The Department of Human Services is pleased to submit this report on capacity of residential care facilities and adult foster homes under ORS 443.424.

Access to community based care remains strong. In the 2015-2017 biennium, access is expected to increase by over 3%. As part of the Special Purpose Appropriation for Seniors, the Legislature appropriated funding to examine long term care utilization trends in community based care facilities. Those reports have been posted as follows:
