97.145 Liability for failure to conform to written instrument directing control of remains. No cemetery authority, crematory operator or licensed funeral service practitioner interring or cremating remains pursuant to a written instrument signed by the decedent or a person described in ORS 97.130 (2) shall be liable for any failure to conform to the priority of control of remains provided in ORS 97.130, except when it shall have received two or more conflicting written instruments prior to interment or cremation of said remains. [1957 c.423 §3 (97.141 and 97.145 enacted in lieu of 97.140); 1997 c.472 §2]

97.150 Disposition of cremated remains; procedures; notice; limitations on liability of cemetery authority, crematory operator or funeral service provider. (1)(a) If the cemetery authority, crematory operator or licensed funeral service practitioner has been authorized to cremate remains of a

decedent pursuant to ORS 97.130, the authorization must also contain further instructions to the cemetery authority, crematory operator or licensed funeral service practitioner as to the final disposition of the cremated remains.

(b) If the cremated remains are left in the possession of the cemetery authority, crematory operator or licensed funeral service practitioner and no instructions for final disposition are given to the cemetery authority, crematory operator or licensed funeral service practitioner within 180 days after the date of cremation, the cemetery authority, crematory operator or licensed funeral service practitioner shall make a reasonable effort to notify the person who has the authority to direct disposition of the cremated remains under ORS 97.130 (2). The notice must state that the cemetery authority, crematory operator or licensed funeral service practitioner intends to dispose of the cremated remains unless the person who has the authority to direct disposition of the cremated remains gives instructions to the contrary to the cemetery authority, crematory operator or licensed funeral service practitioner within 30 days after the date of the notice.

(c) Reasonable effort to notify includes, but is not limited to, notice, delivered personally or by certified mail, return receipt requested, to the person who has the authority to direct disposition of the cremated remains at the address of the person in the records of the cemetery authority, crematory operator or licensed funeral service practitioner.

(d) If the person who has the authority to direct the disposition of the cremated remains has not given instructions for the disposition of the cremated remains within 30 days after the date of the notice, the cemetery authority, crematory operator or licensed funeral service practitioner may dispose of the cremated remains as is legally practicable.

(2) A cemetery authority, crematory operator or licensed funeral service practitioner is not liable in any civil or criminal proceeding relating to cremated remains that have been left in the possession of the cemetery authority, crematory operator or licensed funeral service practitioner for a period of 180 days or more unless:

(a) The cemetery authority, crematory operator or licensed funeral service practitioner has failed to make a reasonable effort to notify the person who has the authority to direct disposition of the cremated remains as described in subsection (1) of this section;

(b) A written contract has been entered into with the cemetery authority, crematory

operator or licensed funeral service practitioner for care of the cremated remains; or

(c) Permanent interment has been made.

(3) A cemetery authority is not liable in any civil or criminal proceeding relating to cremated remains that have been interred, scattered, placed in an ossuary or disposed of in any other manner within the cemetery if the person who physically possesses the cremated remains consents to the disposition.

(4) A cemetery authority is not liable in any civil or criminal proceeding relating to cremated remains that have been scattered within the cemetery without the knowledge of the cemetery authority. The cemetery authority may dispose of cremated remains that have been scattered within the cemetery without the knowledge of the cemetery authority as is legally practicable.

(5) If the cemetery authority, crematory operator or licensed funeral service practitioner has complied with this section, then the cemetery authority, crematory operator or licensed funeral service practitioner may dispose of the remains as is legally practicable. [Amended by 1989 c.669 §1; 1997 c.472 §3; 2011 c.164 §2]

97.153 Diagnostic or therapeutic radioisotopes in body. Notwithstanding section 14, chapter 653, Oregon Laws 1991, or ORS 469.525, diagnostic or therapeutic radioisotopes remaining inside the uncremated body of a deceased person may be buried, entombed or otherwise disposed of in a cemetery or other lawful place for the burial, entombment or other disposal of the uncremated body of the deceased person even though the body contains low-level radioactive waste as defined under 42 U.S.C. 2021(b) as of January 1, 1995, by-product material as defined under 42 U.S.C. 2014 as of January 1, 1995, or special nuclear material exempted by the United States Nuclear Regulatory Commission as of January 1, 1995, under authority of 42 U.S.C. 2077(d). [1995 c.252 §1]

97.160 Duty of hospital or sanitarium to notify before sending remains to undertaker; procedures. (1) No hospital or sanitarium, or the employees, agents or representatives thereof, shall send or cause to be sent to any funeral service practitioner, undertaker, mortician or embalmer the remains of any decedent without having complied with this section before final disposition of the remains.

(2) If the admitting record contains the name of a relative, friend or other person identified by the decedent in the admitting

record, or if the hospital or sanitarium is aware of the name of any other person chargeable with the funeral expenses of the decedent, the hospital or the sanitarium must notify the relative, friend or other person personally or by certified mail, return receipt requested.

(3) If a hospital or sanitarium is unable to give actual notice to a relative, friend or other person under the provisions of subsection (2) of this section, the hospital or sanitarium must publish a notice of death at least one time in a newspaper of general circulation in the county where the death occurred, or, if there is no such newspaper, in a newspaper most likely to give notice of the death to relatives and friends of the decedent. The notice must contain the name of the decedent and the address and phone number for the hospital or sanitarium.

(4) If the remains of the decedent are not claimed within 10 days after the giving of notice under subsection (2) of this section, or within 10 days after publication under subsection (3) of this section if publication is made under subsection (3) of this section, the hospital or sanitarium may arrange for the disposal of the remains of the decedent without further notice in the manner specified by ORS 97.170 to 97.200.

(5) Nothing in this section limits or governs the authority of any administrator or executor, trustee or other person having a fiduciary relationship with the deceased or to the state, counties, cities or towns in the disposition of the remains of a deceased person. [Amended by 1993 c.92 §1]

97.170 Disposition of unclaimed body of deceased person; rules. (1) As used in this section, "indigent person" means a deceased person who does not have a death or final expense benefit or insurance policy that pays for disposition of the deceased person's body or other means to pay for disposition of the deceased person's body and:

(a) Who does not have a relative or other person with the legal right to direct and the means to pay for disposition of the deceased person's body;

(b) Whose relative, or other person, with the legal right to direct the disposition of the deceased person's body does not pay or arrange to pay for, or refuses to direct, the disposition of the deceased person's body within 10 days of being notified of the death; or

(c) For whom no person other than a person described in paragraph (a) or (b) of this subsection wishes to direct and pay for the disposition of the deceased person's body.

(2) The State Mortuary and Cemetery Board shall maintain a list of institutions

that may accept or process bodies for education or research purposes.

(3)(a) A funeral establishment licensed under ORS 692.146 that takes custody of the unclaimed body of a deceased person shall, within five days after taking custody of the body:

(A) Submit a report of death under ORS 432.133;

(B) Obtain all contact information known to the medical examiner, a health care facility or law enforcement regarding persons listed in ORS 97.130;

(C) Attempt to locate and notify the persons listed in ORS 97.130;

(D) Arrange with any person listed in ORS 97.130 who will pay the expenses to make disposition of the body;

(E) If no person listed in ORS 97.130 can be located to pay the expenses to make disposition of the body, arrange with a person or institution not listed in ORS 97.130 that will pay the expenses to make disposition of the body;

(F) Determine whether the Department of State Lands or other person is appointed as the personal representative of the deceased person pursuant to ORS 113.085; and

(G) Contact the Department of Veterans' Affairs to determine whether the decedent is eligible for any state or federal benefits.

(b) If no one claims the body within 10 days after the funeral establishment takes custody of the body, or if the persons notified acquiesce, or if the decedent is not eligible for any benefits described in paragraph (a)(G) of this subsection, the funeral establishment may transfer the body to an institution on the list of institutions described in subsection (2) of this section that desires the body for education or research purposes.

(c) If no person or institution claims the body as provided in paragraphs (a) and (b) of this subsection, the funeral establishment may cremate or bury the body without the consent of persons listed in ORS 97.130 and is indemnified from any liability arising from having made such disposition. The method of disposition must be in the least costly and most environmentally sound manner that complies with law, and that does not conflict with known wishes of the deceased. If the deceased person is an indigent person, the board shall reimburse the funeral establishment for the costs of disposition under subsection (5) of this section.

(4) If the deceased person is a child over whom the Department of Human Services held guardianship at the time of death, the department shall promptly attempt to locate and notify the relatives of the deceased child

or any other person who has an interest in the deceased child and shall arrange with any person who will pay the expenses to make disposition of the body. If no relatives or interested persons claim the body, the department may transfer the body to an institution that is on the list maintained by the board under subsection (2) of this section that desires the body for education or research purposes, or may authorize burial or cremation of the body. The department shall pay expenses related to burial or cremation authorized by the department under this subsection.

(5) Upon receipt of a qualifying statement as required by the board by rule that the deceased person is an indigent person, the board shall reimburse a funeral establishment the reasonable costs for disposition of the body of any unclaimed deceased indigent person. The method of disposition must be in the least costly and most environmentally sound manner that complies with law. The board shall adopt rules establishing the requirements and process for reimbursement and setting the amount that may be reimbursed to a funeral establishment under this subsection. [Amended by 1973 c.842 §1; 1985 c.704 §1; 1993 c.345 §4; 1995 c.162 §62; 2009 c.709 §8; 2015 c.651 §1]

97.180 Period within which body may not be used or dismembered. An institution that receives a body pursuant to ORS 97.170 and that intends to use the body for ongoing research may properly preserve the body upon receipt for anatomical purposes, but may not use or dismember the body for at least 30 days after receipt. If a relative or friend of the deceased person claims the body within the 30 days specified in this section, the institution with custody of the body shall release the body to a funeral establishment licensed under ORS 692.146 on behalf of the relative or friend. [Amended by 2015 c.651 §2]

97.190 Post-mortem examination of body. Unless required by a medical examiner to determine the cause of death or specifically authorized and ordered by the superintendent of the hospital or institution in which any person coming under the provisions of ORS 97.170 may die, no such body as is mentioned in ORS 97.170 is subject to post-mortem examination, except by consent of the State Mortuary and Cemetery Board. [Amended by 1959 c.629 §43; 1965 c.221 §13; 1977 c.582 §1; 2015 c.651 §3]

97.200 Disposition of remains after use. (1) An institution that uses a body for ongoing research pursuant to ORS 97.170 shall bury respectfully or cremate the remains upon completion of use. If the institution cremates the remains, the institution shall deliver the ashes to a relative of the deceased person if a relative is known to the

institution. If no relative is known to the institution, the institution shall hold the ashes for three years after cremation and may then dispose of the ashes in a respectful manner. The institution shall pay burial, cremation, storage and delivery expenses for a body the institution used pursuant to ORS 97.170.

