either the commission or a representative designated by the commission. [1971 c.203 §2; 1975 c.253 §31]

508.710 Grounds for denial of permit. No permit shall be issued:

- (1) Which may tend to deplete any natural run of anadromous fish or any population of resident game fish.
- (2) Which may result in waste or deterioration of fish.
- (3) If the proposed operation is to be located on the same stream or river or tributary thereof on which a state or federal fish culture facility is established or is planned to be established.
- (4) If the proposed operation is not consistent with sound resource management and is not in close proximity to the ocean.
- (5) If the State Fish and Wildlife Commission determines the applicant does not have the financial capability to successfully construct and operate the hatchery or may not properly conduct the operation authorized under the permit. [1971 c.203 §3]

508.715 Conditions of permits. Any permit granted by the State Fish and Wildlife Commission pursuant to ORS 508.700 to 508.745 shall contain at least the following conditions:

- (1) All propagated fish released into state waters shall be marked annually at no less than the level of marking of

the same species of fish by hatcheries operated by the commission for the purpose of determining contributions to ocean fisheries.

(2) All propagated coho and chinook salmon released into state waters shall be marked annually, consistent with subsection (8) of this section, at a minimum level necessary to determine the proportion of straying of hatchery coho and chinook salmon into the spawning beds of natural and hatchery produced native stocks of salmon. However, the commission shall not require private hatcheries to meet marking standards that the commission would not apply to its own operations in similar circumstances.

(3) Prior to release into state waters, the fish must be subject to examination by a qualified fish pathologist approved by the commission to determine that they are not diseased or infected with any disease which in the opinion of the commission may be detrimental to the state fishery resources. Cost of such examination shall be paid by the permittee. No fish shall be released without written approval from the commission. The commission may require diseased fish to be destroyed. The commission shall not suffer civil or criminal liability for any fish destroyed under this section.

(4) The permittee may be authorized by the commission to divert all fish returning to the stream to an inspection area, the location of such area to be approved by the commission, to examine all fish for the purpose of identifying propagated fish.

(5) Notwithstanding the provisions of ORS chapters 509 and 511, the permittee shall have the right to take for commercial purposes, only those fish the commission determines were propagated by the permittee, and the commission's decision is final.

(6) It shall be unlawful for the permittee to select stocks of fish or to genetically alter the life history or habits of propagated fish in a way the State Department of Fish and Wildlife determines is inconsistent with the provisions of ORS 496.012 or 506.109.

(7) It shall be unlawful for the permittee to conduct any activity not authorized by the permit or fail to conduct activities required by the permit without approval of the commission after public hearings.

(8) The permittee shall pay all reasonable costs incurred by the commission as a result of the operation of the private hatchery. [1971 c.203 §5; 1979 c.556 §5; 1985 c.529 §1; 1989 c.817 §1]

508.718 Program for protecting natural runs and genetic diversity of anadromous fish stocks; rules; findings. (1) The Legislative Assembly finds that protecting the natural runs and genetic diversity of anadromous fish is essential to the long-term health of Oregon's natural resources and sport and commercial fisheries.

(2) Not later than January 1, 1990, the State Department of Fish and Wildlife shall:

(a) Develop and implement monitoring programs, consistent with ORS 508.715 (8) at a minimum level necessary to determine the proportion of straying of hatchery fish into the spawning beds of natural and hatchery produced native stocks of salmon.

(b) Utilizing the best available scientific evidence, adopt rules, after public hearing, that determine the proportion of straying that by indicator stock is likely to cause deterioration of the genetic diversity and habitat necessary to maintain long-term species viability or that causes a deterioration of natural or native stocks of salmon.

