(1) Any junkyard which is in existence on June 30, 1967, less than 1,000 feet from the nearest edge of the right-of-way line and visible from the main traveled way of the Interstate System or the federal-aid primary system and is not in a zoned industrial area, may be screened by the Director

of Transportation, if economically and otherwise feasible, at locations on the highway rights of way or in areas outside of the rights of way acquired for such purposes by the Department of Transportation.

(2) Any junkyard which is in existence on June 30, 1967, less than 1,000 feet from the nearest edge of the right-of-way line and which is visible from the main traveled way of any state highway other than the Interstate System or federal-aid primary system and is not in a zoned industrial area, may be screened by the director when it is financially, economically and otherwise feasible. (2) Where a junkyard is in existence less than 1,000 feet of the nearest edge of the right-of-way line and visible from the main traveled way of any state highway which becomes a part of the Interstate System or federal-aid primary system and is not in a zoned industrial area, the junkyard may be screened as provided in subsection (1) of this section or may be relocated, removed or disposed of by the department after the portion of the state highway involved becomes a part of the Interstate System or the federal-aid primary system, as provided in subsection (1) of this section.

(3) Where a junkyard is in existence on June 30, 1967, less than 1,000 feet of the nearest edge of the right-of-way line of any state highway other than the Interstate System or federal-aid primary system, is not in a zoned industrial area, and cannot be effectively screened as provided in ORS 377.625 (2), then the department may, in its discretion, secure such interests in lands as may be necessary to relocate, remove or dispose of the junkyard. Junk placed on a highway right of way adjacent to or in the vicinity of a junkyard is prima facie evidence that it has been placed there by the owner or the operator of the junkyard. Except as provided in ORS 377.653, the Director of Transportation may do any of the following with respect to personal property declared to be a nuisance by this section:

(1) Ten days after written notice is mailed to the person owning the personal property, the director may institute on behalf of the Department of Transportation any legal proceedings the director considers necessary to prevent the violation of this section.

Personal property

that may enter a river as a result of seasonal increases in river levels, absent other evidence, does not constitute an exceptional emergency. Personal property that may enter a river as a result of unanticipated flooding, absent other evidence, does constitute an exceptional emergency.

(2) Each affidavit must contain a certification by the respective city or county that the proposed sign would comply with all applicable ordinances, plans, rules and other requirements of the city or county.

(3) Each affidavit must be on a form prepared by the department. [1981 c.329 §2; 1987 c.336 §4; 1993 c.741 §55]

377.725 Permit; application; fee; cancellation; rules. (1) A person may not erect, control, relocate or reconstruct an outdoor advertising sign unless the Department of

Transportation has issued a permit for the erection, control, relocation or reconstruction of the sign.

(2) A person who applies for a permit to the Director of Transportation shall complete forms furnished by the director. The permit application shall include a precise description of the outdoor advertising sign and such other information as the director considers necessary or desirable to determine compliance with ORS 377.700 to 377.844. The director shall issue a permit for an outdoor advertising sign that complies with ORS 377.700 to 377.844. A valid permit may be transferred to another person upon written notice to the director.

(3) A permit may not be issued for an outdoor advertising sign located adjacent to an interstate highway or freeway unless the director determines that access to the sign from the interstate highway or freeway can be obtained without violating the access control line of the interstate highway or freeway.

(4) A permit shall be renewed annually on the first day of January. Application for renewal of a permit shall be filed prior to expiration of the term of the permit. If application for renewal of a permit is filed within 30 days after the expiration of the term, the permit shall be granted if any additional fee specified by the department in rules adopted under ORS 377.729 is paid at the time the application is filed. Any permit not renewed in accordance with this section shall be canceled.

(5) Permit fees for purposes of this section are as established by the department by rule under ORS 377.729.

(6) A permit shall be issued for one year. The applicable fee shall accompany the permit application. A fee may not be prorated for a fraction of a year or be refunded if the outdoor advertising sign is removed.

(7) The display surface of an outdoor advertising sign may be changed or cutouts may be attached or removed within the sign area without obtaining a permit. However, a permit shall be obtained if the outdoor advertising sign is reconstructed.

(8) A reconstruction permit may be issued for the addition of another display surface on the opposite side of an existing, conforming sign under permit, that is no larger than the existing display surface.

