AUTHORITY FOR BORROWING

287A.010 Powers conveyed to public bodies. The powers conveyed to public bodies by ORS 287A.001 to 287A.380 are in addition to any other powers possessed by public bodies and do not limit those other powers. [2007 c.783 §68]

(General Obligation Bonds)

287A.050 Authority of city to issue general obligation bonds. (1) Upon approval of the electors of a city, the city may issue general obligation bonds to finance:

(a) Capital construction or capital improvements permitted by Article XI, sections 11 and 11b, of the Oregon Constitution.

(b) Capital costs permitted by Article XI, section 11L, of the Oregon Constitution.

(2) Unless the city charter provides a lesser limitation, a city may not issue or have outstanding at the time of issuance general obligation bonds in a principal amount that exceeds three percent of the real market value of the taxable property within its boundaries, calculated as provided in ORS 308.207.

(3) The limitation described in subsection (2) of this section does not apply to general obligation bonds issued:

(a) To finance the costs of local improvements assessed and paid for in installments under statutory or charter authority.

(b) To finance capital construction or capital improvements permitted by Article XI, sections 11 and 11b, of the Oregon Constitution, or to finance capital costs permitted by Article XI, section 11L, of the Oregon Constitution, for:

(A) Water supply, treatment or distribution;

(B) Sanitary or storm sewage collection or treatment;

(C) Hospitals or infirmaries;

(D) Gas, power or lighting; or

(E) Off-street motor vehicle parking facilities. [2007 c.783 §43; 2013 c.491 §3]

287A.100 Authority of county to issue general obligation bonds. (1) Unless the county charter expressly provides otherwise, upon approval of the electors of a county, the county may issue general obligation bonds to finance:

(a) Capital construction or capital improvements permitted by Article XI, sections 11 and 11b, of the Oregon Constitution.

(b) Capital costs permitted by Article XI, section 11L, of the Oregon Constitution.

(2) Unless the county charter provides a lesser limitation, a county may not issue or

have outstanding at the time of issuance general obligation bonds in a principal amount that exceeds two percent of the real market value of the taxable property in the county, calculated as provided in ORS 308.207. [2007 c.783 §44; 2013 c.491 §4]

287A.105 Limitation on bonded indebtedness of county. (1) A county may incur bonded indebtedness within the meaning of section 10, Article XI of the Oregon Constitution, by issuing revenue bonds when a county is expressly authorized to issue revenue bonds by a law other than this section. The amount of revenue bonds permitted by this section may not exceed the lesser of:

(a) One percent of the real market value of all taxable property in the county, calculated as provided in ORS 308.207; or

(b) A limitation on bonded indebtedness in the county charter.

(2) The limitation on bonded indebtedness in subsection (1) of this section does not apply to revenue bonds issued to finance pension liabilities under ORS 238.692 to 238.698 or any other law in effect prior to enactment of ORS 238.692 to 238.698. [2007 c.783 §45]

287A.140 Ad valorem tax levy to pay general obligation bonds. (1) In addition to other taxes imposed, a public body shall levy annually an ad valorem property tax on the taxable property within the boundaries of the public body in an amount that is sufficient, when added to other amounts available, to pay the principal of and interest on outstanding general obligation bonds issued by the public body.

(2) A public body may:

(a) Use the revenues from a levy under this section and earnings on the revenues only to pay the principal of and interest on general obligation bonds.

(b) Not use or divert taxes levied under subsection (1) of this section for another purpose while principal or interest remains unpaid on the bonds.

(c) If a surplus amount remains after the principal of and interest on an issue of general obligation bonds have been paid and the public body does not have other expenses related to the bonds, transfer the surplus moneys to a fund designated by the governing body of the public body.

(3) Revenues from a levy by a public body pursuant to this section and earnings on the revenues are pledged as security for payment of the principal of and interest on general obligation bonds of the public body.