(3) The Legislative Assembly further finds that private hatcheries are a significant part of Oregon's salmon resource and that the Legislative Assembly relies on the State Fish and Wildlife Commission to monitor and regulate private hatcheries in a way that will optimize their long-term contribution to Oregon's salmon resource in conformity with the findings under subsection (1) of this section. [1989 c.817 §5; 1995 c.79 §295]

508.720 Altering terms of permits; findings; hearing; restoration of fish population. (1) If the State Fish and Wildlife Commission finds that the operation described in the permit is not in the best public interest, it shall alter the conditions of the permit to mitigate such adverse effects or may cause an orderly termination of the operation under the permit. Proceedings to cause such alteration or termination shall be conducted in accordance with ORS 183.310 to 183.550. An orderly termination shall not exceed a four-year period and shall culminate in the revocation of the permit in its entirety. During this period the permittee may continue to examine and take specified propagated chum salmon, chinook salmon, silver salmon or pink salmon according to the provisions of the permit but may not release additional fish.

If the permittee fails to take appropriate action, the commission shall take such action and the permittee shall bear any cost incurred by the commission. [1971

(Columbia River Gillnet Fishery)

[1979 c.679 §4; 1981 c.365 §12; 1995 c.602 §6]

508.784 Considerations in determining eligibility for permit. In making determinations regarding renewal of the permits required by ORS 508.775, the State Department of Fish and Wildlife and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board consider reliable evidence of the qualifications or requirements in question. [1979 c.679 §5; 1989 c.940 §4]

508.787 Permit revocation procedure. The board may revoke and refuse subsequent issuance of a permit

required by ORS 508.775 in the manner provided in ORS 508.485 and 508.490. [1979 c.679 §6]

However, the number of permits issued pursuant to any such lottery system shall not increase the number of permits issued to a total number greater than 200.

(2) The State Fish and Wildlife Commission may, in its discretion, suspend the lottery for up to two years. Suspension shall be based on the commission's assessment of the condition of the resource and shall account for the recommendations of the Gillnet Salmon Review Board. [1989 c.940 §5b; 1995 c.602 §7]

508.793 Permit transfer restrictions. (1) The vessel permit required by ORS 508.775 is transferable:

Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.500. The board may waive requirements for renewal of permits if the board finds:

(a) That the individual for personal or economic reasons chose to actively commercially fish in some other fishery during the Columbia River gillnet salmon seasons; or

(b) That the individual failed to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS 183.310 to 183.550, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive requirements for renewal of permits.

(5) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, a Columbia River gillnet salmon vessel permit acquired as a result of a waiver pursuant to subsection (2) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the Columbia River gillnet salmon fishery for two or more calendar years. However, the number of permits issued pursuant to any such lottery system may not increase the number of permits issued to a total number greater than 1,200.

(2) The State Fish and Wildlife Commission may, in its discretion, suspend the lottery for up to two years. Suspension shall be based on the commission's assessment of the condition of the resource and shall account for the

recommendations of the Troll Salmon Permit Review Board.

(3) The department shall consider a permit transferred to, purchased by or otherwise held by the federal government as a permit renewed under ORS 508.807. A permit transferred to, purchased by or otherwise held by the federal government is a permit under the limit of 1,200 permits established by this section. [Subsection (1) enacted as 1979 c.613 §8; 1981 c.365 §2; subsection (2) enacted as 1983 c.797 §4; 1987 c.912 §3; 1993 c.555 §1; 1995 c.602 §13; 2001 c.235 §1]

(2) Permits may be transferred between vessels where both vessels fall within any one of the following categories:

(a) Vessels less than 30 feet;

(b) Vessels greater than 30 feet and less than or equal to 42 feet; or

(c) Vessels greater than 42 feet.

(3) A permit may be transferred from a vessel that is in one of the categories defined in subsection (2) of this section to a vessel that is in a different category provided that no vessel permit may be transferred to a vessel more than five feet longer than the vessel from which the permit is being transferred.

