PREVENTION OF CHILD ABUSE AND NEGLECT

418.189 Policy on child abuse and neglect. The Legislative Assembly recognizes that children are society's most valuable resource and that child abuse and neglect is a

threat to the physical, mental and emotional health of children. The Legislative Assembly further recognizes that assisting community-based private nonprofit and public organizations, agencies or school districts in identifying and establishing needed primary prevention programs will reduce the incidence of child abuse and neglect, and the necessity for costly subsequent intervention in family life by the state. Child abuse and neglect prevention programs can be most effectively and economically administered through the use of trained volunteers and the cooperative efforts of the communities, citizens and the state. (1) In order to enable it to supervise all child-caring agencies and institutions in this state, public and private, and also all homeless or neglected children in this state, whether kept in such agencies or institutions or not, the Department of Human Services may require such agencies or institutions, and also any court functioning as a juvenile court, to furnish at any time, on blanks prepared or recommended by the department, such information as the department in its judgment may require in regard to each child in any such agency or institution or any record of each child that has been placed out under order of any such court. The agency, institution or court shall furnish such information to the department upon request. All such information so requested and received by the department shall be considered and treated at all times as confidential and not as a public record.

(2) No employee of the department shall disclose any such information contrary to the provisions of subsection (1) of this section. [Formerly 419.120; 1971 c.401 §18]

418.255 Inspection and supervision; training. (1) The Department of Human Services shall inspect and supervise all private child-caring agencies, whether incorporated or not, within this state, and may inspect and supervise public child-caring agencies within this state. The department is given right of entrance, privilege of inspection, and access to all accounts and records of work and children, for the purpose of ascertaining the kind and quality of work done and to obtain a proper basis for its decisions and recommendations.

(2) Inspection and visitation of child-caring agencies by the department shall be made at unexpected times, with irregular intervals between visits, and without previous notice to the agency visited. In addition to such official inspection, many other informal visits shall be made.

(3) The department shall advise agency and institution officers and workers in re-

gard to approved methods of child care, best types of housing and equipment and adequate records of agency or institutional work. The principal purpose of such advice shall be to offer friendly counsel and assistance on child welfare problems and advice on progressive methods and improvement of the service.

(4) In addition to advice provided under subsection (3) of this section, the department shall provide training regarding appropriate ethnic hair and skin care for children of African-American, Hispanic, Native American, Asian-American or multiracial descent to:

(a) Child-caring agencies;

(b) Persons providing treatment, care or services under the supervision of a child-caring agency; and

418.260 Investigation of abuses, derelictions or deficiencies in child-caring agencies. If any abuses, derelictions or deficiencies are made known to the Department of Human Services or its agents during their inspection of any child-caring agency or institution, or at any time are reported to the department, the department shall at once carefully investigate the reports or rumors and take such action as the matters require. If any abuses, derelictions or deficiencies are found in any state child-caring institution or agency, they shall be reported at once in writing to the responsible state agency. If any such abuses, derelictions or deficiencies are found in any other public institution, they shall be reported in like manner to the proper authority or governing board. In either case, if such abuses, derelictions or deficiencies are not corrected in a reasonable time, the same shall be reported in writing to the legislature or the appropriate interim committee if the legislature is not in session. If any such abuses, derelictions or deficiencies are found in any private child-caring agency, they shall be brought at once to the attention of its trustees or managers. If they are not corrected in a reasonable time, the department shall suspend or revoke its approval of such agency. However, if the abuses, derelictions or deficiencies found in a private child-caring agency are determined by the department to be or threaten a serious danger to any child or to the public, the department may immediately suspend or revoke the agency's license, subject to the provisions of ORS 183.430. [Formerly 419.124; 1971 c.401 §20; 1975 c.310 §6; 1983 c.510 §9]

418.263 Private Child-Caring Agencies Fund. There is established in the State Treasury, separate and distinct from the General Fund, the Private Child-Caring

Agencies Fund. The fund consists of moneys received by the Department of Human Services under ORS 418.998 (2) and such other moneys as may be otherwise made available by law. Interest earned on the fund shall be credited to the fund. Moneys in the fund are continuously appropriated to the department and must be used only for the administration and enforcement of ORS 418.205 to 418.310. [2009 c.846 §2]

Note: 418.263 was added to and made a part of 418.205 to 418.310 by legislative action but was not added to any other series. See Preface to Oregon Revised Statutes for further explanation.

418.265 Reports; audit. (1) At the request of the Department of Human Services, each public or private child-caring agency or institution within this state shall make a report of its work to the department in such form and detail as the department prescribes.

(2) The reports may include detailed statistics of all children served, financial statements of the expense of their care, the number and kind of workers employed, the value and conditions of the plant owned or used, the amount of the endowment or invested funds and any other essential matters that may be indicated by the requirements of the department.

(3) The department shall prepare and supply to the various child-caring agencies and institutions the necessary printed blanks to record the desired information. Within any year, the department may require such further detailed information and audit of the financial affairs of such agency or institution as it deems to be in the public interest and may make such inspection of the books and records of such agency or institution as it deems necessary. Such audit and inspection of books and records of such agencies and institutions shall be at the expense of the department.

(4) All such agencies or institutions shall conform their records to the statutory fiscal year of the state.

418.270 Surrender of child to private child-caring agency; consent to adoption; time for adoption proceedings; effect of release and surrender. (1) If licensed for such purposes by the Department of Human Services, a private child-caring agency may receive children from their parents or legal guardians for special, temporary or continued care. The parents or guardians may sign releases or surrenders giving to such agencies guardianship and control of the persons of such children during the period of such care,

which may be extended until the children arrive at legal age. Such releases do not surrender the rights of such parents or guardians in respect to the adoption of such children and do not entitle such organization to give consent to the adoption of the children unless the release or surrender expressly recites that it is given for the purpose of adoption. Private child-caring agencies are authorized to place children for adoption or foster care only if authorized by the department in the license issued by the department.

(2) Any entire severance of family ties of such children by adoption or otherwise shall be accomplished only by the order of a court of competent jurisdiction.