(9) The director shall require removal of a sign or shall cancel a permit and require removal of an outdoor advertising sign as provided by ORS 377.775 if the director finds a sign has been erected, maintained or serviced from the highway right of way at any portion of the right of way where the de-

partment has acquired rights of access to the highway or rights of access have not accrued to the abutting property. If there is no permit for the outdoor advertising sign, then the director shall require removal of the outdoor advertising sign. In addition, the department may recover from the owner of the sign or outdoor advertising sign or from the person erecting, maintaining or servicing the sign or outdoor advertising sign, the amount of damage to landscaping, sod, fencing, ditches or other highway appurtenances resulting from such acts. If a permit is canceled under this subsection, an outdoor advertising sign may not be relocated under ORS 377.767.

(10)(a) The director may cancel a permit, unless a corrected application is filed or the outdoor advertising sign is brought into compliance within 30 days after written notice thereof is mailed to the permittee, if the director finds:

(A) The applicant has knowingly supplied materially false or misleading information in the application for a permit or renewal thereof; or

(B) The sign covered by the permit violates ORS 377.700 to 377.844.

(b) If a permit is canceled under this subsection, an outdoor advertising sign may not be relocated under ORS 377.767, and the holder of the permit is not entitled to a relocation credit.

(11) The director shall cancel a permit immediately upon failure of a permittee to erect or maintain the outdoor advertising sign as described by the permit application and to attach a permit plate to the sign 180 days after the date of issuance of the permit.

(12) The director shall assign a permit plate with an identification number to the permit issued for an outdoor advertising sign. The permittee shall attach the permit plate to the outdoor advertising sign so the plate is visible from the adjacent state highway. The absence of a permit plate or failure to renew the permit annually is prima facie evidence that the outdoor advertising sign does not comply with ORS 377.700 to 377.844.

(13) Except as otherwise provided in ORS 377.712, 377.753 and 377.765, no permits shall be issued for the erection of any new outdoor advertising sign after May 30, 2007.

(14) The director may establish more than one class or type of outdoor advertising sign permit as necessary or desirable to carry out ORS 377.700 to 377.844.

(15) Any hearing under this section shall be conducted as a contested case hearing under ORS chapter 183. [1971 c.770 §23; 1973 c.790 §4; 1974 c.33 §3; 1975 c.336 §4; 1977 c.265 §2; 1985 c.553 §1; 1993 c.376 §2; 1993 c.741 §56; 1999 c.877 §5; 2001 c.750 §5; 2003 c.126 §1; 2007 c.199 §9; 2009 c.463 §6]

377.726 [1977 c.265 §8; 1979 c.146 §3; 1981 c.308 §2; 1999 c.877 §6; 2001 c.750 §6; repealed by 2007 c.199 §28]

377.727 [1974 c.33 §8; 1999 c.663 §1; 2007 c.71 §100; repealed by 2007 c.199 §28]

377.729 Fees for sign permits and business licenses; rules. The Department of Transportation may adopt rules establishing permit fees for purposes of ORS 377.725 and fees for an outdoor advertising business license issued under ORS 377.730. Fees established by the department shall be designed to recover the cost to the department of regulating signs that are outside the right of way of a highway but are visible from the highway. [1985 c.553 §4; 1987 c.336 §1; 2001 c.750 §2]

377.730 License for business of maintaining or erecting signs; fee; application; revocation; suspension. (1) A person shall not engage in the business of erecting or maintaining outdoor advertising signs for other persons without first obtaining an annual license therefor from the Director of Transportation and paying the annual license fee established by the Department of Transportation by rule as provided in ORS 377.729.

(2) An application for a license or renewal thereof shall be made on a form furnished by the director, shall contain such pertinent information as the director may require and shall be accompanied by the applicable annual fee. A license granted under this section expires on June 30 of each year. The fee shall not be prorated. The director shall by certified mail send to each licensee a notice of expiration of license and a renewal application form not less than 30 days before the date of expiration.

