OREGON COMMISSION FOR THE BLIND

The Oregon Commission for the Blind (OCB) was established in 1937 as a state agency. OCB has evolved over time to become a consumer-focused organization with a citizen governing body appointed by the Governor. The agency receives policy direction and oversight from a seven-member Commission representing consumer organizations, educational institutions, ophthalmology and optometry professionals, business leaders, and individual citizens. It is required that a majority of the seven members of the Commission are persons who are blind.

OCB PROGRAMS

VOCATIONAL REHABILITATION

The OCB Vocational Rehabilitation (VR) Program provides Oregonians with job readiness assistance. Experienced VR counselors help clients hone many of the skills necessary to obtain employment.

ORIENTATION & CAREER CENTER

This in-depth residential training center in Portland instructs students in adaptive technology, techniques of daily living, and orientation and mobility (O&M).

YOUTH/ TRANSITION SERVICES

Experienced OCB counselors work with students who are legally blind (or have a condition that will lead to blindness) to help ensure a successful transition from high school to college or the workforce.

INDEPENDENT LIVING

Rehabilitation Instructors provide home and community based training, techniques of daily living, and resources to residents age 55 and over who experience vision loss and want to maintain a greater level of independence.

BUSINESS ENTERPRISE

Business Enterprise (BE) staff promote client independence by providing opportunities and training in food service and vending operations management to Oregonians who are legally blind.

BE PROGRAM DESCRIPTION

The Oregon Commission for the Blind is the designated State Licensing Agency for the Business Enterprise Program (BEP) under the federal Randolph-Sheppard Act. BEP operates by the authority of Oregon Revised Statutes 346.510 – 346.570.

PROGRAM PURPOSE

The BEP was designed to provide for-profit business management opportunities for Oregonians who are legally blind, while also providing customers with high-quality food service and vending programs. These business owners are called Vending Facility Managers (VFM).

APPROVED SUBCONTRACTOR LIST

In 2017, OR S346.510-346.570 was significantly revised. One of the key changes to ORS 346.533 was a requirement that the BEP establish a list of approved subcontractors to work with VFMs. With prior written approval from the BEP, a VFM may enter into an agreement with an approved subcontractor selected from [a list posted on the BEP website](#) in order to assist the VFM in operating their vending facility.

OCB BE RESPONSIBILITIES

As the state licensing agency, the BEP has the following Federal and State mandated responsibilities:

PROGRAM MODERNIZATION

BEP KEY OBJECTIVE

Provide business opportunities for Oregonians who are blind via public food service and vending throughout the state.

2017's House Bill 3253 was the most significant piece of legislation in decades for the Business Enterprise Program. It states that persons who are blind "have priority in managing vending facilities in or on any public buildings or properties where, in the discretion of the agency, department or political subdivision in charge of the maintenance of the public buildings or properties, vending facilities may properly and satisfactorily operate." Before HB 3253, public entities only had to grant a preference for the blind. HB 3253 created a "right of first refusal" for the blind to operate vending facilities.

In addition to establishing a priority for the operation of vending facilities, HB 3253 also established a timeline for VFMs to move from subcontracting their vending machines to directly

operating those machines. VFMs were allowed a two-year period, ending in December of 2019, to transition to the new business model. As of this report, three VFMs are directly operating a sizeable portion of their vending machines. The remaining six VFMs who manage vending routes have been issued temporary (90-day) operating agreements to allow them additional time to begin directly operating 50 of their vending machines. The six VFMs are each in different stages of converting to the new business model.

In 2019, due to efforts to implement the HB 3253 priority, HB 3431 was introduced and passed. HB 3431 "excludes vending facilities located at visitor venues from requirement that state grant to persons who are blind priority to operate vending facilities in public buildings. Requires state to grant to persons who are blind priority to operate vending machines located at visitor venues." HB 3431 removed the "right of first refusal" for the blind to operate vending *facilities* in large visitor venues, but did maintain a priority for operating vending *machines* in such locations.