(4)(a) Notwithstanding subsection (3) of this section and except for transfer to another vessel owned by the current permit holder, a vessel permit may be transferred to a vessel over 30 feet in length only if, in the calendar year prior to transfer, the vessel from which the permit is being transferred was used in the ocean troll salmon fishery in Oregon, Alaska, Washington or California to take 100 pounds of salmon. (b) A vessel permit may not be transferred more than once in any 12-month period. 508.849 Renewal of permit. An individual who obtained the permit required by ORS 508.840 for calendar year 1981 is eligible to obtain renewal of the permit in a subsequent calendar year, upon application by December 31 of the permit year and payment of the fees therefor, if during the preceding calendar year the vessel for which permit renewal application is made was used in the ocean fishery to take at least 5,000 pounds of food fish which were lawfully landed in this state. [1981 c.365 §28; 1995 c.602 §18]

508.852 Considerations in determining eligibility for permit. In making determinations regarding renewal of the permits required by ORS 508.840, the State Department of Fish and Wildlife and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question. [1981 c.365 §29; 1989 c.940 §10]

508.855 Permit revocation procedure. The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.840 in the manner provided in ORS 508.485 and 508.490. [1981 c.365 §30]

508.858 Fee. The annual fee for the vessel permit required by ORS 508.840 is \$75. [1981 c.365 §31; 1991 c.701 §14]

508.861 Lottery system for permit issuance; rules. The State Department of Fish and Wildlife may establish by rule a lottery system for issuing permits to vessels that do not meet the requirements of ORS 508.849. The department, by rule, shall determine the number of permits and the criteria for issuance. [1981 c.365 §32; 1989 c.940 §11a; 1995 c.602 §19]

508.864 Permit transfer restrictions. Notwithstanding any other provision of law, an ocean scallop vessel permit issued pursuant to ORS 508.840 to 508.867 may not be transferred to another vessel:

(1) Until the vessel for which the permit was issued has been used in the ocean scallop fishery for three or more calendar years to land at least 5,000 pounds of food fish annually.

(2) More than once in any 12-month period. However, the Commercial Fishery Permit Board may waive the waiting period if the board finds that strict adherence to the waiting period would create undue hardship for the individual seeking transfer of the permit.

(3) That is more than five feet longer than the vessel from which the permit is transferred. [1981 c.365 §33; 1995

508.867 Review of permit denial; fee; rules. (1) Notwithstanding ORS 508.755 (6)(b) and (c), an individual whose application for renewal of the permit required by ORS 508.840 is denied by the State Department of Fish and Wildlife may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$75. Such fee shall apply toward the permit fee of successful applicants.

(2) In accordance with any applicable provision of ORS 183.310 to 183.550, the board shall review denials of applications for renewal of permits. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.550. The board may waive requirements for renewal of permits if the board finds that the individual for personal or economic reasons chooses to actively fish the permit vessel in some other ocean fishery or if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS 183.310 to 183.550, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department the authority to waive eligibility requirements for renewal of permits. [1981 c.365 §34; 1989 c.940 §11; 1995 c.602 §21]

(Ocean Pink Shrimp Fishery)

508.880 Vessel permit required to engage in fishery; purchase of shrimp by dealers from individual without permit prohibited. (1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the ocean pink shrimp fishery without first obtaining a vessel permit issued pursuant to ORS 508.880, 508.883 and 508.889 to 508.910.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive pink shrimp (*Pandalus jordani*) taken in the ocean pink shrimp fishery from a vessel for which the permit required by subsection (1) of this section or the license required by ORS 508.883 has not been issued.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1979 c.613 §13; 1981 c.365 §5]

508.883 Use of single delivery license in lieu of vessel permit; reciprocity of law. (1) Notwithstanding ORS 508.880, an individual who holds valid commercial fishing permits required by or issued pursuant to the laws of the states of Washington or California to take pink shrimp may land pink shrimp in this state that were taken in the ocean pink shrimp fishery without the permit required by ORS 508.880 if the vessel possesses a single delivery license referred to in ORS 508.285. However, a single delivery license may be used to land pink shrimp only once in a 12-month period as established by rule of the State Fish and Wildlife Director.

(2) Subsection (1) of this section shall apply to a vessel registered under the laws of another state only while laws or administrative rules are operative in that state that contain, in substance or effect, provisions similar to the provisions of subsection (1) of this section. [1979 c.613 §14; 1987 c.912 §9; 1995 c.602 §22; 1999 c.164 §5]

508.886 Limitation on number of permits; eligibility. Notwithstanding any other provision of law, until the number of vessel permits required by ORS 508.880 reaches 235:

(1) For calendar year 1987, those persons who delivered pink shrimp by use of a single delivery license referred to in ORS 508.285 during calendar year 1986 are eligible to obtain a permit.

