From left to right in the columns of the table below are found:

(1) The section, series of sections or chapter of Oregon Revised Statutes.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the ORS section, or the word “Add” indicating that a section or sections of a bill or measure are “added to and made a part of” the ORS chapter or series of ORS sections.

(3) The following information about the section and bill or measure by which ORS is amended, repealed or “added to”:

(a) The section number and Senate or House bill number for the 2005 bill;

(b) The section number and current session bill number or previous session bill number for the bill repassed over the Governor’s veto during the 2005 session (such as “§3 OV 3333” for a current session overturned veto or “§4 OVP 4444” for a previous session overturned veto); or

(c) The section number and boldfaced ballot measure number for the initiative petition approved at the November 2004 election (such as “§5 BM 55”).

The engrossing level is printed next to the bill number if the bill has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The bill or measure number and engrossing level appear in boldfaced type if the bill or measure has become law, or has been referred, and has been assigned a 2005 Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.

SECTIONS IN UNCODIFIED LAW AMENDED,  
REPEALED OR “ADDED TO”

From left to right in the columns of the table below are found:

(1) The year, chapter and section or sections of the uncodified law.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the uncodified section, or the word “Add” indicating that a section or sections of a bill or measure are “added to and made a part of” the series of uncodified sections.

(3) The following information about the section and bill or measure by which the uncodified section or sections are amended, repealed or “added to”:

(a) The section number and Senate or House bill number for the 2005 bill;

(b) The section number and current session bill number or previous session bill number for the bill repassed over the Governor’s veto during the 2005 session (such as “§3 OV 3333” for a current session overturned veto or “§4 OVP 4444” for a previous session overturned veto); or

(c) The section number and boldfaced ballot measure number for the initiative petition approved at the November 2004 election (such as “§5 BM 55”).

The engrossing level is printed next to the bill number if the bill has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The bill or measure number and engrossing level appear in boldfaced type if the bill or measure has become law, or has been referred, and has been assigned a 2005 Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.
