From left to right in the columns of the table below are found:

(1) The section, series of sections or chapter of Oregon Revised Statutes.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the ORS section, or the word “Add” indicating that a section or sections of a measure are “added to and made a part of” the ORS chapter or series.

(3) The following information about the section and measure by which ORS is amended, repealed or “added to”:

(a) The section number and Senate or House measure number;

(b) The section number and current session measure number or previous session measure number if a measure was repassed over the Governor’s veto, followed by “OV” for a current session overturned veto or “OVP” for a previous session overturned veto; or

(c) The section number and boldfaced ballot measure number if an initiative petition was approved at the most recent general election (such as “§5 BM 55”).

The engrossing level is printed next to the measure number if the measure has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The measure number and engrossing level appear in boldfaced type if the measure has become law, or has been referred, and has been assigned an Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.

# **HOUSE JOURNAL**

### Monday, September 30, 2013 – Morning Session

House convened in Special Session at 8:00 a.m., pursuant to the proclamation issued by the Honorable John A. Kitzhaber, Governor of the State of Oregon, in compliance with section 10a, Article IV of the Oregon Constitution.

#### PROCLAMATION CALLING SPECIAL SESSION

Whereas, Oregon's education system is underfunded at all levels; and

Whereas, rising costs and inadequate funding mean Oregon students face the prospect of ongoing teacher layoffs, lost school days and rising tuition; and

Whereas we have an opportunity to combine cost savings from revenue to the Public Employee Retirement System (PERS) and new revenue to restore lost school days, provide tuition relief, fund mental health and senior services, and provide targeted tax relief for small business owners and working families.

Now, Therefore, I, John Kitzhaber, M.D., Governor of Oregon, pursuant to Article V, section 12 of the Oregon Constitution, find an extraordinary occasion exists and do by this proclamation call the Seventy-seventh Oregon Legislative Assembly to convene in special session on September 30, 2013, at 8:00 a.m. The Constitution does not empower me to limit the length of the special session or specify matter that may be considered, but it is my earnest hope that the members of the Assembly act most expeditiously in enacting the legislation referenced above.

IN WITNESS WHEREOF, I hereunto set my hand and cause the Great Seal of the State of Oregon to be affixed. Done at the Capitol in the City of Salem in the State of Oregon on this day, September 23, 2013.

John A. Kitzhaber, M.D., Governor

The names of the members shall be listed on the electronic roll call board in alphabetical order, except that the name of the Speaker shall be last.

**3.15 Roll Call.** (1) The electronic voting system shall be used as the roll call to determine the presence of a quorum and/or the presence of members under a Call of the House. Members shall press the "yea" button to record their attendance.

(2) A roll call vote of "yeas" and "nays" shall be taken and recorded on the final passage of all bills and joint and concurrent resolutions. Except as otherwise provided in the rules, the vote shall be recorded by the electronic voting system.

(3) Upon demand of two members, an oral roll call shall be taken and recorded on any measure that requires more than 31 affirmative votes. The clerk shall call the roll of the membership, alternating between alphabetical order, and reverse alphabetical order. The Speaker's name shall be called last.

(4) If the presiding officer is in doubt on any motion or a division is called for on a motion, a roll call shall be taken and recorded by the electronic voting system on the motion. On all other questions to be voted upon, unless otherwise provided in these rules, the presiding officer may order the "yeas" and "nays" taken by the electronic voting system.

(5) The electronic voting system shall not be used for election of officers.

(6) Individual votes shall not be displayed until the time for voting has expired and the electronic voting system has been closed.

(7) In the event the electronic voting system is not in operating order when voting on any question, the presiding officer shall order all "yea" and "nay" votes be taken by oral roll call. The clerk shall call the roll of the membership in alphabetical order. The Speaker's name shall be called last.

(8) The vote of any member which has not been recorded because of malfunction of the electronic voting system shall be entered into the record if that member was within the bar of the House chamber at the time of the vote and attempted to cast their vote at the appropriate time, and the fact of such malfunction is reported to the presiding officer prior to the announcement of the result of the vote.