(3) If the director finds that an applicant has knowingly provided materially false or misleading information in the application or that a licensee has violated any of the provisions of ORS 377.700 to 377.844, the director may revoke, suspend for a period of up to one year or refuse to renew the license unless a corrected application is filed or the violation ceases, within 30 days after written notice to do so is mailed to the applicant or licensee. During the suspension of a license, the licensee may continue in business, but shall not erect or reconstruct any sign requiring a permit under ORS 377.700 to 377.844. [1971 c.770 §22; 1973 c.790 §5; 1993 c.741 §57; 2001 c.750 §3]

377.735 Exemptions from sign permit requirements; historic signs; rules. (1) The permit requirements of ORS 377.700 to 377.844 do not apply to:

(a) Signs of a governmental unit, including but not limited to traffic control signs or devices, legal notices or warnings.

(b) A temporary sign on private property if:

(A) The sign does not exceed 12 square feet;

(B) The sign is not on a permanent base;

(C) The sign does not remain in place for a period of more than 60 days in a calendar year, except that a sign erected by a resident on the resident's residential property may remain in place for longer than 60 days in a calendar year;

(D) No person receives compensation or anything of value as defined by the Department of Transportation by rule for displaying the sign; and

(E) The sign complies with ORS 377.720.

(2) The Department of Transportation may adopt rules that, for good cause shown, allow a person displaying a temporary sign to obtain a variance from the restrictions in subsection (1)(b) of this section. The department shall not consider the content of the sign in deciding whether to allow a variance.

(3) The department shall adopt rules for the approval and preservation of historic signs. Rules adopted under this subsection may not be based on or allow consideration of the content of the signs.

(4) The department shall adopt rules for the erection and maintenance of permanent signs that do not exceed six square feet and that provide messages for the safety or convenience of the public.

(5) ORS 377.700 to 377.844 do not apply to a sign erected or maintained within a city more than 660 feet from the nearest edge of the right of way of a state highway, unless the sign is designed to be viewed primarily from the state highway. [1971 c.770 §14; 1973 c.790 §6; 1975 c.336 §5; 1977 c.265 §3; 1987 c.336 §5; 1993 c.741 §58; 1999 c.877 §7; 2007 c.199 §10]

377.737 Giving or receiving compensation or value for signs; rules. (1) To determine whether a person is giving or receiving, or has given or received, compensation or anything of value as defined by the Department of Transportation by rule for displaying a sign, the department may issue an investigative demand upon any person it reasonably believes may have relevant documents or information.

(2) If any person after being served an investigative demand under subsection (1) of this section fails or refuses to obey the demand, the Department of Transportation may request that the Department of Justice apply to an appropriate circuit court and, after a hearing, request an order requiring compliance with the demand. [2007 c.199 §2]

Note: 377.737 was added to and made a part of 377.700 to 377.844 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

377.740 ORS 377.700 to 377.844 not intended to authorize signs prohibited by other governmental units. Nothing in ORS 377.700 to 377.844 and 377.992 is intended to permit a person to erect or maintain any sign that is prohibited by any governmental unit. [1971 c.770 §25]

377.745 Limitation on form and size of signs. (1) Except as provided in subsection (3) of this section, an outdoor advertising sign may not exceed:

- (a) A length of 48 feet;
- (b) A height, excluding foundation and supports, of 14 feet; or
- (c) A sign area of 825 square feet.

(2) In determining the dimensions of an outdoor advertising sign or sign area under this section:

(a) Cutouts that project beyond the borders of an outdoor advertising sign shall be included in measuring the area of a sign, but not the height or length of a sign. The sign area of cutouts shall be no more than 20 percent of the area of the sign to which attached.

(b) The limitations apply separately to each side of a back-to-back sign.

(c) The size limitations apply separately to each sign forming a V-type sign.

(d) The size limitations apply separately to each of the display surfaces on a tri-vision sign.

(3) A nonconforming outdoor advertising sign in existence on May 30, 2007, may continue to exceed the size limitations established in this section until the sign is reconstructed or relocated, at which time the sign must comply with subsection (1) of this section. [1971 c.770 §20; 1973 c.790 §7; 1999 c.877 §8; 2007 c.199 §11]

377.750 Spacing between signs. (1) For the purpose of applying the spacing provided by subsection (2) of this section:

(a) Distances shall be measured lineally along the highway and parallel to the center line of the highway.

(b) A back-to-back sign, digital billboard, double-faced sign, V-type sign or tri-vision sign shall be considered one sign.

(c) Distance from an interchange shall be measured from a point departing from or entering onto the main traveled way.

