

BRIAN BOQUIST
State Senator

The start of the 2015 Legislative Session is a month away! I wanted to let you know about some important deadlines to keep in mind and a powerful tool you can use to track what's happening.

As always, my office and I are here to serve you. If you need help dealing with an agency, have an idea for a new law, or a comment on an issue important to you, please contact me. I take your input seriously, and my office is here to help you navigate any roadblocks you may face in state government.

I hope you have a safe and successful New Year!

Sincerely,

RESEARCH AND TRACK THE ISSUES YOU CARE ABOUT

On the legislature's webpage, you will find a new information portal, called the Oregon Legislative Information System (OLIS). OLIS is a powerful way for you to access session information.

You can access OLIS by going to <https://olis.leg.state.or.us/liz/2013|1> or by going to the legislature's home page (oregonlegislature.com) and clicking on the OLIS icon to the right of the page.

OLIS categorizes a wealth of session information into four areas, accessed by four icons and their drop-down menus: Session Day, Bills, Committees and Reports.

SESSION DAY: Provides a listing of all meeting agendas scheduled for that day, including committees and chamber floor agendas. It also lists bill referrals and reports for the day.

BILL: Allows you to search bills by number, text and sponsor. Each bill link provides an overview, current status, scheduled events, key contacts, proposed amendments and measure history.

COMMITTEE: Allows you to look at each legislative committee, including membership, meeting times and locations, assigned bills and agendas.

REPORTS: provides access to important information like status reports, measure indexes and floor letters.

You can also sign-up for e-mail notifications when a bill changes or important events are scheduled.

The 2015 Legislative Session is right around the corner. Here is what you need to know.
