After receipt of the application and the fees required by ORS 625.180, the department shall cause to be made a proper detailed inspection of the premises and equipment or of the plans and specifications of the bakery involved. If the department finds that the premises and equipment are or will be of a sanitary construction, design or condition and that the applicant has complied with and will be able to comply with ORS 625.010 to 625.270, the application shall be approved and the department shall issue to the applicant a numbered license certificate bearing the name and address of the licensee and of the premises licensed.

(1) The applicant has made to the department any false statement of a material nature;

(2) The premises or equipment of the bakery sought to be licensed are not of a sanitary construction, design or condition. (3) The applicant has failed to comply with ORS 625.010 to 625.270 or any other applicable law of this state relative to bakeries or bakery products or any regulation in effect thereunder; except that if it is determined that an applicant has not so complied the applicant shall be allowed a reasonable time, not exceeding 30 days, within which to comply, and the refusal or neglect of the applicant to comply within that period is cause for denial of the application. In the event of revocation or suspension of the license, the certificate shall be surrendered by the licensee to the State Department of Agriculture promptly upon demand.

No person shall engage within this state in the sale or distribution of any bakery product, other than exclusively as a retail food store or otherwise at retail at a fixed place or places of business, without holding a license so to do issued to that person by the State Department of Agriculture; but this does not affect the delivery of bakery products sold in a retail food store. **625.100 Grounds for refusing to issue or for revoking or suspending distributor's license.** The State Department of Agriculture may refuse to issue or may revoke or suspend any distributor's license by reason of the violation or participation of the distributor in a violation of ORS 625.010 to 625.270 or of any other law of this state relating or applicable to the sanitary handling, storage, packaging, sale, transportation or distribution of bakery products, or of any regulation effective thereunder.

**625.110 Renewal of distributor's license; transfer of license.** Each distributor's license may be renewed annually upon written application to the State Department of Agriculture and payment of the required annual license fee for the following year. **625.120 Display and surrender of certificate.** The distributor's numbered license certificate shall be kept posted conspicuously at the licensee's principal public place of business within this state. Such inspection shall also be made of each vehicle used by a bakery or distributor licensed under ORS 625.010 to 625.270 in transporting or distributing any bakery product within this state.

**625.150 Sanitary regulations.** The State Department of Agriculture shall prescribe reasonable sanitation requirements, not inconsistent with existing laws or regulations issued thereunder, governing the storing, handling, mixing, preparation, processing, manufacture, transportation and distribution of bakery products, and the design, construction, installation, maintenance, use, care and cleaning of utensils and equipment used therein or in connection therewith. Upon

promulgation of any such regulation, any violation thereof is punishable as provided in ORS 625.990. Any such regulation may be amended, altered or repealed by the department. [Amended by 1987 c.472 §8]

(1) The State Department of Agriculture has the powers necessary to enable it to carry out the provisions of ORS 625.010 to 625.270. The department may adopt rules necessary to carry out the provisions of ORS 625.010 to 625.270, and may amend or repeal the rules.

The license fees may be established at a specified amount for each establishment acting as a bakery or bakery distributor, or may be established on the basis of the annual gross dollar volume of sales of each establishment in each of the two types of business. The license fee may be different for each type of business. In establishing the basis and amounts for the license fees the department shall consider, among other things, the number of bakeries and bakery distributors, the various annual gross dollar volumes of business of the establishments, and the costs of administration and enforcement of this chapter.

(2) The payment of the bakery or distributor's license fee by any bakery or distributor entitles the bakery or distributor to the right to use one vehicle for the delivery or distribution of bakery products. For each additional vehicle so used each bakery shall pay an annual registration fee of \$8 which shall be payable together with the bakery or distributor's license fee; except that whenever any bakery, at any time during any license year, desires to use an additional vehicle required to be registered by this section, and not so registered, such bakery or

distributor shall, before using such vehicle in the sale or distribution of bakery products, make application to the department and pay the required \$8 registration fee. All such vehicle registrations shall, together with the bakery and distributors' licenses, expire on June 30 next following their date of issuance.
