HB 5030

Relating to lottery bonds; creating new provisions; amending ORS 285B.551 and sections 4 and 10, chapter 906, Oregon Laws 2009, section 19, chapter 624, Oregon Laws 2011, sections 3, 6 and 10, chapter 786, Oregon Laws 2013, and section 8, chapter 121, Oregon Laws 2014; and declaring an emergency.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 285B.551 is amended to read: 285B.551. (1) Pursuant to ORS 286A.560 to 286A.585, at the request of the Oregon Department of Administrative Services, after the department consults with the Oregon Business Development Department, the State Treasurer is authorized to issue lottery bonds:

(a) To provide financial and other assistance, including but not limited to loans and grants, to municipalities, ports and other persons and entities in accordance with the laws governing use of moneys in the Special Public Works Fund created by ORS 285B.455, the Water Fund created by ORS 285B.563, the Safe Drinking Water Revolving Loan Fund created by ORS 285A.213, the Oregon Port Revolving Fund created by ORS 285A.708, the Brownfields Redevelopment Fund created by ORS 285A.188, the Oregon Business Development Fund created by ORS 285B.092 and the Marine Navigation Improvement Fund created by ORS 777.267.

(b) To fund Oregon's share of the costs of the Columbia River channel deepening project.

(c) To fund Oregon's share of the costs of studies and ecosystem restoration projects in the lower Columbia River estuary designed to improve habitat for listed endangered or threatened species of Columbia River anadromous salmonids.

(2) The use of lottery bond proceeds is authorized based on the following findings:

(a) The financial and other assistance to municipalities, ports and other persons and entities will assist in the establishment and expansion of businesses in Oregon and in the construction, improvement and expansion of infrastructure, community and port facilities and other facilities that comprise the physical foundation for industrial and commercial activity and provide the basic framework for continued and expanded economic opportunities and quality communities throughout Oregon.

(b) The Columbia River channel deepening project is necessary to allow newer, larger steamships access to Oregon and Washington deep draft ports. A deeper shipping channel will allow the Columbia River to continue as a world leader in agricultural exports and as a key trade corridor for farms and businesses throughout Oregon and the region.

(c) Such financial and other assistance to municipalities, ports and other persons and entities and the deepening of the Columbia River channel

will therefore promote economic development within this state, and thus the use of net proceeds derived from the operation of the Oregon State Lottery to pay debt service on lottery bonds issued under this section to provide such financial and other assistance to municipalities, ports and other persons and entities and to pay a portion of the costs of deepening the Columbia River channel is an authorized use of state lottery funds under section 4, Article XV of the Oregon Constitution, and ORS 461.510.

(d) The current lower Columbia River estuary habitat for listed endangered or threatened species of Columbia River anadromous salmonids could be improved through ecosystem restoration projects. The use of the Oregon State Lottery to pay debt service on lottery bonds issued under this section to pay for studying how the estuary could be improved and to pay for ecosystem restoration projects are authorized uses of state lottery funds.

(3)(a) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(a) of this section for financial and other assistance to municipalities, ports and other persons and entities may not exceed the sum of [~~\$288,226,252~~] **\$306,226,252** and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(b) of this section for the Columbia River channel deepening project may not exceed the sum of \$17.7 million and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs.

(b) The Oregon Department of Administrative Services may not request the issuance of lottery bonds under subsection (1)(b) of this section until the Director of the Oregon Business Development Department determines that a final environmental impact statement has been issued and a record of decisions has been submitted to Congress by the United States Army Corps of Engineers, Congress has authorized the Columbia River channel deepening project, and the Washington sponsors' shares of the costs of the Columbia River channel deepening project have been committed.

(4) The net proceeds of lottery bonds issued pursuant to subsection (1)(a) and (b) of this section shall be deposited in the Economic Infrastructure Project Fund, which is hereby established in the State Treasury separate and distinct from the General Fund. Interest earned by the Economic Infrastructure Project Fund shall be credited to the fund. All moneys in the Economic Infrastructure Project Fund are continuously appropriated to the Oregon Business Development Department for any purpose for which moneys in the Special Public Works Fund created by ORS 285B.455 may be used, any purpose for which moneys in the Water Fund created by ORS 285B.563 may be used, any purpose for which moneys in the Safe Drinking Water Revolving Loan Fund created by ORS 285A.213 may be used, any purpose for which moneys in the Oregon Port Revolving Fund created by ORS 285A.708 may be used, any purpose for which moneys in the Brownfields Rede-

velopment Fund created by ORS 285A.188 may be used, any purpose for which moneys in the Oregon Business Development Fund created by ORS 285B.092 may be used and any purpose for which moneys in the Marine Navigation Improvement Fund created by ORS 777.267 may be used. The Director of the Oregon Business Development Department shall allocate the moneys deposited in the Economic Infrastructure Project Fund for the purposes described in this subsection in accordance with the priorities developed by the Oregon Business Development Commission in accordance with ORS 285A.020. However, the director shall transfer from the Economic Infrastructure Project Fund and deposit into the Channel Deepening Account of the Marine Navigation Improvement Fund the proceeds of any lottery bonds sold to finance a portion of the costs of the Columbia River channel deepening project. Upon determining the relative allocation of moneys deposited in the Economic Infrastructure Project Fund among the purposes described in this subsection, the director shall transfer from the Economic Infrastructure Project Fund, and deposit into each of the other funds described in this subsection, the amounts so allocated. Notwithstanding any other provision of law governing the funds described in this subsection, the funds described in this subsection may be credited with moneys transferred from the Economic Infrastructure Project Fund by the director in accordance with this subsection.

(5) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(c) of this section for the costs of studies and ecosystem restoration projects in the lower Columbia River estuary may not exceed the sum of \$750,000 and an additional amount estimated by the State Treasurer to be necessary to pay bond-related costs. The net proceeds of lottery bonds issued pursuant to subsection (1)(c) of this section shall be deposited in the Oregon Business, Innovation and Trade Fund created by ORS 285A.227 and may be used only for the Oregon nonfederal share of United States Army Corps of Engineers Columbia River estuary projects authorized by Congress prior to August 9, 2001. The director may not request the issuance of lottery bonds under subsection (1)(c) of this section until Congress and Washington have authorized their respective shares of the costs of the studies and ecosystem restoration projects in the lower Columbia River estuary.

(6) The proceeds of lottery bonds issued pursuant to this section may be used only for the purposes set forth in this section and for bond-related costs.

SECTION 1a. (1) Net proceeds of lottery bonds issued under ORS 285B.551 in an amount sufficient to provide \$5 million in net proceeds and interest earnings must be transferred to the Oregon Business Development Department for deposit in the Levee Project Subaccount, established under section 1b of this 2015 Act, for the purposes described in that section.

(2) The Legislative Assembly finds that the use of lottery bond proceeds will create jobs, further economic development, finance public education or restore and protect parks, beaches, watersheds and native fish and wildlife, and is authorized based on the following findings:

(a) Levees are an integral part of the commercial and industrial infrastructure of this state.

(b) Inspection, accreditation, certification and repair of levees will promote economic development within this state.

SECTION 1b. (1) The Levee Project Subaccount is established in the Special Public Works Fund established under ORS 285B.455. Interest earned by the Levee Project Subaccount shall be credited to the subaccount. Moneys in the subaccount are continuously appropriated to the Oregon Business Development Department for the purpose of providing financial assistance under ORS 285B.410 to 285B.482 for levee projects, as defined in ORS 285B.410.

The grants and loans are to be allocated by region and based on recommendations of regionally-based planning committees designated by the department.

(3) The Legislative Assembly finds that the use of lottery bond proceeds will create jobs, further economic development, finance public education or restore and protect parks, beaches, watersheds and native fish and wildlife, and is authorized based on the following findings:

(a) Infrastructure projects will create jobs; and

(b) Integrated development of infrastructure will establish a foundation for expanding exist-

ing businesses and for developing and attracting new businesses.

SECTION 3. Section 3, chapter 786, Oregon Laws 2013, is amended to read:

Sec. 3. (1) The Regional Infrastructure Fund is established in the State Treasury, separate and distinct from the General Fund.