(3) In the absence of the certificate provided for in subsection (4) of this section, it is unlawful to present a child surrendered to an agency by a parent, parents or guardian for a court to pass upon the adoption of the child until at least six months have elapsed after signing the surrender.

(4) Parents or legal guardians of children whom they have by release or surrender agreement given into the guardianship of incorporated child-caring agencies for the purpose of adoption may, concurrently or subsequently and without any adoption proceeding having been initiated, agree that the release or surrender shall become irrevocable as soon as the child is placed by the agency in the physical custody of a person or persons for the purpose of adoption by them, and waive their right to personal appearance in court in matters of adoption of such children, by a duly signed and attested certificate. From and after such physical placement for adoption such certificate of irrevocability and waiver and the release or surrender may not be revoked by the parent or guardian unless fraud or duress is affirmatively proved.

(5) No agreement to release or surrender a child for adoption, or other agreement or waiver of rights having the same effect, executed before March 24, 1971, in connection with the surrender of a child into the guardianship of a child-caring agency for purposes of adoption, may be revoked or held invalid for any reason except upon affirmative proof of fraud or duress. [Formerly 419.128; 1971 c.26 §1; 1975 c.310 §7; 1983 c.510 §10]

418.275 Private child-caring agency as guardian of child; power of agency. (1) A private child-caring agency shall be the guardian of each child released or surrendered to it under the conditions provided in ORS 418.270 and of each child committed to it through a permanent order of a court of competent jurisdiction.

(2) The agency may retain children released, surrendered or committed to it in institutional care, or may place them in private family homes temporarily or as members of families. If the agency deems the action proper and desirable, it may consent in loco parentis to the legal adoptions of the children, subject to the conditions provided in ORS 418.270. [Formerly 419.130; 1967 c.375 §1; 1973 c.823 §134; 1983 c.510 §11]

418.280 Placement of children. Private child-caring agencies, in placing children in private families, shall:

(1) Safeguard the welfare of the children by the thorough investigation of each applicant and home and its environment;

(2) Carefully select the child to suit the new relationship and location;

(3) Personally and adequately supervise each home and child until the latter returns to the direct care of the agency or, if permanently placed, receives legal adoption or attains legal age; and

(4) So far as practicable, place such children in families of the same religious faith as that held by the children or their parents. [Formerly 419.132; 1983 c.510 §12; 2003 c.14 §218]

418.285 Authority of department same as private child-caring agency under ORS 418.270 to 418.280. In addition to its other powers and responsibilities, the Department of Human Services has the same authority as a private child-caring agency under ORS 418.270 to 418.280. In exercising this authority, the department shall comply with the provisions of ORS 418.270 to 418.280 the same as a private child-caring agency. [Formerly 419.133; 1971 c.401 §22; 2003 c.14 §219]

418.290 Child placement by nonresident. No person, agent, agency or institution of another state shall place a child in a family home in this state without first having furnished the Department of Human Services such guarantee as the department may require against the child becoming a public charge within five years from the date of such placement. [Formerly 419.134; 1971 c.401 §23; 1975 c.310 §8]

418.295 Certain attorneys not to represent prospective adoptive parents; employees not to recommend any attorney to prospective adoptive parents. (1) No attorney employed by the State of Oregon shall represent prospective adoptive parents in their attempt to adopt a child being cared for under the provisions of ORS 412.001 to 412.161, 418.005 to 418.025, 418.205 to 418.315, 418.625 to 418.685 and 418.647.

(2) No employee of the Department of Human Services shall recommend any attorney to serve as counsel for prospective adop-

tive parents. [Formerly 419.135; 1969 c.597 §254; 1971 c.401 §24; 2001 c.900 §118]

418.300 When child placement by private persons prohibited. No private individual, including midwives, physicians, nurses, hospital officials and all officers and employees or representatives of unauthorized agencies, organizations or institutions, shall engage in child-placing work, except that relatives of the first and second degrees may thus provide for children of their own blood. [Formerly 419.136; 1983 c.510 §13]

418.302 Administrative review required for certain children in voluntary placement. For those children who have remained in voluntary placement for 18 months, an administrative review by the Department of Human Services shall be required. The department shall review the same information required in reports on children placed pursuant to court order. [1981 c.777 §3]

418.305 Authority of department to visit placed-out children; location and relationships confidential. The Department of Human Services may require any child-caring agency to divulge the location and relationship of any of its placed-out children. The department or its agents may visit the location to ascertain the condition of such children or the quality of the child-placing work done. The location and relationship of each placed-out child shall be confidentially held by the department and its agents and revealed only when the welfare of the child requires such action on order of a court of competent jurisdiction. [Formerly 419.138; 1971 c.401 §25; 2003 c.14 §220]

418.306 Denial of visitation by child-caring agency as disciplinary measure prohibited. A child-caring agency providing residential care shall not deny a parent or guardian of a child who is under the care of the child-caring agency the right to visit the child solely as a disciplinary measure against the child. [1993 c.785 §2]

418.307 Medical or dental treatment of children without consent; conditions; immunity of treating personnel. (1) A physician licensed by the Oregon Medical Board, or a dentist licensed by the Oregon Board of Dentistry, or a hospital licensed by the Department of Human Services is authorized to treat a child who is ward of the court or is a dependent or delinquent child in accord with the physician's best medical judgment and without consent if:

(a) Because of the general state of the child's health or any particular condition, the physician, dentist, or responsible official of the hospital determines that in the medical judgment of the physician, dentist or responsible official prompt action is reasonably

necessary to avoid unnecessary suffering or discomfort or to effect a more expedient or effective cure; and

(b) It is impossible or highly impractical to obtain consent for treating the child from the child-caring agency, the child's parent or the child's legal guardian.

(2) No charge of assault or battery shall be made against a physician, dentist, or hospital official or employee who provides medical treatment pursuant to subsection (1) of this section.

(3) A minor child described in subsection (1) of this section who is 15 years of age or older may consent to medical treatment pursuant to ORS 109.640. [1975 c.580 §2]

[Formerly 419.140; 1983 c.510 §14]

418.312 When transfer of custody not required; voluntary placement agreement; review of children placed in certain institutions. (1) The Department of Human Services may not require any parent or legal guardian to transfer legal custody of a child in order to have the child placed under ORS 418.205 to 418.310, 418.480 to 418.500 and 418.992 to 418.998 in a foster home, group home or institutional child care setting, when the sole reason for the placement is the need to obtain services for the child's emotional, behavioral or mental disorder or developmental or physical disability. In all such cases, the child shall be placed pursuant to a voluntary placement agreement. When a child is placed pursuant to a voluntary placement agreement, the department shall have responsibility for the child's placement and care. When a child remains in voluntary placement for more than 180 days, the juvenile court shall make a judicial determination, within the first 180 days of the placement, that the placement is in the best interests of the child. In addition, the juvenile court shall hold a permanency hearing as provided in ORS 419B.476 no later than 14 months after the child's original voluntary placement, and not less frequently than once every 12 months thereafter during the continuation of the child's original voluntary placement, to determine the future status of the child.

(2) As used in this section, "voluntary placement agreement" means a binding, written agreement between the department and the parent or legal guardian of a minor child that does not transfer legal custody to the department but that specifies, at a mini-

mum, the legal status of the child and the rights and obligations of the parent or legal guardian, the child and the department while the child is in placement. [1979 c.746 §1; 1993 c.348 §1; 1995 c.79 §213; 1999 c.59 §113; 2001 c.686 §6]

Note: 418.312 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 418 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

418.315 Department may provide foster care for children surrendered or committed to department. The Department of Human Services may, in its discretion, provide foster care and other services for any child who has been surrendered under ORS 418.270, as authorized by ORS 418.285, to the department for adoption or has been permanently committed to the department by order of court. [Formerly 419.142; 1969 c.45 §9; 1971 c.401 §26; 1971 c.779 §63]

418.319 Goal regarding placed children receiving federal assistance. For each federal fiscal year beginning on and after October 1, 1983, the Department of Human Services establishes as a goal that no more than 33 percent of the children receiving assistance in foster home or substitute care placements under Title 4E of the Social Security Act shall have been in such placement at any time during that fiscal year for a period in excess of 24 months. The department shall report to each odd-numbered year regular session of the Legislative Assembly with its plan for achieving its goal and any plans for reducing the number or percentage of children in such placements during the period before the next October 1. [1981 c.251 §1; 2011 c.545 §52]

Note: 418.319 was enacted into law by the Legislative Assembly but was not added to or made a part of any series within ORS chapter 418 by legislative action. See Preface to Oregon Revised Statutes for further explanation.

418.320 [Formerly 419.144; repealed by 1971 c.401 §120]

418.325 Medical examinations required; frequency; child's health record; other health care; explanation to adoptive parents. (1) A child-caring agency shall safeguard the health of each ward or other dependent or delinquent child in its care by providing for medical examinations of each child by a qualified physician at the following intervals:

- (a) Three examinations during the first year of the child's life;
 - (b) One examination during the second year of the child's life;
 - (c) One examination at the age of four;
 - (d) One examination at the age of six;
 - (e) One examination at the age of nine;
- and

(f) One examination at the age of 14.

(2) If an examination under subsection (1) of this section has not occurred within six months prior to the transfer for adoption of the custody of a child by a child-caring agency to the prospective adoptive parents of such child, a child-caring agency shall provide for a medical examination of such child within six months prior to such transfer.

(3) Any testing that occurs at intervals other than those specified in subsections (1) and (2) of this section shall not be considered to be in lieu of the required examinations. However, nothing in subsections (1) and (2) of this section is intended to limit more frequent examinations that are dictated by the general state of the child's health or by any particular condition.

(4) Within 90 days of obtaining guardianship over a child under six years of age, a child-caring agency shall provide for such child to be:

(a) Inoculated as determined appropriate by the local health department; and

(b) Tested for:

(A) Phenylketonuria pursuant to ORS 433.285;

(B) Visual and aural acuity consistent with the child's age;

(C) Sickle-cell anemia;

(D) Effects of rubella, if any;

(E) Effects of parental venereal disease, if any; and

(F) The hereditary or congenital effects of parental use of drugs or controlled substances.

(5) Within six months prior to the transfer for adoption of the custody of a child by a child-caring agency to the prospective adoptive parents of such child, the child-caring agency shall provide for such child to have a complete physical examination by a physician, including but not limited to inspection for evidence of child abuse in accordance with rules of the Department of Human Services, and be tested for visual and aural acuity consistent with the child's age.

(6) A child-caring agency shall record the results of tests provided a child pursuant to subsections (1) to (5) of this section in the child's health record. The child's health record shall be kept as a part of the agency's total records of that child. The child's health record shall be made available to both natural parents and to both prospective foster or adoptive parents of that child. A qualified member of a child-caring agency under the supervision of a qualified physician shall explain to adoptive parents the medical factors

possible as a result of a child's birth history, hereditary or congenital defects, or disease or disability experience.

(7) This section does not apply to a private residential boarding school as defined in ORS 418.205 (5)(a). [1973 c.545 §2; 1979 c.492 §5; 1979 c.744 §20; 2003 c.14 §221; 2011 c.278 §3; 2015 c.736 §62]

418.327 Licensing of certain schools and organizations offering residential programs; fees; rules. (1) Inspections and reviews of private residential boarding schools that are primarily engaged in educational work or other organizations offering residential programs for children may be conducted by the Department of Human Services at times and frequencies of the department's choosing. The department shall consult with representatives of the private residential boarding schools and organizations in developing the standards that shall be the basis for inspections and reviews.

(2) Upon finding that the facilities and operation of a school or organization described in subsection (1) of this section meet the standards of the department for the physical health, care and safety of the children, the department shall issue a license to operate the residential program. The license shall be valid for a period of two years, unless sooner suspended or revoked by the department. However, the department may require that application be made for amendment to an existing license when changes in a facility or program are to occur. The department shall charge no fee for its own inspections or reviews, nor for issuing licenses, but may charge fees to cover costs of inspections done by other governmental agencies for the department.

(3) No person or organization shall operate a facility described in subsection (1) of this section without having a current, valid license issued by the department.

(4) Any person, including the Director of Human Services, may file a complaint with the department alleging that children attending a private residential boarding school described in subsection (1) of this section, or that children within the control of any other organization that provides boarding or residential programs, are not receiving shelter, food, guidance, training or education necessary to the health, safety, welfare or social growth of the children or necessary to serve the best interests of society.

(5) The department shall investigate complaints made under subsection (4) of this section and, if a reasonable basis for sustaining the complaint appears, shall set a hearing to examine publicly the complaint. The department shall conduct its investigation under the standards and authority provided under ORS 418.215 to 418.325. Ex-

cept as provided in subsection (7) of this section, at least two weeks' written notice of the hearing and substance of the complaint and the evidence in support thereof shall be provided to the operator of the school or organization. The parents of the child or children involved shall be notified if such persons can be conveniently located. Notice shall be served personally on the operator of the school or organization, but may be served by mail at the last-known or determined address of the parent or other adult responsible for the child.

(6) The hearing shall comply with the provisions of ORS chapter 183 as to procedures, findings and orders. Where the evidence at the hearing justifies such an order, the department is authorized to order the school or organization to correct the conditions not in conformity with standards. If corrections are not made within time limits set by the department, the department may suspend or revoke the license or may refuse to renew the license and is empowered to make any other lawful orders necessary to the protection of the child or children involved.

(7) Where a condition exists that immediately endangers the health or safety of a child, the Director of Human Services may issue an interim order without any notice, or with such notice as is practical under the circumstances, requiring the school or organization to alter the conditions under which the child lives or receives schooling. Such interim emergency order shall remain in force until a final order, after a hearing as provided in subsection (5) of this section, is entered.

(8) Any school or organization shall cooperate with the department in making any inspection or review or investigating any complaint made under this section.

(9) The Superintendent of Public Instruction shall cooperate with the department upon request by advising the department as to whether or not the educational program conducted at the school or organization meets minimum standards required of public educational institutions.

(10) Nothing in this section applies to public or private institutions of higher education, community colleges, common or union high school districts that provide board and room in lieu of transportation or any other child-caring program already subject to state licensing procedures by any agency of this state.

(11) Subject to ORS chapter 183, the department may adopt rules to implement this section.

(12) In addition to remedies otherwise provided under this section and under ORS 418.990, the department may commence an action to enjoin operation of a private residential boarding school described in subsection (1) of this section or other organization offering residential programs for children:

(a) If the school or organization is being operated without a valid license issued under subsection (2) of this section; or

(b) If the school or organization fails to correct the conditions not in conformity with standards, as set out in an order issued under subsection (6) of this section, within the time specified in the order. [1975 c.313 §1; 1977 c.232 §1; 1979 c.284 §140; 1983 c.510 §15; 2011 c.278 §4]

(3) The department may change the amount of payments under ORS 418.330:

(a) Through renegotiation with the adoptive parents or guardians, based upon a showing that there has been a change in the circumstances of the adoptive parents or guardians or the needs of the child; or

SHELTER-CARE HOMES

418.470 Authority to pay for shelter-care homes. (1) The Department of Human Services may engage and make reasonable payment for services of persons to make available, maintain and operate shelter-care homes for the safekeeping of children taken into temporary custody pending investigation and disposition.

(2) The services, pursuant to specific prior authorization of the department, shall be deemed actually rendered if the shelter-care home is made available, maintained and operated to receive such children.

(3) As used in this section and ORS 418.472, "shelter-care home" means a certified foster home or a licensed facility contracted with by the Department of Human Services for the purpose of safekeeping of children taken into temporary custody pending investigation and disposition where the circumstances are such that the child need not be kept in secure custody. [1969 c.184 §1; 1971 c.401 §36; 1985 c.791 §1; 2003 c.14 §222]

418.472 Siting of shelter-care home. The governing body of a county or its designee in a county with a population of less than 400,000 may allow the operation of a shelter-care home, as defined in ORS 418.470, upon a lot or parcel in any zone, including an exclusive farm use or forest use zone, if the shelter-care home is an existing use on that lot or parcel on September 20, 1985. [1985 c.791 §2]

INDEPENDENT RESIDENCE FACILITIES

418.475 Independent residence facilities; extent and nature of agreement between minor and department. (1) Within the limit of moneys appropriated therefor, the Department of Human Services may establish or certify independent residence facilities for minors who:

(a) Are 16 years of age or older;

(b) Have been placed in at least one substitute care resource;

(c) Have been determined by the department to be unsuitable for placement in a substitute care resource;

(d) Have received permission from the appropriate juvenile court, if they are wards of the court; and

(e) Have been determined by the department to be suitable for an independent resident program.

(2) Residence facilities shall provide independent housing arrangements with counseling services and minimal supervision available from at least one counselor. All residential facilities having six or more resi-

dents shall be licensed by the department under ORS 443.400 to 443.455.

(3) Each resident shall be required to maintain a program of education or employment, or a combination thereof, amounting to full-time activity and shall be required to pay a portion or all of the resident's housing expenses and other support costs.

(4) The department may make payment grants directly to minors enrolled in an independent living program for food, shelter, clothing and incidental expenses. The payment grants shall be subject to an agreement between the minor and the department that establishes a budget of expenses.

(5) The department may establish cooperative financial management agreements with a minor and for that purpose may enter into joint bank accounts requiring two signatures for withdrawals. The management agreements or joint accounts may not subject the department or any counselor involved to any liability for debts or other responsibilities of the minor.

(6) The department shall make periodic reports to the juvenile court as required by the court regarding any minor who is a ward of the court enrolled in an independent living program.

