## **Majority Leader Bowman Releases Statement on Strong November Revenue Forecast**

**SALEM, Ore.** – Today, **House Majority Leader Ben Bowman (D-Tigard, Metzger, & S. Beaverton)** issued the following statement on the November Revenue Forecast released this morning by the Oregon Office of Economic Analysis:

“Based on today’s strong forecast, we’re seeing projected job growth and healthy reserves that will position us well to withstand economic downturns in the future. At the same time, giant corporations continue to generate significant profits while working families are feeling the pinch of everyday expenses. In the upcoming session, we will work to make every aspect of life more affordable in Oregon, from housing and health care, to childcare and utilities.”

Rep. Bowman also passed along his appreciation for all of the hard work from the Office of Economic Analysis, including incoming economists Carl Riccadonna and Michael Kennedy.
