Tues, Nov 14th 8:30-9:30AM Rm 167A
Continental Breakfast Provided

Join E2 (Environmental Entrepreneurs) and PSU economist Tom Potiowsky for an exploration of carbon pricing programs across North America. Where these programs are in place, what has happened relative to GDP, energy prices and carbon emissions? What impacts might we see in communities across rural and urban Oregon?

We'll also be sharing the latest energy efficiency and renewable energy job numbers across all Oregon House and Senate Districts.
