However, when the House is waiting for an unexcused member to return to the floor, or in order to access the facilities, or the presiding officer has announced that the House is "at ease," the members may have access to the area behind the rostrum. Referrals shall be posted in the House Measure History Report and upon convening of the House, the Journal shall include a

cumulative listing of all referrals in order by date.

(4) At the request of a committee reporting on a measure, the Speaker may rescind or add a subsequent referral to another committee.

(5) The Chair of the committee having jurisdiction of a measure by referral or subsequent referral under this rule may request the Chair of any other standing or special committee to review the measure. (6) The minority report is subject to the requirements of Rule 5.35.

(7) Issues contained within a minority report must have been submitted as proposed Legislative Counsel amendments and distributed to the committee for possible consideration. The current version of a measure as submitted to the committee may be used as a minority report without it having to be resubmitted as an amendment.

(8) If a work session occurs within 24 hours of the first House public hearing, subsection (7) will not apply. However, the issues contained within the minority report must have come under discussion of the measure, in the committee filing the committee report.

(3) A motion to reconsider may be debated together with the main question if the subject of the main question is debatable and the vote on the main question was not ordered by a motion for the previous question. If the vote on the main question was ordered by the previous question, neither the motion to reconsider nor the main question is debatable. However, a debatable motion to refer shall be allowed if the vote on the main question is reconsidered.

(4) The motion to reconsider shall be voted on the first session day after that on which the vote to be reconsidered was taken. The motion for reconsideration has precedence over any other motion, subject to the provisions of Rule 5.10. However, if the measure subject to reconsideration was passed so late in the session that the Speaker has reasonable cause to believe that its retention will unnecessarily delay the orderly process of legislative business, the Speaker shall immediately lay the motion for reconsideration before the House.

(5) Thirty-one or more affirmative votes are required to reconsider the final vote on a measure.

(6) There shall be only one motion for reconsideration of any final vote even though the action of the House reverses its previous action.

Boshart Davis requested the following explanation of her vote be entered in the Journal:

“House Bill 4067 is an attempt at social engineering using taxpayer dollars to fund social justice groups. There are two main reasons I am against this bill, it will shift costs and provide intervenor funding for social justice groups. First problem the Public Utility Commission’s ability to decide, at its own discretion, who can afford to pay more. Whereby, shifting the burden of cost on to those deemed able to pay more. This means the ‘non-bypassable’ clause would force middle class families and businesses to absorb the rate increase. Secondly, ‘Environmental Justice’ has nothing to do with real economic issues and should not be carried over into an organization that sets rates and services. Moreover, I am not in favor of intervening funds going to social justice groups disguised as environmental activists. This is not an appropriate use of taxpayer money and an over reach of unelected officials to enact socialist policies in the name of equity.”

Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted YES on HB 4067A for the following reasons and more.... Representative Zika did extensive work to include coastal and rural low income working families the ability to be included with rate/bill assistance. This will be critical to these individuals, especially if a statewide cap and trade program passes the legislature. The rate/bill assistance outlined in HB 4067 will be critical for our working families to deal with the increased costs a cap and trade program will burden them with.”

HB 4083 – Read third time. Carried by Lewis. On passage of the bill the vote was: Yeas, 52; Excused, 6 – Barreto, Clem, Greenlick, Leif, Smith G, Wallan; Excused for Business of the House, 2 – Prusak, Speaker Kotek. Bill passed.

HB 4089 – Read third time. Carried by Stark. On passage of the bill the vote was: Yeas, 50; Excused, 7 – Barreto, Clem, Greenlick, Leif, Post, Smith G, Wallan; Excused for Business of the House, 3 – Prusak, Sollman, Speaker Kotek. Bill passed.

Mitchell requested the following explanation of her vote be entered in the Journal:

“I wish to file an explanation for my ‘aye’ vote on House Bill 4065. While I have heard compelling arguments on both sides of this issue, I want to ensure my statement is on record for why I voted ‘aye.’

“I very much agree and support that there should be a mechanism to hold people to account for their crimes. I also feel that suspending a person's license for failing to pay fines disproportionately impacts working people who are less economically advantaged. People who can afford to pay are privileged enough in that regard to have the financial capacity to do so—so while the impact to them is significant in that they may immediately have part with funds, they at least have the resources to do so.

“The idea behind suspending a person's driver's license is a ‘punishment’ meant to motivate violators to pay their fines. In truth—this policy actually ends up being counterproductive to the purpose for which it is intended. When a person loses their license, they increase their likelihood of actually losing their job or have trouble in finding work because they ultimately often lose access to their transportation (a situation further exacerbated in rural areas because of a lack of comprehensive public transit options). The needs of an individual or family doesn't stop when a license is suspended though—for example, doctor's appointments, taking children to school, or visiting a food bank. As a result, people often drive on a suspended license, which could lead to additional fees and fines.

“The perpetual cycle of debt ends up disproportionately impacts low-income Oregonians, many of whom are people of color. Though our courts do derive some revenue from court fines, courts will still be able to recoup this money by sending defaulted debts to a collections agency, which could result not only in interest accruing on a debt, but also potentially wage garnishment from that job a defendant likely would get to keep. By pursuing the debt in that manner, not only would the courts be able to still be able to collect revenue, but the defendant would remain employed and able to care for themselves and their families.

“Penalties within the legal system should be aimed at creating productive outcomes. The current system runs counter to this philosophy, merely punishing those with fewer resources by holding hostage their driving privileges in exchange for funds many simply don't have. I believe this legislation will lead to outcomes that maintain justice in our communities without disproportionately punishing people who are less economically advantaged. I am pleased to support HB 4065.”

HB 4075 (A-Engrossed) – Read third time. Carried by Witt. On passage of the bill the vote was: Yeas, 42; Nays, 16 – Barreto, Bonham, Boshart Davis, Breese-Iverson, Hayden, Lewis, Moore-Green, Nearman, Owens, Post,

Reschke, Smith DB, Smith G, Stark, Wallan, Wilson; Excused, 2 – Clem, Greenlick. Bill passed.

HB 4095 (A-Engrossed) – Read third time. Carried by Zika. On passage of the bill the vote was: Yeas, 57; Nays, 1 – McLain; Excused, 2 – Clem, Greenlick. Bill passed.

HB 4097 (A-Engrossed) – Read third time. Carried by Hernandez. On passage of the bill the vote was: Yeas, 31; Nays, 27 – Barker, Barreto, Bonham, Boshart Davis, Breese-Iverson, Drazan, Evans, Hayden, Helt, Leif, Lewis, McKeown, Moore-Green, Nearman, Noble, Owens, Post, Reschke, Smith DB, Smith G, Sprenger, Stark, Wallan, Wilde, Wilson, Witt, Zika; Excused, 2 – Clem, Greenlick. Bill passed.

Wilde requested the following explanation of his vote be entered in the Journal:

“I appreciate Rep. Hernandez bringing this bill forward. I understand that it comes out of a genuine concern for implicit bias in policing and a desire to make mass transit welcoming for everyone. I voted no for two reasons – 1) the bill addresses a symptom, not the source, of the problem; and 2) it infringes on the authority of transit districts to make decisions about fares and fare enforcement at their level.

“I very much doubt that any police officer in Oregon wakes up in the morning with the intent to discriminate. Unfortunately, this bill assumes that police operate in a biased manner without providing them with the data necessary to correct that bias. We see positive results when police track their perception of the race of the people they stop in the course of their duties and are provided with feedback regarding how their practices compare with the demographics of their communities. Instead of taking away a policing tool under the theory that it is used in a biased way, a better approach is to expand data-gathering and feedback tools to address implicit bias directly, rather than through its (presumed) expression. I strong support gathering this data and using it appropriately.

“Secondarily, I am concerned that this bill limits transit districts’ ability to determine their own fare policies. I appreciate that there is an ongoing discussion about fareless mass transit. Currently, in LTD, fares pay about half of the actual cost of providing the service. Going fareless would either require an effective doubling of other revenue sources or cuts of more than 50% in service. Fare enforcement is directly related to these policies and should be decided by the local transit boards. They are both closer to their constituents and better informed regarding the specifics of their districts than we are.

“In light of these objections, I voted no on the bill. I look forward to working with Rep. Hernandez on future proposal to address implicit bias.”

HB 4142 – Read third time. Carried by Lawrence Spence. On passage of the bill the vote was: Yeas, 57; Excused, 3 – Barker, Clem, Greenlick. Bill passed.

HB 4109 (A-Engrossed) – Boshart Davis moved the Minority Report be substituted for the Committee Report. On adoption of the motion the vote was: Yeas, 25; Nays, 30

– Alonso Leon, Barker, Bynum, Doherty, Evans, Fahey, Gomberg, Helm, Hernandez, Holvey, Keny-Guyer, Lawrence Spence, Lively, Marsh, Meek, Mitchell, Nathanson, Neron, Nosse, Piluso, Power, Prusak, Rayfield, Reardon, Salinas, Sanchez, Schouten, Smith Warner, Wilde, Speaker Kotek; Absent, 1 – Nearman; Excused, 3 – Clem, Gorsek, Greenlick; Excused for Business of the House, 1 – Hayden. Motion failed.

Pursuant to House Rule 9.15 (2), bill advanced to immediate third reading and final consideration.

HB 4109 – Read third time. Carried by Holvey. On passage of the bill the vote was: Yeas, 32; Nays, 24 – Barreto, Bonham, Boshart Davis, Breese-Iverson, Drazan, Helt, Leif, Lewis, McKeown, McLain, Moore-Green, Nearman, Noble, Owens, Post, Reschke, Smith DB, Smith G, Sprenger, Stark, Wallan, Williams, Wilson, Zika; Excused, 4 – Clem, Gorsek, Greenlick, Hayden. Bill passed.

McLain requested the following explanation of her vote be entered in the Journal:

“My first goal is, and will always, be to protect the health and well being of everyone in Oregon. Our farm workers and families in communities around agricultural working lands should be certain they are not being exposed to harmful substances. In this, I believe the goals of HB 4109 Committee Report and Minority Report are the same.

“I voted for the HB 4109A Minority Report because I believe it took steps to protect farm workers and agricultural communities, while also maintaining our vibrant agricultural sectors. The regulated use of chlorpyrifos has been a necessary tool for many of Oregon's specialty crops, many of which do not have a usable alternative pesticide. The Minority report would have balanced the needs of growers and workers by immediately banning all aerial spray of chlorpyrifos, and setting robust restrictions on its use to protect the health of workers and neighbors. For example, its use anywhere within 300 feet from a school would be banned, and an 8-day wait period would be mandated before farm workers are allowed back into a field where it has been used.

“The Minority Report would have moved towards a ban on chlorpyrifos while giving The Department of Agriculture, farmers and researchers at Oregon State University the time to find alternatives. It also would have given policy makers the opportunity to review the recent actions by California and Washington, and learn best practices from their approaches. For example, the Washington State bill on Chlorpyrifos allows for use in times of emergency, like invasive species damaging native and specialty crops; it also phases out chlorpyrifos.

“My priority, like all those who voted for both the Committee Report and the Minority Report, is the health and safety of all Oregonians. I supported the Minority Report, because it would have increased our health and safety protections, while allowing stakeholders to find safer alternatives.”

HB 4109 – Mitchell requested the following explanation of her vote be entered in the Journal:

“I struggled mightily in deciding how I would vote. Chlorpyrifos is not widely used in House District 32 because it's not generally a pesticide used in forestry and timber production. That said, it would be ignorant of me, coming from a district with working lands, to not know how especially important a tool chlorpyrifos is for farmers who grow specialty products, Christmas trees,

blueberries, apples, hazelnuts, and other crops. With Christmas trees especially, the product when exported needs to be free of pests, otherwise the product will not be accepted into foreign ports. Immediately taking away a tool used by farmers could be devastating to their industries.

“On the other hand, however, I cannot consciously take a stance that seems to place business interests above human health and other environmental concerns. Significant research has been conducted on the substance that has found chlorpyrifos to be linked to brain damage in children, Parkinson’s disease, autism, cancer, reduced IQ, attention deficit disorders, loss of working memory, and delayed motor skill development. In the environment, chlorpyrifos has negative impacts for birds, fish, and essential pollinators like bees. There is no safe level of exposure for pregnant women and their unborn babies, a point underscored by testimony provided in the House Healthcare Committee from female farmworkers who suffered miscarriages following exposure. End-chain consumers are at risk as well, with EPA scientific review showing that chlorpyrifos residue on food and in water supplies are present in levels unsafe to pregnant women and children.

“I support that this bill puts into place immediate common-sense protections such as buffer zones, a ban on aerial spraying of chlorpyrifos to eliminate drift concerns, and requires that workers avoid a sprayed area for 8 days following application. The ban also moves forward with a two-year phase-out period to allow our farmers time to explore substitutes to the product. Additionally, a work group helmed by the Oregon Department of Agriculture with a broad group of stakeholders, in a process separate from this legislation, will also be able to help in that transition by identifying alternatives and helping farmers to remain productive and profitable during the phase-out and beyond.

“While we need to be cognizant of the needs of our farmers, we also need to prioritize the health of the workers who come into contact daily with the product (many of whom are people of color and immigrants), as well as consumers who come into contact with residue that might be on a food source or in the water supply. The evidence of harm is substantial, and several other states with large agricultural industries (California being the largest) have preceded Oregon in this decision, with many others evaluating their own proposals. This should signal to Oregon that we are not alone in recognizing the very real danger chlorpyrifos poses as a public health issue.”

HB 4109 – Sollman requested the following explanation of her vote be entered in the Journal:

“Sometimes the bills we have the privilege of working on are straight forward/black & white, some of them have some curves and are shaded with grey. This bill was a little difficult for me. From the beginning, I have been very open with the Chief Co-Sponsors, with advocates, with farm workers, and district farmers. I am in support of having school buffer zones, banning of aerial spraying applications and having an eight-day no-contact rule in place for when workers can return to work after application. The issue from the beginning for me has been about the ban.

“I understand that the health impacts of Chlorpyrifos are very real. Science overwhelmingly speaks to the health impacts. The largest producer of Chlorpyrifos in the United States has decided to discontinue the manufacturing of Chlorpyrifos, and this is good news. My main concern is we are not telling farmers or the public what the market will replace it with and what farmers will use in its place. The agriculture industry may be forced to use a product that has more damaging consequences or their only alternative may be a product that is more expensive.

