Amusement devices other than gray machines, that do not return to the operator or player thereof anything but free additional games or plays, shall not be considered to be gambling devices.

(9)(a) "Gray machine" means any electrical or electromechanical device, whether or not it is in working order or some act of manipulation, repair, adjustment or modification is required to render it operational, that:

(A) Awards credits or contains or is readily adaptable to contain, a circuit, meter or switch capable of removing or recording the removal of credits earned by a player, other than removal during the course of continuous play; or

(B) Plays, emulates or simulates a casino game, bingo or keno.

(12) "Lottery" or "policy" means an unlawful gambling scheme in which:

(a) The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other medium, one or more of which chances are to be designated the winning ones;

(c) The holders of the winning chances are to receive something of value.

A device so constructed or readily adaptable or convertible to such use is no less a slot machine because it is not in working order or because some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion or workability. Nor is it any less a slot machine because apart from its use or adaptability as such it may also sell or deliver something of value on the basis other than chance.

(b) "Slot machine" does not include any device authorized by the Oregon State Lottery Commission for:
