ACQUISITION, MANAGEMENT AND DEVELOPMENT OF STATE FORESTS

530.010 State Board of Forestry authorized to acquire lands; limitations; lands designated as state forests.

(1) The State Board of Forestry, referred to in this chapter as the board, in the name of the State of Oregon, may acquire, by purchase, donation, devise or exchange from any public, quasi-public or private owner, lands which by reason of their location, topographical, geological or physical characteristics are chiefly valuable for the production of forest crops, watershed protection and development, erosion control, grazing, recreation or forest administrative purposes.

(2) The board shall not acquire any land without prior approval, duly made and entered, of the county court or board of county commissioners of the county in which the lands are situated.

(3) Lands acquired under the provisions of this section shall be designated as state forests. [Amended by 1953 c.43 §2; 1967 c.396 §1]

530.020 Conditions precedent to acceptance of title; approval by Attorney General; suit to quiet title; deeds, deposit and recordation.

Title to all lands acquired by the board under ORS 530.010 shall be free and clear of all encumbrances except easements of rights of way and reservations or exceptions of gas, oil, coal, mineral and timber rights. All titles shall be approved by the Attorney General before conveyance is accepted. However, the Attorney General may approve title to lands proposed to be acquired from counties under the provisions of ORS 530.030 or proposed to be acquired by donation or devise when, in the opinion of the Attorney General, existing defects of title are of formal nature and may be cured by suit to quiet title. In case of acquisition of lands with defective title, the Attorney General may institute suit to quiet title to such lands, and all costs in connection therewith shall be a proper charge against the funds of the board. All deeds, abstracts, title insurance policies, and other evidences of title to lands acquired under ORS 530.010 to 530.040 shall be deposited with the Secretary of State. All deeds shall promptly be

recorded in the county in which the lands are situated. [Amended by 1955 c.421 §1]

530.030 Conveyance of county lands to state; consideration; adjustment of delinquent fire patrol liens; contracts concerning removal of timber and disposition of proceeds from sale thereof. (1) The county court or board of county commissioners of any county may convey to the state for state forests any lands heretofore or hereafter acquired by such county through foreclosure of tax liens, or otherwise, which are within the classification of lands authorized to be acquired under ORS 530.010, if the board deems such lands necessary or desirable for acquisition, in consideration of the payment to such county of the percentage of revenue derived from such lands as provided in ORS 530.110. In connection with any such conveyance the board shall have authority to make equitable adjustments with any county of accrued delinquent fire patrol liens on lands heretofore or hereafter acquired by such county by foreclosure of tax liens.

(2) As to such lands acquired by the board with title to the timber remaining in the county for a designated period of time, the State Forester may enter into contracts with the county to supervise the removal and sale of such timber and under such contracts the gross proceeds of the sale thereof shall be disposed of as follows:

(a) Ten percent of such gross proceeds shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used exclusively for the purposes and under the limitations set out in ORS 530.110 (1)(a).

(b) A percentage of such gross proceeds shall be accepted by the State Forester, pursuant to written contract with the county authority, as compensation for the supervision and management of county-owned timber; the moneys so derived shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used exclusively for the supervision and management of state forests acquired pursuant to ORS 530.010. [Amended by 1953 c.65 §5; 1957 c.83 §13; 1965 c.423 §1]

530.040 Exchange of forestland or timber; reservations; hearing; approval of title; status of lands received.

(1) It is desirable that lands acquired under the provisions of ORS 530.010 shall be consolidated in areas wherever possible through exchanges of land. It is recognized that the management of state forests will be more economically feasible through such consolidation.

(2) In order to accomplish the objectives of subsection (1) of this section, the board may exchange any land acquired under the provisions of ORS 530.010, or may exchange the timber on such land, for land of approximately equal aggregate value, situated in the same county, when such exchange is in furtherance of the purposes of ORS 530.010; provided, however, the board may exchange land or timber situated in one county or counties for land situated in another county or counties if such exchange is first approved by the county court or board of county commissioners of each county involved; and provided further, that either party to any such exchange may make reservations of easements, rights of use and other interests and rights. Under the authority granted in this section the board may provide or receive, in addition to land to be exchanged, a monetary consideration where necessary to make the values comply with this subsection.