“I met with farmers from my district several times. I even rode during harvest in a combine with Amy, who lives and works in

House District 30. I heard their concerns. They explained the limited tools they must use to combat pests and meet shipping requirements. Back in the day, farmers were permitted to burn their fields at the end of harvest and doing so would kill off pests and add nutrients to the soil. Burning fields after harvest is no longer permitted and farmers are left to find other means to address the increasingly resistant pests that damage their crops. They shared an example of what they would replace Chlorpyrifos with and its own health impacts. It is also twice as expensive and must be applied twice. I worry that this bill gives false hope. It will have people feeling that they are safe, that we were effective in removing the harm of a terrible chemical. The truth is they have banned one chemical and others may surface to be used that have risks of their own.

“I voted to advance the minority report because it did not create an outright ban, ultimately the motion failed. While I did vote yes for HB 4109 in the end, I am committed to asking for monetary help for farmers to help them in their transition, much like California has done. The cost impacts to farmers are real and we must do what we can to help them find a better means to address their pesticide-resistant pests.”

HB 4109 – Wilde requested the following explanation of his vote be entered in the Journal:

“I represent the Kalapuya District, which contains a larger number of agricultural communities and segments of the Santiam, Calapooya, McKenzie, and Willamette Rivers, as well as a number of other smaller streams. Both agriculture and safe drinking water are important to me and I have constituents on both sides of this issue.

“What do we know about this pesticide? In the words of the testimony from its hearing in the House Health Care Committee, ‘Chlorpyrifos is a toxic nerve agent pesticide that can impact neural development in children, babies, and fetuses. These neurodevelopmental impacts have lifelong implications for the affected individuals and for the state of Oregon (Grandjean 2014). Affected individuals suffer from both decreased average lifetime earnings capacity and economic productivity.’

“A multi-center study of 40 babies exposed to chlorpyrifos prenatally showed structural changes on MRI (magnetic resonance imaging) of the brains associated with higher prenatal exposure. The higher exposure was also associated with lower IQ (intelligent quotient) measures,” wrote Dr. Lauren Herbert, a pediatrician from my district.

“Agricultural communities are exposed to chlorpyrifos in their homes. This can occur from drift as well as by pesticides hitching home on family members exposed at work.

“Further, chlorpyrifos can persist in the environment, where it is very toxic to many bird species, fish, aquatic invertebrates, and key pollinators such as bees. The staff recommendation of the US EPA was to ban chlorpyrifos due to its danger to public health and the environment. There is no safe level of chlorpyrifos in the environment. Despite this, political leadership at EPA overrode the scientific recommendation and refused to ban it, leaving it to us to act. Why not just wait for ODA to act? They’ve already said that they lack the staff and expertise to perform this function. That leaves it to us.

“Opposed to the legislation, I have some farmers telling me that they don’t believe the science, that we should take more time, and that it might cost them money if they’d have to buy an alternative. This testimony appeared to ignore both the impact of even small doses of this toxic compound and the reality that, while a given farm may only apply it once per year, farm workers and their

families could be exposed several times a year as they move from farm to farm.

"I believe the science. I don't believe that we should get an economic advantage by putting our children and environment at risk. The parties in the debate all agreed that this chemical was so very effective exactly because it is so toxic to anything with a nervous system. I'm more than happy to work to help any businesses transition to less harmful products as we approach the deadline. I'm happy to help forge a better process to regulate pesticides at the state level. But I'm not willing to put more kids at risk when the evidence is clear. I am proud to vote yes in support of this vital legislation."

HB 4109 – Williams requested the following explanation of her vote be entered in the Journal:

"It is my role as a legislator to protect the public health of Oregonians. This is especially true when it comes to farmworkers and their families, who have often been treated as second-class citizens throughout our state's and our nation's history. It's also especially true for children and families in rural areas, who lack access to many services and protections that people in cities enjoy.

"It is also my role as an elected Representative for House District 52 to protect the viability of the agricultural industry that sits at the center of the Columbia Gorge's regional economy. Farmers should be allowed access to tools that may be necessary in the event of pest emergencies. In fact, their livelihoods may be at stake under those circumstances if no viable alternative pesticides exist.

"It is true that chlorpyrifos poses a threat to public health. That is why I strongly support efforts to limit its use to only emergency situations, as declared by the Oregon Department of Agriculture. I also support funding for training on applying chlorpyrifos to minimize public health risks; research into viable alternative chemistries that would not pose even greater risks to public health; and assistance for farmers who are able to transition away from the use of chlorpyrifos in favor of safer alternatives.

"I made efforts to negotiate a compromise with the advocates for House Bill 4109 that would implement the crucial farmworker and public health protections proposed in the base bill, while doing away with the total ban in favor of allowing for limited uses during a quarantine, during infestations of invasive species that could not be treated using other chemicals, and also limited uses on crops for which no viable alternatives exist. I also suggested a confidential reporting option for farm workers exposed to illegal uses of chlorpyrifos, in order to increase enforcement capacities of our agencies. A minority report was submitted to the House of Representatives that reflected many of these proposed changes. I voted in favor of that report, but it was unfortunately not adopted by the House.

"Farmers in my district take the public health challenges posed by chlorpyrifos seriously, and they claim they would welcome increased restrictions on its use for the sake of worker protection and environmental preservation. They also tell me that a total ban on the chemical without limited exceptions could pose a serious threat to their livelihoods during our increasingly fluctuating climates. The uncertainty of droughts, wildfires, hotter summers and colder winters threaten to introduce pests that have never before been seen in our state, the treatment of which might only be achieved through the use of chlorpyrifos.

"I have considered my stance on this issue since the outset of the 2019 legislative session, and although it pains me to take a vote that may appear not to support public health protections, I made every attempt to find a solution that would protect the public while also taking into account the continuing struggles of farmers in my

district and their ability to keep their farms operating in the face of international trade complications, increasing administrative burdens, and climate change. I will continue to stand with farmworkers, nurses, educators, and public health providers on issues of public health as a rule. Unfortunately, the lack of attention to details (funding for a just transition, lack of exemptions for export requirements, and more) forced me to vote no on this bill."

Williams requested the following explanation of her vote be entered in the Journal:

“I have participated in an ongoing workgroup in which my colleagues and I, along with stakeholders from Central Oregon, have attempted to resolve an ongoing issue that stands to impact land use and housing policies in the Bend area. House Bill 4012 essentially represents a placeholder for the eventual resolution of that issue.

“While I am excited about the prospects of the still-evolving plan, it has not yet reached a point where I can in good conscience support it. My reservations are a matter of process, not substance: I think the intricacy of the proposed bill and the details that have yet to be worked out merit a longer conversation than we had time to have. In other words, the bill was not yet ripe for a vote on the House floor. Now that it has passed through the House, though, I am optimistic that forthcoming amendments in the Senate will result in a final product that addresses all of the questions that the current iteration of the bill fails to answer.

“If the Senate is able to finalize the bill, I look forward to supporting it during the conference process.”

HB 4119 (A-Engrossed) – Read third time. Carried by Gomberg, Smith DB.

Speaker Pro Tempore in Chair.

HB 4119 (A-Engrossed) – On passage of the bill the vote was: Yeas, 51; Nays, 6 – Fahey, Gorsek, Marsh, Nathanson, Prusak, Salinas; Excused, 2 – Greenlick, Hayden; Excused for Business of the House, 1 – Rayfield. Bill passed.

Nathanson requested the following explanation of her vote be entered in the Journal:

“I write this to explain my ‘no’ vote on HB 4119, regarding tsunami design standards for certain buildings and structures. I understand the need to have better standards for buildings located in the inundation zone. I voted ‘no’ because I remain concerned about the point which underpins this bill: that it is okay to build new critical facilities in the hazard zone.

“Scientists have estimated that the Cascadia subduction zone is overdue for a magnitude 9 earthquake, similar to the one that devastated Japan in 2011. Earthquake preparedness involves preventing residents from being in high risk areas when the shaking begins, such as bridges, overpasses, and the inundation zone. It also involves building our capacity for disaster response. Constructing essential public facilities like hospitals, fire and police stations, and schools in the inundation zone ignores the first goal and burdens the latter. The only way to protect these services from tsunami risk is to build them outside of the tsunami zone.”

HB 4119 (A-Engrossed) – Salinas requested the following explanation of her vote be entered in the Journal:

“I appreciate the continued, thoughtful efforts of the Coastal Caucus to work on legislation that prioritizes tsunami mitigation, public safety, and economic growth. Balancing all of these considerations is a difficult task.

“Last session, I voted in favor of HB 3309, which repealed the restriction that new essential facilities may not be constructed in tsunami inundation zones. Upon reflection and after many conversations, I am concerned about the implications of that vote.

“While I appreciate that HB 4119 adds standards where currently none exist, I worry that those standards are not stringent enough. After listening to Dr. Chris Goldfinger's testimony in the House Committee on Natural Resources, where he shared his concerns about the limitations of the ASCE-7 standards, I question why the legislation did not go further in requiring stronger standards. I also appreciate that the Chief Sponsors pushed the implementation date to July 2021 in order to allow for the possibility of stronger guidelines to be added in the next legislative session but those stronger standards are uncertain and may not ultimately be implemented. For these reasons, I could not vote in favor of a bill that I believe could be creating a false sense of security from tsunami devastation for coastal Oregonians and those who visit.

“I hope that there will continue to be conversations around this issue, because I know all parties want what is best to promote public safety and trust, while also supporting our coastal economies. I am confident that the rich wealth of knowledge held by Oregon's scientists, engineers and emergency planners can help continue to guide this conversation.”

HB 4139 (A-Engrossed) – Read third time. Carried by Drazan. On passage of the bill the vote was: Yeas, 57; Excused, 3 – Greenlick, Hayden, Stark. Bill passed.

HB 4152 (A-Engrossed) – Read third time. Carried by Smith DB. On passage of the bill the vote was: Yeas, 56; Excused, 4 – Clem, Greenlick, Hayden, Stark. Bill passed.

HB 4047 – Read third time. Carried by Marsh. On passage of the bill the vote was: Yeas, 37; Nays, 18 – Barreto, Bonham, Breese-Iverson, Drazan, Evans, Lewis, Moore-Green, Nearman, Neron, Owens, Post, Prusak, Reschke, Smith DB, Smith Warner, Sollman, Zika, Speaker Kotek; Absent, 1 – Williams; Excused, 4 – Clem, Greenlick, Hayden, Stark. Bill passed.

Keny-Guyer requested the following explanation of her vote be entered in the Journal:

“I voted AYE on HB 4047 to remove the sunset on the statewide Transient Lodging Tax (TLT) permanently so it would remain at 1.8% rather than drop to 1.5% on June 30, 2020, as originally intended in HB 4146 in 2016.

“I voted for HB 4146 in 2016 because I agreed that tourism helps economic development around the state, and I agreed that we need to increase the state investment in marketing and infrastructure in preparation for Oregon21, the international track and field event that will be held in Eugene in August, 2021. Because Oregon21 still lacks the investment that the state had pledged, I believe we should keep the TLT at 1.8% in order to ensure adequate funding for Oregon21 over the next year.

“However, over the 2020-2021 interim, we must examine the governance and compensation of Travel Oregon due to issues reported in the Secretary of State’s recent audit, AND we must re-examine the allocations of the statewide and local TLT.

“There is a huge nexus between tourism and the lack of affordable housing. Given the housing crisis that has burgeoned since we determined these allocation amounts years ago, we must now devote tourism revenue to address the housing shortages caused in part by the tourism. Addressing the housing shortage, which is particularly prevalent in highly touristed areas, such as the Coast, Ashland, Hood River, Bend and Sisters, should be a top priority for state and local governments out of concern for all Oregonians. However, it will also help tourism by providing housing for the workforce, and shelter for the homeless who may be sleeping in front of restaurants, parks and other facilities.

“One of the strongest proponents of dedicating portions of the state and local TLT for housing is Bill Baertlein. Baertlein is Chair of the Tillamook County Board of Commissioners, Liaison to the Tillamook County Housing Commission, Board member of NW Seniors and People with Disabilities Services, and a board member of the Columbia Pacific Coordinated Care Organization (CCO).

“Commissioner Baertlein’s letter on OLIS states that tourism is good for economic development but comes at a significant cost to rural communities in the form of lost or inadequate housing. In Tillamook County, housing production has not kept up, and the vast majority of new homes has gone to vacation homes. Permanent year-round housing inventory in Tillamook County has been decreasing at a time when nearly 60 households were moving into the county each year.

“The 2019 Housing Needs analysis showed that 44% are short term rentals and vacation homes, inaccessible to the workforce. In Manzanita, Neskowin, Pacific City and Rockaway Beach, 66%-80% of the total housing stock is now owned by part-time residents. As a

result, the rental vacancy rate in Tillamook County is only 1%, and Cloverdale, Garibaldi City, Hebo, Nehalem City, Neskowin, Pacific City, Tillamook City, and Wheeler City have a stunning ZERO % rental vacancy.

“This housing crisis means that Tillamook cannot expand tourism, its key economic driver; and it also impacts workforce availability for schools, Adventist Health Hospital and health clinics, local government, and businesses, like Tillamook County Creamery, Tillamook Country Smoker, Pacific Seafood, and Hampton Lumber.

“Commissioner Baertlein argues that part of the statewide TLT should be devoted to housing, and he has been a long proponent of changing the allocation of the local TLT 70/30 (tourism/municipal government) revenue split to one that allows local government to spend less on tourism and more on housing if needed.

“White Bird Clinic, a community health clinic in Eugene, also submitted a letter to OLIS, stating, ‘Communities across Oregon have benefited greatly from tourism. It has also meant that much of our available long-term housing has been converted to short-term rental housing. Short-term rentals have taken housing supply off the market, pushing prices upward. In this manner, tourism reduces housing availability. That is why we believe that any conversation focused on increasing our state’s lodging tax should also include a conversation about using a portion of those funds to address affordable housing development.’

“Governor Brown, Speaker Kotek, and House Revenue Chair Nathanson assured me that they support one or more workgroups focused on Travel Oregon’s governance and compensation policies, statewide and local TLT allocation policies, the possible creation of a new state short term rental and/or vacancy tax, and the possible new local allowances for short term rental and/or vacancy tax. With that assurance, I voted to support HB 4047.”

HB 4047 – Kotek requested the following explanation of her vote be entered in the Journal:

“In 2016, I supported House Bill 4146 to increase the state transient lodging tax (TLT) rate to 1.8% for four years. I also support the continued use of funding from the TLT to make Oregon21, the international track and field championships, a success next year. However, I think keeping the transient lodging tax at 1.5% after the track championship is sufficient. If the tax is going to remain at 1.8%, I believe the additional 0.3% should be dedicated to addressing our state’s housing needs.”