(7) The enrollment of a minor in an independent living program in accordance with the provisions of subsection (1) of this section does not remove or limit in any way the obligation of the parent of the minor to pay support as ordered by a court under the provisions of ORS 419B.400 or 419C.590. [1973 c.801 §1; 1977 c.717 §17; 1981 c.283 §1; 1993 c.33 §328; 2003 c.14 §223; 2007 c.71 §108]

PURCHASE OF CARE

418.480 "Purchase of care" defined. As used in ORS 418.480 to 418.500, "purchase of care" includes the purchase of institutional and foster family care and services, adoptive services, services provided by Strengthening, Preserving and Reunifying Families programs under ORS 418.575 to 418.598, services to the unwed mother and her child and such other care and services as the Department of Human Services shall determine to be necessary to carry out the policy stated in ORS 418.485. [1971 c.457 §1; 2001 c.900 §119; 2011 c.568 §9]

418.485 Policy; annual report. It is the policy of the State of Oregon to strengthen family life and to ensure the protection of all children either in their own homes or in other appropriate care outside their homes. In affording such protection, the Director of Human Services shall, in cooperation with public and private child-caring agencies and with Strengthening, Preserving and Reunify-

ing Families programs under ORS 418.575 to 418.598, develop a set of short-range and long-range priorities for the development of needed child care and services, such priorities to be periodically reviewed and revised as necessary. Such priorities are to be set out in a form enumerating the number of children in each category of need, the type of child care and services needed, the areas of the state where such care and services are needed, and the projected costs. The State of Oregon hereby commits itself to the purchase of care and services for children who need care and to encourage private child-caring agencies and Strengthening, Preserving and Reunifying Families programs under ORS 418.575 to 418.598 to develop programs required to meet the needs of the children of this state and money may be appropriated therefor. In developing programs necessary to meet the needs of the children of this state, the Director of Human Services shall make every attempt feasible to develop local, community and county-based organizations. The Department of Human Services shall document and present an annual report to the committees of the Legislative Assembly that address efforts taken under this section. [1971 c.457 §2; 1975 c.795 §3; 2011 c.568 §10]

418.490 Coordination of state activities. In carrying out the policies of this state as stated in ORS 418.485, it shall be the responsibility of the Director of Human Services to coordinate the activities of all state agencies that have responsibilities for care of children to insure the best care possible and to avoid duplication of effort or conflict in policy. [1971 c.457 §3]

418.495 Authority to purchase care; agreement content; payment standards for foster care; rules. (1) Within the limits of funds available therefor, the Department of Human Services may enter into agreements and contracts with licensed child-caring agencies, Strengthening, Preserving and Reunifying Families programs under ORS 418.575 to 418.598 and other appropriate facilities, including youth care centers, for the purchase of care for children who require and are eligible for such care, regardless of whether the children are wards of the state or whether the department is their guardian or has their custody or whether the children are surrendered to a child-caring agency or to a Strengthening, Preserving and Reunifying Families program under ORS 418.575 to 418.598 or committed thereto by order of a court under ORS chapter 419B or 419C. The agreement shall prescribe the procedures for payment and the rate of payment and may contain such other conditions as the department and the agency, facility or program may agree.

(2) The department shall by rule adopt payment standards for foster care. In establishing standards, the department may take into account the income, resources and maintenance available to and the necessary expenditures of a foster parent who is a relative, as defined by rule, of the child placed in care. [1971 c.457 §4; 1993 c.33 §329; 2007 c.801 §1; 2011 c.568 §11]

418.500 Out-of-state care for children.

If the Department of Human Services determines that need exists for care and treatment of a child who is eligible for such care and treatment that is not available through any public or private agency or facility in this state, it may enter into an agreement with a public or private agency outside this state for the purchase of care for the child. Such agreements shall contain the matter described in ORS 418.495 and shall apply to children described therein. [1971 c.457 §5]

418.517 Procedures for use of psychotropic medications for children in foster care; rules; hearing. (1) As used in this section:

(a) "Medically accepted indication" means any use for a covered outpatient drug that is approved under the Federal Food, Drug and Cosmetic Act, or recommended by the Pharmacy and Therapeutics Committee created by ORS 414.353, or the use of which is supported by one or more citations included or approved for inclusion in any of the following compendia:

(A) American Hospital Formulary Service drug information;

(B) United States Pharmacopoeia drug information or any successor publication;

(C) The DRUGDEX Information System; or

(D) Peer-reviewed medical literature.

(b) "Psychotropic medication" means medication the prescribed intent of which is to affect or alter thought processes, mood or behavior, including but not limited to anti-psychotic, antidepressant and anxiolytic medication and behavior medications. The classification of a medication depends upon its stated intended effect when prescribed, because it may have many different effects.

(2) The Department of Human Services shall develop by rule procedures for the use

of psychotropic medications for children placed in foster care by the department.

(3) The procedures shall include but not be limited to:

(a) Required assessment by a qualified mental health professional or licensed medical professional, with expertise in children's mental health, as defined by rule of the department prior to issuance of a new prescription for more than one psychotropic medication or any antipsychotic medication, except in case of urgent medical need as defined by rule.

(b) Required notice by the foster parent to the department within one working day after receiving a new prescription of the psychotropic medication.

(c) Required timely notice by the department to the child's parent and the parent's legal representative, if any, and the child's legal representative or the court appointed special advocate containing the following information:

(A) The prescribed psychotropic medication;

(B) The amount of the dosage;

(C) The dosage recommended pursuant to a medically accepted indication;

(D) The reason for the medication;

(E) The efficacy of the medication; and

(F) The side effects of the medication.

(d) Specified follow-up and monitoring by the department of a child taking psychotropic medication including, but not limited to, an annual review of medications by a licensed medical professional, or qualified mental health professional with authority to prescribe drugs, other than the prescriber, if the child has more than two prescriptions for psychotropic medications or if the child is under the age of six years.

(4) A psychotropic medication may not be prescribed for a child under this section unless it is used for a medically accepted indication that is age appropriate.

(5) Any parent, legal representative of the parent, legal representative of the child or court appointed special advocate may petition the juvenile court for a hearing if the parent, the representative of the parent, if any, the legal representative of the child or the advocate objects to the use of or the prescribed dosage of the psychotropic medication. The court may order an independent evaluation of the need for or the prescribed dosage of the medication. The court may order that administration of the medication be discontinued or the prescribed dosage be modified upon a showing that either the prescribed medication or the dosage, or both,

are inappropriate. [1993 c.361 §1; 2009 c.853 §1; 2011 c.720 §157]

STRENGTHENING, PRESERVING AND REUNIFYING FAMILIES PROGRAMS

418.575 Definitions for ORS 418.575 to 418.598. As used in ORS 418.575 to 418.598:

(1) “Child” means a child who qualifies for child welfare services provided by the Department of Human Services.

(2) “Client-focused functional outcome measures” means objective, observable measures of outcomes for services provided to a child and a child’s family under ORS 418.575 to 418.598, including but not limited to measures relating to permanency.

(3) “County partners” means employees or representatives of the Department of Human Services, the county, court appointed special advocates under ORS 419B.112, drug and alcohol treatment providers, mental health providers, providers of affordable housing and other persons or entities that provide services to children and families within a county of this state.

(4) “Family” means, at a minimum but not to the exclusion of siblings as defined in ORS 419A.004 or other persons living in the same household with a child, the child and:

(a) The child’s parent as defined in ORS 419A.004;

(b) The child’s guardian appointed pursuant to ORS chapter 125; or

(c) A person who has a caregiver relationship as defined in ORS 419B.116 with the child.

(5) “Intensive in-home services” means services that keep a child and family together in the child’s and family’s home with a goal of 24-hour on-call support while the child and the child’s family engage in family strengthening activities and receive appropriate mental health and addiction treatment and other intensive support interventions.

(6) “Performance-based contract” means a contract entered into under ORS 418.580 that:

(a) Requires a program to demonstrate successful child-driven outcomes when compared to alternative placement options and long-term cost savings; and

(b) Bases termination or renewal of the contract on demonstration of the factors described in paragraph (a) of this subsection.

(7) “Program” means a Strengthening, Preserving and Reunifying Families program described in ORS 418.580. [2011 c.568 §2; 2012 c.97 §28]

418.578 Legislative findings. The Legislative Assembly finds that:

(1) There is growing empirical evidence that severe trauma may result when children are removed from their families, and that this trauma may give rise to negative outcomes that last a lifetime, cause intergenerational patterns of addiction, abuse and neglect, and give rise to disrupted and broken families.

(2) Improving permanency outcomes for children is best accomplished by providing services that allow children to remain with their families and in their homes when appropriate and safe.

(3) Allowing families to remain intact while parents undergo mental health or addiction treatment, take steps to move out of poverty by obtaining employment and housing or receive family strengthening services preserves child-parent bonds with improved outcomes for children and families and positive long-term societal effects.

(4) When placement in foster or substitute care outside the home must occur, this can be less traumatic and of shorter duration with the provision of family-focused treatment and services, and the provision of routine family contact and visitation as frequently as is appropriate. After children are returned to the family, they should receive continuing services to ensure safety and stabilization.

(5) Children should receive continuing services sufficient to achieve stabilization after returning to the community.

(6) A new systemwide model for providing child welfare services should be adopted that provides services and supports that have proved effective in keeping children safely with their parents, that reduces children’s risk of future entry into the criminal justice and child welfare systems, that lowers the risk of intergenerational abuse and that decreases the associated human and economic costs.

(7) The efficacy of programs that allow families to remain together or that assist families with reunification has been demonstrated by pilot programs, including one that has operated in Jackson County since 2007 and other national best practice models.

(8) Foster care savings that are reinvested can enhance and expand child welfare services.

(9) Housing is essential to the safe reduction of the number of children in foster care. Partnerships between affordable housing providers and nonprofit service agencies must be formed where possible. Tenancy requirements and exclusion criteria related to criminal, credit and tenant histories, particularly when associated with substance abuse, must be reevaluated and modified where possible. [2011 c.568 §3]

418.580 Strengthening, Preserving and Reunifying Families programs; implementation; contracts; services provided; rules; training; funding; annual report. (1) To the extent practicable using available resources, the Department of Human Services and county partners shall implement Strengthening, Preserving and Reunifying Families programs as described in this section. County partners are encouraged to form collaborations with programs to design, oversee and participate in program development and implementation as appropriate. The department shall be the lead agency in efforts undertaken pursuant to this section, but all officers, boards, commissions and other agencies of the State of Oregon shall cooperate with the department to accomplish the duties imposed on the department by ORS 418.575 to 418.598 and to allocate services provided by programs as described in this section.

(2)(a) The Director of Human Services or the director's designee, the Director of the Oregon Health Authority or the director's designee or the Director of the Housing and Community Services Department or the director's designee shall enter into a contract with, and make reasonable payment for services provided by, a program in accordance with ORS 418.575 to 418.598, and shall, where necessary, enter into contracts with a lead agency or with county and community entities that have been designated by the county partners to coordinate services provided under this section.

(b) A contract entered into under this subsection shall require only those services that are reasonably available in the county or region where the program is or will be providing services. Services may or may not be located in a given county or region.

(c) At the election of any director or director's designee, a contract entered into under this subsection may be a performance-based contract.

(3) The programs implemented under this section shall provide an array of services. Depending on resources and availability, the services provided may include but are not limited to the following:

(a) Front end intervention services that include alcohol and drug treatment providers or mental health providers accompanying department caseworkers on initial calls and visits in response to allegations or reports of abuse or neglect. County partners shall participate in assessments to determine the appropriateness and level of program services required for a child and the child's family, the creation of safety plans to enable the provision of in-home services if appropriate and the development of family preservation and reunification plans for presentation to the juvenile court.

(b) Residential treatment whereby a member of a child's family with care, custody or control of the child enters a treatment facility accompanied by the child with 24-hour supervision while the child and the member of the child's family engage in family strengthening activities and receive appropriate mental health and addiction treatment support and services.

(c) Supervised housing whereby a child and the child's family remain together in program housing while they participate in family strengthening activities, receive mental health and addiction support and services and have the appropriate level of supervision to ensure the physical health, care and safety of the child.

(d) Family-centered day and outpatient treatment services, either after completion of residential treatment or in lieu of residential treatment, designed specifically for substance-abusing parents of children involved in the child welfare system.

(e) Intensive in-home services while the child and family engage in family strengthening activities.

(f) Facilitation of regular contact between a child and the child's family, if separation has occurred, to facilitate an easier, quicker and more successful transition of the child back into the family home.