(2) For calendar year 1988, those persons who deliver pink shrimp from their own boats by use of a single delivery license referred to in ORS 508.285 during calendar year 1987 are eligible to obtain a permit, giving priority in the order of the date of delivery. [1987 c.912 §11]

508.889 Issuance of permits limited. Except as provided in ORS 508.904, no new vessel permits shall be issued. [1979 c.613 §15; 1989 c.940 §12; 1995 c.602 §23]

508.892 Renewal of permit. (1) An individual who obtained the permit required by ORS 508.880 for a particular

calendar year is eligible to obtain renewal of the permit in a subsequent calendar year, upon application by December 31 of the permit year and payment of the fees therefor and upon obtaining the annual boat license referred to in ORS 508.285 not later than December 31 of each year.

(2) An individual who permanently loses the services of a vessel through capsizing, sinking, fire, collision or other catastrophic accident shall remain eligible to obtain a vessel permit for a replacement vessel for two years from the date of loss. [1979 c.613 §16; 1981 c.365 §6; 1985 c.453 §1; 1987 c.912 §8; 1995 c.602 §24; 1999 c.165 §1]

508.895 Considerations in determining eligibility for permit. In making determinations regarding renewal of the permits required by ORS 508.880, the State Department of Fish and Wildlife and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question. [1979 c.613 §17; 1989 c.940 §13]

508.898 Permit revocation procedure. The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.880 in the manner provided in ORS 508.485 and 508.490. [1979 c.613 §18]

508.901 Fee; application form; rules. (1) The annual fee for the vessel permit required by ORS 508.880 is \$75.

(2) Applications shall be in such form and contain such information as the State Department of Fish and Wildlife, by rule, may prescribe. [1979 c.613 §19; 1981 c.43 §2; 1987 c.912 §7; 1991 c.701 §15]

508.904 Lottery system for permit issuance. (1) Except as provided in subsection (2) of this section, if the number of permits renewed under ORS 508.892 falls below 150, the State Department of Fish and Wildlife shall issue permits by lottery systems for vessels that do not meet such requirements, first among those individuals who landed pink shrimp pursuant to a single delivery license referred to in ORS 508.285, and then among all other individuals making application therefor. However, the number of permits issued pursuant to any such lottery system may not increase the total number of permits issued beyond 150.

(2) The department shall consider a permit transferred to, purchased by or otherwise held by the federal government as a permit renewed under ORS 508.892. A permit transferred to, purchased by or otherwise held by the federal government is a permit under the limit of 150 permits established by this section. [1979 c.613 §20; 1981 c.365 §7; 1987 c.912 §6; 1989 c.940 §15; 1995 c.602 §25; 2001 c.235 §2]

508.907 Permit transfer restrictions. (1) The vessel permit required by ORS 508.880 is transferable:

(a) To a replacement vessel of the permit holder. A replacement is any vessel that is purchased for any reason to replace a vessel previously owned by and licensed to the permit holder;

(b) To the purchaser of the vessel when the vessel is sold; or

(c) To a replacement vessel owned by an individual other than the permit holder. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void.

(2) A permit may be transferred to a vessel of greater length only if that vessel is within 5 feet in overall length of the vessel from which the permit is being transferred. This provision does not apply if the permit is being transferred from one vessel owned by an individual to another vessel not exceeding 80 feet in length that is owned by the same individual.