(2) Except as provided in subsection (3) of this section, minimum spacing between outdoor advertising signs shall be:

Type of highway where erected	Minimum space between signs on same side of highway (in feet)	Minimum space from interchange (in feet)
Interstate Highway		
Inside cities	500	None
Outside cities	2,000	500
Freeway		
Inside cities	500	None
Outside cities	1,000	500
Other state highway		
Inside cities	100	None
Outside cities	500	None

(3) A nonconforming outdoor advertising sign in existence on May 30, 2007, may continue to deviate from the spacing limitations established in this section until the sign is reconstructed or relocated, at which time the sign shall comply with the spacing limitations established in this section. [1971 c.770 §21; 1973 c.790 §8; 1997 c.249 §120; 1999 c.877 §9; 2007 c.199 §12; 2011 c.562 §3]

377.753 Permits for outdoor advertising signs; rules. (1) Notwithstanding the provisions of ORS 377.715, 377.725 and 377.770, the Department of Transportation may issue permits for outdoor advertising signs placed on benches or shelters erected or maintained for use by customers of a mass transit district, a transportation district or other public transportation agency.

(2) The department shall determine by rule the fees and criteria for the number, size, and location of such signs but the department may not issue a permit for a sign that is visible from an interstate highway. [2007 c.199 §3]

Note: 377.753 was added to and made a part of 377.700 to 377.844 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

377.755 [1971 c.770 §13; 1973 c.790 §9; 1974 s.s. c.33 §4; 1977 c.256 §1; repealed by 1987 c.336 §7]

377.756 Permits for signs erected by city or unincorporated community. (1) The Department of Transportation shall issue permits for the erection of signs authorized by ORS 377.756 to 377.758. Subject to subsections (2) and (3) of this section, permits shall be issued at no cost to any city or county that applies or to any nonprofit or civic applicant approved by a city or county. Each permit entitles the holder of the permit to erect one sign in accordance with this section.

(2) Each city may be given permits under this section entitling the city to erect not

more than two signs that are visible from state highways and that are within the city limits or, pursuant to a memorandum of understanding with appropriate federal authorities, are no more than one mile outside of the city limits. The permits may be given directly to the city or may be given to a nonprofit or civic organization designated by the city governing body.

(3) Each county may be given permits under this section entitling each unincorporated community identified in the county comprehensive plan, as defined in ORS 197.015, to erect not more than two signs that are visible from state highways and that are within one mile of the community growth boundary as designated by the county. The permits may be given directly to the county or, if the county governing body so authorizes, to an unincorporated community or a nonprofit or civic organization designated by the county governing body.

(4) The department may not issue more than 200 permits under this section. [1987 c.631 §2]

377.757 Requirements for signs authorized by ORS 377.756; payment of cost of sign. (1) A sign authorized by ORS 377.756 shall not exceed 48 square feet in size and may not have a vertical or horizontal dimension of more than eight feet. Nothing in this subsection affects size requirements for signs of a governmental unit that are authorized under ORS 377.735.

(2) Signs erected pursuant to ORS 377.756 to 377.758 shall be kept in good repair and shall be clean and attractive.

(3) A county may require an unincorporated community authorized to erect a sign under ORS 377.756 to 377.758 to pay for the cost of erecting and maintaining the sign.

(4) If a city or county obtains a permit under ORS 377.756 for a nonprofit or civic organization, the city or county may require the organization to pay the cost of erecting and maintaining the sign.

(5) Signs erected pursuant to ORS 377.756 to 377.758 shall conform to the provisions of ORS 377.720. [1987 c.631 §§3,4]

377.758 Notification by federal authorities of illegal sign; consequences. If appropriate federal authorities notify the Department of Transportation that the erection of a sign pursuant to any of the provisions of ORS 377.756 to 377.758 is contrary to any federal law, the department shall cease issuing permits and shall cause any signs erected pursuant to ORS 377.756 to 377.758 to be removed. [1987 c.631 §5; 2001 c.104 §128]

377.759 Issuance of relocation credits for removal of outdoor advertising signs from scenic byway; rules. (1) The Department of Transportation shall administer an incentive program to encourage voluntary removal of outdoor advertising signs from particularly scenic areas of scenic byways.

