TO: Governor Tina Kotek and The Commission on Indian Services

FROM: Stacy Katler, DVM, Executive Director OBMI

DATE: December 11, 2024

SUBJECT: OBMI ANNUAL Report per ORS 182.164 & 182.166

The Oregon Board of Medical Imaging (OBMI) is reporting on its activities in compliance with ORS 182.166(3) related to its interaction and collaboration with the Tribes and tribal communities in Oregon. The OBMI is a small, health-related licensing Board; an Oregon State agency, with 3 full-time and one part-time employees along with 12 volunteer Board Members.

The OBMI licenses and regulates medical imaging technologists and limited X-ray machine operators under chapter 688 of the Oregon Revised Statutes. While the Board has not recently had the pleasure of working with the tribal communities of the 9 Federally Recognized Tribes in Oregon and the Native Portland Area Indian Health Board, the Board is steadfast on making itself available and adhering to the Board's Diversity, Equity and Inclusion statement.

I would welcome any questions concerning the important work of the OBMI and how we can collaborate with the Commission on issues that relate to Medical Imaging.

Best Regards,

Stacy Katler, DVM