HB 4047 – Neron requested the following explanation of her vote be entered in the Journal:

“Oregon has been chosen as the site of the 2021 World Track and Field Championships – an international event that will bring attention and thousands of visitors to our wonderful state. I am supportive of this historic event and the state investments that we have committed to help support it. However, I have serious concerns about the stewardship of this increase in transient lodging tax funds following a recent audit of Travel Oregon.

“One of the most solemn duties of a legislator is to ensure that public dollars are used effectively and efficiently, and I take that job very seriously. At a time when we are struggling to come up with the funding we need to address the needs of our homeless population, allocating resources to an agency that has been mismanaging valuable public dollars does not seem fair or just. The bloated executive salaries for Travel Oregon are simply unacceptable, which is why I look forward to working with my colleagues to improve oversight during the next Legislative Session. The sunset for this tax provided a critical opportunity to evaluate the costs and benefits of investments in Travel Oregon,

and I want to make sure that future extensions of the tax include sunset provisions, so that Legislatures can weigh in as I have. I voted 'no' on HB 4047 because I believe we must ensure that this public/private organization is held responsible for how they distribute taxpayer dollars. We must do more work to ensure that Travel Oregon is prioritizing its resources better support the needs of the hardworking Oregonians who rely on our tourism industry.

“As stewards of the public trust, we must focus our limited resources where they can have the biggest impact on improving the lives of Oregonians.”

HB 4047 – Prusak requested the following explanation of her vote be entered in the Journal:

“Oregon has been chosen as the site of the Oregon 21 World Track and Field Championships – an international event that will bring attention, and thousands of visitors, to our wonderful state. I am supportive of this historic event and the state investments we have committed to help support it. However, I have serious concerns about the stewardship of this increase in transient lodging tax funds following a recent audit of Travel Oregon.

“One of the most solemn duties of a legislator is to ensure that public dollars are used effectively and efficiently, and I take that job very seriously. I voted 'no' on HB 4047 because I believe we must ensure the organization responsible for these resources is spending them wisely and, given the recent audit, I have concerns about that being the case. We must do more work to ensure that Travel Oregon is utilizing its resources effectively and responsibly.

“As stewards of the public trust, we must focus our limited resources where they can have the biggest impact on improving the lives of Oregonians.”

HB 4047 – Smith Warner requested the following explanation of her vote be entered in the Journal:

“I voted 'no' on HB 4047 because I believe that we have a moral imperative to direct a portion of the transient lodging tax to fund our state's critical need for affordable housing and services for the homeless, and I will be working in the 2021 legislative session to make that happen.”

Once the House has organized for business the adoption, amendment or rescission of any rule must be proposed in writing, read at a regular business session under the order of business Other Business of the House, referred to the Committee on Rules by the presiding officer, and if reported from the Committee on Rules, upon distribution of the report, it shall be in order to vote on the proposed amendment immediately.

**3.03 Attendance.** Except for emergencies, a member shall attend all sessions of the House unless an Excused Absence Request is filed with the Chief Clerk forty-eight (48) hours in advance. All requests for an excused absence will be presumed approved unless the member is otherwise notified by leadership. Because the virus spreads through close personal contact and through the air, the House finds that routine procedures must be modified to preserve health and safety while continuing to satisfy the obligations placed on the Legislative Assembly by the Oregon Constitution, including obligations to conduct open deliberations. Accordingly, for this Special Session:

(1) All floor sessions and committee meetings must be contemporaneously streamed on the Internet and broadcast on one or more television monitors at a location proximate to the Capitol that is accessible by members of the public, so that the public is able to observe all legislative deliberations.

**3.08 Daily Session Length.** (1) A session day begins with the initial convening of the House that calendar day and ends with the adjournment of that session.

(2) The convening of a new House floor session after adjournment of a floor session constitutes the beginning of a new session day.

## VOTING

**3.12 Electronic Roll Call System.** The electronic voting system shall be under the control of the presiding officer and shall be operated by the Chief Clerk. The names of the members shall be listed on the electronic roll call board in alphabetical order, except that the name of the Speaker shall be last.

**3.15 Roll Call.** (1) The electronic voting system shall be used as the roll call to determine the presence of a quorum and/or the presence of members under a Call of the House. Members shall press the "yea" button on their desk or be recognized by the Chief Clerk to record their attendance.

(2) A roll call vote of "yeas" and "nays" shall be taken and recorded on the final passage or adoption of all measures. Except as otherwise provided in these rules, the vote shall be recorded by the electronic voting system.

(3) Upon demand of two members, an oral roll call shall be taken and recorded on any measure that requires more than 31 affirmative votes. The Clerk shall call the roll of the membership, alternating between alphabetical order and reverse alphabetical order. The Speaker's name shall be called last.

(4) If the presiding officer is in doubt on any motion or a division is called for on a motion, a roll call shall be taken and recorded by the electronic voting system on the motion. On all other questions to be voted upon, unless otherwise provided in these rules, the presiding officer may order the "yeas" and "nays" taken by the electronic voting system.

(5) The electronic voting system shall not be used for election of officers.

(6) In the event the electronic voting system is not in operating order when voting on any question, the presiding officer shall order all "yea" and "nay" votes be taken by oral roll call. The Clerk shall call the roll of the membership in alphabetical order. The Speaker's name shall be called last.

(7) The vote of any member that has not been recorded because of malfunction of the electronic voting system shall be entered into the record if that member was within the bar of the House chamber at the time of the vote and attempted to cast their vote at the appropriate time, and the fact of such malfunction is reported to the presiding officer prior to the announcement of the result of the vote.

**3.20 Requirements for Voting.** (1) Each member within the House chamber as defined in House Rule 1.01(10) when the member's name is called shall vote. No member shall be allowed to abstain from voting.

(2) If a member refuses to vote when the member's name is called, the presiding officer shall immediately call for the member's vote a second time. If the member again refuses to vote, the presiding officer shall read subsection (3) of this rule. The presiding officer shall then call for the member to announce the member's vote immediately. If the member fails to vote immediately after this third request, the presiding officer shall state for the record: "The member's failure to vote constitutes an intentional violation of House Rule 3.20, subsection (1) and a high breach of decorum. The Journal shall show that the Representative is censured for the violation; the clerk shall record the Representative's vote on the measure or motion on which the member refused to vote as a 'yea,' and the member may also be subject to other penalties as the House may order."

(3) Any member's refusal to vote, as required by House rules, shall be recorded in the Journal as an intentional violation of Rule 3.20 (1) and a high breach of decorum. The Representative shall be censured; the Clerk shall record the Representative's vote on the measure or motion on which the member refused to vote as a "yea," and the member may also be subject to other penalties as the House may order.

(4) No member, except by unanimous consent, shall be permitted to vote upon any question unless he or she is within the House chamber before the electronic voting system is closed. No member shall vote or be allowed to change their vote after the presiding officer announces the result of the roll call by declaring the question has passed or failed to pass.

**3.21 Announcement of Conflict of Interest.** (1) When involved in an actual or potential conflict of interest, as defined by ORS 244.020, a member shall announce, on the floor or in the committee meeting, the nature of the actual or potential conflict prior to voting on the issue giving rise to the conflict.

(2) The member shall file in writing a statement of the nature of the actual or potential conflict with the Chief Clerk or the

committee assistant by 5:00 p.m. the next business day following the vote on the measure. The statement shall be limited to the substance of the oral explanation given on the floor or in committee. The member's announcement of an actual or potential conflict of interest shall be recorded in the Journal or in the committee minutes.

**3.26 Electronic Roll Call; Time, Changes.** When a vote is taken using the electronic voting system, the Speaker or presiding officer shall wait at least 5 minutes after completing the call of all member names before determining that a vote shall be closed and the result declared. The Clerk shall keep the time. After the individual votes have been displayed, and before the result is declared, any member desiring to change his or her vote may request that of the presiding officer. The presiding officer shall direct the Chief Clerk to make the proper entry into the electronic voting system.

**3.28 Electronic Roll Call; Misuse, Penalties.** No member shall vote for another member using the electronic voting system. No member shall tamper with, alter or attempt to alter the electronic voting system, or cause the electronic voting system to register a vote without the member personally depressing a voting button during each roll call vote. Any member who violates this rule may be punished as determined by the vote of 31 members. If a person not a member votes or attempts to vote for any member or violates a provision of this rule, he or she shall be barred from the floor of the House for the remainder of the session, and he or she may be punished further as determined by the vote of 31 members.

**3.30 Voting by Presiding officer.** The Speaker shall vote whenever a roll call is required. The Speaker's name shall be called last on an oral roll call vote.

**3.35 Explanation of Vote.** (1) Any member who wishes to explain his or her vote shall file the written explanation with the Chief Clerk by 5:00 p.m. the next business day following the vote on the measure. The vote explanation filed under this subsection must comply with subsection (2) of this rule. If the explanation does not meet those requirements in the determination of the Chief Clerk, the Speaker may refuse to cause the explanation to be printed in the Journal. An appeal of the presiding officer's ruling may be taken to the full body at the next floor session pursuant to House Rule 6.35.

(2) The vote explanation shall be germane to the subject and shall not reflect on the honor or integrity of any other member.

**3.45 Printed Measures Required for Voting.** No measure or amendment to a measure shall be finally voted on until it has been made available electronically or printed and placed on the desks of the members.

**3.50 Third Reading Requirement.** (1) No bill shall pass the House until after third reading and no measure shall be read more than once in any one day.

(2) A bill may be referred or re-referred to committee on third reading.

**3.55 Call of the House.** (1) Six members may demand a Call of the House at any time before a roll call has begun.

(2) Upon a Call of the House, no other business shall be transacted until the proceedings are so terminated.

(3) Upon a Call of the House, the Sergeant at Arms shall cause all members who are not excused to come to the House chamber as defined in House Rule 1.01(10). If the Sergeant at Arms cannot locate any unexcused member, the Sergeant at Arms shall so report to the presiding officer, who shall announce the fact to the members.

(4) All members must remain within the House chamber until the vote is taken for which the Call was made. However, when the House is waiting for an unexcused member to return to the floor, or in order to access the facilities, or the presiding officer has announced that the House is "at ease," the members may have access to the area behind the rostrum. Members must then return to within the House chamber.

(5) A Call of the House shall be considered terminated when the question for which the Call was invoked has been voted upon or when a motion to terminate the Call is approved by forty members. The motion to terminate the Call shall be in order when the Sergeant at Arms has reported that unexcused members cannot be returned within a reasonable time. Termination of the Call under this subsection terminates the requirement that the Sergeant at Arms search for unexcused members. In the absence of a quorum after the report of the Sergeant at Arms is received, the House may terminate the Call by the unanimous consent of the members present.

(6) Upon a Call and until the proceedings are terminated, the presiding officer shall direct the Sergeant at Arms to authorize members of the Senate, representatives of the news media and staff identified under House Rule 17.01(1) to leave or enter the chamber.

(7) Subsection (2) of this rule does not apply to the third-floor gallery.

The member reading the remarks will begin by identifying that they are reading the remarks of their colleague, and while doing so must adhere to the time limits and other House rules of debate. Once the remarks are finished the requestor will signify to the presiding officer that the preceding remarks were correctly offered in accordance with their request.

(C) If the material is associated with a legislative measure, the measure number should be featured prominently in the header of the floor letter to assist the Clerk's Office in posting the information to OLIS correctly. If the floor letter deals with multiple measures the Clerk's Office will link it to all numbers listed in the header. If the letter does not have a bill number, the Clerk's Office will post it by the subject listed in the header and by the date filed.

(D) The time to provide materials to the Chief Clerk's Office begins at 8:00 AM or at least 60 minutes prior to the starting time of floor session and ends 30 minutes before the scheduled starting time of that day's floor session. If the House decides the appeal against the member, the member may be liable to a motion of censure of the House.

**6.40 Discipline.** If a member objects to words spoken in debate, the member shall immediately depress the electrical device labeled "personal privilege." The presiding officer shall recognize the member prior to any other member. Once recognized, the member shall repeat the words to which the objection is taken and they shall be recorded by the Desk personnel. However, if any other

“I voted YES on HB 4206 for the following reasons and more... I have been working on Oregon creating a State Meat Inspection Program since our '17 Session that will assist our rural farmers and ranchers across our state.

“I drafted HB 4152 in the '20 legislative session that passed the House unanimously but died with all of the hundreds of other bills due to the abrupt end of session over Cap & Trade and the unwillingness to allow the people the right to vote. This bill is HB 4152 with a clarifying amendment regarding equines.

“The Covid Pandemic created serious issues regarding processing protein and our food supply chains are still in flux. This legislation will create new opportunities for our communities, businesses, residents and farmers and ranchers.

#### Thursday, June 25, 2020 -- Evening Session

House reconvened at 5:00 p.m. Speaker in Chair.

Having recessed under the order of business Propositions and Motions, the House continued under that order of business.

Upon verification of quorum: All present except: Absent, 7 – Clem, Fahey, Hernandez, Holvey, McLain, Prusak, Reschke; Excused, 3 – Barker, Barreto, Sprenger.

HB 4210 – Read third time. Carried by Gorsek.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4210 – On passage of the bill the vote was: Yeas, 44; Nays, 13 – Bonham, Boshart Davis, Breese-Iverson, Leif, Lewis, Moore-Green, Nearman, Owens, Post, Reschke, Smith G, Wallan, Wilson; Excused, 3 – Barker, Barreto, Sprenger. Bill passed.

Boshart Davis requested the following explanation of her vote be entered in the Journal:

“House Bill 4210 should not have been brought up during a special session, especially during a global pandemic and civil unrest. The contents of this bill are admirable and well-meaning, but it deserves the full attention and scrutiny of the legislature during a regular session. Without proper public comments and thorough vetting, this bill has the potential for serious fiscal and public safety ramifications. With guidance from my constituents, stakeholders, and the Justice of the Peace for Linn County, I cannot agree to the contents House Bill 4210 as it stands. This is an attempt to undermine the rule of law and stymie the process of justice. When there is no longer an incentive to pay fines that result from traffic violations, it makes the enforcement of traffic laws unmanageable.

“The prospect of license suspension is an effective tool to enforce compliance. While I appreciate and understand the need for people to be able to transport themselves to and from work or to procure groceries, this bill is not ready to be enacted. This is an issue that can wait for 2021's regular session as there are already several constructive middle ground ideas that can be vetted thoroughly in a long session setting. Therefore, my no vote on House Bill 4210 is based on the unpreparedness of this bill to possibly put public safety at risk. There is no reason to dismiss this bill entirely but rather a need for a full session to carefully and thoughtfully evaluate the consequences.”