(3) Before making any such exchange the board shall hold a hearing thereon at the courthouse of the county in which such lands are situated and shall give notice of the time and place thereof by publication in two successive issues of a newspaper of general circulation published in such county. The notice shall contain a description of the lands to be given and to be received in the proposed exchange. However, no such exchange shall be made until the title to the lands to be received has been approved by the Attorney General.

(4) All lands received in exchange shall have the same status and be subject to the same provisions of law as the lands given in exchange therefor. [Amended by 1955 c.421 §2; 1959 c.103 §1; 1967 c.396 §2]

530.050 Management of lands acquired; powers of forester. Under the authority and direction of the State Board of Forestry except as otherwise provided for the sale of forest products, the State Forester shall manage the lands acquired pursuant to ORS 530.010 to 530.040 so as to secure the greatest permanent value of such lands to the state, and to that end may:

(1) Protect the lands from fire, disease and insect pests, cooperate with the counties and with persons owning lands within the state in such protection and enter into all agreements necessary or convenient therefor.

(2) Sell forest products from the lands, and execute mining leases and contracts as provided for in ORS 273.551.

(3) Permit the use of the lands for other purposes, including but not limited to forage and browse for domestic livestock, fish and wildlife environment, landscape effect, protection against floods and erosion, recreation, and protection of water supplies when, in the opinion of the board, such use is not detrimental to the best interest of the

state.

(4) Grant easements, permits and licenses over, through and across the lands; also, may require and collect reasonable fees or charges relating to the location and establishment of easements, permits and licenses granted by the state over such lands, which moneys shall be used for the expenses of such location and establishment. Any moneys derived hereunder shall be placed in the State Forestry Department Account and used exclusively for such purposes.

(5) Require and collect fees or charges for the use of state forest roads, which moneys shall be used for purposes of maintenance and improvements of such roads. Any moneys derived hereunder shall be placed in the State Forestry Department Account and used exclusively for such purposes.

(6) Reforest the lands and cooperate with the counties, and with persons owning timberlands within the state, in such reforestation, and make all agreements necessary or convenient therefor.

(7) Require such undertakings as in the opinion of the board are necessary or convenient to secure performance of any contract entered into under the terms of this section, or ORS 273.551.

(8) Sell rock, sand, gravel, pumice and other such materials from the lands; such sale may be negotiated without bidding provided the appraised value of such does not exceed \$2,500.

(9) Enter into agreements, each for not more than 10 years duration, for the production of minor forest products.

(10) Establish a forestry carbon offset program to market, register, transfer or sell forestry carbon offsets. In establishing the program, the forester may:

(a) Execute any contracts or agreements necessary to create opportunities for the creation of forestry carbon offsets; and

(b) Negotiate prices that are at, or greater than, fair market value for the transfer or sale of forestry carbon offsets.

(11) Do all things and make all rules, not inconsistent with law, necessary or convenient for the management, protection, utilization and conservation of the lands. [Amended by 1953 c.65 §5; 1955 c.421 §3; 1957 c.228 §1; 1959 c.141 §1; 1963 c.475 §1; 1965 c.128 §1; 1967 c.396 §3; 1983 c.759 §9; 2001 c.752 §8]

530.055 Leasing lands acquired. Except as limited in this section but subject to separate sale of forest products under ORS 530.059, lands acquired under ORS 530.010 to 530.040 may be leased by the State Forester to any person when approved by the State Board of Forestry and for purposes deemed by the board to be more in the public interest than the purposes for which the land was acquired. [1965 c.128 §3]

530.059 Procedure for sales of forest products; surety deposit required of bidder. (1) Before offering any forest products for sale under authority of ORS 530.050 or 530.500, the State Forester shall cause the forest products to be appraised. Should the appraised value of the forest products be in excess of \$25,000, the State Forester shall not sell the same to a private person, firm or corporation, except after giving notice of the sale as required by this section, and affording an opportunity for competitive bidding either by public auction or through sealed bids, or a combination of both; provided, however, that such notice and opportunity for competitive bidding will not be required for sales in connection with:

(a) Experimental or research projects in the field of forestland management or forest product utilization.

