

MAKING GOVERNMENT WORK

Oregonians deserve a government that delivers on core functions—like quality education, safe transportation, and strong mental health services—and through legislative oversight, we’re committed to ensuring public funds are used effectively to improve lives and deliver real results.

To keep our communities growing and thriving, Oregon Democrats:

- Streamlined housing production to increase the supply of homes (SB 974)
- Advanced the Dignity in Place Act, which will expedite the removal of offensive names of waterways, valleys, roads and more (HB 3532)
- Expanded locations where family and child care centers can be located (HB 3560)
- Allowed homeowners to evict squatters (HB 3522)

To maintain justice, Oregon Democrats:

- Cleared old fines related to the possession of marijuana (HB 3825)
- Prevented age discrimination in the workplace (HB 3187)
- Prohibited telemarketers from texting and calling you 24/7 (HB 3865)
- Made historic investments in the public defense system to ensure that everyone who needs a defense attorney has one, regardless of their ability to pay (HB 5031)

To improve education outcomes, Oregon Democrats:

- Added new accountability measures to Oregon schools to improve student success (SB 141)
- Invested \$70 million in stable, ongoing summer learning programs across the state (HB 2007)
- Directed an investigation into one of the state’s most pervasive education challenges: chronic absenteeism (HB 3199)
- Dedicated \$11.4 billion in school funding, the largest investment in state history (SB 5516)
- Invested in early literacy programs to set students up for a lifetime of academic success (HB 3040)