(2) Notwithstanding subsection (1) of this section, an institution that uses a body pursuant to ORS 97.170 only for instruction on preservation of a body shall, upon completion of use, return the body to the funeral establishment from where the institution received the body. [Amended by 2015 c.651 §4]

97.210 Exceptions to application of ORS 97.170 to 97.200; rules. The body of any person who died of smallpox, diphtheria, scarlet fever or other disease that the Oregon Health Authority, by rule, may prescribe, shall not be subject to the provisions of ORS 97.170 to 97.200. [Amended by 1977 c.582 §2; 2009 c.595 §62]

97.220 Disinterment. (1) The remains of a deceased person interred in a plot in a cemetery may be removed from the plot with the consent of the cemetery authority and written consent of:

(a) The person under ORS 97.130 (2)(a), (b) or (c) who has the authority to direct disposition of the remains of the deceased person; or

(b) If the remains are cremated remains, the person who had possession of the cremated remains and authorized the interment of the cremated remains.

(2) If the consent of a person described in subsection (1) of this section or of the cemetery authority cannot be obtained, permission by the county court of the county where the cemetery is situated is sufficient. Notice of application to the court for such permission must be given at least 60 days prior thereto, personally or by mail, to the cemetery authority, to the person not consenting and to every other person or authority on whom service of notice is required by the county court.

(3) If the payment for the purchase of an interment space is past due for a period of 90 days or more, this section does not apply to or prohibit the removal of any remains from one plot to another in the same cemetery or the removal of remains by the cemetery authority from a plot to some other suitable place.

(4) This section does not apply to the disinterment of remains upon order of court or if ordered under the provisions of ORS 146.045 (3)(e). [Amended by 1977 c.582 §3; 2007 c.661 §2; 2011 c.164 §3]

DEDICATION TO CEMETERY PURPOSES; PLATTINGS

97.310 Survey and subdivision of land; map or plat of mausoleum or columbarium; access easement. (1) Every cemetery authority, from time to time as its property may require for cemetery purposes, shall:

(a) In case of land, survey and subdivide it into sections, blocks, plots, avenues, walks or other subdivisions and make a good and substantial map or plat showing them, with descriptive names or numbers. In all instances this shall be done in compliance with ORS 92.010 to 92.192 except that ORS 92.090 (2)(a) and (b) shall not be applicable to streets, alleys, ways and footpaths located wholly within a cemetery.

(b) In case of a mausoleum or columbarium, make a good substantial map or plat on which are delineated the sections, halls, rooms, corridors, elevation and other divisions, with descriptive names or numbers. In all instances this shall be done in compliance with the state building code.

(2) Every lot in a cemetery subdivision shall include an access easement across the lot for the benefit of adjacent lots. Designated areas between lots for the purpose of providing access to separate lots are not required to approve a subdivision under this section. A cemetery authority must disclose to a potential purchaser of a lot in the cemetery the existence of the access easement across the lot. [Amended by 1965 c.396 §2; 1979 c.57 §1; 1985 c.582 §3; 1999 c.381 §1]

97.320 Filing map or plat and declaration of dedication of land to cemetery purposes. In case of a cemetery lot, the cemetery authority shall file the map or plat in the office of the recording officer of the county in which all or a portion of the property is situated, and it forthwith shall file for record in that officer's office a written declaration dedicating the property delineated

on the plat or map exclusively to cemetery purposes.

97.330 When dedication is complete.

Upon the filing of the map or plat and of the declaration for record, the dedication is complete for all purposes, and thereafter the property shall be held, occupied and used exclusively for cemetery purposes.

97.340 Effect of dedication. After property is dedicated to cemetery purposes pursuant to ORS 97.310 to 97.330 and 97.360 (1), neither the dedication nor the title of a plot owner shall be affected by the dissolution of the cemetery authority by nonuser on its part, by alienation of the property, by any encumbrances, by sale under execution or otherwise, except as provided in ORS 97.310 to 97.350, 97.360 (2), 97.440, 97.510 to 97.650, 97.710, 97.720 and 97.810 to 97.865.

97.350 Dedication to cemetery purposes not invalid. Dedication to cemetery purposes pursuant to ORS 97.010 to 97.040, 97.110 to 97.450, 97.510 to 97.730, 97.810 to 97.920 and 97.990 is not invalid as violating any laws against perpetuities or the suspension of the power of alienation of title to or use of property, and is deemed to be in respect for the dead, and is a provision for the interment of human remains and is a duty to, and for the benefit of, the general public.

97.360 Resurvey and alteration in shape or size; vacation of streets, walks, driveways and parks and replatting into lots. (1) Any part or subdivision of the property so mapped and platted may, by order of the directors and consent of the lot owners, be resurveyed and altered in shape and size and an amended map or plat filed, so long as such change does not disturb any interred remains.

(2) Whenever a majority of the lots as platted or laid out in any cemetery established before March 3, 1927, or any part thereof, has been sold without the owners or persons in control of the cemetery having made provision for the establishment of an adequate endowment fund for the perpetual maintenance, upkeep and beautification of the cemetery and of the lots therein, the avenues, streets, alleys, walks, driveways and parks therein may be vacated or altered and replatted into lots which may be sold for burial purposes in the manner provided in this subsection and in ORS 97.370 to 97.430. Application for the vacation or alteration of any avenues, streets, alleys, walks, driveways or parks, and for the replatting of the same, or any portion thereof, for cemetery lots in any such cemetery shall be made to the county court or board of county commissioners in the county where the cemetery is situated. The application may be by the owners

or persons in control of the cemetery or by a group of 20 or more persons owning lots or having relatives buried therein. The application shall be verified and shall specify the lots owned by each petitioner in which are buried bodies of relatives in which the petitioner is interested and shall state the reason for the proposed change and what provisions have theretofore been made for the perpetual upkeep, maintenance and beautification of the cemetery, and there shall be presented therewith a plat of the cemetery, together with the proposed replat, which shall have clearly indicated thereon the proposed changes.

97.370 Fixing date of hearing; notice.

When any application mentioned in ORS 97.360 (2) is filed, the court or board shall fix the time for the hearing of it and notice of the time thereof shall be given by publication in a paper of general circulation published in the town in which the cemetery is situated or in the town to which it is nearest once a week for a period of six successive weeks prior to the date of the hearing and a copy of such notice shall be posted for a like period at three public and conspicuous places in the cemetery. Such notice shall be addressed to all persons owning lots or having an interest in the cemetery, but need not name them, and shall set forth in a general way the proposed changes, the reason stated in the application for making it, the time when the hearing of the application will be had, and shall state that a plat showing the proposed changes is on file with the county clerk of the county in which the cemetery is situated.

97.380 Hearing; order allowing replatting.

At the hearing mentioned in ORS 97.370 the court or board shall consider and hear any evidence introduced in favor of the proposed change and all objections thereto and, after a full hearing thereon, may allow the proposed change and replat in whole or in part. If the proposed change is allowed, either in whole or in part, an order allowing it shall be made providing that title to any new lot created by the alteration or vacation of any avenues, streets, alleys, driveways, walks or parks, or any part thereof, shall be vested in the owner of the fee of the part of the cemetery sought to be vacated in trust for burial purposes, or vested in any association which may be formed for the purpose of taking over the cemetery and operating and maintaining it in accordance with the provisions of ORS 97.400. [Amended by 1985 c.582 §4; 1999 c.381 §2]

97.390 Assessment of benefits and damages.

If any damages are claimed by the owner of any lot in any such cemetery as is mentioned in ORS 97.360 (2), which lot is

adjacent to the avenues, streets, alleys, driveways or parks vacated as provided in ORS 97.380, they shall be ascertained by the county court or board of county commissioners and offset against the benefits accruing to the lot owner on account of the upkeep and beautification of the cemetery in the manner provided in ORS 97.400. Any person feeling aggrieved at the amount of damages so assessed by the board may appeal from such order of allowance to the circuit court of the county in which the cemetery is situated in the same manner as is provided by statute for appeal from the assessment of damages by the exercise of eminent domain in locating a county road and on such appeal the jury, in assessing the amount of damages to be allowed to the appellant, shall offset against such damages the benefits accruing to the appellant as in this section above provided.

97.400 Disposal of newly created lots; disposition and use of proceeds from sale; failure of owner to perform duties. Any owner or association accepting the trust of handling and disposing of lots newly created pursuant to ORS 97.380 shall by the acceptance thereof agree to dispose of the lots only for burial purposes and at a price not less than that fixed by the county court or board of county commissioners. The net funds derived from the sale of the lots remaining after the payment of the reasonable expenses incident to the vacation and of the sale shall be placed in an irreducible and perpetual fund and the interest therefrom shall be used for the perpetual upkeep and beautification of the cemetery and the lots therein situated. The fund shall be placed in some reliable trust company specified by the court or board, which trust company shall invest the same and pay the income therefrom to the owner or association charged with the disposal of such lots. Any owner or association taking over the sale of the lots shall comply with such provisions as the court or board may require of it in the upkeep, beautification and care of the cemetery with the income thereof, and if such owner or association for any reason fails to perform such duties, the court or board may, on its own motion, from time to time, appoint some other association or individual to perform them. The restrictions of this section shall not apply to the sale of lots obtained by replatting cemeteries owned and maintained by any county.

97.410 Right of adjacent lot owner upon vacation of way. The vacation of an avenue, street, alley, driveway, walk or park adjacent to a cemetery lot shall vest in the owner of such lot no interest in the vacated portion thereof; but the adjacent owner shall,

for 30 days after the date of such an order of vacation, have the right to purchase any new lot adjacent to the lot of the owner at the price fixed by the court or board at which the lots are to be sold, and if there is more than one adjacent lot owner, the new lot shall be sold to the one offering the highest price therefor.

97.420 Effect of failure to object. Any owner of such cemetery as is mentioned in ORS 97.360 (2), or of any lot therein, or any relative or heir of any deceased person buried in such cemetery who fails to appear and file written objection to any proposed replat, alteration or vacation, authorized by ORS 97.360 (2), shall be deemed to have consented to the proposed change and shall be forever barred from claiming any right to use and have open for traffic or passageway any streets, alleys, driveways or parks vacated, or any right, title or interest therein, except as provided in ORS 97.360 (2) and 97.370 to 97.410.

97.430 Declaration of exercise of police power and right of eminent domain. The enactment of ORS 97.360 (2) and 97.370 to 97.430 is hereby declared to be a necessary exercise of the police powers of the state in order to preserve and keep existing cemeteries as resting places for the dead and to preserve old and historic cemeteries from becoming unkempt and places of reproach and desolation in the communities in which they are located. The taking of avenues, streets, alleys, walks, driveways and parks for the purpose and by the method specified in ORS 97.360 (2) and 97.370 to 97.420 is hereby declared an exercise of the right of eminent domain in behalf of the public health, safety, comfort, pleasure and historic instruction.

97.440 Removal of dedication. (1) Property dedicated to cemetery purposes shall be held and used exclusively for cemetery purposes until the dedication is removed from all or any part of it by an order and decree of the county court or board of county commissioners of the county in which the property is situated in a proceeding brought by the cemetery authority for that purpose and upon notice of hearing and proof satisfactory to the court that:

(a) The portion of the property from which dedication is sought to be removed is not being used for interment of human remains; or

(b) The Oregon Commission on Historic Cemeteries has received notice of and had the opportunity to comment on the removal from the dedicated property of all human remains and markers dated prior to February 14, 1909.

(2) The notice of hearing required by this section must:

(a) Be given by publication once a week for at least four consecutive weeks in a newspaper of general circulation in the county where the cemetery is located and by publication twice in a newspaper with statewide circulation;

(b) Be posted in three conspicuous places on that portion of the property from which the dedication is to be removed;

(c) Describe the portion of the cemetery property sought to be removed from dedication;

(d) State that all remains and markers have been removed or that no interments have been made in the portion of the cemetery property sought to be removed from dedication; and

(e) Specify the time and place of the hearing. [Amended by 2003 c.237 §1]

97.445 Vacating county interest in cemetery real property. Consistent with the provisions of ORS 368.326 to 368.366, a county may vacate any real property interests the county may own in a cemetery. Consistent with ORS 368.366 (2), the county may vacate its real property interests in favor of a private nonprofit organization provided the organization states its intent to provide for the continuing maintenance and care of the cemetery and associated facilities. [1997 c.747 §2]

97.450 Discontinuance of cemetery and removal of remains and markers. (1)(a) Whenever any cemetery that is within the limits of any county, city or town has been abandoned, or it is desirable to abandon such cemetery, the governing body of any county, if the cemetery is owned by the county, or the corporate authorities of the city or town, if the cemetery is owned by the city or town, or the trustees or directors, if the cemetery is owned by an association or corporation, may order that such burial ground be discontinued, have the remains of all persons interred in the cemetery moved to some other suitable place and provide for the removal and reerection of all stones and monuments marking said graves. Each removal must be made in an appropriate manner and in accordance with the directions of the Director of the Oregon Health Authority. Prior to any removal authorized under this section, written notice must be given to the family, or next of kin of the deceased, if known, and if unknown, notice of the removal shall be published for at least four successive weeks in a newspaper of general circulation in the county in which the cemetery is located and twice in a newspaper with statewide circulation.

(b) Any removal and the costs of the proceedings under this section shall be at the expense of the county, city or town, individual, corporation or association owning the cemetery to be moved.

(2) Notwithstanding subsection (1)(a) of this section, a cemetery or burial ground containing human remains that were interred before February 14, 1909, may not be discontinued or declared abandoned or have remains removed from the burial ground or cemetery without prior notice to and comment by the Oregon Commission on Historic Cemeteries. When commenting on a request to discontinue or declare abandoned a cemetery or burial ground, the commission shall consider:

(a) The listing of the cemetery or burial ground under ORS 97.782;

(b) The historic significance of the cemetery or graves included in the request; and

(c) The findings of any archaeological survey of the cemetery or burial ground. [Amended by 1955 c.472 §1; 2003 c.237 §2; 2009 c.595 §63]

97.460 Requirements for establishment of cemetery or burial park. (1) A person may not lay out, open up or use any property for cemetery or burial park purposes unless the person:

(a) Is the owner of the property;

(b) Has the written consent of the planning commission of the county or city having jurisdiction under ORS 92.042 or, if there is no such commission in such county or city, the governing body of such county or city;

(c) Agrees to maintain records of the disposition of human remains on the property as required by the planning commission or governing body of the county or city having jurisdiction under ORS 92.042; and

(d) Agrees to disclose the disposition of human remains upon sale of the property. Failure to disclose the disposition of human remains does not invalidate the sale of the property.

(2) A planning commission of a county or city or, if there is no planning commission in a county or city, the governing body of the county or city, shall provide to the State Mortuary and Cemetery Board a list of the requirements for laying out, opening up or using property in the county or city for cemetery or burial park purposes. [Formerly 64.060; 1965 c.396 §3; 2009 c.709 §9]

SALES AND RIGHTS IN RESPECT OF CEMETERY PLOTS

97.510 Sale and conveyance of plots by cemetery authority. (1) After filing the map or plat and recording the declaration of dedication, a cemetery authority may sell and

convey plots subject to such rules and regulations as may be then in effect and subject to such other and further limitations, conditions and restrictions made a part of the declaration of dedication by reference or included in the instrument of conveyance of the plot.

(2) Scattering of cremated remains in a scattering garden is not a sale or conveyance. [Amended by 2007 c.661 §3]

97.520 Sale or offer to sell cemetery plot upon promise of resale at financial profit. A person, firm or corporation may not sell or offer to sell a cemetery plot upon the promise, representation or inducement of resale at a financial profit, except with the consent and approval of the Director of the Department of Consumer and Business Services. Each violation of this section constitutes a separate offense. [Amended by 1989 c.171 §13; 2007 c.661 §4]

97.530 Commission, bonus or rebate for sale of plot or services. No cemetery authority shall pay or offer to pay, and no person, firm or corporation shall receive, directly or indirectly, a commission, bonus, rebate or other thing of value for the sale of a plot or services. This does not apply to a person regularly employed by the cemetery authority for such purpose. Each violation of this section constitutes a separate offense.

97.540 Commission, bonus or rebate for recommendation of cemetery. No person shall pay, cause to be paid or offer to pay, and no person, firm or corporation shall receive, directly or indirectly, except as provided in ORS 97.530, any commission, bonus, rebate or other thing of value in consideration of recommending or causing a dead human body to be disposed of in any cemetery. Each violation of this section constitutes a separate offense.

97.550 Plots are indivisible. All plots, the use of which has been conveyed by deed or certificate of ownership as a separate plot, are indivisible except with the consent of the cemetery authority, or as provided by law.

97.560 Presumption of sole ownership in grantee of plot. All plots conveyed to individuals are presumed to be solely and separately owned by the person named in the instrument of conveyance.

97.570 Spouse has vested right of interment. (1) The spouse of an owner of any plot containing more than one interment space has a vested right of interment of the remains of the spouse in the plot, and any person thereafter becoming the spouse of the owner has a vested right of interment of the remains of the person in the plot if more than one interment space is unoccupied at

the time the person becomes the spouse of the owner.

(2) The purchase by a married person of more than one interment space shall create in the spouse a right of interment therein.

97.580 Divestiture of spouse's right of interment. No conveyance or other action of the owner without the written consent or joinder of the spouse of the owner divests the spouse of the vested right of interment, except that a judgment of divorce between them terminates the right unless otherwise provided in the judgment. [Amended by 2003 c.576 §357]

97.590 Transfer of plot or right of interment. No transfer of any plot, heretofore or hereafter made, or any right of interment is complete or effective until recorded on the books of the cemetery authority.

97.600 Descent of plot. Upon the death of the owner, unless the owner has disposed of the plot either by specific direction in the will of the owner or by a written declaration filed and recorded in the office of the cemetery authority, if no interment has been made in an interment plot which has been transferred by deed or certificate of ownership to an individual owner or if all remains previously interred are lawfully removed, the plot descends to the heirs at law of the owner, subject to the rights of interment of the decedent and the surviving spouse of the decedent.

97.610 Determining occupant of burial plot having co-owners. When there are two or more owners of a burial plot or of rights of interment therein, such owners may designate one or more persons to designate the burials to be made in the plot and file written notice of such designation with the cemetery association. In the absence of such notice or of written objection to its so doing, the cemetery association is not liable to any owner for interring or permitting an interment therein upon the request or direction of any registered co-owner of the plot.

97.620 Death of co-owner; authorization to use plot under directions of surviving owners. An affidavit by any person having knowledge of the fact, setting forth the fact of the death of one owner and establishing the identity of the surviving owners named in the deed to any plot, when filed with the cemetery authority operating the cemetery in which the plot is located, is authorization to the cemetery authority to permit the use of the unoccupied portion of the plot in accordance with the directions of the surviving owners or their successors in interest.

97.630 Family plots; order of occupation. (1) Whenever an interment of the remains of a member or of a relative of a member of the family of the record owner, or of the remains of the record owner, is made in a plot transferred by deed or certificate of ownership to an individual owner, and the owner dies without making disposition of the plot, either by direction in the owner's will, or by a written declaration filed and recorded in the office of the cemetery authority, the plot thereby becomes inalienable and shall be held as the family plot of the owner, and occupied in the following order:

(a) One grave, niche or crypt may be used for the owner's interment; one for the owner's surviving spouse, if there is one, who by ORS 97.010 to 97.040, 97.110 to 97.450, 97.510 to 97.730, 97.810 to 97.920 and 97.990 has a vested right of interment in it; and in those remaining, if any, the children of the deceased owner in order of death may be interred without the consent of any person claiming any interest in the plot.

(b) If no child survives, the right of interment goes in order of death to the spouse of any child of the record owner.

(2) Any surviving spouse, child or child's spouse who has a right of interment in a family plot may waive such right in favor of any other relative or spouse of a relative of either the deceased owner or of the deceased owner's spouse, and upon such waiver the remains of the person in whose favor the waiver is made may be interred in the plot.

(3) Notwithstanding subsection (1) of this section, the personal representative of the deceased owner of a family plot may sell unoccupied interment spaces in the plot as property of the estate of the deceased owner when there are no existing rights of interment in those spaces or all existing rights of interment in those spaces have been waived and thereby terminated.

(4) Whenever a plot is transferred by deed or certificate of ownership to an individual owner and the transfer is recorded on the books of the cemetery authority, the cemetery authority shall provide to the individual owner a written statement, in a form approved by the State Mortuary and Cemetery Board, containing a clear explanation of the provisions of subsections (1) and (2) of this section and of the rights of interment established thereby. [Amended by 1985 c.652 §1]

97.640 Waiver or termination of vested right of interment. A vested right of interment may be waived and is terminated upon the interment elsewhere of the remains of the person in whom it is vested.

97.650 Limitations upon vested right of interment. No vested right of interment gives to any person the right to have the remains of the person interred in any interment space in which the remains of any deceased person having equal or prior vested right of interment have been interred; nor does it give any person the right to have the remains of more than one deceased person interred in a single interment space in violation of the rules and regulations of the cemetery in which the interment space is located.

NONPROFIT CORPORATIONS

97.660 Lands of cemetery or crematory corporation; exemption from execution, taxation and condemnation. A nonprofit corporation organized and existing solely for the purposes of either owning and operating a cemetery or cremating dead bodies and burying and caring for incinerate remains, may purchase or take, by gift or devise, and own and hold lands for the sole purpose of either a cemetery or a crematory and burial place for incinerate remains. Such lands shall be exempt from execution, and from any appropriation for public purposes, and lots or portions of such land and space in any buildings thereon may be sold, if intended to be used exclusively for burial purposes, and in no wise with a view to the profit of the members of such corporation. The land so held for cemetery purposes shall not exceed 600 acres, but if the land already held for such purpose by the corporation is all practically used, the amount thereof may be increased by adding thereto not more than 20 acres at any one time. The land so held for the purposes of a crematory and the burial of incinerate remains shall not exceed 30 acres, but if the land already held for such purposes by the corporation is all practically used, the amount thereof may be increased by adding thereto not more than 10 acres at any one time. Lands held for the purposes described in this section shall be exempt from taxation as provided in ORS 307.150. [Formerly 65.855]

Note: 97.660 to 97.680 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 97 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

97.665 Revenues; restrictions on uses of revenue. (1) A nonprofit corporation organized or existing solely for the purposes of either owning and operating a cemetery or cremating dead bodies and burying and caring for incinerate remains may, by its by-laws, provide that a stated percentage of the money received from the sale of lots and burial space, cremation of bodies, donations, gifts or other sources of revenue shall con-

stitute an irreducible fund. Any bylaw enacted for the creation of the irreducible fund cannot be amended to reduce the fund.