(b) The removal, injury or destruction of forest products necessitated by any grant of easement or right of way, or necessitated by a permit or license to use a right of way, including trees which may endanger the use of such easement or way.

(c) The removal of forest products with an appraised value of less than \$100,000 that, as a result of an act of nature or other unforeseen circumstance:

(A) Pose a threat to the health of the forests, waterways or forest road infrastructures; or

(B) Will lose value as a result of potential theft.

(d) The removal of forest products with an appraised value of less than \$100,000 to facilitate the development, placement or maintenance of forest road infrastructures.

(2) The State Forester shall give the notice required by subsection (1) of this section by mail to all persons requesting such notice and in such other media of communication as the State Forester may deem advisable. The State Forester shall maintain a mailing list with the names and addresses of persons who have requested to receive State Forestry Department notices of timber sales. The notice shall describe the forest products to be sold and the land on which such products are situated, state the minimum price at which the same may be sold, and contain a brief statement of the terms of the sale. As a provision of each sale, the State Forester shall reserve the right to accept or reject any or all bids.

(3) Prior to or at the time the State Forester receives bids, each bidder shall furnish the State Forester with a

certified check, cashier's check, money order, surety bond, cash deposit, assignment of surety, irrevocable letters of credit or other securities as determined acceptable by the State Forester in an amount designated by the State Forester but said amount shall not exceed 10 percent of the minimum price of the forest products to be sold, which check, order or deposit, in the case of the successful bidder, shall be retained by the State Forester as a credit toward payment of the purchase price of the forest products sold, and which, in the case of the unsuccessful bidders, shall be returned to them after determination of the successful bid. Any checks, bonds or orders furnished under this subsection shall be made payable to the State of Oregon.

(4) The State Forester is authorized to require and accept a surety bond, cash deposit, assignment of surety, irrevocable letters of credit or other securities as determined acceptable by the State Forester. Claims against such bond shall be made to the State Forester for determination. If the claim is disputed, the forester may request settlement of the claim through compromise or mediation or require the claim to be litigated.

(5) If the provisions of this section have been complied with, and no satisfactory bid has been received, or the bidder fails to complete the purchase, the State Forester may, at any time, during a period of six months after the advertised date of sale, sell the forest products in such manner as the forester deems appropriate, but the sale price shall not be less than the minimum terms offered in the notice of sale or the highest bid received, whichever is the larger amount. [1959 c.141 §4; 1963 c.475 §2; 1967 c.396 §4; 1975 c.185 §7; 1983 c.759 §10; 1987 c.324 §1; 1995 c.375 §3; 1997 c.285 §1]

530.060 [Repealed by 1957 c.229 §1]

530.065 Modifying timber sale contracts. (1) During the period of a timber sale contract made under ORS 530.059, either party may propose to change or modify the terms of the contract if unforeseen circumstances develop. As used in this subsection, "unforeseen circumstances" means acts of nature or other unforeseen circumstances or conditions that:

(a) Affect the nature or scope of the work to be performed or volume to be harvested under the terms of the sale contract made by the State Forester; or

(b) Require additional work or harvest in an area adjacent to a timber sale made by the State Forester.

(2) The State Forester is hereby authorized to change or modify the terms or conditions of the contract in the event of unforeseen circumstances requiring such change or modification under subsection (1) of this section only when:

(a) Such change or modification is in the best interest of the State of Oregon; and

(b) The purchaser of the timber sale agrees that the proposed change or modification will maintain an equitable contractual relationship between the parties. [1965 c.128 §2; 1983 c.759 §11; 1997 c.285 §2]

530.070 [Repealed by 1957 c.229 §1]

530.075 Validation of state acquisition of county land; purposes for which land may be used; disposition of revenue. (1) Notwithstanding ORS chapter 275 or any other law, deeds of conveyance or other instruments transferring county forests, public parks or recreational areas, from a county to the State of Oregon, either acting by and through or for the use and benefit of the State Board of Forestry, are validated and shall be conclusive evidence of the transfer of such lands from the county to the state.

