History Gateway Strategic Plan Approved

"Oregon's History Gateway at the State Capitol will serve as a lens through which thousands and thousands of visitors can examine and clarify their understanding of the relationship of the State Capitol to the Oregon Story."

The History Gateway Strategic Plan was adopted by the Legislative Administration Committee in September, with phase one implementation over the next two years. The plan includes a centralized visitor welcome center, annual history exhibit in the 16 galleria display cases, cataloged digital resources including website development, and an Oregon history timeline wall display. The design will also include a visitor pathway which will connect visitors to artifacts, insights, architectural details and Oregon's history.

WWII Memorial Groundbreaking Ceremony

This summer, state dignitaries, veterans of WWII and others were present during the groundbreaking ceremony in the State Capitol State Park for Oregon's World War II Memorial,

(WWII continued)

sponsored by the Oregon WWII Memorial Foundation. Oregon State Capitol Foundation member, Bill Markham, former Oregon State Legislator and WWII B-17 bomber pilot, spoke during ceremonial. Mr. Markham expressed his hopes that the memorial will help capture the magnitude of WWII and become a history lesson for children.

The memorial will be centered around a 33 foot tall, five sided, obelisk. It will include a wall engraved with the names of the Oregonians killed in WW II, and stories of Oregonians who were touched by the war.

Foundation Represented at Historic Preservation Fair

During National Historic Preservation Month in May, the Foundation joined nineteen other organizations to highlight the history of their institutions and their local and statewide work to preserve important sites related to Oregon's historic events, persons, and places.

The Foundation's Committee Events Chair, Sandy Allen, coordinated the Foundation's exhibit and stated that the fair was a wonderful opportunity to interact with other heritage organizations and create an awareness of the Oregon State Capitol Foundation. Sandy also wanted to personally thank volunteer, Suzanne Hubert, who is a great Foundation promoter and a delight to work with.

History Exhibit Opening February 2013

The Oregon Historical Society has been commissioned to design the 16 galleria display windows located near the hearing rooms on the first floor of the Capitol. Opening February 2013, the exhibit will highlight the establishment of state government in Oregon and the Capitol building.

The project is made possible through funding and in-kind services provided by the Foundation, and the History Gateway *Pacific Wonderland* license plate revenue, Samuel S. Johnson Foundation, Ford Family Foundation and Oregon Historical Society.

Foundation Focuses on Future Impact

The Foundation met for a full-day retreat on October 17 to develop goals for the Foundation's future. Reviewing accomplishments to date, the Foundation committed to a simplified and focused statement of purpose: Preserve the civics, history and the stories of our Capitol, educate the public and promote the importance of investing in and caring for the Capitol building and grounds.

The Foundation is committed to a revised plan. With phase one of the History Gateway Project now underway, the Foundation members agreed to work together towards new goals and objectives in the coming years.

Capitol Master Plan

The Capitol Master Plan Review Committee was established in May under the authority of the Legislative Administration Committee. The thirteen-member committee is made up of nine non-legislators and one legislator from each of the four caucus offices. Gary Wilhelms is serving as Chair. Foundation members Fred VanNatta and Representative Vicki Berger, also serve on the committee.

The committee is reviewing and updating the 2009 Capitol Master Plan and is operating under the assumption that this project is necessary. The objectives included in their work plan have been determined through consultation with individuals representing a broad range of interests in this project.

The Committee's final report will be presented to the Legislature in February 2013. The report will include recommended legislation for consideration during the 2013 session. The Legislature is responsible for taking appropriate action on the Committee's recommendations.

If you would like to learn more about the committee and its work, contact Obie Rutledge/503.986.1875/obie.rutledge@state.or.us. The original Capitol Master Plan can be located at <http://www.leg.state.or.us/mp/>