(2) The board of directors may direct the investment of the money in the irreducible fund, but all investments of money deposited in the fund on or after January 1, 1972, shall be in securities in classes and amounts approved by the State Treasurer and published in a list pursuant to ORS 97.820. If a bank or trust company qualified to engage in the trust business is directed by the board of directors to invest the money in the irreducible fund, the bank or trust company shall be governed by ORS 130.750 to 130.775 and shall not be required to invest the money according to the list approved by the State Treasurer. An officer of the corporation shall file with the Director of the Department of Consumer and Business Services on or before April 15 of each year a verified statement in duplicate containing the same information pertaining to the irreducible fund as provided in ORS 97.810 (4) regarding endowment care funds. The director may require the corporation to file, as often as the director considers it to be necessary, a detailed report of the conditions and assets of the irreducible fund.

(3) The interest or income arising from the irreducible fund provided for in this section or by any bylaws, or so much thereof as is necessary, shall be devoted exclusively to the preservation and embellishment of the grounds, buildings and property of the corporation and the lots and space in buildings or grounds sold to the members of the corporation, or to the payment of the interest or principal of the debts authorized by subsection (5) of this section for the purchase of land, erecting buildings, and improvements. Any surplus thereof not needed or used for such purposes shall be invested as provided in this section and shall become part of the irreducible fund.

(4) After paying for the land and the erection of the original buildings and improvements thereon, all the future receipts and income of the corporation subject to the provisions in this section relating to the creation of an irreducible fund, whether from the sale of lots and burial space, cremation of bodies, donations, gifts and other sources, shall be applied exclusively to laying out, preserving, protecting, embellishing and beautifying the cemetery or the crematory and grounds thereof, and the avenues leading thereto, and to the erection of such buildings and improvements as may be necessary or convenient for cemetery or crematory purposes, and to pay the necessary expenses of the corporation.

(5) No debts shall be contracted by such corporation in anticipation of any future receipts, except for originally purchasing the lands authorized to be purchased by it, laying out and embellishing the grounds and avenues, erecting buildings and vaults on such land, and improving them for the purposes of the corporation. The corporation may issue bonds or notes for debts so contracted and may secure them by way of mortgage upon any of its lands, buildings, property and improvements excepting lots or space conveyed to the members. [Formerly 65.860]

Note: See note under 97.660.

97.670 Selling land unsuited for burials. If in the board of directors' opinion, any portion of the lands of a nonprofit corporation organized and existing solely for the purposes of either owning or operating a cemetery or the cremation of dead bodies and the burial and care of incinerate remains is unsuitable for burial purposes or other purposes of the corporation, the board of directors may sell such portion and apply the proceeds to the general purposes of such corporation in the same proportion and manner as provided by ORS 97.660 to 97.680. [Formerly 65.865]

Note: See note under 97.660.

97.675 Burial lots or space; use; exemption from taxation, execution and liens; lien for purchase price of gravestone. Burial lots or space for burial of incinerate remains in buildings or grounds sold by a nonprofit corporation organized and existing solely for the purposes of either owning and operating a cemetery or cremating dead bodies and burying and caring for incinerate remains shall be for the sole purpose of interment or deposit and safekeeping of incinerate remains. Such lots or space shall be exempt from execution, attachment or other lien or process, if used as intended by the purchaser thereof from such corporation, or the assigns or representatives of the purchaser, exclusively for burial purposes, and in no wise with a view to profit. Such lots or space shall be exempt from taxation as provided in ORS 307.150. The vendor of any gravestone, however, shall not be prevented from having and enforcing a lien thereon for all or part of its purchase price. If a suit is brought to enforce such a lien, the judgment therein is enforceable thereafter; and, for the purpose of enabling the lien to be had and enforced, the gravestone shall be deemed personal property and may be severed and removed, under execution and order of sale, from the lot where it is situated and may be sold in the same manner as any other personal property. [Formerly 65.870]

Note: See note under 97.660.

97.680 Recording plan; power to improve and regulate grounds. (1) As used in this section, “plan” means a document indicating the placement of lots or burial spaces, and of the niches or inurnment spaces in the buildings erected thereon, as established and authorized by the cemetery authority.

(2) A nonprofit corporation organized and existing solely for the purposes of owning and operating a cemetery or cremating dead bodies and burying and caring for incinerate remains shall cause a plan of its land and grounds and of the lots laid out by it and of the niches or burial space in the buildings erected thereon to be made and recorded in the county in which such grounds and land are located, such lots or spaces to be numbered by regular consecutive numbers. Such corporation may enclose, improve, and adorn the grounds, buildings, and avenues, prescribe rules for the designation, improvement and adorning of lots and burial spaces and for erecting monuments, and prohibit any use, division, improvement or adornment of a lot or burial space which it may deem improper. [Formerly 65.875]

Note: See note under 97.660.

CEMETERY MANAGEMENT

97.710 Power of cemetery to make rules and regulations. (1) The cemetery authority may make and enforce rules and regulations for:

- (a) The use, care, control, management, restriction and protection of its cemetery;
- (b) Restricting and limiting the use of all property within its cemetery;
- (c) Regulating the uniformity, class and kind of all markers, monuments and other structures within its cemetery;

- (h) Preventing the use of burial plots for purposes violative of its restrictions;
- (i) Regulating the conduct of persons and preventing improper assemblages therein; and
- (j) All other purposes deemed necessary by the cemetery authority for the proper

conduct of its business and the protection and safeguarding of the premises and the principles, plans and ideals on which the cemetery was organized.

(2) The cemetery authority from time to time may amend, add to, revise, change or modify such rules and regulations.

(3) Such rules and regulations shall be plainly printed or typewritten and maintained, subject to inspection, in the office of the cemetery authority.

97.720 Record of interments and cremations; inspection. (1) The person in charge of any premises on which interments or cremations are made shall keep a record of all remains interred or cremated on the premises under the person’s charge, in each case stating the name of each deceased person, the date of interment or cremation, and the name and address of the funeral service practitioner. The interment records shall be open to inspection by survivors of the decedent during the customary office hours of the cemetery authority.

(2) A record shall be kept of the ownership of all plots in the cemetery which have been conveyed by the cemetery authority and of all transfers of plots in the cemetery.

97.725 Disposal of unclaimed burial spaces; notice; form of notice; claims. (1) As used in this section, “unclaimed burial space” means a burial space in a cemetery:

- (b) For which the cemetery authority has no record of any verbal or written contact for a period of at least 75 years with the record owner of the burial space or with a party claiming through the record owner of the burial space.

(2) Notwithstanding ORS 97.630 or 97.810 to 97.920, a cemetery authority may dispose of unclaimed burial spaces as described in subsections (3) to (7) of this section.

(3) The cemetery authority shall prepare an inventory describing the unclaimed burial spaces, including the purchase date and record owner of each unclaimed burial space as shown in the records of the cemetery.

(4) The governing body of the cemetery authority shall adopt a predisposition resolution approving the inventory prepared under subsection (3) of this section and directing the officers of the cemetery authority to dispose of the unclaimed burial spaces as provided in this section.

(5) The cemetery authority shall:

97.730 Gifts and bequests in trust for cemeteries. Gifts, grants and bequests of personal property in trust for the purpose of providing perpetual care and maintenance, improvement or embellishment of private burial lots in or outside of cemeteries and of the walks, fences, monuments, structures or tombs thereon, are permitted and shall be deemed to be for perpetual and benevolent uses. They are not invalid by reason of any indefiniteness or uncertainty of the persons designated as beneficiaries in the instrument creating the trust; nor are they invalid as violating any existing laws against perpetuities or suspension of the power of alienation of title to property. But nothing in this section affects any existing authority or cause to pass upon the reasonableness of the amount of such gift, grant or bequest. Any cemetery association may act as trustee of and execute any such trust with respect to lots, walks, fences, monuments, structures or tombs, both within or outside its own cemetery limits, but within the county where such cemetery association has its principal office and place of business, whether such power is otherwise included in its corporate powers or not.

(5) All of the information appearing on the statement must be verified by an owner or officer of the cemetery authority, and the cemetery authority shall maintain a copy of the statement in the business office of the cemetery authority.

(6) The director may require, as often as the director deems necessary, the cemetery authority to make under oath a detailed report of the condition and assets of any cemetery endowment care fund.

(7) At the time of the filing of the statements of its endowment care fund each cemetery authority shall pay to the director an annual fee as follows:

(a) Up to 100 interments per year, \$40.

(b) Over 100 interments per year, \$100.

(8) All fees received by the director under this section shall be immediately turned over to the State Treasurer who shall deposit the moneys in the Consumer and Business Services Fund created under ORS 705.145.

(9) A cemetery may not operate as an endowment care, permanent maintenance or free care cemetery until the provisions of this section are complied with.

(10) The head of all contracts and certificates of ownership or deeds referring to plots in an endowment care cemetery must contain the following statement: "This cemetery is an endowment care cemetery," in at least 10-point black type.

(11) All contracts and certificates of ownership or deeds referring to plots in an endowment care cemetery must contain the following statement: "Endowment care means the general care and maintenance of all developed portions of the cemetery and memorials erected thereon."

(12) A cemetery that otherwise complies with this section may be designated an endowment care cemetery even though it contains a small area that may be sold without endowed care, if it is separately set off from the remainder of the cemetery. The head of all contracts and certificates of ownership or deeds referring to plots in this area must contain the phrase "nonendowed care" in at least 10-point black type.

(13) A nonendowed care cemetery is a cemetery that does not deposit in an endowment care fund the minimum amounts specified in subsection (2) of this section.

(14) A cemetery authority may not in any way advertise or represent that it operates wholly or partially as an endowment care cemetery, or otherwise advertise or represent that it provides general care or maintenance of all or portions of the cemetery or memorials erected thereon, unless the provisions of this section are complied with. [Amended by 1955 c.545 §2; 1965 c.396 §4; 1967 c.213 §1; 1987 c.295 §1; 1995 c.144 §4; 1999 c.66 §1; 2001 c.796 §23; 2007 c.661 §5; 2011 c.163 §1]

97.820 Placing cemetery under endowment care; deposit; commingling endowment and special care funds; trustee or custodian of fund. (1) Every cemetery authority that operates a cemetery may place its cemetery under endowed care and establish, maintain and operate an endowment care fund. All endowed care funds shall be deposited with and held solely by the trustee or custodian appointed by the cemetery authority.

(2) Endowment care and special care funds may be commingled for investment and the income therefrom shall be divided between the endowment care and special care funds in the proportion that each fund contributed to the principal sum invested. The income of the endowment care fund may be used only to finance the care of the cemetery.

(3) The cemetery authority shall appoint as sole trustee of the endowment care fund a trust company as defined in ORS 706.008 that is authorized to transact trust business in this state, or an insured institution as defined in ORS 706.008 that is authorized to accept deposits in this state. Such trust company or insured institution shall receive and accept the fund, including any accumulated endowment care fund in existence at the time of its appointment and perform such

duties as are agreed upon in the agreement between it and the cemetery authority. An insured institution not qualified to transact trust business in this state may act as custodian of such endowment care fund provided:

(a) The duties of the insured institution are essentially custodial or ministerial in nature; and

(b) The insured institution invests the funds from such plan only in its own time or savings deposits.