HB 4210 – Mitchell requested the following explanation of her vote be entered in the Journal:

“While I have heard compelling arguments on both sides of this issue, I want to ensure my statement is on record for why I voted ‘aye.’

“I supported this concept in the 2020 short session with HB 4065. I very much agree and support that there should be a mechanism to hold people to account for their crimes, but I also feel that suspending a person’s license for failing to pay fines disproportionately impacts working people who are less economically advantaged. People who can afford to pay are privileged enough in that regard to have the financial capacity to do so—so while the impact to them is significant in that they may immediately have part with funds, they at least have the resources. Someone already struggling to pay their housing costs, food, or utility bill may not.

“The idea behind suspending a person’s driver’s license is a ‘punishment’ meant to motivate violators to pay their fines. In truth, this policy actually ends up being counterproductive to the purpose for which it was intended. When a person loses their license, they increase their likelihood of actually losing their job or have trouble in finding work because they ultimately often lose access to their transportation (a situation further exacerbated in rural areas because of a lack of comprehensive public transit options). The needs of an individual or family doesn’t stop when a license is suspended though—for example, doctor’s appointments, taking children to school, or visiting a food bank. As a result, people often drive on a suspended license, which could lead to additional fees and fines.

“The perpetual cycle of debt ends up disproportionately impacting low-income Oregonians, many of whom are people of color. Though our courts do derive some revenue from court fines, courts will still be able to recoup this money via other legal means, such as wage garnishment. By pursuing the debt in that manner, not only would the courts still be able to collect revenue, but the defendant who might otherwise lose their job due to a suspended license would remain employed and able to care for themselves and their families.

“Penalties within the legal system should be aimed at creating fair, just, and productive outcomes. The current system runs counter to that aim, punishing those with fewer resources by holding hostage their driving privileges in exchange for funds many simply don’t have. I believe this legislation will lead to outcomes that maintain justice in our communities without disproportionately punishing people who are less economically advantaged. I am pleased to support HB 4210.”

HB 4210 – Moore-Green requested the following explanation of her vote be entered in the Journal:

“In the 2020 legislative short session I voted ‘yes’ on HB 4065. Since that vote in February we have experienced the COVID-19 pandemic which has changed the conversation regarding Oregon’s budget. Representative Stark and several judges have noted in testimony the cost to the court system. Senator Girod noted that this bill does not have a means test to evaluate who is able to pay versus being able to provide relief to those truly in need.

“While I agree with the premise of HB 4210 today – I voted ‘no.’ I believe that sideboards should be placed in the bill so that the neediest are helped and those that can pay do so. I believe the cost of this proposal should have been held over to be evaluated and discussed when we have a special session on budgetary issues. That would have been a more appropriate time for this bill to be discussed.”

HB 4201, 4203, 4204, 4205, 4207, 4208, 4213, 4214 – By unanimous consent, on request of Speaker, rules suspended to permit third reading and final consideration immediately

HB 4201 (A-Engrossed) – Read third time. Carried by Salinas.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4201 (A-Engrossed) – On passage of the bill the vote was: Yeas, 55; Nays, 2 – Nearman, Reschke; Excused, 3 – Barker, Barreto, Clem. Bill passed.

Leif requested the following explanation of his vote be entered in the Journal:

“Recently I voted ‘aye’ on House Bill 4201. This legislation establishes the Joint Committee on Transparent Policing and Use of Force Reform. It is my hope that this new committee will continue the conversation on policing in Oregon and allow stakeholders from all sides to participate in policy making.

While I support the policy in this bill and voted in support, I do not support the ‘whereas’ statements that were included in this bill. I do not think a bill is the appropriate place to make these statements.”

Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted YES on HB 4201 for the following reasons and more.... This bill establishes a Joint Committee on Transparent Police and Use of Force Reform. I look forward to my law enforcement colleagues’ work in these areas. I am, however, disappointed in the ‘whereas’s,’ which many feel were unnecessarily added to the legislation, and their politically-driven rhetoric that will continue to divide rather than unite.”

Wallan requested the following explanation of her vote be entered in the Journal:

“I voted for the substantive policy component of HB 4201, indicated by bold type. These are the only words that will be incorporated into the Oregon Revised Statutes.”

HB 4203 (A-Engrossed) – Read third time. Carried by Meek.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4203 (A-Engrossed) – On passage of the bill the vote was: Yeas, 52; Nays, 5 – Bonham, Breese-Iverson, Nearman, Reschke, Smith G; Excused, 3 – Barker, Barreto, Clem. Bill passed.

Breese-Iverson requested the following explanation of her vote be entered in the Journal:

“Police reform requires time, research and discussion. Enacting into law a chokehold ban in Oregon, when our academics do not teach nor encourage chokeholds, is a decision which requires further vetting.”

Leif requested the following explanation of his vote be entered in the Journal:

“Recently I voted ‘aye’ on House Bill 4203A, establishing that choke holds, including methods that restrict circulation, are a use of deadly physical force. I believe that our police officers need tools to be able to enforce our laws, but that there should be accountability for how and when such measures are used.

“While I support the policy in this bill and voted in support, I do not support the ‘whereas’ statements that were included in this bill. I do not think a bill is that appropriate place to make these statements.”

HB 4203 (A-Engrossed) – Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted YES on HB 4203 for the following reasons and more... I support our public safety officers and believe in their judgment and training regarding their need to use deadly force as outlined in the bill under Section 2. I am, however, disappointed in the ‘whereas’s,’ which many feel were unnecessarily added to the legislation, and their politically-driven rhetoric that will continue to divide rather than unite.”

HB 4203 (A-Engrossed) – Wallan requested the following explanation of her vote be entered in the Journal:

“I voted yes on HB 4203 for the substantive policy components, indicated by bold type. These are the only words that will be incorporated into the Oregon Revised Statutes. The preamble to this bill, even though it will not be included in the ORS, refers to cases that occurred elsewhere in the country and in Portland. I do not believe they accurately reflect the culture of the Medford Police Department or the Jackson County Sheriff’s Office.”

HB 4203 (A-Engrossed) – Williams requested the following explanation of her vote be entered in the Journal:

“I was proud to stand in solidarity with my colleagues on the People of Color Caucus of the Oregon Legislature when they first proposed House Bill 4203, a bill to ban chokeholds in law enforcement. I was also proud to cast my vote in favor of this symbolic measure, despite the fact that it falls far short of a true chokehold ban, which would have been my preference.

“I believe that we, as elected officials in the state government, have a somber duty in this challenging time of social unrest: balancing the safety of our state’s residents -- especially those from communities that have been disproportionately impacted by police violence throughout this state’s history -- with each local government’s need to effectively enforce the law.

“House Bill 4203, while it broadly declares that an officer is not justified or reasonable in any circumstance to use a chokehold, makes an exception for any circumstance in which deadly force is justified under ORS 161.239. The justifications for deadly force under that provision are expansive, and I feel they should be less so, but that is not my reason for submitting a vote explanation.

“In effect, we have passed a law prohibiting the use of a particular deadly practice unless deadly force is justified under the law. In effect, we have put into place the law that an officer is not allowed to use a chokehold unless the use of a chokehold is justified, which is redundant to existing law on the subject of police force and brings us no closer to a chokehold ban than we were before this special session.

“I feel it is important as a symbol of our need to reform the way that our society polices itself that we pass a chokehold ban, but this measure falls short of that goal. I look forward to working with my colleagues, in the People of Color Caucus and elsewhere, to make more meaningful progress on this issue.”

HB 4204 (A-Engrossed) – Read third time. Carried by Holvey.

Hayden declared a potential conflict of interest and submitted the following statement:

“I would like to state a potential conflict of interest on HB 4204 because my wife and I have in the past and are currently providing direct affordable private financing for families leading to homeownership.”

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4204 (A-Engrossed) – On passage of the bill the vote was: Yeas, 39; Nays, 18 – Bonham, Boshart Davis, Breese-Iverson, Drazan, Leif, Lewis, Moore-Green, Nearman, Owens, Post, Reschke, Smith DB, Smith G, Sprenger, Stark, Wallan, Wilson, Zika; Excused, 3 – Barker, Barreto, Clem. Bill passed.

Lewis requested the following explanation of his vote be entered in the Journal:

“This Special Session of the Oregon Legislature has seen a large number of bills and issues which have been on a quick time-table for passage. While many of the proposals merit discussion, most of them are highly-complex and require thoughtful analysis and discussion. HB 4204 is a great example of an issue needing a great deal more analysis.

“I voted No on HB 4204 because I believe the bill will impose restrictions on our state-chartered and regulated financial institutions and provide a more favorable environment for large, nationally-regulated banks. It’s always important to keep our home-grown Oregon businesses strong but especially while we are in the midst of the current COVID-19 pandemic.

“The federal regulator for the national banking system, the Office of the Comptroller of the Currency, in guidance declared in their OCC Bulletin 2020-62 issued on June 17, 2020, that any foreclosure moratorium is invalid and preempted as to national banks. Also, even if the bill on this issue is not illegal as a violation of the Oregon and US contract clauses, it only constrains Oregon’s community banks. Courts have held that the Legislature cannot cancel a contract. There is a potential conflict with the Contracts Clause in the US Constitution.”

HB 4204 (A-Engrossed) – Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted NO on HB 4204 for the following reasons and more.... On March 20<sup>th</sup>, I sent out a Press Release from my office with requests from our Federal Delegation to assist our homeowners and renters from foreclosures. It read:

“ ‘1. State and Federal backed financial institutions give temporary (minimum of two months) deferral of residential and business mortgage interest and principal payments on loans. First, State managed financial institutions cannot afford to offer deferral without federal financial support. This stimulus will assist everyone who needs it. It should be tracked that landlords of single-family housing and multifamily housing only receive the deferral if they defer their rent payments as well.’

“This legislation could invalidate contracts, impact rural, community-owned financial institutions and cost millions in lawsuits. I would support legislation that asks our federal delegation to move forward in a stimulus plan a similar concept that I outlined in March, that is in this bill, or a combination of both.”

HB 4204 (A-Engrossed) – Wilde requested the following explanation of his vote be entered in the Journal:

“The bill reveals some of the difficulties of crafting legislation on short notice. I write to explain my reservations about the legality and wisdom of the legislation as drafted despite the undisputed need to provide relief to the people impacted by the COVID-19 outbreak. This bill presents some unsettled legal questions, first in regards federally-backed mortgages and second as regarding the state impairing contracts between private parties. While the state may certainly change the state foreclosure process, it cannot modify the terms of federally-backed mortgages. This leaves us with a confusing conflict for borrowers. Similarly, notwithstanding the language in Section 1 stating that our interference with contract rights is not substantial, the courts may disagree, making it possible that non-federally-backed mortgages will also lack protection. This adds an element of uncertainty for both lenders and borrowers.

“The state could have accomplished the same goal by changing aspects of the foreclosure process temporarily without attempting to change the underlying contract. These measures could have included simply forbidding sales prior to a date certain or allowing a redemption period after the sale. These approaches would provide a greater degree of certainty, while still helping people stay in their homes and businesses continue to operate.

“As drafted, the bill will also have negative impacts on the business recovery. By not requiring that commercial property be beneficially operated to qualify for relief, or even to request the relief, we leave the door open to defunct businesses blocking new businesses from opening to serve the public. Also, many of these properties are financed by the small lenders that provide financing key to the recovery. Until we allow them to recover their capital from properties that are not being occupied, they cannot finance the kind of new projects that will help us climb out of the recession. As discussed above, this impact would be mitigated by intervening at the end of the foreclosure process, rather than at the beginning.

“In sum, I voted yes on this bill because it’s important to protect people and businesses continuing to operate at this low point in the recession. However, I wish we had drafted the law more narrowly to prevent avoidable legal problems and interference with the recovery.”

HB 4205 (A-Engrossed) – Read third time. Carried by Alonso Leon.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4205 (A-Engrossed) – On passage of the bill the vote was: Yeas, 55; Nays, 2 – Nearman, Reschke; Excused, 3 – Barker, Barreto, Clem. Bill passed.

Leif requested the following explanation of his vote be entered in the Journal:

“Recently I voted ‘aye’ on House Bill 4205A, establishing a duty to report and intervene by a police officer or reserve officer when another officer engages in an act that the intervening officer knows or reasonably should have known is misconduct. Accountability in policing is important, and this legislation will lead to more accountability.

“While I support the policy and voted in support, I do not support the ‘whereas’ statements that were included in this bill. I do not think a bill is that appropriate place to make these statements.”

HB 4205 (A-Engrossed) – Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted YES on HB 4205 for the following reasons and more... I support our public safety officers and believe in their judgment and training. Having been involved with our law enforcement agencies for years, I can attest that HB 4205 outlines what has already been best practice within our law enforcement agencies. I am, however, disappointed in the ‘whereas’s,’ which many feel were unnecessarily added to the legislation, and their politically-driven rhetoric that will continue to divide rather than unite.”

HB 4205 (A-Engrossed) – Wallan requested the following explanation of her vote be entered in the Journal:

“I voted yes on HB 4205 for the substantive policy components, indicated by bold type. These are the only words that will be incorporated into the Oregon Revised Statutes. I do not believe the preamble to this bill accurately reflects the culture of the Medford Police Department or the Jackson County Sheriff’s Office.”

HB 4205 (A-Engrossed) – Williams requested the following explanation of her vote be entered in the Journal:

“I was proud to stand in solidarity with my colleagues on the People of Color Caucus of the Oregon Legislature when they first proposed a bill to impose this duty. I was also proud to cast my vote in favor of this symbolic measure, despite the fact that it falls far short of a meaningful duty to intervene and report, which would have been my preference.

“The act makes a failure to intervene or report ‘grounds for disciplinary action’ against the officer, yet falls short of requiring that the law enforcement agency charged with disciplining that officer actually do so. Insofar as the legislature seeks to regulate the behavior of individual officers and legislate a duty for that officer to intervene and report, I am proud to have voted in favor of this measure. Insofar as we seek to reform the institution of policing in Oregon, though, this measure leaves open the possibility that any law enforcement agency that chooses not to prioritize intervention and reporting may choose not to discipline an officer for failing to live up to this new statutory duty.

“Acknowledging their important role in our state, it is critical that we reform both the institution of policing and the individual officers therein. This bill only accomplishes one of those two goals.”

HB 4207 (A-Engrossed) – Read third time. Carried by Lawrence Spence.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4207 (A-Engrossed) – On passage of the bill the vote was: Yeas, 54; Nays, 3 – Nearman, Reschke, Sprenger; Excused, 3 – Barker, Barreto, Clem. Bill passed.

Leif requested the following explanation of his vote be entered in the Journal:

“Recently I voted ‘aye’ on House Bill 4207A, requiring the Department of Public Safety Standards and Training to establish a statewide public database related to certification suspensions and revocations for police officers. I believe this legislation will lead to better tracking of and transparency when it comes to discipline records.

“While I support the policy and voted in support, I do not support the ‘whereas’ statements that were included in this bill. I do not think a bill is that appropriate place to make these statements.”

HB 4207 (A-Engrossed) – Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted YES on HB 4207 for the following reasons and more... I support our public safety officers and believe in their judgment and training. Having been involved with our law enforcement agencies for years, I can attest that HB 4207 outlines what has already been best practice within our law enforcement agencies and streamlines the process for records. I am, however, disappointed in the ‘whereas’s,’ which many feel were unnecessarily added to the legislation, and their politically-driven rhetoric that will continue to divide rather than unite.”

HB 4207 (A-Engrossed) – Wallan requested the following explanation of her vote be entered in the Journal:

“I voted yes on HB 4207 for the substantive policy components, indicated by bold type. These are the only words that will be incorporated into the Oregon Revised Statutes. HB 4208 (A-Engrossed) – Read third time. Carried by Hernandez.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4208 (A-Engrossed) – On passage of the bill the vote was: Yeas, 53; Nays, 4 – Nearman, Reschke, Smith G, Wilson; Excused, 3 – Barker, Barreto, Clem. Bill passed.

Leif requested the following explanation of his vote be entered in the Journal:

“Recently I voted ‘aye’ on House Bill 4208A, setting requirements for the use of tear gas by law enforcement for crowd control. I voted yes on this measure because of the good work done by Representatives Noble and Lewis to make this something law enforcement could work with to manage riots.

“While I support the policy and voted in support, I do not support the ‘whereas’ statements that were included in this bill. I do not think a bill is that appropriate place to make these statements.”

HB 4208 (A-Engrossed) – Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted YES on HB 4208 for the following reasons and more... I support our public safety officers and believe in their judgment and training. Having been involved with our law enforcement agencies for years, I can attest that HB 4208 outlines what has already been best practice within our law enforcement agencies. For example, the bill outlines that law enforcement must notify rioters at least twice before using tear gas and the recent use in the riots in Portland had law enforcement notifying use over 30 times.”

HB 4208 (A-Engrossed) – Sollman requested the following explanation of her vote be entered in the Journal:

“I voted to support HB 4208, but I did so with reservation because my concern is that it does not go far enough to protect our citizens. I do agree that it is a move in the right direction though to provide strict guidelines and standards for use. Tear gas is a chemical irritant that causes irritation of the mucous membranes in the eyes inducing tearing, eye twitching, and skin irritation. It

can cause difficulty swallowing as well as chest tightness, coughing, shortness of breath and a feeling of choking. It can trigger violent asthma attacks in those that have asthma and chronic bronchitis for those who are repeatedly exposed. The effects of tear gas are instantaneous and most often, will be short term, if you have received a small level in an open space. However, at high levels in closed spaces, tear gas can be fatal.

“Tear gas is a chemical weapon that is banned for use in warfare under the Geneva Convention. A chemical weapon that is not allowed in war should not be used in any circumstance, especially not used against Oregonians. While I support this bill, I feel that it needs to go further, and that House Bill 4208 should be an impetus for us to find alternate means of dispersing crowds during a riot. Banning something outright can be problematic because you are giving no direction as to what to replace it with. However, we need to investigate other methods of crowd control that do not have lethal or serious, permanent health implications. I am hopeful that the Joint Committee on Transparent Policing and Use of Force Reform will continue to work towards removing its use from Oregon in the future.”

HB 4208 (A-Engrossed) – Williams requested the following explanation of her vote be entered in the Journal:

“I was proud to stand in solidarity with my colleagues on the People of Color Caucus when they first proposed House Bill 4208, a bill to ban the use of tear gas in Oregon. In international law, deployment of those chemicals in war has been impermissible since shortly after World War I, and rightly so. I was also proud to cast my vote in favor of this symbolic measure, despite the fact that it falls short of the bill I hoped would pass.

“With certain requirements about advanced notice, House Bill 4208 permits the use of tear gas during a riot. My concern, though, is that the statutory definition of a ‘riot’ is so broad that House Bill 4208 does not meaningfully address the problem it sought to solve. According to the definition of a riot, as set forth in ORS 166.015, the misbehavior of a single person in a crowd of thousands of peaceful protesters would justify the lawful deployment of tear gas. While I would hope we could rely on police to refrain from such indiscriminate uses of these chemicals, recent history has shown that some officers have abused their discretion by deploying tear gas even into crowds where no behavior appears to be occurring that would justify categorizing the gathering as a riot.

“Separately, I feel that the definition of ‘tear gas’ in the bill is somewhat arbitrary, in that the same chemical compounds used in some tear gas canisters are also used as pepper spray. Because HB 4208 only limits the use of such chemicals in ‘shell[s], cartridge[s], or bomb[s],’ and not expressly in spray canisters, it only marginally reduces the likelihood that protesters will be exposed to the chemicals in protests that do not meet the statutory definition of a ‘riot.’

“I look forward to continuing this work behind the leadership of the POC Caucus and the BIPOC communities of Oregon in future legislative sessions.”

House stood at ease.

Mitchell requested the following explanation of her vote be entered in the Journal:

“The future of Oregon’s forests is of supreme importance to the entire state, but particularly to the members of communities who live nearest to them. Oregon’s forests provide critical habitat for wildlife, are essential for clean air, water, and health, and provide recreational opportunities for Oregonians to get needed exercise and commune with nature. Additionally, when done sustainably, our forests also provide significant economic support for our rural communities and support the jobs of many people who live there.

“While I firmly believe that there is still much more to be done in the area of forestry, I believe SB 1602 represents an essential first step in not only advancing safety precautions that will protect people and drinking water, but also creates a bridge that will encourage an open and continuing dialogue between two sides of an issue that often do not communicate. Especially in the face of new and emerging science, and particularly as we look to tackle the challenges posed by climate change, I believe SB 1602 will help us to continue to seek that reasonable balance between the economic contributions of our forestry industry to our local communities, while also prioritizing environmental health.

“Key provisions in SB 1602 that I support include important protections for people and drinking water. Oregonians deserve to know when and where the commercial spraying of pesticides will occur for the sake of being able to safeguard their health. SB 1602 allows for any Oregonian living near forestland to register with the Department of Forestry and receive notice of helicopter pesticide application the day before an application is made near their parcel. The bill also prevents helicopter pesticide application within 300 feet from a home, school, or water intake. And on certain subjected forestlands, there also cannot be a helicopter application of pesticides within 75 feet of a Type D or Type F stream.

“I do not believe this is the end of the forestry discussion by any means, but appreciate the step forward SB 1602 takes.”

SB 1603 – Read third time. Carried by Marsh.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

SB 1603 – On passage of the bill the vote was: Yeas, 38; Nays, 19 – Bonham, Boshart Davis, Breese-Iverson, Drazan, Hayden, Helt, Leif, Lewis, Moore-Green, Nearman, Owens, Post, Reschke, Smith DB, Sprenger, Stark, Wallan, Wilson, Zika; Excused, 3 – Barker, Barreto, Clem. Bill passed.

SB 1603 – Leif requested the following explanation of his vote be entered in the Journal:

“Recently I voted ‘no’ on Senate Bill 1603, which raised the cell phone tax on Oregonians. I rarely support tax increases, but to raise taxes now, in the middle of a global pandemic when Oregonians are already struggling to make ends meet is bad policy. We should not be increasing the cost of living on people across the

state when thousands of Oregonians are still waiting for unemployment payments.”

SB 1603 – Moore-Green requested the following explanation of her vote be entered in the Journal:

“Today I voted No on SB 1603 for several reasons. I believe that we should be addressing Oregon’s expected 2.7 B dollar short fall during this short session – to put off doing so is fiscally irresponsible. Before we ask Oregonians to pay more by passing a surcharge increase, or a tax which seems more appropriate, we should take care of our fiscal duties.

“I agree with my colleague Senator Fred Girod, ‘The legislative process has not only been taken away from Oregonians, but now they must absorb a new tax when they are living in an economic shutdown. Democrats are spending money the state doesn’t have. This is a tax, and I think Oregon deserves better.’

“The Emergency Board recently allocated \$20 million to broadband. I believe we should see how that money is spent before taking more money from hardworking Oregonians. During this economically challenging time for Oregonians we should not be adding an additional burden.

“I stand with my colleagues from rural Oregon, ‘You know something is wrong with a bill when senators like me that represent rural Oregonians voted no,’ said Senator Lynn Findley (R-Vale). ‘My constituents cannot afford another tax on their livelihoods, especially when the Emergency Board just allocated \$20 million in funds to broadband without any plan on what projects the money will go to.’”

SB 1603 – Smith DB requested the following explanation of his vote be entered in the Journal:

“I voted NO on SB 1603 for the following reasons and more... I have long been an advocate for expanding broadband in Oregon for our residents, especially our rural communities, and have done a lot of work in these areas in the legislature and in my former work at the county and local levels.

“However, this bill has a number of issues. It does not follow the constitution regarding needing the 3/5ths vote to raise revenue, nor did it originate in the House as required as well.

“The E-Board recently allocated \$20 million dollars to broadband services in the state.

“The federal Trump Administration has also recently allocated billions of dollars to expanding rural broadband across the country.

“Finally, this is a new tax on the people of Oregon and, in this time of Covid, Oregonians are hurting financially and will be for some time.”

SB 1603 – Sollman requested the following explanation of her vote be entered in the Journal:

“Access to broadband service should be available for all Oregonians and not be based simply on where you happen to live in the state. Broadband service should be considered a part of our critical infrastructure. It is of the utmost importance in our world today, especially in keeping rural Oregonians connected.

“During this COVID-19 pandemic, access to fast and reliable internet service is a vital necessity for a plethora of reasons: Students across the state need access for their online education. Patients and health care providers need to conduct telehealth appointments. Access helps Oregonians stay abreast of the latest news and updates regarding the disease and the current events in a rapidly changing world. Currently, many Oregonians, including many of our rural communities, find themselves being left out of

having access to high speed internet or even having access to any service at all.

“I support SB 1603. It will help modernize and inject overdue fairness into the Oregon Universal Service Fund (OUSF) statutes while dedicating long-term, reliable funding for broadband investment in rural Oregon communities that are too often ignored. This bill will reduce the current surcharge for landline customers from 8.5% to 6% or less, cap the OUSF surcharge at 6% and will cap the overall size of the OUSF at \$28 million. It will additionally allocate \$5 million per year to expand broadband investment, including funding for the Oregon Broadband Office, technical assistance, planning, and infrastructure. It will also make it easier for communities to access federal grants as many of them have a matching requirement.

“All Oregonians need and deserve access to broadband service. It is our responsibility to ensure this equity for all Oregonians, to provide stable funding for continued improvements to the critical infrastructure and to see that access is made available to all. The need for this investment is real. We need to be better prepared to handle emergency situations as they come our way in our future.”

SB 1604 – Read third time. Carried by Salinas.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

SB 1604 – On passage of the bill the vote was: Yeas, 57; Excused, 3 – Barker, Barreto, Clem. Bill passed.

Leif requested the following explanation of his vote be entered in the Journal:

“Recently I voted ‘aye’ on Senate Bill 1604, which modifies the process for an arbitration award to ensure disciplinary action imposed by an agency is consistent with a discipline matrix resulting from a collective bargaining agreement involving misconduct. This bill has passed the Senate multiple times and has been worked on through many sessions, and will lead to better management of discipline within our police agencies.”

SB 1604 – Wilde requested the following explanation of his vote be entered in the Journal:

“First, I would like to thank Senator Lew Frederick for his work on this bill and willingness to engage with me to help me understand it. I write to clarify my understanding of the process for establishing a disciplinary guide or matrix for police agencies. Of course, our hope is that agencies and their officers will bargain in good faith and establish these documents collaboratively. However, in the event that does not occur, the Legislative Counsel provided the following explanation of what happens.

“ [I]n the event that the parties do not reach an agreement regarding a mandatory subject of bargaining, such as the discipline guide or matrix, the parties may engage in a mediation process to address the unresolved mandatory subjects. If, after mediation, the parties have not yet reached agreement, ORS 243.742 requires the parties to initiate the binding interest arbitration process described in ORS 243.746.

“The binding arbitration process is compulsory for strike-prohibited employees such as law enforcement officers. During that process, a neutral arbitrator conducts hearings, reviews the parties’ last best offers and selects a last-best-offer proposal, resulting in the terms for a new collective bargaining agreement. If the arbitrator’s decision is ‘supported by

competent, material and substantial evidence on the whole record, based upon the factors set forth in ORS 243.746 (4), [the decision] shall be final and binding upon the parties . . . [and] [r]efusal or failure to comply with any provision of a final and binding arbitration award is an unfair labor practice.’ Thus, the collective bargaining process provides procedural safeguards to ensure that public employers and labor organizations continue to meet the obligation to enter into written and signed contracts that evidence agreements resulting from bargaining negotiations even in the case of an impasse. Accordingly, the collective bargaining agreement resulting from the interest arbitration process must include the discipline guide or matrix agreed upon during that process.’

“I supported the bill with the understanding that disciplinary guides and matrices would not be unilaterally imposed by management, but rather established collaboratively or through the process outlined above.”

**HOUSE  
JOURNAL**

**Monday, August 10, 2020 -- Morning Session**

House convened in Special Session at 8:00 a.m., pursuant to the proclamation issued by the Honorable Kate Brown, Governor of the State of Oregon, in compliance with Article V, section 12, of the Oregon Constitution.

**PROCLAMATION CALLING SPECIAL SESSION**

WHEREAS: Since January 2020, the State of Oregon has been engaged in responding to the public health threat posed by the novel infectious coronavirus (COVID-19) which, as of yesterday, has resulted in at least 18,131 cases and 316 deaths statewide; and

WHEREAS: There is an urgent need for Oregon's Legislative Assembly to rebalance the state budget due to the economic fallout from the COVID-19 pandemic and to ensure delivery of benefits and benefit programs to Oregonians.

NOW THEREFORE: I, Kate Brown, Governor of the State of Oregon, pursuant to Article V, section 12, of the Oregon Constitution, find an extraordinary occasion exists, and do by this proclamation call the Eightieth Oregon Legislative Assembly to convene in special session on August 10, 2020, at 8:00 a.m.

I ask that the members of the Assembly act expeditiously in enacting legislation to address the matters referenced above. In addition, I am supportive of the Legislature considering urgent legislation that builds on or remains from the first special session, particularly related to police accountability.

IN WITNESS WHEREOF, I hereunto set my hand and cause the Great Seal of the State of Oregon to be affixed. Done at the Capitol in the City of Salem in the State of Oregon on this day, July 31, 2020.

Kate Brown, Governor

Bev Clarno, Secretary of State

Speaker in Chair.

The Honorable Tina Kotek, Speaker of the House, delivered the following address:

"Colleagues, when we last convened in June, we began our proceedings with a moment of silence in honor of two of our fallen colleagues: Mitch Greenlick and Vic Gilliam. We continue to send our love and support to their families.

"Today, as we return to take up the business of the state, I want to acknowledge the 356 Oregonians who have lost their lives to COVID-19 during this global pandemic. They are among the more than 150,000 Americans who have passed away in the span of only six months and the hundreds of thousands of people who have died across the world in that same timeframe.

"Those who have died all have their own individual stories and life experience. They were young and old, came from urban and rural communities, and left behind families who are grieving the immense loss that too many of us have felt this year. All had their own individual stories, personalities and lives that were taken too soon.

"In such a difficult time, this pandemic has also been a reminder of the common humanity we all share. This virus has impacted all of our communities and put a spotlight on the existing inequities throughout our society. I hope that the work before us can make progress toward addressing these inequities.

"As we move forward today, I'd like to close with two quotes

from the late congressman and civil rights hero John Lewis, who dedicated his life to racial justice and equality, and was a lifelong advocate for the need to embrace our common humanity.

"Do not get lost in a sea of despair. Be hopeful, be optimistic. Our struggle is not the struggle of a day, a week, a month, or a year, it is the struggle of a lifetime."

"You are a light. You are the light. Never let anyone – any person or any force – dampen, dim or diminish your light. Study the path of others to make your way easier and more abundant."

Opening ceremony: A moment of silence was observed.

Upon verification of quorum: All present except: Absent, 4 – Clem, McLain, Sprenger, Witt; Excused, 7 – Barreto, Boshart Davis, Hayden, Mitchell, Power, Smith DB, Wallan.

Speaker announced the following appointments to the Special Committee on Rules: Holvey, Chair; Nosse, Sprenger, and Stark.

House stood at ease.

House called to order at 8:25 a.m.

The following report by the Special Committee on Rules was read:

**REPORT BY SPECIAL COMMITTEE ON RULES**

We, your Special Committee on Rules, recommend the House of Representatives of the Eightieth Legislative Assembly adopt the Second Special Session Rules as distributed.

Rep. Paul Holvey, Chair

Rep. Rob Nosse

Accordingly, for this Special Session:

The names of the members shall be listed on the electronic roll call board in alphabetical order, except that the name of the Speaker shall be last.

(2) A roll call vote of "yeas" and "nays" shall be taken and recorded on the final passage or adoption of all measures. Except as otherwise provided in these rules, the vote shall be recorded by the electronic voting system.

(3) Upon demand of two members, an oral roll call shall be taken and recorded on any measure that requires more than 31 affirmative votes. The Clerk shall call the roll of the membership, alternating between alphabetical order and reverse alphabetical order. The Speaker's name shall be called last.

(4) If the presiding officer is in doubt on any motion or a division is called for on a motion, a roll call shall be taken and recorded by the electronic voting system on the motion. On all other questions to be voted upon, unless otherwise provided in these rules, the presiding officer may order the "yeas" and "nays" taken by the electronic voting system.

(5) The electronic voting system shall not be used for election of officers.

(6) In the event the electronic voting system is not in operating order when voting on any question, the presiding officer shall order all "yea" and "nay" votes be taken by oral roll call. The Clerk shall call the roll of the membership in alphabetical order. The Speaker's name shall be called last.

(7) The vote of any member that has not been recorded because of malfunction of the electronic voting system shall be entered into the record if that member was within the bar of the House chamber at the time of the vote and attempted to cast their vote at the appropriate time, and the fact of such malfunction is reported to the presiding officer prior to the announcement of the result of the vote.

**3.20 Requirements for Voting.** (1) Each member within the House chamber as defined in House Rule 1.01(10) when the member's name is called shall vote. No member shall be allowed to abstain from voting.

(2) If a member refuses to vote when the member's name is called, the presiding officer shall immediately call for the member's vote a second time. If the member again refuses to vote, the presiding officer shall read subsection (3) of this rule. The presiding officer shall then call for the member to announce the member's vote immediately. If the member fails to vote immediately after this third request, the presiding officer shall state for the record: "The member's failure to vote constitutes an intentional violation of House Rule 3.20, subsection (1) and a high breach of decorum. The Journal shall show that the Representative is censured for the violation; the clerk shall record the Representative's vote on the measure or motion on which the member refused to vote as a 'yea,' and the member may also be subject to other penalties as the House may order."

(3) Any member's refusal to vote, as required by House rules, shall be recorded in the Journal as an intentional violation of Rule 3.20 (1) and a high breach of decorum. The Representative shall be censured; the Clerk shall record the Representative's vote on the measure or motion on which the member refused to vote as a "yea;" and the member may also be subject to other penalties as the House may order.

(4) No member, except by unanimous consent, shall be permitted to vote upon any question unless he or she is within the House chamber before the electronic voting system is closed. No member shall vote or be allowed to change their vote after the presiding officer announces the result of the roll call by declaring the question has passed or failed to pass.

**3.21 Announcement of Conflict of Interest.** (1) When involved in an actual or potential conflict of interest, as defined by ORS 244.020, a member shall announce, on the floor or in the committee meeting, the nature of the actual or potential conflict prior to voting on the issue giving rise to the conflict.

(2) The member shall file in writing a statement of the nature of the actual or potential conflict with the Chief Clerk or the committee assistant by 5:00 p.m. the next business day following the vote on the measure. The statement shall be limited to the substance of the oral explanation given on the floor or in committee. The member's announcement of an actual or potential conflict of interest shall be recorded in the Journal or in the committee minutes.

**3.26 Electronic Roll Call; Time, Changes.** When a vote is taken using the electronic voting system, the Speaker or presiding officer shall wait at least 5 minutes after completing the call of all member names before determining that a vote shall be closed and the result declared. The Clerk shall keep the time. After the individual votes have been displayed, and before the result is declared, any member desiring to change his or her vote may request that of the presiding officer. The presiding officer shall direct the Chief Clerk to make the proper entry into the electronic voting system.

**3.28 Electronic Roll Call; Misuse, Penalties.** No member shall vote for another member using the electronic voting system. No member shall tamper with, alter or attempt to alter the electronic voting system, or cause the electronic voting system to register a vote without the member personally depressing a voting button during each roll call vote. Any member who violates this rule may be punished as determined by the vote of 31 members. If a person not a member votes or attempts to vote for any member or violates a provision of this rule, he or she shall be barred from the floor of the House for the remainder of the session, and he or she may be punished further as determined by the vote of 31 members.

**3.30 Voting by Presiding officer.** The Speaker shall vote whenever a roll call is required. The Speaker's name shall be called last on an oral roll call vote.

**3.35 Explanation of Vote.** (1) Any member who wishes to explain his or her vote shall file the written explanation with the Chief Clerk by 5:00 p.m. the next business day following the vote on the measure. The vote explanation filed under this subsection must comply with subsection (2) of this rule. If the explanation does not meet those requirements in the determination of the Chief Clerk, the Speaker may refuse to cause the explanation to be printed in the Journal. An appeal of the presiding officer's ruling may be taken to the full body at the next floor session pursuant to House Rule 6.35.

(2) The vote explanation shall be germane to the subject and shall not reflect on the honor or integrity of any other member.

**3.45 Printed Measures Required for Voting.** No measure or amendment to a measure shall be finally voted on until it has been made available electronically or printed and placed on the desks of the members.

**3.50 Third Reading Requirement.** (1) No bill shall pass the House until after third reading and no measure shall be read more than once in any one day.

(2) A bill may be referred or re-referred to committee on third reading.

**3.55 Call of the House.** (1) Six members may demand a Call of the House at any time before a roll call has begun.

(2) Upon a Call of the House, no other business shall be transacted until the proceedings are so terminated.

(3) Upon a Call of the House, the Sergeant at Arms shall cause all members who are not excused to come to the House chamber as defined in House Rule 1.01(10). If the Sergeant at Arms cannot locate any unexcused member, the Sergeant at Arms shall so report to the presiding officer, who shall announce the fact to the members.

(4) All members must remain within the House chamber until the vote is taken for which the Call was made. Post requested the following explanation of his vote be entered in the Journal:

“It's been pointed out many times that complaints against staffers end in a public hearing with legislators rather than HR

officials determining remedial actions. To 'fix' this the Oregon Legislature is making it so that complaints against staffers end in a public hearing, but only if harassment occurred. NO ONE reports harassment thinking an investigation won't find any. This DOES NOT SOLVE the chilling effect on harassment complaints. Victims of harassment won't report if they know that what happened to them as they are required to be paraded out in front of a panel of legislators. There is not a single reason why an HR professional shouldn't deal with complaints against staffers without legislative interference. This is a colossal failure of the legislature to protect victims of harassment. Again.”

HB 4303 – Read third time. Carried by McLain.

HB 4303 – On passage of the bill the vote was: Yeas, 50; Nays, 7 – Barker, Bonham, Keny-Guyer, Nearman, Post, Reschke, Stark; Excused, 3 – Barreto, Mitchell, Power. Bill

passed, having received the required three-fifths constitutional majority.

Keny-Guyer requested the following explanation of her vote be entered in the Journal:

“I voted No on HB 4303, which will draw down \$400 mil from the Education Stability Fund.

“I strongly support keeping our commitment to the early childhood and K-12 programs we funded through the Student Success Act and the biennial budget in 2019. Educating our next generation is one of the most important endeavors our state can and should do. With the school year starting under extraordinarily challenging circumstances in a matter of weeks, school and early childhood administrators need the budget adequacy and certainty now.

“However, we also need to ensure adequate funds in the 2021-2023 biennium, when tax revenues are expected to drop by \$4 billion - compared to the \$1.2 billion we face this biennium. To keep our education programs and workforce stable, we will likely need to dig into the Education Stability Fund yet again, for an amount none of us can estimate.

“Yet here is one thing that we can count on. Disconnecting from three CARES Act tax breaks that flow overwhelmingly to wealthy business owners and corporations would save Oregon an estimated \$225 million over the rest of this biennium, and \$104 million in 2021-2023.

“Of the states whose tax codes are connected to the federal tax code the same way Oregon's does, red states such as North Carolina and Georgia, and blue states such as New York and Colorado, have already 'disconnected' in order to fund desperately needed services, such as early childhood and K-12 education. We need to do the same.

“While I support using some of the Education Stability Fund to fund our education budget, I will not vote to remove \$400 million now when we are giving up \$225 million in desperately needed revenue.

“I urged my colleagues to vote NO, to take the time to pass LC 02 to disconnect from three CARES Act tax provisions, and then to reconsider how much to dip into the Education Stability Fund. Since HB 4303 passed and the disconnect bill was not introduced in this special session, I urge the Legislature to introduce the disconnect bill in the next special session (which may happen in September) to restore some of the funds that HB 4303 removed from the Education Stability Fund to prepare for hard times ahead.”

HB 4304 – Read third time. Carried by Rayfield.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4304 – On passage of the bill the vote was: Yeas, 42; Nays, 15 – Bonham, Boshart Davis, Breese-Iverson, Drazan, Leif, Moore-Green, Nearman, Owens, Post, Reschke, Smith DB, Stark, Wallan, Wilson, Zika; Excused, 3 – Barreto, Mitchell, Power. Bill passed.

HB 4304 – Williams requested the following explanation of her vote be entered in the Journal:

“I am writing to provide reasoning for my vote in opposition to

House Bill 4304, the bill containing administrative fixes to support budget-balancing legislation during 2020's Second Special Session. While I admire the many hours of work that my colleagues on the Joint Committee on Ways and Means put into prioritizing responsible cuts to agency budgets, and appreciate that one of the provisions in this accompanying bill was included in response to my request, I could not in good conscience support the budget bill, and therefore also voted in opposition to HB 4304.

"It was difficult for me to vote against a bill that provided an administrative fix to the reimbursement process that children's advocacy centers (CACs) undertake in order to receive Victims of Crime Act (VOCA) funding. The process of seeking VOCA reimbursements has created undue regulatory burden for these centers since before this pandemic, but now that social distancing and an economic downturn have impacted their daily operations, this provision was vital for CACs' ability to provide services.

"Still, when the budget bill called for such extensive cuts to human services for Oregonians who need them most, including a total repeal of the TANF Housing Pilot Program passed in 2019, cuts to Early Learning Hubs and the Healthy Families program, and significant cuts to the Farm to School program, which will impact struggling families and farmers alike in my district, I could not stand in support of that budget, nor could I vote in favor of this companion bill.

"I want to be clear: Oregon only needs to make these budget cuts due to the failure of Congress to protect state and local programs that are keeping Oregon families afloat during the pandemic. The federal government needs to do its part for struggling Oregonians and small businesses by passing legislation that will fund critical services. In order to strengthen our state's health and our economy, we must fully fund our schools, healthcare, and the programs that keep all of our communities safe. If our people have the resources they need to thrive, our local businesses will prosper, our students will succeed, and Oregon can continue to be a state we're all proud to call home."

Bill passed.

Keny-Guyer requested the following explanation of her

vote be entered in the Journal:

“I voted NO on SB 5723, the main budget bill.

“As to be expected, there are expenditures I strongly support and others I disagree with. I am grateful that education is mostly held harmless, but disappointed in cuts to the Student Investment Account, where school districts and communities co-developed plans to support underserved students.

“What’s mostly disappointing is what is not included.

“I acknowledge the tremendous amount of work by Ways and Means subcommittee chairs and the Tri-Chairs over the past few weeks to try to minimize harmful cuts. However, their task of finding \$1.2 billion by making budget cuts and dipping into the Education Stability Fund was made harder by losing \$225 million this year (and \$104 million next biennium) in CARES Act tax breaks.

“At a time when COVID-19, George Floyd’s murder, and the Black Lives Matter movement have highlighted the racial disparities in our criminal justice system, health, education, housing, and wealth, we should be working to close disparities rather than exacerbate them through tax breaks that go overwhelmingly to wealthy business owners and corporations.

“I have fought alongside colleagues for years to pass bills that aim to close racial and economic disparities. In 2020, I supported the bipartisan bill to narrow the racial inequities in home ownership at the cost of roughly \$6 mil. That is not included in this budget.

“In 2019 and 2020, our Human Services and Housing Committee fought hard for bipartisan bills to help at risk children:

“1) Child Abuse Intervention Centers

“2) CASA for foster kids

“3) Independent Living Program for youth aging out of foster care

“4) Unaccompanied homeless youth

“These combined requests added up to less than \$10 million for this year. While I appreciate that \$1 million of the \$3 million request was granted to the Child Abuse Intervention Centers, the need is far greater.

“Other programs helping at risk kids, such as TANF, in home support for children with disabilities, and Healthy Families home visiting program, all got cut, despite vulnerable, isolated families needing support more than ever under COVID.

“These programs would especially benefit Black, Indigenous and People of Color because of their disproportionate representation in poverty, child welfare, homelessness, and lack of home ownership. After all the Black Lives Matter protests, emails, and zoom calls, now is the time to act... and invest.

“The main argument not to expand or even to cut these programs is the fear of roll up costs in the next biennium. This was the same response following the 2008 recession, when programs for vulnerable populations were cut and often never restored. Case loads and numbers of homeless youth soared. We must make a long-term commitment to invest in these areas and expect roll-up costs, knowing that the cost of prevention is far less than the cost of high case loads from untreated childhood trauma.

“Lastly, there are one-time funding needs not in this budget that could be funded by disconnecting from CARES Act tax breaks:

“1) targeted support for the truly ‘mom and pop’ businesses hit by COVID

“2) providing water infrastructure for historically under-served communities

“3) purchasing distressed motels for COVID-positive patients to be converted into shelters and affordable housing later.

“In our next tax and budget decisions, I urge the Legislature to prioritize equity and prevention and do all we can to reverse the decades of growing disparities in our state.”

SB 5723 – Williams requested the following explanation of her vote be entered in the Journal:

“I am writing to provide reasoning for my vote in opposition to Senate Bill 5723, the main budget bill proposed in the Second 2020 Special Session. While I admire the many hours of work that my colleagues on the Joint Committee on Ways and Means put into prioritizing the cuts to agency budgets laid out in this bill, and appreciate that one of the provisions in the bill was in direct response to my repeated requests for funding, I took issue with enough of the program cuts that I could not in good conscience support the bill.

“First, it was difficult for me to vote against a bill that provides a \$1 million Special Purpose Appropriation to the Emergency Board, to be allocated to the Department of Justice for Children’s Advocacy Centers. I have repeatedly requested that funding from the Emergency Board (though I requested more than twice the amount provided), and I am pleased that this particular provision of the budget has been passed. Also, for the most part, the budget reflected the co-chairs’ priority of avoiding undue hardship.

“Still, with such extensive cuts to human services for Oregonians who need them most, including a total repeal of the TANF Housing Pilot Program passed in 2019, cuts to Early Learning Hubs and the Healthy Families program, and significant cuts to the Farm to School program, which will impact struggling families and farmers alike in my district, I could not stand in support of this budget.

All requests for an excused absence will be presumed approved unless the member is otherwise notified by leadership. A member shall attend all meetings of the committees of the House of which he or she is a member unless excused by a chair. No member shall be considered excused, however, unless the presiding officer or a chair has announced the excuse at the opening of the House session or committee meeting, or at the earliest possible time thereafter. No excuse may be announced while the House is under a Call of the House.

**3.05 Session Hour.** Unless otherwise ordered by the presiding officer or a majority of the members present, the regular hour of meeting shall be 11:00 a.m.

**3.07 Open Sessions.** All deliberations and meetings of the House shall be open to the press and public. The House recognizes that this Special Session is being conducted during a global pandemic in which a novel coronavirus has sickened millions of people and taken the lives of at least 292,000 Americans. Because the virus spreads through close personal contact and through the air, the House finds that routine procedures must be modified to preserve health and safety while continuing to satisfy the obligations placed on the Legislative Assembly by the Oregon Constitution, including obligations to conduct open deliberations. Accordingly, for this Special Session:

(1) All floor sessions and committee meetings must be contemporaneously streamed on the Internet and broadcast on one or more television monitors at a location proximate to the Capitol that is accessible by members of the public, so that the public is able to observe all legislative deliberations.

(2) Any vote cast in a floor or committee vote must be conducted so that the public must be able to visually observe and hear, through the means described in subsection (1) of this section, the member casting the vote.

(3) The Capitol shall be physically closed to the public for the duration of the Special Session. Accredited representatives of the

news media may be physically present in the Capitol during hours that legislative proceedings are taking place.

**3.08 Daily Session Length.** (1) A session day begins with the initial convening of the House that calendar day and ends with the adjournment of that session.

(2) The convening of a new House floor session after adjournment of a floor session constitutes the beginning of a new session day.

### VOTING

**3.12 Electronic Roll Call System.** The electronic voting system shall be under the control of the presiding officer and shall be operated by the Chief Clerk. The names of the members shall be listed on the electronic roll call board in alphabetical order, except that the name of the Speaker shall be last.

**3.15 Roll Call.** (1) The electronic voting system shall be used as the roll call to determine the presence of a quorum and/or the presence of members under a Call of the House. Members shall press the "yea" button on their desk or be recognized by the Chief Clerk to record their attendance.

(2) A roll call vote of "yeas" and "nays" shall be taken and recorded on the final passage or adoption of all measures. Except as otherwise provided in these rules, the vote shall be recorded by the electronic voting system.

(3) Upon demand of two members, an oral roll call shall be taken and recorded on any measure that requires more than 31 affirmative votes. The Clerk shall call the roll of the membership, alternating between alphabetical order and reverse alphabetical order. The Speaker's name shall be called last.

(4) If the presiding officer is in doubt on any motion or a division is called for on a motion, a roll call shall be taken and recorded by the electronic voting system on the motion. On all other questions to be voted upon, unless otherwise provided in these rules, the presiding officer may order the "yeas" and "nays" taken by the electronic voting system.

(5) The electronic voting system shall not be used for election of officers.

(6) In the event the electronic voting system is not in operating order when voting on any question, the presiding officer shall order all "yea" and "nay" votes be taken by oral roll call. The Clerk shall call the roll of the membership in alphabetical order. The Speaker's name shall be called last.

(7) The vote of any member that has not been recorded because of malfunction of the electronic voting system shall be entered into the record if that member was within the bar of the House chamber at the time of the vote and attempted to cast their vote at the appropriate time, and the fact of such malfunction is reported to the presiding officer prior to the announcement of the result of the vote.

**3.20 Requirements for Voting.** (1) Each member within the House chamber as defined in House Rule 1.01(10) when the member's name is called shall vote. No member shall be allowed to abstain from voting.

(2) If a member refuses to vote when the member's name is called, the presiding officer shall immediately call for the member's vote a second time. If the member again refuses to vote, the presiding officer shall read subsection (3) of this rule. The presiding officer shall then call for the member to announce the member's vote immediately. If the member fails to vote immediately after this third request, the presiding officer shall state for the record: "The member's failure to vote constitutes an intentional violation of House Rule 3.20, subsection (1) and a high breach of decorum. The Journal shall show that the Representative is censured for the violation; the clerk shall record the Representative's vote on the measure or motion on which the member refused to vote as a 'yea;'

and the member may also be subject to other penalties as the House may order.”

(3) Any member’s refusal to vote, as required by House rules, shall be recorded in the Journal as an intentional violation of Rule 3.20 (1) and a high breach of decorum. The Representative shall be censured; the Clerk shall record the Representative’s vote on the measure or motion on which the member refused to vote as a “yea;” and the member may also be subject to other penalties as the House may order.

(4) No member, except by unanimous consent, shall be permitted to vote upon any question unless he or she is within the House chamber before the electronic voting system is closed. No member shall vote or be allowed to change their vote after the presiding officer announces the result of the roll call by declaring the question has passed or failed to pass.

**3.21 Announcement of Conflict of Interest.** (1) When involved in an actual or potential conflict of interest, as defined by ORS 244.020, a member shall announce, on the floor or in the committee meeting, the nature of the actual or potential conflict prior to voting on the issue giving rise to the conflict.

(2) The member shall file in writing a statement of the nature of the actual or potential conflict with the Chief Clerk or the committee assistant by 5:00 p.m. the next business day following the vote on the measure. The statement shall be limited to the substance of the oral explanation given on the floor or in committee. The member’s announcement of an actual or potential conflict of interest shall be recorded in the Journal or in the committee minutes.

**3.26 Electronic Roll Call; Time, Changes.** When a vote is taken using the electronic voting system, the Speaker or presiding officer shall wait at least 5 minutes after completing the call of all member names before determining that a vote shall be closed and the result declared. The Clerk shall keep the time. After the individual votes have been displayed, and before the result is declared, any member desiring to change his or her vote may request that of the presiding officer. The presiding officer shall direct the Chief Clerk to make the proper entry into the electronic voting system.

**3.28 Electronic Roll Call; Misuse, Penalties.** No member shall vote for another member using the electronic voting system. No member shall tamper with, alter or attempt to alter the electronic voting system, or cause the electronic voting system to register a vote without the member personally depressing a voting button during each roll call vote. Any member who violates this rule may be punished as determined by the vote of 31 members. If a person not a member votes or attempts to vote for any member or violates a provision of this rule, he or she shall be barred from the floor of the House for the remainder of the session, and he or she may be punished further as determined by the vote of 31 members.

**3.30 Voting by Presiding officer.** The Speaker shall vote whenever a roll call is required. The Speaker’s name shall be called last on an oral roll call vote.

**3.35 Explanation of Vote.** (1) Any member who wishes to explain his or her vote shall file the written explanation with the Chief Clerk by 5:00 p.m. the next business day following the vote on the measure. The vote explanation filed under this subsection must comply with subsection (2) of this rule. If the explanation does not meet those requirements in the determination of the Chief Clerk, the Speaker may refuse to cause the explanation to be printed in the Journal. An appeal of the presiding officer’s ruling may be taken to the full body at the next floor session pursuant to House Rule 6.35.

(2) The vote explanation shall be germane to the subject and shall not reflect on the honor or integrity of any other member.

**3.45 Printed Measures Required for Voting.** No measure or amendment to a measure shall be finally voted on until it has been made available electronically or printed and placed on the desks of the members.

**3.50 Third Reading Requirement.** (1) No bill shall pass the House until after third reading and no measure shall be read more than once in any one day.

(2) A bill may be referred or re-referred to committee on third reading.

**3.55 Call of the House.** (1) Six members may demand a Call of the House at any time before a roll call has begun.

(2) Upon a Call of the House, no other business shall be transacted until the proceedings are so terminated.

(3) Upon a Call of the House, the Sergeant at Arms shall cause all members who are not excused to come to the House chamber as defined in House Rule 1.01(10). If the Sergeant at Arms cannot locate any unexcused member, the Sergeant at Arms shall so report to the presiding officer, who shall announce the fact to the members.

(4) All members must remain within the House chamber until the vote is taken for which the Call was made. However, when the House is waiting for an unexcused member to return to the floor, or in order to access the facilities, or the presiding officer has announced that the House is “at ease,” the members may have access to the area behind the rostrum. Members must then return to within the House chamber.

(5) A Call of the House shall be considered terminated when the question for which the Call was invoked has been voted upon or when a motion to terminate the Call is approved by forty members. The motion to terminate the Call shall be in order when the Sergeant at Arms has reported that unexcused members cannot be returned within a reasonable time. Termination of the Call under this subsection terminates the requirement that the Sergeant at Arms search for unexcused members. In the absence of a quorum after the report of the Sergeant at Arms is received, the House may terminate the Call by the unanimous consent of the members present.

(6) Upon a Call and until the proceedings are terminated, the presiding officer shall direct the Sergeant at Arms to authorize members of the Senate, representatives of the news media and staff identified under House Rule 17.01(1) to leave or enter the chamber.

(7) Subsection (2) of this rule does not apply to the third-floor gallery.

The member reading the remarks will begin by identifying that they are reading the remarks of their colleague, and while doing so must adhere to the time limits and other House rules of debate. Once the remarks are finished the requestor will signify to the presiding officer that the preceding remarks were correctly offered in accordance with their request.

Secretary of State

Re: Senate Bill 5723 and House Bill 4304

Dear Secretary Clarno:

“Our state faces several unprecedented challenges simultaneously: the COVID-19 pandemic; structural racism resulting in persistent disparities for Black, Indigenous, People of Color, and Tribal communities in our state; widespread unemployment; a significant budget shortfall; and now the worst wildfire season in our lifetimes.

“The Legislature and I have worked closely together on all of these challenges. I applaud legislators’ recent work during the 2020 Second Special Session. I know it has been incredibly difficult for them to navigate the demands of the Legislature’s deliberative nature and the limits that COVID-19 require us to impose for public health and safety. I also want to commend legislators’ work on balancing our state budget in response to the economic crisis that COVID-19 has created.

“The wildfires are a significant change since the adjournment of the Second Special Session. As we continue to navigate these rapidly changing crises, I know the Legislature will stand ready, again, to help Oregonians and address these challenges. When it became apparent that COVID-19 disproportionately affected Black, Indigenous, People of Color, and Tribal communities in Oregon, the Legislature and I worked together to steer Coronavirus Relief Fund dollars to those communities. Now, we must work together to help Oregonians who have lost everything from these fires.

“As a first step, this month the Emergency Board will consider an additional allocation to the Wildfire Damage Housing Relief Program to assist Oregonians who lost their homes in the fires. This program already has a substantial waiting list, and this allocation will provide immediate help to those most in need. As a next step, I have directed agencies to bring another relief proposal for future consideration by the Legislature. This relief package must maximize all federal assistance coming to Oregon. I am also asking the Oregon Department of Forestry to estimate as quickly as possible the cost of fighting these catastrophic fires, and I am working with our congressional delegation to get substantial reimbursement from FEMA for as many of these costs as possible. Finally, I expect to partner with the Legislature in the future to address the structural and surge capacity needs necessitated by these catastrophic fire seasons, as well as the long term issues of fire cost, prevention, and suppression.