(g) Case managers who provide child and family supervision, assistance identifying and accessing needed services, observation and monitoring of parenting behavior, assistance with life skills development and assistance in removing barriers to system independence.

(h) Immediate access to supervised drug-free emergency and short-term housing.

(i) Access to permanent, drug-free housing with on-site case managers and access to supportive services that increase stability for a child and the child's family.

(j) Family finding services to identify extended family members to provide additional support, resources and alternative placement options if necessary.

(k) Services of a court appointed special advocate appointed under ORS 419B.112 where available.

(L) Other services and interventions as programs evolve, research develops and funding becomes available.

(4) The services provided by programs must be culturally competent and include evidence-informed or evidence-based practices.

(5) The department shall establish by rule client-focused functional outcome measures for programs implemented under this section.

(6) Client-focused functional outcome measures may be used as a basis for funding programs and entering into or renewing contracts with programs.

(7) Programs shall develop and implement training and continuing education curricula for persons delivering program services and, when adequate funding exists, sponsor the attendance of service providers at state or national training programs, conferences or other similar events.

(8) Programs may seek funds from public and private sources to:

(a) Meet match requirements for state or federal grants to support the provision of program services;

(b) Implement and operate the training and educational requirements of subsection (7) of this section; and

(c) Provide financial resources for the hiring of personnel and the provision of existing or enhanced program services.

(9) The department, in consultation with programs, shall report annually to the Governor and the appropriate interim committees of the Legislative Assembly that address child welfare issues on the progress toward and projected costs of full implementation of ORS 418.575 to 418.598. [2011 c.568 §4; 2012 c.97 §29; 2013 c.1 §60]

(2) If the department or juvenile court determines that placement of the child and referral of the child and the child's family to a program would not prevent or eliminate the need for removal of the child from the child's home or be the action most likely to make it possible for the child to safely return home, the department shall, in any description or documentation of its reasonable or active efforts, include a written explanation of the reasons why the department did not believe the placement of the child and referral of the child and the child's family to the program was in the child's best interests and the course most likely to prevent placement or effect the return of the child to the child's family. (2) A person providing a foster home to an American Indian child shall be eligible for payments under ORS 418.625 to 418.645 regardless of the relationship by blood or marriage that the person has to the child where the child's placement in the foster home is pursuant to the Indian Child Welfare Act (25 U.S.C. 1901 et seq.).

OREGON YOUTH CONSERVATION CORPS

418.650 Policy; purpose. (1) The Legislative Assembly of the State of Oregon finds and declares that:

(a) It is the policy of the State of Oregon to maintain a strong economy in order to provide its citizens a stable and plentiful job market, and to conserve and protect its natural resources, scenic beauty, historical and cultural sites and other community facilities;

(b) The development and maintenance of a healthy economy for Oregon depends substantially upon a strong work ethic among Oregon's disadvantaged and at-risk young adults;

(c) Many public lands and environmental resources, including parks, rangelands, forests, wildlife habitats, fisheries, soils and waters are and will continue to be subject to resource production demand and public uses;

(d) In order to instill and preserve superior work attitudes among Oregon's disadvantaged and at-risk young adults and to maintain, protect and conserve the valuable resources of the State of Oregon, programs need to be implemented which will assure continued economic productivity and scenic beauty, as well as the public health, safety and social benefit;

(e) To these ends, conservation work programs may prove successful and cost-effective both in providing jobs for disadvantaged and at-risk young adults and in assisting land preservation and management agencies to conserve and protect natural and urban facilities; and

(f) As a result of such employment opportunities, benefits will redound to the state's environmental maintenance and productivity, the state's economy and to the disadvantaged and at-risk youth participants who benefit from the exposure to and respect for the work ethic in the context of safeguarding and improving the environmental resources of the state.

(2) The general purposes of ORS 418.650 to 418.663 are:

(a) To establish a disadvantaged and at-risk youth work program in order to perform conservation work of public value in the most cost-effective manner;

(b) To utilize such a program as a means of needed assistance to protect, conserve, rehabilitate and improve the natural, historical and cultural resources of the state; and

(c) To utilize such a program to increase educational, training and employment opportunities for disadvantaged and at-risk youth for the purpose of improving work skills, instilling the work ethic and increasing employability. [1987 c.326 §§1,2; 1991 c.581 §1]

418.708 Child's savings account; establishment; capacity to contract; parental consent; liability of financial institution; monitoring of account. (1) The Legislative Assembly finds that a child who is 12 years of age or older and who is in the custody of the Department of Human Services should be entitled to assistance from the department to establish a savings account at a financial institution as defined in ORS 706.008 for the following reasons:

(a) Access to such accounts prepares a child to become financially independent once the child is no longer in the custody, care or supervision of the department.

(b) It is an important life lesson for a child to learn to save moneys for the future.

(c) Providing children who are in the custody of the department with the opportunity to establish a savings account is an important step toward their fiscal maturity.

(2)(a) The Department of Human Services shall, in accordance with rules adopted by the department, ensure that a child who is 12 years of age or older, of whom the department has had custody for a minimum of six consecutive months, is entitled to assistance from the department to establish a savings account at a financial institution as defined in ORS 706.008.

(b) Nothing in this section authorizes the department to require that a financial institution establish an account for a child.

(3) Notwithstanding any other provision of law, a child described in subsection (2) of this section may contract with a financial institution to establish a savings account for the purpose of depositing and saving moneys for the child's sole use and benefit. The contract is binding upon the child and cannot be voided or disaffirmed by the child based upon the child's age or status as a minor.

(4) The consent of the child's parent, guardian or foster parent, or of any other person having legal custody of the child, is not necessary to contract to establish a savings account under this section. The parent, guardian, foster parent or other person having legal custody of the child is not liable under a contract by the child for a savings account unless the parent, guardian, foster parent or person having legal custody of the child is a party to the child's contract.

(5) The parent, guardian, foster parent or other person having legal custody of the child is not entitled to be an account holder on a savings account established under this section, or to have access to information about or moneys in the account, without the written authorization of the child who established the account. The child's signature on account documents that make the parent, guardian, foster parent or other person having legal custody of the child an account holder on the account or that grant the parent, guardian, foster parent or other person having legal custody of the child the right to have access to information about or moneys in the account, constitutes written authorization as required by this subsection.