(4) The trustee or custodian may resign upon written notice to the cemetery authority or the cemetery authority may remove the trustee or custodian by written notice to it. In case of the resignation or removal of the trustee or custodian, the cemetery authority forthwith shall appoint a successor trustee or custodian and provide for the direct transfer of all endowed care funds and earnings thereon from the former trustee or custodian to the successor trustee or custodian. [Amended by 1955 c.545 §3; 1965 c.396 §5; 1985 c.450 §1; 1987 c.295 §2; 1993 c.18 §19; 1993 c.229 §22; 1993 c.318 §11; 1997 c.167 §2; 1997 c.631 §395; 2007 c.661 §6]

97.825 Suits to enforce endowed care statutes; attorney fees. (1) If the cemetery authority fails to remit to the trustee or trustees, in accordance with the law, the funds herein provided for endowment and special care, or fails to expend the net income from the funds and generally care for and maintain any portion of a cemetery entitled to endowment care, any three lot owners whose lots are entitled to endowment care, or any one lot owner whose lot is entitled to special care, or the next of kin, heirs at law or personal representatives of such lot owners, shall have the right, or the district attorney of any county wherein is situated such lots, shall have the power, by suit for mandatory injunction or for appointment of a receiver, to sue for, to take charge of, and to expend such net income. The suit may be filed in the circuit court of the county in which said cemetery is located, to compel the expenditure either by the cemetery authority or by any receiver so appointed by the court, of the net income from such endowment care fund for the purposes set out in ORS 97.010 to 97.040, 97.110 to 97.450, 97.510 to 97.730, 97.810 to 97.920 and 97.990.

(2) When the Director of the Department of Consumer and Business Services has reason to believe that a cemetery endowment care fund does not conform to the requirement of law, or when the director has reason to believe that any cemetery is operating in violation of ORS 97.810 or 97.820, or when the director has sent an endowment care cemetery a notice of delinquency to make any report to the director required by ORS

97.810, the director shall, as soon thereafter as reasonable, give notice of the foregoing to the trustee or trustees of the cemetery endowment care fund, the cemetery authority, the Attorney General of Oregon and the State Mortuary and Cemetery Board.

(3) Within 120 days after the receipt of such notice, the Attorney General shall institute suit in the circuit court of any county of this state in which such cemetery is located, for a mandatory injunction against further sales of graves, plots, crypts, niches, burial vaults, markers or other cemetery merchandise by such cemetery or for the appointment of a receiver to take charge of the cemetery, unless the Attorney General shall prior to that time be notified by the director that such failure to conform to the requirements of the law or to report has been corrected.

(4) The Attorney General may delay instituting any suit brought under subsection (3) of this section for no more than an additional 30 days if, in the discretion of the Attorney General after consulting with the director, it appears to the Attorney General:

(a) That the failure to conform to the requirements of the law or to report will be corrected; and

(b) That no harm to the public will occur during the additional 30 days.

(5) If a trustee fails to perform the duties of the trustee under ORS 97.810 to 97.920, the trustee shall be liable for any damage resulting from that failure to any lot owners or the next of kin, heirs at law or personal representatives of such lot owners.

(6) The court may award reasonable attorney fees, costs and disbursements to the prevailing party in an action under this section. [1955 c.545 §5; 1965 c.396 §6; 1985 c.450 §2; 1999 c.67 §1; 2001 c.796 §24; 2007 c.661 §7]

97.830 Investment and reinvestment of principal of endowed care funds; use and application of income. (1) The principal of all funds for endowed care shall be invested, from time to time reinvested and kept invested. If a trust agreement imposes upon the trustee or custodian the duty to direct the investment or reinvestment of endowed care funds, the trustee or custodian shall perform this duty governed by ORS 130.750 to 130.775. Otherwise, the cemetery authority, governed by ORS 130.750 to 130.775, shall direct the investment and reinvestment of endowed care funds in the time or savings deposits of the custodian bank or savings association.

(2) The principal of invested endowed care funds shall never be voluntarily reduced, but shall be maintained separate and distinct by the trustee or custodian from all

other funds except that it shall be proper to commingle endowment care funds with special care funds. The payment of charges chargeable against principal under ORS chapter 129 or of other expenses necessarily incurred in the administration of the trust in accordance with subsection (1) of this section shall not constitute a voluntary reduction of principal. The net income earned shall be used solely for the general care and maintenance of the cemetery property entitled to endowment care, as stipulated in the resolution, bylaw and other action or instrument by which the fund was established, and in such manner as the cemetery authority may from time to time determine to be in the best interests of such endowed property. Such net income shall never be used for the improvement or embellishment of undeveloped property offered for sale. [Amended by 1955 c.545 §4; 1985 c.450 §3; 1987 c.295 §3; 1995 c.157 §24; 1995 c.297 §1; 2003 c.279 §32; 2005 c.348 §125]

97.835 Limitation of duties and liability of trustee. The trustee shall have no duty whatsoever to operate, maintain or to supervise the general maintenance of any endowment fund cemetery, and the trustee shall have no duty whatsoever to enforce collection of any of the trust funds either from the purchasers of lots, or from the cemetery authority, and the trustee shall have no duty whatsoever to see to the application of the net income after payment of the net income to the cemetery authority. The trustee shall be entitled to rely without liability upon the affidavit of the cemetery authority showing the amount payable to the trustee as endowment care funds. [1955 c.545 §6]

97.840 Cemetery authority authorized to receive and hold gifts of property; disposition of gifts. A cemetery authority which has established an endowment care fund may take, receive and hold any property, real, personal or mixed, bequeathed, devised, granted, given or otherwise contributed to it for its endowment care fund. Within 30 days of the receipt of such contributions, the cemetery authority shall deposit, with the trustee or custodian of the fund to which the property was contributed, all moneys and all documents or instruments of title or conveyance evidencing the contribution. As soon as practicable, the cemetery authority shall provide for the sale of all property for fair market value and, within 30 days of the receipt of the proceeds thereof, shall deposit the proceeds with the trustee or custodian. The trustee or custodian shall execute all documents necessary to effect the sale, consistent with the purposes of this section. [Amended by 1987 c.295 §4]

97.850 Endowment and special care funds are charitable. The endowment and special care funds and all payments or contributions to them are expressly permitted as and for charitable and eleemosynary purposes. Endowment care is a provision for the discharge of a duty from the persons contributing to the persons interred and to be interred in the cemetery and a provision for the benefit and protection of the public by preserving and keeping cemeteries from becoming unkempt and places of reproach and desolation in the communities in which they are situated.

97.860 Agreements for care. (1) Upon payment of the purchase price, including the amount fixed as a proportionate contribution for endowed care, there may be included in the deed of conveyance, or by separate instrument, an agreement to care, in accordance with the plan adopted, for the cemetery and its appurtenances to the proportionate extent the income received by the cemetery authority from the contribution permits.

(2) Upon the application of an owner of any plot, and upon the payment by the owner of the amount fixed as a reasonable and proportionate contribution for endowed care, a cemetery authority may enter into an agreement with the owner for the care of the plot of the owner and its appurtenances.

97.865 Application of ORS 97.810 to 97.865 to religious, county and city cemeteries. (1) A cemetery authority that operates a cemetery for any religious or eleemosynary corporation, church, religious society or denomination, corporation sole administering temporalities of any church or religious society or denomination and any county or city may make an irrevocable election to have ORS 97.810 to 97.865 apply to any cemetery controlled or operated by the cemetery authority, county or city by filing a written statement indicating such action with the Director of the Department of Consumer and Business Services. The statement shall be in the form prescribed by the director and shall contain the information specified by the director.

(2)(a) When a cemetery authority, county or city files a statement described in this section with the director, ORS 97.810 to 97.865 applies to a cemetery controlled or operated by the cemetery authority, county or city beginning on the first day of the fiscal year next following the filing of the statement.

(b) ORS 294.035 does not apply to funds held by a county or city under ORS 97.810 to 97.865. [1997 c.167 §4; 2001 c.796 §25; 2007 c.661 §8]

97.870 Unused and uncared for portions of cemetery declared common nuisances. (1) In all cases where a cemetery authority has owned a site for a cemetery for more than 40 years and has during that period sold lots, subdivisions of lots, pieces or parcels of the cemetery for burial purposes and the grantee or party claiming through the grantee has not used portions of such lots, subdivisions of lots, pieces or parcels of the cemetery for purposes of burial and has not kept them free of weeds or brush, but has allowed them to remain entirely unused for more than 40 years or uncared for and unused for more than 20 years prior to the adoption of the resolution provided for in ORS 97.880, and such lots, subdivisions of lots, pieces and parcels of the cemetery are adjacent to improved parts thereof, and by reason of their uncared-for condition detract from the appearance of the cemetery and interfere with the harmonious improvement thereof, and furnish a place for the propagation of weeds and brush, thereby becoming a menace to adjacent property, such lots, subdivisions of lots, pieces and parcels of such cemetery, which are unused and uncared for as aforesaid, hereby are declared to be a common nuisance and contrary to public policy.

(2) The provisions of this section are not applicable to portions of cemeteries which have been or are sold with agreements between the cemetery authority or its successor in interest, or both, and the grantee providing for endowment care, permanent maintenance or free care. [Amended by 1965 c.396 §7; 2007 c.661 §9]

97.880 Resolution declaring a nuisance. The governing board of a cemetery authority described in ORS 97.870 may adopt a resolution declaring such unused and unimproved portion of its cemetery as is described in ORS 97.870 a common nuisance and an abandoned and unused portion of such cemetery, and may direct its officers to file the complaint described in ORS 97.890. [Amended by 1983 c.740 §9]

97.890 Complaint. (1) Upon the adoption of the resolution described in ORS 97.880 the officers of the cemetery authority may file a complaint in the circuit court for the county in which the cemetery is located against the owners, holders or parties interested in such abandoned portion of its cemetery demanding that the court require such owners, holders or interested parties to keep the premises clear of weeds and brush and in condition in harmony with other lots and, if the owners, holders, or interested parties fail to appear in court and comply with the order of the court, demanding that the court make a judgment declaring such portions of the cemetery a common nuisance, directing the

governing board to abate the nuisance by clearing the premises and keeping them clear of weeds and brush, creating a lien upon such lots and parcels in favor of the cemetery authority, providing that the lien be foreclosed and the lots and parcels be sold in the same manner as other sales upon execution are made and authorizing the governing board to become a purchaser thereof on behalf of the cemetery authority.

(2) In such suit any number of owners of different lots, subdivisions of lots, pieces or parcels of the cemetery may be included in the one suit.

(3) It is a sufficient designation of the property so abandoned and unimproved to give the lot number or portion thereof, or a description of the piece or parcel having no lot number, together with the name of the owner thereof, as appears on the record of the cemetery authority.

