The following requirements and provisions apply to government-owned vehicles:

The registration period for a vehicle described under this section shall be the same as the regular registration period for the type of vehicle registered. (4) Registration issued under this section is valid as provided in ORS 803.415. The registration period for vehicles registered under this section exempts the registration from any requirement to be renewed or to make payment of renewal fees. However, if any owner would be required to comply with ORS 815.310 upon issuance or renewal of regular registration for the vehicle, the owner must comply with ORS 815.310 in the same manner as for other vehicles or the department may suspend the registration of the vehicle until the owner submits proof of compliance.

(5) The department may suspend or revoke any registration issued under this section if the department determines that the vehicle is owned by a person not qualified for registration under this section or the vehicle is a kind not qualified for registration under this section. (a) By an enemy government or its agents, or a hostile force, during a period of war; or

(b) By a foreign government or its agents, or a hostile force during a period other than a period of war in which such person was held under circumstances which the department finds to have been comparable to the circumstances under which persons have generally been forcibly detained or interned by enemy governments during periods of war.

(3) The surviving spouse of a former prisoner of war who was issued registration under this section may, upon the death of the former prisoner of war, continue to use the registration plates on a motor vehicle or may keep the plates as a memento.

(4) The department may suspend or revoke any registration issued under this section if the department determines that the vehicle is owned by a person not qualified for registration under this section or the vehicle is a kind not qualified for registration under this section. (3) The department may suspend, revoke or refuse to renew any registration issued under this section if the department determines that the vehicle is owned by a person not qualified for registration under this section or that the vehicle is not eligible for registration under this section.

(4) The Oregon Military Department shall notify the Department of Transportation within 30 days if a person issued a certificate described in subsection (2) of this section ceases to be an active member of the Oregon National Guard. [1991 c.383 §2; 1993 c.741 §129; 2001 c.293 §11]

FLEETS

805.120 Effect of fleet registration; requirements; rules. (1) The owner of a fleet of vehicles may register the vehicles under this section as a fleet in lieu of registering the vehicles individually.

(2) Except as otherwise provided under this section, vehicles registered in a fleet under this section are subject to the same taxes, fees, qualifications, provisions, conditions, prohibitions and penalties applicable to similar vehicles otherwise registered under the vehicle code.

(3) The following apply to fleets registered under this section:

(a) The registered owner of the fleet must maintain the number of vehicles registered in the fleet that the Department of Transportation determines by rule to be required for participation in the fleet registration program.

(b) Fleet registration or renewal of fleet registration under this section may be annual or biennial registration as determined by the department by rule.

(c) The registration of individual vehicles in a fleet registered under this section does not expire as long as the fleet registration is valid.

(d) The department shall assign identification to the fleet and, upon payment of appropriate fees, shall issue to the registered owner of the fleet permanent fleet tags, stickers, plates or other identification the department determines appropriate for the vehicles that the owner and the department have agreed to place in the fleet. The department may establish the use of any appropriate form of identification under this paragraph as the department determines convenient for its own operation.

(e) The tags, stickers, plates or other appropriate identification issued under this section shall be displayed on any vehicle to which it has been assigned by the department.

(f) Registration cards issued by the department for vehicles registered under this section are only required to individually describe the vehicles in the fleet to the extent the department determines necessary and to identify the fleet in which the vehicles are registered.

(g) Application for registration under this section shall be in the manner determined by the department by rule.

(h) The fleet owner shall maintain records and provide information to the department as required by the department by rule and shall allow the department to audit the records of the owner and conduct inspections at any reasonable time to determine compliance with requirements for fleet registration.

(i) Vehicles shall be added to the fleet and transferred from the fleet according to procedures established by the department by rule.

(j) The vehicles in the fleet shall be marked in compliance with any requirement for vehicle markings the department determines necessary for identification of fleet vehicles.

(k) The department may adjust fee payments and registration periods for individual vehicles added to a fleet registered under this section as the department determines necessary for administration of the fleet registration.

(L) The fees for a fleet registered under this section are the same as the fees required if the vehicles in the fleet are individually registered under the vehicle code.

(o) The fleet owner shall comply with any rules the department establishes for the registration of vehicles in fleets under this section.

(r) The department shall establish procedures for the reporting of odometer disclosures for the vehicles in the fleet on a regular basis and for vehicles that are withdrawn from the fleet, if odometer disclosures are otherwise required. The reports shall provide any information the department determines by rule to be necessary. The department may establish any reporting time the department considers convenient, but shall attempt to establish periods with a frequency roughly equivalent to those for renewal of vehicle registration. The department shall retain the odometer information submitted under this section but need not print it on certificates of title or registration cards.

(4) A fleet owner may request that the registration of all vehicles in the fleet expire in the same month. Notwithstanding ORS 803.405 or any other provision of this section, if such a request is made the department shall:

(a) Adjust the registration expiration date of all vehicles in the fleet.

(b) When a vehicle that is already registered in this state is added to the fleet, adjust the registration expiration date of the vehicle to correspond to that of other vehicles in the fleet.