“Until we understand the total impacts and costs, we must help Oregonians while being judicious with our funds. In light of the current wildfires state of emergency, which occurred after the

adjournment of the Second Special Session, I am exercising my veto authority to ensure that state agencies fighting wildfires have necessary resources for responding to this emergency. In addition to those vetoes, I am also vetoing a small number of single items in these appropriation bills that will ensure that the state budget remains in balance. Taken together, these vetoes increase the state’s ending balance by over \$65 million to a total of \$164.3 million in General Fund and \$16.7 million in Lottery Fund. I have asked the Legislature to reserve at least \$150 million in the emergency fund for upcoming requests relating to the fires.

“Article V, section 15a of the Oregon Constitution grants me the ‘power to veto single items in appropriation bills... without thereby affecting any other provision of such bill.’ Both Senate Bill 5723 and House Bill 4304 appropriate funds, and thus are ‘appropriation bills’ that trigger my authority to veto any ‘single items’ within those bills.

“In accordance with Article V, section 15a, I hereby disapprove, disallow, and veto the following items of Enrolled Senate Bill 5723 without affecting the remaining provisions of the bill:

“Oregon Department of Forestry (SB 5723, Sections 177-179, 181-185)

“Sections 177 to 179 decrease general fund appropriations for agency administration, fire protection, and private forests. Sections 181 to 184 decrease other funds expenditure limitations for agency administration, fire protection, private forests, and the equipment pool. Section 185 decreases the federal funds expenditure limitation for private forests. I am vetoing these provisions to maintain funding for the Oregon Department of Forestry while it responds to the ongoing statewide wildfires state of emergency.

“Oregon Military Department (SB 5723, Sections 290-294)

“Sections 290, 291, and 293 decrease general fund appropriations for emergency management and operations. Sections 292 and 294 decrease the federal funds expenditure limitation for emergency management and operations. I am vetoing these provisions to maintain funding for the Oregon Military Department while it responds to the ongoing statewide wildfires state of emergency.

“Oregon State Police (SB 5723, Sections 297-299, 322)

“Sections 297 to 299 decrease general fund appropriations for patrol services, criminal investigations, gaming enforcement, the Office of State Fire Marshal, administrative services, agency support, criminal justice information services, forensic services, and the Chief Medical Examiner. Section 322 decreases the general fund appropriation to the State Department of Fish and Wildlife for state police enforcement. I am vetoing these provisions to maintain funding for the Oregon State Police while it responds to the ongoing statewide wildfires state of emergency.

“Special Purpose Appropriation for DHS / OHA (SB 5723, Section 342)

“Section 342 establishes a special purpose appropriation for the Emergency Board to be allocated to the Oregon Health Authority or the Department of Human Resources for caseload costs or other budgetary challenges the agencies are unable to mitigate. I am vetoing this provision to maintain balance in the state budget, and to retain vital resources at state agencies responding directly to the fire.

“Department of Environmental Quality (SB 5723, Section 273)

“Section 273 decreases the general fund allocation to the Department of Environmental Quality, made at the March 9, 2020 Emergency Board meeting, for rulemaking and other actions to reduce greenhouse gas emissions across all emission sources,

including point sources, natural gas emissions, and transportation fuels. I am vetoing this provision to preserve agency resources to continue to address the effects of climate change, a key part of our wildfire response.

“Department of Education, Early Learning Division (SB 5723, Section 213)

“Section 213 decreases the general fund appropriation to the Department of Education, Early Learning Division, relating to the healthy families program, early learning hubs, and focus child care networks. I am vetoing this provision to preserve resources at state agencies that are part of the state's safety net at a time when many Oregonians are struggling with the impacts of wildfire and COVID-19.

“In accordance with Article V, section 15a, I also hereby disapprove, disallow, and veto the following items of Enrolled House Bill 4304 without affecting the remaining provisions of the bill:

“Wildfire Damage Housing Relief Account (HB 4304, Sections 38-40a)

“Section 38 to 40a repeal the Wildfire Damage Housing Relief Account within the Oregon Housing Fund, resulting in the transfer of the fund balance. I am vetoing these provisions to maintain resources at agencies tasked with responding to the wildfires.

“PERS Revenue Allocation Changes (HB 4304, Sections 15, 15a, 16, 18, 18a, 18b, 18c)

“Sections 15, 15a, and 16 repeal the allocation of sports betting lottery funds to the PERS Employer Incentive Fund. Sections 18, 18a, 18b, and 18c repeal the transfer of excess proceeds from capital gains taxes, estate taxes, and debt collection, and the transfer of interest from unclaimed property to the PERS School Districts Unfunded Liability Fund. All of these sections redirect revenue streams. I am vetoing these provisions because they redirect resources away from programs that help relieve budgetary pressures for local governments.

“State Treasurer Funds (HB 4304, Section 57)

“Section 57 transfers funds from the miscellaneous receipts account for the State Treasurer. I am vetoing this provision because I am concerned that the public was not able to adequately weigh in on this budget decision, and upon further review I do not believe it is appropriate.

“Educator Advancement Fund (HB 4304, Section 61)

“Section 61 transfers funds from the Educator Advancement Fund. I am vetoing this provision to ensure funding remains in place to aid local school districts during a time of intense strain on their budgets and employees.

“I have signed Senate Bill 5723 and House Bill 4304 as to the remaining provisions of those bills, and return each of those signed bills to you with this letter. On each bill, I have lined through the items that I disallow, disapprove, and veto. These provisions are ‘single items’ that are distinct and severable.”

Sincerely,

Governor Kate Brown

Sollman requested the following explanation of her vote be entered in the Journal:

“The effects of this pandemic will last for years, if not decades. This bill attempts to mitigate some of the negative impacts of the economic crisis associated with Covid-19. The Governor asked us to Stay Home, Save Lives and declared a State of Emergency on March 8, 2020. Most Oregonians complied and I’ve heard many stories of the resulting financial hardship at home in House District 30. I’ve heard from tenants who are prioritizing rent over other basic needs and those who cannot pay their rent at all. I’ve heard from small landlords who rely on their rental properties for their monthly and retirement income. The eviction moratorium has improved public safety and kept many Oregonians in their homes but has created a backlog of past due rent that continues to grow. This bill creates a practical and balanced way to address this problem.

“With the number of Covid-19 cases rising, hospital capacity falling and the death rate in Oregon at an all-time high, we need to continue to ask landlords to help shoulder the burden of public health. We need to extend the moratorium on evictions to save lives. With a sense of urgency, we also need to provide some relief to those landlords. 80% of what’s owed is not all of what’s owed, and I hope that the federal government will provide more resources to assist residential housing providers.

“I voted to address the urgent concerns I heard from within my district. I voted to extend the moratorium, keep Oregonians in their homes and provide a path for landlords to be able to address the pressing concerns of a nine-month backlog of overdue rent and keep them, and renters, from falling further behind.”

House stood at ease.

House called to order.

HB 4402 (A-Engrossed) – Read third time. Carried by Sollman.

By unanimous consent, on request of Speaker, rules suspended to waive the remaining time on the five minute clock to close the vote.

HB 4402 (A-Engrossed) – On passage of the bill the vote was: Yeas, 46; Nays, 8 – Evans, Fahey, Holvey, Lawrence Spence, Nearman, Nosse, Rayfield, Reschke; Excused, 6 – Barreto, Bynum, Doherty, Wallan, Wilde, Wilson. Bill passed.

HB 4402 (A-Engrossed) – Keny-Guyer requested the following explanation of her vote be entered in the Journal:

“While I voted in support of HB 4402, I want to clarify my understanding regarding the ‘COVID-19 Emergency Rule’ that school districts must follow, if there is a discrepancy between state and federal guidance.

“The bill states that ‘COVID-19 Emergency Rule’ means an executive order, order of the Superintendent of Public Instruction, declaration, directive or other state or federal authorization, policy, statement, guidance, rule or regulation that creates a standard or waives, suspends or modifies otherwise applicable state or federal law, regulations or standards regarding the rendering of education services.

“My understanding of how this rule should be interpreted reflects that of my state Senator, Michael Dembrow, who emailed me today that, ‘Generally (and this was the intent) the more narrowly-focused rule, the one closest to the parties in question, will prevail... Thus, in this case it’s the ODE/OHA Safe Schools requirements, which use CDC recommendations as the basis of their policies, that will prevail here, not the CDC rules themselves and certainly not a presidential tweet!’

“I urge the Oregon Department of Education to clarify in rule that the state guidance, specifically the ODE/OHA Safe Schools mandate, supersedes the federal guidelines, if there is any future question about any discrepancy in guidance between different levels of government. However if no rule is issued that addresses this issue, I want my legislative intent clear on the record.”

HB 4402 (A-Engrossed) – Reschke requested the following explanation of his vote be entered in the Journal:

“I have been a strong proponent for several months for reopening our schools in Oregon. One of the main reasons school districts have been unwilling to reopen for in-person instruction is due to the possibility of frivolous COVID-19 lawsuits that potentially could bankrupt the district.

“I was disappointed this body did not bring forward a liability protection bill in June, during the 1st Special Session, or in August, during the 2nd special session. That said, I did not vote against HB 4402A because I believe granting temporary immunity to these organizations, these school districts, this class of citizens is bad or wrong. On the contrary. Instead my ‘No’ vote is based on the principle of fairness to all Oregonians. Furthermore, my understanding of Oregon’s constitution — specifically Article I Section 20 — means this bill may be unconstitutional.

“Article I - Section 20. Equality of privileges and immunities of citizens. No law shall be passed granting to any citizen or class of citizens privileges, or immunities, which, upon the same terms, shall not equally belong to all citizens.—

“Let me ask, ‘Does HB 4402A allow the Chicken Shack in Klamath Falls to receive such liability protection? Will the Malin Country Diner receive such protection? How about Foundry Four in Prineville or the Happy Horse Deli in Lakeview?’

“Of course the answer is ‘No’ to these questions AND not only for these alone but for an entire multitude of other businesses all across Oregon — and that is my point. There is yet to be a bill or set of bills that provide such liability protections for everyone, including for those who work, create wealth and pay taxes in our state. For a legislative body that is increasingly concerned about equity, this approach to liability protection seems to fall far short of the bar.

“Again, I am not opposed to liability protection for schools. I am all for it. But I am against the idea if liability protection is not available to all Oregonians, then it isn’t fair.

“What is good for the goose is good for the gander except, apparently, in Oregon.”

Keny-Guyer requested the following explanation of her vote be entered in the Journal:

“I voted YES on SB 1801, the policy package designed to help struggling restaurants on the verge of collapse due to the pandemic. The restaurant industry is seeing revenue losses between 40-70% due to temporary closures, reduced indoor seating, and increased costs to maintain COVID-19 protocols. Outdoor seating is difficult to maintain during Oregon’s wet, cold winter season. Volume driven by third-party vendors is often non-revenue generating due to high fees.

“I want to support these small business owners and employees – and ensure a vibrant social ecosystem post-COVID. My preferred strategy would be to subsidize restaurants through federal relief, as in Congressman Blumenauer’s restaurant bill. Because that has not yet become law, SB 1801 provides two provisions that would be in effect during and for 60 days following the Governor’s executive order:

“1) Capping the fee third-party deliverers can charge restaurants, as several other regions have done, which I strongly support.

“2) Allowing ‘cocktails-to-go,’ which I supported with reservations because of Oregon’s abysmal rate of addiction and access to treatment. Alcohol use, suicide, and domestic violence have increased as families are stuck in the ‘stay at home’ orders. These pandemic-related increases are on top of the significant problems Oregon already faces in chronic homelessness, high rates of children placed into foster care, and high rates of hospitalization and incarceration due to abuse of alcohol and other drugs.

“To mitigate the public health concerns related to making hard alcohol more accessible. I appreciate the bill’s requirement to have tamper-proof, sealed containers, to check for age verification, and to require a ‘substantial food item’ with the two cocktail/wine cap. I encourage OLCC to consult with Oregon Recovers, the Alcohol and Drug Policy Commission, and Oregon Health Authority Behavioral Health to pursue other ‘best practices’ from states that best balanced this policy with public health mitigations.

“I urge OHA to collect and analyze data on ED visits due to abuse of alcohol and other drugs. OHA should run a report from the ESSENCE surveillance system to see if alcohol-related ED visits have increased during the pandemic, and should set up on-going ways to monitor substance abuse incidents.

“We need comprehensive solutions to our addiction crisis, starting in the 2021 legislative session, including increasing the beer and wine tax and the price of hard liquor to support prevention, treatment and recovery strategies identified in the Alcohol and Drug Policy Commission strategic plan. While today marked my last day of voting, I remain ready to assist with these efforts!”

SB 1801 (A-Engrossed) – Sollman requested the following explanation of her vote be entered in the Journal:

“The hospitality industry, and our restaurants more directly, have suffered greatly through the effects of this pandemic. Open. Close. Indoor. Outdoor. Take-out. I’ve heard from restaurant owners in House District 30 about their difficulties navigating the myriad of restrictions and options available to try and survive the last nine months. I’m deeply saddened when I hear about the ever-growing list of restaurants that won’t be there when we return to indoor dining and attending gatherings. I appreciate the efforts of my colleagues to provide this relief to our restaurant industry, I just don’t think that Senate Bill will move the dial as much as is needed. I voted no because of my concerns over the possible unintended consequences and bill’s reliance on high-spirited drinks being the silver bullet.

“The city of Portland has already passed restrictions on third party food delivery services that are similar to those in SB 1801 and I am dismayed at the stories occurring as a result of its implementation. Many services are simply ignoring the restrictions and Portland hasn’t dedicated resources for enforcement, so the abuse continues. For those that do comply, they charge high additional fees to customers which has reduced the volume of orders, and the amount restaurant employees and delivery drivers are making in tips. I also worry that if population centers can’t offset the costs of the restrictions in suburban and rural areas that delivery services may abandon those communities.

“The COVID-19 pandemic and the resulting economic recession have negatively affected many people’s mental health. 53% of adults in the United States have reported that the pandemic has negatively affected their mental health. Symptoms of anxiety disorder, depression and thoughts of suicide have increased considerably. I voted no because making alcohol more easily available to Oregonians already suffering through isolation and job losses is not the right move.

“Restaurant owners have told me we should be making funds available, through grants and loans, to ‘just get them through.’ They asked that we provide fast, reliable testing for employees so that sick workers can stay home and keep restaurants safe. They want us to providing assistance to help them open outdoor dining options. They want us to address the rising unemployment charges they’re facing, due to layoffs that were not their fault. The availability of a vaccine has brought hopes of reopening I hope we can address these issues and help restaurants in House District 30 and all across Oregon.”