(2) The State Board of Forestry shall use, manage and develop such lands for the purposes designated in ORS 275.320 if such lands are suitable for such purposes; otherwise, the lands shall be used for the purposes stated in ORS 530.010 and any revenue derived from the sale of forest products from such lands shall be disposed of in accordance with the provisions of ORS 530.110 (2). In other instances where the county received title to the land from a grantor with the provision that the land be used for particular purposes, this section shall not be construed to obviate such purposes. [1963 c.475 §3]

530.080 [Repealed by 1957 c.229 §1]

530.090 [Repealed by 1957 c.229 §1]

530.110 Distribution of revenues from lands acquired under ORS 530.010 to 530.040. (1) All revenues derived

from lands acquired without cost to the state, or acquired from counties pursuant to ORS 530.030, shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used exclusively for the purposes stated in subsection (3) of this section, and in accordance with the following distribution:

(a) Fifteen percent shall be credited to the State Forests Protection Subaccount of the State Forestry Department Account until the amount in such subaccount shall reach \$475,000. Thereafter, the revenues shall be disposed of as stated in paragraphs (b) and (c) of this subsection, unless needed to maintain the \$475,000 level. All moneys in the State Forests Protection Subaccount are appropriated continuously to the State Forester who may use such money under the following priorities:

(A) First, in addition to or in lieu of other moneys available, to pay the cost of protection, as determined under ORS 477.270, for lands acquired under ORS 530.010 to 530.040.

(B) Second, to provide moneys needed for activities authorized by subsection (3) of this section.

(C) From remaining moneys, to pay costs incurred in the suppression of fire originating on or spreading from an operation area, as defined in ORS 477.001, on state-owned forestland acquired under ORS 530.010 to 530.040. The State Forester shall make payments with approval of the board for such fire suppression costs; except that no payments shall be made for such costs or portion thereof when other parties are responsible under law or contracts for the payment of such costs.

(b) Seventy-five percent of all such revenues remaining after the percentage disposed of as stated in paragraph (a) of this subsection, shall be disposed of as provided in ORS 530.115.

(c) Twenty-five percent of all such revenues remaining after the percentage disposed of as stated in paragraph (a) of this subsection, shall be used for the purposes set out in subsection (3) of this section.

(2) All revenues from lands other than lands designated in subsection (1) of this section, acquired under ORS 530.010 to 530.040, shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be used exclusively for the purposes stated in subsection (3) of this section, and in accordance with the following distribution:

(a) Until each legal subdivision of the lands has been credited with an amount equal to the purchase price thereof, the revenues shall reimburse the State Forestry Department Account. If sufficient revenue to reimburse the State Forestry Department Account is not generated from the purchased parcels within five years from the date of acquisition, the State Forester, with the consent of the affected county, shall deduct all or portions of the unreimbursed purchase costs from the revenue distributed to that county in accordance with ORS 530.115 (1). Thereafter paragraphs (b), (c) and (d) of this subsection apply.

(b) The percentage required under subsection (1)(a) of this section shall be credited to the State Forests Protection Subaccount, thereafter, the revenues shall be disposed of as stated in paragraphs (c) and (d) of this subsection.

(c) Seventy-five percent of all such revenues remaining after paragraphs (a) and (b) of this subsection have been complied with, shall be disposed of as provided in ORS 530.115.

(d) Twenty-five percent of all such revenues remaining after the percentage disposed of as stated in paragraphs (a) and (b) of this subsection, shall be used for the purposes set out in subsection (3) of this section.

