ORS SECTIONS AMENDED, REPEALED OR “ADDED TO”

From left to right in the columns of the table below are found:

(1) The section, series of sections or chapter of Oregon Revised Statutes.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the ORS section, or the word “Add” indicating that a section or sections of a measure are “added to and made a part of” the ORS chapter or series.

(3) The following information about the section and measure by which ORS is amended, repealed or “added to”:

(a) The section number and Senate or House measure number;

(b) The section number and current session measure number or previous session measure number for the measure repassed over the Governor’s veto (such as “§3 OV 3333” for a current session overturned veto or “§4 OVP 4444” for a previous session overturned veto); or

(c) The section number and boldfaced ballot measure number for the initiative petition approved at the most recent general election (such as “§5 BM 55”).

The engrossing level is printed next to the measure number if the measure has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The measure number and engrossing level appear in boldfaced type if the measure has become law, or has been referred, and has been assigned an Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.

**SECTIONS IN UNCODIFIED LAW AMENDED,
REPEALED OR “ADDED TO”**

From left to right in the columns of the table below are found:

- (1) The year, chapter and section or sections of the uncodified law.
- (2) An “A” or an “R” indicating respectively the amendment or repeal of the uncodified section, or the word “Add” indicating that a section or sections of a measure are “added to and made a part of” the series of uncodified sections.
- (3) The following information about the section and measure by which the uncodified section or sections are amended, repealed or “added to”:
 - (a) The section number and Senate or House measure number;
 - (b) The section number and current session measure number or previous session measure number for the measure repassed over the Governor’s veto (such as “§3 OV 3333” for a current session overturned veto or “§4 OVP 4444” for a previous session overturned veto); or
 - (c) The section number and boldfaced ballot measure number for the initiative petition approved at the most recent general election (such as “§5 BM 55”).

The engrossing level is printed next to the measure number if the measure has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The measure number and engrossing level appear in boldfaced type if the measure has become law, or has been referred, and has been assigned an Oregon Laws chapter number.

- (4) An “E” if an emergency clause applies to the amendment, repeal or addition.

VOTING

3.12 Electronic Roll Call System. The electronic voting system shall be under the control of the presiding officer and shall be operated by the Chief Clerk. The names of the members shall be listed on the

electronic roll call board in alphabetical order, except that the name of the Co-Speakers shall be last.

3.15 Roll Call. (1) The electronic voting system shall be used as the roll call to determine the presence of a quorum and/or the presence of members under a Call of the House. Members shall press the "yea" button to record their attendance.

(2) A roll call vote of "yeas" and "nays" shall be taken and recorded on the final passage of all bills and joint and concurrent resolutions. Except as otherwise provided in the rules, the vote shall be recorded by the electronic voting system.

(3) Upon demand of two members, an oral roll call shall be taken and recorded on any measure that requires more than 31 affirmative votes. The clerk shall call the roll of the membership, alternating between alphabetical order, and reverse alphabetical order. The Co-Speakers' names shall be called last.

(4) If the presiding officer is in doubt on any motion or a division is called for on a motion, a roll call shall be taken and recorded by the electronic voting system on the motion. On all other questions to be voted upon, unless otherwise provided in these rules, the presiding officer may order the "yeas" and "nays" taken by the electronic voting system.

(5) The electronic voting system shall not be used for election of officers.

(6) Individual votes shall not be displayed until the time for voting has expired and the electronic voting system has been closed.

(7) In the event the electronic voting system is not in operating order when voting on any question, the presiding officer shall order all "yea" and "nay" votes be taken by oral roll call. The clerk shall call the roll of the membership in alphabetical order. The Co-Speakers' names shall be called last.

(8) The vote of any member which has not been recorded because of malfunction of the electronic voting system shall be entered into the record if that member was within the bar of the House chamber at the time of the vote and attempted to cast their vote at the appropriate time, and the fact of such malfunction is reported to the presiding officer prior to the announcement of the result of the vote.

3.20 Requirements for Voting. (1) Each member within the bar when the question is stated and the member's name is called shall vote. No member shall be allowed to abstain from voting.

(2) If a member refuses to vote when the member's name is called, the presiding officer shall immediately call for the member's vote a second time. If the member again refuses to vote, the presiding officer shall read subsection (3) of this rule. The presiding officer shall then call for the member to announce the member's vote immediately. If the member fails to vote immediately after this third request, the presiding officer shall state for the record: "The member's failure to vote constitutes an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. The journal shall show that the Representative is censured for the violation; the clerk shall record the Representative's vote on the measure on which the member refused to vote as a 'yea,' and the member may also be subject to other penalties as the House may order."

(3) Any member's refusal to vote, as required by House Rules, shall be recorded in the journal as an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. The Representative shall be censured; the clerk shall record the Representative's vote on the measure on which the member refused to vote as a 'yea,' and the member may also be subject to other penalties as the House may order.

(4) No member, except by unanimous consent, shall be permitted to vote upon any question unless he or she is within the bar before the last name on an oral roll call was called or is within the bar before the electronic voting system is closed. No member shall vote or be allowed to change their vote after the presiding officer announces the result of the roll call by declaring the question has passed or failed to pass.

3.21 Announcement of Conflict of Interest. (1) When involved in an actual or potential conflict of interest, as defined by ORS 244.020, a member shall announce, on the floor or in the committee meeting, the nature of the potential conflict prior to voting on the issue giving rise to the potential conflict.

(2) The member's announcement of an actual or potential conflict of interest shall be recorded in the Journal or in the committee minutes. If the member desires to have any more than the announcement recorded, the member shall file in writing a statement of the nature of the potential conflict with the Chief Clerk or the committee assistant by 5:00 p. m. the next business day following the vote on the measure. The statement shall

be limited to the substance of the oral explanation given on the floor or in committee.

3.26 Electronic Roll Call; Time, Changes. When a vote is taken using the electronic voting system, the members shall be allowed at least thirty seconds to vote, at the end of which time, the clerk will display the vote. After the individual votes have been displayed, any member desiring to change his or her vote may so announce. The presiding officer shall direct the Chief Clerk to make the proper entry into the electronic voting system.

3.28 Electronic Roll Call; Misuse, Penalties. No member shall vote for another member using the electronic voting system. No member shall tamper with, alter or attempt to alter the electronic voting system, or cause the electronic voting system to register a vote without the member personally depressing a voting button during each roll call vote. Any member who violates this rule may be punished as determined by the vote of 31 members. If a person not a member votes or attempts to vote for any member or violates a provision of this rule, he or she shall be barred from the floor of the House for the remainder of the session, and he or she may be punished further as determined by the vote of 31 members.

3.30 Voting by Presiding officer. The Co-Speaker shall vote whenever a roll call is required. The Co-Speakers' names shall be called last on an oral roll call vote in alternating order.

3.35 Explanation of Vote. (1) Any member who wishes to explain their vote shall file the written explanation with the Chief Clerk by 5:00 p.m. the next business day following the vote on the measure. The vote explanation filed under this subsection must comply with subsection (2) of this Rule. If the explanation does not meet those requirements, the Co-Speakers may refuse to cause the explanation to be printed in the Journal.

(2) The vote explanation shall be germane to the subject and shall not reflect on the honor or integrity of any other member.

3.45 Printed Measures Required for Voting. No measure or amendment to a measure shall be finally voted on until it has been made available electronically or printed and placed on the desks of the members.

3.50 Third Reading Requirement. (1) No bill shall pass the House until after third reading and no measure shall be read more than once in any one day.

(2) A bill may be referred or re-referred to committee on third reading.

3.55 Call of the House. (1) Six members may demand a call of the House at any time before a roll call has begun.

(2) Upon a call of the House, the doors shall be closed until proceedings under the call have been terminated. No other business shall be transacted until the proceedings are so terminated.

(3) Upon a call of the House, the Sergeant at Arms shall cause all members who are not excused to come to the floor. If the Sergeant at Arms cannot locate any unexcused member, the Sergeant at Arms shall so report to the presiding officer who shall announce the fact to the members.

(4) All members must remain within the bar of the House until the vote is taken for which the call was made. However, when the House is waiting for an unexcused member and the presiding officer has announced the House is "at ease," the members may have access to the area behind the rostrum until the presiding officer calls the House to order. Members must then return to within the bar.

(5) A call of the House shall be considered terminated when the question for which the call was invoked has been voted upon or when a motion to terminate the call is approved by forty members. The motion to terminate the call shall be in order when the Sergeant at Arms has reported that unexcused members cannot be returned within a reasonable time. Termination of the call under this subsection terminates the requirement that the Sergeant at Arms search for unexcused members. In the absence of a quorum after the report of the Sergeant at Arms is received, the House may terminate the call by the unanimous consent of the members present.

(6) Upon a call and until the proceedings are terminated, the presiding officer may direct the Sergeant at Arms to authorize members of the Senate, representatives of the news media and staff to leave or enter the chambers.

(7) Subsection (2) of this rule does not apply to the third floor gallery.

3.20 Requirements for Voting. (1) Each member within the bar when the question is stated and the member's name is called shall vote. No member shall be allowed to abstain from voting unless the House excuses them from voting.

(2) If a member refuses to vote when the member's name is called, the presiding officer shall immediately call for the member's vote a second time. If the member again refuses to vote, the presiding officer shall read subsection (3) of this rule. The presiding officer shall then call for the member to announce the member's vote immediately. If the member fails to vote immediately after this third request, the presiding officer shall state for the record: "The member's failure to vote constitutes an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. The journal shall show that the Representative is censured for the violation; the clerk shall record the Representative's vote on the measure on which the member refused to vote as a 'yea;' and the member may also be subject to other penalties as the House may order."

(3) Any member's refusal to vote, as required by House Rules, shall be recorded in the journal as an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. The Representative shall be censured; the clerk shall record the Representative's vote on the measure on which the member refused to vote as a 'yea;' and the member may also be subject to other penalties as the House may order.

(4) No member, except by unanimous consent, shall be permitted to vote upon any question unless he or she is within the bar before the last name on an oral roll call was called or is within the bar before the electronic voting system is closed. No member shall vote or be allowed to change their vote after the presiding officer announced the result of the roll call by declaring the question has passed or failed to pass.

3.21 Announcement of Conflict of Interest. (1) If a member has an actual conflict of interest, as defined in ORS 244.020, referenced in subsection (4) of this rule, the member shall announce, on the floor or in the committee meeting, the nature of the conflict prior to the commencement of the vote on the issue giving rise to the conflict and request to be excused from voting. Such request shall be acted upon by the House or committee, as appropriate, without debate and shall be granted if approved by 2/3 of the body.

(2) When involved in an actual or a potential conflict of interest, as defined by ORS 244.020, referenced in subsection (5) of this rule, a member shall announce, on the floor or in the committee meeting, the nature of the potential conflict prior to the commencement of the voting vote on the issue giving rise to the potential conflict. The member shall not be excused from voting.

~~(2)~~(3) The member's announcement of an actual or potential conflict of interest shall be recorded in the Journal or in the committee minutes. If the member desires to have any more than the announcement recorded, the member shall file in writing a statement of the nature of the potential conflict with the Chief Clerk or the committee assistant by 5:00 p. m. the next business day following the vote on the measure. The statement shall

be limited to the substance of the oral explanation given on the floor or in committee.

(4) "Actual conflict of interest" means any action, decision or recommendation by a person acting in a capacity as a public official, the effect of which would be to the private pecuniary benefit or detriment of the person or the person's relative or any business with which the person or a relative of the person is associated.

(5) "Potential conflict of interest" means any action, decision or recommendation by a person acting in a capacity as a public official, the effect of which could be to the private pecuniary benefit or detriment of the person or the person's relative or any business with which the person or a relative of the person is associated.

"I am sympathetic to the problems described in the separate local situations that gave rise to this bill. The bill proposed certain solutions for each of those situations, and a major part of it applies to all cities statewide. After reviewing concerns from other cities about the long term impacts, I concluded that the bill attempts to solve complex problems with solutions that will cause additional problems. Concerns include ability of a city to provide services over time to property outside the city, and determining how many and which, if any, special districts will provide services within a city. Additionally, there is already a local election scheduled for March 13 which would address one of the two situations."

"I kindly request the following vote explanation on SB 1580 on February 23rd be entered into the record.