(4) In addition to the names of the persons that appear on the records of the cemetery authority as the record owners of such unused and unimproved portions of the cemetery, the plaintiff shall include as a defendant in a complaint the following: "Also all other persons unknown claiming any right, title, estate, lien or interest in the unused and unimproved portions of the cemetery described in the complaint." [Amended by 2003 c.576 §358; 2007 c.661 §10]

97.900 Summons. (1) Summons shall be served upon all owners or holders who are residents of this state in like manner as in service of summons in a civil action if such owners and holders are known to the sheriff in the county in which the cemetery is located. If the defendants are not known to the sheriff, it is sufficient to serve the owners and holders whose names appear on the tax rolls of the county for the year previous to that in which the suit is started. The plaintiff is not required to mail a copy of the summons or complaint to nonresident defendants.

(2) All owners and holders of such unimproved lots whose names do not appear on the tax rolls as aforesaid as shown by the return of the sheriff may be served by publication in any legal newspaper published in the county in which the cemetery is located for four consecutive weeks upon return of the sheriff that such owners and holders are not known and cannot be served in the jurisdiction of the sheriff.

(3) The published summons shall contain the names of the record owners, as shown by the records of the cemetery authority, and "also all other persons unknown claiming any right, title, estate, lien or interest in the unused and unimproved portions of the cemetery described in the complaint," together

with a brief description of the lot, or subdivisions of lots, pieces or parcels of the cemetery and a statement setting forth the order and judgment described in ORS 97.890 (1) for which the plaintiff has applied to the court in the complaint. Such summons shall require all parties defendant to appear and show cause why an order should not be made declaring the unused and unimproved portions of the cemeteries to be a common nuisance, directing the cemetery authority to abate the nuisance, creating a lien thereon, providing that it be foreclosed and directing that the unused and unimproved portion of the cemetery be sold within four weeks from and after the date of the first publication thereof. [Amended by 2003 c.576 §359; 2007 c.661 §11]

97.910 Disuse as prima facie evidence of abandonment. In all cases arising under ORS 97.870 to 97.900, the fact that the owner, holder or interested party, of the unused and unimproved portion of the cemetery has not, for a term of 20 years or more, used the plot and has failed to keep it clear of weeds or brush is prima facie evidence that the owner, holder or interested party has abandoned it.

97.920 Judgment declaring nuisance, authorizing abatement and creating and foreclosing lien. Upon the failure of the owner of the premises to comply with the order of the court requiring proper care of the premises or upon the failure of any of the defendants to appear and answer the complaint or upon the trial of the cause, if the court finds that the allegations of the complaint are supported by the evidence and that the summons has been served as provided in ORS 97.900, the court may enter a judgment in accordance with the allegations of the complaint and the provisions of ORS 97.890 (1). [Amended by 2003 c.576 §360]

(3) All such trust funds shall be deposited by the provider with a financial institution in the State of Oregon carrying deposit insurance, within 15 days after receipt thereof. A trust fund shall be held in a separate account in the name of the provider followed by the words "funeral plan trust account," in trust for the person for whom such prearranged funeral plan is made, or in a common trust account in the name of the provider in trust for each person for whom such prearranged funeral plan is made, until a trust fund is released under any of the following conditions:

(7) The director may appoint a successor provider upon a determination that the original provider has ceased to provide the kinds of services and things which the original provider agreed to provide, that the purchaser or the purchaser's legal representative cannot be readily identified or contacted and that the appointment of a successor provider is appropriate in order to protect the interests of the trust beneficiaries. Financial institutions holding deposits of such trust funds shall change their records to reflect such appointment of a successor provider upon receipt of written notice of the appointment from the director. Where the director proposes to take such action under this subsection, the provider being replaced shall be accorded notice and

ance or medical assistance, the contract may provide that the contract is irrevocable.

(b) The contract may provide for an election by the beneficiary, or by the purchaser on behalf of the beneficiary, to make the contract thereafter irrevocable if after the contract is entered into, the beneficiary becomes eligible or seeks to become eligible for public assistance or medical assistance. [Formerly 128.421; 2007 c.661 §18; 2012 c.7 §7; 2013 c.688 §11]

(4) A certified provider shall identify funds deposited in the trust fund account in the records of the certified provider by the name of the purchaser and beneficiary. The certified provider shall maintain records that

specify the allocation of all earnings to each prearrangement sales contract or preconstruction sales contract. Nothing prohibits the certified provider from directing a master trustee or a depository to commingle the deposits in a trust fund account for purposes of managing and investing the funds. A joint trust fund account must be identified by the name of the certified provider.

(5) When a prearrangement sales contract or preconstruction sales contract includes rights of interment and funeral or cemetery merchandise or services, the terms of the contract must clearly provide for the application of payments received under the contract.

(6) An entity engaging in prearrangement sales or preconstruction sales that involve the sale of items subject to trust and any item not subject to trust may not increase the sales price of those items not subject to trust with the purpose of allocating a lesser sales price to items that require a deposit of trust funds.

(b) Depositories or master trustees holding deposits of trust funds by the original

certified provider shall change their records to reflect the appointment of a successor certified provider upon receipt of written notice of the appointment from the director.

(10) A trust fund account must be a single purpose fund. In the event of the certified provider's bankruptcy, the funds and accrued income are not available to any creditor as assets of the certified provider, but must be distributed to the purchasers or managed for the purchasers' benefit by the trustee in bankruptcy, receiver or assignee.

(11)(a) If the original certified provider is licensed under ORS chapter 692 and voluntarily surrenders the license to the State Mortuary and Cemetery Board, prearrangement sales contracts and preconstruction sales contracts must be transferred to the successor certified provider appointed by the director.

(b) If the original certified provider is not licensed under ORS chapter 692, upon presentation of proof of the dissolution or insolvency, or merger with another certified provider, of the original certified provider, the depository shall release the prearrangement trust fund deposits or preconstruction trust fund deposits to the purchaser.

The certified provider shall provide the audit results to the director as part of the annual report required under ORS 97.933. [Formerly 128.423; 2007 c.661 §19; 2012 c.7 §8]

(2) If the court determines that a receivership is necessary or advisable, the court shall appoint a receiver:

(a) When a receiver would ensure the orderly and proper conduct of a certified provider's professional business and affairs during or in the aftermath of an administrative proceeding to revoke or suspend the certified provider;

(b) When a receiver would protect the public's interest and rights in the business, premises or activities of the certified provider or entity sought to be placed in receivership;

(c) Upon a showing of serious and repeated violations of ORS 97.923 to 97.949 demonstrating an inability or unwillingness to comply with the provisions of ORS 97.923 to 97.949;

(d) When a receiver would prevent loss, wasting, dissipation, theft or conversion of assets that should be marshaled and held available for the honoring of obligations under ORS 97.923 to 97.949; or

(e) When the court receives proof of other grounds that the court deems good and sufficient for instituting receivership action concerning the certified provider or entity sought to be placed in receivership.

(3)(a) A receivership under this section may be temporary or for the winding up and dissolution of a business, as the director may request and the court determines to be necessary or advisable in the circumstances.

(b) Venue of receivership proceedings may be, at the director's request, in Marion County or the county where the subject of the receivership is located. The appointed receiver shall be the director or a person that the director nominates and that the court approves.

(c) The director may expend money from budgeted funds or the Funeral and Cemetery Consumer Protection Trust Fund to implement a receivership. Any expenditures are a claim against the estate in the receivership proceedings. [2007 c.661 §24; 2012 c.7 §9]

Note: See note under 97.923.

97.943 Distributions from prearrangement trust fund deposits. (1) A master trustee or a depository may not make any distributions from prearrangement sales contract trust fund deposits except as provided in this section.

(2) The principal of a trust created pursuant to a prearrangement sales contract shall be paid to the certified provider who sold the contract if the certified provider who sold the contract swears, by affidavit, that the certified provider has delivered all merchandise and performed all services re-

quired under the prearrangement sales contract and delivers to the master trustee or the depository one of the following:

(a) A certified copy of a death record of the beneficiary; or

(b) A sworn affidavit signed by the certified provider and by:

(A) One member of the beneficiary's family; or

(B) The executor of the beneficiary's estate.

(b) The contract purchaser, or the purchaser's estate, if the contract is a non-guaranteed contract.

(6) The master trustee or the depository may rely upon the certifications and affidavits made to it under the provisions of ORS 97.923 to 97.949, 97.992, 97.994 and 692.180, and is not liable to any person for such reliance.

(7) If a certified provider who sold a prearrangement sales contract does not comply with the terms of the prearrangement sales contract within a reasonable time after the certified provider is required to do so, the purchaser or heirs or assigns or duly authorized representative of the purchaser or the beneficiary has the right to a refund in the amount equal to the sales price paid for undelivered merchandise and unperformed services plus undistributed earnings amounts held in trust attributable to such contract, within 30 days of the filing of a sworn affidavit with the certified provider who sold the contract and the master trustee or the depository setting forth the existence of the contract and the fact of breach. A copy of this affidavit shall be filed with the Director of the Department of Consumer and Business Services. In the event a certified provider who has sold a prearrangement sales con-

tract is prevented from performing by strike, shortage of materials, civil disorder, natural disaster or any like occurrence beyond the control of the certified provider, the certified provider's time for performance is extended by the length of such delay.

(8) Except for an irrevocable contract described in ORS 97.939 (4), at any time prior to the death of the beneficiary of a prearrangement sales contract, the purchaser of the prearrangement sales contract may cancel the contract and is entitled to a refund of all amounts paid on the contract, all amounts in trust including earnings allocated to the contract that are in excess of all amounts paid on the contract and unallocated earnings on trust contract amounts from the date of the last allocation to the date of the refund request, less any amounts paid for merchandise already delivered or services already performed, which amounts may be retained by the certified provider as compensation.

(9) Notwithstanding ORS 97.941 (4) and subsection (5) of this section, a master trustee or certified provider may pay accounting fees, taxes, depository fees, investment manager fees and master trustee fees from earnings of trust fund deposits. Any payment of expenses or fees from earnings of a trust fund deposit under this subsection must not:

97.944 Distributions from preconstruction trust fund deposits. (1) A depository may not make any distributions from preconstruction sales contract trust deposits except as provided in this section.

(2)(a) The construction or development of undeveloped interment spaces shall be commenced on the phase of construction or development, or the section or sections of spaces in which sales are made within five years of the date of the first sale. The certified provider who sold the preconstruction sales contract shall give written notice including a description of the project to the Director of the Department of Consumer and Business Services no later than 30 days after the first sale.

(b) Once commenced, construction or development shall be pursued diligently to completion. The first phase of construction must be completed within seven years of the first sale. However, any delay caused by strike, shortage of materials, civil disorder, natural disaster or any similar occurrence beyond the control of the certified provider extends the time of completion by the length of a delay.

(c) If construction or development is not commenced or completed within the times specified, any contract purchaser may surrender and cancel the contract and upon cancellation shall be entitled to a refund of the actual amounts paid toward the purchase price, together with interest accrued on the amount deposited to the trust.