(3) The moneys in the State Forestry Department Account derived from those percentages of revenues set out in subsections (1)(c) and (2)(d) of this section shall be used for the redemption of Oregon forest development revenue bonds and payment of interest thereon, for the acquisition, development and management of forestlands and for such other purposes as are necessary in carrying out ORS 530.010 to 530.110. [Amended by 1953 c.65 §5; 1957 c.83 §14; 1965 c.317 §6; 1965 c.423 §2; 1969 c.428 §1; 1991 c.459 §423; 1991 c.876 §1; 1997 c.249 §180]

530.115 Disposition of certain moneys described in ORS 530.110; disposition of forest product rehabilitation revenues. (1) Except as set forth in subsection (2) of this section, moneys described in ORS 530.110 (1)(b) and (2)(c) shall be credited to the county in which the lands are situated and shall be paid quarterly to the county by a warrant drawn as provided by law, pursuant to claim therefor, duly approved by the board. Payment shall be made on or before the last day of each month following the end of the calendar quarters ending on March 31, June 30, September 30 and December 31. Money received under this subsection by the county shall be applied in the following order:

(a) The county general fund shall be reimbursed for all costs and expenses incurred by the county in the maintenance and supervision of such lands and in any suits by it to quiet its title to lands conveyed to the state; provided that the proceeds so applied shall not be less than 10 percent of the total proceeds received.

(b) Twenty-five percent of the remainder of the money shall be credited and paid into the county school fund created under ORS 328.005.

(c) The remainder of the money shall be by the county prorated and apportioned to the various taxing districts in

which the lands are situated in the proportion that the rate of tax levy in each district as shown by the tax levy filed with the assessor for the last year in process of collection, bears to the total rate of tax levy of all such taxing bodies for such year.

(2) After payment of the principal and interest of each bond issue issued pursuant to ORS 530.210 to 530.280, 20 percent of the moneys derived from forest products created through expenditures of moneys available from such bond issue shall be credited to the General Fund until the state is reimbursed for its costs under the bond issue in that county. However, the governing body of the county in its discretion may authorize a higher percentage of that county's allocation for any year to be so credited to the General Fund. [1969 c.428 §3; 1969 c.595 §16; 1973 c.436 §2; 1977 c.840 §17]

530.120 Account of receipts from lands acquired; annual statement to county. The board shall keep an accurate account, by legal subdivisions, of all receipts from lands acquired under the provisions of ORS 530.010 to 530.040 and shall credit to each legal subdivision the revenues derived therefrom. The board shall render annually to each county in which lands acquired under the provisions of ORS 530.010 to 530.040 are situated, a statement, by legal subdivisions, showing the revenues derived from each of such legal subdivisions.

530.130 Bonds may be sold or exchanged for lands. (1) In compliance with the applicable provisions of ORS 286.031 to 286.051 and 286.061, the board may issue the revenue bonds described in ORS 530.140 in exchange for lands selected by it in accordance with ORS 530.010, or may sell such bonds in such manner as it deems advisable. Should the bonds be sold by the board, the proceeds shall be paid into the State Treasury and credited to the State Forestry Department Account and shall be expended only by warrant of the Oregon Department of Administrative Services in the payment of vouchers bearing the approval of the board in the purchase of lands, as provided in ORS 530.010.

(2) Lands proposed to be taken in exchange for bonds shall first be appraised by the board and the appraisal approved by the Division of State Lands. [Amended by 1957 c.83 §15; 1959 c.209 §1; 1975 c.614 §17; 1981 c.660 §43]

530.140 Forest development revenue bonds. (1) The board may sell revenue bonds of the State of Oregon, to be known as Oregon forest development revenue bonds, in an amount not exceeding \$500,000 in denominations not exceeding \$1,000 each. The bonds shall not constitute a general obligation of the state, nor be a lien on any of the lands acquired by the state under ORS 530.010.

(2) The bonds shall bear interest at a rate to be determined by the board, but not to exceed four percent per annum, payable semiannually at the office of the State Treasurer. The bonds shall be numbered consecutively, beginning with number one, and shall be due 50 years from date of issue, but shall be payable when sufficient moneys are available therefor in the State Forestry Department Account, as provided in ORS 530.150.

(3) The bonds shall be payable to bearer and shall have interest coupons attached, which shall also be payable to bearer. The holder of any such bond may have the ownership of the bond registered with the State Treasurer with respect to the principal of the bond. The registered owner of any bond may have such bond changed to be payable to bearer by filing with the State Treasurer an irrevocable bond power, transferring all rights in the bond to bearer.

(4) The board shall keep a record of every purchaser of the bonds as originally issued. [Amended by 1957 c.83 §16]

530.150 Redemption of bonds. (1) When funds are available therefor, as provided in ORS 530.110, the board shall cause to be published in a newspaper of general and wide circulation in the state a notice of call for redemption at par and accrued interest of sufficient revenue bonds to utilize such funds. The notice shall be published not less than twice, the second publication to be not less than 14 days after the first and not less than 30 days prior to the date of such call.

(2) The bonds shall be called in numerical order, beginning with the lowest number, and shall cease to draw interest after the date fixed for redemption. Interest and principal of the bonds shall be payable solely from the moneys available for such purposes in the State Forestry Department Account.

(3) Not less than 10 days before the date set by the board for redemption of any of the revenue bonds, or the refunding bonds issued under ORS 530.160, the board shall certify to the State Treasurer the amount necessary to pay such redemption. Upon receipt of the certificate, the treasurer shall prepare and verify a claim for the amount set out therein, attaching thereto the certificate, and present the same to the Oregon Department of Administrative Services

which shall issue a warrant therefor payable out of the moneys available for such purposes in the State Forestry Department Account.

(4) All bonds and interest coupons upon payment shall be deposited by the State Treasurer with the Oregon Department of Administrative Services, to be attached to the original claim of the State Treasurer for payment. [Amended by 1957 c.83 §17; 1975 c.614 §18]

530.160 Refunding of bonds. If the revenue bonds have not been redeemed within 50 years of the date of issue as provided in ORS 530.140, the board shall cause to be sold refunding bonds in an amount sufficient to provide funds for the redemption of such unredeemed bonds as have been outstanding for 50 years, the proceeds of the sale of which refunding bonds shall be used solely for the purpose of calling and paying such bonds and coupons so refunded. The refunding bonds shall be of like tenor as those refunded, and shall be payable only from the moneys available for such purposes in the State Forestry Department Account. The bonds shall show by indorsement thereon that their legality has been approved by the Attorney General of Oregon. [Amended by 1957 c.83 §18]

530.170 Disposition of revenues from lands acquired under former statute. Revenues from lands acquired by the state pursuant to section 5, chapter 478, Oregon Laws 1939, shall be disposed of as provided by law at the time of such acquisition; provided that the county court or board of county commissioners of any county from which such lands were acquired may, by resolution duly made and entered, and delivery of a certified copy thereof to the board, elect to have such revenues disposed of as provided in ORS 530.110 (1). [Amended by 1957 c.83 §19]

ELLIOTT STATE FOREST; COMMON SCHOOL FOREST LANDS

530.450 Withdrawal from sale of Elliott State Forest. Any lands in the national forests on February 25, 1913, selected by, and patented to, the State of Oregon, for the purpose of establishing a state forest, hereby are withdrawn from sale except as provided in ORS 530.510. The state forest shall be known as the Elliott State Forest. [1957 c.240 §1]

530.460 Lands suited for growing forest products to be designated Common School Forest Lands and withdrawn from sale. (1) The Division of State Lands and the State Board of Forestry shall designate and set aside those lands owned by the State of Oregon, under the jurisdiction of the division, which are primarily suited for the growing of timber and other forest products.

(2) The state-owned lands shall be designated and set aside pursuant to ORS 530.470 and 530.480, and when so designated and set aside, shall be known as the Common School Forest Lands and hereby are dedicated for the primary purposes stated in subsection (1) of this section and shall be withdrawn from sale except as provided in ORS 530.450 to 530.520. [1957 c.240 §2; 1967 c.396 §5]

530.470 Determination of lands to be designated Common School Forest Lands. (1) Periodically as is necessary, the Division of State Lands and the State Board of Forestry shall proceed to designate and set aside Common School Forest Lands as rapidly as forestry data and information are obtained from field examinations of the lands eligible for dedication under ORS 530.450 to 530.520.