"I voted "Yes" on this bill on the House Floor to establish Coordinating Care Organizations (CCO) as part of the Governor's Health Care Transformation program.

"Previously, I had voted "No" in the Ways and Means work session on the bill on February 17, 2012.

"I decided to support the bill because Deschutes County leaders have led the way in establishing a CCO in Central Oregon. They are committed and supportive of this bill. We all agree that the nation and Oregon need comprehensive health care reform. Our caucus leaders, who worked long hours on this plan, convinced me that we need to try this plan to contain health care cost and increase care and access.

"My uncertainty about supporting the bill is due to the fact that it does not contain a "tort reform" proposal. I believe that tort reform is essential to contain the cost of health care. It will help contain protective medical treatment and liability insurance cost for medical personnel.

"Also, I believe the bill should have required all CCO's to be "non-profits" to be sure that any savings/profits achieved will go to reduce the medical cost and increase access; not to political campaigns.

"I am hopeful that in future years this bill will result in increased health care and cost containment for Oregonians."

By implied consent, rules suspended to temporarily return to the order of business of Standing Committee Reports.

“This is mostly an excellent bill to protect senior citizens from abuse. With the exception of one provision, it has been developed well. The thorny issue that remains led me to vote “no” on the bill. An easy fix in the Senate would lead me to change my vote to “yes.”

“The bill contains no check on the unfettered access to a senior’s medical records by a police officer who requests them. Adding a simple provision to require a certificate from a judge that probable cause exists rather than simply from the police officer changes my vote on this otherwise excellent bill.

“We must not increase the vulnerability of all senior citizens to protect the few who are victims of abuse. Fortunately, a simple fix would protect all senior citizens.”

“The Senate made important improvements to HB 4045 which will protect concealed handgun license permit holders and also the public, hence my “no” vote on HB 4045A and my “yes” vote today on HB 4045B. I am pleased to support this much improved privacy policy.”

Kotek requested the following explanation of his vote be entered in the Journal:

“I voted “yes” on House Bill 4045-B because this is an acceptable compromise. I am still concerned that House Bill 4045-B places the issue

of prohibiting public agencies from disclosing records or information that identifies a person as an applicant for, or holder of, a concealed handgun license in a new statute instead of placing this issue in Oregon’s public records statute, but I voted “yes” because House Bill 4045-B allows for access to information for compelling public interest.”

Whisnant requested the following explanation of his vote be entered in the Journal:

“I voted NO on HB 4165.

“I have a legislative record of support for early child programs.

- I attended a seminar at Harvard on Early Childhood Development.
- I chaired and served as a member of the Deschutes County Commission on Children & Families.
- I served as the Legislative Member of the State Commission on Children and Families.

“The point is that I do have experience and knowledge on the subject of this bill. It is my opinion the 20 year old State and County Commission on Children and Families system has been very effective creating such programs as Relief Nurseries, Family Find for foster kids, day care support, and many early childhood successful programs. The system has a national reputation for addressing early childhood issues with outcome evidence based programs. We passed a bill that requires 75% of certain programs to be evidence based.

“I am proud of my service to children & families in Oregon and to have been a part of the State and County Commission on Children & Families system.

“I am concerned that in the new bureaucracy early childhood and children and families will not get the attention (funds) to address their issues and gaps.

“Under the current system, a county problem is reported to the County CCF who reports it to the State CCF who reports directly to the Governor. The new system has many levels of management between the local problem and the Governor.

“I hope I am wrong and the new system does effectively and efficiently address county early childhood and children & family issues in a timely manner.”

(1) The section, series of sections or chapter of Oregon Revised Statutes.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the ORS section, or the word “Add” indicating that a section or sections of a measure are “added to and made a part of” the ORS chapter or series.

(3) The following information about the section and measure by which ORS is amended, repealed or “added to”:

(a) The section number and Senate or House measure number;

(b) The section number and current session measure number or previous session measure number if a measure was repassed over the Governor’s veto, followed by “OV” for a current session overturned veto or “OVP” for a previous session overturned veto; or

(c) The section number and boldfaced ballot measure number if an initiative petition was approved at the most recent general election (such as “§5 BM 55”).

