

Hello Ms. Hernandez,

I have been following the development of the Cap and Invest/ Oregon Clean Energy Jobs Bill over the past years with great interest. Nothing is more important to our children's future than a livable climate.

Addressing the massive climate impacts of logging and tree plantations on both public and private lands is absolutely essential to an effective climate agenda

.

The amendments ( Folding the Timber Industry into Oregon's Climate Agenda Proposed amendments to SB 1070 ) proposed by John Talberth of the Center for a Sustainable Economy are logical, timely and very much needed to provide clean good jobs in Oregon rural areas.

Most sincerely,
