The regulations may include, but need not be limited to, the establishment of designated speeds, the prohibition of the use of motorboats and the designation of areas and times for testing racing motorboats.

(2) The governing body of a political subdivision of this state may apply to the board for special regulations relating to the designation of moorage areas on lakes or reservoirs which are under the jurisdiction of a public agency, or to the operation of boats on the waters within the territorial limits of the political subdivision. Within a reasonable time, the board shall act upon the application in the manner provided in subsection (1) of this section. When adopting regulations under this subsection, the board shall take into consideration the statewide land use planning goals and guidelines adopted by the Land Conservation and Development Commission to protect, conserve and maintain the natural, scenic, historical, agricultural, economic and recreational qualities of lands along the Willamette River Greenway.

(b) Paragraph (a) of this subsection does not apply to deep draft vessels, tugboats, towboats, barges, launch vessels and other commercial vessels, as those terms are defined by the board by rule, engaged in marine commerce or the transportation of cargo on the Willamette River beginning at river mile 0 and ending at river mile 26.

[4] (5) The board may designate certain rivers or sections of rivers as hazardous. In making such designations, the board may consider recommendations of guide associations incorporated in this state.