(3) A permit may not be transferred to another vessel more than once in a 12-month period. However, the Commercial Fishery Permit Board may waive the waiting period if the board finds that strict adherence to the waiting period would create undue hardship for the individual seeking transfer of the permit. [1979 c.613 §21; 1981 c.365 §8; 1995 c.602 §26; 1999 c.165 §2]

508.908 Limits on authority of Commercial Fishery Permit Board to prohibit transfer of valid pink shrimp vessel permits. The Commercial Fishery Permit Board may not prohibit the transfer under ORS 508.907 of a valid ocean pink shrimp vessel permit on the basis that:

(1) The vessel for which the permit was issued did not participate in the ocean pink shrimp fishery for three or more preceding consecutive years to annually land at least 5,000 pounds of shrimp in Oregon, California or Washington; or

(2) The holder of the permit did not obtain an exemption from the catch requirement. [1999 c.165 §4]

Note: 508.908 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

508.910 Review of permit denial; fee; rules; limitation on transfer of certain permits. (1) An individual whose application for renewal of the permit required by ORS 508.880 is denied by the State Department of Fish and Wildlife may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the State Fish and Wildlife Commission. The request shall be in such form and shall contain such information as the board considers appropriate. The request shall be accompanied by a nonrefundable fee of \$75. Such fee shall apply toward the permit fee of successful applicants.

(2) In accordance with any applicable provision of ORS 183.310 to 183.550, the board shall review denials of applications for renewal of permits. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.550. The board may waive requirements for renewal of permits if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS 183.310 to 183.550, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive requirements for renewal of permits. [1979 c.613 §22; 1981 c.365 §9; 1989 c.940 §14; 1995 c.602 §27; 1999 c.165 §3]

508.913 Issuance of permits for vessels engaged in groundfish fishery; permit transfer restriction. (1) The Commercial Fishery Permit Board is authorized to receive applications and issue ocean pink shrimp vessel permits for 1982 to trawl vessel owners for those vessels that did not qualify for or receive an ocean pink shrimp permit in 1980, if the board finds that the vessel has been actively engaged in Oregon's groundfish fishing since January 1, 1974, or entered that fishery subsequent to January 1, 1974, but prior to July 1, 1979, and has continued to be actively engaged in that Oregon fishery.

(2) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, an ocean pink shrimp vessel permit acquired pursuant to subsection (1) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the ocean pink shrimp fishery for two or more calendar years. [1981 c.365 §22]

508.915 Negotiations to establish reciprocal agreements pertaining to pink shrimp. The State Fish and Wildlife Director shall work with the appropriate authorities in the states of California and Washington to negotiate reciprocal agreements that would allow vessels registered under the laws of those states to land pink shrimp in Oregon to the same extent that vessels registered in Oregon may land pink shrimp in California or Washington. [1999 c.164 §6]

Note: 508.915 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 508 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

508.920 [1979 c.613 §10; 1983 c.419 §3; 1987 c.374 §3; 1995 c.484 §8; renumbered 508.755 in 1995]

(Ocean Dungeness Crab Fishery)

508.921 Findings; rules. The Legislative Assembly finds that the Oregon ocean Dungeness crab fishery is overcapitalized. This overcapitalization has led to economic destabilization of the ocean Dungeness crab industry and the coastal communities relying on the crab harvest and can cause excessive harvesting pressure on Oregon's ocean Dungeness crab resources. Since the state legislatures of Washington and California have enacted programs restricting participation in the ocean Dungeness crab fishery, the possibility of increased effort in Oregon coastal waters by displaced vessels is increased. Notwithstanding any other provision of the commercial fishing laws, in order to promote the economic well-being of the Oregon ocean Dungeness crab industry and the coastal communities relying on the harvest, to protect the livelihood of participants in the Oregon ocean Dungeness crab fishery who have historically and continuously participated in the ocean Dungeness crab fishery and to prevent a concentration of fishing effort, the State Fish and Wildlife Commission by rule shall establish a system for restricting participation in the Oregon ocean Dungeness crab fishery. [1995 c.484 §2]

508.926 Vessel permit required to engage in fishery; purchase of crab by dealer from individual without permit prohibited. (1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the ocean Dungeness crab fishery without first obtaining a vessel permit issued pursuant to ORS 508.931 or 508.941.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive ocean Dungeness crab taken in the ocean fishery from a vessel for which the permit required by subsection (1) of this section has not been issued.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1995 c.484 §3]