The engrossing level is printed next to the measure number if the measure has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The measure number and engrossing level appear in boldfaced type if the measure has become law, or has been referred, and has been assigned an Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.

(5) The electronic voting system shall not be used for election of officers.

(6) Individual votes shall not be displayed until the time for voting has expired and the electronic voting system has been closed.

3.20 Requirements for Voting. (1) Each member within the bar when the question is stated and the member's name is called shall vote. No member shall be allowed to abstain from voting.

(2) If a member refuses to vote when the member's name is called, the presiding officer shall immediately call for the member's vote a second time. If the member again refuses to vote, the presiding officer shall read subsection (3) of this rule. The presiding officer shall then call for the member to announce the member's vote immediately. If the member fails to vote immediately after this third request, the presiding officer shall state for the record: "The member's failure to vote constitutes an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. The journal shall show that the Representative is censured for the violation; the clerk shall record the Representative's vote on the measure on which the member refused to vote as a 'yea;' and the member may also be subject to other penalties as the House may order."

(3) Any member's refusal to vote, as required by House Rules, shall be recorded in the journal as an intentional violation of House Rule 3.20, subsection (1), and a high breach of decorum. (4) No member, except by unanimous consent, shall be permitted to vote upon any question unless he or she is within the bar before the last name on an oral roll call was called or is within the bar before the electronic voting system is closed. No member shall vote or be allowed to change their vote after the presiding officer announces the result of the roll call by declaring the question has passed or failed to pass.

3.21 Announcement of Conflict of Interest. (1) When involved in an actual or potential conflict of interest, as defined by ORS 244.020, a member shall announce, on the floor or in the committee meeting, the nature of the potential conflict prior to voting on the issue giving rise to the potential conflict.

(2) The member's announcement of an actual or potential conflict of interest shall be recorded in the Journal or in the committee minutes. If the

member desires to have any more than the announcement recorded, the member shall file in writing a statement of the nature of the potential conflict with the Chief Clerk or the committee assistant by 5:00 p. m. the next business day following the vote on the measure. The statement shall be limited to the substance of the oral explanation given on the floor or in committee.

3.26 Electronic Roll Call; Time, Changes. When a vote is taken using the electronic voting system, the members shall be allowed at least thirty seconds to vote, at the end of which time, the clerk will display the vote. The presiding officer shall direct the Chief Clerk to make the proper entry into the electronic voting system.

3.28 Electronic Roll Call; Misuse, Penalties. No member shall vote for another member using the electronic voting system. No member shall tamper with, alter or attempt to alter the electronic voting system, or cause the electronic voting system to register a vote without the member personally depressing a voting button during each roll call vote. Any member who violates this rule may be punished as determined by the vote of 31 members. If a person not a member votes or attempts to vote for any member or violates a provision of this rule, he or she shall be barred from the floor of the House for the remainder of the session, and he or she may be punished further as determined by the vote of 31 members.

The vote explanation filed under this subsection must comply with subsection (2) of this Rule. If the explanation does not meet those requirements, the Co-Speakers may refuse to cause the explanation to be printed in the Journal.

(2) The vote explanation shall be germane to the subject and shall not reflect on the honor or integrity of any other member.

(2) Upon a call of the House, the doors shall be closed until proceedings under the call have been terminated. No other business shall be transacted until the proceedings are so terminated.

(3) Upon a call of the House, the Sergeant at Arms shall cause all members who are not excused to come to the floor. If the Sergeant at Arms cannot locate any unexcused member, the Sergeant at Arms shall so report to the presiding officer who shall announce the fact to the members.

(4) All members must remain within the bar of the House until the vote is taken for which the call was made. However, when the House is waiting for an unexcused member and the presiding officer has announced the House is "at ease," the members may have access to the area behind the rostrum until the presiding officer calls the House to order. Members must then return to within the bar.

(5) A call of the House shall be considered terminated when the question for which the call was invoked has been voted upon or when a motion to terminate the call is approved by forty members. The motion to terminate the call shall be in order when the Sergeant at Arms has reported that unexcused members cannot be returned within a reasonable time. Termination of the call under this subsection terminates the requirement that the Sergeant at Arms search for unexcused members. In the absence of a quorum after the report of the Sergeant at Arms is received, the House may terminate the call by the unanimous consent of the members present.