**3.20 Requirements for Voting.** (1) Each member within the bar when the question is stated and the member's name is called shall vote. No member shall be allowed to abstain from voting.

(2) If a member refuses to vote when the member's name is called, the presiding officer shall immediately call for the member's vote a second time. If the member again refuses to vote, the presiding officer shall read subsection (3) of this rule. The presiding officer shall then call for the member to announce the member's vote immediately. If the member fails to vote immediately after this third request, the presiding officer shall state for the record: "The member's failure to vote constitutes an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. The journal shall show that the Representative is censured for the violation; the clerk shall record the Representative's vote on the measure on which the member refused to vote as a 'yea;' and the member may also be subject to other penalties as the House may order."

(3) Any member's refusal to vote, as required by House Rules, shall be recorded in the journal as an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. The Representative shall be censured; the clerk shall record the Representative's vote on the measure on which the member refused to vote as a 'yea;' and the member may also be subject to other penalties as the House may order.

(4) No member, except by unanimous consent, shall be permitted to vote upon any question unless he or she is within the bar before the last name on an oral roll call was called or is within the bar before the electronic voting system is closed. No member shall vote or be allowed to change their vote after the presiding officer announces the result of the roll call by declaring the question has passed or failed to pass.

**3.21 Announcement of Conflict of Interest.** (1) When involved in an actual or potential conflict of interest, as defined by ORS 244.020, a member shall announce, on the floor or in the committee meeting, the nature of the actual or potential conflict prior to voting on the issue giving rise to the conflict.

(2) The member shall file in writing a statement of the nature of the actual or potential conflict with the Chief Clerk or the committee assistant by 5:00 p.m. the next business day following the vote on the measure. The statement shall be limited to the substance of the oral explanation given on the floor or in committee. The member's announcement of an actual or potential conflict of interest shall be recorded in the Journal or in the committee minutes.

**3.26 Electronic Roll Call; Time, Changes.** When a vote is taken using the electronic voting system, the members shall be allowed at least thirty seconds to vote, at the end of which time, the clerk will display the vote. After the individual votes have been displayed, any member desiring to change his or her vote may so announce. The presiding officer shall direct the Chief Clerk to make the proper entry into the electronic voting system.

**3.28 Electronic Roll Call; Misuse, Penalties.** No member shall vote for another member using the electronic voting system. No member shall tamper with, alter or attempt to alter the electronic voting system, or cause the electronic voting system to register a vote without the member personally depressing a voting button during each roll call vote. Any member who violates this rule may be punished as determined by the vote of 31 members. If a person not a member votes or attempts to vote for any member or violates a provision of this rule, he or she shall be barred from the floor of the House for the remainder of the session, and he or she may be punished further as determined by the vote of 31 members.

**3.30 Voting by Presiding officer.** The Speaker shall vote whenever a roll call is required. The Speaker's name shall be called last on an oral roll call vote.

**3.35 Explanation of Vote.** (1) Any member who wishes to explain their vote shall file the written explanation with the Chief Clerk by 5:00 p.m. the next business day following the vote on the measure. The vote explanation filed under this subsection must comply with subsection (2) of this Rule. If the explanation does not meet those requirements, the Speaker may refuse to cause the explanation to be printed in the Journal.

(2) The vote explanation shall be germane to the subject and shall not reflect on the honor or integrity of any other member.

**3.45 Printed Measures Required for Voting.** No measure or amendment to a measure shall be finally voted on until it has been made available electronically or printed and placed on the desks of the members.

**3.50 Third Reading Requirement.** (1) No bill shall pass the House until after third reading and no measure shall be read more than once in any one day.

(2) A bill may be referred or re-referred to committee on third reading.

**3.55 Call of the House.** (1) Six members may demand a call of the House at any time before a roll call has begun.

(2) Upon a call of the House, the doors shall be closed until proceedings under the call have been terminated. No other business shall be transacted until the proceedings are so terminated.

(3) Upon a call of the House, the Sergeant at Arms shall cause all members who are not excused to come to the floor. If the Sergeant at Arms cannot locate any unexcused member, the Sergeant at Arms shall so report to the presiding officer who shall announce the fact to the members.

(4) All members must remain within the bar of the House until the vote is taken for which the call was made. However, when the House is waiting for an unexcused member and the presiding officer has announced the House is "at ease," the members may have access to the area behind the rostrum until the presiding officer calls the House to order. Members must then return to within the bar.

(5) A call of the House shall be considered terminated when the question for which the call was invoked has been voted upon or when a motion to terminate the call is approved by forty members.

The motion to terminate the call shall be in order when the Sergeant at Arms has reported that unexcused members cannot be returned within a reasonable time. Termination of the call under this subsection terminates the requirement that the Sergeant at Arms search for unexcused members. In the absence of a quorum after the report of the Sergeant at Arms is received, the House may terminate the call by the unanimous consent of the members present.

(6) Upon a call and until the proceedings are terminated, the presiding officer may direct the Sergeant at Arms to authorize members of the Senate, representatives of the news media and staff to leave or enter the chambers.

### **POLICY ON HARASSMENT-FREE WORKPLACE**

**20.01 Policy on Harassment-Free Workplace.** (1) The House of Representatives is committed to providing a safe and respectful workplace that is free of harassment. Members and all employees are expected to conduct themselves in a manner that is free of harassment and to discourage all harassment in the workplace and at events, professional meetings, seminars or any events at which legislative business is conducted.

For purposes of this rule, harassment consists of sexual harassment or workplace harassment.

For purposes of this rule, sexual harassment is any unwelcome sexual advance, a request for sexual favors or other verbal or physical conduct of a sexual nature if:

- (A) Submission to the conduct is made either explicitly or implicitly a term or condition of a person's employment;
- (B) A person expressly or by implication conveys that declining to submit to the conduct will affect a person's job, benefits or business before the Legislative Assembly; or
- (C) The conduct has the purpose or effect of unreasonably interfering with a person's job performance, or creates a work environment that a reasonable person would find intimidating, hostile or offensive.

(2) For purposes of this rule, workplace harassment means treatment or behavior that, to a reasonable person, creates an intimidating, hostile or abusive work environment. Workplace harassment also includes discrimination based on a person's age, color, disability, race, religion, national origin, sex, sexual orientation or status as a member of a protected class.

(3) The formal and informal procedures provided for in Legislative Branch Personnel Rule 27 adopted by reference in the House Procedures and Personnel Manual shall apply.

(4) Any recommended action resulting from a formal complaint against a House member shall be recommended to the floor by a committee consisting of equal representation of each caucus. Any formal sanctions recommended against a House member shall be referred to the floor for approval by a 2/3 majority vote of the House before final action is taken against a House Member. Any formal sanctions recommended against a House personal staff member shall be resolved under Legislative Branch Personnel Rule 27.

(5) At the convening of each legislative assembly the Speaker shall appoint the membership of the House Special Committee on Conduct in equal numbers of members from the majority party and the minority party for the purpose of deliberations regarding Workplace Harassment complaints only.

(6) The House shall provide education concerning harassment and procedures to implement this Rule.

HB 5008 (Enrolled, 2013 Regular Session) – Message from the Governor announcing he line-item vetoed Sections 99 (4), 99 (5), and 100 without affecting the remaining provisions of the bill on August 14, 2013.

August 14, 2013

The Honorable Kate Brown  
Secretary of State  
136 State Capitol  
900 Court Street NE  
Salem, OR 97301

Dear Secretary Brown:

Under Article V, section 15a, of the Oregon Constitution, the Governor has the power to veto "single items in appropriations bills, without thereby affecting any other provision of such bill." Exercising that constitutional authority, I hereby disapprove and veto Sections 99(4), 99(5), and 100 of Enrolled House Bill 5008 without affecting the remaining provisions of the bill.

House Bill 5008 is an appropriations bill that includes actions regarding the legislatively adopted budget for the Public Employees' Benefits Board (PEBB) and the Oregon Educators' Benefit Board (OEBB). In my view, we should be expecting better value from our health care partners and creating a health care delivery system that is accountable for the money paid. PEBB and OEBB members have stepped up over the past two years with increased contributions and in taking greater responsibility for their personal health. It is now time to increase the accountability from our health system partners.

The budget from HB 5030 reflects my expectation that PEBB and OEBB not take the traditional pathway of budget balancing that only shift costs to members but rather fundamentally changes how care is delivered to members and their families. By improving health, eliminating waste and controlling costs, we want to ensure that PEBB and OEBB members have the care they need today and in the future. As a responsible employer, we want to continue to collaborate with our employees on how best to improve employee health. Together we have made headway on these fronts, and there is a lot more to be done. This is a step to get more value for the employee's and taxpayers' dollars.

Accordingly, I am exercising my constitutional authority to disapprove and veto Sections 99(4), 99(5), and 100 of Enrolled HB 5008 without affecting the remaining provisions of the bill.

Sincerely,  
John A. Kitzhaber, MD  
Governor

The clerk shall call the roll of the membership in alphabetical order. The Speaker's name shall be called last.

**3.21 Announcement of Conflict of Interest.** (1) When involved in an actual or potential conflict of interest, as defined by ORS 244.020, a member shall announce, on the floor or in the committee meeting, the nature of the actual or potential conflict prior to voting on the issue giving rise to the conflict.

(5) A Call of the House shall be considered terminated when the question for which the Call was invoked has been voted upon or when a motion to terminate the Call is approved by forty members. The motion to terminate the Call shall be in order when the Sergeant at Arms has reported that unexcused members cannot be returned within a reasonable time. Termination of the Call under this subsection terminates the requirement that the Sergeant at Arms search for unexcused members. In the absence of a quorum after the report of the Sergeant at Arms is received, the House may terminate the Call by the unanimous consent of the members present.

(6) Upon a Call and until the proceedings are terminated, the presiding officer may direct the Sergeant at Arms to authorize members of the Senate, representatives of the news media and staff to leave or enter the chambers.

SB 1504 – Report by Committee on Rules recommending passage.

SB 1544 – Report by Committee on Rules recommending passage.

HB 4054 (A-Engrossed) – Read third time as a Special Order of Business. Carried by Vega Pederson. On passage of the bill the vote was: Yeas, 36; Nays, 24 – Barton, Bentz, Berger, Cameron, Conger, Davis, Esquivel, Freeman, Hanna, Hicks, Huffman, Johnson, Kennemer, Krieger, McLane, Olson, Parrish, Richardson, Sprenger, Thatcher, Thompson, Weidner, Whisnant, Whitsett. Bill passed.

Barton requested the following vote explanation be entered in the Journal:

“I am writing to explain my opposition to HB 4054A, which rewrites the ballot title assigned by the Attorney General to the popular referendum of the Oregon Safe Roads Act (SB 833) and divests the Supreme Court of jurisdiction to

review the new title. By enacting HB 4054A, the Legislature encroaches on the executive branch's prerogative to write the ballot title, and worse, the Legislature eliminates the Judicial branch's ability to review its ballot title for compliance with existing law.

"Although I cannot support HB 4054A, I want to clarify that I support the Oregon Safe Roads Act. I often see firsthand the carnage wrought by uninsured drivers in my law practice. SB 833 will allow approximately 160,000 Oregon residents the opportunity to pass a driver's test and purchase auto insurance, which will improve highway safety. I plan to campaign on behalf of SB 833 in the upcoming referendum."

Lininger requested the following vote explanation be entered in the Journal:

"I submit to you a vote explanation on HB 4054, which passed the House of Representatives today with my support. A group of activists has referred to public vote Senate Bill 833, the Safe Roads Act, which the Legislature passed in 2013. The purpose of SB 833 is to enable Oregon residents to obtain short-term, limited purpose drivers cards and auto insurance, even if they lack traditional forms of identification. Today, I voted in support of HB 4054 so we could provide accurate ballot title language for this referendum.

"In the past, the Legislature has used a variety of approaches to creating ballot language for referral of statutes. At times, it has provided ballot title language. I voted in support of HB 4054 today because I believe the ballot title it provides is accurate and because this measure is consistent with the plenary powers of the Legislature.

"I also supported HB 4054 because I have been advised that going forward, we will create a consistent, agreed-upon process for creating ballot language for future referenda. This will be an important step; there is currently no clear standard for how the Legislature should create ballot language when a statute it passes is referred to a statewide ballot. Creation of an agreed-upon procedure will establish that kind of clear, consistent path and help avoid future disagreement."

Buckley requested the following vote explanation be entered in the Journal:

"I voted for SB 1531 on March 5, 2014 in order to allow cities and counties a period of one year to observe the operations of medical marijuana facilities in other jurisdictions, and to prepare the reasonable regulations on time, place and manner that might work best for their communities. The intent behind this vote is to confirm the state's ability to preempt local ordinances concerning the Oregon Medical Marijuana Program.

With the passage of HB 3460 in 2013, the state has made it clear that it is our policy to provide safe access to medical marijuana to qualified cardholders in the OMMP in all areas of the state. Oregon must never set a precedent of local bans on legal health care services, and nothing in SB 1531 allows for that precedent to be set. SB 1531 allows for a delay until May 1, 2015 for cities and counties to develop reasonable and responsible regulations on time, place and manner of operation of medical marijuana facilities as defined in ORS 475.314."

Holvey requested the following vote explanation be entered in the Journal:

"I opposed SB 1531B and do not support the state granting authority enabling local governments to prohibit or ban medical marijuana dispensaries.

"I was supportive of SB 1531A which clarified local government's authority to regulate the time, place and manner of medical marijuana dispensaries within their jurisdictions. That previous version of the bill was amended in committee to allow local governments to prohibit or ban medical marijuana dispensaries; that amended version became SB 1531B. The Oregon Legislature established the medical marijuana dispensaries regulation in HB 3460 in 2013 as a statewide program, and I do not believe local governments have authority to prohibit or ban, and oppose giving local governments that authority.

"I supported referring SB 1531B to the Rules Committee to remove the local authority to prohibit or ban; that action was successful. I worked on amendments in the Rules Committee to accomplish that removal and the bill became SB 1531C which allowed local governments to enact moratoriums until May 1st, 2015 on authorizing medical marijuana dispensaries.

"Presumably this would allow local governments additional time to enact reasonable time, place and manner regulations. Though I support some additional time for local governments to enact reasonable regulations, I believe the May 1st 2015

timeframe was unnecessarily long. This will allow local government to effectively ban medical marijuana dispensaries until May 1st 2015 and gives local government an opportunity to seek legislative authority to continue a prohibition or ban of medical marijuana dispensaries in the 2015 legislative session. For that reason I opposed and voted no on SB 1531C.”

Keny-Guyer requested the following vote explanation be entered in the Journal:

“I voted Aye to support the compromise that led to SB 1531 C, as amended by the Rules Committee.

“I preferred the version originally passed by the Senate, which authorized local governments to establish reasonable time, place and manner regulations on marijuana dispensaries, as they do with other businesses.

“However having witnessed the compelling testimony of several Oregonians during the hearings on HB 3460 before the House Health Care Committee in 2013, I feel strongly that local governments should NOT block total access to a drug treatment that the state has legalized for certain medical conditions.

“This is especially important for people who need the drug to help treat such vision problems as glaucoma, who are nauseous due to chemotherapy, who suffer from epilepsy, who are in wheelchairs, and/or who have children with autism. I do not want these people to be forced to travel to another city to obtain their treatment. Furthermore, if cities in rural areas all ban dispensaries, this could present a very challenging access problem.

“Although I am concerned that the compromise allowing a moratorium, whereby local governments can refuse to issue a license to operate a dispensary until May 1, 2015, will create a burden for current businesses who have spent thousands of dollars to prepare for licensing and for patients who need this treatment, it is a reasonable compromise.