(3) Except as otherwise authorized by this section, every certified provider selling undeveloped spaces shall provide facilities for temporary interment for purchasers or beneficiaries of contracts who die prior to completion of the space. Such temporary facilities shall be constructed of permanent materials, and, insofar as practical, be landscaped and groomed to the extent customary in that community. The heirs, assigns or personal representative of a purchaser or beneficiary shall not be required to accept temporary underground interment space where undeveloped space contracted for was an aboveground entombment or inurnment space. In the event that temporary facilities as described in this subsection are not made available upon the death of a purchaser or beneficiary, the heirs, assigns or personal representative is entitled to a refund of the entire sales price paid plus undistributed interest attributable to such amount while in trust.

(4) If the certified provider who sold the preconstruction sales contract delivers a completed space acceptable to the heirs, assigns or personal representative of a purchaser or beneficiary, other than a temporary facility, in lieu of the undeveloped space purchased, the certified provider shall provide the depository with a delivery certificate and all sums deposited under the preconstruction sales contract and income allocable to that contract shall be paid to the certified provider.

(5) During the construction or development of interment spaces, upon receiving the sworn certification of the certified provider who sold the preconstruction sales contract and the contractor, the depository shall disburse from the trust fund the amount equivalent to the cost of performed labor or delivered materials as certified, not to exceed the amounts deposited and income allocable to those contracts. A person who executes

and delivers a completion certificate with actual knowledge of a falsity contained therein shall be considered in violation of ORS 97.923 to 97.949 and 692.180.

(6) Upon completion of the phase of construction or development, section or sections of the project as certified to the depository by the certified provider and the contractor, the trust requirements shall terminate and all funds held in the preconstruction sales contract trust fund attributable to the completed phase, section or sections shall be paid to the certified provider who sold the preconstruction sales contract.

(7) Upon the payment to a certified provider of preconstruction sales contract trust funds under subsection (4) or (6) of this section, the undistributed income of the trust shall be paid to:

(a) The certified provider who sold the contract if the contract is a guaranteed contract; or

(b) The contract purchaser, or the purchaser's estate, if the contract is a non-guaranteed contract.

(8) If the preconstruction sales contract purchaser defaults in making payments under an installment preconstruction sales contract, and default continues for at least 30 days after the purchaser has received written notice of default, the certified provider who sold the contract may cancel the contract and withdraw from the trust fund the entire balance of the defaulting purchaser's account as liquidated damages. Upon certification of the default, the depository shall deliver the balance to the certified provider. The depository may rely on the certification and affidavits made to it under the provisions of ORS 97.923 to 97.949, 97.992, 97.994 and 692.180 and shall not be liable to any person for such reliance. [Formerly 128.430; 2007 c.661 §21]

97.945 Funeral and Cemetery Consumer Protection Trust Fund; fee; rules; maximum balance. (1) A certified provider shall pay to the Director of the Department of Consumer and Business Services a \$5 fee for each prearrangement sales contract or preconstruction sales contract entered into, to be paid into a special income earning fund in the State Treasury, separate from the General Fund, known as the Funeral and Cemetery Consumer Protection Trust Fund. The fees shall be remitted to the director annually within 30 days after the end of December for all contracts that have been entered into during the 12-month period.

(2) Except as provided in this section, the fund shall be used solely for the purpose of providing restitution to purchasers who have

suffered pecuniary loss arising out of prearrangement sales contracts or preconstruction sales contracts. The fund may be used for payment of actual administrative expenses incurred in administering the fund. All moneys in the Funeral and Cemetery Consumer Protection Trust Fund are appropriated continuously to the director for the payment of restitution under this section and the payment of expenses incurred in performing the duties and functions of the director required under ORS 97.923 to 97.949, 97.992, 97.994 and 692.180.

(3) The director shall administer the fund and shall adopt rules governing the payment of restitution from the fund.

(4) Payments for restitution shall be made only upon order of the director where the director determines that the obligation is noncollectible from the certified provider. Restitution must not exceed the amount of the sales price paid plus interest at the statutory rate.

(5) The fund must not be applied toward any restitution for losses on a prearrangement sales contract or preconstruction sales contract entered into prior to September 27, 1987.

(6) The fund must not be allocated for any purpose other than that specified in ORS 97.923 to 97.949, 97.992, 97.994 and 692.180.

(7) If the director proposes to deny an application for restitution from the fund, the director shall accord an opportunity for a hearing as provided in ORS chapter 183.

(8) Notwithstanding any other provision of this section, the payment of restitution from the fund is a matter of grace and not of right and no purchaser has vested rights in the fund as a beneficiary or otherwise.

(9)(a) The director shall annually review the status of the fund. If the director determines that the fund together with all accumulated income earned on the fund is sufficient to cover costs of potential claims against the fund and that the total number of outstanding claims filed against the fund is less than 10 percent of the fund's current balance, then payments to the fund may be adjusted accordingly at the discretion of the director.

(b) If the fund's balance falls below acceptable levels to meet future obligations, the director by rule may increase the fee or impose an assessment on certified providers.

(c) The balance of the fund may not exceed \$2 million. The director is authorized to adjust the fee or assessment as necessary to comply with this paragraph. [Formerly 128.435; 2003 c.362 §5; 2012 c.7 §11]

Note: See note under 97.923.

97.946 Advertising and marketing prohibitions. (1) A person may not engage in unsolicited door to door or telephone advertising and marketing of prearrangement sales contracts or preconstruction sales contracts. The costs of advertising and marketing may not be paid from trust funds.

(2) Advertising and marketing a prearrangement sales contract or a preconstruction sales contract by a funeral service practitioner, embalmer or funeral service establishment licensed under ORS chapter 692 does not constitute a violation of ORS 692.180 (1)(c). [Formerly 128.440]

Note: See note under 97.923.

(b) In addition to the authority conferred by ORS 97.948, the director may require a certified provider, master trustee or entity acting as a certified provider or master trustee without certification or registration to pay the actual and reasonable costs of the examination.

(2) For the purpose of an examination under this section, the director may administer oaths and affirmations, compel the attendance of witnesses, take evidence and require the production of books, papers, correspondence, memoranda, agreements or other documents or records that the director considers relevant or material to the examination.

(3) If a certified provider, master trustee or entity acting as a certified provider or master trustee without certification or registration fails to comply with a subpoena issued under this section or a party or witness refuses to testify on any matter, the judge of the circuit court for any county, on the application of the director, shall compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the court or a refusal to testify on a matter before the court.

(4) Each witness who appears before the director under a subpoena issued under this section shall receive the fees and mileage

provided for witnesses in ORS 44.415 (2), except that a witness subpoenaed at the instance of parties other than the director or an examiner may not be compensated for attendance or travel unless the director certifies that the testimony of the witness was material to the matter investigated.

(5) During the course of any examination, the director may cause the depositions of witnesses to be taken in the manner prescribed by law for like depositions in civil suits in the circuit court. [2001 c.796 §3; 2003 c.362 §6; 2005 c.338 §1; 2012 c.7 §14]

97.962 [1995 c.717 §7; repealed by 2007 c.681 §31]

gift of the donor's body or body part under ORS 97.957 or an amendment to an anatomical gift of the donor's body or body part under ORS 97.959, may not be revoked except in accordance with ORS 97.959.

(2) A donor's revocation of an anatomical gift of the donor's body or body part under ORS 97.959 is not a refusal and does not prohibit another person specified in ORS 97.955 or 97.965 from making an anatomical gift of the donor's body or body part under ORS 97.957 or 97.967.

(3) If a person other than the donor makes an unrevoked anatomical gift of the donor's body or body part under ORS 97.957 or an amendment to an anatomical gift of the donor's body or body part under ORS 97.959, another person may not make, amend or revoke the gift of the donor's body or body part under ORS 97.967.

(4) A revocation of an anatomical gift of a donor's body or body part under ORS 97.959 by a person other than the donor does not prohibit another person from making an anatomical gift of the body or body part under ORS 97.957 or 97.967.

(5) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under ORS 97.955, an anatomical gift of a body part is neither a refusal to give another body part nor a limitation on the making of an anatomical gift of another body part at a later time by the donor or other person.

(6) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under ORS 97.955, an anatomical gift of a body part for one or more of the purposes set forth in ORS 97.955 is not a limitation on the making of an anatomical gift of the body part for any of the other purposes by the donor or other person under ORS 97.957 or 97.967. [2007 c.681 §7; 2009 c.106 §4; 2011 c.61 §2]

(3) If an anatomical gift of one or more specific body parts or of all body parts is made in a document of gift that does not name a person described in subsection (1) of this section but identifies the purpose for which an anatomical gift may be used, the following rules apply:

(10) A person may not accept an anatomical gift if the person knows that the gift was not effectively made under ORS 97.957 or 97.967 or if the person knows that the decedent made a refusal under ORS 97.961 that was not revoked. For purposes of this subsection, if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.

(11) Except as otherwise provided in subsection (1)(b) of this section, ORS 97.951 to 97.982 do not affect the allocation of organs for transplantation or therapy. [2007 c.681 §10]

Note: See note under 97.951.

97.970 Search for document of anatomical gift or refusal; duty to send document or refusal to hospital. (1) The following persons shall make a reasonable search of an individual who the persons reasonably believe is dead or near death for a

document of gift or other information identifying the individual as a donor or as an individual who made a refusal:

(a) A law enforcement officer, firefighter, emergency medical services provider or other emergency rescuer finding the individual; and

(b) If no other source of the information is immediately available, a hospital, as soon as practicable after the individual's arrival at the hospital.

(2) If a document of gift or a refusal to make an anatomical gift is located by the search required by subsection (1)(a) of this section and the individual or deceased individual to whom it relates is taken to a hospital, the person responsible for conducting the search shall send the document of gift or the refusal to the hospital.

(3) A person is not subject to criminal or civil liability for failing to discharge the duties imposed by this section but may be subject to administrative sanctions. [2007 c.681 §11; 2011 c.703 §22]

(2) Upon or after an individual's death, a person in possession of a document of gift or a refusal to make an anatomical gift with respect to the individual shall allow examination and copying of the document of gift or the refusal by a person authorized to make or object to the making of an anatomical gift with respect to the individual or by a person to whom the gift could pass under ORS 97.969. [2007 c.681 §12]

Note: See note under 97.951.

97.972 Rights and duties of procurement organizations and others; authorized examinations. (1) When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of the records of the Department of Transportation and any donor registry that it knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

(2) A procurement organization must be allowed reasonable access to information in the records of the Department of Transportation to ascertain whether an individual at or near death is a donor.

(3) When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical suitability of a body part that is or

could be the subject of an anatomical gift for transplantation, therapy, research or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the body part may not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.

(4)(a) Unless otherwise prohibited by law, at any time after a donor's death, the person to whom a body part passes under ORS 97.969 may conduct any reasonable examination necessary to ensure the medical suitability of the body or body part for its intended purpose.

(b) A transplant hospital may not deny a recipient from receiving an anatomical gift exclusively on the basis that the recipient is a registry identification cardholder as defined in ORS 475B.410.

(5) Unless otherwise prohibited by law, an examination under subsection (3) or (4)(a) of this section may include an examination of all medical and dental records of the donor or prospective donor.

(6) Upon the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.

(7) Upon referral by a hospital under subsection (1) of this section, a procurement organization shall make a reasonable search for any person listed in ORS 97.965 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended or revoked, it shall promptly advise the other person of all relevant information.