(4) A pledge under this section has the effect of a pledge under ORS 287A.310. [2007 c.783 §67; 2015 c.53 §1]

287A.145 Misspent proceeds of general obligation bonds. (1) If a court of competent jurisdiction determines that the proceeds of an issue of general obligation bonds have been used by a public body for expenditures that are not capital costs permitted by Article XI, section 11L, of the Oregon Constitution, or that are not costs of capital construction or capital improvements permitted by Article XI, sections 11 and 11b, of the Oregon Constitution, the court may order the public body to:

(a) Replace the misspent proceeds with interest, on a reasonable schedule determined by the court, from moneys other than the tax revenues that the public body levies to pay the debt service; and

(b) Use the replaced moneys, as appropriate, for capital costs, for the costs of capital construction or capital improvements or to pay the debt service.

(2) If the public body fails to comply with an order to replace the misspent proceeds or acknowledges that the public body is unable to replace the misspent proceeds, the court may determine that a portion of the future levies to pay the debt service is subject to the limits of Article XI, sections 11 and 11b, of the Oregon Constitution, by calculating the amount of the tax revenues that are necessary to pay the principal and interest on the bonds that is allocable to the misspent proceeds.

(3) An action may not be filed or maintained against a public body because of an alleged expenditure of the bond proceeds of general obligation bonds for purposes other than capital costs, capital construction or capital improvements, if the misspent moneys are less than \$5,000. [2007 c.783 §66; 2013 c.491 §5]

Note: Section 1, chapter 684, Oregon Laws 2013, provides:

Sec. 1. (1) A change in the use of facilities that were constructed, in whole or in part, with net proceeds of general obligation bonds of a county does not cause the expenditure of the net proceeds to be an improper expenditure of bond proceeds for which a court may issue an order described in ORS 287A.145 if:

(a) The general obligation bonds were approved at an election conducted on May 21, 1996; and

(b) The bond proceeds were spent for purposes allowed by the ballot measure authorizing the bonds and by Article XI, sections 11 and 11b, of the Oregon Constitution.

(2) The change in the use of facilities described in subsection (1) of this section does not affect any authority the county may have to impose taxes outside the limitations imposed by Article XI, sections 11 and 11b, of the Oregon Constitution, for the original bonds or bonds issued to refund the original bonds.

(3) The county shall use any revenue from the change in the use of facilities to reduce the taxes imposed to pay bond-related costs. [2013 c.684 §1]

287A.150 Authority of public body to issue revenue bonds. (1) In addition to any other authority to issue revenue bonds, a public body may authorize revenue bonds by resolution or nonemergency ordinance pursuant to this section for a public purpose.

(2) If revenue bonds are authorized by nonemergency ordinance, a public body may not sell the revenue bonds pursuant to this section until the period for referral of the ordinance has expired. If electors of a public body refer a nonemergency ordinance authorizing issuance of revenue bonds, the public body may not sell the revenue bonds unless the electors approve issuance of the revenue bonds.

(3) If revenue bonds are authorized by resolution:

(a) A public body may not sell the revenue bonds until at least 60 days following publication of the notice required in subsection (4) of this section.

(b) The resolution must provide that electors residing within the public body may file a petition with the public body asking the public body to refer the question of whether to issue the revenue bonds to a vote. If within 60 days after the publication of the notice described in subsection (4) of this section, electors file petitions with the public body containing valid signatures of at least five percent of the public body's electors, the public body:

(A) Shall place the question of issuing the revenue bonds on the ballot at the next lawfully available election date; and

(B) May not sell the revenue bonds described in the notice unless a majority of the electors voting on the question of issuing the revenue bonds approve.

(4) A public body authorizing revenue bonds by resolution shall publish a notice describing the purposes for which the revenue bonds will be sold in at least one newspaper of general circulation within the boundaries of the public body in the same manner as other public notices of the public body. At a minimum, the notice must contain:

(a) The date the resolution was adopted and the number thereof, if any;

(b) The expected source of revenue for repayment of the revenue bonds;

(c) The estimated principal amount of the revenue bonds to be sold;

(d) The procedures by which electors may cause the question of issuing the revenue bonds to be referred to a vote;

(e) The period within which electors must file signed petitions to cause referral; and

(f) The fact that the resolution is available for inspection at the appropriate office of the public body.