“First, it has a good chance of becoming law. A bill with no moratorium or a bill that allowed an outright ban would probably not get the votes needed to pass both chambers. A lot of good work allowing reasonable regulations had been done in Senate Judiciary, and it would be a shame for local government to lose those tools.

“Furthermore, the moratorium allows cities who are more comfortable moving forward with dispensaries to chart the course, allowing more reluctant cities to learn from the regulations they establish and the results they experience. It also allows any changes as a result of potential changes in federal regulations and our statewide ballot initiatives to occur before we resume the debate in the 2015 session.

“During that session, I intend to be a firm advocate for ensuring access to medical treatment by all Oregonians who have demonstrated the need for it, while allowing local governments to establish reasonable regulations that do not impede reasonable access.”

Bentz requested the following vote explanation be entered in the Journal:

“During the House Revenue Committee deliberations, the addition of the language to SB 1534 “from Oregon sources” was considered.

“I voted for SB 1534C, both in the Revenue Committee and today, without the ‘Oregon Source’ language because to have added that language into the bill would have been inconsistent with my understanding of the legislative intent when I voted on HB 3601.

“The idea underlying the tax reduction from 9.9% to 7% was to incentivize people to want to live and operate businesses in Oregon. That was the reason for requiring material participation and at least one full-time employee in Oregon.

“House Bill 3601 did not provide favorable tax rates for businesses based outside of Oregon’s borders, but it was intended that if an Oregon resident materially participated in an out-of-state business, and that business had the requisite presence in Oregon, that resident would enjoy the lower tax rate on any ‘flow through’ distributions received in Oregon by the Oregon resident from the out-of-state business.

“The idea was to make it attractive to live and work in Oregon. The fact that the Oregon resident receives monies from an out-of-state business is irrelevant, so long as that business met the requirements (an Oregon employee working the required number of hours) in Oregon. This tax rate, in Oregon, on out-of-state sourced income, in no way encourages investment outside the state. Ultimately, money will be invested where there is the greatest return on that investment. That may be in Oregon or it may be somewhere else, but causing that money to be returned to Oregon is a good thing and it is more likely to return if the tax rate is 7% rather than 9.”

Davis requested the following vote explanation be entered in the Journal:

“This is an explanation of my ‘aye’ vote on SB 1534C. Specifically, there has been much discussion regarding the treatment of income from out of state sources that flow through to Oregon full-year resident taxpayers under ORS 316.043. SB1534B included language ‘from Oregon sources,’ removed from SB 1534B by amendment B16 adopted in the

Revenue Committee. I voted in favor of this amendment. The intent of removing the language 'from Oregon sources', and retaining the existing language under current law in ORS 316.043 defining 'nonpassive income' as 'income, other than income from passive activity as determined under section 469 of the Internal Revenue Code' was to clarify current law and the intent of the Legislature in adopting HB 3601 in the 2013 Special Session; namely, that income from all non-Oregon sources in which Oregon full-year resident taxpayers materially participate is subject to the reduced income tax rates (the 7% graduated rates) imposed by HB 3601 embodied in current law.

"For example, an Oregon taxpayer may own an interest in an Idaho entity that otherwise qualifies under HB 3601 for the lower tax rate (i.e. an employee in Oregon working the required number of hours, and the Oregon taxpayer's material participation in the Idaho-domiciled entity). It is the intent under SB 1534C to clarify existing law, that this Oregon taxpayer enjoy the lower tax rate as an incentive to flow funds from that Idaho entity into Oregon, and to encourage continued investments in businesses which flow money to Oregon taxpayers. The domicile or location of the entity, so long as it qualifies, is irrelevant.

"Another example is an Oregon entity that does business in Idaho and Oregon, but qualifies for the required number of hours to enjoy the lower rate. It is the intent that income distributed through this Oregon-domiciled entity to its Oregon taxpayers who materially participate in the business be taxed at the lower rates created by HB 3601.

"In both – and every other – instance, the intent is to encourage income to land with Oregon full-year resident taxpayers by taxing the income at the lower rate and be reinvested in Oregon."