(8) Subject to ORS 97.969 (9) and 97.980, the rights of the person to whom a body part passes under ORS 97.969 are superior to the rights of all others with respect to the body part. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and ORS 97.951 to 97.982, a person who accepts an anatomical gift of an entire body may allow embalming, burial or cremation and use of remains in a funeral service. If the gift is of a body part, the person to whom the body part passes under ORS 97.969, upon the death of the donor and before embalming, burial or cremation, shall cause the body part to be removed without unnecessary mutilation.

(9) Neither the physician who attends the decedent at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a body part from the decedent.

(10) A physician or technician may remove from the body of a donor a donated body part that the physician or technician is qualified to remove. [2007 c.681 §13; subsection (4)(b) of 2015 Edition enacted as 2015 c.844 §8]

Note: See note under 97.951.

97.974 Immunity of persons acting in accordance with ORS 97.951 to 97.982. (1) A person who acts in accordance with ORS 97.951 to 97.982 or with the applicable anatomical gift law of another state, or attempts in good faith to do so, is not liable for the act in a civil action, criminal prosecution or administrative proceeding.

(2) Neither the person making an anatomical gift nor the donor's estate is liable for any injury or damage that results from the making or use of the gift.

(3) In determining whether an anatomical gift has been made, amended or revoked under ORS 97.951 to 97.982, a person may rely upon representations of an individual listed in ORS 97.965 (1)(b), (c), (d), (e), (f), (g) or (h) relating to the individual's relationship to the donor or prospective donor unless the person knows that the representation is untrue. [2007 c.681 §15]

Note: See note under 97.951.

97.975 [Formerly 97.930; renumbered 97.987 in 2007]

(b) The laws of the state or country where it was executed; or

(c) The laws of the state or country where the person making the anatomical gift was domiciled, had a place of residence or was a national at the time the document of gift was executed.

(2) If a document of gift is valid under this section, the law of this state governs the interpretation of the document of gift.

Note: See note under 97.951.

97.977 Donor registry; duty of Department of Transportation to cooperate with donor registry. (1)(a) The Oregon Health Authority may allow an organ procurement organization to establish a donor registry.

(b) Only one donor registry may be established within this state.

(c) The donor registry shall comply with subsections (3) and (4) of this section.

(2) The Department of Transportation shall:

(a) Cooperate with a person who administers the donor registry established under subsection (1) of this section for the purpose of transferring to the donor registry all relevant information regarding a donor's making, amending or revoking an anatomical gift.

(b) When requested by the organ procurement organization that has established the donor registry in this state, the department shall electronically transfer to the organ procurement organization the name, address, birthdate and donor designation listed on the driver license or identification card of a person designated as a donor. The organ procurement organization shall treat the information transferred from the department as confidential and may use the information only to expedite the making of anatomical gifts authorized by the donor.

(3) The donor registry must:

(a) Allow a donor or other person authorized under ORS 97.955 to include on the donor registry a statement or symbol that the donor has made, amended or revoked an anatomical gift;

(b) Be accessible to a procurement organization to allow the procurement organization to obtain relevant information on the donor registry to determine, at or near death of the donor or a prospective donor, whether the donor or prospective donor has made, amended or revoked an anatomical gift; and

(c) Be accessible for purposes of this subsection seven days a week on a 24-hour basis.

(4) Personally identifiable information on the donor registry about a donor or prospective donor may not be used or disclosed without the express consent of the donor, prospective donor or person who made the anatomical gift for any purpose other than to determine, at or near death of the donor or prospective donor, whether the donor or prospective donor has made, amended or re-

voked an anatomical gift. [2007 c.681 §17; 2009 c.595 §64]

Note: See note under 97.951.

97.978 Resolution of conflict between potential anatomical gift and advance directive. (1) As used in this section:

(a) “Advance directive” has the meaning given that term in ORS 127.505.

(b) “Declaration” means a record signed by a prospective donor specifying the circumstances under which a life support system may be withheld or withdrawn from the prospective donor.

(c) “Health care decision” means any decision regarding the health care of a prospective donor.

(2) If a prospective donor has a declaration or advance directive and the terms of the declaration or advance directive and the express or implied terms of a potential anatomical gift are in conflict regarding administration of measures necessary to ensure the medical suitability of a body part for transplantation, therapy, research or education, the prospective donor and the prospective donor’s attending physician shall confer to resolve the conflict.

(3) If the prospective donor is incapable of resolving the conflict, one of the following persons shall act for the prospective donor to resolve the conflict:

(a) An agent acting under the prospective donor’s declaration or advance directive; or

(b) If an agent is not named in the declaration or advance directive or the agent is not reasonably available, another person authorized by law, other than in ORS 97.951 to 97.982, to make health care decisions for the prospective donor.

(4) The conflict must be resolved as expeditiously as possible.

(5) Information relevant to the resolution of the conflict may be obtained from the appropriate procurement organization and any person authorized under ORS 97.965 to make an anatomical gift for the prospective donor.

(6) During the resolution of the conflict, measures necessary to ensure the medical suitability of the body part may not be withheld or withdrawn from the prospective donor unless withholding or withdrawing the measures is medically indicated by appropriate end of life care. [2007 c.681 §18]

Note: See note under 97.951.

97.979 Cooperation between medical examiner and procurement organization.

(1) A medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover anatomical gifts for

the purpose of transplantation, therapy, research or education.

(2) Subject to ORS 97.980, if a medical examiner receives notice from a procurement organization that an anatomical gift might be available or was made with respect to a decedent whose body is under the jurisdiction of the medical examiner and a post-mortem examination is going to be performed, the medical examiner or designee shall conduct a post-mortem examination of the body or the body part in a manner and within a period compatible with its preservation for the purposes of the gift.

(3) A body part may not be removed from the body of a decedent under the jurisdiction of a medical examiner for transplantation, therapy, research or education unless the body part is the subject of an anatomical gift. The body of a decedent under the jurisdiction of the medical examiner may not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This subsection does not preclude a medical examiner from performing the medicolegal investigation upon the body or body parts of a decedent under the jurisdiction of the medical examiner. [2007 c.681 §19]

Note: See note under 97.951.

97.980 Facilitation of anatomical gift from decedent whose body is under jurisdiction of medical examiner. (1) Upon request of a procurement organization, a medical examiner shall release to the procurement organization the name, contact information and available medical and social history of a decedent whose body is under the jurisdiction of the medical examiner. If the decedent’s body or body part is medically suitable for transplantation, therapy, research or education, the medical examiner shall release post-mortem examination results to the procurement organization. The procurement organization may make a subsequent disclosure of the post-mortem examination results or other information received from the medical examiner only if relevant to transplantation, therapy, research or education.

(2) The medical examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, X-rays, other diagnostic results and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the medical examiner that the medical examiner determines may be relevant to the investigation.

(3) A person who has any information requested by a medical examiner pursuant to subsection (2) of this section shall provide that information as expeditiously as possible to allow the medical examiner to conduct the

medicolegal investigation within a period compatible with the preservation of body parts for the purpose of transplantation, therapy, research or education.

(4) If an anatomical gift has been or might be made of a body part of a decedent whose body is under the jurisdiction of the medical examiner and a post-mortem examination is not required, or the medical examiner determines that a post-mortem examination is required but that the recovery of the body part that is the subject of an anatomical gift will not interfere with the examination, the medical examiner and procurement organization shall cooperate in the timely removal of the body part from the decedent for the purpose of transplantation, therapy, research or education.

(5) If an anatomical gift of a body part from the decedent under the jurisdiction of the medical examiner has been or might be made, but the medical examiner initially believes that the recovery of the body part could interfere with the post-mortem investigation into the decedent's cause or manner of death, the medical examiner shall consult with the procurement organization, or physician or technician designated by the procurement organization, about the proposed recovery. The procurement organization shall provide the medical examiner with all of the information that the procurement organization possesses that could relate to the decedent's cause or manner of death.

(6)(a) The medical examiner and the procurement organization may enter into an agreement establishing protocols and procedures governing their relationship when:

(A) An anatomical gift of a body part from a decedent whose body is under the jurisdiction of the medical examiner has been or might be made; and

(B) The medical examiner believes that the recovery of the body part could interfere with the post-mortem investigation into the decedent's cause or manner of death or the documentation or preservation of evidence.

(b) A decision regarding the recovery of the body part from the decedent shall be made in accordance with the agreement.

(c) The medical examiner and the procurement organization shall evaluate the effectiveness of the agreement at regular intervals but not less frequently than every two years.

(7)(a) In the absence of an agreement establishing protocols and procedures governing the relationship between the medical examiner and the procurement organization when an anatomical gift of an eye or tissue from a decedent whose body is under the jurisdiction of the medical examiner has been

or might be made, and following the consultation under subsection (5) of this section, the medical examiner may delay the recovery of the eye or tissue until after the collection of evidence or the post-mortem examination, in order to preserve and collect evidence, to maintain a proper chain of custody and to allow an accurate determination of the decedent's cause or manner of death.

(b) When a determination to delay the recovery of an eye or tissue is made, every effort possible shall be made by the medical examiner to complete the collection of evidence or the post-mortem examination in a timely manner compatible with the preservation of the eye or tissue for the purpose of transplantation, therapy, research or education.

(c) The collection of evidence or the post-mortem examination shall occur during the normal business hours of the medical examiner and, when possible and practicable, at times other than the normal business hours of the medical examiner.

(d) If the collection of evidence or the post-mortem examination occurs at times other than the normal business hours of the medical examiner, the procurement organization shall reimburse the medical examiner a mutually agreed-upon reasonable fee.

(8) If the medical examiner denies or delays recovery under subsection (6) or (7) of this section, the medical examiner shall:

(a) Explain in a record the specific reasons for not allowing or for delaying recovery of the body part;

(b) Include the specific reasons in the records of the medical examiner; and

(c) Provide a record with the specific reasons to the procurement organization.

(9) If the medical examiner allows recovery of a body part, the procurement organization shall cooperate with the medical examiner in any documentation of injuries and the preservation and collection of evidence prior to and during the recovery of the body part and, upon request of the medical examiner, shall cause the physician or technician who removes the body part to provide the medical examiner with a record describing the condition of the body part, a photograph and any other information and observations that would assist in the post-mortem examination. [2007 c.681 §20]

Note: See note under 97.951.

97.981 Purchase or sale of body parts prohibited. (1) Except as otherwise provided in subsection (3) of this section, a person commits the crime of purchase or sale of a body part for transplantation or therapy if the person, for valuable consideration, know-

ingly purchases or sells a body part for transplantation or therapy if removal of the body part from an individual is intended to occur after the individual's death.

(2) Purchase or sale of a body part for transplantation or therapy is a Class C felony.

(3) A person may charge a reasonable amount for the removal, processing, preservation, quality control, storage, transportation, implantation or disposal of a body part. [2007 c.681 §21]

Note: See note under 97.951.

97.982 Alteration of document of anatomical gift prohibited. (1) A person commits the crime of alteration of a document of gift if the person, in order to obtain a financial gain, intentionally falsifies, forges, conceals, defaces or obliterates a document of gift, an amendment or revocation of a document of gift or a refusal.

(2) Alteration of a document of gift is a Class C felony. [2007 c.681 §22]