(2) Any lands so designated and set aside may, at any time, be returned to their original status by similar actions of said agencies, if said lands are to be used for higher and better use for the general public, including the sale of said lands where lawful. [1957 c.240 §3; 1967 c.396 §6]

530.480 Legal descriptions of lands; resolutions of State Land Board and State Board of Forestry. As the Common School Forest Lands are determined as required by ORS 530.450 to 530.520, such lands shall be described by legal subdivision. The State Land Board and the State Board of Forestry, respectively in their regular meetings, shall by separate board resolutions designate and set aside such lands as a part of the Common School Forest Lands; lands in the Elliott State Forest, as determined by ORS 530.450, shall be similarly described and reserved. A copy of each board resolution certified by the Director of the Division of State Lands or the State Forester, respectively, together with the description of the lands involved, shall be filed with the Secretary of State, who shall keep such copies and descriptions in conjunction with the auditing records of the State Forestry Department Account. [1957 c.240 §4; 1969 c.594 §58]

530.490 Management, control and protection of Common School Forest Lands and Elliott State Forest; easements. (1) Notwithstanding the provisions of any other law, or authority granted thereunder, after the board resolutions and legal descriptions are filed with the Secretary of State as required by ORS 530.480, the State Forester hereby shall be authorized, under the supervision of the State Board of Forestry and the regulations of said board, to manage, control and protect the Common School Forest Lands. Also, notwithstanding the provisions of any other law, or authority granted thereunder, the State Forester hereby is authorized, under the supervision of the State Board of Forestry and the regulations of said board, to manage, control and protect the Elliott State Forest Lands. In each instance the State Forester shall manage, control and protect such forests and forestlands so as to secure the greatest permanent value of the lands to the whole people of the State of Oregon, particularly for the dedicated purposes of the lands and the common schools to which the resources of the lands are devoted.

(2) Easements on, over and across the Common School Forest Lands and the Elliott State Forest Lands may be granted as follows:

(a) Permanent easements determined by the State Forester and State Board of Forestry as necessary to accomplish the dedicated purposes of such lands may be granted by the Division of State Lands.

(b) Easements other than permanent may be granted by the State Forester under joint rules of the State Board of Forestry and Division of State Lands.

(3) The authority granted the State Forester in this section shall not supersede the authority of the Division of State Lands to grant easements on or leases for the Common School Forest Lands and Elliott State Forest Lands for grazing purposes or for the exploration and development of minerals, oil or gas, and any consideration received by the division therefor shall be excepted from the provisions of ORS 530.520; provided, however, the division shall cooperate with the forestry program of the State Forester in granting such easements and leases and make provisions therein for continuing the primary purposes for which such land has been dedicated. [1957 c.240 §5]

530.500 Authority of State Forester in management, protection, utilization and conservation of lands and waters. In order to accomplish the purposes of ORS 530.490, the State Forester may:

(1) Protect the lands from fire, disease and insect pests, cooperate with the counties and with persons owning lands within the state in such protection and enter into all agreements necessary or convenient therefor.

(2) Sell forest products from the lands and execute contracts thereby required.

(3) Permit the use of the lands for other purposes, including but not limited to fish and wildlife environment, landscape effect, protection against flood and erosion, recreation and production and protection of water supplies when such use is not detrimental to the purpose for which such lands are dedicated.

(4) Contract with other governmental bodies for the protection of water supplies to facilitate the multiple use of publicly owned water supplies for recreational purposes as well as a source of water for domestic and industrial use.

(5) Grant permits and licenses on, over and across the lands.

(6) Reforest the lands and cooperate with persons owning timberlands within the state in such reforestation, and

make all agreements necessary or convenient therefor.

(7) Establish a forestry carbon offset program to market, register, transfer or sell forestry carbon offsets. In establishing the program, the forester may:

(a) Execute any contracts or agreements necessary to create opportunities for the creation of forestry carbon offsets; and

(b) Negotiate prices that are at, or greater than, fair market value for the transfer or sale of forestry carbon offsets.

(8) Do all things and make all rules and regulations, not inconsistent with law, necessary or convenient for the management, protection, utilization and conservation of the lands.

(9) Require such undertakings as in the opinion of the State Forester are necessary or convenient to secure performance of any agreement authorized in ORS 530.450 to 530.520. [1957 c.240 §6; 1959 c.141 §2; 1967 c.396 §7; 1969 c.194 §1; 2001 c.752 §9]

530.510 Exchanges of land. The State Forester may propose and initiate any exchange of land of the Elliott State Forest or Common School Forest Lands, or propose and initiate any exchange of timber on such lands, for land of approximately equal aggregate value, when any such exchange is in the furtherance of the purposes of ORS 530.450 to 530.520. However:

(1) Any exchange of land of the Elliott State Forest must be for the consolidation of the forest;

(2) The State Land Board and the State Board of Forestry shall, each separately, approve such exchanges by resolutions of the respective boards; and

(3) The county court or board of county commissioners of the county, or counties, in which such land is situated, shall approve such exchange, and after such approval the exchanges shall be consummated by legal conveyance from the Division of State Lands.

(4) Under the authority granted in this section, in addition to land to be exchanged, a monetary consideration may be provided or received where necessary to make the values comply with this section. No exchange shall be made until title to the lands to be received has been approved by the Attorney General. All lands received in exchange shall have the same status and be subject to the same provisions of law as the lands given in exchange therefor. [1957 c.240 §9; 1959 c.141 §5; 1967 c.396 §8; 1969 c.194 §2; 1969 c.594 §59]

530.520 Use of receipts; manner of paying administrative expenses. (1) Excepting receipts from the easements and leases designated in ORS 530.490 (3), all receipts from the Elliott State Forest and the Common School Forest Lands shall be paid into the Common School Fund and are continuously appropriated to the Division of State Lands for the purposes for which other moneys in the Common School Fund may be used and to reimburse the Common School Forest Revolving Fund as provided in subsection (2) of this section.

(2)(a) The Common School Forest Revolving Fund, in an amount not exceeding \$300,000, is established as a fund, separate and distinct from the General Fund, in the State Treasury. Interest earned by the fund shall be credited to the fund. The revolving fund is continuously appropriated to the State Forester for the payment of administrative expenses incurred by the State Forester in the management, control and protection of the Elliott State Forest and the Common School Forest Lands and in processing the sale of forest products and the disposal of privileges under ORS 530.500. The revolving fund shall be reimbursed at least once each month by submission to the Division of State Lands of a claim for payment approved by the State Forester and payment of the claim to the revolving fund out of the Common School Fund, that payment representing a portion of receipts paid into the Common School Fund under subsection (1) of this section.

(b) As used in paragraph (a) of this subsection, “administrative expenses” means a classification of expenses incurred by the State Forester in performing functions referred to in paragraph (a) of this subsection as a whole, rather than expenses incurred in performing any specific function that is a part of the whole; and it means expenditures recognized as operating costs of a current or past period, including refund of overpayments in the sale of forest products, and capital expenditures for buildings, furniture, fixtures or equipment.

(3) After the end of each six-month period the State Forester shall submit to the Division of State Lands a statement of capital asset account balances as of the end of that period for buildings, furniture, fixtures and equipment held by the State Forester in performing functions referred to in subsection (2)(a) of this section and in which the Common School Fund has a vested interest, showing the amount of that interest. [1957 c.240 §7; 1967 c.421 §203; 1975 c.614 §19; 1977 c.167 §1; 1989 c.966 §59]

530.900 Disposition of fines and court costs. All fines and court costs recovered from violations established under ORS 530.990 shall be paid to the clerk of the court involved. Such moneys shall be credited and distributed under ORS 137.290 and 137.295 as monetary obligations payable to the state. [1995 c.347 §4; 1999 c.1051 §107]

530.990 Penalties for forest management violations. (1) Except for violations arising from activities under contract with the State Board of Forestry or the State Forestry Department, and subject to ORS 153.022, violation of any rule or order adopted pursuant to ORS 530.050 is a Class A violation.

(2) Multiple violations of any rule or order adopted pursuant to ORS 530.050 shall be considered a single violation. However, each day a violation continues shall be considered a separate violation.

(3) Violations and punishments set forth in this section are in addition to and not in lieu of the provisions of ORS 164.305 to 164.335. [1995 c.347 §§2,3; 1999 c.1051 §108]