(5) If revenue bonds are authorized by nonemergency ordinance under subsection (2) of this section, the revenue bonds may be secured by the revenues or other property of the public body that is described in the non-emergency ordinance. If revenue bonds are authorized by resolution under subsection (3) of this section, the revenue bonds may be secured by the revenues or other property of the public body that is described in the notice required under subsection (4) of this section.

(6) A public body may issue refunding bonds under ORS 287A.360 to 287A.380 to pay revenue bonds that were authorized by this section. The procedures and limitations of subsections (1) to (5) of this section do not apply to refunding bonds. [2007 c.783 §46]

287A.180 Short-term borrowing by public body. (1) In addition to any other authority to issue revenue bonds, but subject to applicable limitations imposed by the Oregon Constitution or the charter or ordinance of the public body, a public body may issue revenue bonds pursuant to this section:

(a) In anticipation of tax revenues or other moneys;

(b) To provide interim financing for capital projects to be undertaken by the public body; or

(c) To refund revenue bonds issued pursuant to this section.

(2) To secure revenue bonds authorized under this section, a public body may:

(a) Pledge all or part of the revenues of the public body that may lawfully be used to secure payment of the revenue bonds.

(b) Obtain credit enhancement devices for the revenue bonds authorized by this section.

(c) Establish debt service reserves.

(d) Enter into covenants, by ordinance, resolution or agreement, for the protection and security of the owners of revenue bonds authorized by this section. The covenants constitute enforceable contracts with the owners of the revenue bonds.

(3) Revenue bonds authorized by this section that are issued in anticipation of revenues and revenue bonds issued under subsection (1)(c) of this section:

(a) Must mature within 13 months after they are issued; and

(b) May not be issued in a principal amount that exceeds 80 percent of the taxes or other revenues, except grant moneys, that

the public body has budgeted or otherwise reasonably expects to have available to pay the revenue bonds.

(4) Revenue bonds authorized by this section that are issued in anticipation of grant moneys or to provide interim financing for capital projects and revenue bonds issued under subsection (1)(c) of this section must mature not later than five years after the revenue bonds are issued.

(5) The debt limitations imposed by law or the charter of a public body do not apply to revenue bonds or credit enhancement devices authorized by this section. [2007 c.783 §47]

(Debt Limits)

287A.195 Compliance with constitutional or statutory debt limits. (1) When calculating compliance with a constitutional or statutory debt limit for a public body:

(a) The amount of interest to be paid on bonds, whether paid currently or deferred, is not taken into account.

(b) For a zero coupon bond or other original discount bond on which periodic interest payments are not made, only the accreted value of the bond on the date the bond is issued is taken into account.

(c) If a bond is issued to a provider of a credit enhancement device for a bond that is subject to a debt limit, the bond issued to the provider must be taken into account only to the extent that the amount of the bond issued to the provider exceeds the amount of the bond secured by the credit enhancement device.

(d) A public body may deduct from the amount of outstanding indebtedness:

(A) The amount of money and investments that the public body or a trustee of the public body or a trustee or agent of the public body holds to pay bonds that have not been defeased.

(B) The principal amount of bonds that have been defeased.

(2) For purposes of this section, a bond is defeased if:

(a) The public body has set aside in an irrevocable escrow government obligations, as defined in ORS 287A.375, the receipts from which have been calculated by a certified public accountant or other experienced professional to be sufficient, without reinvestment, to pay the principal, interest and premium, if any, due on the bond at maturity or on prior redemption; or

(b) The public body has complied with the provisions in the documents authorizing the bond that govern payment or defeasance of the bond. [2007 c.783 §64]

ADMINISTRATION OF BONDS

287A.300 Terms and conditions of bond sales; delegation of authority. (1) Notwithstanding a local charter or statutory limitation, when a public body is authorized by law to issue bonds, the public body may:

(a) Combine bonds authorized by different laws or actions of the governing body into a single issue and use a single disclosure document if the bonds in the issue will have the same security, or may use a single disclosure document for bonds authorized by different laws or actions of the governing body if the bonds have different security.

