## **Majority Leader Bowman Releases Statement on Oregon Revenue Forecast**

**SALEM, Ore.** – Today, **House Majority Leader Ben Bowman (D-Tigard, Metzger, & S. Beaverton)** issued the following statement on the Revenue Forecast released this morning by the Oregon Office of Economic Analysis:

“While modestly good news at the state level, most Oregonians won’t be impacted by what we learned in the revenue forecast today. Many will wake up tomorrow and still struggle to pay skyrocketing healthcare costs, rising rent, and growing grocery bills.

Oregon has to make tough budget decisions because of Congress’ decision to strip away billions of dollars from Oregonians. Unlike the federal government, we can’t run up trillions of dollars in debt. We will tighten our belt like all families do in tough times – but we also have to fight to protect healthcare, food support, and critical services for the kids and families who need them.”