(2) An owner of an outdoor advertising sign that is visible from a scenic byway may apply to the department for participation in the incentive program. The sign and permit must meet the requirements of ORS 377.700 to 377.844 to qualify for relocation. A sign that is a nonconforming sign for a defect that cannot be remedied upon reconstruction at the same location does not qualify for the incentive program.

(3) If the department determines that the sign is in a particularly scenic area of a scenic byway, the department shall notify the owner that the sign qualifies for the incentive program. If the owner chooses to remove the sign, the owner shall notify the department of the date by which the owner will remove the sign. The removal date must be not later than 90 days after the department's notification.

(4) The department shall issue two relocation credits to the owner in exchange for the removal of a qualified sign. If the owner also submits an application for relocation of the sign and permit under ORS 377.767, the department may issue the relocation permit and one relocation credit. Any relocation credit or relocation permit issued under the incentive program is subject to all the requirements of ORS 377.700 to 377.844.

(5) The department shall adopt rules to establish standards to determine whether a sign is in a location that is particularly scenic such that it qualifies for the incentive program. [2009 c.463 §2]

Note: 377.759, 377.762 and 377.763 were added to and made a part of 377.700 to 377.844 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

377.760 [1971 c.770 §26; 1973 c.790 §10; repealed by 1987 c.336 §7]

377.762 Issuance of relocation credits for removal of sign. The Department of Transportation shall issue a relocation credit upon the owner's request if a sign is removed, the owner has lost the lease for that sign site and the sign and permit meet the requirements of ORS 377.700 to 377.844. [2009 c.463 §3]

Note: See note under 377.759.

377.763 Consolidation of relocation credits. The owner of a relocation credit may combine relocation credits for outdoor advertising signs that have 249 square feet or less of display surface on one side to form

a single relocation credit. After the relocation credits are combined, the Department of Transportation shall cancel the smaller relocation credits used to create the combined relocation credit. The first time an owner uses a combined relocation credit, the combined relocation credit is not restricted by the provisions of ORS 377.767 (4). [2009 c.463 §4]

Note: See note under 377.759.

377.765 Status of previously existing signs; removal upon payment of compensation. (1) Outdoor advertising signs in existence on May 30, 2007, and lawfully located within commercial or industrial zones in existence on May 30, 2007, and outdoor advertising signs visible from a road or street that is designated as a state highway after May 30, 2007, and lawfully located within a commercial or industrial zone at the time the road or street is designated as a state highway, may remain. Subject to the provisions of ORS 377.700 to 377.844, such signs may be maintained, reconstructed and relocated. However, such signs may not be relocated unless a relocation permit has been issued pursuant to ORS 377.767. A permit may not be issued to relocate an outdoor advertising sign that was not lawfully in existence on May 30, 2007, except that outdoor advertising signs that are visible from a road or street that is designated as a state highway after May 30, 2007, and that are lawfully located within a commercial or industrial zone at the time the road or street is designated as a state highway, may be relocated within the same section of highway.

(2) All outdoor advertising signs that are lawfully located outside of a commercial or industrial zone and visible from an interstate highway or a primary highway shall be removed upon payment of just compensation as provided by ORS 377.780.

(3) Upon payment of just compensation, the Department of Transportation may remove any lawful outdoor advertising sign located in a scenic area designated pursuant to ORS 377.505 to 377.540.

(4) Outdoor advertising signs in existence on May 30, 2007, that are lawfully located outside of a commercial or industrial zone in existence on July 1, 1971, and visible from a secondary highway and not within a scenic area existing on July 1, 1971, or thereafter designated a scenic area may be removed only upon payment of just compensation as provided in ORS 377.780. Upon payment of just compensation, the department may remove the outdoor advertising sign. It may not be reconstructed or replaced if destroyed by natural causes and may not be relocated.

(5) If a secondary highway existing on July 2, 1971, is subsequently designated as

an interstate or primary highway, upon payment of just compensation, the department may remove outdoor advertising signs not conforming to the provisions of ORS 377.700 to 377.844.

(6) If any other highway is designated as an interstate or primary highway, upon payment of just compensation, the department may remove a nonconforming outdoor advertising sign lawful before such designation but nonconforming thereafter.