(b) Structure, market and issue bonds in the manner that the public body determines is in the best interest of the people served by the public body.

(c) Sell bonds at a competitive sale or a negotiated sale or in any other manner determined by the public body.

(d) Issue bonds the interest on which is exempt from federal income taxes or is not exempt from federal income taxes.

(3) When a public body redeems bonds, the public body shall give notice of redemption in the manner specified in the documents authorizing the bonds to be redeemed.

[2007 c.783 §§48,49; 2009 c.538 §7; 2011 c.256 §2a]

287A.310 Definitions for ORS 287A.310 and 287A.315; lien of a pledge; Uniform Commercial Code. (1) As used in this section and ORS 287A.315:

(a) "Obligation" means:

(A) A bond;

(B) The commitment of a public body in connection with a credit enhancement device; or

(C) An agreement for exchange of interest rates.

(b) "Property" means:

(A) Real or personal property, tangible or intangible, whether owned when a pledge is made or acquired subsequently to the time the pledge is made; and

(B) Revenues, contract rights, receivables or securities.

(2) The Uniform Commercial Code does not apply to the creation, perfection, priority or enforcement of a lien of a pledge made by a public body.

(3) When otherwise authorized by statute, charter, ordinance or resolution to issue

bonds, a public body may pledge as security for payment of obligations all or part of the property of the public body expressly authorized to be pledged by the governing body of the public body.

(4) The lien created by a pledge is valid and binding from the time the pledge is made. Pledged property is subject immediately to the lien of the pledge without physical delivery, filing or any other act.

(5) Except as otherwise expressly provided in an operative document, the lien of the pledge is superior to and has priority over all other claims and liens.

(6) When property subject to a pledge is acquired by a public body after the pledge is made:

(a) The property is subject to the lien upon acquisition by the public body without physical delivery, filing or any other act.

(b) The lien relates to the time the pledge was originally made.

(7) A public body may reserve a right to pledge a pledged property as security for bonds subsequently issued by the public body. If the public body reserves the right, subject to the terms of the operative document that created a previous pledge, the lien of the subsequent pledge may be on a parity or *pari passu* basis with the lien of the previous pledge, on a prior and superior basis with the lien of the previous pledge or on a subordinate basis with the lien of the previous pledge, as specified in the operative document creating the subsequent pledge. The lien of the subsequent pledge:

(a) Has the priority specified in the operative document creating the subsequent pledge; and

(b) Is superior to and has priority over all other claims and liens except the lien of a pledge with which the lien of the subsequent pledge is on a parity or subordinate basis, as specified in the operative document.

(8) A pledgee may commence an action in a court of competent jurisdiction to foreclose the lien of the pledge and exercise rights and remedies available to the pledgee under the operative document.

(9) When pledged property consists of moneys or property that is in a fund for debt service reserves or payments, a pledgee may foreclose the lien of the pledge by applying the moneys or property in the fund to the payment of the bonds subject to the terms, conditions and limitations in the operative document. [2007 c.783 §50]

287A.315 Pledge of full faith and credit and taxing power. (1) A public body may pledge its full faith and credit and taxing power when the public body issues:

(a) A general obligation bond; or

(b) An obligation that is secured by all lawfully available funds of the public body.

(2) When a public body pledges its full faith and credit and taxing power to pay an obligation, the pledge constitutes an enforceable promise or contract by the public body:

(a) To pay the obligation out of lawfully available funds of the public body; and

(b) If lawfully available funds are insufficient to pay when due the amounts owing on the obligation, to levy, impose and collect a tax that is within the authority of the public body to levy, impose and collect in an amount sufficient to pay the amounts owing under the obligation, including past due amounts and penalties.

(3) If a public body fails to pay when due an amount owing under an obligation secured by a pledge of the full faith and credit and taxing power of the public body, the owner of the obligation, or the trustee appointed to act on behalf of the owner, may bring an action in the circuit court of the county in which the principal offices of the public body are located to compel the public body:

(a) To appropriate and expend sufficient lawfully available funds to pay the amounts owing on the obligation; or

(b) If lawfully available funds are insufficient to pay when due the amounts owing on the obligation, to levy, impose and collect a tax that is within the authority of the public body to levy, impose and collect in an amount sufficient to pay the amounts owing under the obligation, including past due amounts and penalties.

(4) An owner of the obligation, or a trustee appointed to act on behalf of the owner, may initiate a proceeding to impose remedial sanctions under ORS 33.055 against members of the governing body of a public body for failure to comply with an order of the court under this section.

(5) A pledge of the full faith and credit and taxing power authorized by this section does not, by itself, create a lien on the revenues or property of the public body. [2007 c.783 §50a]

287A.325 Covenants of public bodies regarding pledges. (1) The Legislative Assembly finds that:

(a) It is a matter of statewide concern that certain covenants made by public bodies regarding a pledge of revenues to secure bonds not be impaired by subsequent initiative or referendum measures.

(b) The covenants described in paragraph (a) of this subsection usually are in the form of a promise to charge and collect rates, fees,

tolls, rentals or other charges sufficient to produce moneys to maintain a specified level of debt service coverage.

(c) The possibility that the covenants described in paragraph (a) of this subsection might be rolled back, frozen or otherwise subjected to subsequently imposed conditions or restrictions negatively affects the ability of public bodies to market their bonds, to obtain credit enhancement and to obtain satisfactory ratings on their bonds.

(2) Therefore, the Legislative Assembly declares that covenants are material to the security for bonds and to investors' expectations regarding timely payment of the bonds.

(3) An elector-approved initiative or referendum measure that purports to change ordinances or resolutions affecting rates, fees, tolls, rentals or other charges has no force or effect if giving force and effect to the change would impair existing covenants made with existing bond owners.

(4) A public body may enter into rate covenants that obligate the public body to periodically set rates and charges:

(a) That generate pledged revenues at specific levels including, but not limited to, a specific monetary charge for each unit of commodity or service provided or a schedule of rates and charges that includes fixed and variable components;

(b) At levels sufficient to maintain underlying credit ratings assigned to bonds by one or more nationally recognized credit rating services without regard to improvement in credit ratings due to the additional security provided for the bonds by a credit enhancement device;

(c) That generate pledged revenues each year in amounts at least equal to operations and maintenance expenses of the system that produces the pledged revenues, plus debt service on revenue bonds and other borrowings, plus an additional amount that is reasonably required to obtain favorable terms for the revenue bonds and other borrowings; or

(d) In accordance with a formula established in the operative document governing revenue bonds or other borrowings. The formula may provide for rates and charges to be determined by reference to factors including, but not limited to:

- (A) Historical operating expenses;
- (B) Projected future operating expenses;
- (C) The funding of depreciation;
- (D) The costs of capital improvements;

(E) The costs of complying with contractual obligations and covenants;

(F) The costs of complying with regulatory requirements;

(G) Reports of independent consultants regarding the level of pledged revenues required to operate and maintain a utility in accordance with prudent utility practice;

(H) Debt service on the revenue bonds or other borrowings bonds; and

(I) The moneys needed to establish or maintain reserves required by law or contract and the moneys needed to maintain an unencumbered carryforward fund balance or working capital to meet unanticipated expenses or fluctuations in revenues that may arise.

(5) Without regard to the date of execution of a rate covenant, a rate covenant authorized by this section is a contract that binds the public body and is enforceable against the public body in accordance with the terms of the rate covenant. [2007 c.783 §51]

287A.335 Agreements for exchange of interest rates; rules. (1) As used in this section, "counterparty" means an entity with whom a public body enters into an agreement for exchange of interest rates.