(6) A financial institution that establishes a savings account for a child under this section is not liable to any person for establishing the account or for permitting the child to make deposits to or withdrawals from the account. The financial institution may rely on the child's signature on account documents when permitting the child to make deposits to and withdrawals from the account or to receive account statements and

information about the account. The financial institution is not required to ensure that moneys paid out of the account are properly applied.

(7) The Department of Human Services is entitled to monitor use of moneys in a child's savings account established under this section when required to ensure continuation of receipt of state and federal benefits received by or on behalf of the child. The department shall adopt rules setting forth methods by which the department may monitor use of moneys in a child's account for this purpose. [2015 c.471 §1]

Note: 418.708 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 418 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

(c) Guidelines for timely communication between member agencies;

(d) Guidelines for completion of responsibilities by member agencies;

(e) That upon clear disclosure that the alleged child abuse occurred in a child care facility as defined in ORS 329A.250, immediate notification of parents or guardians of children attending the child care facility is required regarding any abuse allegation and pending investigation; and

(f) Criteria and procedures to be followed when removal of the child is necessary for the child's safety.

(3) Each team member and the personnel conducting child abuse investigations and interviews of child abuse victims shall be trained in risk assessment, dynamics of child abuse, child sexual abuse and rape of children and legally sound and age appropriate interview and investigatory techniques.

(4) All investigations of child abuse and interviews of child abuse victims shall be carried out by appropriate personnel using the protocols and procedures called for in this section. If trained personnel are not available in a timely fashion and, in the judgment of a law enforcement officer or child protective services worker, there is reasonable cause to believe a delay in investigation or interview of the child abuse victim could place the child in jeopardy of physical harm, the investigation may proceed without full participation of all personnel. This authority applies only for as long as reasonable danger to the child exists. A law enforcement officer or child protective services worker shall make a reasonable effort to find and provide a trained investigator or interviewer.

(5) To ensure the protection and safe placement of a child, the Department of Human Services may request that team members obtain criminal history information on any person who is part of the household where the department may place or has placed a child who is in the department's custody. All information obtained by the team members and the department in the exercise of their duties is confidential and may be disclosed only when necessary to ensure the safe placement of a child.

(6) Each team shall classify, assess and review cases under investigation.

(7)(a) Each team shall develop and implement procedures for evaluating and reporting compliance of member agencies with the protocols and procedures required under this section. Each team shall submit to the administrator of the Child Abuse Multidisciplinary Intervention Program copies of the protocols and procedures required under this section and the results of the evaluation as requested.

(b) The administrator may:

(A) Consider the evaluation results when making eligibility determinations under ORS 418.746 (3);

(B) If requested by the Advisory Council on Child Abuse Assessment, ask a team to revise the protocols and procedures being used by the team based on the evaluation results; or

(C) Ask a team to evaluate the team's compliance with the protocols and procedures in a particular case.

(c) The information and records compiled under this subsection are exempt from ORS 192.410 to 192.505.

(8) Each team shall develop policies that provide for an independent review of investigation procedures of sensitive cases after completion of court actions on particular cases. The policies shall include independent citizen input. Parents of child abuse victims shall be notified of the review procedure.

(9) Each team shall designate at least one physician, physician assistant or nurse practitioner who has been trained to conduct child abuse medical assessments, as defined in ORS 418.782, and who is, or who may designate another physician, physician assistant or nurse practitioner who is, regularly available to conduct the medical assessment described in ORS 419B.023.

(10) If photographs are taken pursuant to ORS 419B.028, and if the team meets to discuss the case, the photographs shall be made available to each member of the team at the first meeting regarding the child's case following the taking of the photographs.

(11) No later than September 1, 2008, each team shall submit to the Department of Justice a written summary identifying the designated medical professional described in subsection (9) of this section. After that date, this information shall be included in each regular report to the Department of Justice.

(12) If, after reasonable effort, the team is not able to identify a designated medical professional described in subsection (9) of this section, the team shall develop a written plan outlining the necessary steps, recruitment and training needed to make such a medical professional available to the children of the county. The team shall also develop a written strategy to ensure that each child in the county who is a suspected victim of child abuse will receive a medical assessment in compliance with ORS 419B.023. This strategy, and the estimated fiscal impact of any necessary recruitment and training, shall be submitted to the Department of Justice no later than September 1, 2008. This information shall be included in each regular report to the Department of Justice for each reporting period in which a team is not able to

identify a designated medical professional described in subsection (9) of this section. [1989 c.998 §4; 1991 c.451 §1; 1993 c.622 §5; 1995 c.134 §1; 1997 c.703 §2; 2001 c.900 §121; 2003 c.354 §2; 2005 c.562 §6; 2007 c.674 §6; 2015 c.736 §63]

(2) The statewide interdisciplinary team may recommend specific cases to a child fatality review team for its review under ORS 418.785.

REGIONAL ASSESSMENT CENTERS AND COMMUNITY ASSESSMENT SERVICES

418.780 Purpose. (1) The Legislative Assembly recognizes that:

(a) Protection of the child is of primary importance.

(b) A serious need exists for a coordinated multidisciplinary approach to the prevention and investigation of child abuse, for intervention and for the treatment of children who are victims of child abuse in a manner that is sensitive to the needs of children. No child in this state should be denied access to a child abuse medical assessment because of an inability to pay. The cost of not assessing and treating abused children with the aid of specially trained personnel is too high.

(2) The purpose of ORS 418.746 to 418.796 is to establish and maintain:

(a) Sufficient county multidisciplinary child abuse teams to conduct timely investigations of allegations of child abuse and provide comprehensive services to victims of child abuse through coordinated child abuse multidisciplinary intervention plans.

(b) Sufficient regional assessment centers and community assessment centers in Oregon to ensure that every child reasonably suspected to have been subjected to child abuse receives a skilled, complete and therapeutic child abuse medical assessment. [1991 c.898 §1; 1993 c.33 §331; 1997 c.872 §32; 2001 c.624 §6; 2005 c.562 §4]