(7) Upon the construction or designation of a secondary highway, after July 2, 1971, an outdoor advertising sign lawfully in existence and not regulated under ORS 377.700 to 377.844 prior to such construction or designation is subject to subsection (4) of this section. [1971 c.770 §18; 1973 c.28 §1; 1973 c.790 §11; 1975 c.336 §7; 1993 c.376 §3; 2007 c.199 §13; 2009 c.463 §7]

377.766 [2007 c.199 §4; repealed by 2009 c.463 §13]

377.767 Relocation of existing outdoor advertising sign; conditions. A permit or a relocation credit shall be issued for the relocation of a permitted outdoor advertising sign lawfully located within a commercial or industrial zone in existence on May 30, 2007, if the site lease for the sign is terminated for any reason. The existing outdoor advertising sign may be relocated within any commercial or industrial zone if the new sign and the new site comply with ORS 377.700 to 377.844, and upon the following conditions:

(1) The outdoor advertising sign that is relocated may not have a sign size larger than that specified in the permit for the sign located on the site on which the lease was terminated. However, an outdoor advertising sign with 250 square feet or more of display surface on one side may be increased to the maximum size allowed by ORS 377.700 to 377.844 if the relocated sign is not visible from Interstate Highway 5, Interstate Highway 205, or Interstate Highway 84. A single-faced sign may be relocated as a back-to-back sign.

(2) The site for the relocated sign is not within the distances set forth below, on the same side of the highway, from a site from which an outdoor advertising sign was purchased pursuant to the provisions of ORS 377.700 to 377.844.

Types of Highway	Distance in Either Direction from Site
Interstate	2,000 feet
Freeway	1,000 feet
Other State Highway	500 feet

(3) If an outdoor advertising sign is relocated within a commercial or industrial zone that first came into existence after January

1, 1973, the site shall be within 750 feet of a developed commercial or industrial area, as measured parallel to the centerline of the highway. For purposes of this subsection, "developed commercial or industrial area" includes only the land occupied by a building, parking lot, storage area or processing area of a commercial or industrial use and on the same side of the highway.

(4) A permit may not be issued to relocate an outdoor advertising sign more than 100 miles from the existing site of the sign as of May 30, 2007, as measured along public streets, roads or highways between that site and the proposed new site. For relocation credits that exist as of May 30, 2007, a permit may not be issued to relocate an outdoor advertising sign more than 100 miles from the existing site of the sign as of September 1, 1977, as measured along public streets, roads or highways between that site and the proposed new site.

(5) Outdoor advertising signs may not be relocated to a scenic byway. If a portion of a highway is no longer designated as a scenic byway, as provided by state and federal law, an outdoor advertising sign may be relocated to that portion subject to ORS 377.700 to 377.844 and 377.992 and any other limitations provided by law. [1975 c.336 §9; 1977 c.265 §4; 1983 c.226 §1; 1993 c.268 §1; 1997 c.249 §121; 1999 c.877 §10; 2007 c.199 §14; 2009 c.463 §8; 2011 c.562 §4]

377.768 Effect of relocation permit on existing sign permit; duty of director. Notwithstanding ORS 377.700 to 377.844:

(1) Issuance of a permit under ORS 377.767 to relocate an outdoor advertising sign for which a permit has been issued under ORS 377.725 does not cancel the original permit issued under ORS 377.725 except as provided in this section. The applicant for the permit to relocate shall surrender the original permit to the Director of Transportation upon issuance of the permit to relocate. Upon completion of the relocation of the outdoor advertising sign, including the removal of the sign structure from the original site, the person holding the permit for relocation of the sign shall immediately notify the director in writing.

(2) The director shall retain any permit surrendered under subsection (1) of this section. If the director:

(a) Is notified that the relocation of the outdoor advertising sign is completed within 180 days after the issuance of the permit for relocation, the director shall cancel the original permit.

(b) Cancels the permit for relocation because the relocation of the outdoor advertising sign is not completed within 180 days as required under ORS 377.725, the director

shall reinstate the original permit for the sign to the person whose permit for relocation of the sign is canceled.