(c) When a vehicle that has never before been registered in this state is added to the fleet, assign a registration expiration date to the vehicle that corresponds to that of other vehicles in the fleet.

(5) When the department adjusts or assigns registration expiration dates in accordance with subsection (4) of this section, the department shall prorate all registration fees to reflect the adjustment or assignment.

(6) The department shall adopt rules necessary for the administration of this section. (2) Unless otherwise provided by statute or by rule of the department, indicia of registration that distinguish one kind of registration from another may not be transferred unless the new owner of the vehicle qualifies for that specific kind of registration.

(3) The department may adopt rules concerning the disposition of plates, stickers, devices or other indicia of registration upon transfer of ownership of the vehicle or when the owner or the vehicle is no longer eligible for the particular indicia. The department may cancel or revoke registration for failure to comply with rules adopted under this section. [1983 c.338 §263; 1985 c.16 §103; 1985 c.547 §15; 1985 c.668 §14; 1987 c.25 §4; 1989 c.43 §31; 1991 c.284 §21; 1991 c.383 §3; 1991 c.481 §3; 1993 c.741 §117]

805.205 Issuance of special plates for certain groups; rules; surcharge; disposition of moneys. (1) The Department of Transportation by rule shall provide for issuance of registration plates described in subsection (3) of this section for nonprofit groups meeting the qualifications for tax exempt status under section 501(c)(3) of the Internal

Revenue Code, for institutions of higher education and for veterans' organizations. The department shall also provide, upon request from a veterans' group or the Director of Veterans' Affairs, for issuance of a veterans' recognition registration plate that may be issued only to veterans. Plates issued under this section may be issued to owners of motor homes, travel trailers and motor vehicles registered under the provisions of ORS 803.420 (1). Plates issued under this section may not contain expressions of political opinion or religious belief. Rules adopted under this section shall include, but need not be limited to, rules that:

(a) Describe general qualifications to be met by any group in order to be eligible for plates issued under this section.

(b) Specify circumstances under which the department may cease to issue plates for any particular group.

(c) Require each group for which plates are issued, other than a group or the Director of Veterans' Affairs requesting a veterans' recognition plate, to file an annual statement on a form designed by the department showing that the group is a nonprofit group or an institution of higher education and otherwise meets the qualifications imposed for eligibility for plates issued under this section. The statement shall include names and addresses of current directors or officers of the group or of other persons authorized to speak for the group or institution on matters affecting plates issued under this section.

(d) Require proof of veteran status for issuance of a veterans' recognition plate and specify what constitutes proof.

(2)(a) Except as otherwise provided in paragraph (b) of this subsection, in addition to any other fee authorized by law, upon issuance of a plate under this section and upon renewal of registration for a vehicle that has plates issued under this section, the department shall collect a surcharge of \$2.50 per plate for each year of the registration period.

(a) In consultation with the group or the Director of Veterans' Affairs requesting the plates, the department shall add words to the plate that name or describe the group or veterans recognized.

(b) If the group or the Director of Veterans' Affairs requesting the plates represents persons who have been awarded the Purple Heart medal, the plates shall contain an image of the medal.

(c) If the group requesting the plates is an institution of higher education, the plates shall, upon request, contain words that indicate the plates are issued to recognize the institution or shall contain the institution's logo or an image of the institution's mascot.

(4)(a) Except as otherwise required by the design chosen, the plates shall comply with the requirements of ORS 803.535. At least 50 sets of plates shall be manufactured for each group approved under this section or for the Director of Veterans' Affairs. If the department does not sell or issue renewal for 50 sets of plates for a particular group or for the Director of Veterans' Affairs in any one year, the department shall cease production of those plates.

(b) Notwithstanding ORS 803.530, upon transfer of a vehicle for which veterans' recognition plates have been issued under this section, if the person to whom the plates were issued does not transfer the plates to another vehicle, the plates shall be returned to the department.

(5) Except as otherwise provided in subsection (6) of this section, each group that is found by the department to be eligible for plates issued under this section may designate an account into which the net proceeds of the surcharge collected by the department under subsection (2) of this section are to be deposited. The department shall keep accurate records of the number of plates issued for each group that qualifies. After payment of administrative expenses of the department, moneys collected under this section for each group shall be deposited by the department into an account specified by that group. If any group does not specify an account for the moneys collected from the sale of plates issued under this section, the department shall deposit moneys collected for those plates into the Environmental Quality Information Account established under ORS 802.100 to be used as other moneys in the account are used. Deposits under this subsection shall be made at least quarterly.

(6)(a) Each institution of higher education that requests a plate under this section shall designate an account in the general fund of the institution, and the proceeds in the account shall be used for the purpose of academic enrichment at the institution.

(b) Net proceeds of the surcharge collected by the department for the veterans' recognition plate shall be deposited in the trust fund established under ORS 406.050 for paying the expenses of operating the Oregon Veterans' Home. Deposits under this paragraph shall be made at least quarterly. [1993 c.741 §116; 1997 c.672 §1; 2001 c.102 §6; 2001 c.124 §4]