(6) Upon a call and until the proceedings are terminated, the presiding officer may direct the Sergeant at Arms to authorize members of the Senate, representatives of the news media and staff to leave or enter the chambers.

HB 4200 (A-Engrossed) – On passage of the bill the vote was: Yeas, 50; Nays, 5 – Frederick, Keny-Guyer, Smith, J., Thatcher, Tomei; Excused, 5 – Barker, Dembrow, Garrard, Johnson, Nathanson.

Keny-Guyer requested the following explanation of her vote be entered in the Journal:

“This was a hard vote. I will list the positive aspects of the bill before moving on to why I ultimately voted against it.

“I am in favor of developing economic tools—including giving companies willing to expand in Oregon the predictability about their tax structure—to promote job growth in Oregon. We need to act expeditiously as well as prudently to balance the short-term needs of recovering from a recession, as well as the long-term needs in our State. We desperately need family wage jobs to fund education, public services and infrastructure.

“I appreciate Nike’s unique history in and contribution to Oregon, and I welcome their planned expansion. Our State benefits from the high quality jobs Nike offers, the taxes it directly generates, the indirect jobs it supports, its leadership in environmental and diversity initiatives, and Nike’s corporate, foundation and employee donations to the community. I support working constructively with Nike and other companies to facilitate their growth.

“I respect the Governor’s efforts over many decades to bring innovation to help move Oregon ahead. I appreciate the members of the Special Committee on Economic Development, who spent many hours on short notice to improve the original bill. I strongly support their changing the sunset from ten years to one year, to allow the Legislature more time during the 2013 Regular Session to consider the bill’s implications.

“Finally, I am deeply appreciative of the public, who put aside their daily activities with little notice, to communicate their thoughts with me and to testify to Salem.

“The following concerns compelled me to vote No:

“My strong preference would have been to debate this bill in the Regular Session in the context of comprehensive revenue reform. Given the State’s perceived need to handle this bill on an emergency basis, I regret that the Special Session was not announced several weeks—rather than four days—before the vote, allowing for a more thoughtful process of the bill’s implications.

“As a result, I remain concerned about certain provisions in this bill, as well as the bill’s precedent for how we shape broader and longer-term legislation in 2013. While I advocated with others for more specific language around family wage jobs, checks and balances in the contract process, and greater overall transparency, the remaining barrier for me was 30-year guarantee on corporate tax structure in return for a company’s 5-year commitment to jobs and capital investment. HB 4200 permits a deal that could allow a company to sell its property and downsize its workforce after 5 years, yet requires Oregon to honor its end of the bargain for the following 25 years.

“I believe in the principle of reciprocity in contract duration: locking in a tax structure as long as the company maintains its net increase in jobs, and/or a maximum of 10 or possibly 15 years. The economic landscape may be very different in 10-15 years, with new economic tools that better balance job growth incentives, state fiscal health, and fairness to all taxpayers. A different public revenue structure may obviate the need for this tool.

“Tying up our tax structure for 30 years, when our children are in our place making these decisions, strikes me as shortsighted policy. In addition to the impact of this more narrow bill, I worry that the 30 year duration becomes a precedent for our 2013 legislation, potentially affecting an even great number of companies and further compromising our ability to implement comprehensive tax (and tax break) reform.

“We need to give the public and future legislatures the ability to weigh the pros and cons of all tax structures to promote sustainable job creation and the public good.”

Tomei requested the following explanation of her vote be entered in the Journal:

“I want to explain my NO vote today on HB 4200.

“I have consistently said that creating jobs and supporting business is vital to getting our economy moving again. I still say that, and I still believe it. We need MORE family wage jobs; we need MORE jobs like HB 4200 promised to create.

“My objection stems from the process. This measure was suggested and pushed through without a process that allows for serious consideration of its full implications. Legislators have not had time to digest its ramifications; and certainly the public has not had a full opportunity to weigh in. There were literally dozens of amendments drafted, to be considered in just one public hearing.

“Regardless of the content of this measure, without allowing adequate time for fuller consideration of this measure, I just could not vote yes.”