(3) A permit that is reinstated under subsection (2) of this section remains valid and retains all rights under ORS 377.725 of a permit that has not been surrendered under this section. [1979 c.146 §2; 1993 c.741 §59; 2007 c.199 §15; 2009 c.463 §9]

377.770 Signs in protected, commercial or industrial areas. (1) Signs and outdoor advertising signs erected or maintained within protected areas shall comply with the sign rules for protected areas. If any provision of ORS 377.700 to 377.844 or rules adopted pursuant thereto are more restrictive than the sign rules for protected areas, the more restrictive provision or rule applies.

(2) In addition to the requirements provided by subsection (1) of this section, and subject to ORS 377.505 to 377.540, 377.720, 377.725, 377.745, 377.750 and 377.767:

(a) Outdoor advertising signs lawfully in existence on May 30, 2007, may be maintained, reconstructed or relocated within commercial or industrial zones. Within cities, an outdoor advertising sign may not be erected more than 660 feet from the nearest edge of the right of way if the sign is designed to be viewed primarily from a state highway.

(b) The Legislative Assembly declares it is the paramount policy of this state to prohibit outdoor advertising signs visible to the traveling public from a state highway except those lawfully in existence on May 30, 2007, in commercial or industrial zones established on May 30, 2007, except as provided by ORS 377.753, 377.765 and 377.767. In addition to the penalties provided by ORS 377.992, such a sign may be removed by the Director of Transportation or the duly authorized representative of the director as provided by this section. The director may enter upon private property and remove the sign without incurring any liability therefor.

(2) If a noncomplying sign does not bear the name and address of its owner or if the owner is not readily identified and located, the director may remove it immediately.

(3)(a) If a noncomplying sign bears the name and address of its owner or if the owner of the sign is readily identified and located, the director shall notify the owner that the sign is in violation of ORS 377.700 to 377.844 and that the owner has 30 days from the date of the notice within which to make the sign comply, to remove the sign or to request a hearing before the director within the time specified in the notice.

(b) If the sign is not made to comply or is not removed and if the owner does not request a hearing within the time required, or if the owner after a hearing fails to comply with the final order in the proceedings, the director or the duly authorized representatives of the director may remove and destroy or otherwise dispose of the sign.

(4)(a) If the person who receives notice under subsection (3) of this section intends to raise issues regarding ownership interests in the sign or its appurtenances in a hearing requested under subsection (3) of this section, the request for hearing must include notice that the person intends to raise those issues and must contain the names and addresses of all persons who have ownership interests in the sign or its appurtenances.

(b) If the person requesting the hearing under subsection (3) of this section fails to include notice of intent to raise issues regarding ownership interests, the person may not raise the issues in the hearing. In addition, the person who requested the hearing may not raise issues regarding ownership interests of any person whose name and address the person who requested the hearing has failed to provide as required by paragraph (a) of this subsection.

(c) For purposes of this subsection, an ownership interest includes, but is not limited to:

(A) An interest in the land on which the sign is located, in the sign structure and in the display surface; and

(B) A right to operate the sign, whether the right is created by lease, operating agreement or otherwise.

(5)(a) The director shall, after removing a sign in accordance with subsection (2) of this section, place the sign in storage for 30 days while the director makes a further effort to find its owner.

(b) If the owner cannot be found within 30 days, the director may, without incurring any liability therefor, destroy or otherwise dispose of the sign.

(c) If the owner is found within 30 days, the owner may be required to remove the sign from storage.

(d) If the owner is found at any time, the director may recover from the owner the cost of storage. The cost of storage is in addition to the cost of removal payable under subsection (6) of this section.

(6) The owner is liable for, and the director shall collect, the costs of removing a sign. Costs shall be determined by the director on the basis of actual costs of removal or on a square-foot flat fee basis.

(7) A hearing under this section shall be conducted as a contested case hearing under ORS chapter 183. [1971 c.770 §17; 1973 c.790 §13; 1977 c.265 §5; 1993 c.741 §61; 2001 c.508 §2; 2007 c.199 §18]

The action may be filed in the Circuit Court for Marion County or in the circuit court of the county that is the principal place of business or residence of the person the director seeks to enjoin. In determining value, the department shall use the accepted appraisal method customarily used in such cases or the method prescribed by federal regulations, if any, applicable to such appraisals or payments, whichever results in the lowest valuation. However, in any case, the department shall so appraise such signs or rights taken by whatever method may be required to avoid imposition of a reduction in the amount of federal highway funds the state otherwise would be eligible to receive.