508.931 Eligibility for permit. (1) The system established under ORS 508.921 shall provide initial eligibility for vessels to participate in the ocean Dungeness crab fishery seasons established by the State Fish and Wildlife Commission, beginning on December 1, 1995, with a transferable ocean Dungeness crab permit only if:

(a) The vessel for which application is made was continuously licensed pursuant to ORS 508.260 for the calendar years 1991 through 1994, and was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1988, and December 31, 1994;

(b) The vessel for which application is made was under construction between December 1, 1988, and August 14, 1991, for the purpose of ocean Dungeness crab fishing in waters of this state, and the vessel lawfully landed into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1988, and December 31, 1994, and was licensed as an Oregon vessel from the date of completion;

(c) The vessel for which application is made was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1991, and December 31, 1994, and is owned by a person who, prior to December 31, 1994, sold a vessel that was used prior to sale in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 500 pounds of ocean Dungeness crab in each of two crab fishing seasons between December 1, 1988, and December 31, 1994, and who, as a condition of the sale, retained the sold vessel's commercial fishing rights to fish for ocean Dungeness crab in the ocean waters of Oregon;

(d) The vessel for which application is made was continuously licensed pursuant to ORS 508.260 for the calendar years 1991 through 1994, was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 10,000 pounds of ocean Dungeness crab in one crab fishing season between December 1, 1988, and December 31, 1994, and the owner of the vessel on December 31, 1994, demonstrates possession of one or more vessel licenses described in ORS 508.260 in each of 10 separate years during the period December 1, 1980, to December 31, 1994; or

(e) The vessel for which application is made was licensed pursuant to ORS 508.260 during 1994, is 26 feet or less in length and was used in the ocean Dungeness crab fishery to lawfully land into Oregon ports at least 100 pounds of ocean Dungeness crab in at least one crab fishing season between December 1, 1988, and December 31, 1994.

(2) As used in this section:

(a) "Crab fishing season" is the time period from December 1 of one year through August 14 of the next year.

(b) "Owner" includes any ownership interest in a vessel, including interests arising from partnership or corporation. [1995 c.484 §4]

508.936 Permit transfer restrictions. (1) The system established under ORS 508.921 shall include provisions to make the vessel ocean Dungeness crab permit required by ORS 508.926 transferable:

(a) To another vessel; or

(b) To the purchaser of the vessel when the vessel is sold.

(2) The vessel to which a permit is transferred shall not be:

(a) More than 10 feet longer than the vessel from which the permit is transferred; and

(b) More than 99 feet in length.

(3) Notwithstanding subsection (2) of this section, a permit issued to a vessel under ORS 508.931 (1)(e) shall be transferred only to a vessel that is 26 feet or less in length.

(4) Transfer of a permit under this section is subject to the approval of the State Department of Fish and Wildlife according to such rules as the State Fish and Wildlife Commission may adopt. Any transfer of a permit from a vessel without the written consent of each person holding a security interest in the vessel is void.

(5) A vessel ocean Dungeness crab permit shall not be transferred to another vessel more than once in a 60-month period. However, the Commercial Fishery Permit Board may waive the waiting period if the board finds that strict adherence to the waiting period would create undue hardship for the individual seeking transfer of the permit.

(6) For purposes of this section, the length of a vessel shall be determined by the manufacturer's specification of overall length, United States Coast Guard documentation stating overall length or a survey of overall length by a certified marine surveyor, as the State Fish and Wildlife Commission by rule shall establish. [1995 c.484 §5]

508.941 Review of eligibility determinations; reciprocity with other states; fee. (1) The system established under ORS 508.921 shall include any other provisions for participation that the State Fish and Wildlife Commission considers appropriate.

(2) Any determination by the commission regarding the eligibility of a vessel to participate in the ocean Dungeness crab commercial fishery or to transfer participation rights is subject to review by the Commercial Fishery Permit Board, in accordance with ORS 183.310 to 183.550. The board may waive the eligibility requirements contained in ORS 508.931 if the board finds that the individual fails to meet the requirements as the result of illness, fire, sinking, accident or other circumstances beyond the individual's control. In making a determination of eligibility under this section, the board shall consider the applicant's history of participation in the Oregon ocean Dungeness crab fishery. If a vessel for which application is made is owned by a person who has served in the Armed Forces of the United States and the person establishes that a service-related disability prevented the person from lawfully landing crab in two seasons during the prescribed time period, there is a rebuttable presumption in favor of issuing an illness waiver for one of the two seasons of lawfully landing crab in Oregon required under ORS 508.931 so as to require the landing of crab in only one season during the prescribed time period. The rebuttable presumption created by this subsection may be overcome only by clear and convincing evidence that the service-related disability of the person did not prevent the person from lawfully landing crab in two seasons during the prescribed time period. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.550.

(3) A commercial fishing vessel that holds a valid Washington or California permit to fish for ocean Dungeness crab shall be eligible to participate in the Oregon ocean Dungeness crab fishery provided there is reciprocal statutory authority in Washington or California that provides for equal access for vessels holding Oregon ocean Dungeness crab permits to Washington or California coastal waters and Washington waters of the Columbia River. If such reciprocal statutory authority exists, a vessel licensed by Washington or California is eligible to participate in accordance with rules that establish reciprocal border agreements that recognize traditional fishing patterns.

(4) The annual fee to participate in the ocean Dungeness crab fishery is \$75, except that the fee for 1995 is waived. [1995 c.484 §6; 1997 c.837 §9]

GROUND FISH PERMIT BUYBACK PROGRAM

Note: Sections 2 to 6, chapter 953, Oregon Laws 2001, provide:

Sec. 2. (1) The Commercial Fisheries Permit Buyback Fund is created in the State Treasury, separate and distinct from the General Fund. All moneys in the fund are continuously appropriated to the State Fish and Wildlife Commission for the purpose of repaying moneys advanced by the federal government under a fleet reduction, groundfish permit buyback program established by the federal government. Interest earned on the moneys in the fund shall be credited to the fund.

(2) The fund consists of moneys collected by the commission pursuant to section 3 of this 2001 Act, moneys appropriated to the fund by the Legislative Assembly for the purpose described in subsection (1) of this section and any gifts, grants or donations. [2001 c.953 §2]

Sec. 3. (1) The State Fish and Wildlife Commission shall collect a fee from persons licensed under ORS 508.025 to repay the federal government for moneys advanced by the federal government under a fleet reduction, groundfish permit buyback program established by the federal government.

(2) The commission shall adopt a fee schedule by rule for the collection of the fee required by subsection (1) of this section. The fee schedule adopted shall limit the total amount of moneys collected through the fee to the minimum amount necessary to repay the moneys advanced by the federal government. Additionally, the commission shall adjust the fee schedule such that the money collected from each person licensed under ORS 508.025 is proportional to the benefits derived from the permit buyback program by persons holding permits issued under the following statutes:

(a) Ocean troll salmon fishery, ORS 508.801 to 508.825;

(b) Ocean pink shrimp fishery, ORS 508.880, 508.883 and 508.889 to 508.910; and

(c) Ocean Dungeness crab fishery, ORS 508.926, 508.931 and 508.941.

(3) Notwithstanding ORS 506.306, the commission shall deposit moneys collected pursuant to this section in the Commercial Fisheries Permit Buyback Fund. [2001 c.953 §3]

Sec. 4. The State Fish and Wildlife Commission may not assess the fee specified under section 3 of this 2001 Act until after the federal government creates the fleet reduction, groundfish permit buyback program. [2001 c.953 §4]

Sec. 5. Sections 2 and 3 of this 2001 Act are repealed on January 2, 2006. [2001 c.953 §5]

Sec. 6. Any balance in the Commercial Fisheries Permit Buyback Fund that is unexpended and unobligated on January 2, 2006, and all moneys that would have been deposited in the Commercial Fisheries Permit Buyback Fund had sections 2 and 3 of this 2001 Act remained in effect, shall be transferred to and deposited in the General Fund. [2001 c.953 §6]

508.990 [Amended by 1961 c.231 §1; repealed by 1965 c.570 §152]
