(B) The financial benefits, if any, realized by the facility as a result of the violation.

(C) The facility's past history of correcting violations and preventing the recurrence of violations.

(D) The severity and scope of the violation as described in paragraphs (b) and (c) of this subsection.

(B) A pattern violation occurs when more than a very limited number of residents or employees are affected, or the situation has occurred in more than a limited number of locations but the locations are not dispersed throughout the facility.

(C) A widespread violation occurs when the problems causing the deficiency are pervasive and affect many locations throughout the facility or represent a systemic failure that affected, or has the potential to affect, a large portion or all of the residents or employees.

(d) As used in this subsection:

(A)(i) "Financial loss" means loss of resident property or money as a result of financial exploitation as that term is defined in ORS 124.050.

(ii) "Financial loss" does not include loss of resident property or money that results from action or inaction of an individual not employed or contracted with the facility, or that arises from the action or inaction of an individual employed or contracted with the facility if the action or inaction occurs while the individual is not performing employment or contractual duties.

(c) In imposing civil penalties under this subsection, the director may take into account the scope of the violation.

(4)(a) If the department investigates and makes a finding of abuse in a residential care facility or long term care facility arising from deliberate or other than accidental action or inaction that is likely to cause a negative outcome by a person with a duty of care toward a resident of a residential care facility or long term care facility and if the abuse resulted in the death, serious injury, rape or sexual abuse of a resident, the director shall impose a civil penalty on the facility of not less than \$2,500 and not more than \$15,000 for each occurrence of substantiated abuse, not to exceed \$40,000 for all violations occurring in a facility within any 90-day period.

(5) When imposing penalties under this section for a violation that qualifies as abuse under state law and results in less than serious harm as defined in subsection (2) of this section, the director shall reduce the penalty by not less than 25 percent if the facility self-reported the abuse to the department.

(6) The department shall identify and track the number of abuse violations that are reported to the department by a facility and compile statistics on the rate of self-reporting by facilities as compared to abuse complaints from other sources.

(7)(a) When the director notifies a facility of a violation for which a penalty may be imposed under this section, the director shall describe in the notice the specific remediations that the facility must make to achieve substantial compliance regarding the violation. In the notice, the director shall prescribe a reasonable time for elimination of the violation:

(A) Not to exceed 30 days after first notice of a violation; or

(B) In cases where the violation requires more than 30 days to correct, such time as is specified in a plan of correction found acceptable by the director.

(b) The director shall hold in abeyance a penalty for a level 2 violation or level 3 violation for the period prescribed under paragraph (a) of this subsection. (c) As used in this subsection, "substantial compliance" means a level of compliance with state law and with rules of the department such that any identified deficiencies pose a risk of no more than negligible harm to the health or safety of residents of a facility.

#### **SECTION 5. (1) As used in this section:**

(b) "License condition" includes but is not limited to:

(A) Restricting the total number of residents;

(D) Requiring additional training for staff;

(E) Requiring additional documentation; or

(F) Restriction of admissions.

(c) "Substantial compliance" means a level of compliance with state law and with rules of the department such that any identified deficiencies pose a risk of no more than negligible harm to the health or safety of residents of a residential care facility or a long term care facility.

(b) The department shall impose a license condition in a scope and manner that is specifically designed to remediate the finding that led to the license condition.

(c) If the department imposes a license condition in response to a finding of immediate jeopardy to residents of the facility, and the finding of immediate jeopardy to residents of the facility is not substantiated within 30 days after the imposition of the license condition, the department shall immediately remove the license condition.

(d)(A) Except as provided in subparagraph (B) of this paragraph, the department shall provide a facility with a notice of impending imposition of license condition at least 48 hours before issuing an order imposing a license condition. The notice must:

(i) Describe the acts or omissions of the facility and the circumstances that led to the substantiated finding of rule violation or finding of immediate jeopardy supporting the imposition of the license condition;

(ii) Describe why the acts or omissions and the circumstances create a situation for which the imposition of a license condition is warranted;

(iii) Provide a brief statement identifying the nature of the license condition;

(iv) Provide a brief statement describing how the license condition is designed to remediate the circumstances that led to the license condition; and

(v) Provide a brief statement of the requirements for withdrawal of the license condition.

(B) If the threat to residents of a facility is so imminent that the department determines it is not safe or practical to give the facility advance notice, the department must provide the notice required under this paragraph within 48 hours of issuing an order imposing the license condition.

(e) An order imposing a license condition must include:

(A) A specific description of how the scope and manner of the license condition is designed to remediate the findings that led to the license condition; and

(B) A specific description of the requirements for withdrawal of the license condition.

(3) The department may impose a license condition that includes a restriction on admissions to the facility only if the department makes a finding of immediate jeopardy that is likely to present an immediate jeopardy to future residents upon admission.

(4)(a) Following the imposition of a license condition on a facility, the department shall:

(B) Notify the facility by telephone or electronic means of the findings of the reinspection or reevaluation within five business days after completion of the reinspection or reevaluation; and

(C) Issue a written report to the facility within 30 days after the reinspection or reevaluation notifying the facility of the department's determinations regarding substantial compliance with the requirements necessary for withdrawal of the license condition.

(b) If the department finds that the facility has achieved substantial compliance regarding the violation for which the license condition was imposed, and finds that systems are in place to ensure similar deficiencies do not reoccur, the department shall withdraw the license condition.

(c) If after reinspection or reevaluation the department determines that the violation for which the license condition was imposed continues to exist, the department may not withdraw the license condition, and the department is not obligated to reinspect or reevaluate the facility again for 45 days after the first reinspection or reevaluation. The department shall provide the decision not to withdraw the license condition to the facility in writing and inform the facility of the right to a contested case hearing pursuant to ORS chapter 183. Nothing in this paragraph limits the department's authority to visit or inspect the facility at any time.

**(d) If the department does not meet the requirements of this subsection, a license condition is automatically removed on the date the department failed to meet the requirements of this subsection, unless the Director of Human Services extends the applicable period for no more than 15 business days. The director may not delegate the power to make a determination regarding an extension under this paragraph.**
